Commencement week for 49 Merkel High School seniors will start Sunday at 2 p.m. as Baccalaureate services will be held in the school auditorium. Dean Williams, minister of the Assembly of God church will

deliver the invocation and music will be provided by the Burl McCoy Family. The sermon will be delivered by the Rev. John Wagoner, minister of the First United Methodist Church here and the benediction will be delivered

by Jo Davis, pastor of Calvary Baptist here. Mrs. Annette Clark will be the pianist for the occasion. Graduation ceremonies are set for May 18 at Badger Stadium at 8 p.m.

These youngsters didn't quite know what to do at the finish line, so they stopped, quickly. They were some of the more than 500 Elementary and pre-school children that participated Monday. [Staff photo by Cloy A. Richards]

769 ballots cast in primaries

Wade re-elected as Constable

We know where at least 769 Merkelites were at one time or another between the hours of 7 and 7 because that's how many cast ballots in precinct elections held here.

Vernon Wade, Constable of Precinct 2 here was reelected over a field of two challengers. According to the Taylor County Elections office, the tallies were certified by the Democratic Party and were official county wide.

In that Constable's race, Wade gathered 384, Waymon Adcock had 256 and Smith had 66. Precinct wide Wade had 503, Adcock 345 and Smith 101.

In other races here from the local precinct, Merkelites voted this way?

U. S. Senate Kruger 145, Doggett 140 and Hance 317.

U. S. Representative Cowling 103 and Stenholm 547. Texas Supreme Court

John Hill 494 and Sears McGee had 96. Place 2 Sharpe 229, C. L. Ray 251 and Texas Ward 78.

Criminal Appeals Place One Clinton 444, Kitzman 77. Place 2 Greenwood 190, Martinez 64, Stevens 44, Davis 206.

Place 3 Thorpe 131, Phillips 38.

White 190, Heard 11, Ellis 21, Fitzgerald 57, Boyd 88.

State Senator White 232 and Jones 407.

In the Republican primary, 23 cast votes here and Phil Gramm picked up 21 votes in his bid for the U. S. Senate Seat.

The County election office still had not received final word on a recount in the Hance-Doggett-Krueger Senate race, that probably force a runoff between Hance and Doggett. Krueger was narrowly edged out but has indicated he may seek a recount.

by Cloy A. Richards
§ When I am wrong, I can be wrong, but why do I most often do it on the front page?

I said a couple of months ago that a vote for Kent Hance might be wasted in a statewide race because he didn't have the support in the vote rich area East of I-35. Obviously, he did and had enough to come out the winner, at least of round one.

Now the question becomes, of those people that voted for Krueger, how many will now vote for Hance, how many join the Doggett camp?

No telling and I would be the last to publicly proclaim an opinion at this point until a lot more study, which I plan to do soon.

Congratulations are in order to Vernon Wade, constable of the Precinct as he was re-elected here

Saturday. He and candidates Waymon Adcock and Royce Smith ran a good, clean race.

The FFA Banquet came off well Monday night and it was the third time I have seen Heritage Hall full in recent weeks.

If anyone needs someone to do some bar-b-q, you might want to contact J. T. Naron and Bill Riley. They did a fine job on the food for the banquet, as did a lot of FFA moms that pitched in as well.

So, the Russians say they won't come to the Olympics. OK! I can understand, one bad diplomatic move deserves another.

The Merkel Golf Association held a successful Guys and Dolls Tournament at the club this weekend as 42 couples participated. The club's now famous-among-area-youth Youth Tour-

namment is May 19. Fred Toombs, the president of the group said he'd like to thank United Savings for their support of the recent couples tournament.

The Mail would like to congratulate Texas tech for landing the valedictorian and salutatorian of this year's class at Merkel High. Melinda Riney is valedictorian and Brenda Hohhertz is the salutatorian. John Ybarra was the male senior with the highest grade average.

There were a rash of traffic accidents here last week, including one involving two Merkel school busses.

No serious injuries were recorded in any of the accidents but it kept local insurance agencies and police busy.

He may be more than that

Finally

I think of the effects of fate. Life may be of some importance, but if it is as many people think it doesn't matter what you think because that is just the way it is going to be. For me, I still believe there is such a thing as coincidence. A coincidence, the Dictionary says, "Condition, situation or place occurring at the same time or place apparently by mere chance". According to the same source fate is "Divine decree or fixed sentence by which the order of things is prescribed." Some hold to one belief while others lean the other way. There is the possibility that many hold both positions to be true as they take the position of fate or the matter of coincidence as best suits their purpose at a given time or place.

The point is- I was in need of someone to help me with some heavy digging and cement work. I had searched for a worker- and had been promised help. It didn't take long to realize the job was more than I could do myself and as I put the shovel down I turned to see a man walking down the road past my house. I spoke to him and he went on his way. It was time for me to take a rest and I decided I could rest while driving that man to wherever he was going. As I caught up with him, I opened the door and motioned for him to get in. With some hesitation, he did so without a word because we did not speak the same language.

We arrived at the house he pointed out and he got out as he spoke two words he had been taught to say in the new country, "Thank You". Later on in the evening, I was contacted by the owner of the house about the man working for me. Whether or not the man was playing politics, I do not know. He told me he did not know the worker was staying in

his house, but that he probably needed work. There I had been, digging in my yard- needing a worker- and there stood a man by the side of my yard needing work. All of you will proclaim that chance meeting as either fate or coincidence- or both. I simply call it my lucky day.

That man worked for me for 12 days and he was one of the best workers I have been around. He knew more about the business than I did and it turned out I was working for him. We would not stop working so I could rest. He almost got fired the third day he worked for me. I took him behind my house in a small half acre plot where I had stored the leftovers of five years of building my place. He looked around and spoke three of the dozen or more English words he knew, he simply waved his hands over the place and said

"Pickup-trailer-dump." It was plain enough for me to get the message. When we finished with the digging and cement work, we spent two days with the pick-up-trailer, and then the dump. I didn't turn my head but a couple of times as he did the loading but he still loaded up a lot of my goodies. I looked in the trailer to remove them but I couldn't tell which was my goodies from the junk so I let it all go.

It was a good experience for me as I finally shared with farmers or others the blessing of having a native of another country work for me. It made me feel important. If by chance or fate a Border Patrol officer reads this article, surely he will know that a person writing a column for a local newspaper on a weekly basis will stretch the facts a little to get a good story.
