FARMERS MAKE PEACE

NEILL AND CALVIN REACH UNDERSTANDING IN DRAMATIC SCENE.

SCENE WAS VERY TOUCHING

Freestone County Man Temporary Chairman—Engineers Demonstration.

Fort Worth, Aug. 7.—The scene at this afternoon's session of the State Farmers' Union was as a climax in the history of the organization. For some time differences have existed in the organization, and, with the approach of the State meeting the differences threatened to become an issue in the convention which might involve its existence. For the past two days interest has been high, and the differences seemed as if they might be irreconcilable. But they have all been swept away and Lee Satterwhite of Freestone county is lauded as the hero of the day.

The fact that there were differences existing, or to put a more correct interpretation upon it, misunderstanding between some of the leaders of the union, was well known to the members, and had found its way to the public mind and even into the press. The differences had been ventilated in the sessions, both of yesterday and today. Yesterday's committee was appointed to investigate the merits of certain current reports and this afternoon the committee submitted its report and then it was that the beginning of the end came.

The differences, or, as now seems, misunderstandings, were between President Neill and former President E. A. Calvin, with Organizer and Lecturer Ben Chapman also involved.

Then came the scene that beggars description. Five hundred strong men went down under the wave of emotion that engulfed the assemblage. Some shouted. Many wept outright, and it was declared upon good authority that there was not a dry eye in the great auditorium. As the two leaders stood embraced somebody said, "Let us bring Chapman into it," whereupon Mr. Chapman, who was in the rear of the building, was carried forward, a willing participant in the impressive demonstration. Amid the shouts and weeping for joy and other demonstrations J. A. Kinkaid of Howard county started up the good old campmeeting song, "How Firm a Foundation," and everyone who could make a noise like singing, who was not too much overcome, joined in the grand old song, until it seemed that the roof would be raised from the building. More than one of the cool headed among the delegates stated that in all their experience they have never witnessed anything to equal it. A prominent leader said: "I confess that I am a pretty hard case when it comes to touching my emotional nature, but even I was not an exception to those who were moved to tears."

And so the matter ended, the union being drawn together with new and stronger ties.

Deputy Sheriff Rush Hickman and W. A. Onby, city editor of the Daily Light of Waxahachie were made sick Wednesday afternoon by drinking soda pop in the country. The liquid is supposed to have contained ptomaine poison.

Texas Woman Robbed.

New York: Two thieves snatched her purse, containing a \$500 draft, \$10 in money and a gold watch, out of the hands of Mrs. Louis Case of Galveston, Texas, about 9 o'clock Wednesday night while she was walking with a friend westward through 26th street toward 6th avenue. She pursued the thieves, screaming "Stop thief!" for help and both were caught by the police—one by Detective Noll, who saw the affair from the corner of Sixth avenue and 26th street, and the other by a patrolman who heard Noll's alarm.

Another Negro Lynched.

New Orleans: Dispatches from Shreveport say the lynching of Andrew Harris, a negro, near there, July 26, became known Thursday night for the first time. The negro was accused of attempting criminal assault and when en route to the jail at Bethany, La., escorted by posse, he attempted to escape and was riddled with bullets.

PRESIDENT HARRINGTON RESIGNS.

Commissioner of Agriculture Named President of A. & M. Colle.

Austin, Aug. 8.—No little surprise was occasioned in the state house this afternoon, following the giving out of a telegram received by Gov. Campbell announcing that President H. H. Harrington of the A. & M. College had tendered his resignation to the board of directors, assembled at Corpus Christi, its acceptance and the appointment of R. T. Milner, Commissioner of Agriculture, as Dr. Harrington's successor. The action of the board of directors temporarily disrupts the official family of the State government and occasions some complications.

The telegram to the governor was from K. K. Leggett, president of the board. The message did not say, however, whether or not Commissioner Milner had accepted his new honor. Gov. Campbell got into long distance telephone communication with Mr. Milner at Corpus Christi a few minutes after receiving the telegram, and learned from the Commissioner of Agriculture that he had accepted the appointment. The governor's reception of the news was with the words: "Now, that gives me more trouble; doesn't it?"

