

Bull Town Bulletins By Bill Ellis

THE BOVINA COMMUNITY is in the midst of a winning streak of sorts, or so it would appear. If we were to put it in gambling terms, I suppose you could say "We're on a roll."

Already during the month of May, we have introduced the community's new doctor, Alfred Bolch, who has begun his practice at the Medical Center.

Then, the final papers were signed and groundbreaking was held for the city's 12-unit apartment complex, which is sure to be a big "plus" for the community, by providing needed rental units for prospective residents.

Our latest "win" was in landing the newly created tax appraisal board location. This is still subject to the Chamber of Commerce coming up with adequate office space, but we feel confident that this will be accomplished.

The securing of the tax office location came despite an anonymous offer from a Farwell resident, who would have built a new office for the tax board, to assure its location in Farwell.

The tax appraisal board, at least three members of it, were not in favor of this arrangement, and the two Friona members plus Lawrence Jamerson of Bovina, held out for a more central location for the board.

The end result is the decision, with elaboration elsewhere in this issue. We commend the board on its decision, and we feel that the majority of Parmer County's taxpayers will be better served through their decision.

Area Gets Nice Rain

The Bovina area received more good rain during the past week, the second good rain of the month for most of the area.

Up to five and one-half inches of moisture have been measured during the month of May by area farmers. Jack Patterson, who lives in the Rhea Community, said he had received 5½ inches of rain during the past two weeks, and that it had all been "good rain."

Lawrence Jamerson, who lives five and one-half miles east of Bovina, said he received 3.5 inches of rain last week, and had measured 2.1 inches in the earlier rain.

"This moisture will be a big help. We're going to have to have some rain along, to offset the price of natural gas (used in irrigation)," Jamerson said.

The rains of the past week were considerably more general in nature than those of the preceding week, with virtually every nook and cranny of the area getting a good soaking rain.

Lakes in the area were showing the results of the moisture, which will benefit the young crops and provide planting moisture for cotton, sunflowers, etc.

Post Office Vandalized

The U.S. Post Office at Bovina was vandalized sometime Monday night or early Tuesday morning.

The vandals tried to get into the post office by breaking the ceiling tile, when this didn't work they tried to pry the wooden door open with no luck.

They also broke the glass in two of the boxes and took the newspaper stands on the outside of the post office.

There wasn't anything taken inside the post office. Minor damage to the door and boxes was reported.

Medical Course Scheduled Here

Bovina Ambulance Service has scheduled an Emergency Medical Technician's course for this summer. The course is slated to begin at 8 p.m. on June 3, and continue on Tuesday and Thursday nights from 8 until 11 on August 28.

In addition to local E.M.T. instructors who have been approved by the Texas Department of Health, some classes will be taught by special guest lecturers. An automobile extrication course will be presented by the Muleshoe Fire Department. These firefighters have been to extrication schools in College Station and Lubbock and help teach extrication at fire schools.

Operation of emergency vehicles will be taught by Clint Vardeman of Amarillo. Vardeman is a training instructor with Medical Services, Inc., the ambulance service in Amarillo.

Dr. Bolch will be teaching classes on medical emergencies such as heart attack, stroke and diabetes. Dr. Gary Albertson of Muleshoe will teach emergency childbirth. We feel fortunate to have these two doctors helping give our class authenticity.

Bike-A-Thon Slated Here

The Student Council of Bovina High School will sponsor a Bike-A-Thon on behalf of the Cystic Fibrosis Foundation, Saturday morning starting at 9 a.m.

All riders are asked to meet in front of the high school building for further instructions.

First, second and third prizes will be awarded.

Everyone is asked to be on watch for children on bikes Saturday morning.

This is a 120 hour course. There will be eighty hours of classroom instruction plus forty hours of practical experience in hospital work and observation. Once again this year, students will do their hospital training at High Plains Hospital in Clovis. In addition, each student is required to make several actual emergency runs in the ambulance before completing this class.

This class is open to anyone interested in the training. Surrounding towns are invited to send anyone desiring this training. A fee of \$20.00 will be charged in addition to a textbook. Examinations will be given by the Region I Texas Department of Health officials from Canyon.

Bovina Bands Set To Present Final Concert

The bands of Bovina Independent School District will be presented in their final concert of the year on Monday, May 26.

The Spring Concert, featuring the combined Fifth and Sixth Grade Bands, the Junior High School Concert Band, and the High School Concert Band, will begin at 7:30 p.m. in the school auditorium.

Graduating band students will be recognized during the program, and band awards for the 1979-80 school year will be announced. A short band boosters meeting will be held in the auditorium immediately following the concert.

Admission to the program is \$1.00 for adults, and 50¢ for students in grades 3-12.

