

Whittlin'

By Dolph Moten

For several weeks now I've known it was coming—a letter from an individual who disagreed politically with The Blade. I'm appreciative for this letter that follows, believe it or not, because it will help fill this space in this rushed, day-early, before Thanksgiving issue.

There's no name signed to the letter, but it is plainly initialed at the dramatic end. There's no doubt as to who the writer is.

Though this column, as a rule, has more dignity than this, I'm going to be lax this week and let this political disagreeer have his say. First, I'd like to warn Democratic readers that they are reading further at their own risk.

Here's the letter:

Nov. 17, 1956

The Bovina Blade,

Well, well, I guess I should have known better but never once suspected The Paring Knife would be side tracked for being right so many times. But what some people will do when frustrated and disappointed.

Poor Dolph—you die so hard it makes me mad. Ike didn't beat you Trumanites; he slayed you. Now just pick up the pieces and get ready because there is a brilliant young man by the name of Dick Nixon that is going to do the same thing come 1960.

Dolph, you make so much more sense when you talk baseball and football please stay in your field and please put The Paring Knife back. I'll not ask you to put her on the front page although I think she should be. Another thing, Dolph, don't make any more prophecy about peace and prosperity. You have proved to be so wrong so many times.

I suggest you start singing, "What Ever Will Be, Will Be."

As to Allan Shivers, don't you and Lyndon Johnson buy him any flowers yet. I think his funeral will be delayed.

Dolph, if you mention me again, which I doubt you will, just say my split ticket friend as I have lost neither my vision nor my virtue. Happy dreams to you, H.D.E.

In regard to that last paragraph concerning "vision and virtue," H.D.E. told me prior to this letter that Woodrow Wilson once said that a man who would vote for the party over the man "has lost his vision and his virtue."

And did you notice earlier in the letter that the split ticket boys are going to run "Little Richard" for president four years from now.

That'll be the best break the Democratic party has had since Harry Truman announced his candidacy for a term "of my own."

A local coffee drinker commented the other day after several cups of the brew that "the only thing I could give a transfusion to is a percolator."

The lone amendment election held last Tuesday cost state taxpayers approximately \$1 per vote. Eighteen Bovina folks managed to get to the polls. That left several right here in this precinct who didn't get their dollar's worth.

I'd say this was new car buying month. Can't help but notice how many more new cars are owned locally this year than last. Wonder if '56 being an election year had anything to do with people having more money? How about that, H. D. E.?

With apologies to no one, I'll admit that the street in front of the school building has been repaired after a fashion. I'll even go so far as to admit that it had been repaired when I griped about it here last week.

Explanation? It was so rough I'd almost quit using it.

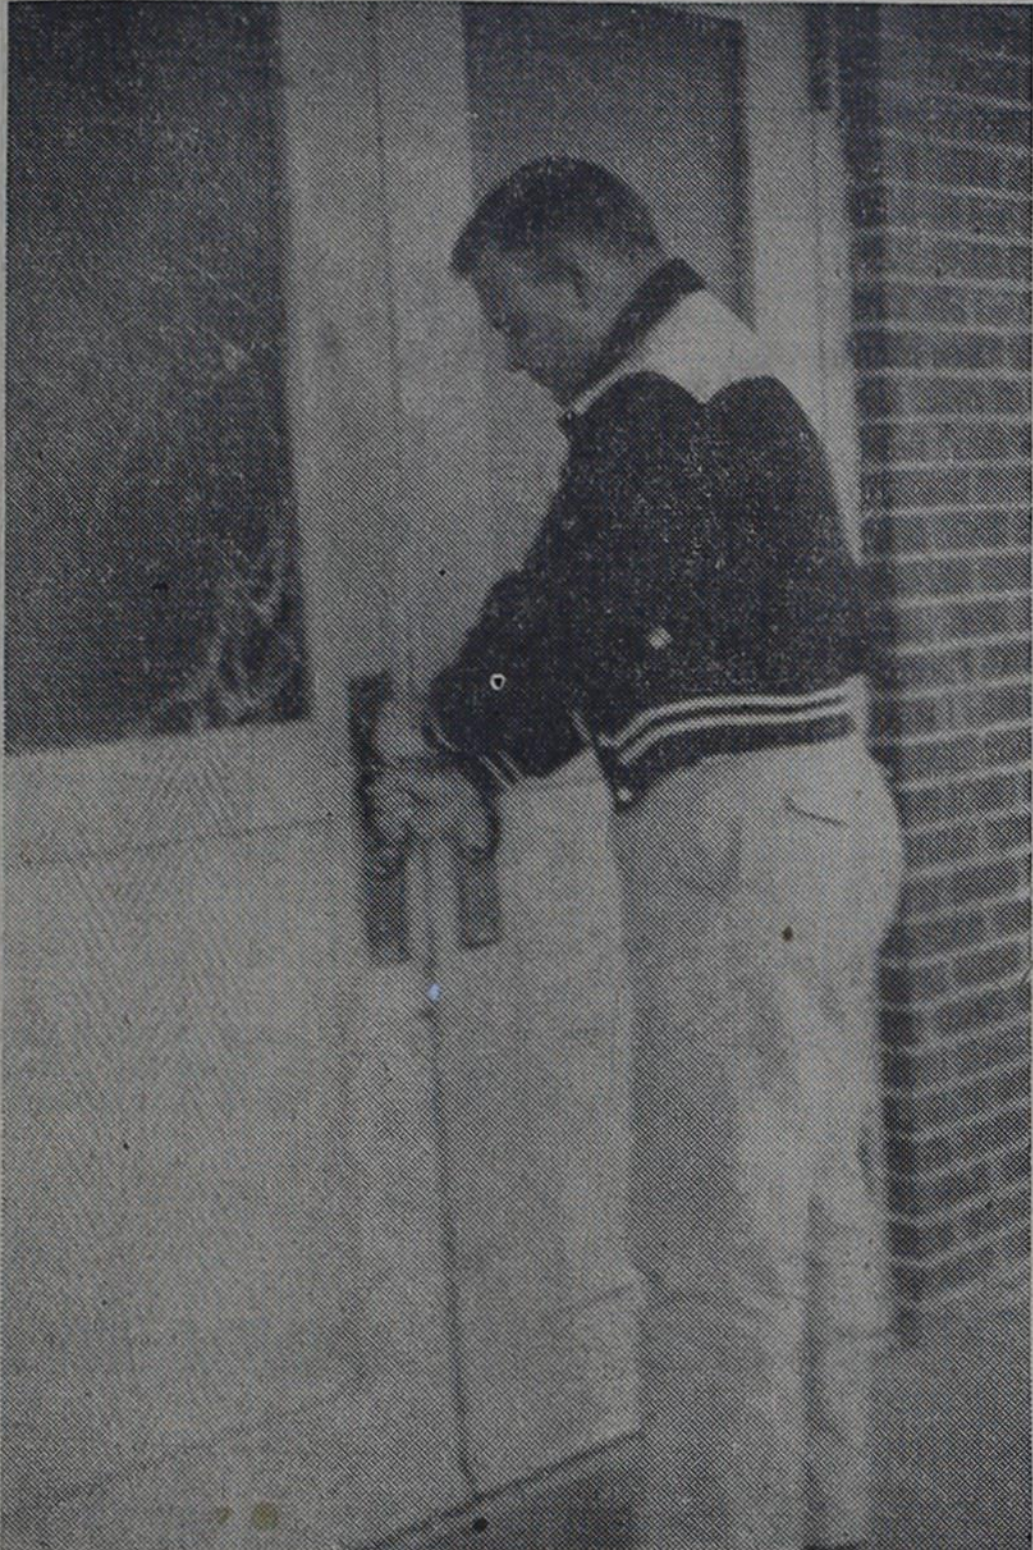

Congratulations to the people who got the job done.

One more H.D.E. story. A lady told me last week that she sure wouldn't like to have my job. Flattered that she thought I had a hard job to handle, I asked her, "why?"

"Because you have to argue with that split ticket man," she replied. All jobs do, of course, have their disadvantages and draybacks!

Notice in the dailies that a Texas University football player is quoted as saying, "Those Aggies ain't gonna beat us."

That's a pretty rash statement. As a matter of fact, that's kinda like saying Dick Nixon is going to win the presidential race by a landslide in 1960.

UNLOCKING THE DOOR ON A NEW CAGE SEASON Coach Bob Wills unlocked Williford Gym doors Monday on the Bovina Mustangs 1956-57 basketball season. Five lettermen and six squadmen from last year's bi-district championship team reported for practice along with several new men. First game is Tuesday, November 27, with Lazbuddie at Lazbuddie.

MONDAY—

Basketball Begins, 5 Lettermen Return

Bovina High School athletes put their football togs in mothballs Monday and started the cold weather sport of basketball.

With a bi-district championship to defend, Coach Bob Wills has five returning lettermen. Only one of the five, however, was a regular on the 1955-56 squad which met its Waterloo in first round play in the regional tournament at Canyon last spring.

Neil Smith is the returning starter. He has three basketball letters. Other lettermen are Marvin Young, who has two letters; Tom Ware, Leon Richards, and Dick Horn with one each. Horn won't be out for practice until after Christmas because of a broken ankle.

Young, at 6'4", is the tallest of the lettermen. Ware is 6'2", Smith, 5'9", Richards, 6'0", and Horn, 5'8".

Squadmen from last year's aggregation include Jerry Burnett, 5'5"; Phil Caldwell, 5'5"; Donnie Spring, 5'10"; Charles Haney, 5'9"; Sonny Brito, 5'6" and Julius Bradshaw, 5'9".

Moving up from last season's freshman team are Don Bandy, 5'7"; Billy Burnam, 5'10"; Ramey Brandon, 5'11"; James Lawlis, 5'7"; and Ferman Kelso, 5'7".

Danny Morton, who is ineligible for the varsity, will work out with the squad. He will be eligible to play with the "B" team.

First game of the season will be with Lazbuddie at Lazbuddie Tuesday, November 27.

Two schools have been added to District 3-B for this season. They are Happy and Nazareth. Farwell, who has been a member of the district in the past, has gone into Class A competition. Other members of the district are Lazbuddie, Adrian, and Vega.

Incidentally, no games have been scheduled with the Mustangs' arch-rival, the Farwell Steers, because the Steers have gone into the foot-

Boost Bovina Committee Awards \$30 Saturday

Mrs. Ira Wilborn was awarded the "big" prize in the Bovina Jaycee-merchant sponsored drawing Saturday afternoon. She received \$15.

Other winners were Regina Feagan, \$10; and Mrs. E. H. Moody, \$5.

The crowd present was not as large as usual but it was considered to be larger than average.

The drawing will continue next Saturday afternoon at 4:30.

Bovina Split Over Dual Thanksgivings

Bovina, like the rest of Texas, is confused, undecided, and split about which Thanksgiving to observe this year. The national holiday is November 22. The state holiday has been designated as November 29.

The post office, according to Gene Ezell, postmaster, will be closed November 22. The city officers, says City Secretary Henry Minter, will also be closed on the "first" Thanksgiving.

The majority of local businesses plan to stick with the state's ruling of November 29.

Also, the local school will observe November 29. School will be dismissed November 29 and 30, Warren Morton, superintendent, says.

The Blade is out early this week because the post office will be closed Thursday. It will return to schedule next week.

Light Vote Favors Amendment Nine

Possibly the smallest vote in modern history for the Bovina precinct turned out last Tuesday to vote on Amendment Nine.

Eighteen poll taxpayers went to the polls. Seventeen voted for the amendment that will provide for disabled Texans and one was against.

Will Parker and Troy Armstrong held the election in the American Legion Hall.

Is Released From Friona Hospital

Danny Morton, son of Mr. and Mrs. Warren Morton, was released Friday night from Parmer County Community Hospital at Friona. He is recovering from an appendectomy. Morton was admitted to the hospital the latter part of week before last and underwent surgery Saturday evening, November 10.

Mr. and Mrs. Don Murphy and children visited Saturday in Tulia. They were guests in the home of his parents, Mr. and Mrs. Bill Murphy.

