GREAT BATTLE IS STILL UNDECIDED

ALLIES NOR GERMANS IN NORTH FRANCE SHOW NO IMPORTANT CHANGE IN LINES.

TAKE AND RETAKE GAME

Situation in Galicia Remains Indefinite Regarding Operations of Russians Against the Austrians.

London.—One of the fiercest battles of all times, which has been raging across Northern France for over a week past, with first a slight advantage on one side and then on the other, remains undecided. A prominent feature of the news coming from the front is the statement of the French war office, north of the Aisne, before the Germans, had been forced to give ground before the Germans, but that the ground was almost immediately retaken.

The two great armies, which have been fighting for a month, with few, any, intermissions, have dug themselves into trenchments on rivers and mountain ranges on a front reaching from the Oise to the Meuse and the German frontier.

Artillery duels such as never before have been seen are being carried on, with the hope of compelling the evacuation of the strongly held positions, with occasional successes to the opposing sides, while the infantry, in the face of a shelling fire, have charged light up to the guns, only to make their opponents give way slightly or to be repulsed with great losses.

Fighting has been fiercest on the banks of the river Oise in the vicinity of Rheims, the famous cathedral of which has been set afire by German shells, and between that town and the Argonne ridge it has been given and taken all the time.

French official reports again claim slight progress on the French left and that the allies again have repulsed strong frontal attacks between Craonne and Rheims.

French Take Village.

Around Rheims itself matters have been about equalized, as the Germans have recaptured the heights of Briquet, while the French have taken the defenses of La Pompele. The French also have scored a success between Rheims and the Argonne, where they have taken the village of Bouchain and have captured numerous prisoners.

In addition, the French report progress on the western slopes of the Argonne, where the crown prince's army opposes them, while the Germans have retired beyond the frontier in Lorraine, evacuating Avricourt.

While accounts of the operations in Galicia differ and one goes so far as to say that General Dankl's army is surrounded by Russians and only remains, it is considered certain that the armies have not yet come to grips.

The Russians will have to capture Premysl, where it is reported three army corps have been sent to help the Austrians before they can make further progress westward.

The other Russian army, however, will be free to proceed against Craonne if General Dankl is disposed of. The German army in Sillesia has become more active and the Russians are claiming to have taken a park of artillery on the Breslau-Ivanogorod line.

The Servians announce another victory by their army over the Austrians near Novipazar, the town which so often has been mentioned in Austro-Servian controversies.

British Cruiser Sunk by Germans.

London.—The German projected cruiser Koensburg caught the British light cruiser Pegasus overhauling her machinery in Zanzibar harbor and attacked and disabled her. The British lost heavily and the Koensburg was able to steam away. The British loss is given as 25 killed and 80 wounded.

The German cruiser Emden captured the British merchant seamers in the Bay of Bengal in six days and sank five of them. On the British side of the score was the sinking of a German merchant cruiser, supposed to have been the Captrafar.

Roumania Orders 100,000,000 Shells.

Rome.—The Roumanian government has ordered 100,000,000 cartridges from Italian factories. Warlike demonstrations continue throughout Roumania.

Italy Has Half Million Under Arms.

Rome.—Italy already has more than half a million men under arms. The best of these troops are in camps and barracks in the Lombardy and Venetian provinces.

Japanese Report Defeat of Germans.

Tokio.—Lieutenant General Kamio, commander in chief of the Japanese forces moving on Kiau Chau, reports that he met and repulsed a German detachment Sept. 18. The official statement says troops, after landing at Laoshan bay, 40 miles north of Kiau Chau, moved southward about ten miles and encountered the enemy in a fortified position at Wang Ko Huang. The Japanese suffered no casualties in this fight, but three were killed while their cavalry was recon-

TEXAS NEWS CONDENSED

Dirt was broken for the erection of another brick business building at Brownwood.

The city of Sweetwater has just unloaded and tested out an \$8,000 American La France auto fire truck and pumper.

A special election was held at Gilmer for a 15c road levy, which carried by 35 majority. This means good roads for Upshur county.

At a cost of approximately \$125,000, fully equipped, the Denton high school building has just been completed and occupied Sept. 21. The building is arranged to accommodate from 750 to 800 students.

F. M. Bralley of Austin, head of the extension department of the university, has accepted the presidency of the college of Industrial Arts at Denton.

The city of Jefferson has let contract for cutting down Wilson hill eight feet and building a raised clay road from the foot of the hill to the Irvin bridge. This will do away with a quarter of a mile of deep sand.

One wheat cargo for every day of September, a grand total of 4245,399 bushels, valued at \$4,824,139—that is the record of the port of Galveston thus far this month. All the grain is bound for European seaports.

Arthur Nelson and Neil Ankerstolp were killed by lightning on a farm of Nelson's, 3 miles east of Ayoca. Both were standing in the barn when struck. The men were farmers.

Machinery and material for the new broom factory to be established in Temple have been shipped, and the factory will be ready to start operations by Oct. 1, giving employment to 25 people.

A representative of a St. Louis window screen factory conferred with Temple business men and chamber of commerce officials with reference to locating a \$40,000 branch of their institution in Texas, the visit being for the purpose of making a personal inspection of the advantages offered locally.

A deal has been closed at Wichita Falls, whereby an overall factory employing twenty men is to be moved from another Texas city. A building has been secured and the work of establishing the factory will start immediately. It will put out uniformed overalls and jumpers of staple makes.

Work is being rapidly pushed on the big reservoir at Sweetwater. When completed it will store sufficient water for 50,000 inhabitants. Three excavating machines, 40 big dumping wagons and more than 100 men are at work. The dam is to be 63 feet at its highest point and will form a lake estimated at 7 miles in length. The city voted bonds with which to do this work.

Plans have been completed by members of the city council to begin active work on all streets in San Angelo needing them, so as to get them in proper shape for winter. Many men are to be employed from now on until all repairs are completed.

State treasurer J. M. Edwards says: "At the close of business Aug. 31, we had a balance of \$2,549,260.16. Our receipts since that date have been \$222,054.79 and our expenditures since Aug. 31 have been \$655,961.08, leaving a balance of \$2,106,353.87 on hand at close of business Sept. 14. Of this amount there is at present time \$899,000 in the sixteen state depositories and a balance of \$1,206,353.87 on hand in the vault."

FOREIGN.

