## July 4th Events Well-Attended

The Bovina July 4th celebration has been deemed a success, thanks to the hard work and good planning of a number of Bovina citizens.

The fact that the celebration was conducted on one of the hottest July 4ths in recent years, with the temperature reaching 95, but seeming higher due to lack of wind, did not dampen the spirit of the activities.

KZZO's Joe Frank Wheeler was the announcer for the events. Connie King, Terri Sorley, Ted and Joanie Lindeman conducted the Pet Show.

Chairpersons for the Almost Anything Goes events were Joe Bradburn, Gregg Wilson, Bob Owen, Kathy Boozer, Debra Beauchamp, Frances Willard, Garry Beauchamp and many helpers.

The Little League Association did a terrific job handling the concession stand. Pat Read was in charge of the programs. Billy Whitecotton headed the AAG committee. Virginia Rhodes was in charge of the lawn furniture raffle.

Those helping with the fireworks display and fire truck were Bob Owen, Don and Gladys Spring, Arty Kunselman, Andy Garza, Terry Brax and Charlie Teague.

Businesses sponsoring the AAG teams were Bovina Pump, Bovina Blade, Bovina Fuel and Supply, Bovina Super Market, Charles Oil Company, Kirkpatrick's, Mustang Drive In, Teddy King's Trucking, and Prime International.

Appreciation has been expressed for all the people who helped, participated, watched and attended. Because of the fine Bovina people, the day was very successful and perhaps next year, it will be even bigger and better.

Results of other July 4th activities are as follows:

The July 4th celebrations at Bovina Football Field got started at 3 p.m. Thursday afternoon when thirty-one youngsters took part in the Pet Show.

Two age groups, 0-6 and 7-12 entered the competition.

First, second and third place winners of the younger group were Jason Stone and his dog Blackie, Tony Beauchamp and his bird Sam and Josh Willard and his dog Ace.

In the older group, first, second and third places went to Jo Linda Hodnett with her crab Digger, Mandy Wilson and her horse Sugar, and Darren Hromas with Angela (the missing cat).

Several awards were given for all sorts of talents. They were: Kip Murphy, best mannered; Rachel Turner, most distinguished; Willie Bell, best moustache; Jenny King, reddest; Scott Sherrill, best groomed; Amy Venable, most feisty; Priscilla Martinez, sweetest; Rebecca Gomez, fluffiest; B.J. Martinez, strongest; Jeremy Willard, happiest; Jamie Stanberry, most character; Lisa Hromas, prettiest; Lori Beauchamp, softest; and Amber Willard, shortest.

Coville, meanest.

The best thing about the Pet Show for the youngsters was that everyone was a winner!

First place winner was the Mustang Drive-In. Second went to Bovina Supermarket, and third place went to Bovina Pump Company.

Members of the third place team, Bovina Pump, were Denver Riddle, Scott Scaff, Billy Scott Sudderth, Brenda Riddle, Linda Marshall and Libby Marshall.

**FIREWORKS....**Just one example of the many pretty displays which were put on for residents of the Bovina area at the July 4 fireworks display. A good crowd attended the display, held at the Bovina Football Stadium, and was a good way to end a fun-filled day of activities.

## Court Discusses Highway 60 Work

Rhea Bradley, resident engineer for the State Department of Highways and Transportation, met with the Commissioner's Court at its June 24 meeting, to discuss the widening of U.S. Highway 60 through Parmer County.

Bradley has indicated that purchase of right-of-way is underway on the northeast side of the project, at Summerfield community in Castro County. He stated that it was ironic that there will be more property owners involved in the highway project in the Castro County community than from that point on in to Friona.

The right-of-way procurement has not begun in Parmer County as yet, and Judge Porter Roberts says that he expects the county's share of the cost in the project to be approximately \$200,000.

Roberts said that the Highway Department seems to be working at a steady pace on the paper work involved in the widening of the road to four lanes, and that we might see some physical evidence of the project by fall.