WHITHARRAL 34, BOVINA 0—

Mustangs Lose Final Game

The Bovina Mustangs put a dismal end to a dismal season Friday night as they lost to Whitharral's Panthers, 34-0, at Whitharral. The victory gave the Panthers third place in District 3-B.

The loss put the locals in fifth place in the seven-team district.

Playing without the services of three regulars—Neil Smith, Dick Horn and Billy Burnam, all backs—and one reserve, Don Bandy, back, the Mustangs were never in the running. The winners led 6-0 at the end of the first quarter, 20-0 at the half, 20-0 at the third quarter post, and 34-0 at the end.

Smith was out with the flu. Horn has a broken ankle, Burnam had an injured arm and Bandy was sidelined with an injured foot. Mike Barraza suffered a broken finger early in the game and his play was handicapped the rest of the way. One Mustang regular was ejected from the field of play to add to Coach Bob Wills' woes.

James Lawlis and Jerry Burnett shared the majority of the offensive load for the Bovina lads.

In first downs, Whitharral led 14-6. The Mustangs made five of their first downs in the second half. The loss leaves the Mustangs with

an overall season's record of two wins and eight losses. The wins, fortunately, came in district play to give the Mustangs fifth place in the district. Hart and Lazbuddie were the Bovina boys' victims. Hart fell 19-7 and Lazbuddie went under 32-7 as the locals played their best game of the season.

In district play, Bovina was defeated by Happy, Amherst, Whitharral, and Kress. Happy was the district winner. The Cowboys were followed by Amherst, Whitharral, Kress, Bovina, Hart and Lazbuddie in that order.

In non-district play, Coach Wills' team lost to Springlake, Farwell,

Turkey, and Friona. In 1955, the season's record was 4-6. The team was hampered throughout the season by injuries and a tough non-district schedule.

Hostesses for the dinner were Mrs. C. A. Ross, Mrs. Katie Ellison, Mrs. O. W. Rhinehart, Mrs. Lucy Jones, Mrs. Jeannie Elliott, Mrs. Emmett Tabor and Mrs. Aubrey Brock.

The tables were overlaid with white linen and centerpieces of autumn bouquets graced each of them.

Rev. W. R. Beard, pastor of the Methodist Church, offered the grace before the meal.

After the banquet, members and official visitors held their regular OES meeting. Mrs. Flora McNeel, Deputy Grand Matron of district two, section three, Grand Chapter of Texas, was present for her official visit. Mrs. McNeel is from Florida.

Another Grand Chapter officer who was present was Mrs. Thelma McReynolds of Dallas. She is of the Grand Chapter Arrangements Committee. Guests from Friona and Muleshoe were also present.

There were about 65 members and guests present for the evening.

BURGLARS AND BOOTLEGGERS—

Lawbreakers Loose In Bovina Sunday

Bovina had a case each of burglary and bootlegging Sunday. The burglary remains unsolved while the bootleggers were apprehended by Parmer County Sheriff Chas. Lovelace and Bovina Deputy Frank Smith.

Charles Oil Co. was the burglary victim. Approximately \$70 in cash was taken from the office of the wholesale and retail

business. Harry J. Charles, owner, says the majority of the stolen money was hidden in a can inside the office. About \$3 was in the cash register and it was also stolen. The robber(s) were apparently familiar with the business and its operation since they took the "hidden" money and bothered nothing else.

Entrance to the station was made through a south window. The window lock was pruned loose so that it could be opened.

Lovelace reports that tracks were found leading away from the station toward the railroad. Other than that no clues or leads are available.

Two Negro men, both residents of the old Consumers Building on North Street, were arrested and charged with bootlegging. Their "merchandise" was taken away by the lawmen and the Negroes are being held in Parmer County jail in Farwell.

This was the first crime reported in Bovina since Rhodes Service Station was robbed several weeks ago.

FOR CONCESSIONS—

Additions Being Made to Gym

Construction began Monday morning on an addition to Williford Gym. The addition will house a concession stand.

The structure will be built in front of the gym. It will extend seven feet in width and will be 30 feet long.

Cost of the construction will be \$2300.

The concession stand will be built between the two double-door front entrances of the building. It will be

of the same red brick that the rest of the gym is built of. A door will be built into each end of the addition so that it may be entered from the outside of the building.

Windows that are in the front of the building now will be taken out and the space lowered. This will be used to serve from.

Hubert Ellison is contractor for the job. He estimates it will take about two weeks to complete.

In the past, when a concession stand was set up in the "hall" of the gym, there was little room left for spectators to move from one side of the gym to the other. Original plans for the gym called for a larger "hall." However, an economy-minded school board cut it down to its present size. School officials feel that this will solve the problem.

Ellison says the concession room will be equipped with electricity and gas.

Also on the agenda for discussion was the Boost Bovina drawing which the Jaycees, with local merchants, hold each Saturday.

A discussion on holding a meeting with local merchants was held. No decision was reached. However, it was reported that some merchants were dissatisfied with the drawing as it is and would possibly like to change it.

A decision on the meeting was scheduled to be made this week.

Jaycees Discuss Football Awards

Bovina Jaycees discussed awards to be made to local high school football players at a regular meeting Saturday noon in Bovina Restaurant. Plans were to give an award to the best-all-around player and to the best sportsman.

Bob Wills, high school coach, informed the group that it would make a boy ineligible for amateur athletics if he was given an award as an individual. He explained, however, that a plaque with the boys' names on it could be given to the school. The club voted to present the plaque to the school.

Wills was appointed to order the plaque by Scooter Queen, president.

Also on the agenda for discus-

ball playoffs. School officials hope that a game may be arranged at a later date.

"Happy or Adrian should be favored to win the district title," Coach Wills says.

Coach R. E. Everett's Fillies have been practicing regularly and have had several scrimmage sessions. They will play on the same nights as the boys when the boys' team begins its schedule.

The schedule for both boys and girls is Nov. 27, Lazbuddie there; Dec. 4, Friona here; Dec. 6, 7, and 8, Friona Invitational Tournament; Dec. 11, Friona there; December 13, 14, and 15, Lazbuddie Invitational Tournament; Dec. 18, open; Jan. 3, 4, and 5, Amherst Invitational Tournament.

District play begins Jan. 8 against Lazbuddie here. Other games are Jan. 11, Nazareth there; Jan. 15, Vega, there; Jan. 18, Adrian, there; Jan. 22, Happy here; Jan. 25, Lazbuddie there; Jan. 29, Nazareth here; Feb. 1, Vega here; Feb. 5, Adrian, here; and Feb. 8, Happy there.

The district tournament will be in Bovina February 12, 13, and 14.

Jackie Adams Is Improving

Mr. and Mrs. Pearson Adams took their three year old son, Jackie, to Lubbock Tuesday of last week for a checkup. The boy is recovering from a broken leg. Mrs. Adams reports that the doctors are well pleased with the knitting of the bone and have given them hope that he will be out of traction next week.

While the local family was in Lubbock, they were dinner guests in the home of Adams' sister, Mrs. Floyd Stephens.

Baptist Intermediates Study Japan Wed.

"The Tarnished Helmet" is the name of the study which was begun Wednesday evening of last week by the members of the intermediate group of the First Baptist Church.

The young people met in the church annex Wednesday evening at 6:30 to study the lives of members of an ordinary Japanese family. Mrs. Wallace Rogers was in charge of the session. Young people present were Gary Kent Glasscock, Lynn Hudson, Dub Adams, James Lawlis, Barbara Taylor, Eilene Williams and Janet Gooch.

WHAM—No one was injured Sunday afternoon when this pickup went out of control and ran into the front yard fence and a tree belonging to Mrs. Lucy Wilson on Third Street. The pickup was driven by Claudia O'Hair. Damage to the fence consisted of bending two metal posts and tearing down the wire.

Return From Hunting

Mr. and Mrs. Buck Ellison and Ike Quicquel returned home last Wednesday from their annual hunting trip. They report good luck, with three deer being brought back. They had spent a week hunting in the Capitan Mountains northwest of Ruidosa, N. M.

Community Christmas Party

The thought of having a community Christmas party at the school has been mentioned by a local citizen.

It is our understanding that this type gathering was held yearly several years ago. However, the community drifted away from the idea. Churches and clubs had Christmas trees of their own and interest in the community party died away.

The big advantage the community party has over other, smaller gatherings is that someone will be left out of all the others, but almost everyone in the community has some interest in the school. This is especially true in the case of children, and children are the main object when an organization like the fire department starts to help and make someone happy at Christmastime.

Aside from helping needy families, such a party would, we think, have a tendency to draw local people closer together. It would kindle the flame of friendship that comes naturally at Christmastime even more.

As far as we know, no details have been worked out concerning this idea. But there is still plenty of time. If you're interested in the idea; say so.

Couples Bridge Club Meets Tuesday Night

Members of the Bovina Couples Bridge Club met Tuesday night, November 13, in the home of Mr. and Mrs. Tom Caldwell for supper and games of bridge. Mrs. Caldwell served a chili supper, with pumpkin pie and coffee to those present.

They were Mr. and Mrs. Bob Sudderth, Mr. and Mrs. Roy C. Clark, Mr. and Mrs. Edward Gaston, Mr. and Mrs. A. M. Wilson, Mr. and Mrs. Dean McCallum and the Caldwells.

The next meeting will be Tuesday evening, November 27, in the home of Mr. and Mrs. Wilson.

T & C Club Meets With Mrs. Rhodes

The home of Mrs. Virginia Rhodes was the site Wednesday of the regular monthly meeting of the Town and Country Club. The group met in the Rhodes home at 11:30 a. m. for a covered dish luncheon and spent the afternoon visiting and

making cuptowels for the hostess.

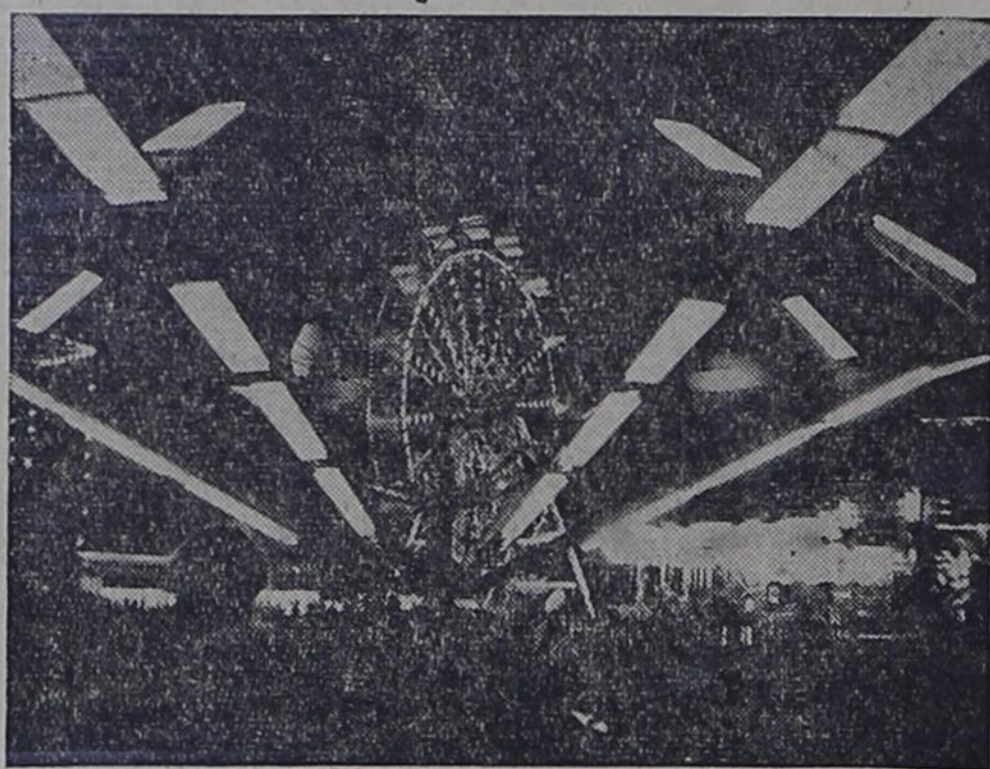

Those present for the meeting were Mrs. Modene Boardman, Mrs. Bobby Pierce, Mrs. Glenn Hromas, Mrs. Mittie Jo Moore, Mrs. Donna Malcom, Mrs. Wanda Sudderth, Mrs. Carolyn Foster, Mrs. Clara Guber, Mrs. Reba Bonds, Mrs. Pat Read and the hostess.

