Carrot Harvest Underway

Carrots, 317 acres of them, are being harvested in the area and trucked to Hereford where they are processed by Griffin and Brand, one of the largest processing and broker plants in the world.

This 317 acres of Bailey County carrots can produce an average of 10 tons per acre for fresh consumption. This acreage shows a sizable increase

distributes seed at about four pounds per acre on 40 inch beds of six rows each.

Carrot crops are irrigated six or seven times during the estimated 120 day growing season and cultivated twice.

Cost per acre for production over last year's 24 acres grows here.

A "Plant Jr. Special" is used for planting carrots which

is estimated at between \$50, and \$60.

Cutworms are the only insect which bothers this crop and it is not affected by frost or light freeze.

Farmers producing carrots

Winter Driving Hazards Face Area Motorists

With winter right around the corner, or nearer, Highway Patrolman Freddie Jack reminds motorists of two major problems which are common to winter driving. They are reduced visibility and reduced traction.

"When both factors are present, a driver faces hazards unequalled under any other driving conditions. When visibility is reduced he needs better traction to compensate for delayed seeing, but he has less.

"When traction is reduced he needs to see hazards earlier to compensate for longer braking distances, but he sees them later.

"Added to the two above problems is another . . . speed on ice or snow-packed roads and highways.

"Controlling a car on ice or packed snow is mainly a problem of controlling velocity and acceleration, which can be either positive (increasing speed) or negative (decreasing speed), he added. The National Safety Council points out that a car's braking distance on ice can be reduced considerably by pumping the brakes so that they are alternately applied and completely released. On packed snow the technique recommended is to apply the brakes gently until you feel that the wheels are starting to slide and then release them slightly. If this procedure does not get results, you should start pumping action at once."

Before winter gets underway is the time for that safety check on your vehicle, Jack said.

Area United Fund Drive Nears End

The Muleshoe Area United Fund campaign has pushed to the 88 percent complete mark, according to John Shelton, campaign chairman.

Shelton said "We hope to complete the drive by November

19 and urge all workers to complete their work and turn in reports by that time."

The campaign reports are moving slower in rural areas where workers may be having more difficulty covering their territory.

However, Shelton stated that the drive in general was progressing nicely, and at about the same pace as last year's drive.

Dr. C. L. Kay

Noted Educator To Speak Here At High School

C. L. Kay, vice-president, Public Affairs, Lubbock Christian College, Lubbock will speak at the Muleshoe High School auditorium Monday at 10:30 a.m.

The student body will attend and the general public is invited to hear this outstanding speaker, according to Principal Tom Jinks.

Topic of his address will be "Americanism."

Dr. Kay was born in Beaverdale, Pa. and attended East Technical high school, Cleveland, Ohio. He received his diploma from Freed-Hardeman College, Henderson, Tenn.; a B. A. degree and M. A. degree from Eastern New Mexico University.

Additional graduate work was taken at the University of Colorado, Boulder; Texas Tech and Fee School of Political Economy Irvington-on-Hudson, N.Y.

Dr. Kay has held the positions of "Head of the Department of Religion" WTSU, Canyon; "Professor of History and Government," "Dean of Students," "Dean of Student Life" and the present position at Lubbock Christian College.

He has made over 250 addresses in 1965 alone to civic organizations, Parent-Teacher Associations, youth leagues, Chamber of Commerce, banquet and other organizations too numerous to list.

He holds honorary memberships of the Jaycees, Farmington, N. M.; the Optimist Club, Yuma, Ariz. and the Southwest Rotary Club, Lubbock. He is an affiliate member of the Texas Police Association and honorary member of the Texas South Plains and Eastern New Mexico Peace Officers Association and the Central West Texas Law Enforcement Association.

Mr. Kay was commissioned a Colonel, Aide-De-Camp by Jack Campbell Governor of New Mexico.

The educator was presented "The Golden Muleshoe" by the Muleshoe Chamber of Commerce for "remarkable work done for the cause of freedom" in the City of Muleshoe.

He was also the recipient of the "Liberty Bell Award" at the annual awards banquet of the Lubbock County Junior Bar Association for outstanding service rendered in the administration of justice and who has made an important contribution toward promotion of law and order and the American way of life."

Also Mr. Kay has received several National citations and is one of only four to receive a special citation presented him by former President Dwight D. Eisenhower. "For outstanding service to the Nation in propagation of the American Creed."

The faculty urges all residents to be in attendance and hear this outstanding educator.

