WEDNESDAY, AUGUST 5, 1964

BOVINA, TEXAS

VOL. IX NO. 6

## WHITTLIN'

BY DOLPH NOTLIN

Have you noticed how frantically the extremists are digging for skeletons in President Johnson's closet?

With the election coming up this November they're grabbing at straws in attempts to "get something on" LBJ which might influence some unthinking voter against voting for him.

Sad part about all this skeleton-digging is that Lyndon B. Johnson, President, is the same individual who was Lyndon B. Johnson, Senator, and Lyndon B. Johnson, Vice President.

Those posts are fairly important in our form of government.

But these extremists who are so highly interested in helping America, they say, weren't interested in getting out propaganda on him when he was in one of those "lesser" posts.

They're just after the top man. That's all.

The point is: If a man is no good for public office, he's no good for any public office, not just the top one. Why didn't these people blast Lyndon previously. They just want him defeated in his bid for election to the White House, that's all.

They're not especially interested in good, honest government. They just want their man--Goldwater--in the driver's seat.

They won't prove anything on LBJ. They won't even try to. They know there's nothing to prove. They'll just plant a crop of suspicions in the minds of unthinking people and hope they'll ripen by harvest time which will be election day in November.

In this great country of ours, if a man does something wrong, you get him before a grand jury. You don't write a book about him!

Remember that as the opposition snips away at the Democratic nominees during the forthcoming campaign.

\*\*\*\*\*

We have another Grandfather Tennis Match report.

Herb Potts writes from Farwell that he's ready to play and he even sets the day. Here's his note:

"If these other grandfathers were not joking about the tennis match, let's arrange it for the evening of August 14th.

"Notice where some other old folks (W. H. Graham) are interested. Good, but I would like for Gene (Ezell) or myself to play this Oklahoma Lane youngster (Harold Carpenter) before he tires himself out in the bush league."

\*\*\*\*\*

Herb, we have a feeling that you're going to be crowned the champion grandfather tennis player in Parmer County by default. However, before the crown is presented, we'll continue to wait patiently a few more days for an answer from one of the aforementioned opponents.

Last week, readers will remember, we suggested that the match or matches between the grandfather tennis players be conducted during Bull Town Days, August 13-14-15.

Herb has, in his letter, agreed to this suggestion. Whether or not he'll have any opposition remains to be seen. We doubt that he will.

\*\*\*\*\*

Another summer schedule of boys' baseball is behind us. It has, we venture to say, been a moderately successful one.

A lot of improvements remain to be made. But at the same time we need to realize that a perfect program is an admirable goal which will never be reached.

No exact figures have been made available at this writing, but it appears that the concession stand had another great year financially -- thanks to the donations of time and hotdogs by mothers of the players.

Bill Meeks, manager of the Red Tops team of Texico-Farwell, his wife and players, have expressed to us their appreciation to this community for the fun they've had in playing in our Little League.

They told us they wanted to say thank you to all the people here who made the league possible.

"Everyone in Bovina has certainly been nice to us and we

(Continued on page 2)

## EXPECT 4,000 AT BAR-B-Q--

# Bull Town Days Plans Continue

Four fat steers, weighing almost 1,000 pounds each, have been slaughtered in preparation for Bull Town Days here August 13-14-15.

The beef will be cooked and served at the free barbecue scheduled for Friday, the 14th. This will be enough beef to serve 4,000 people.

The free barbecue will be one of the highlights of the celebration which will also feature an

