BOVINA, TEXAS

VOL. VIII, NO. 3

## WHITTLIN'

BY DOLPH MOTEN

Confronted with another unusual request this week, we were unable to be of assistance.

Wilbur Charles said that he was trying to find out names of some Republicans in Bovina area. We could think of a couple, but not enough to do him any good, we figured.

Mr. Charles said that Les Bruns, Parmer County Republican chairman, had written him requesting that he (Charles) send names of Bovina Republicans.

That was a pretty rough request to fill, Mr. Charles figures, and he says that he doesn't know for sure that he's a full-fledged Republican himself.

Actually, though, Bovina Republicans shouldn't be so terribly scarce.

Why, back less than two years ago—in November of 1960 to be exact—there were more Republicans than there were Democrats. At least that's the way they were when they marked their ballots in the general election.

That's a real strange thing about Republicans. Less than two years ago, they were in majority. Now, you can't find enough of them to make a list of any decent list at all. It seems that they're here today and gone tomorrow.

In case of good Democrats, though, they seem to be more permanent. They're good Democrats at election time, during "off" election years, as well as everytime you see them and talk to them.

Republicans are different. In this area at least, they're not as consistent. It's hard for us to understand all we know about the situation.

For instance, it's hard now to find anyone who voted Republican in '60. But we all know that more than half the people did. We strongly suspect that half of that half in question are extremely proud they lost their vote and that Democrats are in office.

You don't have to be real smart to figure out that this section of the country is better off financially because of the change in government administration in '60. Frankly, we'd like to see a two-party system in Texas. We had hoped that maybe we were getting a step closer to same during past few years.

However, we're about to decide that the little dab of success Republicans have had politically in recent years isn't going to aid the two-party effort but little, if any.

Too many people don't want to cross over the political line on a more-or-less permanent basis and admit they're Republicans and proud of it. A few will do that, of course, but not enough to accomplish any real good from a two-party standpoint.

It looks from here as though Texas will continue to fight its big political battles in Democratic primaries and then have a general election in November for sake of formality.

If that's the way it's going to be, it's all right with us. But we would kinda like to get the Republicans in or out. That would be better than having them tire their legs out jumping back and forth across the fence. That's the part we don't like.

A Democrat who's a Democrat until election time isn't worth much to either party. Sure, he casts another Republican vote, but if he were a member of one party or another, he might influence several votes. Such is not the case if he talks one way and votes another. People like that usually don't carry much influence.

We say most all of that to say this: Jack Seale, Republican candidate for U. S. Representative, is slated to be in Bovina Monday. We hope there'll be a good crowd out to hear him. We, as a community, owe any candidate for such high office the courtesy of turning out in a decent-sized number to hear what he has to say.

We plan to be on hand, if we don't have too many conflicts.

Who knows, he might have (Continued on page 2)

10 DAYS OR TWO WEEKS--

## Paving Project Snagged By Still Another Delay

Bovina's proposed paving project, delayed for the past three months by technicalities, received another set-back last week.

This one, which involves legal

work, is expected to be taken care of this week, however, Mayor Boyd Gilreath says. After it is taken care of, only hold up will be the contractor, Pioneer Pavers, Inc., of

Lubbock.

The contractor is presently doing some curb, gutter, and paving work in Farwell, but is slated to be finished within next 10 days or two weeks.

After that, Gilreath says, there's no reason that he is aware of at present that will keep project from progressing as originally planned.

Contract for the project here was formally let to the Lubbock firm in a special session of city council Wednesday of last week.

Contract calls for installation of curbs and gutters of some 20 blocks on Third Street, Highway 86, and FM Road 1731. (State will provide additional paving on these routes.) Also included in the project will be some 20 or more blocks of street improvement which will include paving as well as curbs and gutters. This part of the project will be done in residential areas.

Cost to property owners for paving, curbing, and guttering will be \$4.30 per foot while cost for curb and gutter only will be \$2 per foot.

"We haven't run into any major problem this time," Gilreath says, "the big reason for putting off the start of construction is that the contractor is not quite through at Farwell. Work will start here when it is completed there."

ONE OF THREE -- Shown here is result of one of three auto accidents in Bovina Thursday and Friday. At left is '59 Ford belonging to Eddie Ross and in foreground is '57 Chevrolet which was driven by Mrs. Finley Rodgers. The accident occurred Friday afternoon in front of Wilson's Super Market on Third Street.

FRIDAY THE 13th--

## 3 Auto Wrecks Here In 2 Days

Friday, the thirteenth, proved to be as unlucky as its reputation in Bovina.

### Republican Candidate Plans Visit

Politics are slated to start popping in Bovina again Monday morning.

A Republican will be here to ask for support of Bovina voters.

He is Jack Seale, mayor of Amarillo, who is seeking election to office of U. S. Representative from 18th Congressional District, the post now held by Democrat Walter Rogers.

Seale will speak at Bovina Restaurant at 9 a.m. Monday, Wilbur Charles announces.

All voters are invited to hear Seale, Charles says. Coffee will be served.

A Republican making a speech in predominantly Democratic Bovina will be a rarity.

Last politician to make an official appearance here was Democrat Don Yarborough during his recent campaign for governorship.

There were two auto collisions here that day. And as perhaps a warning as to what was to come, there was one collision Thursday afternoon.

There were no serious injuries in either of the three accidents.

The Thursday wreck occurred some three miles south of town. It involved a '60 Oldsmobile owned and driven by Edward Isaac, owner of Bovina Dry Goods, and a '61 GMC pickup driven by Garry Beauchamp, son of Mr. and Mrs. Alva I. Hudson, and a '60 Pontiac driven by (Continued on page 2)

Later in afternoon Friday, a collision at intersection of FM Road 1731 and Third Street involved a '56 Pontiac station wagon driven by Lunn Hudson, son of Mr. and Mrs. Alva I. Hudson, and a '60 Pontiac driven by (Continued on page 2)