CARROT HARVEST--Hand labor is being used to harvest the carrot crops in Bailey County. Here, some of them are shown on the Arvis Grogan farm. Machine will be brought in to complete the job if hand labor is not sufficient. (JOURNAL PHOTO)

Overseas Mail Airlifted Space Available Basis

Postmaster Spencer Beavers of Muleshoe today announced that henceforth all first class mail, personal sound recordings (voice letters) and parcels weighing 5 pounds or less and measuring not more than 60 inches in length and girth combined, will be airlifted on a space available basis between the United States and all military post offices overseas.

packages weighing more than 5 pounds going to Viet Nam and other overseas military post offices by surface means was November 10.

Milner Speaks At Lions Club

Approximately 50 members of the Lions Club and guests heard an informative talk at the regular meeting held Wednesday at the American Legion Hall.

Guest speaker was Larry Milner, Southwestern Public Service representative. He was accompanied here by Frank Lee, SWPS photographer.

Milner, working with the local board of MAIF for SWPS public relations staff praised Muleshoe as an industrial site. Basis for his statements were resources, labor transportation and resident attitude.

Milner stressed the importance of attitude of the people toward industry and said that good attitude did exist here.

While here, Lee made pictures of Miss Sherri Smith, daughter of Mr. and Mrs. Les Smith and Miss LaNell Lafon, daughter of Mr. and Mrs. Rufus Gilbreath. Both young ladies have won a number of beauty titles and were photographed at the Mule Memorial. Pictures of local churches and other scenes were taken to be considered for the MAIF brochure, also.

Awards Given Farmers Union Drive Workers

During the Awards Day Program on the final day of the Texas Farmers Union convention held last week in Mineral Wells, H. M. Baggerly, Tulsa, editor of the Tulsa Herald, was presented the Farmers Union

Also, under Public Law 89-725--the Dulski Military Mail Act--which was signed by President Johnson on November 2, 1966, as second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be airlifted from San Francisco to the armed forces serving in Viet Nam.

Postmaster Beavers explained that parcels weighing 5 pounds or less and not exceeding 60 inches in length and girth combined, paid at surface rates, will be moved by surface transportation within the United States from the points of departure to the port of embarkation.

To speed up separation and delivery of these smaller parcels falling within this category, Postmaster General Lawrence F. O'Brien directed that all parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airlift mail).

This will eliminate the task of reweighing and measuring the parcels at the San Francisco Concentration Center prior to dispatch to Viet Nam or other overseas military post offices.

Postmaster Spencer Beavers also reminded mailers that Christmas parcels weighing 5 pounds and under, though they are given airlift priority from San Francisco to Viet Nam on a space available basis, should be mailed no later than December 1. Airmail, he said, should be sent no later than December 10.

The deadline for Christmas

Mr. and Mrs. Don Harmon returned from Dallas Friday where they attended the funeral of Mrs. Harmon's aunt.

Mr. and Mrs. Lloyd Waynick of Midland were house guest of the E. T. Fords this past week for several days.

The couples went sandhill crane hunting. E. T. got one Wednesday morning and one Thursday.

Mrs. Addie Mae Spence and Mrs. F. S. Rogers, special education teachers, are attending a workshop in Electra.

B. R. Putnam, Muleshoe, recently purchased an Aberdeen Angus bull from W.F. Crismon, Bentonville, Ark.

all members of the Fine Arts Department and the Fine Arts Boosters.

Harvey Bass, chairman of the Business Activities Committee, said much work is going into this Jamboree and urges everyone to turn out and show their appreciation to those participating and their sponsors, Kerry Moore and Arvilla Haberer.

Friday was homecoming for Muleshoe and Marsha Blackman, daughter of Mr. and Mrs. Buddy Blackman was crowned Football Homecoming queen during half-time activities. She was escorted and crowned by Micky Wilson.

In the queen's court were Ann Phelps escorted by Ranson Jones and Gail Locker, escorted by Terry Kendall.

The Canyon Eagles came to Muleshoe and edged the Mules 8-0 in a tough defensive battle before a large homecoming crowd in Benny Douglas Stadium.

Canyon's only score came when Joe Moore ran over from the one yard line with only 20 seconds left in the halftime.

The defensive battle started from the first kick-off of the ball game. As the first quarter ended, the Mules had made one first down, handling the ball for seven plays penetrated to

Muleshoe Yule Plans Progress: Tree to Arrive

Arrangements have been made to go to Cloudcroft Wednesday to bring back a 30-foot Christmas tree for the holiday season. T. L. Timmins is supplying a truck and driver to go after the evergreen. Timmons, Littlefield, is owner of State Line Irrigation and former Muleshoe resident.

Several others have given their time, material and equipment in putting down a permanent hole for the Christmas tree stand.