Austria desires peace, according to a Rome dispatch to the Daily Telegraph, which represents internal conditions, particularly in Bosnia, Croatia and Dalmatia, as disastrous.

The British admiralty announces that the training ship Pisgah II, formerly the battleship Erebus, founded during a gale in the English channel and that 21 members of her crew were drowned.

The third batch of treasury bills issued in London for war purposes was floated with the same ease as were the earlier issues. \$27,000,000 was divided equally between six months' and twelve months' bills of this issue.

Floods have swept the valley of the Wei-Sien river in China, inundating many towns. The loss of life is great.

At a meeting of the board of directors of the Kansas City, Mexico & Orient railroad at San Angelo it was decided to issue bonds for \$1,488,600. This is to bond that part of the road between Griva and Alpine, Texas. No bonds have ever been issued for this. It is estimated that bonds to the amount of \$16,000 per mile can be issued.

Mrs. William Hood, while driving home from a neighbor's Thursday night, was killed when a Missouri, Oklahoma and Gulf train crashed into her buggy seven miles west of Afton.

Enrique C. Lorente, director of consuls in the constitutional government, has been appointed minister to Cuba. Mrs. Lorente is a native of Galveston, having been married to senior Lorente when he was in the Madrid diplomatic service. Senior Lorente was formerly consul general on the Texas border under Madero.

Ten cars packed with mail for the City of Mexico passed through Laredo and marked the resumption of through mail service to the capital, which was suspended more than a year ago. The City of Mexico announces the resumption of mail service to all parts of the republic.

EVENTS BOILED DOWN

DOMESTIC AND FOREIGN HAPPENINGS SERVED UP IN ATTRACTIVE STYLE.

NOTHING GOOD GOT AWAY

Everything Important That Could Be Confined to a Small Space is Here Found.

WASHINGTON.

President Wilson has announced the estimates for expenses of government departments during the next fiscal year will be kept as low as possible in view of the falling off of the government's revenue caused by the European war.

The last wish of Mrs. Woodrow Wilson was fulfilled when the senate passed the house bill eliminating the crowded dwellings in the alleys of Washington, the slums of the city. The bill was the result of Mrs. Wilson's investigations and now goes to the president for signature.

After an all day conference between the federal reserve board and a committee of bankers at Washington, it was virtually agreed that the board will approve a cash balance of more than \$1,000,000. The gross customs fund to be used in meeting American obligations in Europe. This fund will be in addition to the \$50,000,000 to be raised by the bankers' New York syndicate to meet New York's obligations across the Atlantic.

As a result of American administration of the Vera Cruz customs office, which will be evacuated Oct. 10 by the U. S. troops, the Carranza government will receive a cash balance of more than \$1,000,000. The gross customs receipts up to Aug. 29 were \$1,800,000, from which was deducted about \$690,000 for customs administration and the maintenance of quarantine, light-houses, pilot house service and part of the postal service.

A proposal is pending to reduce the river and harbor bill to a total of \$20,000,000, which would do no more than maintain existing projects. This is advocated as means of softening the filibuster which was in progress for some days, and which threatens to swamp the legislation to the point of utter defeat. It is pointed out that the country's revenues are embarrassed by losses due to the European war, and which the administration is forced to make up.

The United States has joined the powers of Europe who have protested to the sublime Porte against the abrogation of the capitulations under which the aliens have enjoyed certain territorial, judicial and other privileges in Turkey. Secretary of State Bryan made this action public when he announced that ambassador Morgenthau at Constantinople had been ordered to register the United States objection.

A committee of southern congressmen and cotton growers was organized in Washington by Representative Henry of Texas, to work for an advance of \$3,000,000 or \$4,000,000 to southern farmers on the large cotton stock that must be held over because of the collapse of European demand. The committee will hold daily meetings and will urge the advisability of their plan upon President Wilson, Secretary McAdoo and the federal reserve board.

Figures submitted in connection with the preparations for issuing \$600,000 public school and \$50,000 sanitary sewer bonds show that Dallas now has a total bonded debt of \$6,586,000. The amount which the city actually owes or which must still be raised, however, is less than this sum by \$695,523.37. There is in the sinking fund cash to the amount of \$67,923.37 and the sinking fund, in addition, owns city bonds worth \$212,506.

A movement was started by J. T. Leonard to start a cotton mill at Geansville. It is proposed to invest all the cotton that has been purchased by local parties at 10 cents a pound in the purchase of stock of such an enterprise. A large number of these purchasers have agreed to the plan and it is thought \$100,000 can be raised by addition of local subscriptions within the next thirty days.

Contract was let by the state for the construction of a double cottage dormitory for males at the state epileptic colony. The new structure will be of local red brick, trimmed with stone and will be partly single and partly double story. It will be absolutely fireproof and have dimensions 40x155 feet.

The retaining walls for the approaches to St. Angelo's new \$70,000 concrete viaduct have now been completed. Many workmen are filling in the space between the walls. It is expected that the viaduct will be opened to the public within the next 30 or 40 days.

A deed filed at Denton showed a profit of \$12,650 on a Denton county tract of 99.6 acres since last December. W. N. Waddell bought the tract from Percy Webb in December, 1913, for \$5475. He sold it to Florence Baldrige of Tarrant county for \$68,229.

A seven-story building, occupied by the Logan-Gregg Hardware company in the downtown section of Pittsburg, was destroyed by fire. The loss is placed at \$500,000.

A committee composed of Senator Clark of Arkansas, West of Alabama and Williams of Mississippi, and Representatives Hardwick of Georgia and Burgess of Texas reported to a conference of southern senators and representatives that decisions of the supreme court of the United States sustain the idea that the federal government can restrict the acreage of cotton for 1915 by a tax. A plan was proposed for reducing the acreage one-half, either by a tax of 10c a pound on the excess or a tax of \$20 a bale.

George Davis, a thrashing machine owner, was killed by the explosion of a traction engine boiler two miles east of Welch, Ok.

Enrique C. Lorente, director of consuls in the constitutional government, has been appointed minister to Cuba. Mrs. Lorente is a native of Galveston, having been married to senior Lorente when he was in the Madrid diplomatic service. Senior Lorente was formerly consul general on the Texas border under Madero.

Ten cars packed with mail for the City of Mexico passed through Laredo and marked the resumption of through mail service to the capital, which was suspended more than a year ago. The City of Mexico announces the resumption of mail service to all parts of the republic.