The next meeting of the club will be in the form of a social at which the families of the members will be guests. The group will meet for a Mexican supper Tuesday evening, November 20.

Debra Kirkpatrick Has Birthday Party

Debra Kirkpatrick, four year old daughter of Mr. and Mrs. J. D. Kirkpatrick, was honored with a birthday party in her home Saturday morning, November 10. The children played together while Mrs. Kirkpatrick and Mrs. Truman Gaines visited. Refreshments of hot chocolate and birthday cake were served to Twila Hutto, Darlene Murphy and Jacqueline Murphy and Debra.

the Snapshot Guild

Carnivals offer excellent night picture-taking opportunities.

Night-Life for Your Camera

Night-time has always been famed in song and story. Scarcely a poet down through the ages has failed to pay homage to that lovely velvet-cloaked mystery known as Night. So why not take your cue from all these advisers and put your camera on the "night shift," too?

We think you'll find that picture taking after dark is really a very simple matter. Place your camera on a tripod or other solid support and set it for time exposure.

As for exactly how long the exposure time should be, the best answer we can give you is "It all depends on the amount of light." Actually, it would be impossible to list specific information on exposure time for all the countless opportunities that exist for taking pictures out of doors at night. Exposure time may well run anywhere from three or four seconds to several minutes, all depending on the light. You'll just have to use your judgment and shoot several pictures at different lengths of exposure.

On summer weekends and vacation trips, nighttime driving is bound to present lots of views that will captivate you by their sheer beauty. There'll be the twinkling lights of a town seen in the distance as you approach over the brow of a hill, a quiet little tree-lined street in a residential section, a park scene given fairy outlines against the dark sky. Any of these is likely to yield good picture material—and so will fair grounds, public buildings, monuments, statues, and historic shrines which are illuminated at night. For such is the magic of night that it often lends enchantment and majesty to what might be only an average view when seen by daylight.

Whenever the night presents a breathtaking view, it's time for a little picture-taking activity on your part. Just get out of the car and stretch your legs for a few minutes while you set up your camera and make a brief time exposure.

John Van Guilder

Wesleyan Guild With Mrs. Caldwell

The home of Mrs. Bedford Caldwell was the site Tuesday evening, November 13, of the regular monthly meeting of the Wesleyan Service Guild of Bovina.

Before the study, a luncheon of salad, assorted crackers, coffee and cake were served to those present by the hostesses, Mrs. Caldwell and Mrs. Bill Whitesides.

The business session was held with Mrs. Wayne Stevens, president, in charge. The roll call and the minutes of the last meeting were read by Mrs. Whitesides, secretary, and approved by the members.

Mrs. W. E. Williams, chairman of the yearbook committee, handed out the yearbooks and made explanations and changes in it.

Mrs. Mark Charles was nominated and elected treasurer of the Guild for the coming year.

Tentative plans were made for the annual Christmas supper. The social, at which the families of members will be guests, will be held Tuesday, December 11, in the home of Mrs. H. J. Charles. Mrs. Mark Charles will be co-hostess. The meeting was then turned to

Mrs. Margaret Caldwell, who is in charge of the study now in progress, "The Life and Letters of Paul." She accompanied the group on the piano while they sang "We've a Story to Tell to the Nations."

Mrs. Caldwell gave a brief explanation of the topics to be discussed at the meeting and introduced four members who gave parts on the study. Those who took part were Mrs. Wayne Stevens, Mrs. Fleta Terry, Mrs. W. R. Beard and Mrs. H. J. Charles.

Those present at the meeting were Mrs. Terry, Mrs. Bedford Caldwell, Mrs. Williams, Mrs. Margaret Caldwell, Mrs. Stevens, Mrs. Beard, Mrs. Lyntis Goodyear, Mrs. H. J. Charles, Mrs. Mark Charles, Mrs. Wilbur Charles, Miss Rita Caldwell and Mrs. Whitesides. One guest, Mrs. Elsie Block, was also present.

The next meeting will be a social in the home of Mrs. Charles in December. There will be no study at this time, but the January session will again take up the "Life and Letters of Paul."

In Whitesides Home

Visiting Monday evening of last week in the home of Mr. and Mrs. Bill Whitesides were his brother and family, Mr. and Mrs. Grady O. Whitesides and sons, Dale and Terry, of Odessa. Visiting the following Friday afternoon in the Whitesides home were her uncle, Ralph Block of Edmonson, and his son and family, Mr. and Mrs. Jim Ray Block and son, also of Edmonson.

Alligators cannot swallow unless completely submerged.

An ostrich can kick hard enough to kill a man.

To Muleshoe

Mr. and Mrs. Ira Wilborn and son and family, Mr. and Mrs. Johnny Wilborn and children, spent Sunday of last week visiting in Muleshoe. They were guests in the home of Mrs. Ira Wilborn's mother, Mrs. E. Brewer, and also visited with her brother and wife, Mr. and Mrs. Hanford Brewer.

Benjamin Franklin is author of the statement, "Nothing is certain but death and taxes."

Birthdays Club Honors Mrs. Walling

Members of the Bovina Birthday Club met Wednesday night of last week in the home of Mrs. Nola Read to honor Mrs. Lucille Walling on her birthday. The group had a covered dish supper and spent the evening visiting.

Mrs. Walling received many gifts. Those present for the meeting were Mrs. Nettie Lea Wilson, Mrs. Jewel Tabor, Mrs. Mary Jane Wilson, Mrs. Ola Lea Jones, Mrs. Pat Read, Mrs. Jack Berggren, Mrs. Lula White and Mrs. Alma Alver-son.

Patti Mills Has Birthday Party Friday Afternoon

Patti Anita Mills was honored with a birthday party in the home of her parents, Mr. and Mrs. Alfred Mills, Friday afternoon, November 9. She was two years old. The children played games and were served refreshments of birthday cake and soft drinks while the mothers visited. Favors of bubble gum and candy were given to the children.

Mothers present for the party were Mrs. Earl Dean Boyd, Mrs. Jack McCutchan, Mrs. Hugh Webb, Mrs. Cecil James, Mrs. Howard

Looney, Mrs. Grady Hall, Mrs. W. C. Mayhew, Mrs. J. D. Stevens and Mrs. Mills.

Children present were Jackie Hall, Susan Thornton, Gale and Dala Boyd, Roy and Billy Mayhew and Bennie Kent.

Also, Lea Looney, Joe Don Stevens, Brenda Purcell, Calvin McCutchan and Sammy Webb.

Others were Marilyn Kay James, Randy, Glenn, Kathy and Jerry James and the honoree.

During the evening, also visiting Patti and her parents were Mrs. Wayne Webb and children, Kenneth, and Carolyn, and Brenda Stanberry.

To Childress

Travis Lloyd and daughter, Patsy, went to Childress Sunday. They were accompanied by her grandparents, Mr. and Mrs. J. T. Kelley, who makes their home here with the Lloyd family. Mr. and Mrs. Kelley plan to spend about two weeks with their sons and families who live in the Childress area.

From Amarillo

Weekend guests in the home of Mr. and Mrs. Reagan Looney were their daughter and family, Mr. and Mrs. Bob McMeans and sons of Amarillo. The visitors spent Saturday and Sunday with her parents and also visited with friends here.

Bridge Club Meets With Mrs. Caldwell

The home of Mrs. Skeet Caldwell was the site Thursday afternoon of the bi-monthly meeting of the Afternoon Bridge Club. A sandwich plate and coffee were served to those attending before the afternoon of bridge.

Those attending were Mrs. Betty Clark, Mrs. Mary Jane Wilson, Mrs. Zannelle Martin, Mrs. Ernestine Sides, Mrs. Fern Bell, Mrs. Pauline

Secrets of a Model

I've always had a secret urge to model something glamorous and custom made for me. But I do most of my modeling in a household, demonstrating household appliances.

Although Hank said today's job was an exciting one, I doubted it. "After all," I told my photographer-husband, "appliances are pretty standardized." Hank just smiled.

Now I know why. This afternoon I discovered a range can be just as individual as a Dior creation. I posed with an RCA Whirlpool built-in oven—installed to fit my height. When a gal's as tall as I am, baking usually means bending. But this new oven is designed for "stand-up" use. The controls are at eye-level too!

Between pictures, I examined the oven clock control that starts and stops cooking automatically at the times you select. I had visions of putting dinner in the oven before we left for a job—and coming home to a piping-hot, ready to eat meal.

One of the Whirlpool-Seeger executives who was on the set told me that the oven and the separate surface cooking unit are available in both gas and electric models. He said they are finished in stainless steel, antique copper or white porcelain enamel. He added that the units can be installed almost any place a housewife wants them.

Then he nudged Hank. Said a model housewife like me really deserved a model kitchen. But Hank was already sold.

"Bet you could cook a meal for 30 men in that oven," he murmured.

Maybe I could, but I'll start with a small roast for two.

Caldwell and Mrs. Aletha Wilson. Others were Mrs. Carolyn Charles, Mrs. Mina Horn, Mrs. Arlene McCallum and the hostess. One guest, Miss Jo Ann Williams, of Farwell was also present. At this meeting, Mrs. Pauline Caldwell and Mrs. Aletha Wilson became members of the club.

The next meeting will be held Tuesday, December 6, in the home of Mrs. Horn.

FIRST BAPTIST CHURCH
Rev. Virgil Goodwin, Pastor

Sunday School, 9:45 a. m., morning worship, 10:50 a. m., training union, 6:30 p. m. and evening worship, 7:30 p. m.

Wednesday, 7:00 p. m., Auxiliaries, 8:00 p. m. prayer services and 8:30 p. m., choir rehearsal.

Last Sunday, there were 179 in Sunday School and 94 in Training Union.

Last Wednesday night, Missionary H. W. Fite and family were in our church speaking on missionary work in Corrente, Brazil, where they are serving as specially ap-

pointed missionaries in agriculture. A covered dish supper was served in the church at 7:00 p. m. in honor of the visiting family. Fite showed pictures of his work and articles from Brazil, which he brought back to the United States.

The George Turners Have Party Saturday

Several friends gathered Saturday night in the home of Mr. and Mrs. George Turner for a covered dish salad supper and games of "42". Those present were Mr. and Mrs. Elmer Lowrie, Mr. and Mrs. Earl Stevenson, Mr. and Mrs. Vernon Campbell, Mr. and Mrs. Earl Ware, Mr. and Mrs. Earl Richards, Mr. and Mrs. Floyd Dunavant and Mr. and Mrs. Warren Morton.

Mr. and Mrs. Don Murphy and children were Sunday dinner guests in the home of Mr. and Mrs. Roy Fuller and daughters, November 11.

Demonstration Party In J. D. Stevens Home

The home of Mrs. J. D. Stevens was the site Thursday afternoon of a demonstration party. Games were played with Mrs. Donalita Hawkins in charge. Refreshments of cake and coffee were served to the guests.

Crochet favors were given as prizes to each of the guests attending, with Mrs. Kenneth Horton

winning the door prize. Those present were Mrs. Ira Wilburn, Mrs. Rob Edens, Mrs. E. H. Hall, Mrs. H. Blalock, Mrs. Bill Burnam, Mrs. Horton, Mrs. Bill Lane and the hostess.

Visiting Tuesday evening of last week in the home of Mr. and Mrs. Ira Wilburn were her sister and husband, Mr. and Mrs. E. E. Miles of Lariat. Accompanying the Mileses on the visit was her aunt, Mrs. W. R. Brewer of Bonham.

New LAMPS

Combinations black and polished brass or brass and white standards and bases. Lovely washable plastic shades.