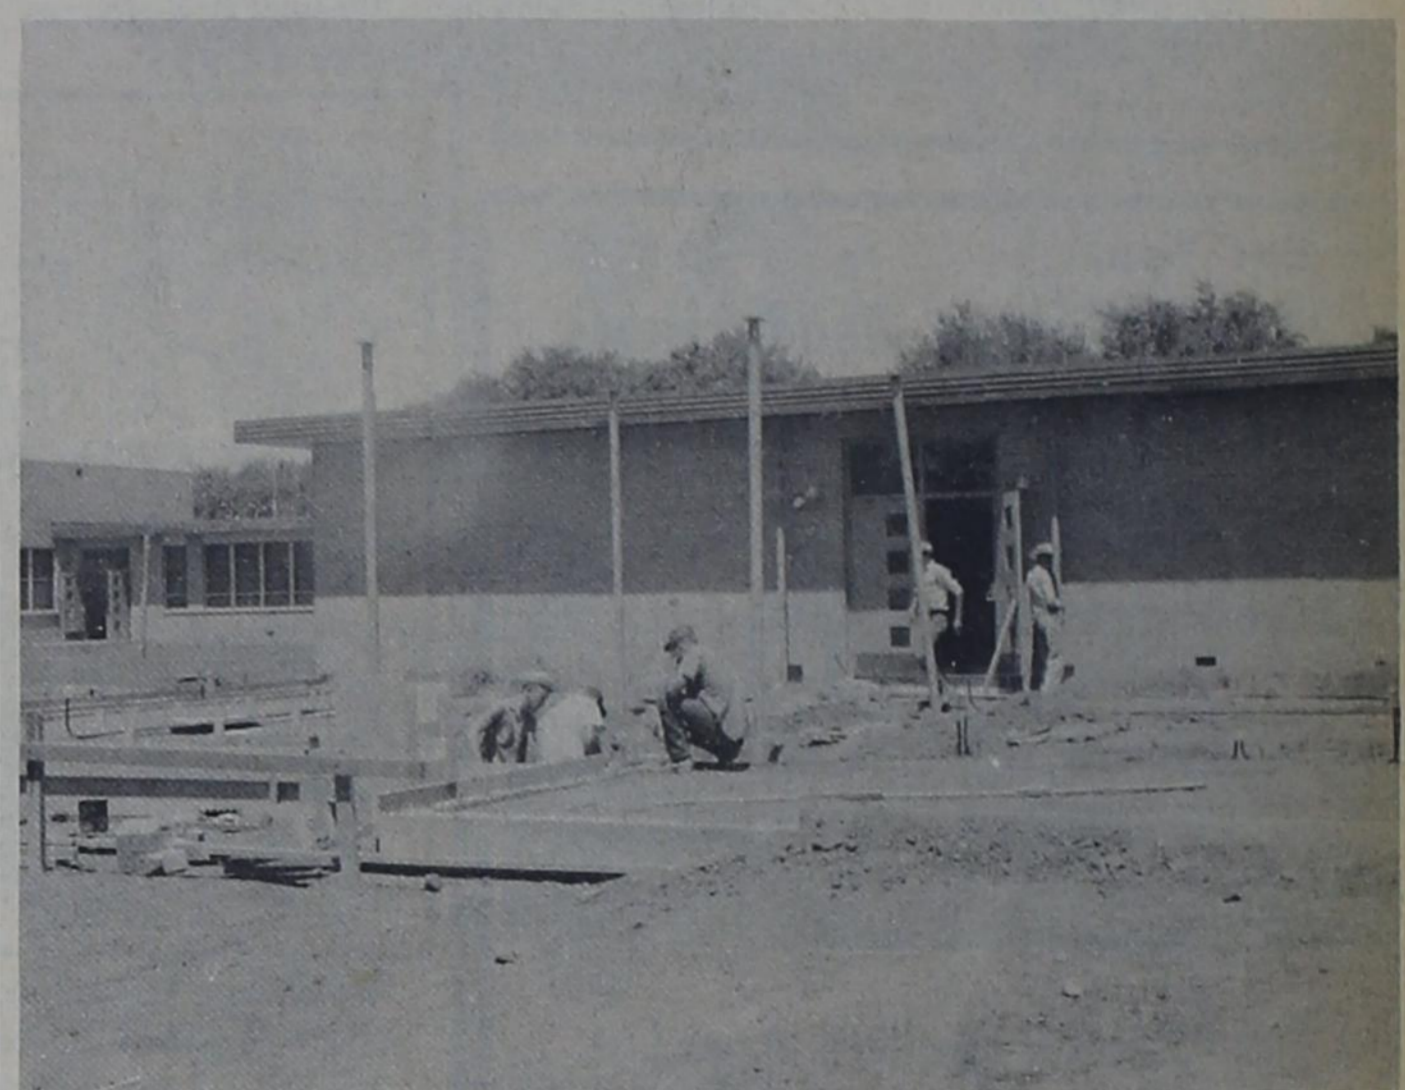

old-timers' reunion, a matched roping between two of the outstanding calf ropers in the area, a junior roping between James Lee Calaway of Bovina and David Hill of Hereford, a downtown parade, a cow calling contest, junior calf scramble, square dance contest, beard growing contest and a fiddlers contest.

The festivities will be climaxed by fourth annual Bovina Roping Club Quarterhorse Show on Saturday, the 15th.

Thursday night activities include a talent show at school auditorium and a queen's contest at the roping arena.

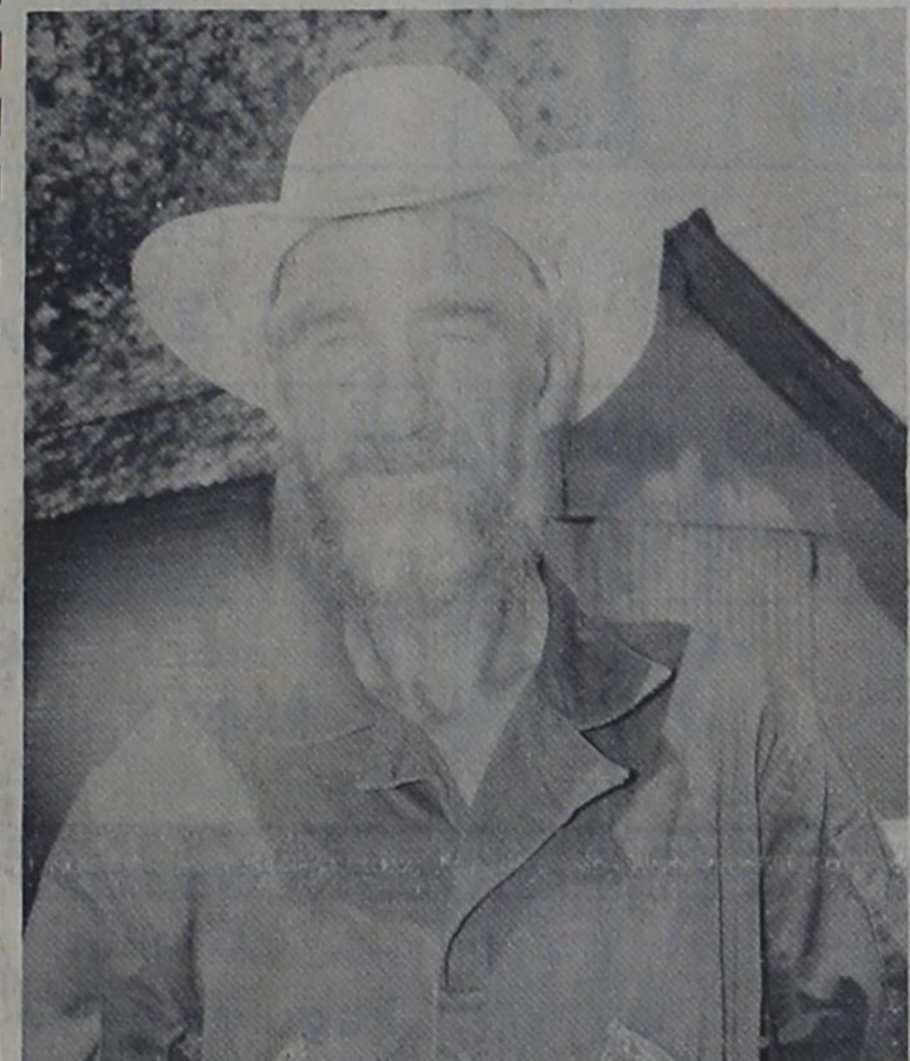

Rules for the queen's contest, announced this week by Jack McCracken, manager of Bovina Chamber of Commerce and Agriculture, state that candidates must be 21 or younger, single, be dressed in Western attire, be able to enter the arena horseback, and be able to be present for all activities of the celebration.

All organizations and busi-

SLOW PROGRESS--Work on the school expansion program here continues as foundations are being put in place. Some 40 days of the 180 expected to be needed to complete the construction have elapsed. School officials hope the new facilities may be put in use by mid-term (January) of the forthcoming school year.

## Beard Growers

R. T. HARBOUR

## Children Recovering From Burns

The two children of Mr. and Mrs. Raymondo Suniga who were injured in an automobile fire near here July 15 are improving, according to Billie Sudderth, who is acquainted with the family.

The children, Elida, 2, and Manuel, 4, are in Shrine Burn Clinic at Galveston.

The little boy is improving nicely and is expected to be released from the hospital next week. Skin grafting will be required for the girl and it isn't yet known when she will be released from the hospital, Sudderth says.

Funds have been collected here to help pay the expenses for the family. The hospital care at the Shrine Clinic is free but other expenses have been incurred.

nesses in the community are urged to enter queens, McCracken says. Trophies will be presented to first, second and third place winners.

Judges will select the winners on the following basis-- personality, 30 per cent; beauty 30 per cent; appearance, 20 per cent; poise and congeniality, 15 per cent; and horsemanship five per cent. Contestants should be at the roping arena by 7 p. m. Friday, the 14th.

\*\*\*\*\*

Representatives from the roping club and the chamber, co-sponsors of the first annual festival, will appear on KGNC-TV, Channel 4 in Amarillo, Saturday at 3 p. m. on Cotton John's program.

Following that show, an interview by Cotton John of the Bovina delegation will be video taped to be shown on Cotton John's Sunday morning show. Radio tapes will also be made to be used on KGNC.

\*\*\*\*\*

Additional plans for the celebration were made at a meeting of the roping club Monday night at Bovina Restaurant. Another planning session is set for Monday night of next week at 8 p. m.

**Weather by Willie**

The Atlantic front has been stopped too far south and it must move way north before it can do us any good. No rain in sight, except maybe a shower.