THE SOUTHWEST

Fire originating in a moving picture theater at De Quincy, La., destroyed twelve business houses, with an aggregate loss of \$60,000.

A charter has been issued by the first National bank of Arcadia, Ok., with a capital of \$25,000.

It is unusual for any fair association to pay for its grounds and all improvements the first year, but this is the accomplishment of the Midland county fair association. George D. Hunter is authority for the information as to the success of the fair. According to Mr. Hunter, the Midland county fair gave its patrons the biggest stock exhibit he has ever seen. The park board also plans to take supervision of parkings in order that a solid and uniform shade may be secured.

Eleven persons are known to have been killed and more than 15 injured when an Illinois Central freight train crashed into a crowded street near Birmingham, a suburb of Memphis. The car, a "trailer," was struck midway and was hurled over an embankment, the foremost of the freight cars toppling over on a wrecked car. 11 bodies had been taken from the wreckage, 15 injured had been sent to hospitals and several others had not been accounted for.

Figures submitted in connection with the preparations for issuing \$600,000 public school and \$50,000 sanitary sewer bonds show that Dallas now has a total bonded debt of \$6,586,000. The amount which the city actually owes or which must still be raised, however, is less than this sum by \$695,523.37. There is in the sinking fund cash to the amount of \$67,923.37 and the sinking fund, in addition, owns city bonds worth \$212,506.

OF WESTERN LIFE

Kathlyn Williams in New and Attractive Play.

"Chip of the Flying U" Promises to Be One of the Most Popular of Recent Film Productions—Adapted From Novel.

"Chip of the Flying U" is the newest motion picture attraction featuring Kathlyn Williams, daring and popular screen star. The play is an adaptation of B. M. Bower's story of western life which appeared in a recent issue of a well-known magazine, visualized for screen presentation. It is in three parts, containing realistic scenes of the crude West and its rough types of citizens; magnificent views of an expanse of beautiful fields showing

thousands of cattle grazing along the hillside; sports and activities of the cowboys and many other incidents familiar to the lover of western life.

The stellar honors in this pantomime play are divided equally between Miss Williams and Tom Mix, noted cowboy actor, whose expert horsemanship and lariat throwing have been features of numerous western "thrillers" in the past and who has developed into a finished photo play star. His fearlessness on horseback or while engaged in feats of skill and daring during the diversions of his comrades, has been illustrated by the camera on numerous occasions for "movie" fans.

Daring Actress.

Miss Marguerite Clayton, who is attached to the Essanay Western company under the direction of G. M. Anderson, was recently called upon to act a dangerous and spectacular role which she did without hesitation.

The photoplay called for the descent of the actress over the side of a mountain to rescue an infant in an eagle's nest far down the chasm. Miss Clayton was lowered down with a good sized manila rope tied securely around her waist. Four men held on the rope and she was lowered nearly a hundred feet, finally reaching the eagle's nest and rescuing the baby, which in this case was a dummy. Miss Clayton refused at first to enact the role until Mr. Anderson consented to be one of the men holding the rope. The camera man stood across the chasm and secured excellent results.—Popular Electric.

Return From the Catskills.

Rip Van Winkle's haunts, the Catskill mountains, were the scene of much activity during the last few weeks when a company of players "filmed" several productions in the surrounding country. The company consisting of Dorothy Kelly, James Morrison, George Cooper and John Costello, returned from the mountainous section with negatives for "Regan's Daughter," "Within an Acre" and "The Love of Pierre La Crosse."

Eclair Films Produced at Tucson.

It is announced that the entire production force engaged in the making of American Eclair films will be moved to the spacious and modern studios erected by the company at Tucson, Ariz. The Eclair studios at Fort Lee, N. J., were recently destroyed by fire and, although the company is erecting new buildings, they are not ready.

East Views New Production.

"Ambushed," a feature photoplay, is being offered at the motion picture theaters of the East. The play is in three parts and is a film version of the story by Chauncey G. Hotelikis which appeared in a recent issue of a well-known magazine. Francis X. Bushman is featured in this play, interpreting the role of a young attorney who outwits two criminals in their efforts to obtain possession of an estate left by a wealthy woman to her niece.

George Kleine's New Venture.

"The Woman Who Sings," is a forthcoming five part photo play production which will be presented by George Kleine. The story centers around an army officer's wife who saves her husband from a charge of high treason. The features of the film are a race between an automobile and a passenger train and scenes depicting circus life.

King Baggott in New Play.

King Baggott, screen star, is now actively engaged in the forthcoming production of "The Man Who Miscalculated," a two part drama written by George Hall. George Lousay is directing the picture.

Extends Scope of Work.

The Church and School Social Service bureau, an organization founded for the purpose of presenting systematically educational and religious motion pictures, high-grade comedies and clean dramas, of which Dr. Frank Crane is secretary, has become allied with the duke of Manchester's International Education league. Doctor Crane is a prominent figure in church and literary circles. He has held pastorates in Chicago and Worcester, Mass., ultimately leaving the pulpit for a wider field. He engaged in journalism and his writings have appeared in newspapers throughout the country.

John Kerrigan Dead.

John Kerrigan, father of the well-known moving picture star, Warren Kerrigan, died at his home in New Albany, Ind., after an illness of several months. He was born seventy-seven years ago in Dunstan, Ireland. He moved to Canada and later to New Albany, where he resided for 40 years. He leaves a wife, Mrs. Sarah MacLean Kerrigan; a daughter, Mrs. Kathleen Kerrigan Crane, and five sons, Warren and Wallace Kerrigan of Los Angeles, Edward, Robert and Harry Kerrigan of New Albany. Mrs. Crane is a widely-known actress, and Warren and Wallace are leaders in their profession.

At Work on Big Production.

William D. Taylor, the man who is making a big name for himself as a director at Long Beach, Cal., has almost claim that his experiences in directing date back to the time when he spent three years in Fanny Davenport's company and did about everything to be done in that company as well as playing opposite her. He even went to Europe yearly to purchase certain necessary properties for her plays. Taylor is at present putting on a five-reel feature photoplay with Neva Gerber playing opposite him.

"Chocolate Soldier" in Films.