Tax Appraisal Office To Locate In Bovina

Bovina will be the location for the new office for the Parmer County Tax Appraisal Board, following a lengthy meeting last Monday night.

The action came following a much discussed and debated offer of a free building to house the office, with the stipulation that it be built in Farwell.

The offer was made through County Commissioner Archie Tarter, and the identity of the donor was anonymous.

Lawrence Jamerson of Bovina, local member of the five-member board, said he argued for a more central location for the office,

pointing out that the cost saving to taxpayers who would visit the office would over the long run overshadow the cost of the proposed office.

(There are five members of the tax appraisal board: E.A. Parham of Lazbuddie, David Grimsley and D.C. Herring of Friona, Gilbert Kaltwasser of Farwell and Jamerson).

"The Farwell contention was that the court house records would be more accessible, should the office be located adjacent to the court house. My idea is that the records should be just as close as a telephone," Jamerson said.

At the first meeting by the board to consider the location, May 5, Kaltwasser moved that the building be accepted as offered. Motion was seconded by Parham. After discussion of about two hours, the vote was split, with Kaltwasser and Parham voting for the motion and Jamerson and Herring voting against. Grimsley, as chairman, cast the tie-breaking vote, against the motion.

At the May 12 meeting, Jamerson moved to locate the office in Bovina. Herring seconded the motion.

Again, after several hours of discussion, the vote was again split, with Jamerson and Herring voting in favor and Parham-Kaltwasser against. This time Grimsley broke the tie by voting in favor.

"This tax board and its work were established by law, and should be self-sufficient. I don't feel like the offer of a free building was in keeping with the idea behind the law.

"When the offer was first made, it was on a short-notice basis. They wanted us to accept it right then--that very night. We didn't even have all of our board members present. Some of us objected to this rush-up tactic," Jamerson said.

Jamerson says that the board will be meeting in Bovina in the near future. The board has had a couple of offers as to office locations, and they will be meeting to decide on a site.

"I feel that the entire board is as conservative as you can get, and we will try to be as saving with the taxpayers' money as we possibly can. That's one thing wrong with government now, that it wastes 'way too much tax money,'" Jamerson said.

Jamerson said that in addition to discussing the location of the tax office, the board has received nine applications for the position of chief appraiser, and have interviewed several of these.

The purpose of the tax appraisal board is to set up a uniform appraisal system for all property in the county. The board will handle appraisal work for all taxing entities in the county. At the present time, each taxing unit does its own appraising.

8th Honor Grads Are Announced

Honor graduates for the Bovina eighth grade graduating class of 1980 were announced by Herman Connor, Junior High Principal.

Class valedictorian is Stephen McClaran, son of Mr. and Mrs. Kent McClaran. Salutatorian is Stacey Whitecotton, daughter of Mr. and Mrs. Billy Whitecotton. Other honor students are James Mark Clayton, Randee Kathaleen Cupit, Rebecca Robin Hodnett and Bobby Robledo.

The invocation will be given by Rebecca Hodnett, the benediction will be given by Bobby Robledo. The class history will be given by Mark Clayton and Randee Cupit.

The graduation exercises will be Thursday, May 29, at 8 p.m. in the Bovina High School Auditorium. The two top seventh graders will serve as honor guards. They are Kathy Moore and Casey Riddle. The next four highest ranking class members of the seventh grade will act as ushers. They are Tommy Hutto, Misti Boozer, Sonya Mayfield and Tamie Nabors.

The commencement speaker will be Lynn Caffey, class sponsor. Presentation of diplomas will be by H.A. Connor, principal, assisted by Francis Willard and Wally Feldman, other sponsors. Karen Schilling will play the processional and the recessional.

Cable Company Sets Expansion Project

Bovina Cablevision, after conducting a recent poll of its subscribers and meeting with the Bovina City Council, has announced plans to add three new channels to the company's lineup of channels.

The additions will also bring about a rate increase, amounting to an additional \$2.95 per month.

"The addition of the three new channels will give Bovina an additional 500 hours--at least--of potential viewing time each week," states Carl White, local manager for the TV cable company.

White said that the new channels will be WTBS, Channel 17, Atlanta, and WGN, Channel 9, Chicago, both independent stations, and CBN, the Christian Broadcasting Network.

"Channels nine and 17 are two of the top independent satellite stations in the nation, and offer a variety of movies, sports and news, and offer virtual 24-hour per day programming," White said.

The Christian Broadcasting Network is a religious network, also

offering 24-hour programming.