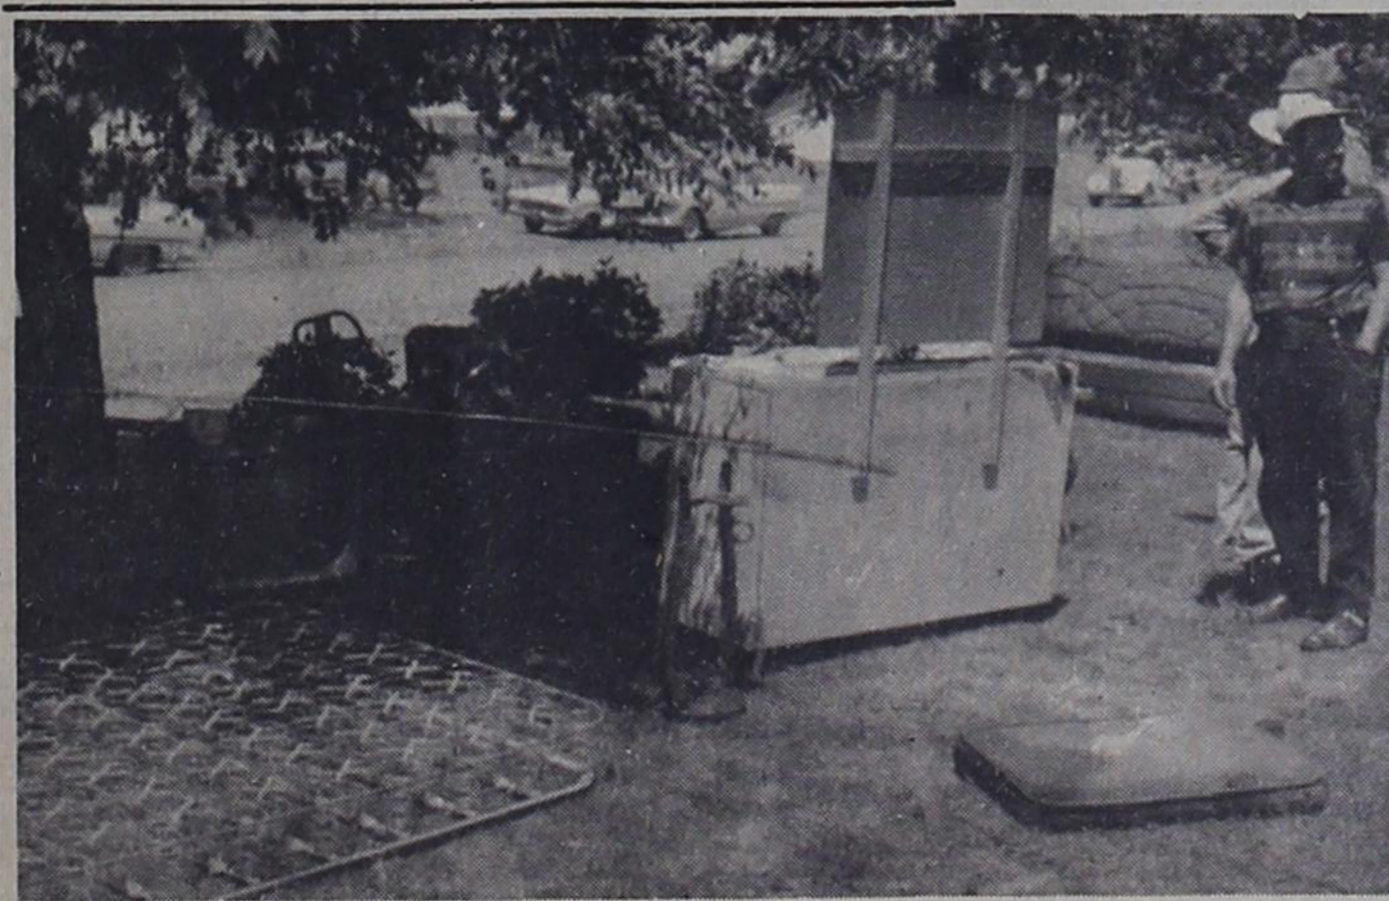

At time of the accident, Isaac was driving south on FM Road 1731 and Beauchamp was coming onto the pavement from a side road.

Damage to both vehicles was extensive.

Friday afternoon, a '59 Ford owned and driven by Eddie Ross, collided with a '57 Chevrolet driven by Mrs. Finley Rodgers at intersection of Third Street and Avenue E.

Mrs. Rodgers was driving south on Third and Ross was pulling away from Wilson's Super Market when the accident happened.

Damage to the Ross car was estimated at \$200 and to the Rodgers car at \$600.

SALVAGED FROM FIRE--Some of furniture salvaged from home of Mr. and Mrs. Warren Queen during the fire Monday morning is shown on front lawn. Included in the items saved are bedroom furniture, living room furniture, and television set. Most of the items taken out of the house were damaged by smoke, water, or heat.

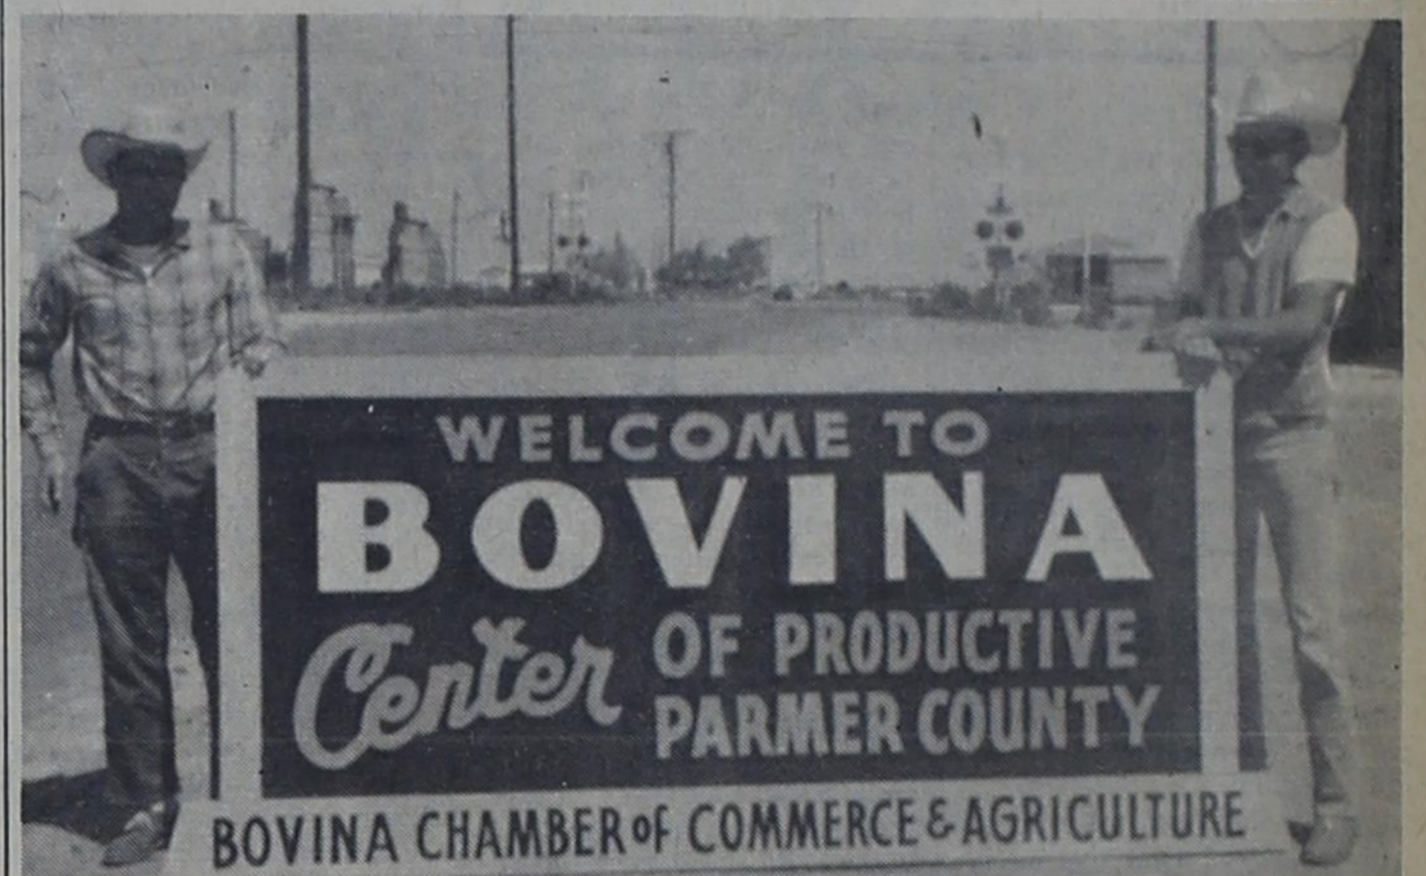

### Babe Ruthers Lose Pair To Friona

H&M Garage-Sherley Grain, Bovina's Babe Ruth baseball team, dropped a pair of games to Friona teams last week.