Gerald Baker met with the court to explain coverage available through Travelers Insurance Company. The court agreed to study the proposal.

Sheriff Bill Morgan met with the court to discuss implications of the Garcia decision by the U.S. Supreme Court considering the time and overtime for county employees. It was decided that guidelines would be drawn up as soon as information is received, so that a county policy on the situation can be formulated.

A delegation from the county's branch office of Central Plains MH/MR Center gave an annual report on the MH/MR Center in Plainview.

A statement was received from Sherrill Lumber Company of Bovina, stating that the work of renovation on the ladies' restroom had been completed. A motion was passed to pay the remainder of the contract for the renovation work.

A delegation from the Farwell Convalescent Center met with the court requesting ideas for help for one of its residents. Judge Porter Roberts promised to try to find avenues of assistance for the person involved.

A motion was passed to renew a certificate of deposit for the Farm

to Market funds, from June 28 to July 31, 1985, in the amount of \$200,000.

A motion was passed to allow soil work by county machinery on several county farms, when the machinery is not otherwise in demand. Cost of such work is paid by the individuals.

Those approved for the work were Norvell Strawn, C.N. Treinen, Richard Steelman, Dee Chitwood, Don Gerles, Bruce Billingsley, E.W. Bass, W.D. Howard, Fred Chandler, C.R. Dale, Bill Martin, Joe White, Adolph Haseloff, Gene Hardage, David Routon, K.E. Johnson, C.W. Dale, Wayne Clark, Royce Barnes, Bill Hunt, Rusty S. Whitt and Max Steinbock.

## Nuclear Waste Program Is Set

Residents of the Bovina area are invited to a meeting Tuesday, July 23, in Amarillo, to learn more about the high-level nuclear waste repository that may be located in Deaf Smith County.

The program is scheduled from 4 to 9:30 p.m. in Exhibit Hall of Amarillo Civic Center, with the first part of the session devoted to giving the public an opportunity to visit with and question persons present to explain aspects of the project. Speakers will make formal presentations beginning at 6:30 p.m.

The Department of Energy is sponsoring the meeting, the first of its kind to be held in Amarillo, and more than 30 government representatives will be present to outline plans and answer questions about the proposed facility.

Also present will be spokesmen for citizens opposed to locating the nuclear dump in a nine-square mile area in northern Deaf Smith County, one of three sites designated as "finalists" in the search for a place to store the nation's most dangerous nuclear garbage.

Mrs. Beulah Lee Carter of Amarillo, chairman of a temporary committee organized last month to fight choice of the Deaf Smith site, announced plans for the groups' representation at the upcoming meeting.

Among spokesmen for the group, she said, will be Wayne Wyatt, manager of Hi-Plains Underground Water District No. 1, of Lubbock; Wayne Richardson

of Richardson Feeds, the nation's largest producer of certified seeds, and which is located within the proposed site for the nuclear dump; Don Hancock of Albuquerque, joint technical assistant to both POWER and STAND, anti-dump organizations formed in Deaf Smith and Swisher counties, respectively; Carl King of Dimmitt, president of the Texas Corn Growers Association; and Angela Lamb, head of the Amarillo office of the Texas Agriculture Department.

Also expected to be at the meeting to ask and answer questions on effects of a nuclear waste repository in this area will be representatives of a variety of agriculture, agribusiness and livestock interests, according to Mrs. Carter. Tonya Klueskens of Hereford, president of POWER, and Delbert Devin of Tulia, president of STAND, plan to attend, along with Panhandle legislators and other public officials, she said.

The temporary committee will be seeking to recruit members for a permanent organization to join groups already formed in Tulia and Hereford to fight location of the repository in the Panhandle.

"A good attendance from a wide area will help convince the DOE that our people don't want that dump," said Mrs. Carter.

"People need to see that DOE has no answer to many of our questions about dangers of dumping nuclear garbage in our area," she said.