F. C. Whitney's famous comic opera, "The Chocolate Soldier," has been "filmed" and is promised for presentation in the immediate future. The entire original cast has been engaged and will be seen in the characters they created on the stage and the Strauss music has been rearranged from the original scale to fit the film play. The first half of the photoplay is taken up with preliminary scenes, showing war activities involving Serbia and Bulgaria, then follows the play as presented on the stage.

Strong Cast Engaged.

Blanche Chapman, who portrayed the role of Mrs. Wiggs on the "legitimate" stage, has been engaged for the title role in "Mrs. Wiggs of the Cabbage Patch." Other members in the cast of this photoplay will include Beatriz Michelina, House Peters and Andrew Robson.

King Baggott in New Play.

King Baggott, screen star, is now actively engaged in the forthcoming production of "The Man Who Miscalculated," a two part drama written by George Hall. George Lousay is directing the picture.

NEAR DEATH IN QUAGMIRE

Realism Carried to Excess by Actor in His Efforts to Secure an Effective Film.

All persons engaged in the production of photoplays at some time or other in their career are confronted with serious dangers. But it is rather doubtful if any have had a more exciting and narrow escape from death than G. L. Trimble, a leading man with the Lubin company.

In a recent picture staged near Point Pleasant, N. J., the role enacted by Trimble called for his sinking into the quagmire. The cameras were trained on him and the actors were ready for the scene. Everyone was impressed by the realistic manner in which he sank into the swamp until suddenly he became aware that he was shouting for help. A rope was thrown over the limb of a nearby tree and it took four men to release Trimble's 235 pounds from the mud. A fellow actor, Peter J. Lang, had a narrow escape while placing the rope under Trimble's arms.—Popular Mechanics.

Big Fish Frightened Her.

Fact and fiction mixed when Kate Price, heading a company of players under the direction of Capt. Harry Lambert, sailed to Grassy Point, Jamaica bay, to take a number of scenes for "Fisherman Kate." Miss Price, who had never felt the "pull" on a line, became much interested in the operations of the crew of the boat, who were enjoying themselves in true fisherman style, one of the other of the members frequently landing a "catch." Miss Price, with her characteristic energy, demanded an outfit and soon was not the least interested fisherman aboard. She jumped from fishline to camera focus and back again, eagerly waiting an hour for a bite, and was ready to give up in despair when there was a tug on her line, and disrupting the usual serenity of a happy family party by her excitement she landed a four-foot man-eating shark. Giving one look at the fish, Miss Price screamed and ran. The boat rai was in her way, but that made no difference to the comedienne. When rescued she made two remarks: "Gee, I went down so fast I bumped bottom," and "When I go fishin' again I'll walk in off the street and get them where they are packed in ice."

Extends Scope of Work.

The Church and School Social Service bureau, an organization founded for the purpose of presenting systematically educational and religious motion pictures, high-grade comedies and clean dramas, of which Dr. Frank Crane is secretary, has become allied with the duke of Manchester's International Education league. FARMER'S WIFE TOO ILL TO WORK

A Weak, Nervous Sufferer Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Kasota, Minn.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done more for me than anything else, and I had the best physician here. I was so weak and nervous that I could not do any work and suffered with pains low down in my right side for a year or more. I took Lydia E. Pinkham's Vegetable Compound, and now I feel like a different person. I believe there is nothing like Lydia E. Pinkham's Vegetable Compound for weak women and young girls, and I would be glad if I could influence anyone to try the medicine, for I know it will do all and much more than it is claimed to do."—Mrs. CLARA FRANKS, R. F. D. No. 1, Maplecrest Farm, Kasota, Minn.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Make the Liver Do its Duty

Nine times in ten when the liver is right the stomach and bowels are right. CARTER'S LITTLE LIVER PILLS gently but firmly compel a lazy liver to do its duty.

Cures Constipation, Indigestion, Sick Headaches, and Distress After Eating. SMALL PILL, SMALL DOSE, SMALL PRICE. Genuine must bear Signature.

Italyans a Thrifty Lot.

Simon W. Straus, president of the American Society for Thrift, is studying methods of thrift used in Italy. He has been surprised to learn that in the last 30 years savings in Italy have more than quadrupled, having risen from \$268,600,000 to \$1,200,000,000. The chief means of inducing thrift are the ordinary savings banks, which number about 200, with nearly 3,000,000 depositors, whose deposits total \$500,000,000, and the post office savings banks with an average of 6,000,000 depositors, whose savings amount to \$450,000,000. The remainder of savings are held by co-operative societies of credit and by the savings departments attached to pawnbrokers' establishments.

SICK DOCTOR Proper Food Put Him Right.

The food experience of a physician in his own case when worn and weak from sickness and when needing nourishment the worst way, is valuable:

"An attack of grip, so severe it came near making an end of me, left my stomach in such condition I could not retain any ordinary food. I knew of course that I must have food nourishment or I could never recover.

"I began to take four teaspoonfuls of Grape-Nuts and cream three times a day and for 3 weeks this was almost my only food. It tasted so delicious that I enjoyed it immensely and my stomach handled it perfectly from the first mouthful. It was so nourishing I was quickly built back to normal health and strength.

"Grape-Nuts is of great value as food to sustain life during serious attacks in which the stomach is so deranged it cannot digest and assimilate other foods.

"I am convinced that were Grape-Nuts more widely used by physicians, it would save many lives that are otherwise lost from lack of nourishment. Name given by Postum Co., Battle Creek, Mich.

The most perfect food in the world. Trial of Grape-Nuts and cream 10 days proves. "There's a Reason."

Look in pgs. for the little book, "The Road to Wellville."

Ever read the above letter? It says one appears from time to time. They are genuine, true, and full of human interest.

Kathlyn Williams.

W. F. Kellis, Editor and Proprietor.

Created Nov. 10, 1902, at the Sterling City postoffice as second-class matter.

ISSUED EVERY FRIDAY AT STERLING CITY, TEXAS.

Subscribers failing to get their paper on time, will confer a favor by reporting same to us.

ANNOUNCEMENTS

- For Representative, 113th District: C. B. Metcalfe
For County Judge: B. F. Brown
For Sheriff and Tax Collector: Dee Davis
For District and County Clerk: D. C. Durham
For Tax Assessor: W. E. Allen
For County Treasurer: R. B. Cummins
For Commissioner Precinct No. 1: A. V. Patterson
For Commissioner Precinct No. 2: E. F. Atkinson
For Commissioner Precinct No. 3: M. Odom
For Commissioner Precinct No. 4: J. S. Johnston

Mutt says that money in Germany is going to be so scarce that they will be forced to hoard the Kaiser.