YOUR CHOICE \$19.95

HASSOCKS

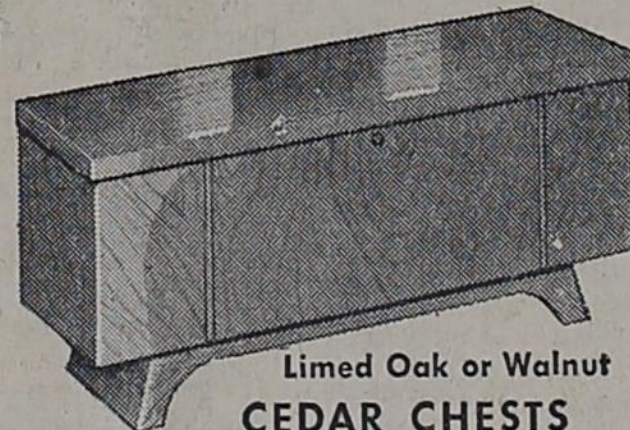

A. Beige Monet plastic covering. 17 inches in diameter, 15 inches high. \$5.95
B. Grey Monet plastic covering. 15 inches in diameter, 10 inches high. \$3.69
C. Grey Oasis plastic cover, with gold and black design. Expanded brass magazine rack. Wrought iron legs. \$9.95
D. Gold Brentwood plastic cover. Solid rod wrought iron legs. \$7.95

ITEM OF TOTM THE MONTH
Christmas Gifts

to make every home brighter

Just a few of many fine values we are offering at SPECIAL PRICES because of mass buying in cooperation with hundreds of other "Item of the Month" furniture stores.

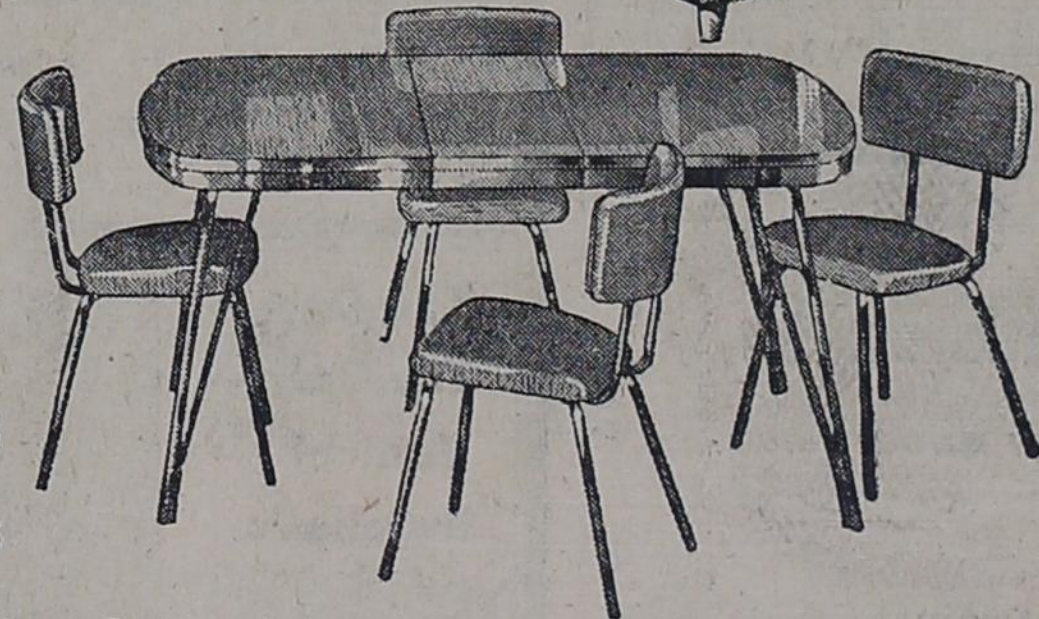

Limed Oak or Walnut CEDAR CHESTS

Choice of limed oak or walnut veneers. Full cedar lining. Modern styling. **\$59.50**

RECLINER CHAIR

Genuine Stratorester. Adjusts itself to any position you desire. No locks. No levers. Seat and back covered in 100% Nylon fabric. Foam rubber seat. Arms, sides, head, and foot rest protected with durable plastic. Available in red, green or toast. **\$89.50**

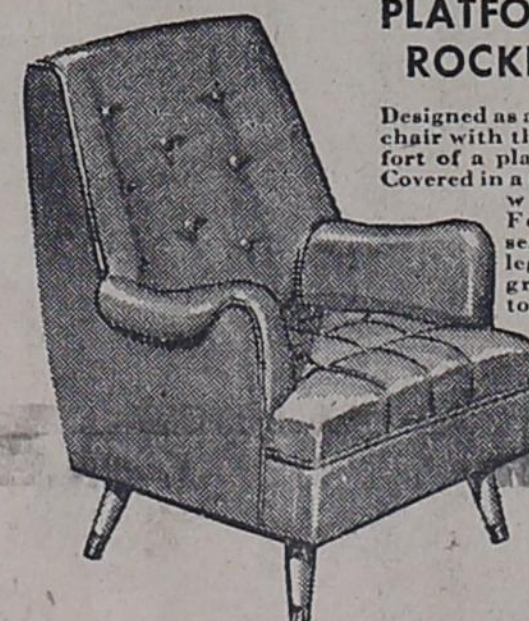

5-PIECE DINETTE

Lovely combination of copper and chrome with long-wearing plastic top on extension table. Chairs covered in fabric pattern plastic with foam rubber seats. Table 36" x 60" extended. **\$99.75**

TABLE and 4 CHAIRS \$99.75

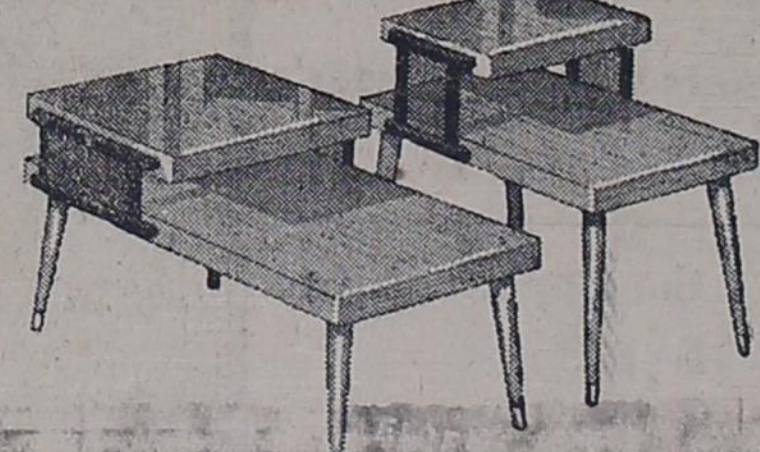

Perma-Rest PLATFORM ROCKER

Designed as a lovely lounge chair with the added comfort of a platform rocker. Covered in a modern tweed with Luxex. Foam rubber seat, limed oak legs. Choice of green, red, or toast. **\$69.50**

COFFEE TABLE
Marlite plastic top and shelf. Limed oak finish. Brass grilles. **\$17.95**

STEP TABLE
Companion to coffee table with same finish and color. **\$15.95**

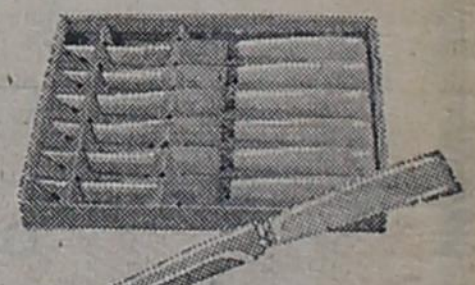

Special! FOR CHRISTMAS

TABLE LIGHTER & TRAY
Heavy solid antimony with ONLY triple chrome plate. Hand-somely engraved. Compare **\$3.49** with sets at \$12.95

TABLE LIGHTER
A beautifully designed, engraved lighter with triple-gear mechanism for positive lighting. Compare with other lighters at \$9.95. **\$2.49**

DeLuxe STEAK KNIVES
Mirror polished stainless steel blades with serrated edges. Lovely Catalin ivory handles. Lifetime guarantee. Regular \$3.95. **\$2.29**

Beautiful Walnut KNEE HOLE DESK
Genuine walnut, beautifully finished, 22" x 44" and 30" high, 9 drawers, all dovetail construction, hardwood interiors. Classical brass drawer pulls. **Now only \$59.50**

« Parmer County Farm and Home »

Farmers Preparing For 1957 Crop Year

With the whirr of combines and the roar of the gins still echoing over the irrigated High Plains, farmers are already well into preparation for another crop year.

All of the approximately 90,000 acres of wheat in the county has been sown, and all of it is up though some on dryland is precarious. Looking good are the county's some 40,000 acres of irrigated wheat which is up and already supporting considerable grazing.

By and large, the 1956 grain harvest is complete, and behind harvesting operations have come the moldboard and disc breaking plows, which have turned under a large percent of stubble. And many farmers are making every day count from now until planting time by obtaining maximum decay of their old crop residue.

Speeding this process is the application of commercial fertilizer,

mostly in the form of anhydrous ammonia, which not only helps decay the plant matter, but will make nitrogen available for next years crop.

This practice has been increasing in popularity under irrigated conditions, and the showers of three weeks ago, resulted in a spurt of this type of activity.

Once again a fairly common sight in the area is the "automation" of land breaking, where mechanical guides perform the function.

So much has been said and written about the changes in styles for women. We have heard almost nothing about the changes that are being made in men's shirts. One of the newest things we have seen is reverse box pleats from the shoulder seam down each side of the shirt front.

It wouldn't surprise us too much if in the not too far distant future shirt designers aren't using lace. Probably tape or braid will be used first. After these two catch on, they could very easily be followed by lace and ruffles. Who knows?

If you are baking apple pies and like a spicy flavor, add a small amount of your favorite spices to the pie crust before baking.

How long has it been since you gave your entire house a real good cleaning? Most of us don't discard our things which are not usable unless we decide to move. We have planned a thorough house cleaning during which we plan to discard everything that we would not move if we were moving into a new house.

One homemaker we know describes "junk" as something you save for years wondering what to do with it then discarding it two days before you figure out what it could be used for.

A couple of years ago one of our friends discarded some worn nylon hose she had saved for years. Sure enough, a few weeks later her sister, who lives in another section of the country, came up with the idea that discarded nylon hose made ideal stuffing for toys.

An idea, which was introduced into government offices, built around "Don't file it, discard it." This should be especially helpful when plaids are being

tion of a manual operator and lead the driverless tractor in wide circles while the plowed soil rolls out behind.

Also in the cotton field, stripping machines are fast winding up the harvest of this crop, and a few farmers already have made application of cotton burrs or barnyard manure to strengthen their soils.

Elsewhere, bookings are already being made for hybrid grain sorghum seed for spring delivery, and all indications point toward the likelihood that farmers of the Parmer County area will be better prepared to begin farming next year at the earliest moment permitted by the season.

be a good idea for an office, but for a lot of the "junk" which we accumulate it should be super.

For a good crust, use 1/2 teaspoon cinnamon, 1 1/2 cups graham cracker or wafer crumbs, 1/3 cup melted butter or margarine and 1/4 cup sugar. Roll crumbs with rolling pin, add other ingredients and shape into desired shape. Will make enough for a nine inch crust with generous sprinkle on top or for eight baking cups.

A large desk type calendar should be a must for every homemaker. Then every time you accept an invitation or make an appointment, jot it down. Looking at the calendar is much easier than trying to remember the date or hour you are expected to be at a certain place or do a certain task.

This calendar will also come in very handy as a reminder of things the other members of the family expect you to remember. Before very long it will be one of the most used articles in the house.

A hassock-type clothes hamper will make a nice addition to just about any room in the house. They come in very attractive styles in colors to fit almost any color scheme.

Pipe cleaners come in very handy when you are preparing food for the freezer. Cut them in half and use to close plastic bags. It's easy and a real time saver.

