Glenns P. O., Va .- "My baby's trouble began with an itching and then a little bump would come and she could not rest day or night. The trouble affected her whole body. The bumps festered and came to a head and the corruption looked like thick matter, kind of a yellow color. The sores itched so badly until it seemed to me she would scratch herself to pieces and then a sore would form and her clothes would stick to her body and pull off the little scab. In some places she would scratch and irritate the sores until they seemed to be large. She was affected about a year.

"I wrote for a sample of Cuticura Soap and Ointment. I bathed her body in warm water and Cuticura Soap and then I applied the Cuticura Ointment, and they afforded relief after twice using. I bought some more Cuticura Soap and Ointment and inside of two weeks she was cured." (Signed) Mrs. J. R. Greggs, Nov. 21,

"Well, I'm quite a hand for dreaming that way. For one thing, I was going to give this young couple a fine party. They are both musical, and this was to be an event of some magnitude. I figured I'd have Caruso to sing and Paderawski to accompany him. Some class, eh?" "Yes, indeed!"

Selfish Optimism

Dr. Chauncey M. Depew, at a dinner to the earl of Kintore in New York, was declaring gravely that the bill which grants free canal tolls to American coastwise shipping must be reover their "good-by." But at last John pealed under pain perhaps of war, when a coastwise shipper shouted joc-

"Oh, be an optimist, doctor. "Be an optimist, eh?" said Dr. Depew. "Well, there's too much optimism already-too much optimism of a certain kind."