Twelve and a half pounds of lint cotton, or forty pounds of seed cotton will pay for a year's subscription to the News-Record.

In buying your bale of cotton, buy from the man who would be forced to sell on the present market and who would spend the proceeds at home.

The tick in Sterling is now almost a creature of the past. So earnestly and thoroughly has the work of eradication been prosecuted by our people that the tick is almost an unknown quantity.

The price of wool has reached the 24-cent mark. A little more than a year ago, when there was a 11-cent tariff on every pound of wool, it sold for 9 and 10 cents per pound; but since the tariff has been taken off it has more than doubled in price.

Of course it is all right for a lady to dress comfortably in hot weather, still we doubt if she ought to wear her collar under her arms.—Dallas News.

We may have our doubts about a lady wearing her collar under her arms, but experience has taught us not to express them. Even if she were to wear a collar on her waist, it is a wise policy to say nothing about it, for she is going to do as she pleases anyway.

WOOL SOARS

Reported That Speculators Are Unloading Spring Clip at Big Profit

That the wool dealers who contracted Western clips at comparatively low prices early in the spring are now reaping great profits is the statement made by the Oklahoma Live Stock News in a recent issue. These men, who, it is stated, made arrangements for wool at 12 and 14 cents per pound, are now reported to be unloading at 22 and 24 cents.

Life is full of sunshine (and hard work) but some are blind. Come to the Sun Shine Store, where half dollar sounds like a dollar. Fall on Oct. 1st. 10% discount off everything.—Hargrave.

GET RICH SCHEME

Dear Sir: Knowing that you are interested in making money, I take the liberty of presenting you with what seems to be a most wonderful business proposition, and which, no doubt, you will take a lively interest in and perhaps wire us the amount of stock that you wish to subscribe toward the formation of this company.

The object of this company is to operate a large cat ranch in the Bad Lands of Texas, where land can be purchased for a song. To start with, we collect, say about One Hundred Thousand (100,000) cats. Each will average twelve kittens per year. The skins run from ten cents each for the white ones to seventy-five cents for the pure black. This will give us twelve million (12,000,000) skins for a year to sell on an average of Thirty cents each, making our revenue about Ten Thousand Dollars (\$10,000.00) per day, gross.

A man can skin fifty cats per day for Two Dollars. It will take about 100 men to operate the ranch, and therefore the net profits will thus be about Nine Thousand, Eight Hundred Dollars (\$9,800.00) per day. We will feed the cats on rats, and will start a rat ranch next door. The rats will multiply four times as fast as the cats, therefore we start with one million rats, we will have four rats per day for each cat, which is plenty.

Now then we will feed the rats on the carcasses of the cats of which the skins have been taken, giving each rat one-fourth of a cat.

It will thus be seen that the business will be self sustaining and automatic all the way through. The cats will eat the rats and the rats will eat the cats and we will get the skins.

Awaiting your prompt reply, and trusting that you will appreciate the opportunity that I give you, and that you will grasp same and get rich quick, we remain,

Yours very truly, Gold Mine Ranching Co.—Ex.

[Then while we are resting, we can employ our time in twisting the visceri of the cats into first-class catgut fiddle strings. One cat has enough material in his makeup to make ten fiddle strings, which, at ten cents apiece, would be One Dollar for each cat.—Ed.]

RESOLUTIONS

Resolutions adopted by the Teachers' Institute of Sterling County, Sept. 11, 1914:

1st. Whereas, the Conference for Education has designated October 16 as "School House Day," be it resolved that we, the teachers of Sterling County, endorse this movement and recommend that said day be observed as "School House Day."

2nd. Resolved: That it is the will of this body that the State of Texas should have compulsory education.

3rd. Whereas, a County Educational rally has been held and found profitable: Be it resolved, that we encourage a continuance of this movement.

4th. Be it resolved: That we recommend the inspection of schools and examination of pupils, by the County Health Officer, for eye and pulmonary trouble.

5th. Be it resolved: That we request the County Board of Education to qualify and assume the duties of its office.

6th. Be it resolved: That this Institute heartily endorse Supt. Doughty and his educational program; and be it further resolved, that we lend him our aid in carrying out his program.

7th. Be it resolved: That we thank Judge Brown for his thoughtfulness and co-operation thruout the session.

8th. Be it resolved: That we tender our thanks to Mr. Kellis for his splendid address Thursday; to Dr. Gowen for his instructive paper which was read Friday, and to Prof. Durham, who has shown interest and given inspiration and help thruout the week. And be it further resolved: That we thank Misses Pool and Durham for the excellent readings rendered.

9th. Be it resolved: That we extend to Mr. and Mrs. W. E. Roberts a rising vote of thanks for the pleasure afforded us by their generous hospitality of Thursday evening.

10th. Be it resolved: That we express our thanks to Mr. Collins and to Miss Roberts for their untiring efforts in the performance of the

HARGRAVE'S FALL OPENING OCT. 1ST. A STORE JAM FULL OF NEW GOODS. 10 per cent discount Opening Day. \$3,000.00 Stock of Shoes.

duties of Chairman and Secretary. 11th. Be it resolved: That a copy of these resolutions be spread upon our minutes, that a copy be sent to the State Department of Education, and that they be published in the Sterling City News-Record.

THE RATTLESNAKE

Even here in West Texas, where they are so common, the rattlesnake and its habits are not well understood by many of our people.

Unlike most other snakes, the rattler does not come into the world through the medium of an egg, but is born after the manner of higher classed animals. An adult female rattlesnake will give birth to a litter of thirty young ones, and will care for them until they are old enough to provide for themselves.

disappeared in the hole, a large number of dogs ran to it and filled it up with earth, nor did they stop until they had tamped the earth into the hole so firmly that the snake no doubt is in there to this hour.

In passing over a dog town, you will often see a rattler go into a hole. If you will take a long stick—a long one, mind you—and roll clods of dirt down the hole, it won't be long before Mr. Snake will come out of there, and you had better look out, for he is on the warpath when he emerges and you had better be ready to kill him or get out of his way, for he had rather die fighting than to be buried alive.

