VOL. X.

STERLING CITY, TEXAS, FRIDAY, JULY 29, 1910.

NO. 32.

## COLQUITT IS NEW GOVERNOR LEADS TICKET 50,000 VOTES

### Complete Returns May Reach 60,000--- Poindexter Still Has Slight Lead Over Cone Johnson.

## SUBMISSION CARRIES BY GOOD MAJORITY

### Davidson Wins Over Thomas--Mayfield Is Nominated Railroad Commissioner. Lane and Harper Are Probable Winners.

Dallas, July 25: Including all additional returns received, and deducting for duplications, report at 2:30 o'clock this morning account for 285,000 votes, which is perhaps 75 per cent of the total. These give Mr. Colquitt a plurality of 51,124 for Governor over Poindexter, with Johnson only 1,400 votes behind Judge Poindexter. Colquitt's plurality probably will be in the neighborhood of 60,000.

The returns leave the race for Lieutenant Governor in doubt, with Davidson slightly in the lead, while Lane has a lead of 6,000 for Controller over Barker and 8,800 over Teague.

Harper leads Turner about 12,000 for Judge of the Court of Criminal Appeals 14,000, and indicating a probable majority of 20,000.

Submission has made but a slight gain in the new returns, now leading by 12,000, and indicating a probable majority of 20,000.

Mayfield is so decisively nominated for Railroad Commissioner that we will not compile further returns until the complete reports are available.

Sparks is nominated for Treasurer and Robison for Land Commissioner. The totals follow:

Pointdexter	63,806
Davidson	44,258
Colquitt	114,920
Johnson	62,352
Lieutenant Governor--	
Thomas	68,995
Hawkins	32,920

Returns from the various Congressional districts show the re-election of Hon. C. B. Randall of the Fourth District, Hon. Jack Beall of the Fifth, Hon. A. W. Gregg of the Seventh and Hon. John H. Stephens of the Thirtieth. None of the returns are complete, but they are so nearly so, and so decisive, that the results are practically certain. The only doubt last night seemed to be in the Twelfth District, where Hon. Oscar Gillespie, the present incumbent, according to the last returns, had received something like 200 votes less than Oscar Calloway. The third candidate in this district, former State Senator D. M. Alexander, at the last count, had received 3,261 votes, Calloway 5,187 and Gillespie 4,958.

In the "Jumbo" Panhandle district, the Thirteenth, Congressman Stephens was nominated by an overwhelming vote. At the count to the time of going to press Stephens had received 17,812 to Venale's 4,892.

Hon. Jack Beall was re-elected by about the same proportion over his

opponent, Dwight L. Lewelling, in the Fifth District. Returns last night showed an average of about 3 to 1 in Beall's favor.

In the Seventh District Hon. A. W. Gregg defeated his opponent, State Senator C. C. Stokes, 9,389 to 4,884, with all reports in, excepting a few small boxes.

Congressman C. B. Randall was nominated in the Fourth District over B. Q. Evans by a decisive vote in all counties. With incomplete reports, Hunt was the only county showing a close vote in this district. The totals received showed Randall 14,823, Evans 7,627.

In the Third District Hon. R. M. Lively was elected to fill the unexpired term of Congressman Gordon Russell, recently resigned to accept a Federal Judgeship. James Young was nominated for the regular term, at the last report the vote being: Young 5,772, Geddie 3,447, Andrews 1,905, Beavers 1,636.

From Legislative Districts. Reports from the various Legislative Districts have been so few and so scattering as to make it advisable to leave each to stand by itself rather than guess at results.

In the One Hundred and Seventh, all reports received show that McDaniel is running easily ahead of Shield and Sackett.

Broughton's election in the Twenty-Eighth is said to be assured.

Burleson County's vote for Rankin and Kraltchan shows the latter just two votes ahead, with one small box to hear from.

Six boxes out of twelve in Liberty County show for Representative from the Twenty-First District, Harmon 161, Stevens 440.

In the Thirty-Third District, Vaughan and Nichols are running a close race, from partial returns.

A report from Gainesville says that in the special election to fill the unexpired term of Representative Westbrook, Place No. 2, former Senator B. F. Looney was elected over Capt. Cunningham by a vote of three to one.

In Ellis County's vote for Representative from the Thirty-Ninth District, Anderson, Cox and White are shown running very close together, the latter a bit ahead.

The returns from all districts are, so far, very incomplete.