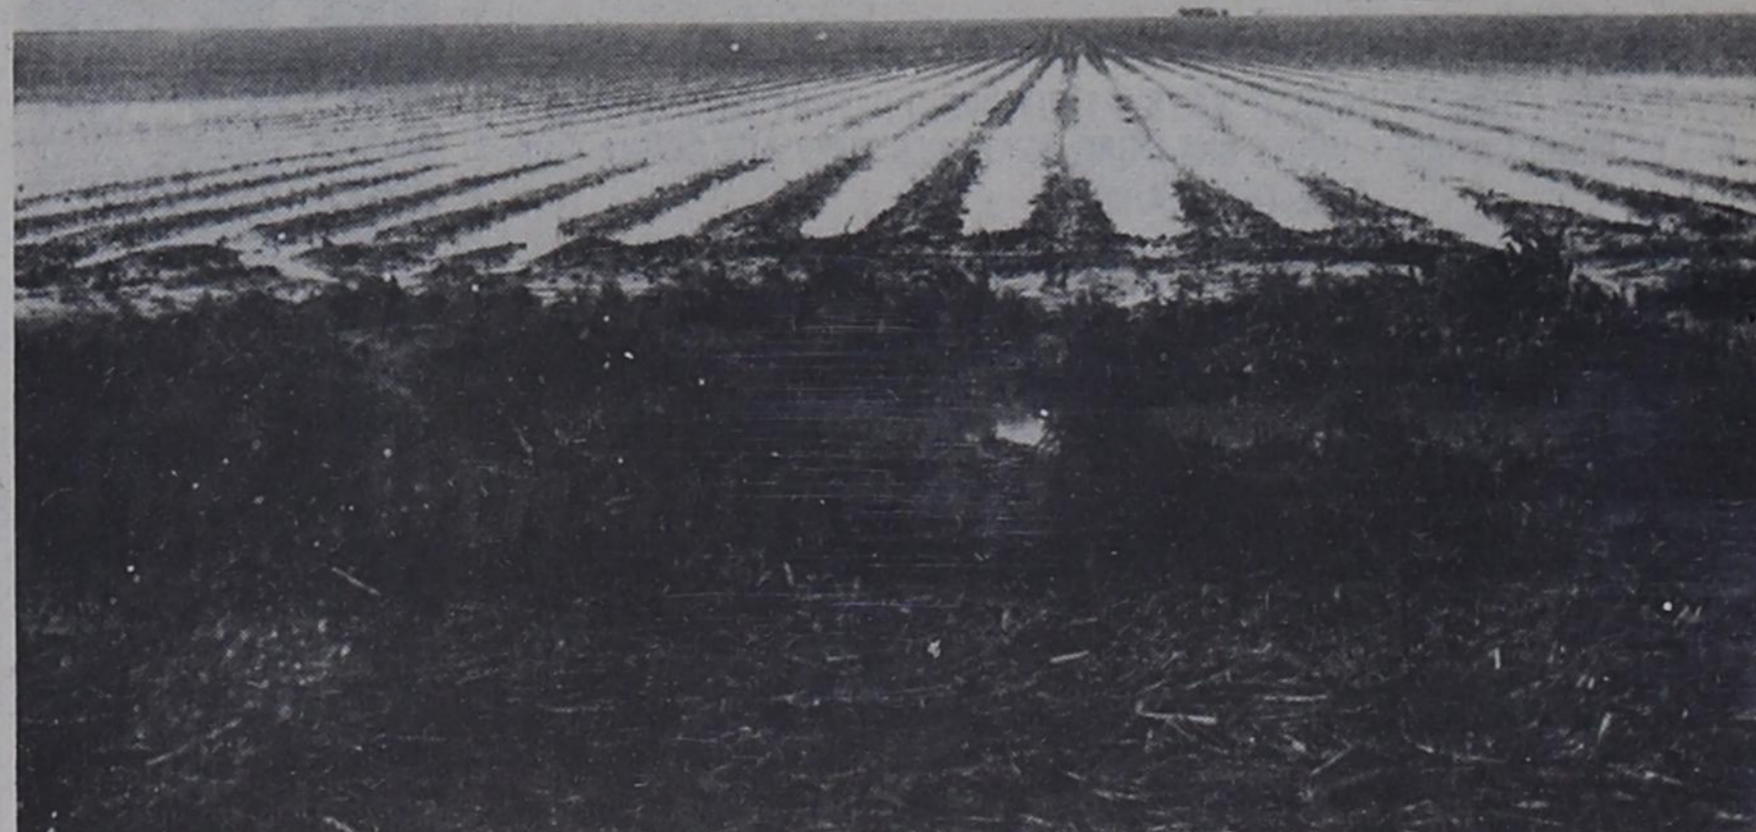

White said that Bovina Cablevision's management was also working to secure equipment to install a full FM band on the Cable system, and also a new weather channel.