--Willie

## FOUR NEEDED--

# School Signs Three Teachers

Three new teachers for Bovina Schools have been named. They will fill the positions of high school science instructor, junior high coach and grade school physical education director, according to Superintendent Otis Spears.

Named to the junior high coaching post was Roger McFarren, who last year coached boys and girls basketball at Hartley.

A native of Stinnett, McFarren was graduated from West Texas State University in 1963 with a major in physical education and a minor in speech. He is married and has one child. In addition to coaching football and basketball on the junior high level, McFarren will also instruct high school and junior high physical education.

Signed to the high school science teaching post was Mrs. Margaret Lee Douglas, who has taught the past three years at Whiteface.

Mrs. Douglas is a graduate of Southwestern State College at Weatherford, Okla. She received her degree in '60 with a major in chemistry.

Directing the new physical education department in grade school will be Gene Douglas. His wife is the new high school science instructor. Douglas has five years teaching experience, the last three at Whiteface. Prior to that he taught two years at Stafford, Okla. He is a graduate of Southwestern State College in Oklahoma. He has a major in business education with a minor in physical education.

Mr. and Mrs. Douglas have three children, two of school age.

\*\*\*\*\*

Four teachers have yet to be signed, Spears announces. Still needed are two for third grade sections, one for a first grade section and a junior high English teacher.

School is scheduled to begin August 31.

## BOVINIA'S FIRST JP--

# Services Friday For W. J. Parker

Funeral services for W. J. (Will) Parker, 81, Bovina's first justice of the peace, were conducted Friday afternoon at the Church of Christ here.

Mr. Parker, a resident of this community since 1919 and of the area since 1914, died Thursday morning at Clovis Memorial Hospital.

He had been seriously ill only a short time. June 21, he suffered a light stroke and was confined to the hospital for a time. He partially recovered and returned to his home. He suffered another stroke July 24 and was admitted to the hospital for treatment again.

Mr. Parker was the only justice of the peace in Bovina's history. He was elected to the office after it was created by the county commissioners court in 1948. He was re-elected to a second four-year term in '62, and was serving it at the time of his death.

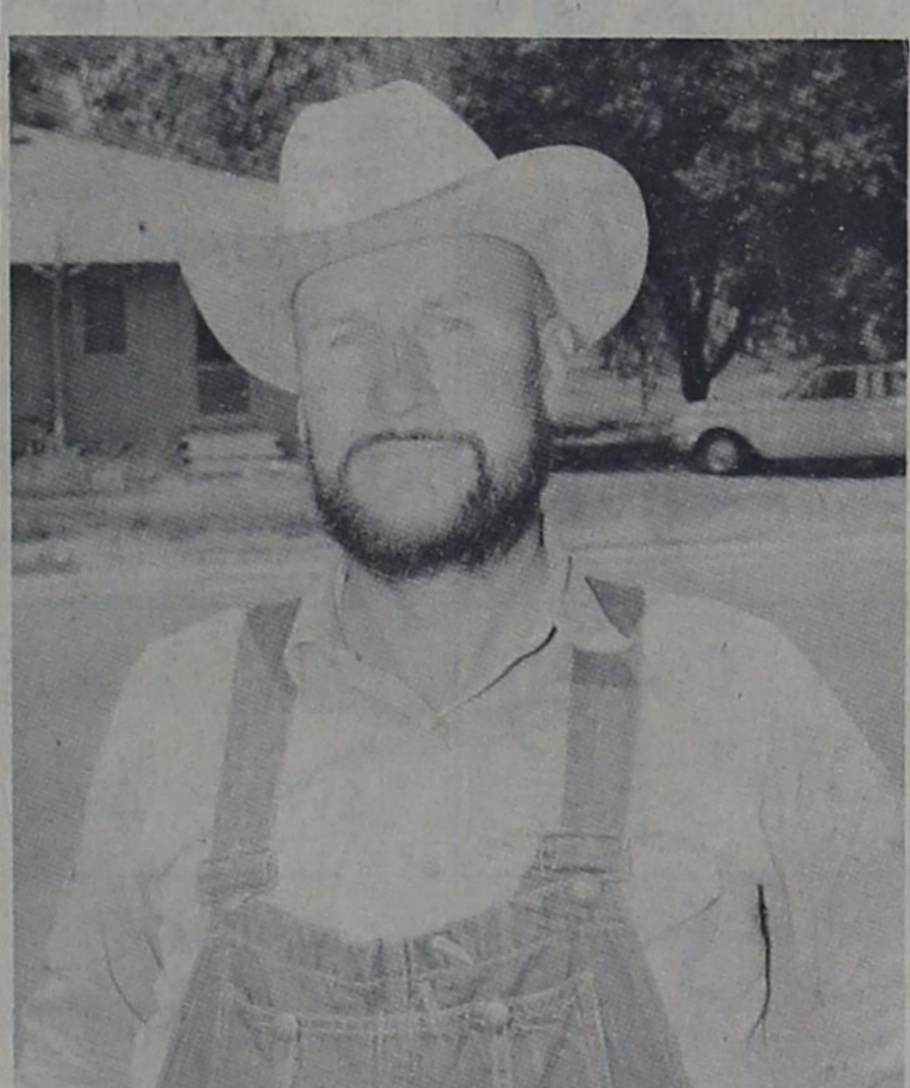

Don Stone, minister of Bovina Church of Christ, officiated.

Mr. Parker was born March 31, 1883 in Rusk County. He moved to Texico-Farwell with his family from Garrison, in deep East Texas in 1914. The family moved here five years later.