It is reported from Austin that James H. Robertson has defeated Milton Everett.

In the Floridian race in Robertson and Milam, LeRoy Hilyer of Milam is nominated.

While Mr. Colquitt's pluralities and majorities in all sections of South Texas were overwhelming, he has, nevertheless, shown strength pretty much in every section of the State. Especially is this true of the big black land counties in North Texas, and more particularly as to those counties immediately surrounding Grayson County. Judge Poindexter's greatest strength was shown also in the black land counties. He got, however, a large percentage of the vote in West and Northwest Texas. In East Texas was Mr. Johnson's stronghold.

## GATES BUYS ST. LOUIS LAND

Reported He Will Build Oil Reservoirs to Fight the Standard.

St. Louis: The purchase of big tracts of realty here by agents for John W. Gates gave rise to a report, apparently well founded, that he is preparing to make this city the center of a system of reservoirs and refineries for use in a fight against the Standard Oil Company. Mr. Gates has large oil wells throughout the Southwest, it being his plan to pipe the oil to St. Louis as a distributing center. Dispatches from New York say the purpose of Mr. Gates' visit to the Southwest is to open a fight on Standard Oil, with the aid of a \$20,000,000 corporation backed by English and American capitalists. The company will acquire long-term leases on oil land in Northern Oklahoma, particularly in the Bartlesville field.

IMPORTANT NEWS OF THE ENTIRE WEEK REDUCED FOR BUSY READERS.

## CONDENSED AND IMPORTANT

Carefully Prepared for Those Who Desire to Keep Thoroughly Posted on Events.

Thrashing is almost over in Denton County and by the middle of this week practically all of the forty-five or fifty thrashing outfits will have pulled in for the season. An effort is to be made among the thrasher men to arrive at some approximate figures of Denton County's total wheat crop. Estimates of the acreage vary from 100,000 to 150,000 acres and the yield from fifteen to eighteen bushels to the acre.

President Taft has appointed Whiffle McKinlay, a negro, as Collector of the Port of Georgetown, D. C. McKinlay is a Washington real estate agent. President Taft made the appointment, it was said, in recognition of the negro race in filling important Federal offices. At the same time it was added that he wished also to recognize the local sentiment, which was opposed to the designation of an outside man for the office.

There was increased excitement in the cotton market in New York, Friday, with every indication that the long talked of July squeeze was at last on owing to an even more urgent demand from July and August shorts. Prices had a further sensational advance with July cotton selling at 16.43c, or 50 points above the closing price of the day before, and fully \$5 per bale above the price ruling just before the covering movement started on Wednesday.

Hurling destructive "bombs" in the form of oranges from 200 feet above the waves, Glenn H. Hurliss, at Atlanta City, in his aeroplane, demonstrated that it was possible to drop enough high explosives upon vessels beneath him to send them to the bottom of the sea. It entailed no effort on his part to throw the bombs, and while he hovered over the sloop yacht, crowded with fifty excited passengers eager for the fray, he dropped the golden spheres and sent them where he wanted them to fall.

Monday was the last day for insurance companies to file amendments to basis schedules in accordance with the orders of the State Fire Rating Board, in Austin, wherein reductions were made. All but about ten of the companies have filed amendments as directed by the board.

Reports that Dr. Lawrence Burghelm, an American physician in Nicaragua, was being forcibly detained with the Madriz troops, are denied in a report of an investigation into his case received at the State Department in Washington. Dr. Burghelm was physician to Gen. Irias, the Madriz commander in Eastern Nicaragua, but served of his own will. He recently quit the Madriz service un molested, the report says, and is now in charge of one of Estrada's hospitals in Bluefields.

It was learned on trustworthy authority that the Governor will have the special session arrange refund of the State bonds which matured last year, also those to mature on Sept. 1 of this year, and also to pay back interest on the bonds which matured in 1909. The State bonds which matured a year ago this month aggregated \$1,068,000 and bore 5 per cent interest, hence it will be necessary to appropriate \$33,400 to pay the interest, though in the future they will bear 3 per cent, if redeemed by bonds bearing that rate of interest.

More than 5,000 persons attended the old settlers' reunion in Decatur this week, and records for attendance were broken.

Up to Thursday morning of the last week Bullard, in Smith County, had shipped the following amount of fruit and truck this season: Potatoes 11 cars, tomatoes 119 cars, peaches 187 cars. Grand total 317 cars. These figures were compiled by the Bullard Herald. The present peach crop is the best this section has ever had, and it has taxed the railroad and labor to handle it.