The projected date for these additions to the cable TV system is November 1, 1980.

"When we get all of this work completed, Bovina will have as modern and comprehensive a cable system as any town in the state, regardless of size," White said.

The cablevision company conducted a poll among its customers to get their feeling on the addition of channels. The results showed 77 per cent of the customers favoring the addition and 23 per cent opposed.

Representatives of Bovina Cablevision then met with the Bovina City Council on May 8 after getting the results of the poll, and the council agreed to the company's increased charge for the additional channels.

FULL FURROWS...Due to recent rains many fields in the area had overflowing furrows,

as shown here in a field west of Bovina.

To The Editor

Dear Editor,
On Mother's Day, Louise and I put flower arrangements on our Mother's grave. It looked very pretty. I went back several days later to water the live plant and nothing was there. What kind of person would take anything off a grave? I can't imagine it and will admit I was seeing red. I have heard of other vandalism out

there. What is wrong with our town? Don't we have any enforced law? Can't the cemetery be patrolled and avoid such happenings? Whoever you are, would you please return the basket? It has sentimental meaning to us.

Thank you,
June Patton

2778 Grain Sorghum

Greenbug Resistance

2778 is a medium late maturing hybrid with a wide range of adaptability. Growers consistently report top yields with 2778. It has excellent resistance to greenbugs and to MDMV. The long, semi-compact heads of yellow endosperm grain thresh easily. The strong roots and stalks provide excellent standability.

Descriptive Data:

Plant Type — 2778 has a strong, rugged plant with heavy leaf structure. The semi-compact heads have yellow endosperm grain.

Maturity — A medium late hybrid, 2778 blooms in 70 to 80 days and dries down quickly for early harvest.

Insect Resistance — Excellent greenbug resistance.

Disease Resistance — Resistance to MDMV and good heat tolerance.

Plant Height — 46 to 48 inches tall with good head exertion and strong standability.

Area of Use — 2778 is well adapted to areas with a 140 to 160 day crop season where 14 to 24 inches of moisture are available during the growing season.

Seeds Per Pound — Average, 15,000.

Comparative Observations in NK Trials

Turn it on with GAS OUTDOOR COOKING

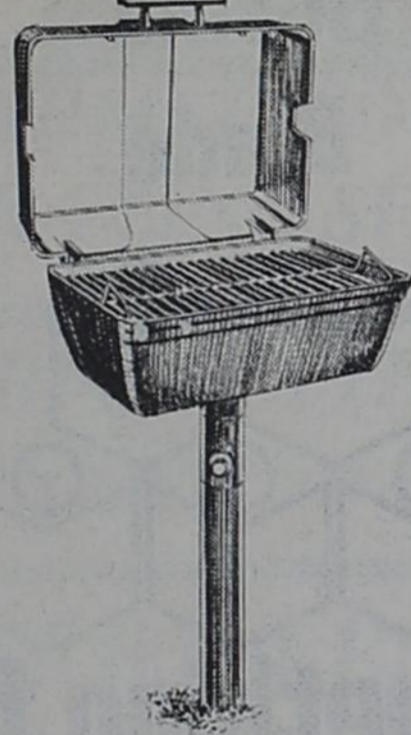

Sizzle a steak. Grill a burger. Bake a potato. Nothing turns on summer fun like outdoor cooking. And no outdoor cooker can compare to a gas grill. You can cook full family meals, everything your indoor range or oven can cook, and all with that great outdoor flavor.

Just look at the advantages of a gas grill:

- solid, sturdy construction for many summers of cooking enjoyment
- no charcoal, no lighter fluid and no wait
- gas grills reach cooking temperatures fast
- controlled heat for perfect cooking everytime
- new features for more efficient energy use
- keeps your house cooler because the heat is outdoors and, if you buy before August 1, 1980, you'll save 20% off the purchase price.

Good fun, great taste and savings. Turn it on with a gas grill on the patio.

Mrs. Truitt Ending Teaching Career

The final day of the 1979-80 school term, which will be Friday, May 23, will mark the end of the teaching career of one of Friona High School's long time English teachers.

Carmaleet Tims began her teaching career in Friona High School in the fall of 1938. At that time W.L. (Preach) Edelman was the Superintendent of Schools.

Miss Tims had graduated from Goodnight High School in Armstrong County in 1935 and then completed requirements for a Bachelor of Arts degree with majors in History and English from West Texas State Teachers College, Canyon, in the spring of 1938.

In the fall of the following year, Miss Tims returned to Friona to teach and was married December 26, 1939, to Frank Truitt, who had grown up here.