Texas Gets Hearing.

Washington: Representatives of the Texas and Oklahoma Railway Commissions appeared before the Interstate Commerce Commission at noon Friday to present arguments in support of a petition to have the commission suspend the rate which railroad of the Southwest are about to put into effect. Chairman Mayfield of the Texas Commission had a lengthy conference with Chairman Knapp and Commissioner Clements of the Interstate Commerce Commission. Neither would indicate the nature of the interview. It is known that one member of the commission has indicated very plainly that he is in favor of the commission taking steps to prevent the increased rates going into effect by issuing an order suspending such rates, and falling in this he favors calling on the Attorney General of the United States to institute suit against the railway association, which is alleged to exist in defiance of the Sherman anti-trust law.

French Capital in Darkness.

Paris: Paris was plunged in darkness for two hours Thursday night because of an attempt of electricians to carry out a general strike similar to that of March 4, 1907. The maneuver, which fortunately proved abortive is attributed to a desire of the revolutionary laborites for revenge for an order issued by the prefect of the Seine closing the labor exchange to the federated unions of the department of the Seine because of the part the labor exchange played in the recent disturbances.

Chicago Heat Kills Many.

Chicago, Ill.: Wednesday's heat record in Chicago was almost a duplicate of Monday. A scorching blast forced the mercury up to 94.5 degrees, just one and nine-tenths of a degree lower than the highest mark for the day before. The most important feature of the weather situation is the fact that the city's four weeks of almost broken heat gradually is growing into five without the prospect of any great change. Weather Forecaster Hersey last night announced that there was slight prospect of any change.

It is said that the strike called Tuesday on the Canadian Pacific railroad has affected 8000 men who have been employed by that system.

Uncle Sam Has Plenty Men.

Dallas: The local recruiting office has received word that another regiment of infantry, the Second, stationed at Fort Thomas, Ky., has its full complement of men. Lieut. De Sombre, in charge, said Friday afternoon that the ranks of the United States army, were filling fast and there is no pressing demand for men, and that if the present rate of enlistment keeps up a little longer the army will have its full quota.

Railroad Threatens Town.

Little Rock: Notice has been given to the residents of Argenta, Ark., by the St. Louis Southwestern railroad, that unless suit for \$70,000, resulting from the construction of about a mile of track through the principal street of the town is dismissed the track will be torn up and all orders for improvement, including a depot to cost \$200,000 annulled. The track in question leads to the proposed depot. About \$150,000 has been spent already.

THREE DEAD; ELEVEN INJURED.

Striking Miners Fire from Ambush on Passengers in Alabama.

Birmingham, Ala., Aug. 10.—Three men were instantly killed and eleven injured, two of whom will probably die when striking miners fired into a passenger train on the Birmingham Mineral road this morning at Blount about 2 o'clock.

The train was a special bearing non-union miners to the Blount mines under guard of soldiers and deputies.

On the outskirts of the town the engineer saw a log across the track and at once a fusillade was fired into the train. The engineer did not stop but let the cow catcher throw the log from the track and put on full speed. The place where the attack was made was in a cut, the ground being on a level with the lower part of the windows. The assailants behind the rocks above poured down a murderous fire directly into the windows and at the engineer. Practically every window in the train was broken and shots struck all parts of the engine and cab.

The train proceeded to Blount and the dead and injured were returned to Birmingham. Dogs were hurled to the scene and took trails through the woods directly to union headquarters; eight negroes were arrested this afternoon and other arrests are expected.

The trouble is causing widespread indignation today and a general demand is being made that more strenuous action be taken looking to the preservation of order.

Says Mrs. Guinness is Alive.

LaPort, Ind.: D. M. Hutson, who was the official grave digger at the Guinness farm when the bodies of the woman's victims were being exhumed last May, Sunday declared that ten days ago a man and a woman, the latter Mrs. Guinness, visited the farm in the early morning hours. He declares he saw the woman clearly and Hutson said that he did not mention the visit earlier, fearing that, if he did so people might think he was demented.

Cannot Sell Sbrmerged Land.