ARE BETTER TODAY

Fertilizers are a lot better today than in years past, but more improved fertilizer materials can be expected in the future, reports M. K. Thornton, extension agricultural chemist. He suggests that farmers be alert to the new developments because they can mean more opportunities for increased production and efficiency and greater farm profits.

The alligator is the only animal whose upper jaw is movable.

Columbus made four voyages to America.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

The eleven members who attended the state convention in Houston last week had an enjoyable and fruitful time. Seven of them were voting delegates and participated in the policy making sessions that determined Texas Farm Bureau's policies for 1957. They supported or opposed resolutions according to the instructions they received at the county convention in September when you voted. Those subjects that were not acted upon at the county convention were discussed by your delegates and acted upon according to what they believed you had indicated in principle on other related issues.

One of the resolutions Parmer County sent in was not included in the draft from the state resolutions committee. Upon the advice of your delegates, Harry Hamilton went before the delegation and presented it from the floor and it was adopted. This was the resolution favoring marketing regulation that will reflect the superior quality of feed grains free of noxious seeds at the local market level.

Cotton John, our radio friend of KGNC, was on hand recording and relaying news reports to the radio and newspapers of Amarillo. His presence made everyone from this area feel more at home, too. All three Houston newspapers and reporters from the Associated Press covered the convention also. As you know by now, District II provided the State Farm Bureau queen for the second year in a row. She is Miss Joann Vaughn of Tulia. Runner-up, Miss Donna Black, is from Dumas, also in District II.

We feel that one of the most significant features of the session occurred when Bill Millen, President of Bailey County Farm Bureau, arose and moved that the section of the suggested 1957 TFB Preamble reading, "We endorse and pledge our support to the principles of the United Nations Charter" be deleted. His motion was seconded and adopted by the delegates. Millen summarized his reasons briefly as follows: Russia, because of her control of satellite nations who are members, holds three votes to America's one. Because of the one-nation veto power, the UN Charter cannot be changed unless Russia wants it changed.

There are numerous other good reasons for the action taken. We hope many people will study aspects of the charter within the next year.

Consider this: And He arose, and departed to His house. Matthew 9:7.

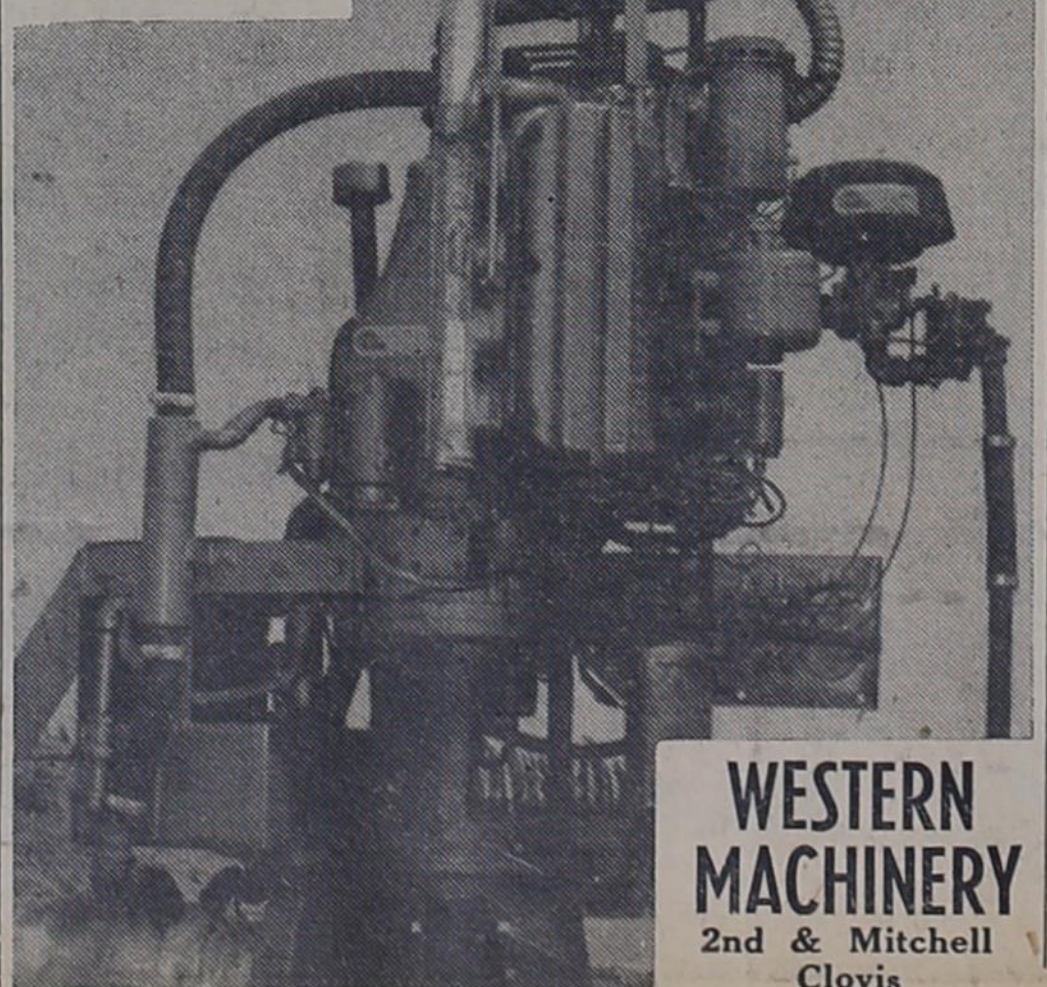

PRICES WILL PICK UP

Pecan growers are advised not to become unduly alarmed about the present market out-look for pecans. Prices later are expected to follow the trend of past years and if this happens, prices should pick up. Growers should harvest their pecans as early as possible to avoid loss from crows, squirrels and bad weather. The crop should be handled carefully to insure clean pecans of uniform high quality.

Hereford Coliseum to Host Event Saturday

The new Deaf Smith County Coliseum will be opened on the evening of Saturday, Nov. 24, at 8:30. The first scheduled event is to be a Hereford Lions Club-sponsored wrestling match featuring some of the best "grunt-and groaners" in the business.

No formal opening ceremonies are planned, "just good wrestling plus about \$500 worth of door prizes for the spectators," said Ray Cowsert, general chairman for the opening night activities at the new 20,000 square-foot county-owned building.

An added attraction on the evening entertainment calendar will be the performance by an acrobatic team, the Amazing Monahans.

With a seating capacity of 1,750, the agriculture exhibit building that has been built to replace the fire-damaged and now demolished bull barn will afford the audience a comfortable and attractive arena for wrestling and the many other events expected to be staged within its walls, said Earnest Langley, Lions president.

Constructed by the county at a cost of over \$20,000 on a 20-acre lot donated by Veterans Memorial Park owners, the Veterans of Foreign Wars and American Legion, the building has been furnished inside by the Hereford Lions. The civic club has purchased seating, heating, plumbing and other facilities at a cost of \$15,000.

Delegations from the Dimmitt and Friona Lions Clubs are expected to join Hereford Lions, their wives and families, and the general public in attending the opening event.

On the wrestling card for the evening are three 20-minute preliminary bouts and the main event, a six-man tag-team donnybrook. Competing teams will be Rip Rogers, Art Nelson and Shoulders Newman, versus Dory Funk, John Tollas and Ray (Big Train) Clements.

Rogers and Nelson hold the tag team world championship.

The colorful Dory Funk will enter the ring here as Southwestern States junior heavyweight champion, having won the title last Thursday night in a much-publicized

Dr. William Beene

brawl with Dizzy Davis at Amarillo's Sports Arena.

Door prizes being offered by the Lions include a television set, electric fry pan, automobile tire, man's hat and many other items.

Lions aiding Cowsert with opening night arrangements are Harold Wester, wrestling promotion-chairman; Albert Maxwell, concessions chairman, and F. W. Dool, time-keeper.

Wester is scheduled to referee a preliminary bout, and Karl (Doc) Sarpolis of Amarillo will be here to oversee the matches and referee a second preliminary.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Where will the farmers get the grass seed to plant the acres placed in the conservation reserve phase of the soil bank? This question is being asked over and over and nobody can give the answer. A more than normal supply of seed is in the warehouses of the usual grass seed supply firms, but not enough to plant all the acres that are suddenly going back to grass. Seed firms, generally, are reluctant to quote a price on their seed in the face of such a demand.

So far as farmers are concerned locally, the situation could, with a little planning, work itself out very nicely. Most of the land going back to grass in the Parmer County Soil Conservation District will be planted to a mixture with the chief

grass being blue grama. Blue grama is the grass that is found so much on native pastures in this part of the country. It makes seed every time it gets a chance and the seeds are not difficult to harvest.

Assuming that this area receives some winter moisture and a reasonable amount of rain in the spring, these native pastures could easily make more money for the owners from one seed harvest that they have made in the last ten years from grazing. A man with native pasture who also has land to plant to grass could assure himself a seed supply by harvesting his own.

The latest quoted price on blue grama grass seed was about 50 cents per pound. A reasonable harvest would be 100 pounds per acre, while yields up to 300 pounds have been made. It seems it wouldn't even be a bad idea for a man with an irrigation well and some native pasture to give the pasture some extra water and care and take a seed harvest.

Seed harvested next summer would come just right to meet the peak demand. There won't be a lot of grass planted in the spring of '57 since grass must be planted in a standing dead cover crop such as is left by sorghum or sudan. Next year will, for the most part, be used to get that cover. The spring of '58 should see the heavy grass seedings.

An ordinary combine with a few adjustments can be used in harvesting blue grama. With pastures clean and smooth as most of them are here, it wouldn't be difficult to get a combine over them. As with other good things, there are some hazards. Weather can be such that a nice seed head is made without it having any seed in it. However, with a little experience, you can easily detect the presence or absence of seed and if absent you can graze instead of combining.

Snakes sleep with their eyes open because they have no eyelids. Tobacco is cultivated in nearly every civilized country.

Go look this 160 acres over. It is a choice piece of land. Would be classed as near perfect. On the pavement five miles west of Hub on the south side of the highway. It is the north east quarter of Sec. 18, township 6 south, range 3 east. This is priced at least \$25 an acre under market value. On natural gas and choice water. Priced \$225 an acre with small down payment and long term balance.

"The Place Where Most People Trade" Tuesday, November 20, 1956

The Christmas Card club project, sponsored by the Modern Study Club, will close about the middle of December. People joining the club project are asked to donate to the Parmer County Community Hospital what money they usually spend on sending Christmas cards, locally. The money is to be deposited in the Friona State Bank and the name on the deposit slip should read exactly as you would sign your local Christmas cards. In December, Mr. Graham will have a huge Christmas Card in the Friona Star with greetings to your friends and your name will be on that card. Thus, if you usually spend \$20.00 for cards to Friona friends, deposit \$20.00 to the Christmas Card club project at the bank, sign your deposit "The Jones" or "Bob and Mary" or anyway you choose. Your Christmas card chore will be over and the hospital will be the beneficiary.

Friona is on the map. An organization making a television survey called Deke Kendrick and asked if she would cooperate with them in the survey. Shortly after an affirmative reply she received a sort of TV diary from New Jersey. She records every time the TV is on and the moment it is off. Also comments on favorite commercials and those they dislike. The organization sent out 550 such questionnaires over the U. S.

County-Wide Dinner Attended by Ninety

Miss Jimmie Lou Wainscott, Parmer County Home Demonstration Agent, reports that about 90 persons were present for the second annual county-wide home demonstration club Thanksgiving dinner.

The dinner was held at the Oklahoma Lane Methodist Church with members of the WSCS preparing and serving the turkey dinner.

Mrs. Davis Gulley was toastmistress for the occasion and Rev. Vance Zinn, formerly pastor of the Oklahoma Lane Baptist Church, was guest speaker. The subject of his message was the influence of women in the home, the community and the world.

After the message, the group sang several songs, one of which was the new National Home Demonstration Association song. Songs were led by Mrs. Dorothy Hough and Mrs. Lauretta Brookfield.