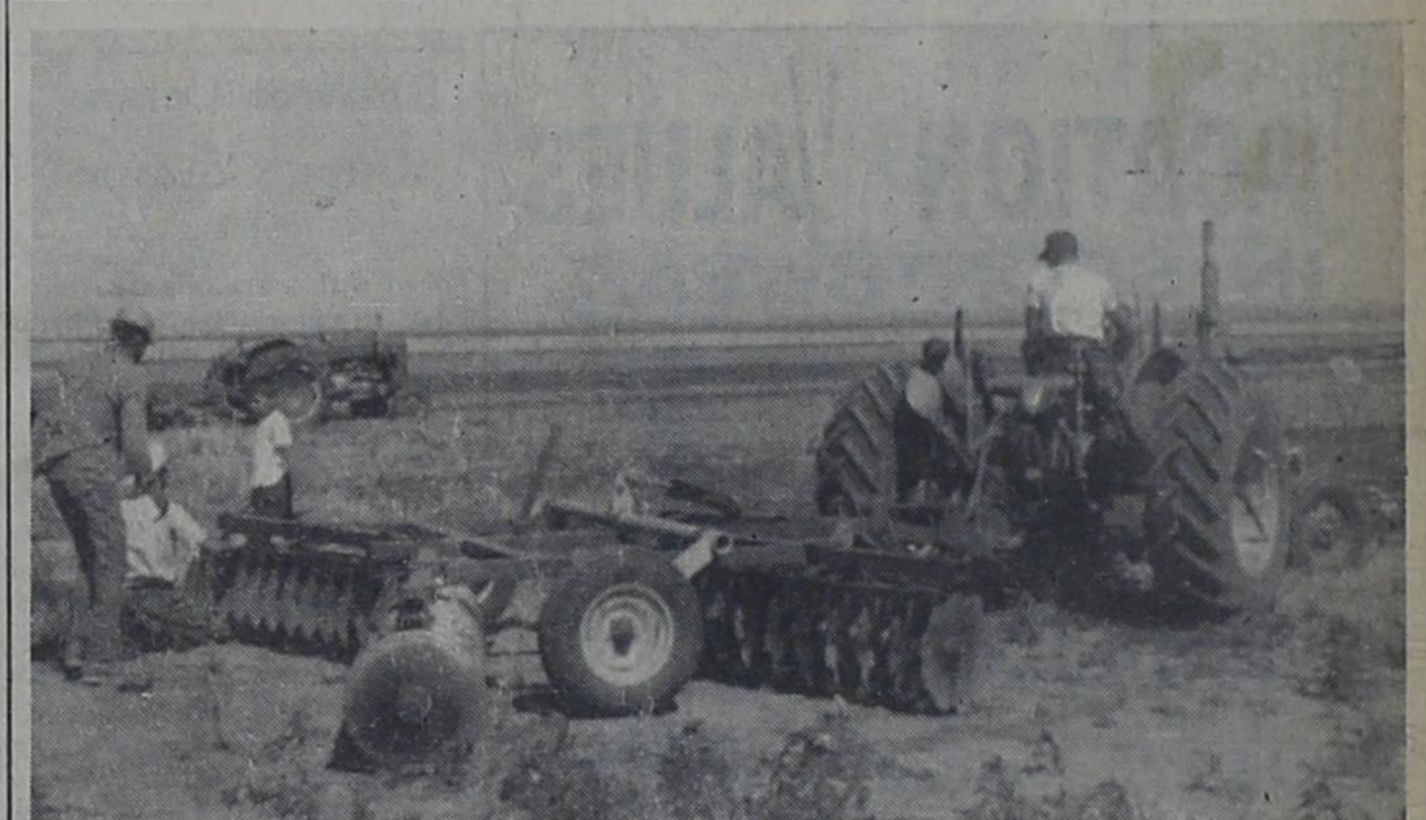

Playing there Thursday night they took a 19-8 shellacking from Parmer County Implement Co.

Chester-Fleming Gin came here Saturday night and edged out a win by a score of 8-6. Gene Pruitt and David Anderson took the rubber for Bovina in Thursday's game.

Stone was losing pitcher in Saturday's fray. He was relieved by Anderson in sixth inning.

WELCOME SIGNS--Five signs identical to the one displayed will be erected on roads leading into Bovina. The signs are a project of Bovina Chamber of Commerce and Agriculture, Chamber Manager Jack McCracken, right, says the signs will be put up "the first time it rains" and he can get a crew together to set the posts. Assisting McCracken with holding the sign is Leon Grissom, chamber member. The signs were painted by Don Stone.

WORK DAY--Two of more than a dozen tractors with tandem discs which plowed wheat stubble on Wendell Garner farm Monday are shown in the field. Making an adjustment on rig of Jimmie Charles are Charlie Ramirez, operator of Bedford Caldwell's tractor shown in background, Charles, and Johnny Charles, Richard Kaminsky is the tractor.

### Weather by Willie

Scattered showers are better than none. Hold a stiff upper lip, you may get under one of these, soon.

---Willie

MOVED TO GALVESTON HOSPITAL--

## Farmers Plow Garner's Land

Wendell Garner, Bovina farmer who was seriously burned in a wheat stubble fire three weeks ago, was transferred to a Galveston hospital Monday.

He had been confined to Parmer County Community Hospital in Friona since the accident.

Skin grafting and treatment will be performed at Galveston, according to his brother, Keith Garner.

Friends and neighbors of Garner plowed his wheatland at a workday Thursday. Farmers participating in the plowing were Bedford Caldwell, Jimmie Charles, J. D. Kirkpatrick, Don Murphy, Jess Stowers, Ross Thomas, Harold and Charles Hawkins, J. B. Barrett, John Dixon, Roy Dodson, Charles Vickers and Travis Dyer.

Garner is expected to be in the Galveston hospital for a four to six month period. He was taken there by plane Monday.

Some 300 acres of wheatland were plowed by the group. Work started in the morning and was completed by 5:30 Monday afternoon.

### 3 Attending FFA Meeting In Ft. Worth

Two members of Bovina FFA Chapter, with Chapter Advisor Roy Crawford, are attending state FFA convention in Fort Worth this week.

The three-day session, which began today (Wednesday), will include the awarding of advanced degrees, scholarships and awards to outstanding members of the organization.

Dickie Clayton and Delbert Morris are members of Bovina chapter attending. Clayton was elected voting delegate for the chapter while Morris is serving as alternate delegate.

The Bovinians will return home from the meeting Saturday.

IN AMOUNT OF \$6000--

## Fire Damages Queen Home

Fire did an estimated damage of \$6,000 to \$7,000 to the home of Mr. and Mrs. Warren Queen Monday morning.

The Queens were gone from home when the fire broke out and more damage was done than probably would have had it been discovered sooner.

Flames gutted the three-bedroom stucco house before they were extinguished by members of Bovina Volunteer Fire Department.

Furniture in two bedrooms were saved by firemen. Only smoke damage was done to furniture in those rooms. Some furniture was saved from other parts of the house, but most of it had smoke, fire and water damage.

Destroyed were all kitchen furniture, appliances and utensils.

Firemen figured that the flames originated from the hot water heater. However, there was not way to be sure of the fire's origin since the kitchen was engulfed in flames when firemen arrived.

Monday was first day of a week's vacation for Queen, who is employed at Bovina Implement Co., and the family was out of town. They were notified of the fire shortly after it was

extinguished.

Queen says the loss was partially covered by insurance. He said it was almost impossible to estimate the amount of damage until the house is rebuilt and the furniture and appliances are replaced.

The family's clothing escaped the flames.

Once firemen arrived at the scene, the fire was put out in a matter of minutes.

