Hans-Yaas; I got a surprise.

Encourage the Boys.

When a boy presents an idea that is feasible, pat him on the back and encourage him, and he will develop a love for agriculture and become the pride of your heart in your declining years and will love the homes and the farms that you have worked so hard to pay for.

If farming has not paid in your case by all means give the boy a chance to begin without your handicap. "What was good enough for me is good enough for the boy," is a maxim unworthy of a New England farmer. Give the boy a chance at an agricultural education and he will help you to stop the leaks and turn the past and present into a brighter future.

READY FOR INSTANT **ACTION ON THE FIELD**

SAN ANTONIO MANEUVER DIVI-SION RECEIVE ORDERS.

OFFICERS ARE ALL "AT SEA"

Such Orders Say Officers in Washington, Have Not Been Made From There.

San Antonio, Tex., March 18 .- Orders have been received here from Washington that Gen. Carter's maneuver division shall hold itself in readfield as if for actual warfare within plaintiff upon every part of the two hours. The orders, when promulgated to the staff, and gradually gossiped to the line, caused much comment for the particular reason that it did not come in the general maneuver orders issued by Gen. Carter Friday, but from the seat of granteness of the court holds.

Such an order means a blanket, ten plicable to the Galveston differential Such an order means a blanket, ten rounds of ammunition, etc. Not a man the the order division thinks that that in the entire division thinks that they are here to drill. They await an explanation. The order to be in readiness for operations in the field, while it might be a lelitimate feature of maneuvers, is not taken in that sense.

It is regarded as a commentary on the military preparedness of the country that many of the officers hope that Japan is the objective of the present preparations. This is not the wish for bloodshed but the wish lor a lesson which will teach the American people, and through them their representatives in Congress, that 90,000,000 Americans are not given a National police numerically worthy of the name.

PANAMA CANAL PROGRESS

February is Record Breaking for Excavating-Rapid Progress.

Washington: The excavation in the central division of the Panama Canal. including the great Culebra cut and the Chagres section, during February was the greatest on record, being 1,-409 338 cubic yards. Altogether in that division 71,033,522 yards have been excavated, leaving 26,091,496 yards to be removed.

Taking the canal as a whole, up to March 1 there has been taken out 131,839,436 yards, leaving to be excavated 50,708,330 yards.

The canal at the Pacific entrance is quarters of the anti-State prohibition completed from deep water to a point organization will be opened in Dallas, on the Panama Railroad wharf at Bal- March 20. This announcement was excavated to its final width of 500

It is very true that we have had some legislatures which made mis-We hold that the members of our

present legislature are as good and wise as the people who sent them there. Those men who occupy the seats of the lawmakers in the capijudgement and choice of the people of Texas, and they are no worse or better than those who sent them. The News-Record helped to bring out and elect the senator and representative of its district, and so far, we have no cause to regret our action. In fact, if it were to do over again, we would do it again. If these two men whom we helped to choose to make and unmake our laws are failures, they are OUR failures,and it would not look well in us to condemn our work.

Our present legislature as a whole is a body of fine men. On ordinary matters, they are disposed to give a square deal. They gave the newspapers the right of contract. They gave the West Texas sheepmen the scab law and gave money to back it blind partisans on either side of the prohibition question, it makes durn fools of them all and justice doe. not enter into their actions, for, as we have often asserted, that if ever a must keep in the lane until across Be man is going to be unjust and act a crue's. 1001 in his life, it is when he be-

To my friends of Sterling City: I A reservoir one foot deep and ten my mother's sickness and death.

The case of H. K. Ray against a him believe he was insured and ac-L. D. Brooks was in from his cording to the judgment of district flocks yesterday and reports that and court af appeals he was insur-

A 6-inch cylinder, 20-inch stroke with 30 strokes per minute, will discharge 73 gallons of water per min.

Therefore, 73 multiplied by 81-3 multiplied by the depth of the water below the surface (75 feet), and the result divided by 33,700, will give the theoretical horsepower, which in this case would be 1 4-10 to pump 73 gallons per minute.

Now, double the theoretical horsepower, and we have 2 8 1-0 actual

The outfit will deliyer 73 gallons law. per minute. or 4,380 gallons per hour, or 105,120 gallons per day, or 630,720 gallons per week.

This is nearly two acre-feet of water, or sufficient to cover two ing. bunting. or in any way tres on acres of land one foot deep, or four passing on any lands owned or acres six inches deep, or six acres controlled by me, will be prosefour inchos deep.

But this could not be done without a "head" of water. A reservoir will be needed.

A reservoir 164 feet in diameter and four feet high will contain 632,-000 gallons-about the work of the six-inch pump for one week. This would furnish a head of water snfficiently large to use. One man can handle a head of two cubic feet of per second, or 900 gallons per min-

The reservoir would furnish a head of this pressure for 11 hours. One day's work would thus irrigate six acres, and put four inches of water on the surface

The following table will enable any one to easily calculate the capacity of reservoirs:

feet in diameter will contain 587 gal 20 feet in diameter 30 feet in diameter 9 times 587 40 feet in diameter 50 feet in diameter 60 feet in diameter 36 times 587 100 feet in diameter 100 times 587 multiply the result by three, and so

Private Leahy Questions Sergeant Donahue Regarding a Point in Military Law.

Private Donahue and Private Leahy were the best of friends, but when Private Donahue became Sergeant Donahue, Private Leahy saw the failings of his former companion with

amazing clearness. "Sergeant," he said one day, after long, fixed gazing at his superior in rank, "if a private stepped up to a sergeant and called him a consated little monkey, phwat wud happen?"

"He'd be put in the gyard-house," said the sergeant.

"He wud?" "He wud."

"But if the private only knew the sergeant was a consated little monkey, and said niver a wurrd, wud he be put in the gyard-house for that?" stronger than I ever was before, and inquired Private Leahy.

'Av coorse he wud not," said the sergeant, loftily. "Well, thin, for the prisent we'll l'ave it go at that," said Private Leahy.

What Ails You?

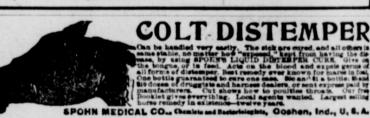

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from bilious-ness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medical, forest plants. World's Dispensary Medical Association, Props., Buffulo, N. Y.