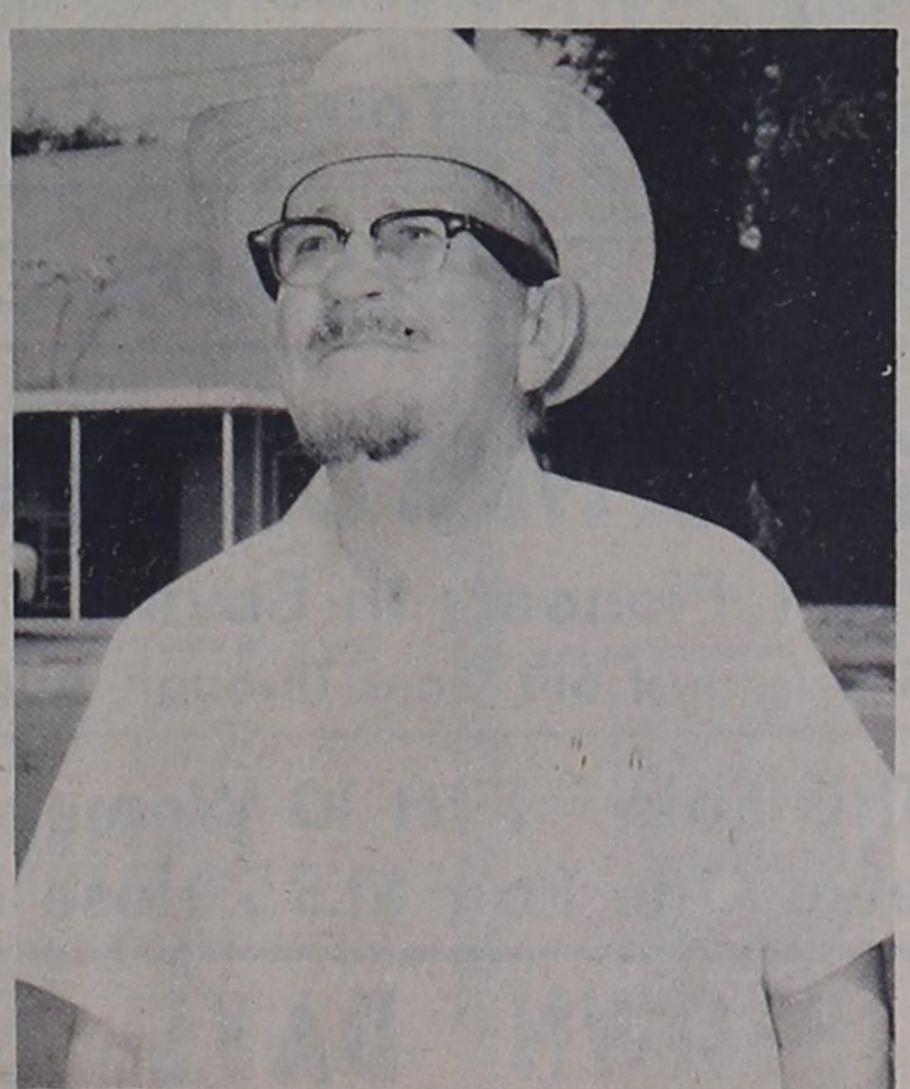

Pallbearers were Gene Ezell, Bill Denney, Vernon Ward, Henry Minter, Paul Jones and Jack Woltmon. Honorary pallbearers were Earl Richards, Reagan Looney, J. E. Sherrill, C. R. Elliott, Boyd Gilreath and Ed Johnson.

W. J. PARKER

## SEASON ENDS--

# Oklahoma Lane Wins League

Oklahoma Lane Eagles are Little League champions. They took over the league leadership at the opening of the season and were never headed. The two-month long season ended last week.

Going through more than half the season undefeated, the South-of-Town boys finally lost two of the 14 games they played but were never in danger of being ousted from the top spot in the league standings.

In the only game played last week, Bovina Wheat Growers Bovina Insurance, the cellar team, took an 18-4 whipping from First National Bank-Lawlis Gin Friday night. Both teams were crippled by a lack of players. Some members of both squads were in Elida playing in an invitational tournament on

all-star aggregations.

Each team in the league was scheduled to play 15 games. Oklahoma Lane and Lions of Texico-Farwell have one game yet to play -- it was postponed because of the Elida tournament. It probably won't be played, however, since it could have little effect on the league standings.

The only change which could be made by playing the game is that Bank-Lawlis could move from fourth place into a tie for third if Oklahoma Lane won the tilt. If the Lions won the game, there would be no change.

\*\*\*\*\*

In the tournament at Elida, the two teams from here each won their first game on Thursday and lost the second round tilts on Friday.

This pitted them against each other in the consolation finals Saturday. Team No. 2 (Red Tops, Lions and Three-Way Chemical - Bovina Gin) won over Team No. 1 (Oklahoma Lane, BWG-BI, Bank-Lawlis), 6-4. Each of the teams received a trophy for its efforts.

(Continued on page 2)

# Lynn Looney Lions' Queen

LYNN LOONEY

Lynn Looney, who will be a senior in Bovina High this year, was recently elected queen of Bovina Lions Club.

Miss Looney is the daughter of Mr. and Mrs. Howard Looney.

She will represent the club as queen at all official functions.

Elaine Fuller served as queen last year and Judy Strawn was queen two years ago.

\*\*\*\*\*

Next regular meeting of Lions Club is scheduled for Thursday, August 13.

## PEEWEE SEASON ENDS--

# Cicero Wins; PCFS Loses

The shoe was on the other foot in the final night of 1964 peewee baseball season here Thursday. Parmer County Farm Supply, which hadn't lost a league game all season, did and Cicero Smith Lumber Co., winless until Thursday night, downed PCFS, 7-4.

Though Cicero's win erased goose eggs in the records of both teams, it didn't change the league standings. Parmer County remained comfortably

in the top slot and Cicero continued as the cellar-dweller.

In Thursday's other game, Texico-Farwell blanked Dairy Freeze, 2-0.

Those games concluded the season for the peewee teams. Here are the final standings:

Team	W	L	Pct.
PCFS	7	1	.875
Tex-Far	5	2	.714
Dairy Freeze	3	4	.428
Okl. Lane	3	5	.375
Cicero	1	7	.125

### Local Fireman Gets Check

Parmer County Farm Bureau President Harry Hamilton recently presented checks to Archie Melvin (Pete) Hollis; Friona, and H. R. Denney, Bovina, members of their respective volunteer fire departments as partial reimbursement for expenses incurred to participating in a fire control train-

ing program held recently on the campus of Texas A&M University. The local representative was one of some 140 volunteer firemen from 78 counties who attended the 35th annual Texas Firemen's Training School July 19-24 under Farm Bureau sponsorship.

Conducted by the Engineering Extension Service in cooperation with the Texas Education Agency, the school provided instructions on fire protection and prevention as well as fire-fighting techniques. The FB - sponsored students also attended two special conferences on rural fire protection in addition to regular courses in the school.

This is the second year that Farm Bureau has sponsored the training of volunteer firemen. The County FB President said this is part of a state-wide program coordinated by the organization aimed at reducing fire losses in rural areas.

### Whittlin'--

(Continued from page 1)

appreciate it," Mrs. Meeks said. How's that for a fine compliment?

At the same time we need to remember that the participation of Texico-Farwell and Oklahoma Lane teams in the league adds to it greatly and makes a much better overall program. The set-up as it has been the past few years on a combined basis is mutually beneficial, we think.

Probably it should be continued in years to come even though Texico-Farwell now has a lighted field of its own.

Following our request last week for Bull Town Days edi-

## PUBLIC NOTICE

### Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

## Thanks, Friends

I have sold my interest in The Mary Marr Shop to my partner, Furne Harris.

It has been my pleasure to offer you ladies' and children's ready-to-wear goods since the store opened in August of '59.

Being of service has been a pleasure and I hope you will continue the fine patronage with Furne that I have enjoyed.

Your business at The Mary Marr during the past five years has been greatly appreciated.

Thanks Again.

## Ellison Family Has Reunion

Several members of Ellison family attended a reunion this weekend at Nogal Inn, cabin of Mr. and Mrs. Buck Ellison in New Mexico.

Robert Read was speaker at church services Sunday morning. Assisting him were Ellison Glover and Willie Denney. Trophies were given for various games. J. O. Glover received the 42 trophy, and the Wahoo trophy. Thomas Rhodes Jr. received a horseshoe pitching trophy.

Winning children's trophies were Dwain Grissom and Jerry Denney.