In the winter, like other snakes, the rattler most always hibernates—that is, he crawls into a cave or crevice of rocks and there becomes torpid; and there, with others, he sleeps until the warm south winds tell him that spring has come. Before they become torpid, great numbers of these reptiles will form themselves into a ball. The winter once saw a ball as large as a washtub, composed of rattlers, bullsnakes, coachwhips, and other kinds, taken from a rock bluff on Sterling Creek.

Cash Counts. Corn (Wild Rose) 3 for 25c. Tomatoes, 2lb (Clipper) 3 for 25c. Tomatoes 3lb () 10c. Hominy 10c. Peaches (California) per can, 21c. Apricots () per can, 21c. Plums () per can, 21c. Salmon (red) per can, 20c. Oats (National) 10c. Peaberry Coffee, No. 1, 26c lb. Peaberry Coffee, choice, 22c lb. Coffee, Special, 17 1/2c lb. 10 per cent discount on all Shoes; 10 to 20 per cent discount on all Dry Goods. If you want to get your money's worth, give me a trial. B. F. Roberts THE CASH STORE

but is unable to move only a short distance, when finally the rattler approaches it and strikes it with his deadly fangs. When struck the victim suddenly comes to life and bounds away, but as the venom quickly circulates through its body, it soon dies. After striking, the snake lies perfectly still for ten or fifteen minutes, then he takes the trail of his prey and proceeds to swallow it at his leisure.

As a rule, the rattlesnake will get out of your way when he sees or hears you approaching; but if taken by surprise, he will strike and then get out of the way. It is well to always be on the lookout for him, for he is of uncertain temper and may strike you without warning.

The writer once saw a rattlesnake "charm" a prairie dog and strike it. After being "bitten," the prairie dog ran into a hole about fifty feet away. In about ten minutes, the snake crawled into the hole after his victim. While all this was going on, the prairie dogs for a hundred yards around were yipping and running to and fro in a most excited manner. As soon as the snake

was killed. When bitten, the victim should avoid violent exercise or excitement. If the wound is on a limb, the limb should be ligated, (corded) the wound cut open to the depth to which the fang has penetrated and as soon as possible, and immerse in kerosene—but lose no time in calling the doctor. If the heart action is weak, give whiskey, or other stimulant, to arouse the least action

SERIOUSLY HURT

Last Monday, while cutting hay, Fred Hodges had occasion to leave the seat of the mower and get in front of the sickle to hook a trace that had become unfastened; and while doing so, the team started and the sickle caught him by the heels, severing one of the tendons in his right heel. He was brought to town, where Dr. Gowen gave him surgical aid, and the young man is now getting along as well as could be expected.

A CARD

The Law-partnership heretofore existing between Ayres & Pool has been by mutual consent dissolved. All business now in the hands of the former firm will be handled by Ayres. Mr. Pool may be found at his Abstract Office in the Court House.

GREATEST STOCK SHOW

Fort Worth Will Stage Wonderful Exhibit Oct. 10 to 17.

Approximately \$16,000 in prizes will be offered in the different livestock classes at the National Feeders and Breeders' show, which will be held in Fort Worth October 10 to 17. This will cover exhibits of cattle, hogs, sheep and horses in the day show and there is every indication that the display will be greater in numbers and better in class than ever before in the nineteen years of the exposition's existence.

More than 6,000 head of livestock were exhibited at the stock show last fall. Early indications point to the fact that this number will be swelled considerably, perhaps a third. Reports from every section of Texas and many other sections of the great Southwest show that the stockmen are getting their product into show condition—and that the competi-

tion in all classes will be warmer. The 1914 prize list, which was recently announced, shows that every class of livestock produced in Texas and the Southwest will be given ample consideration. The classes for feeder cattle and for jerseys, which were created last fall, will be maintained and there is every reason to believe that they will be filled amply. Great interest has been aroused in dairy cattle in the Southwest within the past few years. Dairy-farming has amply proven its worth. A representative display is expected in this division.

The different breeding associations have made liberal appropriations for this fall's event and these will be an added inducement for the breeders of fine stock to make an excellent display. All of the livestock prizes offered by the Texas Industrial Congress will be awarded here. Entries are being sent in rapidly but the exhibitors are warned that entries on the individual classes close September 18. October 10 is the final date for entry in the car-lot classes.

A great variety of entertainment, outside of the livestock exhibits will be furnished, for those upon whom that feature might pall after awhile.

One of the best carnival companies in the country will pitch its tents upon the Coliseum grounds and numerous forms of free amusement, including an exposition of the latest dances, will be furnished in the Coliseum arena.

Excellent music has been secured and will be given throughout the day and night shows.

THE GREAT HORSE SHOW

Fort Worth Will Offer Superior Attraction This Fall.

Offering a wide range of exhibitors of fine horses, the premium list of the Fort Worth Horse Show has just been announced. Approximately \$9,000 in prizes will be awarded and every class is given just consideration. The Horse Show will be held Oct. 12 to 17, in connection with the nineteenth annual National Feeders and Breeders' show.

Bringing with features, the premium list gives promise of an even better exhibition than in the past. Entries of harness and saddle animals from the best stables of the country are anticipated. This expectation is well

in line with past performance at the Fort Worth Horse Show and always attracts a large number of the most prominent exhibitors.

Recognizing the increasing interest in the production of fine saddle animals in Texas and the Southwest, the management of the Horse Show again has decided to offer a liberal prize in the now famous "Horse Show Classic." In this event, for which a prize of \$500, to be split four ways, has been hung up, only five-gaited saddle animals may be entered. Last fall this event was made notable by the magnificent battle for the mastery between "My Major Dare," Miss Loula Long's great saddle stallion, and a Texas horse, "Gallant King," owned by Virgil D. Keel, of Gainesville. "My Major Dare" triumphed, it is anticipated, that these magnificent animals will again clash, with others of equal merit in the competition.

The usual liberal consideration has been accorded in all classes for harness and saddle animals. The roadster classes have been well taken care of, as they are among the great features of the show.

Keener competition than ever will be given in the jumping classes. Hitherto, these prizes have been competed for almost exclusively by the soldiers and officers from Fort Sam Houston, but this fall some of the best jumpers of the North will enter the open classes, while Fort Sam Houston probably will have competition in the military classes.

Added stimulus has been given in the classes for delivery turnouts by putting on extra classes that can be competed for only by turnouts in South Fort Worth.