Unless further neglect and mistreatment is shown by the Madriz Government toward William Pittman, the American engineer now held in Managua as a prisoner of war, the State Department will leave his case in the hands of United States Council Olivares, in Managua.

A sharp earthquake was felt at Munich, Bavaria. Walls of several buildings were cracked. The wavelike motion continued for three seconds, thoroughly terrifying the people, who fled from their homes and remained in the streets long after the disturbance ceased.

The tenth annual meeting of the Texas Mayors' Association will be held in the city of Tyler on July 28 and 29. The city of Tyler is making splendid and ample arrangements for entertainment.

Overcoats are a very comfortable and necessary article in St. Louis these July evenings. Summer garden goers have been wearing winter garb for two nights. Windows of park cars were closed on the home trip.

Chico Baca, who was one of Zelaya's closest supporters, has resigned as Minister General of the Madriz Cabinet in Nicaragua, according to advices to the State Department in Washington.

Returning from a trip to Chicago and Cleveland, W. G. Hamilton reports that his company, the Berrendo Irrigated Farms Company, is making plans to build an electric line in Roswell within the near future.

Conferences between the trainmen and conductors and the general superintendents of the Pennsylvania Railroad Company in the working out of the details of the tentative agreement reached on Monday have been continued in Philadelphia.

General reports from all parts of British Columbia, confirmed by dispatches to Premier McBride, place the aggregate loss of the present week by forest fires at not less than \$1,000,000, while fully \$500,000 more will be lost by the enforced suspension of affected industries.

A very large percentage of the wheat crop of Denton County is unsold, its owners holding for a higher price. One big land owner who, with his tenants, has 1,500 acres in grain, is holding 20,000 bushels for \$1.25 or better, as he purposes holding until next spring.

The largest crop of Elberta peaches on the segregated coal lands in Oklahoma is reported. The crops of apples and peaches are especially fine, both as to grade and quantity. Nine cars have been shipped from the old McKenna farm the largest orchard in the state.

The Parker County Fair Association has purchased about twenty-five acres of the old Anderson property in Weatherford and at the last meeting of the association a committee was empowered to select and purchase a permanent site.

Ira G. Rawn, president of the Chicago, Indianapolis and Louisville Railroad (the Monon Route), died of a bullet wound at his summer residence in Winnetka, fifteen miles north of Chicago, Wednesday. Members of Mr. Rawn's family say he was killed by a burglar. The police are working on a theory that Mr. Rawn killed himself.

According to a special dispatch in the Chicago Tribune under a Washington date Secretary Ballinger will be exonerated by the majority report of the joint Congressional committee which for five months has been making a legislative investigation of the conduct of the affairs of the Department of Interior and the Bureau of Forestry, Department of Agriculture.

Auditor Fitzgerald of the Texas Railroad Commission has completed a statement of results from operation for the eleven months ending May 31, 1910, and compares same with the same eleven months of the preceding year. As has been the record during the past few months everything except income from operation increased. The latter decreased. The earnings all showed nice increases, but they were more than offset by the abnormal increase in cost of operation. However, there was no deficit from operation, the income having been above the \$20,000,000 mark, but the decrease compared to the same period last year was a little more than \$250,000.

Mrs. Mary Baker G. Eddy, of Boston, Mass., founder of Christian Science, is 89 years old.

The government thermometer at Waxahachie registered 105 degrees Sunday. This was the hottest day of the year.

The gas works of the Zeppelin airship company was demolished by an explosion in Friederichshafen. Seven persons were injured.

The Chicago Postal Savings Bank is to open and be ready for business on Jan. 1, 1911. This was the word received from Washington by Postmaster Campbell. The message said, also, that Chicago would be one of the first cities to receive a Government bank. The savings bank probably will be located in the Federal Building. The postmaster will be head of the institution and will be under heavy bond.

Twenty persons were injured, only one seriously, in the first commercial trip of the new monorail service between City Island and Bar Tow, in the suburbs of the Bronx, N. Y.

The first district meeting of the International Sunday School Association of Texas will be held in Sweetwater, Friday, Sept. 16, and continue three days. The territory embraced in this association is from Fort Worth to El Paso on the Texas Pacific; Dublin to Rotan on the Texas Central; Chillicothe to San Angelo on the Kansas City, Mexico and Orient, and from Coleman to Lubbock on the Santa Fe.