Those attending the reunion were Mr. and Mrs. Hubert Ellison, Mr. and Mrs. J. C. Denney and Mr. and Mrs. J. O. Glover all of Truth or Consequences, N. M., Mr. and Mrs. Aubra Ellison of Plainview, Mr. and Mrs. Charles Tidenberg of Santa Rosa, N. M., Mr. and Mrs. H. J. Tidenberg and children of Albuquerque, N. M., Mr. and Mrs. Thomas Rhodes Jr. and family of Friona, Mr. and Mrs. C. W. Grissom and family of Tiaban, Mr. and Mrs. Ellison Glover and family of Las Cruces, Mr. and Mrs. Willie Denney of Dennison, Pam, Chuck and Margie Ellison of Lubbock, Attending from Bovina were Mr. and Mrs. Buck Ellison, Mr. and Mrs. Howard Ellison and family, Mr. and Mrs. Robert Read and girls and Mr. and Mrs. Melvin Terry and children.

Guests were Mr. and Mrs. Wesley Ayers and family of San Diego, Calif., and Archie McCutchan of Waco.

## Mrs. Clements Hosts Circle

Mrs. Bobby Fillpot presented the program to members of Charity Circle Tuesday morning at Methodist Church.

Title of program was "The Mightiest Force In The Universe" by Norman Vincent Peale.

Following the program Mrs. Jimmie Clements served refreshments of Spudnuts and coffee to the group.

Attending were Mrs. Ralph Roming, Mrs. Jimmie Ware, Mrs. Bobby Fillpot and the hostess.

## Talent Contest August 13

Joe Harper, band director, announces the Talent Contest in connection with Bull Town Days is still accepting entries.

Harper urges anyone who has any talent or is interested to contact him for information on entering.

The contest is slated Thursday, August 13, in school auditorium.

## Visitors In Bradshaw Home

Mr. and Mrs. Larry DeFever of Denver, Colo and Mrs. Al Rawls and children of Atlanta, Ga. are visiting in the home of their parents, Mr. and Mrs. H. D. Bradshaw.

## Of Interest To THE WOMEN

### Billingsley, Johnston Exchange Nuptial Vows

Shirley Ruth Billingsley, daughter of Mr. and Mrs. B. G. Billingsley and Dennis Ray Johnston, son of Mr. and Mrs. Elvin O. Johnston were united in marriage Sunday afternoon at 3 p. m. in Bovina Church of Christ.

Don Stone, minister of church of Christ, read the ceremony. The bride wore a street length waffle pique dress with lace inserts. Her circle that featured

### Coffee Fetes Mrs. Kelly, Mrs. Rogers

Mrs. Glenn Kelly and Mrs. Jerry Rogers were honored with a lullaby coffee Wednesday morning at the home of Mrs. C. U. Hall.

The refreshments table was laid with a pink cloth and featured a white cake decorated with baby booties. Refreshments of cake, nuts, mints, coffee and soft drinks were served to guests.

The honorees were presented with a lingere set apiece.

Those calling were Mrs. LeRoy Lance, Mrs. D. T. King, Mrs. Charles Vickers, Mrs. John Ferguson, Mrs. Phillip Cassidy, Mrs. Keith Garner, Mrs. Don Murphy, Mrs. J. B. Barrett, Mrs. Wendol Garner, Mrs. Bobby Englant and Mrs. Travis Dyer.

### 39ers Honor Mrs. Wright

Mrs. J. W. Wright was honored with a birthday dinner by members of 39ers Birthday Club Monday evening in the home of Mrs. Nola Read.

Following dinner the group presented the honoree with gifts and had cake and ice cream.

Attending were Mrs. Joe Wilson, Mrs. Robert Read, Mrs. Paul Jones, Mrs. Jesse Walling, Mrs. Wright and Mrs. Read.

### James Boardmans Adopt Daughter

Mr. and Mrs. James Boardman are the parents of a two-year old daughter. They adopted the youngster at Christ Haven, a home near Fort Worth.

The youngster is named Alice Marie. The Boardmans have a son, Jessie Ross, who is five.

### Visitors In Williams Home

Visiting in the home of Mrs. Jessie Williams this weekend were her children and their families. They are Mr. and Mrs. Julius Bradshaw of Lubbock, Mr. and Mrs. Carroll Burnam and Randy of Dimmitt and Mr. and Mrs. Tommy Williams, Leslie and Kathy.

## Courtesy Fetes Recent Bride

Mrs. Wayne Rhodes, the former Judy Meachum, was honored with a post-nuptial shower Friday afternoon at the home of Mrs. Jessie Williams.

The honoree, her mother, Mrs. G. D. Lowe Jr. of California, and Mrs. O. C. Rhodes of Friona were presented corsages.

Presiding at the guest registry was Miss Linda Johnston.

The refreshment table was laid with a white cut work cloth and centered with a red and white floral arrangement. Cake decorated with red and white and punch decorated with a floating rose ice mold, nuts and mints were served to guests.

Mrs. Bob Johnston and Mrs. Carroll Burnam presided at the serving table.

Hosting the courtesy were Mrs. Carroll Burnam, Mrs. Herman Estes, Mrs. S. E. Redden, Mrs. Bill Smith, Mrs. Mary Ruth Martin, Mrs. Dean Hastings, Mrs. Bob Johnston and Mrs. Jessie Williams.

## St. John Youth To Camp

Rev. Herbert F. Peiman, pastor of St. John Lutheran Church at Lariat, and his wife, Madge, are spending two weeks at the Ceta Glen Christian Camp east of Happy where they will serve as business manager and kitchen supervisors respectively.

This is approximately the 17th summer the Peimans have given two weeks of their time to their church's camping program. "Working with children and young people keeps us young in spirit in spite of our advancing years," stated the 70-year-old pastor.

The Peimans will be in Lariat for the Sunday morning service which will be held one hour earlier to enable them to be back at camp for the Sunday noon meal. Sunday school will begin at 8:30 and worship service at 9:30 a.m. this Sunday.

Children from St. John's attending this week's camp include Mike and Robert Haseloff, Cherry, Steve and Kevin Kaltwasser, Ronald Ramm, Marilyn Kriegel, Dwane and Bill Johnson and Jackie and Vicki Gilliam.

Mrs. Walter Kriegel of Bovina will be a member of the kitchen staff.

# CROPS HOLD UP WELL DESPITE DRY WEATHER

Grain sorghum and cotton in the Parmer County area, enduring what ranks as one of the hottest, driest summers on record, "generally looks pretty good," according to County Agent Joe Van Zandt.

Cotton, which has lagged behind in normal development after rains (the only significant moisture of the season) in late May and early June, is making a good comeback and possibly may close the gap between its present and what would be normal development.

In the case of grain sorghum fields where water is not really abundant, there has been some damage from the heat. Farmers discover that even though they are running their irrigation wells around the clock, they see a need to start back through a field with another watering before they can complete the first. "Maize that hasn't suffered for water looks real good," says the county agent.

On a couple of scores the area farmers can count themselves well ahead. The county

came through the hail and rough weather of spring in the best shape they have been in years. There has been some severe damage, of course; there always will be. However, for the most part, farmers have survived the wrath of nature very well.