**THE RIVALRY OF** certain Texas cities will not be diminished by a report we received recently, which rated metropolitan areas across the nation on the basic costs of owning a house over a year's time.

The factors considered included annual average utility bills, annual average property taxes and annual average mortgage payments.

Two Texas cities in the Rio Grande Valley led the way for the state, ranking second and third, respectively. The places were McAllen-Edinburg-Mission area and Brownsville-Harlingen.

Two other state communities in the north and northeast Texas area, Texarkana and Sherman-Denison, ranked 12th and 13th in the study.

Waco ranked 25th in the homeowner cost survey; Laredo was 28th, Abilene was 33rd on the list, Beaumont-Port Arthur came in 38th, and San Angelo placed 40th.

Coming our way, Wichita Falls was number 46, and Amarillo was 58th. The surprising factor was that Lubbock, generally considered close to Amarillo price-wise, ranked 100th on the list.

Other Texas cities ranked between Amarillo and Lubbock included Longview-Marshall (62nd); Odessa (70th); San Antonio (93rd) and Corpus Christi (96th).

The Lubbock-Amarillo-Wichita Falls rankings sound good when you locate Fort Worth-Arlington on the list and find that it is 174th in the study; Dallas, which came out 256th, and Houston, which ranked 269th out of the 329 "metro" areas in the United States.

It may come as no big surprise that among the cities ranked the "300" mark were Anchorage, Alaska, 307; New York City, 312; Washington, D.C., 314; Los Angeles, 316; San Diego, 321; Anaheim, 324; Honolulu, 326 and San Francisco, 327.

The report also gave some interesting figures, such as the fact that apartments comprise 56 per cent of all living units in New York City. Apartments make up 43 per cent of all dwellings in Austin.

West Palm Beach, Florida, is the condominium capital of the nation, as 33 per cent of its dwellings are in this category.

Ten Texas cities were among the top 11 cities in air conditioning needs. Phoenix, Arizona led the list, followed by Laredo, Galveston-Texas City and Corpus Christi.

Tucson, Arizona, Miami-Hialeah, Florida and Las Vegas, Nevada, were 5-6-7, followed by four more Texas spots: Dallas, Sherman-Denison, Brownsville-Harlingen and McAllen-Edinburg-Mission.

On the other side of the coin, it was not surprising to see that in the "heating needs" category, the study had Anchorage, Alaska, at the top of the list, followed by Grand Forks, North Dakota, Duluth, Minnesota and Fargo-Moorhead, N.D.

Other cold-weather kings were Bismarck, N.D., St. Cloud, Minnesota, Bangor, Maine, Wausau, Wisconsin, Eau Claire, Wisconsin and Minneapolis-St. Paul, Minn.

In the ratings for property taxes, cities in Louisiana and Alabama took all ten ratings in the lowest taxes, while those in Connecticut, Massachusetts, New Jersey and New York set the highest taxes.

# Out on the JOB WATCH UP FOR POWER LINES

Out on the job, power lines bring needed electricity to the site. But they can be dangerous... if you don't watch up! You need to be especially careful when you are handling re-bar, pipes, scaffolding, or tools that are long enough to contact overhead lines. Contact with power lines is also a potential danger to operators of front-end loaders, dump trucks and any other equipment of unusual height.

Keep an eye up for power lines. Watch up, for safety's sake.

# Scooter's Scoops

By Scooter Russell

The July 4th celebration last Thursday was a huge success, thanks to the many people who worked so hard. We appreciate all of you...I will be on vacation next week, so if you have news for the paper or for the Scoops...please give the office a call.

Gladys Wright will be entering St. Anthony's Hospital in Amarillo this week for surgery. Her mother will be in Bovina for several days with Gladys.

Jim and Idella Owens have had company in recent days. Their granddaughter, Tonya Kay Long and her friend Karen were visiting from Seminole last week and while here the family went to Ute Lake so the girls could water ski.