## MANY ARE MISSING JAP STEAMER SINKS

ONLY FORTY-ONE PASSENGERS  
ARE SAVED AND 246 ARE  
MISSING.

## GOVERNMENT SENDS HELP

Government Officials Send Out Vessels in Effort to Pick Up Survivors, if Any.

Tokio, July 25: The Tetsurei Maru, plying between Kobe and Dairen, sank Sunday night off Chindo, Korea.

The steamer had 246 passengers aboard, of whom forty-two were saved. The others are missing.

Warships have been sent to the rescue. The Tetsurei Maru was 2,100 tons register. She was built at Nagasaki and was owned by the Osaka Shosen Kabushiki Kaisha.

## MINNESOTA MAY NO BE TAXED

On October 1st There Will Be Nearly \$4,000,000 in Treasury.

Minneapolis, Minn.: Citizens of Minnesota may not be called upon to pay taxes next year. At present the Treasury of the State is groaning under the burden of a surplus which has never been duplicated. On Oct. 1 there will be nearly \$4,000,000 in the State Treasury. On Oct. 1, 1909, there was approximately \$2,000,000 in the Treasury.

The unusual amount of money in the State's cash box has come about through the successful settlements of cases which netted large sums. The largest of these came from the settlement of the lumber cases, the gross earnings tax cases, the Kennedy inheritance tax cases and others. Not only have large sums of money come into the Treasury, but augmenting streams of gold in the direction of the State's coffers, so that Minnesota bids fair to become a State unique in the history of taxation—a State that may find it not necessary to tax its people one cent for the general maintenance of the State Government.

## HOG DEMONSTRATION TRAIN

Department Requests Permission for Train to Enter Towns Under Quarantine.

Austin: The Department of Agriculture requested State Veterinarian Forbes to allow the hog demonstration train, in charge of Secretary Matthews of the Stock Yards Association of Ft. Worth to proceed in and out of Dayton, China, Liberty and Beaumont. These places are said to be under a stock quarantine because of the prevalence of charbon in that section of the State, and the officials of the demonstration train desire to visit the places on the tour in an effort to interest the people in hog raising. However, Secretary Matthews fears that if he gets his demonstration train into these places that he will not be allowed to bring it out because of the quarantine. He points out that the hogs on the train will not be removed from the cars and that there is no danger of their contracting the disease.

## SOUTH IS STUDYING PROBLEM

European Bankers Want Guarantee On Bills of Lading.

New Orleans, La.: With the harvesting of the South's cotton crop already begun in the earlier sections and the time fast approaching when the crop will begin to move in even the more northerly States, Southern bankers and business men are now hard at work on the problem presented by the recent action of European bankers in connection with bills of lading. At the meeting of the London bankers last Thursday a resolution was adopted to the effect that, beginning in November, American cotton bills of lading shall be negotiable only when they are guaranteed by an American banking institution.

## CLODBURST IN CALIFORNIA

Two Persons Are Drowned and Six Missing Damage \$150,000.

Bisbee, Ariz.: A cloudburst, resulting in a great flood, struck Bisbee Saturday evening. Two persons were drowned near here and six persons are missing. Many houses were demolished, store basements were flooded and street traffic was tied up by debris. The damages will be more than \$150,000.

## TOO SHORT A TIME.

Wise—Why did that woman's club disband?  
Sharpe—The majority adopted a resolution limiting the time of each member for speaking on any topic to two hours.

Silenced the Critic.  
Charles Sumner, when in London, gave a ready reply. At a dinner given in his honor, he spoke of "the ashes" of some dead hero. "Ashes! What American English!" rudely broke in an Englishman; "dust you mean, Mr. Sumner. We don't burn our dead in this country." "Yet," instantly replied Mr. Sumner, with a courteous smile, "your poet Gray tells us that 'Even in our ashes live their wonted fires.'" The American was not criticized again that evening.

It is going to be warm times next year in Grand Old Texas. We are going to have prohibition on the half shell. Things are going to be hot, but we are going to settle the darn thing one way or the other if it takes the hide off.

Now that the election is over, let us all settle down and pull together for the good of our town and country. The fact that Mr. Colquitt will be the next governor will make no difference in our affairs in fact, if we did not read it in papers, we could not tell who was governor by the things going on around us. Now let the old sores—if there be any—heat, drop our animosities and come together like men for the common weal of our country.