She remembers that as she was preparing for her wedding, one of the things she had to do was to secure permission from the board of trustees. She and Superintendent Edelman attended the board meeting and when he stated the purpose for their presence, the only reply she remembers was that of Lonnie McFarland, who now lives in Burnet, Texas.

He said, "As well as I can remember I didn't ask anyone's permission when I was ready to get married."

Apparently that settled the matter and the permission was granted.

Since that time Mrs. Truitt has taught English for thirty-five years. Thirty-two of these were in Friona High School and two in Bovina High School.

She was absent from the classroom

Carmaleet Truitt

a few years following the births of her two children, Larry Frank, who is a 1967 graduate of Friona High School, and Robbie Nell, who died when she

was nine months old.

In recalling some of her earlier experiences, Mrs. Truitt remembers that some of her first students were Gertie Short, Thelma Boggess, Marvin Jordan and Mary Jo Anderson.

She also recalls that last year she taught her first "third generation" student. Years ago Bruce and Grace Miller Parr were in her English classes, then in the sixties their son, Ira Bruce, was one of her students and last year his daughter, Shannon, was generation number three.

In addition to her teaching duties, Mrs. Truitt has always been active in extra-curricular activities. She has served as sponsor for a number of classes, Future Teachers of America, Student-Faculty Congress, National Honor Society and the ready writing portion of University Interscholastic League.

Some of her students always stayed in the competition until they reached regional finals, but her son, Larry, was the only student she ever took to the state contest. He brought home a second place medal from Austin in 1967.

Regarding the time she spent sponsoring various activities, she reported, "For many years I was very busy with sponsorship duties, from which I derived a lot of pleasure. I realize now that without the encouragement, support, assistance

and cooperation of my family, I never could have done all these things."

Mrs. Truitt remembers that during her first year of teaching she had three girls physical education classes and two freshman English classes and that her salary was \$71.25 per month.

Since that time she has taught high school English on all levels and for several years taught only junior and senior English classes. The only time she ever taught history was during World War II. This year she has four junior classes and one freshman class.

When asked about contrasts between the "then" and "now", she replied:

Then, she added, "The four things which bring me the most satisfaction as I look back are (1) being able to see that I have been able to instruct many students; (2) being fortunate enough to sponsor organizations in which I was interested and enjoyed; (3) the letters, phone calls and words of appreciation I receive from ex-students; and (4) having the friendship and cooperation of administrators, fellow-teachers and co-workers during the years."

Closing the interview in this area, Mrs. Truitt said, "I still think classroom teaching is the very best profession a working mother could have. Apparently it must have been 'my thing' as the students would say.

Democrats Name Four To State Convention

Four delegates and four alternates were elected to the state Democratic convention by the Parmer County Democratic Convention meeting in Bovina on Saturday, May 10.

H.H. Horton, Jr. was elected permanent chairman of the convention, and Donna Roming was elected secretary.

Those named as delegates to the state convention were James P. Fortenberry, Richard Collard, Movelda Fortenberry and Janette Collard. They will go to the convention as "uncommitted" delegates.

Named as alternates were B.K. Buske, Ken Horn, Gay Horn and Lucinda Burnam, who also will be uncommitted.

The state Democratic convention will be held June 20-21 in San Antonio.

The convention also adopted six resolutions, which will be placed before the state convention. The resolutions:

(1) Urged the government to work toward a zero balanced budget without raising taxes; (2) Urged support of an all-male draft for the country's adequate defense.

(3) Support for a one per cent additional sales tax for education to offset the majority of ad valorem taxes; (4) Urged the state and national Democratic party to adhere to the Democratic platform as it concerns parity, noting that farm prices have fallen and the president has not lived up to his campaign promises of 1976.

(5) Urged the Texas legislature to pass legislation to permit silent prayer in the public schools, and (6) Urged that the Democratic primaries elect official presidential delegates, rather than having a non-binding presidential vote.

Friona and Bovina had 100 per cent of their elected delegates present.

Scooter's Scoops

By Scooter Russell

(Editor's note: Scooter was gone this week, due to the accident involving her daughter Tracy in Idaho. We appreciate those of you who called or came by with your news items. Scooter will appreciate you calling when she returns, with your news items.)

Jack Patterson was in the office Monday. He was telling us that he entered the West Plains Bass Tournament at Ute Lake on Saturday, May 17.

Not only did he enter the tournament, but he won it! This was by virtue of catching the longest bass of any of the contestants.

Baby Son Stillborn

The baby son of Mr. and Mrs. Clay Wright of Mountain Home, Idaho, was stillborn Monday at 2 p.m. in Mountain Home.

The baby was the first for the couple. Mrs. Wright is the former Tracy Russell.

Funeral services for the infant were held in Mountain Home this week.