The other bright spot is the insect picture. "So far we haven't had any big buildup of any particular insects that I know of," says Van Zandt. He has spotted a few false chinch bugs, but not many, and the sorghum midge hasn't arrived in heavy numbers yet.

Farmers, although still looking for a rain, are beginning to study the cotton with an eye to the recommended "cut-off" date for irrigation—which is August 20 for this area.

Continuing research indicates that watering cotton after that date is a gamble for farmers that they can ill afford. Experience in this area, especially several years ago (1953 and 1955, for example) bore this theory out in practice.

"Between now and the 20th they'd better get the water on this cotton if they're going to get any on it," is Van Zandt's suggestion.

The accompanying chart shows graphically how the water consumption of crops differ. In this case cotton is shown. Much of the area's fields are in the period of peak water use.

## Cattlemen Praise Senate Beef Import Bill

The president of the Texas and Southwestern Cattle Raisers Association, speaking at the East Texas Farm and Ranch Club Meeting here tonight, applauded Senate passage of a bill imposing reasonable restrictions on beef imports. Fred

Wulff of Brady said passage of this bill is a step toward stabilizing the U. S. beef cattle industry and voiced the hope that it would be followed by prompt and favorable action in the House of Representatives.

The bill passed the senate by a vote of 72 to 15. Senator Ralph Yarborough and Senator John Tower were among those voting for the bill. "Our senators are to be commended for this action," Wulff stated. "Presuming this bill becomes law, it means that the beef producer of the future will have a reasonably sound base upon which to make decisions for future operations."

Wulff pointed out that under present conditions any efforts by producers to bring supply in line with demand could be voided by increased importations of beef from other countries. "The domestic beef producer can look to the future with little hope knowing that each time he tries to solve his own beef supply problems his action will result in foreign beef taking over a larger share of the U. S. beef market," he declared.

The bill passed by the Senate would restrict imports of beef, veal, lamb, mutton and canned meats to a five-year average based on the years 1959-1963. Beef imports during this period were the highest five years in history.

"We believe this is a reasonable bill," Wulff said. "We are not closing our doors to beef imports, we are only asking for action which would prevent the ruination of the U. S. cattle industry, and the severe crippling of countless communities, the economics of which are tied closely to beef cattle production and processing," Wulff emphasized.

He called attention to the fact that beef imports were only 1 1/2 per cent of domestic beef production in 1956 but said that the so-called voluntary agreements negotiated recently with Australia and New Zealand set quotas based on the 1962-1963 beef import levels which amounted to 10 to 11 per cent of domestic production. In addition the agreements allowed a 3.7 per cent per year growth factor. Wulff said the pattern of these negotiations had set the stage for other negotiations which could allow continued increases in beef imports.

He pointed out that the Chairman of the Australian Board of Trade hailed this growth factor as a major break-through. An Australian newspaper quoted him as saying, "First time an agriculture export nation has given assurance of a share in growth of a foreign market." "These negotiations are solid evidence of the need for the bill passed by the Senate," Wulff declared. "While the cattle raisers from importing countries were represented by able and competent men, the U. S. beef man had no one who stood up for his interests. These agreements can be voided by either country on six months' notice, and who can say the domestic beef producers will be better represented in any future negotiations?"

Wulff said passage of the senate bill indicates a deep understanding of the disastrous effects beef imports are having on present U. S. producers as well as the tragic consequences which could result in the future without such a law. "Such a law also would ensure a continued supply of quality beef to the consumer at reasonable prices," he said. "Consumers' preference for this kind of beef is indicated by the steadily rising per capita consumption during the past two decades."

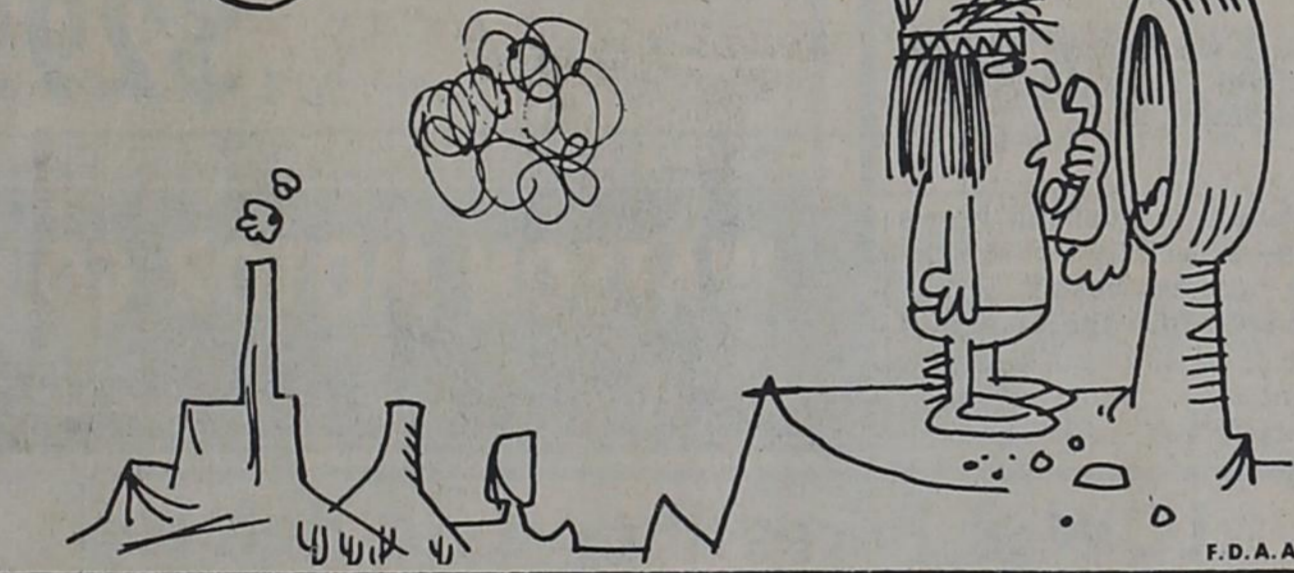

"Don't worry about finding your station in life. There'll always be somebody around to tell you where to get off."  
 —E. M. Remsburg, Vista (Calif.) Press.

Wheat is going up, but the price of wild oats will always remain the same.

CATTLE GRUB CONTROL Beef cattle producers and dairymen often fail to notice the hidden damage inflicted by cattle grubs. These losses be-

0.375 per cent concentration should be applied only once per year. With either spray concentration, the animals should be wet to the skin as thorough coverage is essential.

treatment, animals should have easy access to water. Do not feed romnel to sick or stressed animals or in conjunction with any other salt or mineral supplement.

toxicant to the skin and lessens the run-off problem. The restrictions concerning the use of this material are as follows: Do not apply within 28 days of slaughter.

Farm Bureau Fights Reapportionment Rule

Texas Farm Bureau President C. H. DeVaney is urging Farm Bureau members to contact their congressmen in support of legislation to reverse or nullify the recent U. S. Supreme Court decision on apportionment of state legislatures.