Those who fondly hoped that Senator Bailey had lost the confidence and admiration of the great masses of Texas will find that their hopes are shattered by reading the head lines of the election returns. A look at the Colquitt and Poindexter figures ought to convince any man of this fact. While Mr. Bailey did not sweep his arch enemy, E. V. Davidson into the gulf in his race for governor, yet Mr. Davidson is billed to sail his political craft on the silent waters of Salt river. Wherever the shadow of Bailey was cast, the prospects of his enemies withered. Even little Hawkins dried up. But the Bible says it is hard to kicked against the jiggers.

FIRST NATIONAL TO OPEN NEXT MONDAY

On account of the weight of the big safe, the First National Bank people have been delayed in opening the Bank on account of getting it hauled out from San Angelo. Just as soon as this detail can be arranged, it will open for business. From the business already engaged, it is safe to predict that the First National will be very popular with the people.

J. D. Rawls Here

J. D. Rawls of San Angelo was here Tuesday in the interest of the San Angelo Milling Co. Mr. Rawls is very enthusiastic about the flour and meal turned out by his people. He argues that bread made of the flour of 1910 wheat fresh from the mill is just like the bread the "mother use to make". The fact that this is a Concholand enterprise, ought to be notice to Concholand people to patronize it.

TRAIN SERVICE TO BEGIN MONDAY

All Agents Have Been Instructed to Receive all Shipments on and After August 1

We have it from a reliable source that regular train service will begin here next Monday. We have not yet learned what the schedule time will be, but it is presumed that the trains will leave in the morning and arrive in the evening. The track is all laid. The Y was completed last Tuesday. Work on the water station is being rushed and it is predicted that it will be in commission in a few days. Work on the shipping pens is being rushed in order to be ready to ship the big string of cattle that is waiting to go to market.

THE ELECTION

The primary election last Saturday, while the vote was the largest ever cast in a primary in Sterling, yet it was the most quiet, and good natured. The interest seemed to be centered on the governor's election. Most every voter had studied the merits of his favorite candidate. Judge Poindexter was the most popular candidate and received nice plurality, though all five of them received some votes.

Collins for District Attorney, B. F. Brown by a majority of two votes is County Judge, John B. Ayres sheriff by six votes, Jack Cole clerk, Ed Gilmore Treasurer, D. C. Durham Assessor, and W. F. Kellis surveyor had no opponents and were nominated without opposition. B. F. Roberts was nominated for Commissioner of precinct No. 1. S. L. Hall precinct No. 3, and J. S. Johnston precinct No. 4. —precinct No. 2 had no candidate for Commissioner.

HOW TO ADVERTISE.

If you have goods to sell, advertise. Hire a man with a lamp-black kettle and a brush to paint your name and number on all railroad fences. The cars go whizzing by so fast that no one can read them, to be sure, but perhaps the obliging conductor would stop the train to accommodate an inquisitive passenger.

Have your card in the hotel register by all means. Strangers stopping at hotels for a night generally buy a cigar or two before they leave town, and they need some inspiring and interesting food besides.

If some advertising agent wants your business advertised in a fancy frame at the depot, pay him about 200 per cent more than it is worth and let him put it there. When a man has three quarters of a second in which to catch a train he invariably stops to read depot advertisements, and your card might take his eye.

Of course the street thermometer-dodge is excellent. When a man's finger and ears are freezing or he is puffing and "phewing" at the heat it is the time above all others when he reads advertisements.

A boy with a big placard on a pole is an interesting object on the streets and lends a dignified air to your establishment. Hire about two.

Advertise on a calendar. People never look at a calendar to see what day of the month it is. They merely glance hurriedly at it so as to be sure that your name is spelled with or without a "p," that's all.

But don't think of advertising in a well established and legitimate newspaper. Not for a moment. Your advertisement would be nicely printed and would find its way into all the thrifty house-