The hole was drilled last Tuesday morning on the site with Southwestern Public Service furnishing the digger and operator, Floyd Armstead. The city of Muleshoe had an employee, Ramon Ramirez, assisting with the drilling. Concrete was supplied by Ready-Mix Concrete and their crew and Gene Lowe, Lowe Pump Company, furnished the metal casing for the hole. Roy Wrinkle, Wrinkle Welding is making a cap for the hole to be placed when the tree is taken down after the holidays.

The Electric Coop in Cloudcroft is going to supply a truck and men to load the tree there and Bailey County Electric will supply unloading equipment here.

around muleshoe with the journal staff

John Shelton announced that a community-wide decorating party will be held and those wishing to help decorate the tree will be welcome. This is the largest tree ever planned for the holidays here.

Members of the Rotary Club and the Rotary-Anns will meet Monday, 7 p.m. in the building north of Lane Furniture to paint coffee cans which will be used as a part of the decorations.

Plans are for the Yule season lights to go on Friday, Nov. 25, following Thanksgiving. Ceremonies will be held with Mayor Wilbur LeVeque turning on the downtown lights and tree lights.

The annual Yule parade is slated for December 3 with the deadline for float entries Nov. 24. Organizations wishing to enter a float are urged to contact the Muleshoe Chamber of Commerce or co-chairwomen Mrs. Truman Lindsey or Mrs. J. Lewis Morris.

Kerry Moore announces that plans for the Dec. 17 Christmas Jamboree are well underway. An outstanding program is being prepared by members of the Muleshoe Fine Arts Department. Advance tickets for the Jamboree will be sold by

Miss Marsha Blackman Crowned Homecoming Queen

Canyon Eagles Defeats Mules in Final Minute

Friday was homecoming for Muleshoe and Marsha Blackman, daughter of Mr. and Mrs. Buddy Blackman was crowned Football Homecoming queen during half-time activities. She was escorted and crowned by Micky Wilson.

In the queen's court were Ann Phelps escorted by Ranson Jones and Gail Locker, escorted by Terry Kendall.

The Canyon Eagles came to Muleshoe and edged the Mules 8-0 in a tough defensive battle before a large homecoming crowd in Benny Douglas Stadium.

Canyon's only score came when Joe Moore ran over from the one yard line with only 20 seconds left in the halftime.

The defensive battle started from the first kick-off of the ball game. As the first quarter ended, the Mules had made one first down, handling the ball for seven plays penetrated to

the Canyon 49 yard line.

The Eagles made three first downs and moved to the Muleshoe 24 yard line before being stopped.

In the second quarter, starting a drive on the Eagle 43 yard line and with the aid of four first downs Canyon moved to the Muleshoe 6 yard line before being stopped. Canyon then tried a field goal which was too wide.

As the half ended, Canyon had worked their way back to the Mules one yard line and the half ended with the scoreboard reading 0-0.

The Mules, taking the kick-off on their 15 yard line worked their way to the Canyon 28 yard line before having a pass being intercepted by the Eagles.

For the rest of the third quarter and 10 minutes of the fourth quarter the Mules swept the

Success Stories for Merchants, Farmers

"No better testimonial for newspaper advertising exists than the record of the world's largest retailers, Sears & Roebuck and S. S. Kresge, two of the fastest-growing retail chains in the world," reports Texas Press Association bulletin of November 2, 1966.

The same fast-expanding, big newspaper advertising Abilene-originated Gibson chain is a Texas example of another large growing retailer.

Sears says its 1966 investment in newspaper advertising will run \$130,000,000, TPA states.

Kresge will put 98% of their ad budget (about \$15,000,000) in local newspapers. W. E. Sturges, Kresge executive, says "In our opinion there is no better advertising buy in the nation today than local newspapers. With newspapers and newspaper advertising space, we would not be able to acquire the public on a ... (regular) basis with quality and price of our wares. As you well know, there has never been a more efficient way of getting an advertising message to the public than through newspaper ads."

The TPA report also notes that "merchants and newspapers in farm areas can take heart in current predictions that farming soon will become a booming, more profitable operation. Food shortages and price wars are causing big changes in national and company policies, one is that farmers will be encouraged to grow more and will be paid more for it."

(The Journal would like to hear more details of this from area farm leaders and economists.)

As for communities in such "booming farm areas" - such as the Muleshoe area, remember that a booming economy of any sort means growth and prosperity to all of the surrounding area. If that community, its leaders, its merchants and its press, keep on their toes and add to the progress.

Guest Editorial

New Man, Bold Plan

Texas Tech's new president, Dr. Grover E. Murray, brings to his office an exciting plan to expand the usefulness of that growing institution. This is the development of its International Center for Arid and Semiarid Land Studies.