Although arrangements have not been perfected, the management of the stock show promises added thrilling features to the night horse show, such as push ball and hazardous games of the kind, which have always furnished great entertainment for the crowds.

High school horses and ponies will be shown the usual consideration.

WELCOME NEWS FOR LOCAL PEOPLE

People in this town will be glad to hear that the mixture of simple hothorn bark, ginger, etc., known as Adiolka, can be obtained at our store. This simple remedy became famous by curing appendicitis and it has been found that JUST A SINGLE DOSE relieves sour stomach gas in the stomach and constipation INSTANTLY because it drains off such a surprising amount of old fat matter from the body.

 See the—oh, shucks!—just come on and buy everything.
 It's right in style
 It's right in price
 It's right all right.—Come
 —Hargrave, the little man behind the big system.

Come and see for yourself. A house 100 feet long, in Sterling City, plumb, chuck—well it's simply full and running over. Some people call this house Sears Roebuck. We don't like it, but we can't help it. The real name is Hargrave.
 Joel Barton was in from his ranch in Reagan county last Wednesday. He says they had fine rains in his part of the country last week, which put everything to the good. Mr. Barton says the feed crops are enormous. After filling his barn with feed from the first crop, the second crop coming on will more than fill every available space of shelter on the ranch. Besides the big crops, Barton says that stock are all fat and the filaree and grass were never better.

NOTICE
 The Bible School at the Central Christian church will meet at 3:00 p. m., instead of 10:00 a. m. as heretofore. All are cordially invited to join us in this work.
 N. L. Douglas, Supt.

\$25 REWARD
 STRAYED:—From my pasture, a two-year old, registered Hereford bull, branded X on left jaw. I will pay \$25 reward for recovery.
 J. L. Glass, Sterling City

NOTICE
 We will not sell Gasoline, Tubes, Batteries, or any other supplies, on credit in the future. It will take cash to get any of these supplies. This applies to all alike.
BROWN & PEARCE

LOCAL DRUGGIST MAKES A STATEMENT
 We always advise people who have stomach or bowel trouble to see a doctor. But to those who do not wish to do this we will say: try the mixture of simple buckthorn bark, glycerine, etc., known as Adler-I-ka. This simple new remedy is so powerful that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. People who try Adler-I-ka are surprised at its QUICK action.

Samples Free by Mail
Cuticura Soap and Ointment sold throughout the world. Liberal samples of each mailed free, with this card. Address: Cuticura, Dept. 99, Boston.

GOOD JOKES

MORE REMARKABLE. HARD WORK.

Rose had called, on her afternoon out, to see her friend Arabella. Arabella's mistress had just purchased a parrot and Rose was much interested in the bird.

"Birds is shore sensible," she observed; "yo' kin learn them anything. I uster work for a lady that had a bird in a clock, an' when it was time to tell de time ob day it uster come out an' say cuckoo just as many times as de time was."

"Go along! Yo doan' say so!" said Arabella, incredulously.

"Shore thing!" replied Rose. "An' de more wonderful part was dat it was only a wooden bird, too!"—Harper's Magazine.

Useful Art.
The man in the automobile duster and goggles confronted an artist painting a picture by the roadside.

"Say," said the motorist, "I'll give you \$5 for that picture just as it is. Don't put another stroke to it."

"I am really flattered by your offer," replied the artist, "but why not wait until the picture is finished?"

"Can't I need the canvas to mend a busted tire with?"

Different Now.
The freshman from Georgia was discussing pronunciation with the coed from Cornell.

"And," queried the coed, "do you say 'do' for 'door' and 'do' for 'door'?"

"No, indeedy," replied the young Georgian, emphatically, "I used to once, but I don't any mo'."—Woman's Home Companion.

THE VERY IDEA.

Mr. Smithson-Sloane—Why do you want to go to these overcrowded summer resorts? You can be much more exclusive at some smaller place.

Mrs. Smithson-Sloane—Who wants to be exclusive if nobody knows it?

Cheerful Assurance.
"You must have an easy life," said the obtrusive passenger.

"Don't you have to do anything but collect fares?"

"Yes. Sometimes, when the road isn't running so well, I have to turn in and help collect a few mangled remains."

She Knew.
"You say he is very ill?"

"Very ill, indeed, and his wife won't permit anyone but herself to nurse him."

"She used to be a trained nurse."

"Oh, that accounts for it. She knows the danger there would be of his falling in love with his nurse."

MORE REMARKABLE. HARD WORK.

First Stork—You look bad. Don't you need a vacation?

Second Stork—Yes. That last youngster I brought was a terror. He wanted me to land him on the moon and bawled because I wouldn't let him pull the tail of a comet. I'm just about all in.

Not on the Map.
Mrs. Malaprops has a modern prototype in the person of a jolly South side matron who, although she has not received a thorough education, never allows that to interfere with her conversation.

While visiting in Washington, D. C., recently, the local young woman was introduced to a dark-skinned diplomat who informed her that he was a Peruvian.

"Is that possible," gushed the young matron, "and what kind of weather have you been having in Peruvia?"

Supervision.
"I never know where my husband is," said the unhappy-looking woman.

"Oh, well," replied the neighbor, who had called around to sympathize, "you have the same comfort that I have. You know your husband is not going to break the law and get into serious difficulty."

"I'm not so sure that I don't wish John were more reckless. If they put him in jail, I'd at least know exactly how he spends his evenings."

Moral Oblivity.
"I am afraid baseball is a bad game," said grandmother, severely.

"Here I've been reading about a player who was found out to be a thief."

"Why, grandma," cried her "fan" grandson, "what do you mean by that? Nobody in that team you were reading about is a thief."

"This one is," asserted grandmother, stoutly. "The paper says they caught him stealing bases, whatever they are."

Where the Sand Comes From.
Church—From the fact that the teeth in the skull of prehistoric man that have been found in Europe from time to time are much worn a French scientist has drawn the conclusion that they lived upon food much contaminated with sand.

Gotham—Sure, they must have had the same kind of grocer's sugar then that we get now.

Oh, Yes.
"Pop!"

"Yes, my son."

"This paper says a fool is born every minute."

"Yes, my boy."

"And does the stork bring them, too?"

WOULDN'T TELL.

Jiggon—They say old Koyns has untold wealth.

Wiggon—Yes; so the tax collector was telling me.