WH-OO-P-EE

Woo-ooo-o-o-ooo-ay! Jang-a-lang! Jang-a-lang! Jang-a-lang!!! Pussee-eee-ee-ee! Sterling City, the terminal town of the Santa Fe! Old Glory Hallelujah! At last the old timer's dream is a reality. The silence that has abided in there old hill since the stars gave that grand symphony to an audience of a thousand worlds on that primal morning, is at last broken by the scream of the iron horse burdened with commerce of the world. All aboard for Watervally, Carlsbad and San Angelo! Get your tickets before you get on the cars! Look out for that dog, he might get his tail mashed off. Better make him stay at home. The company is not responsible for detailed dogs. Look at that old horse. He thinks that big one-eyed snorting thing is going to bite him, sure. He is not used to such things. Woo-woop! Jang-a-lang! Jang-a-lang! Chew, Chew, Cickity, Cickity, Clack, here we go. See that old cow and yearling go for the high-weeds. That Jack rabbit thinks the kettles in Satan's sinner-oil mills have been upset and the whole "billy" will be emptied on him—Sinners and all if he don't lay back his ears and put down his left hind leg. That gray streak across the hill over yonder is a coyote who is laboring under the impression that if he fails to reach the canons in 47 seconds, that big, long snorting thing will get him sure. Woo-woop-woop! watch him lay his unbilious in the sand. Gee! see the man and the mule. The mule says by his actions that it is time to take out. He seems to be in a hurry about it. Of course he is not afraid of a train, but he wants a drink of water and wants it bad. The man seems to be laboring between two conditions: He seems to want to wave his hand at the train and at the same hold that mule to the ground. He does neither. The mule has skinned out of the gears and has one ear on the plow other on the train while the man can be plainly seen to cuss, though no one except the mule can hear. From his actions one would infer that his opinion of that mule was not an exhalted one. Go ring the bells, fire the guns, kill a chicken and churn for Sterling City has a railroad—a sure enough railroad and when we want ride on it, we can do so—if we have the price.

holds of the region, where are the farmer, the mechanic, the tradesman in other lines, into the families of the wealthy and refined, all who have articles to buy and money with which to buy them, and it would be read and pondered and people would come down to your store and patronize you and keep coming in in increasing numbers, and you might have to hire an extra clerk or two, move into a larger block and a more favorable location and do a larger business, but of course it would be more expensive—and bring greater profits.—Exchange

To Kill Plant Lice. Aphidas, lice and "honey dew" often destroy cabbage, watermelons and cucumber vines and people are at a loss to know how to destroy them. Here is a method, if followed will do the work: Shave a bar of soap—homemade soap will do—into fine shavings, put these into a ten-pound lard pail and pour half full of hot water and stir until the soap is dissolved. Then pour into this a half pint of kerosene. Stir this mixture until it looks like butter-milk and then fill up the bucket with water and spray the plants with it. If possible, after the plants have been sprayed for about ten minutes, they should be washed off with water, as the mixture might injure the plants. The common spray pumps,

NO. 9813.

TREASURY DEPARTMENT Office of Comptroller of the Currency

Washington, D. C., July 13, 1910

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that The First National Bank of Sterling City in the town of Sterling City in the County of Sterling and State of Texas has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking.

Now therefore I, Thomas P. Kane, Deputy and Acting Comptroller of the Currency, do hereby certify that The First National Bank of Sterling City in the town of Sterling City in the County of Sterling and State of Texas is authorized to commence the business of Banking as provided in Section Fifty one hundred and sixty nine of the Revised Statutes of the United States.

In testimony whereof witness my hand and seal of office this Thirteenth day of July 1910.

Proposed Amendment to the State Constitution Authorizing the Establishment of a Home for Wives and Widows of Confederate Soldiers and Sailors.

Joint Resolution to amend Section 51 of Article 3 of the Constitution of the State of Texas, as amended in 1903, so as to authorize the grant of aid in the establishment and maintenance of a home for the disabled and dependent wives and widows of Confederate soldiers and sailors and such women as aided the Confederacy, and making an appropriation.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Section 51 of Article 3 of the Constitution of the State of Texas, as amended in 1903, be so amended as to read as follows:

Article 3, Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual associations of individuals, municipal or other corporations whatsoever; provided, however, the Legislature may grant aid to indigent and disabled Confederate soldiers and sailors who came to Texas prior to January 1, 1880, and who are either over sixty years of age or whose disability is the proximate result of actual service in the Confederate army for a period of at least three months, their widows in indigent circumstances who have never remarried and who have been for a full residence of the State of Texas since March 1, 1880, and who were married to such soldiers or sailors anterior to March 1, 1880; provided, said aid shall not exceed eight dollars per month, and provided further, that no appropriations shall ever be made for the purpose hereinafore specified in excess of five hundred thousand dollars for any one year. And also grant aid to the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided by law; provided, the grant to aid said home shall not exceed one hundred and fifty thousand dollars for any one year, and no inmate of said homes shall be entitled to any other aid from the State; the Legislature may provide for husband and wife to remain together in the home; and provided further, that the provisions of this Section shall not be construed to prevent the grant of aid in case of public calamity.