In a message to county Farm Bureau presidents and policy execution chairmen, DeVaney pointed out that the ruling is contrary to state and national Farm Bureau policies.

magnolias and cherries THE FASHION SHOP 521 Main Clovis

gin when heel flies attach their eggs to cattle and continue through the period when the grubs appear as lumps in the back. Grub losses can be reduced with timely applications of any one of the three recommended systemic insecticides: Co-Ral, Ronnel, and Ruelene.

Ronnel offers a choice of treatment methods and formulations. When employing the free-choice, either the mineral block or granules containing 5.5 per cent of this product may be used.

Ruelene may be applied as a 0.5 per cent spray for grub control. Thorough coverage of the animal is essential with large animals requiring approximately 1 gallon of spray while smaller animals require only 1 to 3 qts. depending on the size.

Ruelene 8R should be applied in a backline application at the rate of 1 fluid ounce per 100 pounds of body weight to animals weighing up to 800 pounds, while no more than 8 ounces should be applied to any animal weighing more than 800 pounds.

JR. HEREFORD DAY On August 15, the Panhandle Junior Hereford Breeders Association will hold its annual Field Day at the Jake Hess Ranch, 1 mile southeast of McLean.

Activities for the day include: demonstrations on various phases of the registered Hereford industry, a noon barbecue, and a judging contest.

### 4-H BAKE SHOW DEMONSTRATION

Training in the preparation of Quick Loaf Breads and Bar Cookies was the demonstration given to 4-H girls and leaders Thursday at the Hub Community Center. These girls are getting ready to start practicing on the two baked products for show. They will show Quick Loaf Bread and Bar Cookies for the competitive County 4-H Bake Show that is scheduled for August 19, at the Hub Community Center.

As in all food projects, the girls learned not only how to prepare foods, but they learn what the food does for them and why it's important in the

diet, and thus they cultivate a taste for a wide variety of food. This is a good habit as it can contribute to better health.

### TEENAGE MOTHERS

Do you know that one out of every four mothers bearing a first child is less than 20 years old?

A startling statistic? Yes, but not nearly as startling, says Dr. Evelyn Spindler, Extension Nutritionist in the U. S. Department of Agriculture, as the fact that about half the teenage girls in this country have diets poor in some essential nutrients.

This makes them ill-equipped for motherhood. According to Dr. Icie G. Macy, an expert in Child Nutrition, babies born to undernourished teen-agers may be premature, have congenital defects, or lack adequate nutritional stores to protect them through birth and their first days and months.

Learning about nutrition in the early years of life is a very important part of the girl's education. A well balanced diet is essential. The "Food for Fitness" guide is available by requesting a copy through our Extension office

by calling in for a copy. This will be mailed free of charge or come by and pick up a copy. Our office is on the 2nd floor of the Courthouse in Farwell.

### Bro. Ed

YOU'D BETTER NOT SERVE ANY MORE OF THAT "HOMEMADE" UNTIL I FIND OUT WHAT HAPPENED TO MY GREEN FINGER PAINT!

Dick Bell, formerly of Muleshoe, is manager of the new Tide Products fertilizer plant in Farwell. He formerly was president of Bell Fertilizer, Inc., of Muleshoe, but sold his stock and resigned to take the managership of the Tide plant.

## Instant Sweets

A new convenience good—Instant sweetpotatoes—has been developed to help the rural economy, boost consumption of this "nutritious yam" and offer housewives a shortcut in meal preparation.

Major use of instant sweetpotato flakes is expected to be in home meal preparation, but widespread use is anticipated in restaurants. And because of its high vitamin C content the convenience food will be a nutritious addition to the diet of babies and older people in particular.

The initial pilot program is already having good effect in four localities. The manufacturing plants—all but one located in communities under 2,500 population, employ between 60 and 80 workers each. A single plant can produce up to 700 pounds of sweetpotatoes.

The Texas Department of Public Health was established in 1903.

## A New Role For Cotton

Longer, hotter summers and shorter, warmer winters in Texas have brought an increased need for more cool cotton fabrics. With the first "blue norther" hitting in late November, cotton has become even more of a clothing king the year round.

What has cotton done to measure up to its new role? Texas and federal research teams are constantly seeking additional uses for our increased cotton production. The versatility of this plant becomes more evident every year as new discoveries are made in the laboratory.

Stretch cotton, a new fabric used in women's summer suits, between-season dresses, sportswear and many other garments, "gives" without bagging at the elbow and knee. The new stretch cotton remains its comfortable attractive texture.

Permanently pleated or creased wash-and-wear cotton has made light of the housewife's laundering chores. The permanently creased cotton fabric used in men's slacks keeps a sharp "just-pressed" look throughout the day. And the men owe cotton another vote of thanks for its appearance in sports coats. New striped and floral sports coats which have become a fashion rage have made the summer and autumn days more bearable for the suit-wearers in the family.

Mother appreciates the permanently pleated cottons that keep the children cool and crisp looking while traveling.

Scientists have also learned that cotton fabrics can be opportunities undreamed of just a few years ago. A new flame-retardant cotton has been developed which is used in missile fuel handler's suits, hospitals and firemen's coats. The flame-retardant material has a promising future in draperies, slipcovers and bedding for safety-conscious parents.

The new cotton fabrics designed for comfort and safety as well as attractiveness have added a number of new conveniences for the homemaker while at the same time increasing the wearing life of the garment.

The wise purchaser will follow a few simple tips when shopping for the new cotton fabrics. Always read the label for information on fiber content and cleaning instructions.

There are 369 bridges in Venice.

## Wiman Manager At G-H-W, Farwell

Jim K. Wiman of Hereford, has been promoted to division manager of the Farwell Division of Gifford-Hill-Western Inc., according to Bruce N.

Spencer, vice president and general manager of Gifford-Hill-Western in Lubbock.

The new Farwell Plant is the largest pipe manufacturing plant in the Gifford-Hill-Western operation. The plant began production in November of 1963.

Wiman joined Gifford-Hill-Western in Hereford in 1957 as a sales engineer. He was promoted to division manager at Hereford in 1962, a position he held until his promotion to Farwell. He was an agriculture education teacher after graduating from Texas Tech College in 1938. After serving with the Navy in World War II he returned to work for the Soil Conservation Service and worked in this capacity for 13 years prior to joining Gifford-Hill-Western.

Wiman and his wife, Jimmie have four children: Bobby, Judy, who will be a student at the University of Texas this fall; Joy Wiman Stedman of Dallas and Silvia Wiman Cranford of Denver. The Wimans are active members of the Baptist Church and Jim has been active in the Hereford Lions Club.

Most pianos have 88 keys.

Palms bloom in the spring.

At least 23 Texas streams are known as Indian Creek.

In March, 1853, Congress ordered an exploration at public expense to find the best route for a railroad to the Pacific Ocean.

More often than not, the success or failure of any group undertaking can be traced to the competence, or incompetence, of its leadership.

In this respect, Plains Cotton Growers, Inc., has been and continues to be extremely fortunate.