A MINISTER'S WIFE

Always Speaks a Good Word For Peruna. A Splendid Woman

Mrs. O. F. McHargue, 147 W. 9th St., Jacksonville, Florida, writes: "I had catarrh and throat trouble. Three bottles of Peruna cured me. As a minister's wife I come in contact with all classes of people, and shall always speak a good word for Peruna. I have given trial bottles to a few friends. Wishing you abundant success, I remain, yours truly."

UNDISTURBED BY THE CLAMOR
Sudden and Deafening Noise Had No Effect on Occupant of New York Park.

He was lost in dreamy contemplation of the busy thoroughfare with its hurrying throng, unmindful of the grime and stains that marked and matted his old-fashioned garments, when suddenly there resounded upon the air an ear-splitting roar, a terrific clangor, a stifled shriek from some frightened woman, a babel of voices and a rush of scurrying feet.

He stood transfixed, rooted to the spot, without power to move a muscle, an expression of unconscious agony upon his noble face. Breathlessly he waited, unmindful of the curious glances bestowed upon him, and the little newsboys crouching at his feet, his gaze fixed rigidly upon the spot from whence had arisen that cry of terror. The crowd parted, a heavy truck moved lumberingly aside and a Broadway surface car went on its way. Still he did not move, nor did the stern expression upon his bronzed features relax.

For he alone of all that crowd had nerves sufficiently hardened to withstand the terrifying clamor and confusion. He was the statue of Nathan Hale.—New York World.

Activities of Women.
Queen Eleanor of Bulgaria has served in two wars.

England and Wales have 94,841 women farm laborers.

Germany has more women than men by over eight hundred thousand.

Belgian women are learning to shoot with rifles.

In order to get at the true conditions first hand, Miss Elizabeth Watson engaged herself as a worker in the oyster canneries of the South, where she found the children stunted from overwork.

Thousands of women in France will be given employment during the war time through efforts of America amounting to \$50,000,000.

Lady Cook is endeavoring to raise an army of 150,000 English women, which she plans to drill and train to act as a home guard. She plans to have regiments of women wearing khaki uniforms, just like men.

Famous Canadian Statesman.
Sir George Etienne Cartier, an eminent Canadian statesman and a leader and member of several successive Dominion governments, was born 100 years ago in St. Antoine, lower Canada. He was a descendant of Jacques Cartier, the famous French navigator and explorer. Sir George was educated in St. Sulpice college and in 1835 began the practice of law in Montreal. His public career dated from 1848, in which year he was elected to parliament. A few years later he became leader of the French Canadian Conservative party. From 1858 to 1862 he was prime minister. He took a prominent part in the negotiations that led to the confederation of the several provinces in 1867, and under the Dominion government he became one of the foremost leaders of the Liberal party. His death occurred May 20, 1873.

Then He Knew How It Felt.
It was Mrs. Malloon's birthday and she felt a little disappointed that there was no gift beside her plate. It was the first time in 20 years that her husband had forgotten the occasion. Mr. Malloon smiled at her frankly.

"My dear," he said, "I have been so busy lately that I have not had time to buy you a birthday gift, but I'll give you the cow."

She thanked him graciously. "Daisy is a beautiful cow," she said.

Two months later Mr. Malloon's birthday came round. When he appeared at breakfast, his wife greeted him with a radiant smile. "My dear," she said, "I have been so busy lately sewing for the children that I haven't had time to make you a birthday gift; but I'll give you the cow."

The enterprising summer girl has so use for the young man who wastes his time kissing her hand.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Bleeding or Protruding Piles in 6 to 14 days. The first application eases and Rest. 50c.

Whenever You Need a General Tonic Take Grove's
The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

If a man worries about his debts it's a sign that he is honest; the dishonest man lets the other fellow worry.

Its Liberal Progress.
"What shape is the militant campaign in England taking?"

All for America.

Last year the United States imported knit goods to the amount of \$5,671,863 and this year will have to get along without the imported goods. It is now the fashion for women to "sacrifice" themselves for their countries, and what better sacrifice could American women make than cheerfully to wear American-made clothes during the next few years? Let every one declare for American goods.

Poorer Girls Grade High.
Records of the University of Wisconsin show that the average grade for young women working their way through college is higher than that of girls of the leisure class and whose expenses are paid for them.

Five tons of human hair was recently shipped in one lot from China to England to be used in the woolen industry.

Ireland employs 721,599 males in agriculture.

Woman's Press Club.

The Woman's National Press association is one of the oldest of the women's organizations in the country, having been in existence since 1882. It was organized in Washington long before the newspaper men had organized their National Press club and before the Gridiron club, so well known for its clever programs at annual meetings. The first president was Mrs. Emily Edson Briggs, the first woman journalist allowed admission to the press galleries of Washington.

Mrs. Mary S. Lockwood, the present president, is in her eighties, but is still a prolific writer. Mrs. Champ Clark, Miss Mabel Boardman, Mrs. Helva Lockwood and others as well known.

Appendicitis Insurance Higher.
The Lloyds of London have recently issued a form of insurance against appendicitis. The claims have become so numerous that they have found it necessary to double their premium.

Keep Down Uric Acid

Uric acid is a poison formed in the blood in the digestion of certain foods, especially meat. It is the cause of many of the most distressing diseases, such as rheumatism, gout, kidney stones, etc. It is a powerful irritant to the mucous membranes of the urinary tract, and attacks the kidneys, causing inflammation and ultimately leading to kidney disease. It is a powerful irritant to the mucous membranes of the urinary tract, and attacks the kidneys, causing inflammation and ultimately leading to kidney disease.

A TEXAS CASE
"My Picture Tells a Story"
Warrington, Texas, says: "I had a very bad case of rheumatism, and was unable to get about. I tried many remedies, but nothing did me any good. I then bought a box of Doan's Kidney Pills, and after taking a few boxes, I was able to get about, and my pain was entirely gone. I can now do all the work I wish to do, and I am very much pleased with the result. I would advise anyone suffering with rheumatism to try Doan's Kidney Pills, as they are the best remedy I have ever used."

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmacological societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: **First**—The indisputable evidence that it is harmless. **Second**—That it not only allays stomach pains and quiets the nerves, but assimilates the food: **Third**—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."
Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."
Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."
Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."
Dr. Wm. J. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and as from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."
Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."
Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my exception, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any parent who has raised a family, as I have, will join me in heartiest recommendation of Castoria."