On Sunday evening, their grandson, Brad Owens, visited in their home. Last Saturday, Jim's cousins, Mr. and Mrs. Hubert Duren of Electra, Texas, came for a visit and are still in Bovina and will be here for a few days.

Idella was telling me that she and Jim have a new great-grandson, Dustin Edward, and his parents are Steve and Terry Owens of Amarillo.

Bessie Webb's two brothers and their wives, Mr. and Mrs. Tommy Tidwell of Nowata, Oklahoma, and Mr. and Mrs. Fonzo Tidwell of Belleville, Arkansas, were visiting in her home recently. Her daughter and family, June and Tommy Muse and children, Sheila and Bryan, were here over the weekend. They came on the 4th and left Sunday evening.

While here, they took Mrs. Webb to Clovis and the family enjoyed seeing the fireworks. All five of her daughters, Ann Lee, Polly, Joyce, June and Pam, were with her Saturday evening.

Deanna and Gary Cooner and family of Oklahoma City visited in Bovina with their family. Deanna's parents are Buster and Mearle Morgan. They came Saturday and left Monday.

Esta Lee Lide had a good time last week getting acquainted with her new granddaughter, Angelia Draper. Esta Lee went to Almagordo to be with her daughter, Donna Beth, and family when the little girl was born. She also enjoyed visiting with Angelia's big sister, April.

Esta Lee went to Almagordo a week ago Friday and returned home the following Wednesday.

We express our sympathies to Pearl Murry on the loss of her brother, Merwyn Purdy, who died July 3 near his home at Topeka, Kansas. Pearl's other brother died July 3, 1983. Pearl attended funeral services.

Durward and Fern Bell have had their daughter and grandchildren, Karen, Cody and Capi Grissom of Montrose, Colorado, visiting for a few weeks. They spent two weeks at the Fairfield Resort at Pagosa Springs, Colorado.

Karen returned to Colorado and her children stayed in Bovina with their grandparents for two weeks.

While here, the family visited Fern's mother, Ann Cooper of Gruver. Fern said it was quite around their place, but they had had a great time.

Paul and Ola Lee Jones have had company during recent days. Paul's brother and his wife, Mr. and Mrs. Carl Jones of Talco, Texas and their son and his family, Mr. and Mrs. Ronnie Jones and sons from Tyler. They came on the 4th and stayed until Sunday.

Our sympathies to Burl Taylor in the death of his father, Clifford Taylor, 75, of Tahoka. Services were held last Friday in Tahoka. Survivors included one daughter and three sons.

Henry and Nelline Spicer have been to Boswell, Oklahoma. They attended family reunions held at Henry's mother, Daisy Spicer's home and Nelline's mother, Nell Gordon. All of Henry's sisters and his brother were together with their mother.

It was the first time that all of his family had been together in 19 years. Nelline, her two sisters and one brother were together with their mother.

On the way home they spent a night in Mesquite with son, Marty and Audrey Spicer. The family enjoyed being together and the Spicers returned Sunday after being away for ten days.

Floyd and Ann Lee Engant, their daughter Mary Rose and her children vacationed recently at the Big Horn Cabins at Cloudcroft, New Mexico.

While there, they visited the Sun Spot Observatory. Ann Lee said one telescope 100 feet long was buried in the ground and one could see many miles when they looked into it.

They had a good time even though it rained and hailed while they were there. They went a week ago last Friday and returned home the following Sunday.

Radford and Kay Venable have had family visiting over the weekend. Kay's parents, Roy and Delorse Stone and daughter Lori were all visiting from Plano and Kay's grandmother, Meme McElwany of Amarillo. They came last Friday and left Monday.

Lois McCutchan underwent back surgery in an Amarillo hospital. We were unable to reach anyone with information but the surgery was last week.