### 600 Attend Open House

More than 600 people attended an open house hosted by C and C Construction Co. of Plainview at the new home of Mr. and Mrs. Nicky Foster and family Sunday afternoon.

A spokesman for the contracting firm said that people from as far away as Lubbock, Silverton, and Petersburg attended the open house. Company officials felt the open house was highly successful.

The new home is located on Highway 86.

LOADING UP--Members of Bovina Volunteer Fire Department are shown reloading hose of fire truck following extinguishing of fire at home of Mr. and Mrs. Warren Queen Monday morning. Firemen shown are, left to right, Ed Hutto, John Wilson, D. R. Bushnell, Bobby Englant and son, and Paul Holcomb. The house is visible in right background.

**Whittlin--**  
so many good ideas that we would want to ask Democratic candidates to add to their platforms.

This year's milo crop is maturing earlier than usual. Big reason for that, we guess, is that it was planted earlier because conditions were right at early planting time and there was little re-planting at late dates.

Some farmers have been concerned about the fact that milo was heading so early, figuring that it might not make as much as it would if it were on schedule.

Leon Grissom, who farms south of town, sums that worry up into nothing. He says that he aimed for his milo to head when he planted. "I never did cut any that didn't head," he reasons.

Be that as it may, if the crop

year continues to be a good one, early milo harvest can be expected this fall. That might help solve the problems of some of the crop falling down... as it has been known to do in the past.

The rash of auto accidents which occurred here last week will possibly serve as a warning to all drivers to operate their vehicles more carefully. We don't mean to say that the accidents were caused by carelessness, either.

**3 Auto Wrecks--**  
en by Rouel Barron.  
Hudson was driving east on Highway 86 and Barron was approaching the highway from the FM Road when the accident occurred.  
Damage to Barron's car was negligible. Damage to Hudson vehicle was estimated at \$250.

SON OF MR. AND MRS. W. H. ROGERS--

**Rogers Feature Story Subject**

(EDITOR'S NOTE -- The following feature story was published this month in LTV News, newspaper for company which Lavon Rogers, son of Mr. and Mrs. W. H. Rogers of Bovina, is employed by. Rogers is a graduate of Friona High School and of Hardin-Simmons University, Rogers is known by first name of Gibb now, but people in this area remember him as LaVon.)

LTV's Temco Electronics Division at Garland is displaying the ability and desire to carry through to successful completion, assignments that demand the highest quality technical knowledge, experience and imagination. One such project: the Temco Video Correlator. And in connection with this project let's meet Gibb Rogers, field engineer. Rogers is used to working close to the correlator, has been working with it three years, knows this electronic black box inside and out.

Interference  
Military bases, particularly those being shared by more

than one branch of service, are faced with the problem of "mutual interference" -- one radar interfering with another, sometimes referred to as "friendly jamming." Such interference has become a serious threat to detection and surveillance systems of all branches of the government, both military and civilian. On some bases there are 15 or more radars operating continuously -- all interfering with each other. And it is a problem not confined to shore installations. Ships at sea -- from the smallest squadron to the largest task force -- are faced with the same situation: mutual interference from each other as well as from shore installations. And harbor navigation under adverse weather conditions makes the latter an even more serious problem.

It is the Temco Electronics' video correlator which provides the answer to this problem.

Assignment  
And Gibb Rogers is one of Temco Electronics' men assigned to supervise the instal-

lation and teach the theory of operation and maintenance of the correlator for customers at points around the globe where it is being installed.  
Naturally Gibb Rogers is proud of the correlator. He is "out in the field" where he can see first-hand what it accomplishes.  
"We've had absolutely fantastic results with it," says Rogers, "and I have never had a major difficulty in making our equipment work. We're receiving highly satisfactory compliments on it."

(Rogers is receiving some compliments himself as a number of letters of commendation from customers attest.)

Word Gets Around  
Rogers is finding that word of the correlator's merits gets around. For example, he recently supervised the installation of a correlator for a customer in an area where three other radar sets were operating.

"Because of the interference, when one was operating the others had to shut down," says Rogers. "Our customer was installing the correlator to eliminate this problem and news of the correlator's success got to the others. We are now talking business with them," he smiled.

Rogers enjoys his job and has found that traveling for the company is interesting in other ways, too.

Witch Doctor  
On one of his trips he visited some islands close to an installation point and encountered a bona fide witchdoctor -- complete with long white hair and speaking in the Gaelic tongue.

"He had a tribal mask I wanted to buy but he wouldn't sell it," grinned Rogers, "then I decided to fake a headache and ask him to cure it for me."

"He dug up some mud with a stick, massaged my head with the mud, then buried the stick. After burying the stick he asked me if my head still hurt. Of course I told him the headache was gone and he was so pleased that he gave me the mask he wouldn't sell earlier."

"Perhaps those natives standing in the background watching had something to do with it..."

Gibb Rogers is just one of many working with the video correlator -- a Temco Electronics project meeting the challenge of radar interference, and serving as a vital asset to our national defense.

Gibb Rogers

**Shower Fetes Karry Cordum**

Miss Karry Cordum was honored with a bridal shower Friday afternoon in the home of Mrs. Ike Wilcox at Oklahoma Lane.

The tea table was laid with a lace cloth over white and featured a centerpiece of pink and white flowers, the brides chosen colors. The centerpiece was flanked by pink tapers in pearl ceramic candleholders.

Refreshments of hors d'oeuvres, nuts, mints, cookies and punch were served from crystal appointments.

Attending were Mrs. Fred Langer and Kim, Mrs. Clarence Gaunt and Cindy, Mrs. W. W. Wilcox, Miss Carol Jean Hastings, Miss Claudia O'Hair, Mrs. Doyle Wassom, Mrs. Jessie Sisco, Cheryl and Bret, Mrs. John Hartwell, Stormy and Carla, Miss Virginia Rea and Mrs. Coy Cordum, the honorees mother.

Out of town guests were the honorees grandmother, Mrs. W. M. Reese of Eastland, her aunt, Mrs. Margaret Wyrick also of Eastland and Mrs. Junior McCormick of Clovis.

Several unable to attend sent gifts.

Hosting the affair were Mrs. Ike Wilcox and Mrs. Wayne Wilcox.

**Coffee Honors Bride Elect**

A bridal coffee in the home of Mrs. Wilbur Charles honored bride elect, Mardell Moore, Monday morning.

The refreshment table was laid with a white linen cloth embroidered with blue, the brides chosen colors. White taper candles in blue crystal candleholders flanked an artificial arrangement. Silver and crystal appointments completed the table. Refreshments of doughnuts, coffee and tea were served to guests.

Calling during the morning were Mrs. Lady Armstrong, Mrs. C. F. Hastings, Mrs. Jimmie Charles, Mrs. George Turner, Mrs. E. M. Ware, Mrs. Bedford Caldwell, Miss Kim Langer, Mrs. Aubrey Brock, Mrs. Margaret Caldwell, Miss Rita Caldwell, Mrs. Billy Strawn, Mrs. Vernon Estes, Mrs. A. M. Wilson, Mrs. W. E. Williams, the honoree and her mother, Mrs. Hylton Moore.

# WE'RE PILING THE VALUES HIGH

Mr. And Mrs. William Joseph Zelmer  
(PHOTO BY D. R. Bushnell)

## Vows Unite Miss Cordum, William Joseph Zelmer

Miss Karry Mae Cordum, daughter of Mr. and Mrs. Coy Cordum, of Bovina, became the

bride of William Joseph Zelmer, son of Mr. and Mrs. William Zelmer of Wautoma, Wisconsin, Saturday morning at First Baptist Church.