Austin: The attorney general's department, through Mr. Hawkins, Thursday held that the land commissioner has no right under the law to sell any of the submerged lands under the shallow waters of San Jacinto Bay in Harris county and elsewhere. Several parties have filed application to buy this land as mineral land, which submerged land is situated near Goose Creek oil field and is supposed to have oil on it.

Cotton Pickers are Scarce.

Austin: From the letters and communications which are daily being received by the state department of agriculture from farmers in the cotton producing section of the state, the question of securing cotton pickers to gather the present crop is a serious problem. These writers are appealing to Commissioner of Agriculture Milner to suggest where they can get cotton pickers.

New Line for Fort Worth.

Fort Worth: It is announced by railroad officials here that a new line from Kansas City to Fort Worth will be opened September 15, when trains will be run from the north over the Orient tracks to Chilcothe, Texas, thence via the Denver to Fort Worth. It is added the Orient will put a line in operation to Sweetwater by October 15 and to San Angelo by January 1.

Young Man Killed at Paris.

Paris: Edward McCoy, a young man, was fatally injured by the explosion of a gas generator at the bottling works Saturday. His leg was crushed from the hip down and loss of blood and nervous shock caused his death. He was charging a tank with carbonated water and when it was filled attempted to cut off the gas, but the valve stuck and while he was working with it the tank exploded and McCoy was hurled across the room.

Comment on Fleet's Visit.

Christ Church, New Zealand: The newspapers here cordially welcomed the arrival in New Zealand waters of the American Atlantic fleet. The Christ Church press declares that the conclusion of the Anglo-Japanese alliance was only a "temporary expedient" to secure peace, and professes to see in the future a struggle for mastery in the Pacific in which the United States and Great Britain will be allied against the Far East.

SHE COULD NOT WALK

For Months—Burning Humor on Ankles—Opates Alone Brought Sleep—Eczema Yielded to Cuticura.

"I had eczema for over two years. I had two physicians, but they only gave me relief for a short time and I cannot enumerate the ointments and lotions I used to no purpose. My ankles were one mass of sores. The itching and burning were so intense that I could not sleep. I could not walk for nearly four months. One day my husband said I had better try the Cuticura Remedies. After using them three times I had the best night's rest in months unless I took an opiate. I used one set of Cuticura Soap, Ointment, and Pills, and my ankles healed in a short time. It is now a year since I used Cuticura, and there has been no return of the eczema. MET ON HIS OWN GROUND.

Dishonest Politician Gets Little Satisfaction from Promise.

Congressman Longworth, at a dinner during the Republican convention in Chicago, talked about honest politics.

"Honest politics alone pays in the end," said he. "Your dishonest politician comes out like Lurgan of Cincinnati. Lurgan was canvassing for votes. He dropped in at a grocer's."

"Good morning," he said. "I may count on your support, I hope?"

"Why, no, Mr. Lurgan," said the grocer. "I've promised my support to your rival."

"Lurgan laughed easily. 'Ah, but, in politics,' said he, 'promising and performing are two different matters.'"

"In that case," said the grocer, "heartily, I shall be most happy to give you my promise, Mr. Lurgan."

Few Horses Used in China.

The only places in China where horses are used to any great extent are Shanghai, Esing-Tau and Tien Tsin. Australian "walers," so called because they originate in New South Wales, are the most popular. These horses are imported into Shanghai in batches of from 20 to 50, are well taken care of on the voyage, and, arriving in excellent condition, are put into use within a couple of weeks after arrival.

ALMOST A SHADOW.

Gained 20 lbs. on Grape-Nuts.

There's a wonderful difference between a food which merely tastes good and one which builds up strength and good healthy flesh.

It makes no difference how much we eat unless we can digest it. It is not really food to the system until it is absorbed. A Yorkstate woman says:

"I had been a sufferer for ten years with stomach and liver trouble, and had got so bad that the least bit of food such as I then knew, would give me untold misery for hours after eating."

"I lost flesh until I was almost a shadow of my original self and my friends were quite alarmed about me."

"First I dropped coffee and used Postum, then began to use Grape-Nuts although I had little faith it would do me any good."