P.O. Dixon flew to Houston and visited his son, Robert and Pearl Dixon. Robert's son, Billy Paul, his wife Cathy, and sons, Corbett and Coran Lee were there from Norway. Billy Paul works for EXON in Norway and P.O. said there was a possibility that they may be transferred to London.

He also said his son, Robert, is a civil engineer, and supervises pipe line building all over the country. There is a possibility that he may be going to Columbia, South America.

P.O. had a great visit with the family, but one day they all had a close call, when they were involved in an accident. His daughter-in-law, Pearl, was driving and all of a sudden, according to P.O., there was a small obstruction on the highway. Pearl slowed down, then stopped. That was when a bus struck their automobile from behind. P.O. was not injured and neither was Billy Paul's little daughter, Kathy, who was sitting in someone's lap. P.O. said he was the only one not "buckled up."

The others were treated, but not hospitalized. P.O. said he did lose a hat in the deal but that was replaced. He did have his eyes examined and was told that his sight had improved. He had a good trip and was glad to be home.

Bob and Aletha Wilson enjoyed company over the 4th, Bob's sister and her husband, Wanda and Lee Rogers from Amarillo.

If you have not picked up the pictures used in the senior issue of the Bovina Blade, please do so. Thanks.

Rodney and Suzanne Murphy and sons, Adam and Kip, of Abilene were in Bovina over the 4th to visit their parents, the Don Murphys and the A.M. Wilsons, and to enjoy the activities of the day.

Have a good week and thanks for helping with the Scoops... Scooter.

## Youth For Christ Plan Activities

Sunday, June 30 at 6 a.m., the YFC had a kidnap breakfast. There were 33 young people attending. The group had donuts and juice, played games and discussed the plans for YFC for the remainder of the summer.

The prize for the "Beauty and the Beast of the morning" were given and Penny Riley and Chet Hawkins received the honors.

In the afternoon, the group enjoyed games and fellowship.

July 7 at 4 p.m., the YFC had a special guest, Mrs. Laura Walters of Midland, who came and participated with the YFC during their fellowship time. She gave a concert at the United Methodist Church in the evening. Immediately following the concert, the YFC sponsored a free supper in her honor, held at the Fellowship Hall. Donations were given to the YFC at the meal. A love offering was given for Laura for the expense of her trip to Bovina. After the meal, nineteen young people gathered at Tammy and Dennis Willard's home for Cokes and fellowship.

The next two activities planned for YFC are: Sunday, July 14, there will be a scavenger hunt, a very unusual one! Items that will be collected are as follows: diapers (any size), shampoo, deodorant, toothbrushes, baby powder, toothpaste, baby lotion, any women's clothing, any children's clothing, powdered milk, canned vegetables, turkey (whole, frozen), peanut butter, ham (canned), cake, cookies, brownie mixes, rice, canned fruit, beans (dry), soup, sugar, cooking oil, flour, shortening, macaroni or spaghetti, canned meat (tuna, spam, etc.), noodles, jello/pudding...or money.

The group will be divided into teams and will receive points according to what they collect. Prizes will be awarded to the team with the most points.

July 20, the items will be loaded and delivered to the Battered Women's Home in Amarillo.

Your donation of goods will be fun for the youth and appreciated and needed for the home.

If you will be home between 8 and 10 p.m. on July 14 and wish to donate anything, please contact

Tammy Willard at 238-1101. Arrangements will be made to pick them up at your convenience.

While the group is in Amarillo on July 20, plans are to eat lunch at Showbiz Pizza, go to Wonderland Park for the afternoon, picnic supper at Palo Duro Canyon and see "Texas" that evening before returning home.

If you are a young person and have not joined YFC, you are encouraged to do so. If you are an adult and would be willing to help sponsor some of the projects and trips, please give Tammy a call.

Youth--Ever heard of Rabaten, Farkell or Lock-in? Come to YFC on July 14 and find out all about them!! July 14 at 7:30 p.m.