Officiating at the single ring ceremony was Rev. John Ferguson, pastor.

Traditional wedding selections were played by Mrs. Charles Embry, organist.

Given in marriage by her father, the bride wore a street length gown of white chiffon over taffeta which featured a bouffant skirt. Her lace bolero featured a scoop neckline with double puff sleeves. Her shoulder-length veil fell from a tiera of pearls and rhinestones. She carried a bouquet of white carnations and pink rosebuds intermingled with ribbon, atop a white Bible.

Mrs. Ike Wilcox, cousin of the bride, served as matron of honor. She wore a dress of ecru chiffon over taffeta with a pink cummerbund accenting the waist. She wore a shoulder corsage of pink carnations.

Serving as best man was Ike Wilcox.

For her daughter's wedding, Mrs. Cordum chose a navy blue ensemble with white accessories and wore a shoulder corsage of white carnations.

Immediately following the ceremony a reception was held in Fellowship Hall of the church.

Presiding at the punch bowl was Mrs. Jessie Sisco, cousin of the bride, and Mrs. Wayne Wilcox served the wedding cake.

The bride's table was laid with a white cut work cloth over pink, her chosen colors, and centered with an arrangement of white and pink gladioli, white daisies with greenery intermingled, in a white cherub bowl.

After a short wedding trip the couple will reside in Killeen.

Out-of-town guests at the wedding were Mr. and Mrs. W. M. Reese, grandparents of the bride; Mrs. Margaret Wyrick and children, aunt and cousins of the bride, of Eastland.

## Party Fetes Mrs. Strawn

Mrs. Billy Strawn was honored with a Coke party Tuesday afternoon at the home of Miss Virginia Embree.

A beige linen cloth covered the refreshment table which was graced with an arrangement of vegetables enhanced with party snacks. Chips, dips, shrimp sauce and Cokes were served to those present.

Attending were Mrs. Jerry Strawn, Miss Vickie Strawn, Miss Dixie Hartzog, Miss Judy Roach, Miss Brenda Jones, Miss Carolyn Crump, Miss Claudia O'Hair, and the honoree.

Hostesses were Mrs. Kent Glasscock and Miss Embree.

## Visit In H. R. Denney Home

Visiting in the home of Mr. and Mrs. H. R. Denney recently were her brother and family, Mr. and Mrs. Peter Dowd and son Gary of Montrose, Mich. They left last week end for California where Gary will sail for Korea.

## Girl Born To Bill Crume's

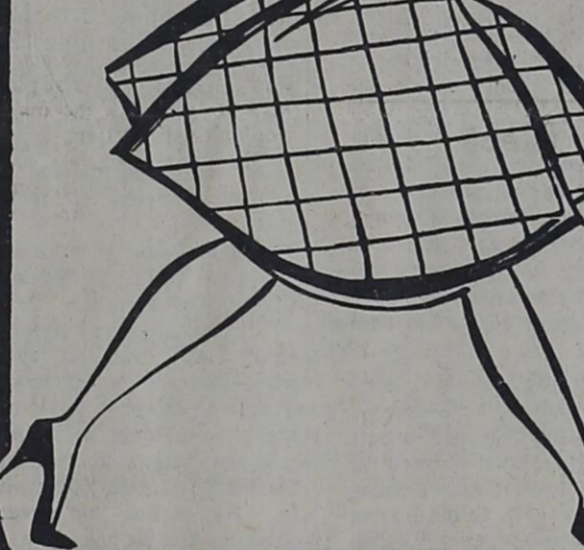

Mr. and Mrs. Bill Crume of Lubbock became the parents of a baby girl Olivia Loujean, Monday, July 9. The infant weighed 7 pounds and was born at Taylor Hospital in Lubbock.

The infant underwent surgery Wednesday and Sunday and is reported to be in fair condition. Grandparents are Mr. and Mrs. L. M. Grissom of Bovina.

### Sudderth High In Oklahoma Trap Shoot

Sam Sudderth, Bovina's ace shotgun marksman, brought home a host of prizes from Oklahoma State Trap Shoot at Oklahoma City last week.

Trophies brought back by the Bovina man included first in Class C out-of-state doubles, runner-up in out-of-state handicap, and runner-up in out-of-state totals. Sudderth also tied with three other shooters for first place in calcutta shoot.

During the meet he broke 567 of 600 targets.

His winning doubles score was 88 of 100. In finishing second in handicap shooting, he had 97 of 100.

He was accompanied to the shoot by his wife.

### Steelmans Have Cook-Out Party

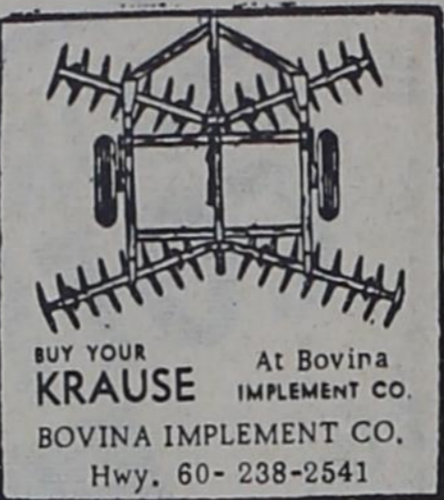

A cook-out at home of Mr. and Mrs. Dick Steelman entertained members of Mary-Martha Sunday School Class of First Baptist Church and their husbands Thursday evening.

Following the supper the men played games and women visited.

Those present were Mr. and Mrs. Dale Harmon and Debbie, Mrs. Billy Don Read and Mike, Mr. and Mrs. Norman Taylor, Mr. and Mrs. Weldon Moody, Mr. and Mrs. John Martin and family, Mr. and Mrs. John Ferguson and family, Mr. and Mrs. Tommy Williams, Mr. and Mrs. Paul Holcomb, John Vaughn and the hosts.

### BOYS BASEBALL

### League Leaders Lose

Bovina Implement Yanks, in spite of fact that they lost a 10-3 decision to Oklahoma Lane Farm Supply Thursday night, have regained lead in boys baseball league.

Wins Monday and Tuesday night boosted them into first place at this stage of the league. They own a 9-3 record while Oklahoma Lane, having played one less game, stands 8-3. Those two teams have been engaged in a nip-and-tuck battle for first place throughout the season.

Randy Robertson pitched and batted OLFSS over Bovina Implement in the Thursday night game. OLFSS took the lead early and was never headed. Robertson slammed out a triple and double to be game's leading hitter as well as winning pitcher. Roy Stowers took the loss.

Thursday's first game saw Lions of Texico-Farwell outscore Red Tops from same community, 8-4.

Charles Oil knocked Oklahoma Lane from the top spot in Monday's first game by a 12-7 count.

Randy Hutto was winning pitcher as Mike Grissom led the 66ers at the plate with three hits, including a double, in four trips. Robertson was losing pitcher.

In a runaway second game Monday night, Bovina Implement continued to battle for the

top position with a 29-15 victory over Red Tops.

Tuesday night saw PCFS outscore Red Tops, 15-12, with R. B. Riley the winning hurler, and Bovina Implement got by Lions, 7-2. Stowers was the winner for the Yanks and Tim Crume took the mound loss for Lions.

Peewee action saw Dairy Freeze edge Bovina Auto Parts, 1-0, in Thursday's tilt while the Automen came back for a 6-3 win Monday.

Greg Hromas pitched for Auto Parts Thursday while Tony Foster got credit for Monday's win. Bruce Caldwell pitched both games for Dairy Freeze.

Thursday night of this week, peewee teams play each other at 5:30. Charles Oil takes on Lions at 7 with Parmer County Farm Supply meeting Oklahoma Lane Farm Supply in nightcap.