"But I continued to use the food and have gained twenty pounds in weight and feel like another person in every way. I feel as if life had truly begun anew for me."

"I can eat anything I like now in moderation, suffer no ill effects, be on my feet from morning until night. Whereas a year ago they had to send me away from home for rest while others cleaned house for me, this spring I have been able to do it myself all alone."

"My breakfast is simply Grape-Nuts with cream and a cup of Postum, with sometimes an egg and a piece of toast, but generally only Grape-Nuts and Postum. And I can work until noon and not feel as tired as one hour's work would have made me a year ago."

"There's a Reason." Name given by Postum Co., Battle Creek, Mich. Read, "The Road to Wellville," in pkgs. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

ABOUT ROADS AND AUTOMOBILES

Every citizen of this state has the right of the free use of the public roads. If a man wishes to drive his vehicle with cog, ox, jack, mule or horse power he has a perfect right to do so.

If a man goes on the road with an outfit that he cannot handle or control, he goes there at his peril. If a man drives his ducks along a road and in crossing the creek they swim away and leave him, it is his look out.

Or, if you start out on the road with a pair of halt wild bronchos, you ought not to expect everybody to take interest enough in your troubles to abandon the roads until you have passed.

If a loose newspaper happens to jump up and offer to argue the prohibition question with your finger nail steeds, don't cuss the editor because the newspaper is out looking for victims. If you see an automobile coming and your Hamiltonians begin to take to the hills, you would like to have him stop, hold up your hand so he can see it, and if he don't stop, go to the nearest squire of the peace and make complaint and have him prosecuted for it.

Unless you are a bad man, late from bitter creek with a reputation as such to keep up, keep your temper within due bounds and your gun in your britches for you will find it much better and cheaper.

This is the age of progress, the ox team is almost a matter of history and the horse team is rapidly becoming to be regarded as a slow moving necessity, while the automobile has come to stay.

It is therefore up to us to accept the situation or fall down and let the armies of civilization march over us. The man who fails to recognize this condition of affairs, we may assume that his mental processes have failed him and he is truly a back number.

TOO MUCH AT STAKE

Cyclone Davis is out in open letter appealing to Tom Watson to stop his abuse of Bryan and turn his guns upon Taft. Cyclone threatens that unless Watson does let up on Bryan he will ask Bryan's permission to challenge Tom to a series of joint discussions throughout the country.

Watson has too much money at stake to stop his abuse of Bryan. Watson well knows that his candidacy can cut no ice except to turn votes to Taft. The Taft management knows full well that Watson's followers can be reached in no other way except through Watson. Watson has undertaken the job of throwing his force to Taft and it may be safely predicted that he will deliver at least a part of the goods.

SHEEP EAT GRASSHOPPERS

Last Saturday while at L. O. Hodges' sheep ranch it was noticed that a sheep would dart out of flock, dodge and chase around as if he were trying to catch something. On inquiry, Mr Hodges informed us that the sheep was catching "lager beer" grasshoppers. The "lager beer" grasshopper is a species of the hopper that is wingless, and grows to an enormous size on the highlands of this country.

Proposed Amendment To The State Constitution Fixing The Compensation of The Governor And Lieutenant Governor.

JOINT RESOLUTION proposing an amendment to Article 5 of the Constitution of the State of Texas by amending Sections 5 and 17 of said Article 5 so as to fix the compensation of the Governor at eight thousand (\$8,000) dollars per annum in addition to the use of the Governor's mansion, fixtures and furniture, and the compensation of the Lieutenant Governor at twenty-five hundred (\$2,500) dollars per annum.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Section 5 of Article 5 of the Constitution of the State of Texas be amended so as to provide that the Governor of the State shall receive as compensation for his services, an annual salary of eight thousand (\$8,000) dollars and with the use and occupation of the Governor's mansion, fixtures and furniture, said Section 5 as amended, to read as follows:

SECTION 5. He shall, at stated times, receive as compensation for his services an annual salary of eight thousand (\$8,000) dollars, and he shall have the use and occupation of the Governor's mansion, fixtures and furniture.