When the organization was born in 1956 there were those who predicted for it a short and fruitless life. But under the guidance of W. O. (Mr. Bill) Fortenberry, one of the most dedicated leaders anywhere in the cotton industry, PCG grew into a virtual giant among producer organizations and earned the respect -- even the envy --

of the entire cotton belt. Assisting Fortenberry in bringing about such a rise was his able Vice President, Wilmer Smith, who became President when "Mr. Bill" retired at the beginning of 1963, and PCG's record of solid accomplishments since that time is no less impressive than that of the years before.

Now, at his own insistence, Smith has stepped down and has been succeeded by his Vice President, Roy Forkner of Lubbock. Smith automatically becomes Chairman of the Board as the immediate past President and, like Fortenberry, becomes a permanent member of the PCG Executive Committee.

The new President, Forkner, helped to form Plains Cotton Growers in 1956 and has given it strong support since that time. He served as Secretary-Treasurer from 1958 to 1963 when he was elected Vice President. He is a ginmer, owning and operating the Canyon Gin located east of Lubbock; a cotton producer, farming land in the same vicinity as his gin; a member and director of the National Cotton Ginners Association; a past president and director of the Texas Cotton Ginners Association; a director of the National Cotton Council, and a former trustee of Cotton Producer's Institute. This broad experience gives him excellent qualifications for leading PCG on a continued course of progress.

Elected Vice President for the coming year was John D.

Smith, of Littlefield, a farmer who occupied the post of Secretary-Treasurer during the 1963-64 year. Smith has been the active Chairman of the PCG Labor Committee and a director to PCG for the past several years.

L. D. (Don) Anderson of Crosbyton became both a director and an officer of PCG for the first time this year when he was elected Secretary-Treasurer. He is a well known Crosby County farmer and seedsman, Chairman of the newly-formed but all important Boll Weevil Steering Committee and Vice President of the Texas Tech Ex-Students Association. Any assessment of PCG leadership would be far from complete without mention of the original and current Executive Vice President, George W. Pfeiffenberger. Pfeiffenberger was already an internationally known and respected cotton technologist when he came to PCG in 1956, and his stature in the cotton world has grown along with that of PCG. His untiring efforts are widely acclaimed as being responsible for much of PCG's success.

Which brings us back to our opening statement -- success depends on the quality of leadership, which at Plains Cotton Growers has been, and is, among the best.

The light-gathering power of the 80-inch telescope at McDonald Observatory is about 150,000 times greater than that of the human eye.

THE WEST TEXAS DIVISION OF TIDE PRODUCTS, INC. Proudly Announces That Dick Bell, Formerly Of Muleshoe, Will Represent Our Organization In The Parmer, Curry And Bailey County Area.

Only TIDE can offer you "Prescription Blend" Fertilizer on your turn row via the 16,000 lb. capacity Tide tilt box shown above. No bags to handle, no spreader to haul; and ammonia tanks and applicators also.

We are offering a COMPLETE FARM CHEMICAL SERVICE to the growers of this area--Fertilizers, Insecticides, Herbicides and Fungicides--one single operation gives you every phase of farm chemical needs PLUS free soil testing and tissue analysis.

TIDE PRODUCTS, being new to this area, but being recognized nationally, desires to make itself, as a company, and its products, and integral part of your farming efficiency. In order to do so, Tide, like other National concerns, requires that a credit application be submitted for approval. Attached below is a credit application for your personal use. If you will avail yourself of the opportunity to fill this out and return it to us in person or by mail, we have reserved a Free Gift for you. This will increase our efficiency in serving you and your efficiency in being served by us.

CREDIT APPLICATION form with fields for Full Name, Ph. No., Mailing Address, Previous Address, Nearest Relative, Occupation, Name and Address of Employer, No. of Acres Owned, Credit References, Bank Reference, and a signature line.

**Will you lose one out of five pounds to midge? Not this year. Not with Diazinon.**

Midge damage can cost you 900-1600 pounds per acre in sorghum planted to yield 4500 pounds. That's like losing one pound or more out of every five pounds you counted on at harvest. This year, you don't have to pay that price. This year, you can use Diazinon® insecticide.  
**Texas college test results:**  
 Two Texas colleges tested Diazinon for midge control in 1963. Results? Effective control. An 80% increase in yield. Now, USDA acceptance of Diazinon for control of sorghum midge means you can expect a similar yield increase.  
 Spray Diazinon after 90% of the

heads have emerged from the boots. Then, four days later, spray again. You'll knock out the second wave of larvae and complete the control job.  
**Extra advantages of Diazinon**  
 You can harvest or feed your sorghum to livestock 14 days after spraying with Diazinon. Diazinon is easy to work with—you don't need any special clothing or equipment. And, accidental spray drift to nearby forage causes no milk or meat residue problems.  
 Ask your supplier for Diazinon... the newest and best in midge control.  
**Geigy Agricultural Chemicals**, Division of Geigy Chemical Corporation, Saw Mill River Road, Ardsley, N. Y.

"THE BEST COLOR AND UNIFORMITY I'VE SEEN IN 30 YEARS OF RAISING WHEAT!"  
 says HILMAR REILEY, at left, Cibolo, Texas.

# MR. REILEY USED THE ECONOMASTER PLAN

Hilmar Reiley is a typical Texas wheat farmer. He raised his spring wheat profits six ways by using the Economaster Plan. So can you. Here's how Economaster used in the fall paid off for Mr. Reiley:

- 1. Higher yields.** Mr. Reiley's 125 acres of wheat produced a substantial yield increase using the Economaster Program. But that's not what made the dollar and cents difference.
- 2. More grazing...** in addition to an outstanding wheat yield, Mr. Reiley was able to graze 90 head of cattle for 110 days without supplemental feed. The Economaster Plan made this possible.
- 3. Premium prices** — tests prove that wheat fertilized with Anhydrous Ammonia has a higher protein and sedimentation value. The Economaster Plan allows you to market your wheat for premium prices.
- 4. Fast start for winter wheat.** The Economaster Plan helps young wheat cover the ground early in the fall. This fast start saves soil losses due to sandstorms.
- 5. Strong plants from the start!** Healthy plants resist winter kill. The quickly available phosphate of the Economaster Plan promotes strong root development early in the season.
- 6. Lowest cost fertility program...** the Economaster program is the lowest cost of plant food materials... pound for pound... of any other program you can buy... anywhere! Add it all up. You'll come to the same conclusion Mr. Reiley did. Economaster is the fertility plan for your wheat! Here's why:
  - Economaster uses anhydrous ammonia... made right here in Texas... for the most concentrated source of nitrogen money can buy.
  - Economaster uses a high analysis ammonium phosphate. It is even spreading and water soluble. Ready to go to work immediately.
  - Economaster paid dividends to Hilmar Reiley six ways. It can help you too.

We are the exclusive Economaster dealer in this area. Our personnel are trained in soil testing and interpretation. They are ready to explain the advantages of the Economaster Plan. They can determine the most profitable application of Economaster for your wheat operation.  
 And remember, we're ready to serve you with custom application or tip-top rental equipment delivered to your farm. Inquire about wheat profits today inquire about Economaster!