Monday night has peewees playing again at 5:30. PCFS meeting Bovina Implement at 7 and Red Tops taking on Charles Oil in nightcap.

Tuesday's schedule has PCFS playing Charles at 7 and OLFSS meeting Lions in second game.

The league ends July 31.

### IN SOFTBALL LEAGUE--

## Oklahoma Lane Edges Dairy Freeze 4 - 3

Oklahoma Lane Farm Supply edged into a tie for second place in Bovina men's softball league here Friday night with a come-from-behind, 4-3, win over Bovina Dairy Freeze, the team OLFSS is tied with.

Oklahoma Lane drew first blood in second inning on a single inning on a single by Ramm and a double by Wendol Christian.

Score remained 1-0 until sixth inning when Jon Lin Riddle led off the inning with a home-run to tie the score. Following a walk to Boyd Gilreath, Glenden Sudderth, who was losing pitcher, duplicated the feat to send Dairy Freeze out front, 3-1.

The lead was short-lived, however, as OLFSS bounced back in bottom of sixth for three runs and the margin of victory. Melvin Terry was hit by a pitched ball and James Ensor was safe on an error to set the stage for Ramm's three-run homer to sew up the win. Sudderth allowed only four hits. He struck out seven, walked one and hit one. Leroy Kitten went the dis-

tance on mound for Oklahoma Lane and was the winner. He gave up six hits, struck out four and walked three.

In first game of the Friday night doubleheader, Bovina Wheat Growers stayed on top of the league by whipping Firemen, 18-11.

Neal Smith, pitching his first softball game, allowed only six hits and was the winner.

Alfred Mills started on mound for losers. He was relieved by Bill Hutto with Glenn Hromas finishing on the mound.

Wheat Growers' attack was led by five homeruns including

three in succession in last inning. Belted four baggers were Smith, Jimmie Clements, Mark Charles, Dolph Moten, and Darrell Read.

Ronnie Isham hit a three-run home run for the losers.

This Friday night's schedule sends Firemen against Oklahoma Lane in opener with Wheat Growers meeting Dairy Freeze in second game.

# Hereford Harvest Festival Set For Week Of Activity

It's 'go' for the fourth annual Hereford Harvest Festival Sunday, July 22 through Saturday, July 28.

Events through the week include an air show, queen contest, carnival, farm and home show, three rodeo performances, parade, and climaxed with a public barbecue.

Getting the festival off to a flying start will be the air show Sunday at 3:00 p. m. at Hereford Municipal Airport, Frank Price, aerobatics expert, will be the featured attraction in his German Luftwaffe Buecker Jungmeister. Other attractions include plane rides, displays and a noon barbecue.

The Harvest Festival Queen will be crowned Monday night. Sponsored by the Hereford Jaycees, the queen contest will be held in the Hereford High

School auditorium at 7:30 p. m. The contestants will appear in bathing suits and formals. The winner will be crowned by Judy Bradley Douglas, last year's Harvest Festival Queen and Wheatheart of the Nation. The winner will reign over all Harvest Festival activities.

All during the week the traditional Lions Club carnival will be operating on the Deaf Smith County Bull Barn grounds from 7:00 p. m. to midnight.

The Chamber of Commerce agriculture and livestock department and the cotton gins of the county will join in hosting the cotton growers of the area at a special appreciation dinner Tuesday night. Each year the dinner salutes a different segment of the agricultural economy of Deaf Smith County. This event will take place in the

Jim Hill Hotel at 7:30 p. m. The county exhibition hall, known as the Bull Barn, will be the site of the Farm and Home Show. Exhibits of area agriculture and commerce will be featured Wednesday through Saturday evenings.

Adding to the excitement will be the amateur rodeo, Thursday, Friday, and Saturday, with each performance starting at 8:15 p. m. Events include calf roping, bareback and saddle-bronc riding, bull dogging, girls barrel race and others. The rodeo is sponsored by the Hereford Rider's Club and is produced by Ratjen Brothers. Following each evening's performance there will be a western dance at the Jim Hill Hotel.

Winding up the week's activities will be the Harvest Festival Parade at 4:00 p. m. Saturday. The Amarillo Air Force Bank and the Marine Corp Color Guard will head the gala floats, colorful rider's clubs, and flashing bands.

Immediately following the parade the Hereford Rotary and Kiwanis Clubs will join in serving barbecue to the festival crowds.

# THE HIGH PLAINS FARM AND HOME

## Rural Residents Urged To Observe Farm Safety Week

A special week to alert rural residents to the hazards of farm life has been set by the President and the Governor, and an intensive campaign is being conducted in Texas to call public attention to this serious problem, according to Sherman Clark of Houston, president of the Texas Farm and Ranch Safety Council.

The week of July 22-28 has been designated "National Farm Safety Week" by President Kennedy and "Texas Farm Safety Week" by Governor Daniel. Many county judges over the state will issue proclamations calling for countrywide observance of the week. Theme of this year's observance is

"Family Safety--At Work and Play."

Clark said the observance is coordinated on the national level by the National Safety Council and the U. S. Department of Agriculture and on the state level by the Texas Farm and Ranch Safety Council, the Texas Farm Bureau, and the Extension Service.

Kennedy, in his proclamation, calls for all persons and organizations allied with agriculture to "join together in a strong effort to reduce the number of farm, home and highway accidents."

In proclaiming the state observance, Daniel said, "Texas cannot afford the loss in

human life, the misery of human injury, nor the economic costs resulting from farm accidents and others involving farm families."

Daniel noted that traffic crashes involving Texas farm families in 1961 resulted in more than 170 deaths, more than 600 injuries and more than 1,600 non-injury mishaps. He urged all Texas farm families to "acquaint themselves with the hazards of their specialized occupation and encourage all interested Texans and Texas organizations to take an active part in this campaign for greater farm safety."

Each day of the special week will have a different theme emphasized, Clark said. Beginning Sunday, July 22, they are: Reverence for Life; Safety Begins at Home; Agricultural Chemicals; Prevent Falls; Highway Safety; Farm Machinery; and Recreation Safety.

Clark pointed out that in one year, accidents of all types kill about 11,300 rural residents and injure about a million. Nearly half of the deaths are caused by traffic mishaps.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Our Office Secretary, Nell Davis will be in Corpus Christi next week, attending the Texas Farm Bureau Institute. We are hoping there will be two or three of the directors go, too. Harry Hamilton, president, is planning to go if he can. This is an annual affair, and the programs get better, and attendance gets larger each year.

Some of the instructors are men of national fame in their lines, such as agricultural economics Dr. Harry M. Love Department of Agricultural Economics, Virginia Polytechnic Institute, Blacksburg, Virginia will be the instructor. Basic Farm Bureau Philosophy, Recognizing and Understanding Agricultural Problems and Safety, Citizenship and Young People's Programs are some of the other subjects.

If you can go, let us know right away. \$50 to help defray expenses will be furnished for as many as three besides Mrs. Davis. (It runs Tuesday through Friday)

An added attraction, and one that makes the trip almost worth the trouble in itself, is a tour of the fabulous King Ranch and a barbecue, courtesy of King Ranch and Kleberg County Farm Bureau.

In browsing through minutes of past years, we noticed that your local Farm Bureau was resolving against socialized medicine as early as 1948. Beginning in 1952, local directors and officers worked closely with the West Texas Gas Co. in the effort to get

## 'Incentive Payments' Made To County Wool Producers

The United States Department of Agriculture has announced that shorn wool payments for 1961 marketing year--to bring the average wool price of 42.9 cents per pound up to the previously announced incentive level of 62 cents per pound under the National Wool Act -- amounted to 44.5 per cent of the dollar returns each producer received from the sale of shorn wool during the year.