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at the regular election of State officers, in November, 1910. The sum of \$5,000.00, or so much there of, as may be necessary, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution. W. B. TOWNSEND, (A true copy.) Secretary of State.

# AFTER FOUR YEARS OF MISERY

**Cured by Lydia E. Pinkham's Vegetable Compound**

Baltimore, Md. — "For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends." — Mrs. W. S. Ford, 2207 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

The Controller at Austin has received the estimate of the taxable values of Bowie County, showing \$13,000,000, an increase of \$80,920 over last year.

The Christian Endeavor Society has started a Statewide movement to suppress moving pictures of elopements and any kind of lovemaking or spooning.

Lightning ignited a 55,000-barrel tank of naphtha in Port Arthur near the Gulf Refinery Works and belonging to that company. The tank was practically full, a part of which was saved.

The record price for farm lands of over 100 acres was reached a few days ago for the Granger vicinity, when Dr. Charles C. Gidney bought of W. A. Jackson 186 acres east of town at \$135 per acre.

Charles P. Taft, brother of the President, is preparing to create a beautiful seaside winter resort on his property fronting Corpus Christi Bay.

Wagon wheat brought \$1.05 on the streets in Dallas this week. This is the highest price paid this year. Flour is as yet not affected by the further advance.

The attendance and interest in the Texas Baptist encampment in Lampasas has been increasing since the first day and is considered in every way the best encampment yet held.

The Department of Insurance and Banking of Texas granted a license for the current year to the Providence Washington Insurance Company of Providence, R. I.

The summer normal board of examiners met Tuesday in Austin in the committee rooms at the rear of the Senate chamber on the third floor of the State Capitol and organized for work. W. F. Daughy of Marlin was chosen president and E. O. McNew of Mineral Wells, secretary.

The figures on the tax receipts of the city of Temple indicate that for the current year the receipts will run about \$110,000 for all purposes, including that from ad valorem tax, fines, licenses and receipts from the State free school fund. The tax rate is fixed for the year at \$1.43 on the \$100 valuation.

The largest shipments of peaches ever received in St. Louis within twenty-four hours glutted the market Monday. Besides 130 cars for through trade, 100 cars were received for local consumption, causing prices to drop bedrock. The receipts consist almost entirely of Elbertas from Texas, Georgia and Arkansas.

F. M. Bralley, State Superintendent of Public Instruction, in Austin, has received a letter from J. C. McKinney of Honey Grove relating the destruction by storm of the schoolhouse and the church building in the Lone Star community near that place. Mr. McKinney, in the opinion of Mr. Bralley, makes a very wise suggestion, which is that a law be enacted by the Legislature requiring school trustees throughout the State to take out fire and tornado insurance for the protection of the schoolhouses.

The Bureau of the Census on Cotton Production has issued a bulletin relating to the value of the cotton crop of last year. It gives the value on production in 1909 as about \$312,000,000. This is about one-half the value of the corn crop, nearly \$101,000,000 more than the value of the wheat crop and twice the value of the oat crop. The entire production of gold in the world last year was about \$450,000,000, or slightly more than half the value of the cotton. The cotton production in the entire world last year was valued at about \$1,000,000,000.

The Texas Retail Jewelers' Association held an executive session in Waco at the close of which the association adjourned to meet next year at Dallas.

The Texas Attorney General Department approved for registration the following bonds: City of Fort Worth school building bonds, \$100,000; Eastland Independent School District schoolhouse bonds, \$20,000; Fisher County Common School District No. 45 schoolhouse bonds, \$1,000; Fisher County Common School District No. 3 schoolhouse bonds, \$1,500.

The Abilene key rate for fire insurance is to soon be reduced 9c, according to the statements of local insurance men, the cause being the installation of eight-inch water mains in place of the six-inch ones which had formerly been used to the fire plugs.

"Pure water for Brownwood or bust" is what the City Council has fully decided to do, and from the present prospects the pure water will be filtered through the fine gravel beds along the banks of the bayou before long and in sufficient quantities to supply the town for all wants for years to come.

# SKIN TROUBLES

A Healing Ointment With a Wide Range of Usefulness

A letter from Mrs. I. E. Cameron, Graduate Nurse, Augusta, Me., says: "I must write and tell you the good Resinol Ointment has done. I applied it to an ulcerated leg of six months' standing. Almost everything had been tried to heal it. Resinol was applied twice a day for four weeks, and the ulcers are entirely healed. It is now six months since the treatment and no indication of a return of the trouble. I have used Resinol for eruptions on children's faces, and for everything that seemed to need an ointment, with satisfactory results in every case."