That Section 17 be so amended as to read as follows:

SECTION 17. If, during the vacancy in the office of the Governor, the Lieutenant Governor should die, resign, refuse to serve or be removed from office or be unable to serve or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall in like manner administer the government until he shall be succeeded by a Governor or Lieutenant Governor. The Lieutenant Governor shall receive an annual salary of twenty-five hundred (\$2,500) dollars per year, and no more. During the time he administers the government as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President of the Senate, for the time being, shall, during the time he administers the government, receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office.

SEC. 2. The Governor of this State is hereby directed to issue and have published the necessary proclamation for the submission of this resolution to the qualified voters for members of the Legislature of the State of Texas, as an amendment to the Constitution of the State of Texas, to be voted upon on the day of the next general election of the State of Texas, which will be held on the day fixed by law therefor. All persons favoring said amendment shall have written or printed on their ballots as follows: "For the amendment to the Constitution fixing the salary of the Governor at eight thousand (\$8,000) dollars per annum, and the Lieutenant Governor at twenty-five hundred (\$2,500) dollars per annum." And the sum of one thousand (\$1,000) dollars or so much thereof as may be necessary, is hereby appropriated out of any fund in the treasury of the State of Texas not otherwise appropriated to pay the expenses of such publication, proclamation and election.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION RELATING TO COMMISSIONERS' PRECINCTS.

JOINT RESOLUTION to amend Section 15, Article 5, of the Constitution of the State of Texas, so as to provide for subsequent redistricting of a county into commissioners' precincts, defining the manner thereof, for submitting same to the electors of the State, and making an appropriation therefor.

Be it Resolved by the legislature of the State of Texas:

SECTION 1. That Section 15, Article 5, of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

Each organized county in the State, now or hereafter existing, shall be divided from time to time, for the convenience of the people, into justice precincts, not less than four and not more than twelve. The present county courts shall make the first division. Subsequent divisions shall be made by the commissioners' court provided for by this Constitution. In each such precinct there shall be elected, at each biennial election, one justice of the peace and one constable, each of whom shall hold his office for two years and until his successor shall be elected and qualified; provided, that in any precinct in which there may be a city of eight thousand or more inhabitants, there shall be elected two justices of the peace. Each county shall file like manner and in the first instance, be divided into four commissioners' precincts, in each of which there shall be elected by the qualified voters thereof

one county commissioner, who shall hold his office for two years and until his successor shall be elected and qualified. (Subsequent divisions of a county into commissioners' precincts shall be made as now or hereafter may be provided by law.) The county commissioners so chosen, with the county judge as presiding officer, shall compose the county commissioners' court, which shall exercise such powers and jurisdiction over all county business as is conferred by this Constitution and the laws of the State, or as may be hereafter prescribed.

SEC. 2. That the sum of one thousand (\$1,000) dollars is hereby appropriated out of the State Treasury not otherwise appropriated for the purpose of defraying the necessary expense of submitting the above proposed amendment to the people of the State, at the next general or special election in the manner required by law, by the Governor of the State. W. R. DAVIS, Secretary of State. (A true copy.)

Taxation—Submitting Amendment To Constitution.

JOINT RESOLUTION amending Section 3, Article 7, of the Constitution of the State of Texas, increasing the amount of tax that may be voted on in a district and providing for a majority vote of the property tax paying voters of such district to vote such tax.

SECTION 1. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: That Section 3 of Article 7 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

SECTION 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of \$1. on every male inhabitant of this State between the ages of twenty-one and sixty years shall be set apart annually for the benefit of the public free schools, and in addition thereto there shall be levied and collected an annual ad valorem State tax of such an amount, not to exceed twenty cents on the \$100 valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public free schools of this State for a period of not less than six months in each year, and the Legislature may also provide for the formation of school districts within all or any of the counties of this State by general or special law, without the local notice required in other cases of special legislation, and may authorize an additional ad valorem tax to be levied and collected within such school districts for the further maintenance of public free schools, and the erection and equipment of school buildings thereon, provided that a majority of the qualified property tax paying voters of the district, voting at an election to be held for that purpose shall vote such tax, not to exceed in any one year 50 cents on the \$100 valuation of the property subject to taxation in such district, but the limitation upon the amount of district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts.