The Act directs the Secretary of Agriculture to support wool prices however necessary to encourage the production of 300 million pounds of wool per year.

Prentice Mills, office manager of the Parmer County ASC, said that all of the incentive payments had been made in Parmer County, a total of \$5,-019.78. There were some 53 applications in the county.

Mills explained that money used for the payments come from export taxes derived from sales to foreign markets, rather than from taxpayers. The amount paid as incentive payments cannot exceed 70 per cent of the export taxes on any given year.

Incentive payments are also made on unshorn lambs. The 1961 average price was 76 cents per hundred.

The 44.5 per cent incentive payments made to 1961 producers compares to 47.6 per cent paid in 1960.

## FRIONA MOTORS

Friona Texas

SCOOPING UP loads of what was formerly rich farm land, crews from the Highway Department dug out tons of rich soil from a highway borrow ditch last week. Some farmers were to use the soil for their lawns -- sort of expensive lawn dirt.

## Bagworms Can Cause Serious Damage To Certain Trees

Bagworms are now occurring in rather large numbers on trees and other plants in many parts of the state. This insect is a general feeder and can cause serious damage to certain trees, especially evergreens, points out C. F. Garner, extension entomologist.

At this time, the worms are small and can be successfully controlled by proper spraying

## Research Projects Grow At High Plains Foundation

Cotton Research Projects which numbered five in 1957 now number 30 at the High Plains Research Foundation. This increase has taken place through the desire of the Board of Trustees and the Staff to give as many practical answers to cotton problems as soon as possible achieve solutions. Suggestions and requests for some of the projects came to the Board of Trustees from staff members, farmers, Plains cotton growers offices and professional agricultural personnel, Dr. Earl H. Collister said in a recent interview.

The 30 research projects are arranged in five major groups. The soil fertility studies on cotton include seven projects; (1) fertilizer rates and ratios (continuous since 1957); (2) time of nitrogen application; (3) nitrogen and phosphate carryover (started in 1961); (4) sources of phosphate; (5) phosphate placement; (6) magnesium and trace elements; and (7) time of phosphate application.

The cotton variety testing program at Halfway, includes: (1) standard commercial varieties; (2) field scale variety tests; and (3) regional cotton variety tests.

Irrigation and water management on cotton include studies on: (1) irrigation methods; (2) soil and water management; and (3) crop rotation.

The weed control of cotton has five separate tests and they are: (1) chemical versus flame weed control; (2) flaming height test; (3) flaming versus conventional method of cultivation; (4) burner position comparison; and (5) flaming speed tests.

Cultural methods research on cotton include: (1) skip-row planting systems; (2) plastic mulch; (3) pelleted cottonseed; (4) cotton topping; (5) row spacing; (6) in-furrow fungicide test; and (7) crop climate tests.

The twenty acre devoted to cotton research at Halfway in 1957 has been increased to 121 acres in 1962. The new 20-saw laboratory gin, new research laboratory, and new cotton research equipment will permit increased research efficiency and early completion of each year's research reports. Dr. Collister stated that the expansion of the cotton research program is an example of the Foundation's desire to meet the needs of the High Plains area.

or dusting of the plants with insecticides. It is important to apply chemicals early enough to control the worms before they become too large and cause serious damage, adds Garner.

He suggests a check of all plants around the home, especially evergreens for the spindle-shaped sacks which may be hanging from the twigs, leaves and branches.

The following insecticides are recommended for bagworm control. Malathion (50 per cent emulsifiable concentrate one to one one-half ounces per five gallons water), Toxaphene (60 per cent emulsifiable concentrate, two one-half ounces per five gallons water), or lead arsenate (two one-half to three ounces per five gallons water).

In addition to these materials there are several brands of combination sprays (two or more insecticides combined together) on the market which will give good control of bagworms as well as other pests. One of the common combination sprays contains malathion plus DDT. Combination sprays and other insecticides can be purchased from any store or business establishment which handles household or agricultural chemicals, says the entomologist.

Sprays are preferred over dusts and the label instructions should be followed for mixing and using insecticides, cautions Garner.

Several different types of hand sprayers are available which can be used for applying the sprays.

Insecticides are poisons and should be handled with caution.

THE STATE OF TEXAS)  
COUNTY OF (PARMER)

Before me, the undersigned authority, on this day personally appeared Mabel Reynolds, County Treasurer of Parmer County, who being by me duly sworn, upon oath, says that the within and foregoing report is true and correct.

Mabel Reynolds, County Treasurer.

Sworn to and subscribed before me, this 6th Day of July 1962

HUGH MOSELEY, Clerk  
County Court, Parmer County, Texas

(SEAL)

**Announce High Plains Staff Appointment**

Barry Love joined the Staff at the High Plains Research Foundation at Halfway on July 1 as Assistant Agronomist, a new position created by the Board of Trustees this year.

Love received his Associate of Science Degree at Murray State Agricultural College, Tishomingo, Oklahoma, in June 1958, he was the top honor student in his class. His degree was in animal nutrition. He received his Bachelor of Science Degree in Agriculture, at Oklahoma State University, Stillwater, Oklahoma, in August 1960. His work at Oklahoma State included Animal Husbandry, Agronomy, Chemistry and Biological Sciences. Mr. Love was awarded a Master of Science Degree at the University of Illinois in Animal Science in June of 1962.

**Farm Bureau--**

natural gas for irrigation for more farmers.

A meeting held in the Bovina Gym on December 8, 1952 was attended by several hundred county farmers present while gas company representatives answered questions regarding the possibility of serving them. The enabling act, allowing more than one farmer per main line tap, was passed in the Texas Legislative Session of 1954.

Texas Farm Bureau, with Parmer County Farm Bureau as primary spearhead was largely responsible for this action. Bruce Parr and the late Hadley Reeve spent a great deal of time representing Parmer County Farm Bureau in this successful endeavor.

We noted with interest that back in 1953, C. L. Wall, President of West Texas Natural Gas Co. of Lubbock (Now Pioneer of Amarillo) was seeking help from Farm Bureau and others in preventing the placing of certain gas prices under the jurisdiction of the Railroad Commission. He said it might increase cost of service to many patrons.

CONSIDER THIS: Who can say I have made my heart clean, I am pure from my sin? Proverbs 20:9

**Parmer's Accident Count Through June Up Over 1961**

The Highway Patrol investigated 11 rural accidents in Parmer County during the month of June according to Sergeant W. E. Wells, Patrol Supervisor of this area.

These wrecks accounted for twelve persons injured and an estimated property damage of \$7,335.00.

The rural traffic accident summary for Parmer County from January through June of 1962 shows a total of 52 crashes. As a result of these crashes there were three persons killed and 33 persons injured. The estimated property damage amounted to \$33,275.00.

This compares with the first six months of 1961's total of 43 rural crashes killing one person, injuring 19 persons and causing an estimated property damage of \$23,410.00.

In a statewide comparison the total number of traffic fatalities are practically the same as they were this time last year.

The current SLOW DOWN AND LIVE summer campaign has played an important role during the last several years in acquainting motorists, especially vacationists, with the danger of speed and the ever-present hazards of the highways during the crowded summer months. Many vacationists from other states will be in Texas for the first time this summer. Some of them will be unfamiliar with the roads and road signs.

Many of them have smattering of knowledge of traffic laws of their own state, and little or no information about those of other states where they will travel. Commercial drivers and motorists who travel the highways day after day have little difficulty in distinguishing the stranger, even before seeing his license tag.