In addition to the parents, survivors include the grandparents, Mr. and Mrs. Jim Russell of Bovina and Mr. and Mrs. Claire Wright of Mountain Home, Idaho. Mrs. West of Hereford is the child's great-grandmother.

So, if you see Jack, be sure and ask him about his bass tournament. We couldn't pin him down on the size of the fish. Seems that fishermen consider this "privileged information."

First Baptist Church will have a Summer Youth Director. He is Preston Nix, a native of Waco. Nix will be joining the local church on May 30, and will be in Bovina through August 15.

Nix, 24, has served as the campus evangelism director at Baylor University, and will be entering the seminary this fall.

We welcome Preston Nix to Bovina, and hope he enjoys his summer endeavor.

Carol Scott was honored Friday afternoon with a baby shower. The first grade students and their mothers were hostesses. Special guest was Mrs. Scott's mother, Mrs. Lawrence Jamerson. Cake and Kool Aid were served.

The Jack Claytons, James, Sandra and children, Mark, Ted, Joanna, Dick, Bonnie and children, Hollie and Chad spent Sunday with Arlene and Rocky Hance and family.

They went to the graduation exercises Sunday night of Arlene and Rocky's oldest son Robbie. All returned home Sunday night.

Bedford and Pauline Caldwell visited with their son Phil and his family in Dallas last weekend. The Durward Bells accompanied them on their trip. They left Thursday and returned Sunday.

Gwen Clements reports that Jimmie is home and enjoys company following his stay in the hospital. It's good to have Jimmie home.

We would like to extend our deepest sympathies to Virgie Adams on the death of her mother Mrs. Roberts. She died Friday and services were held in Muleshoe Monday.

Clara and Scott Gober enjoyed company over the weekend. Debbie and Clyde, Shanda and Dustin of Lovington, New Mexico and Ginger and Mike of Dumas all spent the weekend at home with their parents.

Christe Lawlis had a tonsilectomy Tuesday morning in the Methodist Hospital in Dallas. Christe is the daughter of David and Barbara Lawlis of Grand Prairie. She is the granddaughter of Doris and Ovid Lawlis.

The Student Council of the Bovina High School will sponsor a Bike-a-Thon Saturday at 9 a.m. All participants will meet in front of the school for other instructions. The Bike-a-Thon is held on behalf of the Cystic Fibrosis Foundation.

Bovina Boy Gets Two Scholarships

Kirtus Garrison, Bovina High School senior, has been awarded two scholarships from West Texas State University in Canyon.

He has received the President's Honor Roll Scholarship for honor students and the Edna Graham Freshman Scholarship which is received by a student who has excelled in mathematics.

Kirtus is the son of Mr. and Mrs. Sam Garrison of Bovina.

Rhea Homemakers Met In Taylor Home

The Rhea Extension Homemakers Club met Tuesday evening, May 13 in the home of Gay Taylor with Ona Patterson serving as co-hostess.

Everyone enjoyed a salad supper in Gay's enclosed patio. Special guests were Mr. and Mrs. Otho Whitefield of Friona, Carleen Sims of Lubbock and Laura Jacobs of Farwell. Club members present were Gay Taylor, Ona Patterson, Judy and Helen Potts, Sue Smith, Sarah Dean, Velma Schlenker, Martha, Shirley, Donna and Cecelia Schueler.

Mr. Whitefield gave a very informative talk on the work being done on the second Parmer County History Book.

At the business meeting everyone present answered roll call with "My Favorite Food." Sue Smith and Gay Taylor reported on the luncheon at Canyon on April 19 for the Texas Panhandle Distinguished Women they had attended. Even though Sue wasn't a winner she expressed her appreciation for being nominated by the club.

Sarah Dean and Cecelia Schueler reported on the quilting workshop and "How To Get New Young Club Members" workshop they attended at the district meeting in Denver City on April 10.

The annual Rhea Fourth of July picnic will be on July 4 with a special program being planned.

Laura Jacobs gave a program entitled "Light Up Your Life" on home lighting. She told of two kinds of light you need--general lighting and local lighting. The amount of lighting needed depends on the size of the room and what you will be doing in that room. The different kinds of light bulbs were shown by Laura. She then gave directions of where to place your lighting for floor lamps, desk lamps, etc.

For better lighting, three things were mentioned--dust light bulbs often, light colored walls will reflect light better and white lamp shades give more light than colored or opaque lamp shades.

Pioneer Group Meeting Set In Hereford

Mid-Plains Pioneer Association's annual celebration will be held Saturday, May 31, at the Community Center in Hereford.

Highlights of the day will be recognition of the "Pioneer of the Year," sponsored by KPAN radio station.