Miss Wainscott acted as commentator for the dress revue which featured home demonstration club members modeling dresses they made during the advance sewing workshops.

Those modeling dresses were

Mesdames A. L. Black, Lauretta Brookfield, Faye McMahan, Olive Massie, Floyd Rector, Billy Dean Baxter, John Renner, Edgar Walters, Blanche Woody, Lloyd Batey;

Also, Mesdames Marian Fite, John Hand, Tress Tannahill, Johnie Hand, Davis Gulley, J. B. Barrett, Gertrude Renner, Cherry Ann Mingus and Miss Wainscott.

Guests attending were Rev. and Mrs. V. E. Willard, Rev. and Mrs. Vance Zinn, Joe Jones and Mrs. Durb Kittrell.

Mrs. Vernon Symcox; Rhea, Mrs. Sarah Dean and Mrs. Velma Schlenker; and one visitor, Mrs. E. A. Rutledge of Merkel.

The right kind and amount of trimmings adds interest and individuality to a costume. Too much can be distracting and confusing, according to extension clothing specialists.

The secret of effectiveness in trimming lies in discriminating use. Self-covered buttons and belts, or those that blend with the garment, can be used without danger of a spotty or overdecorated effect. Self trim of this type becomes part of the design of the garment and gives more leeway in choosing other accessories.

If you plan for contrasting trim, study your figure carefully to determine where to place the emphasis. In other words, "accentuate the positive." Make certain the trim is appropriate to the garment and the occasion for which it will be worn.

Shop for ideas that are different. Study garments displayed in exclusive dress shops and adapt ideas to your own purse and personality.

A final word. When in doubt, leave that extra trim off. It's better to use too little than too much.

This is a rather abrupt change of subjects but it does give us some food for thought. The three C's of credit are a guide for family use of the charge account, says Eula Newman, extension home management specialist. . . . The first one is

Salad King Tosses Greenbacks Now

CHEF ROBERT KREIS who "tossed salad greens into greenbacks" with the creation of his salad dressing mix also made a major contribution toward the salad's popularity in America.

The time may be close at hand when Americans will be eating salads three times a day—even for breakfast!

When a famous gourmet recently aired this prediction at a dinner he was giving, his guests tactfully let him know that even the very thought of salad for breakfast was too much for them.

It may be many years before this prediction becomes a reality, but there is no question that the salad is playing an ever increasing role on American dinner tables. A major contribution to the "eat-more-salad" campaign was made recently by a 6-foot, 4-inch tall chef from Hollywood California, Robert Kreis.

The Kreis contribution is five different salad dressing mixes. These make delightful salad dressings when combined with the exact amounts of oil and vinegar that are prescribed on a bottle which is available with the mixes.

Kreis, who was supervising chef of Hollywood's famous Brown Derby Restaurant explains how his Good Seasons salad dressing came into being. Con-

tinually besieged by friends for information on how to make a salad, he obligingly gave instructions, yet everyone complained that their dressings never turned out as good as his.

"That got me to thinking," he says, "and I made up my mind to create the perfect blend of salad herbs and spices and package them complete with instructions about the proper proportion of oil and vinegar to use."

The ingenious chef added a small easily handled glass shaker to his salad kit. It was clearly marked, indicating so much vinegar and so much oil. This made it very easy to shake up a first class salad dressing. When the mix hit the market, salads had already taken hold in California, and it became popular almost overnight there.

Salad dressings were considered so good by General Foods, the world's largest packaging corporation of grocery products, that they decided to add Chef Kreis's Good Seasons Salad Dressing Mix to their "family of fine foods."

THE PARMER FARMER

We have chased County Agent Joe Jones down several times during the past few weeks, pressing for the results of those extensive hybrid grain sorghum tests he struck out over the county this spring.

Joe says that the results have been very slow in coming in, and he is reluctant to release any figures for publication until a complete—or nearly so—representation can be had.

We appreciate this idea, and hope that farmers who have cooperated in this rather large experiment will come through with the necessary statistics in order for the results to be tabulated and published.

Hybrids generated a world of interest in the grain sorghum producing areas this year, and we share the excitement of area farmers in finding out the results of their year of large-scale production.

Our candid advice at the moment, based on what some of the experimenters themselves have said is: Don't set your sights too high. This is our first try with varieties which have some characteristics that are totally unlike the ones we have grown for years and years.

Also, it already has been pointed out that the hybrids probably won't make as good a showing under ideal or nearly so conditions, as they will under adverse conditions, particularly drought.

An area ginner, who is publicity shy and asks that we not use his name, thinks he has unearthed something sensational in reducing or almost eliminating static electricity problems in ginning cotton.

Static electricity, especially in dry and often windy West Texas, is tough to whip, and ginners often are troubled by this condition until they are virtually shut down.

The dry, fleecy cotton picks up so much "juice" as it is transported through the gin that it adheres to the machinery and refuses to turn loose of particles of dust, which has the double effect of not only reducing the gin's ability to turn it out, but also reduces the grade of the cotton considerably.

This particular ginner's idea is not revolutionary in the sense that it makes use of anything new in the "de-statising" field. It merely is his method which is different.

He applies a common wetting agent to the cotton as it is weighed in. This is in contrast to the already proven practice of spraying the chemical on the cotton as it passes through the stands.

Results are most gratifying, he says. Perhaps his desire to remain

anonymous is explained by his comment to us that he is in the process of obtaining a patent for this different method.

The picture just below shows how the wetting agent is shot into the dry bolls.

The wetting agent increases the moisture content of the cotton to a point where static caused from friction against gin parts is almost eliminated. No damage to staple occurs with this treatment.

Most major farm commodities are still in surplus.

One of these is our "competitor" feed grain, corn. Good old corn, one of the oldest cultivated crops on the North American continent, is still the major product of the nation's farms, the net worth each year being over \$4 billion. The Midwest, East, and Southeastern parts of the country produce most of the crop, though most states have some acreage.

Next year's pig crop seems sure to be reduced, and prognosticators warn that corn may go as much as 20% over actual needs.

Wheat figures to about hold its own, unless exports can be increased substantially. Domestic use and exports combined now about equal the annual production. There are 980 million bushels of wheat in CCC hands.

The cotton picture is bright for the first time in years, especially if some of the Southeastern producing areas come into the soil bank. Domestic use is about stable, but Uncle Sam is stepping up exports. There are still about 10 million bales of cotton in the warehouses, though.

It's not too important to our specific area, but we all are interested to note the great progress that has taken place in the surplus dairy products department.

Stockpiles of butter and cheese, which were almost a national scandal a year ago, have been halved. The stockpile is still going down, and the USDA program to cure the ills of this arm of agriculture seems to have been successful.

SUBSCRIBE NOW

JUICIN' THE JUICE—This picture shows a new method being used by an area ginner who "inoculates" cotton with a liquid wetting agent before it is taken through the gin.

THE H. D. AGENT'S CORNER

Jimmie Lou Wainscott

"Simplify Your Work" was the topic of a two day training meeting held last Monday and Tuesday, November 12 and 13, for the home demonstration clubs of Parmer County. This training was given by Mrs. Eula J. Newman, Home Management Specialist from State Extension Service Staff at College Station.

Two leaders from each of the 11 clubs in the county attended. They will return to their clubs in January and February to give this training to their clubs. If you are interested in simplifying your work you might visit some of the clubs at this time.

Those who attended were: Black, Mrs. E. W. Tatum and Mrs. Ralph Price; Friona, Mrs. David Smith and Mrs. Ben Woody; Hi-Point, Mrs. Glen Mingus and Mrs. Lee Renner; Hub, Mrs. Rene Snead and Mrs. O. D. Bingham; Lake-New, Mrs. D. L. Carmichael and Mrs. John Hand; Midway, Mrs. Dee Brown and Mrs. Davis Gulley; Northside, Mrs. Dorothy Hough and Mrs. W. M. Massie; Oklahoma Lane, Mrs. Winburn Hardage and

TIPS FOR SURVIVAL

FCDA Offers Practical Defense Against Fallout

In a split second during the pre-dawn hours of a morning in November 1952, radioactive fallout came of age as a potential hazard to every living thing.

Since then, millions of words have been written and spoken about it. We are told that it cannot be detected by any of the human senses, only by radiation detection devices. It can hitch a ride on the wind for hundreds of miles from a nuclear blast, settle to earth even in remote places and make entire areas temporarily uninhabitable.

BUT WHAT, ACTUALLY, is fallout? Can its movement be predicted? And what can people do to protect against it?

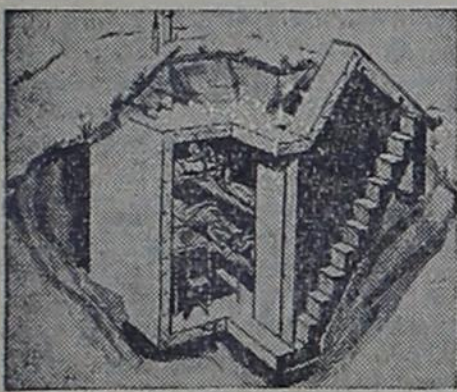

Fallout is nothing more than tiny dust particles blasted into the air when a nuclear weapon's fireball intersects the earth's surface. This material is then made radioactive by the fireball, and thus carries dangerous radiation to wherever the dust falls.

By plotting high-altitude winds, weather men can predict the area of fallout, and tell approximately where it will land. Radiological monitoring would then establish specific fallout patterns.

People can protect themselves mainly by staying under cover, and tuning a battery-operated radio to emergency civil defense frequencies for expert instructions. A basement makes a fair shelter, an old-fashioned root cellar an excellent one. This is because only 1/5,000th of the radiation that would hit a person in the open will penetrate three feet of earth.

MOST IMPORTANT, remember that fallout leaves no margin for errors, or amateurs. For example, just because the surface wind is blowing from a "safe" direction doesn't mean that the winds above 10,000 feet—which would usually dominate the direction of fallout—weren't blowing some other way. Only the experts have the equipment to predict fallout areas.

METAL DEAD METAL DE

FALLOUT shelter designed by the Federal Civil Defense Administration would provide almost complete protection from fallout at low cost if built as a do-it-yourself project. It would also be a welcome tornado and hurricane haven. (FCDA Photo)

RADIOLOGICAL monitor at Springfield, Ill., food store uses "survey meter" to measure mock "fallout" during Operation Alert 1956. Thousands of these and similar instruments are being stockpiled, and personnel are being trained by the Federal Civil Defense Administration against the day when they would provide the only way to detect "hot" areas and warn people to avoid contaminated articles.

Baptist Young People Have Study

The young people of the First Baptist Church held a study hour Wednesday evening in the church annex. Their leader, Mrs. Don Murphy, led the group in a study of Japan and the "New Baptists." It was an article about the conversion of the Japanese people to Christianity and the work of the Baptist missionaries in that country. Parts of the study were given by Dick Horn and Terry Adams.

Those attending the sessions were Alfred, Weldon and Sue Moody, Dick Horn, Terry Adams, French Crook, Avis Williams and Mrs. Murphy.

The group will meet again Wednesday evening at 6:30 o'clock in the church annex for a continuation of this study.

Remember the co-operative Thanksgiving Service Wednesday, November 29, at 7:30 p. m. The place: Bovina Methodist Church. The speaker: Rev. Virgil Goodwin, pastor of the First Baptist Church.