Unless motorists show courtesy and consideration to the vacationing driver and try to help him, they may discover that their own speed will cause an accident involving the tourist who may suddenly slow down to make an unexpected turn or to get his bearings.

Those who live and drive in Texas must remember that we would be just as bewildered in another state as this motorist is in our own state. It is under such circumstances that we must do some thinking for him, we must drive defensively.

The Sergeant stated the out-of-state traveler, however, is not so much a threat to our safety as the native selfish motorist who drives dangerously and discourteously with no regard for traffic laws, signs or signals.

Throughout prior years accident statistics prove that more accidents occur in the last six months of the year than in the first six months. With this thought in mind the veteran patrol supervisor cautioned all motorists to exercise due care while traveling on the streets and highways. "Drive into others as you would have them drive into you," he said. The Sergeant stated that this GOLDEN RULE is a CHALLENGE for the motorists of Texas to reverse the trend shown in prior years for the last six months of the year.

**Bollworm Insecticides Proven Adequate Control**

Is the cotton bollworm becoming tougher and more resistant to insecticides in Texas? Because some farmers had trouble controlling bollworms last year, it seems they might be developing a tolerance to commonly used chemicals.

But, according to test results contained in Progress Report 2236 of the Texas Agricultural Experiment Station, bollworms show no resistance to the insecticides used for their control.

Bollworm larva for the tests were collected over the state and reared on cotton leaves and an artificial diet. They were then treated with various insecticides at different dosages and the rate of kill recorded.

The insecticides used were DDT, endrin, Sevin, toxaphene-DDT (2 to 1 ratio), and Strobane-DDT (2 to 1 ratio).

The bollworms collected in El Paso, College Station, Eagle Pass, and Laredo showed a good rate of kill from the treatments. However, there was some evidence of tolerance to DDT in bollworms from La-Grange and Rosebud, and Eagle Pass during August. But these data do not show a real resistance of the bollworm to DDT, according to the report.

During the study, it was found that the population of tobacco budworms was unusually high and therefore data were kept on both insects as both attack cotton in a similar manner.

Comparative toxicity tests with the bollworm and the tobacco budworm showed the bollworm to be more susceptible to DDT. This agreed with previous findings that tobacco budworms are harder to kill than cotton bollworms.

The study indicates that bollworms may be controlled with the usually recommended insecticides but if tobacco budworms are present DDT alone will not provide sufficient control.

For more information on the study write the Agricultural Information Office, College Station, and request a copy of Progress Report 2236.

**Wells Elected To Angus Club**

H. C. Wells, Friona, has been elected to membership in the American Angus Association at St. Joseph, Missouri, announces Frank Richards, secretary.

# HD Agent's Notes

By MISS ETTIE MUSIL

This past week was a full week for eight 4-H club girls who were in the office sewing in the clothing workshop. It's amazing how much determination these girls had in coming day after day all week to sewon their dresses from 9:00 a.m. until 4:00 or 5:00 p.m.

They brought their sack lunches so that they could enjoy companionship during the hour they had off during the noon hour. They were so determined to complete their dresses, they did not even take off for a break in the morning nor the afternoon.

Attending this workshop were Wiane and Reba Lesly, Mary Coffey, Judy Koelzer, Katie Blackstone, Jill Mimms, Marsha Schumann, and Terri Sue Mabry. I don't know what I would have done without the great help of Miss Celia Patton, our junior assistant who is in training.

You can ask any of these girls if they learned the importance of taking careful planning time to think over the steps of sewing before stitching. I'm sure they know now the importance of carefully following directions on the pattern guide.

They learned to sew seams the full five-eighths of an inch as the pattern directed. If a true five-eighths seam was not sewn, zippers did not fit, sleeves pulled, skirts drooped, collars sagged, or collars did not fit. They also learned the importance of cutting out notches as the patterns indicated for good fit of collars and sleeves.

Many more clothing workshops are being conducted in the county. I hear from Mrs. C. W. Tamahill of Friona that Karene Milner and Pat and Sherri Tamahill were completing their simple blouses and pleated skirts last week.

Mrs. Webb Gober had several workshops with Janis Billingsley and Kathryn Gober. They, too, are sewing pleated skirts and blouses. Also, had a call from Mrs. Raymond Schueler in the Rhea 4-H Club with her workshop of simple blouses. Judy Billingsley is teaching a workshop of elastic band simple

skirts for the beginners. Now, we wish to invite all of you to attend our County 4-H Dress Revue to be held next Tuesday, July 24 at 8:30 p.m. in the Hub Community Center. You'll see the girls modeling simple skirts, simple blouses, simple dresses, and advanced dresses. The girls plan to serve cookies they have baked and punch.

Later, we shall have a complete list of names of girls in the clothing workshops throughout the county with their trained leaders.

## WITH THE COUNTY AGENT

DERYL COKER

July 22-28 is National Farm Safety Week and the theme for this year is "Family Safety At Work and Play".

This theme should be a year-round goal for all of us in Farmer County. Consider the sobering fact that agriculture is the most hazardous industry in the nation in so far as total number of deaths of workers are concerned. Farm people suffer 11,300 fatal accidents each year. Of this total, approximately 3300 deaths occur as occupational or work accidents. At the present time the death rate of farm workers stands at 58 deaths per year per 100,000 workers. This is the highest occupational death rate in the nation.

Sixty five per cent of all fatal traffic accidents occur within 25 miles of home, maybe this is because we become familiar with our surroundings, perhaps too familiar.

In driving the same automobile or tractor over the same roads countless times we tend to become overly confident of our ability to handle any situation. We let down protective defenses, become less alert, and begin to take chances.

Let's use the opportunity of National Farm Safety Week to take a critical look at the way we do things. The extra margin of care will pay off. I am listing some safety tips that we should abide by:

1. Pull off the side of the road and allow cars to pass if traf-

fic piles up behind a slow-moving vehicle. It takes a few minutes longer but it could avert an accident.

2. Clear shrubbery and tall crops from driveways, field entrances and blind intersections to permit easy visibility in all directions.

3. Install and use seat belts in cars and trucks. They won't prevent accidents but they will save lives.

4. Wear simple close-fitting work clothes, when working around machinery.

5. Always turn off machinery before adjusting, unclogging or servicing.

6. Always keep shields and guards in place when operating.

7. Refuel machinery only when the motor is off and has cooled.

8. Take a short break every few hours to forestall fatigue.

Last week I was in several cotton fields checking on the insect situation, and I don't recall seeing so many beneficial insects. On an average I would say that the beneficial insects outnumber the harmful insects 4 to 1. A lot of flower bugs assassin bugs and lady bugs are present. As long as we have this kind of situation we will be in good shape.

We should continue to check for a build-up of fleahoppers and bollworms because field insect conditions can change from week to week.

## County Dress Revue Is Tuesday At Hub

The public is invited to attend the annual County 4-H Dress Revue, Tuesday July 24 at 8:30 p. m. in the Hub Community Center. Announcement of winners and ribbons will be awarded to each of the girls completing garments made in the clothing workshops this month.

First year girls will model elastic band skirts made of cotton. Second year girls will model simple blouses they made according to member and leader guides. Simple dresses will be modeled by girls who have

had three years of sewing experience. These girls are in the junior division.

Girls who are 14 years of age and have been in 4-H club work three years are eligible for the senior division. They have made advanced dresses. These dresses include set-in sleeves, collars, belts, buttonholes and buttons.

Girls will have their garments judged at 9 a. m. in the Hub Community Center July 24 along with their clothing 4-H record books. Record books will have a value of 25 points.