Following tradition, pioneer study club members will conduct registration beginning at 9:30 a.m.

The call to order will be at 11:15 a.m. for the annual business meeting and election of officers. The covered dish luncheon will begin at noon, with the association to furnish meat, bread and beverages. In addition to naming the "Pioneer of the Year" recognition will be made for those who are the oldest and have traveled the farthest distance.

Currently serving as officers for the pioneer association are Vesta Nunley, president, Donald Hicks, vice president and Rachel Henslee, secretary-treasurer.

A Glad Heart

Read Psalm 118:24-29; Luke 17:11-19

This is the day which the Lord hath made; we will rejoice and be glad in it. --Psalm 118:24

ONE day my husband and I stopped at the home of a mountain farmer. Taking in the breathtaking beauty, I exclaimed, "What a lovely view you have here!"

The farmer looked about him and then dryly answered, "Huh, there ain't nothin' to see but mountains!"

Too many of us take for granted all the wonders about us. With each new day comes evidence that there is a Supreme Being governing the universe. Each time the sun rises and shines, it means that God has created a new day for our use and pleasure. We should rejoice in this knowledge and express our thanksgiving in our prayers and in service to our Creator.

Being glad in each new day is possible for us. With the help of Christ we can fill it with service for Him and our fellowmen. Whatever our work or wherever it may take us, we can be glad in our hearts. The old saying "Make yourself happy until ten, then you will be happy all day" holds much meaning!

PRAYER: Our God, give us glad hearts for the work of this day. May our service to Thee be unselfish and done with joy. In Jesus' name. Amen.

THOUGHT FOR THE DAY

A glad heart accomplishes more than a sad one.

Annual FFA Fete Held Thursday

The Bovina Future Farmers of America held their annual parent, member and guest banquet, Thursday, May 12. The banquet, sponsored by "Big Nick" Machinery and Agri-Sprayers, Inc. consisted of German sausage, barbecued ham, pinto beans, green salad, hot rolls, cherry pie and iced tea.

Jim Rhodes, FFA president, served as master of ceremonies for the banquet held at the Bovina High School cafeteria.

The opening ceremony was held by the chapter officers and Scotty Johnson gave the invocation. Mark Teague welcomed the parents and special guests. Don Teague, father of Mark, responded with the welcome.

Mike Teague provided the dinner music.

Ricky Jamerson, sentinel, introduced the special guests, including FFA parents, school trustees, faculty and contributors to FFA.

Tim Garner introduced the speaker, Jamie Widner, from Melrose. Widner is the New Mexico State FFA President.

The chapter presented honorary membership to the following people for their special help to the chapter: T-Bone Treinen, Big Nick Treinen, Gaylon Rhodes, Ralph Roming and

Glendon Sudderth. The chapter gave special recognition to Mr. Owen, superintendent, and Mr. Gauntt, principal, in their support and understanding. They also gave Mr. and Mrs. Widner and Mr. Willoughby special recognition.

Ag instructors, Willoughby and Widner, presented the special awards to the outstanding members of the chapter. Those receiving the special awards include Doug Roming for Chapter Star Farmer, Jim Rhodes, Top Hand Award, Ricky Jamerson for Agricultural Mechanics Professional award, and Ricky Mayfield for the DeKalb award.

Also receiving awards were Mark Teague for Outstanding Student in Ag I, Dale Gilbreath and Scotty Johnson for Outstanding Student in Ag IV. Laura Widner received the scholarship award, Ricky Jamerson received the Outstanding Ag Mechanics award, Bret Whitten, Star Green Hand. Tim Garner received the Ag III and The Hustler award went to Kevin Koelzer.

Certificates were given to several area people to show the chapter's appreciation.

The Green Hand officers presented the closing ceremony.

High School Band Returns From Trip

Forty-three members of the Bovina High School Band recently participated in the biennial spring band trip. The itinerary for this year's trip took the band members and their sponsors to the Houston/Galveston area. On Thursday, May 8, the group left Bovina and traveled to Brookshire, Texas, where they spent the night. The next morning they went to the Johnson Space Center south of Houston where they took a four hour tour of the NASA facilities. While at the space center, the group received a special guided tour of the NASA Mission Control Center. They were also allowed to visit the various training facilities at the NASA site.

Following the NASA tours, the group traveled south to Galveston where they spent the afternoon at Stewart Beach on Galveston Island. Friday evening they went to Galveston Island State Park for a picnic supper before returning to their motel in Houston.

On Saturday the group went to the Galleria, a large shopping mall in Houston. Many of the students and sponsors went ice skating at the mall, while others went shopping. After visiting the mall, they went to AstroWorld, an amusement park which is part of the Six Flags chain.