Deputation Team in Bovina

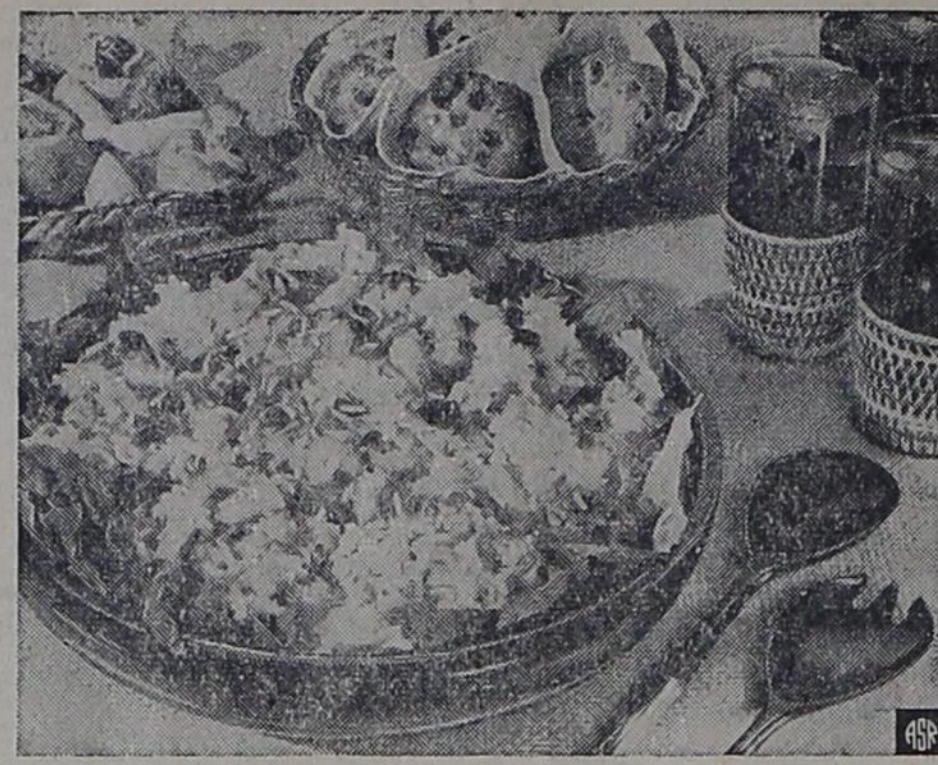

A group of young people from McMurry College in Abilene came to the Bovina Methodist Church Saturday. They were Miss Redah Sue Anz, Ray Rochelle, Miss Dorothy Simpson, Hugh Smith and Miss Sue Walker. Dr. Lloyd Huff, head of the department of English at McMurry College, was their sponsor.

The group met Saturday evening with the young people of the local church for a social at the church. Mr. and Mrs. Jimmie Ware, Rev. and Mrs. Beard and Mr. and Mrs. Dean Hastings were present, with about 35 young people attending.

The Abilene team was in charge of the church services Sunday morning. Ray Rochelle delivered the sermon at the morning worship.

The coming of this group was an inspiration and help to the youth of the Methodist Church and to their friends who were present.

A Bowlful of Salad News

Here's great news, because there's a really "new" recipe to add to the great family of salads. It's a hearty supper salad, made with a base of rice, ready in minutes with packaged pre-cooked rice. What a great blessing these hot, humid days, to be able to prepare a meal for your family that's both hearty and tasty, yet easy and quick. The added flavor of the ham mingled with the cubes of pineapple make it one of the most taste-tantalizing salads ever. This is really fine eating for a warm summer evening!

Ham and Rice Salad

- 3/4 cup packaged pre-cooked rice
- 1/4 teaspoon salt
- 3/4 cup boiling water
- 1/2 to 1 cup mayonnaise
- 1/2 teaspoon salt
- 3/8 teaspoon pepper
- 1 tablespoon lemon juice
- 1 teaspoon grated onion
- 1/2 teaspoon prepared mustard
- 1 1/2 cups diced cooked ham
- 1 cup drained pineapple cubes (fresh or canned)
- 1 cup diced celery

Add packaged pre-cooked rice and 1/4 teaspoon salt to boiling water in saucepan. Mix just to moisten all rice. Cover and remove from heat. Let stand 13 minutes. Then uncover and let cool to room temperature.

About 1 hour before serving, combine mayonnaise, 1/2 teaspoon salt, the pepper, lemon juice, onion, and mustard, mixing well. Combine ham, pineapple, and celery in a bowl. Stir in the mayonnaise mixture. Then add the rice and mix lightly with a fork. Chill. Serve on crisp lettuce. Makes about 5 1/2 cups, or 5 or 6 servings.

To "eat like a bird" would mean to eat one's own weight in food every day. Lancaster, Pennsylvania was the capitol of the United States for one day.

Juniors of Baptist Church Have Study

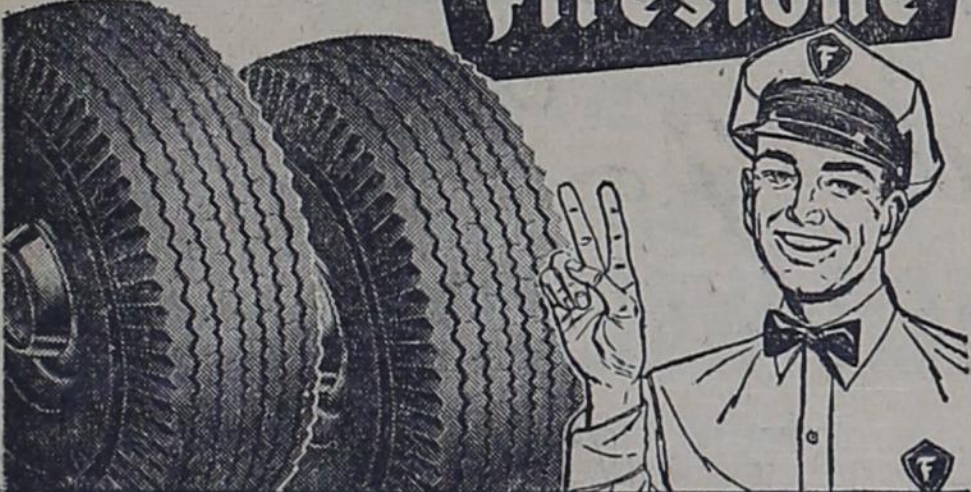

Four nights of last week, members of the junior department of the First Baptist Church met in the church annex for study sessions. The theme of their lessons was Japan. The name of the book which was read to the group by their leaders, Mr. and Mrs. Alva Hudson, was "Koji of Japan." It told of the living conditions of yesterday and today in Japan and the growth of Koji, a little Japanese boy, both in body and Christianity.

Several of the children attended at least three of the study meetings. They were John Goodwin, Joyce Hudson, Ken Horn, Lou Ann Goodwin, Frances and Margie Fuller, Janet Gooch, Paula Kay Kerby, Jimmy Hudson, Ronnie Williams, Jerry Williams, Ronnie and Danny Mack Glasscock.

Thanksgiving

Still Means

THANKS

The Pilgrims conceived Thanksgiving as a day to stop and take stock of all the good things of life.

They had, as today, a constant threat of enemy danger.

They were beset by problems—economic, political, big and little—but they found time to thank God for all the things they enjoyed.

May we keep this tradition going in the truest sense of its meaning.

HERE'S HOW...

MAKE A GUN CASE

A safe carrier protects prize guns from injury. Two of each of the parts, except D, should be made if the case is for two guns. For one gun, one of each part is made.

Use 1 by 10-inch lumber for D and C. On each part C trace the outline of the gun, and cut out the shapes with a coping saw. Sand the pieces smooth and round the sharp edges of the cut-outs. Attach an 18-inch piano hinge, using 3/4-inch screws, recessing the plate.

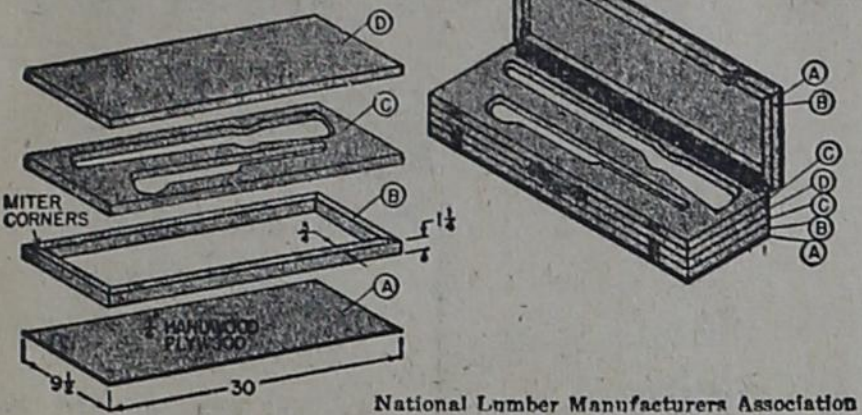

Make the frames, B, mitering the corners and fastening them with glue and 4-penny finishing nails. Use picture frame clamps until the glue has set; then chisel out a recess on one long edge to accommodate the hinge plate.

The hardwood plywood outer face, part A, is attached with glue and 3/4-inch No. 16 brads. Sink the brads and fill the holes with wood putty.

Join the two parts C to part D, one on each side, using wood glue and 1 1/4-inch flathead wood screws. Countersink the screw heads.

When all glued parts have set, fasten the hinges to the lids. Use four small hasps with twist staples to secure the lids. Add a luggage handle, as shown.

Finish the case by varnishing. Felt may be used for lining. Cut-outs may be made also for cleaning rods, an oil can, etc.

National Lumber Manufacturers Association

WMU Meets in Circles Tuesday Afternoon

WMU of the First Baptist Church met in circles Tuesday afternoon. The Blanch Grove Circle met in the home of Mrs. Eddie Hutto and Mrs. Roy Fuller gave the devotional. Mrs. Alva Hudson read the calendar of prayer for the day.

As this was the monthly community missions week for the WMU, the group divided into visiting parties and spent the afternoon visiting the women of the church. Those attending the meeting were Mrs. Fuller, Mrs. Hudson, Mrs. Johnnie Horn, Mrs. Don Murphy and the hostess.

The Rea Buster Circle of the Baptist WMU gathered at the church for its regular weekly meeting. As with the other circle, this was the community missions week and so the group also spent the afternoon visiting with the women of the church. Those present for this meeting were Mrs. J. O. Combs, Mrs. Bobby Englant, Mrs. Glenn Kelley and Mrs. R. N. Williford.

In Abernathy

Mr. and Mrs. Billie Sudderth and son, Ronnie, spent Sunday, November 11, in Abernathy with her brother and family, Mr. and Mrs. L. J. West. While there, they also visited with Glendon Sudderth and Ted Walling who were returning from Abilene after attending the West Texas-Hardin Simmons football game.

WSCS Studies The United Nations

Members of the WSCS of the Methodist Church met Tuesday afternoon in the Fellowship Hall of the church for their regular monthly meeting. Mrs. Mabel Newberry was program chairman, the theme of which was "The United Nations, a Good Trustee." Mrs. L. H. Pesch led the devotional.

Others giving parts on the program were Mrs. Earl Richards, Mrs. George Turner, Mrs. Earl Ware and Mrs. C. F. Hastings. The study was about the accomplishments of the United Nations in helping the world.

Following the study, a business meeting was held with Mrs. Jimmy Charles, president, in charge. A discussion was held about missionary specials and the group voted to sponsor Miss Betty Campbell as their missionary special for the coming year. Miss Campbell will start her work in Cuba shortly after the first of the year.