Mrs. F. Cox, Chicago, Ill., says in another letter: "I cannot speak too highly of Resinol Ointment and Soap. They cured my baby boy of Eczema. He had a very severe case. Numerous other remedies had been tried and failed to do any good. I would not be without them in the house."

The first application will relieve the itching and irritation in skin diseases, and stop the pain in burns or scalds. Chafing, sunburn, Poison Ivy eruptions are often cured by an overnight application.

Resinol Ointment, Resinol Soap and Resinol Medicated Shaving Stick are sold at all Drug Stores.

# EPIDEMIC OF ITCH IN WELSH VILLAGE

"In Dowlais, South Wales, about fifteen years ago, families were stricken wholesale by a disease known as the itch. Believe me, it is the most terrible disease of its kind that I know of, as it itches all through your body and makes your life an inferno. Sleep is out of the question and you feel as if a million mosquitoes were attacking you at the same time. I knew a dozen families that were so affected.

"The doctors did their best, but their remedies were of no avail whatever. Then the families tried a drug-gist who was noted far and wide for his remarkable cures. People came to him from all parts of the country for treatment, but his medicine made matters still worse, as a last resort they were advised by a friend to use the Cuticura Remedies. I am glad to tell you that after a few days' treatment with Cuticura Soap, Ointment and Resolvent, the effect was wonderful and the result was a perfect cure in all cases.

"I may add that my three brothers, three sisters, myself and all our families have been users of the Cuticura Remedies for fifteen years. Thomas Hugh, 1550 West Huron St., Chicago, Ill., June 29, 1909."

**Immense Saving Possible.**  
In a preliminary bulletin on the cost of maintaining a tuberculosis sanatorium, the National Association for the Study and Prevention of Tuberculosis announces that the average cost per patient per day in thirty semi-charitable sanatoria scattered in all parts of the United States is \$3.669. These institutions represent an annual expenditure of over \$1,300,000 and over \$15,000 days of treatment given each year. The bulletin, which is part of an extensive study the National association is making for its bureau of information, points out that the country could save annually at least \$150,000,000 if the indigent consumptives were properly segregated.

# LEWIS' "SINGLE BINDER."

A hand-made cigar fresh from the table, wrapped in foil, thus keeping fresh until smoked. A fresh cigar made of good tobacco is the ideal smoke. The old, well cured tobaccos used are so rich in quality that many who formerly smoked 10c cigars now smoke Lewis' Single Binder Straight 5c. Lewis' Single Binder costs the dealer some more than other 5c cigars, but the higher price enables this factory to use extra quality tobacco. There are many imitations; don't be fooled. There is no substitute! Tell the dealer you want a Lewis' "Single Binder."

**An Easy Fit.**  
A number of years ago there lived in northern New Hampshire a notorious woman-hater. It was before the day of ready-made clothing, and wanting a new suit, he was obliged to take the material to the village tailor. She took his measurements, and when she cut the coat, made a liberal allowance on each seam.

The man's dislike of women in general prevented his having a fitting. He took the finished garment without trying it on. It was much too large, and his disgust was apparent in the answer he made to the friendly loafer on his first visit to the post office, when he wore the despised article.

"Got a new coat, Obed?" said the loafer.  
"No, I hain't!" said Obed. "I've got seven yards of cloth wrapped round me." — Youth's Companion.

**The Deacon's Parable.**  
A self-conscious and egotistical young clergyman was supplying the pulpit of a country church. After the service he asked one of the deacons, a grizzled, plain-spoken man, what he thought of his morning effort.

"Waal," answered the old man, slowly, "I'll tell ye in a kind of parable. I remember Tank Weatherbee's fust deer hunt, when he was green. He follered the deer's tracks all right; but he follered 'em all day in the wrong direction." — Housekeeper.

# Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

There is just one other great cod bank in the world besides those of Newfoundland. It lies off Cape Agulhas, which is the southern tip of Africa, and south of the Cape of Good Hope. The Agulhas plateau is said to be almost a duplicate in size and richness of the north cod banks. But this is too far off, so there is little promise of its appeasing the hungry appetite of the world for cod.

Formerly the people burned witches. Now they roast politicians.