On Sunday the group returned to Bovina from Houston, stopping in Abilene for lunch.

Parent sponsors who made the trip with the band were Mary and Dick Richards, Norma Whitten, Mary Evelyn Steelman, Julia Ann Moody and Vernon Willard. Bus drivers for the trip were Charlie Teague and Jim Little.

FFA News

By BRET WHITTEN
FFA Chapter Reporter

The Bovina FFA Chapter held its annual banquet on Thursday, May 15 at the school cafeteria. "Big Nick" Machinery and Agri-Sprayers, Inc., sponsored this banquet. There were approximately 250 people in attendance.

Jamie Widner, New Mexico State FFA President, was the speaker. He encouraged those present to never give up and keep striving in all their work. Various guests were recognized and honored. T-Bone Treinen, Nick Treinen, Gaylon Rhodes, Ralph Roming and Glenden Sudderth were made honorary members of the Chapter.

The following students received awards: Dale Gilbreath, Outstanding Ag I student; Mark Teague, Outstanding Ag II student; Tim Garner, Outstanding Ag III student; Scotty Johnson, Outstanding Ag IV student.

Also, Bret Whitten, Star Greenhand award; Jon Riddle, Ronnie Ward, Karl Willard, Eloy Flores, Joe Black, Kenny Carrell, Billy Cupit, Jerry Lanier and Jerry Soliz, certificates of merit.

Also, Charlie Trimble, crop management; Doyle Garner, farm and homestead improvement; Doug Roming, beef production; Eddie Don

Lide, swine production; Tim Garner, sheep production; Ricky Jamerson, agricultural electrification.

Also, Tad Mayfield, soil and water management; Blake Sudderth, star agribusinessman; Laura Widner, diversified livestock production; Scotty Johnson, extemporaneous speaking award; Ricky Mayfield, the DeKalb award; Kevin Koelzer, hustler award.

Also, Doug Roming, Chapter Star Farmer award; Jim Rhodes, retiring officer plaque; Laura Widner, scholarship award; Ricky Jamerson, ag mechanics professional award; Ricky Jamerson, outstanding ag mechanics award; and Jim Rhodes, Bovina Top Hand award.

Mr. Owen and Mr. Gauntt were given special recognition by the Chapter for their help. The Chapter also presented the advisors, Mr. Willoughby and Mr. Widner gifts of appreciation. Mrs. Widner has helped

the Chapter so much this year and was also presented a gift.

Mr. Widner stated that 65 boys and girls had been involved in Ag this year. He told of a new program that is to be added next year to our existing program. This is a co-op project. Under this, the students will go to school one-half day and work one-half day. He urged all who might be interested in hiring these students to contact the school.

The FFA has had a good school year. Many of the boys and girls are already involved in next year's project. The members of the FFA have appreciated the help of all members of the community this year.

Tax Board...

(Continued from Page 1)

Several of the taxing units in the county have worked on re-appraisal projects in recent years, and this work will not be thrown out, according to Jamerson.

"We feel we can use these recent re-evaluation figures that the various school districts and city governments have obtained, but where a taxing unit has not re-evaluated recently, we will need to bring these figures more closely to the other units in the county," he said.

Jamerson said that the board had met with representatives of the various taxing entities, getting an idea of how to incorporate their budgets.

The members of the tax appraisal board were elected by the various school boards, city councils and county commissioners, based on the number of tax parcels in each district. This was how the makeup of the board was determined.

Around The House

By LAURA JACOBS

Memorial Day week-end is traditionally a time for families to begin their summer outdoor activities. Trips to the lake, camping, picnics are all summer-fun things to do.

Picnics remind us of beautiful sunny days and delicious foods. Be sure to plan meals that are made up of foods that don't spoil. Fresh fruits and vegetables, cup cakes and cookies are good selections.

If you must take highly perishable foods, such as mayonnaise, eggs and meat, pack them in well insulated containers. Remember, keep hot foods hot and cold foods cold. Be sure to use ice or reusable cold packs. Don't depend on cold foods staying cold just because it's in an insulated bag--especially on a warm day.

For a quick chili pie, do this:

Prepare your favorite chili mix and put in a vacuum bottle. Put grated cheese in a container so it will stay fresh. Now all you need is a spoon and an individual bag of corn chips. When ready to eat, simply cut the top off the bag, spoon chili over the chips and stir in the bag. Spoon grated cheese over the top--and eat out of the bag.

Hot dogs can also be prepared at home, packed in a wide-mouth vacuum jar. Carry along your mustard, buns, grated cheese, chopped onions, etc. When you are ready to eat, your franks will still be hot.

Whatever your summer plans, be sure you plan for food safety.