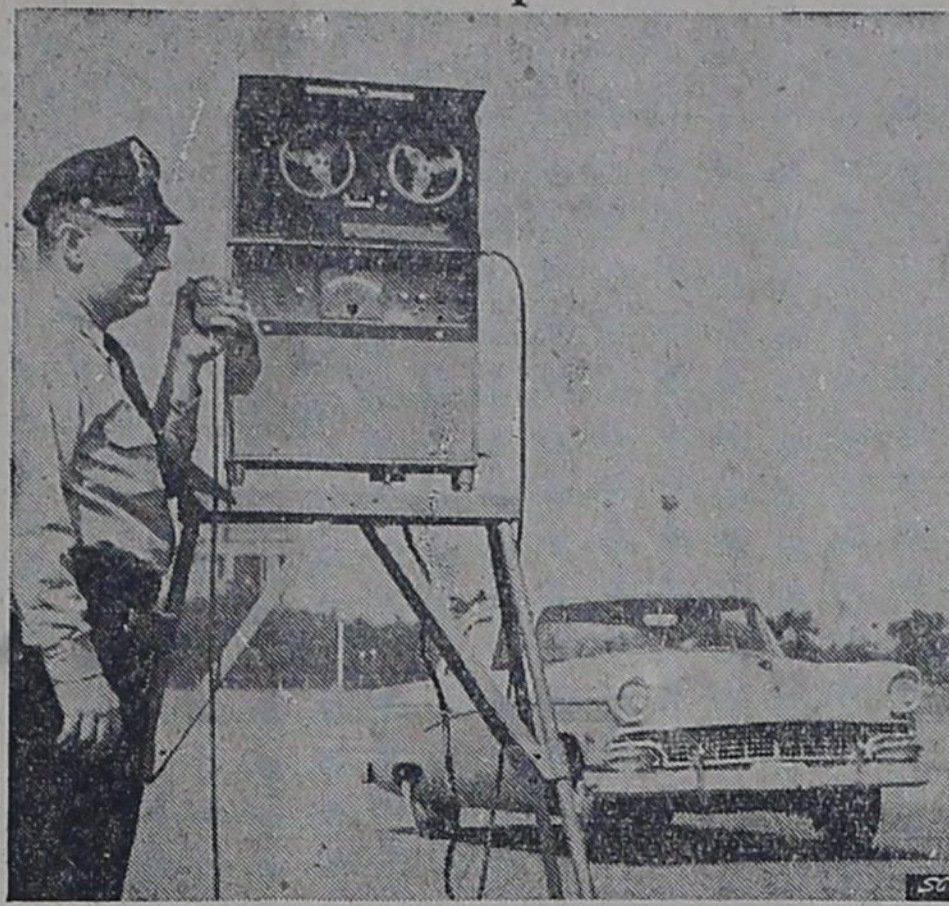

Hostesses for the meeting were Mrs. Mabel Newberry and Mrs. Pesch. They served refreshments of pumpkin pie and coffee to Mrs. Turner, Mrs. Ware, Mrs. Richards, Mrs. Rouel Barron, Miss Ellen Remmsnider, Mrs. Charles, Mrs. Hastings and Mrs. Billie Sudderth.

With Brothers

Mr. and Mrs. F. O. Turner left Wednesday of last week for Edinburg where they are visiting with his brothers, Jess and Arthur Turner. The local couple also plan some fishing and deer hunting before returning home the latter part of this week.

On the sick list last week was Pam Turner, daughter of Mr. and Mrs. Olan Turner. Pam has been in bed this past week, recovering from a case of streptococcal throat condition.

New Radar Speed Meter

CHICAGO—Because excessive speed is the chief cause of automobile fatalities, law enforcement authorities are using more and more speed control devices to check on motorists near schools, community boundaries and busy intersections. Latest device to be produced is a new radar speed meter that does everything but chase violators and write tickets.

Developed by Admiral Corporation, the compact 26-pound unit, shown above, will register the speed of all cars or, if desired, only those exceeding the speed limit. It can be set to "hold" the reading up to two minutes, elimi-

nating the need for the officer to keep his eyes glued to the meter. A description of the car, license number, date and time of violation can be recorded on an optional tape recorder, as Officer John Sweeney of the Chicago Park District Police is doing above. According to officials, the mere presence of "Radar Patrolled" signs in a community causes the average motorist to reduce speed as much as 10 miles per hour. Forty seven of 48 states now using speed radar units report a decrease in fatal accidents in the area of use.

In Ellison Home

Visiting Thursday afternoon in the home of Mr. and Mrs. Buck Ellison were her mother, Mrs. F. W. Ayres, a daughter, Mrs. C. W. Grissom and children and Miss Lola Grissom.

HAVE MEASLES

Cases of the mild, three day measles are showing up around town. Among those having the measles are Penny McCain, son of Mr. and Mrs. Leslie McCain and Randy Kirkpatrick, son of the J. D. Kirkpatricks.

A morganatic marriage occurs between a person of royal family and a commoner.

Slumber Party Is Held in Fuller Home

Several friends of Frances Fuller gathered in her home Friday night, November 9, for a slumber party. They came home from school with their hostess and after a supper of chili and hot dogs, spent the evening playing charades.

A midnight snack of popcorn and hot chocolate was served to the girls before they went to bed. Those present were Jeanie Ivy, Virginia Rea, Kathy Jones, Carole Jean Hastings, Dixie Hartzog, Lou Ann Goodwin, Vivaleigh Steelman, Margie and Frances Fuller. Frances and Margie are daughters of Mr. and Mrs. Roy Fuller.

From Oklahoma

Guests from Chattanooga, Okla., visited a few days last week in the home of Mr. and Mrs. Rob Edens. The visitors, Mr. and Mrs. Wortham Martin, are former neighbors and old friends of the local couple.

Widows Club Meets With Mrs. Glover

Members of the Bovina Widow's Club met Thursday, November 15, in the home of Mrs. J. R. Glover, with 10 members present. After the covered dish luncheon, the annual Thanksgiving program was held.

Roll call was answered with favorite verses of scripture suitable to the season and Mrs. Margaret Caldwell gave a history of Thanksgiving Day.

Mrs. Tom Hastings read an article to the group, written by Faith Baldwin, and titled "Thanksgiving is for Always." The article described modern day Thanksgiving as it is, and as it really should be celebrated.

Those present for the meeting were Mrs. Lillian Wheeler, Mrs. Minnie McCutchan, Mrs. J. Sam Gaines, Mrs. G. E. Free, Mrs. Margaret Caldwell, Miss Ellen Remnsnider, Miss Rita Caldwell, Mrs. Tom Hastings and the hostess, Mrs. Glover. Mrs. Elsie Block was a guest at the meeting.

The next meeting will be Thursday, December 20, in the home of Mrs. Hastings.

In McCutchan Home

Visiting Sunday in the home of Mr. and Mrs. A. R. McCutchan were Mr. and Mrs. C. W. Haddock of Canyon, Rev. and Mrs. A. T. Kersey, and Aubra Ellison. Also visiting were McCutchan's mother and sister, Mrs. Minnie McCutchan and Mrs. Buela Pumroy.

To Tucumcari

Several local people visited Sunday, November 11, in the home of Rev. and Mrs. Shelby Bishop and children in Tucumcari, N. M. Those who drove over for the day were Mr. and Mrs. Von Bowen, her mother, Mrs. J. H. Steelman, Vi-valeigh Steelman, and Glenda and Regina Kelley. Mrs. Bishop is a daughter of Mrs. Steelman.

In Moody Home

Visiting Sunday in the home of Mr. and Mrs. E. H. Moody were Mrs. Travis Lloyd and daughter, Julia Ann and Mrs. Earl Stevenson.

now moved into the new house which has been in the building process for the last month on Third Street.

To Adrian

Mr. and Mrs. Dean McCallum and son, Larry, went to Adrian Sunday afternoon after their daughter, Nancy, who has been visiting there for about a week. She had been staying with her cousin and family, Mr. and Mrs. J. T. Williams.

Accompanying the McCallums on the trip were her mother, Mrs. George Turner, and Mrs. Floyd Dunavant.

To Tucumcari

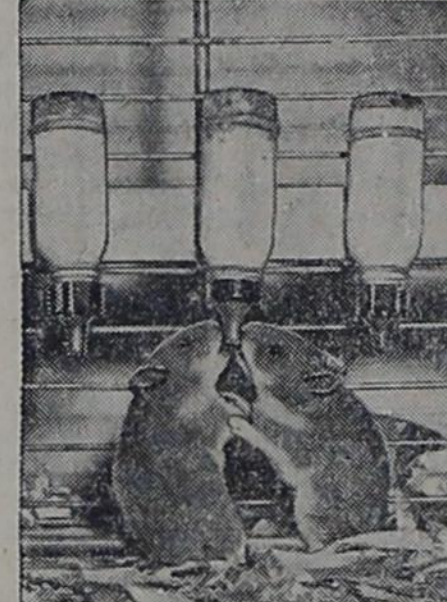

Mr. and Mrs. Alva Hudson and children, Jimmy and Joyce, visited Sunday, November 11, in Tucumcari, N. M. They were guests in the home of Mr. and Mrs. Bill Wilkerson. Wilkerson and Hudson are cousins.

Traffic All Snarled Up!

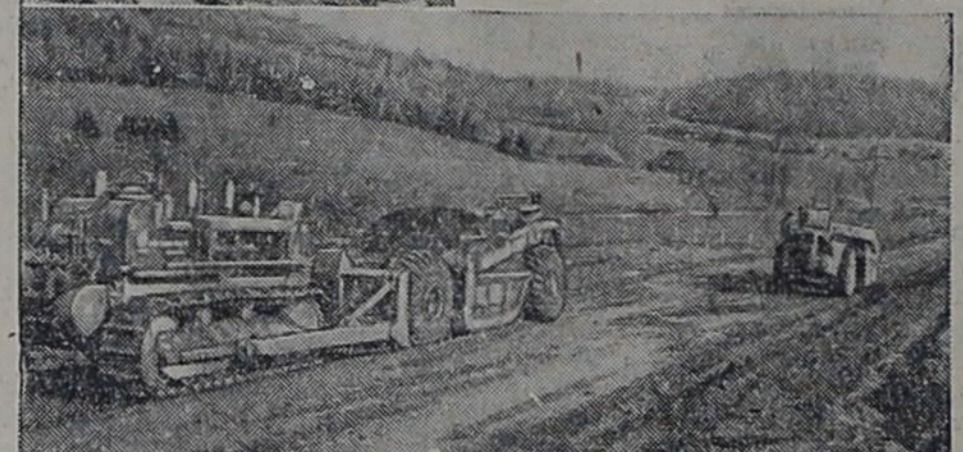

WATER TRAFFIC—How these Venetian boatmen steer their craft without plowing into one another is a navigation miracle. This mass of gondolas and assorted vessels glide along the Grand Canal in Venice, Italy, as part of the traditional festivities marking "The Wedding of Venice With The Sea," climaxing the tourist season.

TRAFFIC BOTTLENECK—This picture presents an unusual traffic "bottleneck"—two hamsters scuffling over the same bottle of milk. When this pair of two-year-olds were abandoned by their mother, an enterprising Irvington, N. J., man came up with this ingenious idea of feeding. (U F Photos)

AIR TRAFFIC—This sight of a mass of TV antennae protruding above a ramshackle weather-beaten house in Moscow verifies Russians have TV reception problems, too. Although Muscovite factory workers seemingly earn only enough for the bare essentials of life, here's proof they enjoy modern luxury items such as TV sets.

BOTTLENECK CURE—Uni's like this International TD-24 200 hp torque converter crawler tractor, push-loading an International Model 55 14 cu. yd. Pyscraper are helping to build roads quickly all over the country which will ease bottlenecks in auto traffic.

LETTERS To The Editor

Dear Editor:

Please continue sending The Blade another year, as we always enjoy the home town news. Having lived at Bovina practically all our lives, we really enjoy hearing about our many friends and relatives through your columns.

Respectfully,
J. C. and Bessie Denney
5324 Taylor Rd.
Fort Worth, Tex.

To Homecoming

Among the many Bovina people who attended the West Texas homecoming at Canyon Saturday were Mr. and Mrs. Arlin Hartzog, Mr. and Mrs. Billie Sudderth, Mr. and Mrs. Paul Jones, Billy Malcom, Adrian Martin, and Dale Malcom.

With Mother

Visiting Sunday in the home of Mrs. Ann Jackson was her daughter and husband, Mr. and Mrs. James Morgan of El Paso. The guests had visited Saturday in Muleshoe with his sister, Mrs. Harold White, before coming to Bovina. They returned to El Paso Sunday night.

To Arizona

Mr. and Mrs. H. J. Charles and son, Billy, went to Arizona over the weekend. The local family left Friday morning and went to Douglas, Ariz., and then into Mexico for a brief visit. They returned home Sunday, via Ruidoso, N. M.

Mr. and Mrs. Tommy Bonds, Jr. and Mrs. Cliff Treinen and Mr. and Mrs. John Hartwell spent the weekend of November 10-11 in Amarillo.