SEC. 2. The Governor of the State of Texas shall issue and he is hereby directed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at the next general election, or at a special election called by the Governor and the sum of four thousand (\$4,000) dollars, or so much thereof as may be necessary, is hereby appropriated out of any money not otherwise appropriated to defray the expenses of publication of such proclamation. At such election the qualified electors voting and favoring said amendment shall have written or printed on the ballot as follows: "For amendment to Section 3, Article 7, of the Constitution of the State, relating to public free schools," and those opposed to said amendment shall have written or printed on the ballot as follows: "Against amendment to Section 3, Article 7, of the Constitution of the State, relating to public free schools."

The News-Record has not, except upon request, sent a statement to a subscriber in seven years, and yet, the paid ahead subscriptions will more than balance the delinquents. The secret of this is, that we have a list of subscribers whom we have selected to be honest and who so far have never beaten us out of a cent. We don't want the risk of creation on our books in fact some of them could not get on them if they chose—only the best people shall read this paper if we can help it. We are somewhat choosy about who reads the News-Record.

FIVE MONTHS IN HOSPITAL.

Discharged Because Doctors Could Not Cure.

Levi P. Brockway, S. Second Ave., Anoka, Minn., says: "After lying for five months in a hospital I was discharged as incurable, and given only six months to live. My heart was affected, I had smothering spells and sometimes fell unconscious. I got so I couldn't use my arms, my eyesight was impaired and the kidney secretions were badly disordered. I was completely worn out and discouraged when I began using Doan's Kidney Pills, but they went right to the cause of the trouble and did their work well. I have been feeling well ever since."

New York's German Population.

A Berlin paper says that New York is the third German city in the world in point of population. "With its 650,000 Germans," it says, "it is exceeded in size only by Berlin, which has about 2,000,000, and by Hamburg, which has 720,000. The other large German cities are Munich, 520,000, and Dresden, 500,000."

Do You Itch?

If so, you know the sensation is not an agreeable one, and hard to cure unless the proper remedy is used.

Hunt's Cure is the King of all Skin Remedies. It cures promptly any itching trouble known. No matter the name or place. One application relieves—one box is absolutely guaranteed to cure.

THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean? It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound. Is it a purely vegetable compound made from roots and herbs—without drugs?

Come and See. Do the women of America continually use as much of it as we are told?

Come and See. Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See. Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See. Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See. Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See. This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

He Meant Business.
Two girls on the boardwalk talked of a young man.
"Don't take any stock in him," said the first. "He is a flirt. He is a jilt."
"But his presents—"
"He gives all the girls presents when he is making up to them. Why, he gave me something every other week."
"But he gives me," said the second girl, "such presents as convince me that he means business this time."
"What has he given you?"
"He has given me a tea service, a set of table linen, a Morris chair, a hall rug, and a beautiful brass bedstead."—Exchange.

Beyond Expression.
G. W. Parlowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest or sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression."
Hunt's Cure is a guaranteed remedy for all itching diseases of the skin. Price 50c.

An Outrage.
Mr. Fisher—I man fell into a mill pond where I was fishing to-day and was drowned.

STAR PLUG CHEWING TOBACCO

STAR has for years been the world's leading brand of plug chewing tobacco. Statistics show that about one-fifth of all the chewers of plug tobacco chew STAR.

There's a reason for this enormous and constantly increasing number of STAR chewers, and it's just this—

Star Plug has always been manufactured with one sole object in view—to give chewers the best chew of tobacco it is possible to produce, yet to sell this STAR chew at a moderate price.

More chewers are learning every day that STAR, considered from the standpoint of true merit, has no competitor, and is the one best chew.

For a long time there was a prejudice (which probably still exists) among certain chewers against the use of what is generally termed "Navy Tobacco," because of the impression that all tobacco of that character is too sweet.

It is true that some brands of tobacco, similar in appearance to STAR, are too sweet to please chewers accustomed to the use of tobacco manufactured in thin plugs, but we know that STAR is right in every way.

You use tobacco for the pleasure it gives—**increase your pleasure by chewing STAR!**