Surrounded by cotton and grain farms that prove man can conquer his environment, Texas Tech is a logical location for this research. The same vision and spirit that developed storm-proof cottons, hybrid sorghams, adapted mechanical harvesters, new irrigation methods and other means of making the High Plains productive can do much more to overcome aridity in the future.

As Gov. John Connally and others at the inauguration emphasized, challenges face scientists throughout the West. Salt cedars sap soil water. Up to 35,000 playas, part-time lakes that dot the Plains, waste their water by evaporation while nearby walls are pumping dry the expendable underground sources that now irrigate some 5 million acres above the Cap Rock.

Legal, economic and sociological questions revolve around the West's water. Every man and industry gained adds to the problem. As Rep. Jim Wright of Fort Worth has written, "We have been growing too rapidly to keep pace in the development of our resources and too preoccupied with growth to think enough about conservation."

Led by Dr. Murray, Texas Tech has embarked upon a largely unexplored course that is filled with opportunity. As it trains young people, which is its primary goal, it can also contribute greatly through research to improve their environment.

--- Dallas News ---

Hi-Plains Happenings

An excellent corn harvest from some 2000 acres of Moore irrigated farm land is stirring talk and interest in a seed corn crop on the North Plains for next fall. Cause of the new agricultural interest is a yield of about 130 bushels per acre.

The acreage was planted on three farms here last May by the Arvel Perky farm by Wayne and Harold Clark, on the Jerry Sturgess place and on the I. H. "Jumbo" Stewart farm.

"All three are getting about the same yields on the excellent crop," says Darrell Reynolds, manager of the DeKalb agricultural association seed plant here.

He indicates that the results of the plantings and harvest may be a seed corn acreage to Moore county next year. "However, we are still in the planning stages even though a good possibility exists for some production," he declared.

---The North Plains Press

Frontier Textile abandons efforts for mill, but looks to other industry encountered and will relieve prospective investors of their pledges.

A meeting that started in pessimism and ended with an uplifting note of optimism was held here Monday night, in a called meeting at the Chamber of Commerce office, officers of Frontier Textiles voted to cancel pledges made to the organization and to stop work on a six-month effort to locate a cotton spinning mill in Choctaw County.

---The Morton Tribune

Moore voters are showing a marked lack of interest in two major issues in next Tuesday's general election voting that, if in an election by themselves would ordinarily draw strong interest.

The two issues are (1) a proposal to vote bonds for \$180,000 to update the Moore county courthouse, and (2) a proposal to authorize the assessment of up to 15 cents per \$100 on valuation in a special road tax, to provide added county income.

---Moore County News

Dillie Kelley, business manager of Hereford Public Schools resigned late Friday afternoon. Board members accepted his resignation Saturday morning at a called breakfast meeting. Kelley is accepting a position as business manager of Southwest Cooperative Educational Laboratory, Albuquerque, and asked to be relieved of responsibility November 4.

Roy Hartman and Bill Phillips will fill in until permanent arrangements are made for a replacement.

Kelley's letter stated that he would have a higher salary. Kelley was presently receiving \$12,000 a year. Also, he said that he would have fewer responsibilities and shorter hours.

---The Sunday Brand

At a special meeting of the Hockley County Commissioners Court Monday an order was passed to organize a Civil Defense organization in Hockley County.

For the Civil Defense organization to now be completed it is necessary for the City of Levelland to pass such an order. Since the city has already agreed to cooperate with the county, it is thought that the order will be passed.

Located in Levelland, at the Joe Beesinger home is one of the most complete short wave radio setups to be found anywhere in the State of Texas. This station was set up for civil defense use, and will be used for that purpose. As we understand it, it is tuned both to the Citizens Band radios as well as the police and county radios, and can receive and send messages at anytime during the day or night.

---The Hockley County Herald

Remember Me?

Remember me?
I'm the fellow who goes into a restaurant, sits down, and patiently waits while the waitresses do everything but take my order.

I'm the fellow who goes into a department store and stands quietly while the sales clerks finish their chit-chats.

I'm the fellow who drives into a gasoline service station and never blows his horn, but waits patiently while the attendant finishes reading his comic book.

I'm the fellow who listens wondrously how the business-owner is "just too busy-business is so good as it is", to expand services or facilities.

I'm the fellow who takes my out-of-town friend in a local gift shop where he picks out a gift for his neighbor back home, and we find the establishment reticent in even accepting my friend's check (with my indorsement) for amount of the purchase.

Yes, you might say I'm a good guy, but do you know who else I am?

I'm the fellow who never comes back!

And it amuses me to see businesses spending thousands of dollars every year to get me back into their stores, when I was there in the first place.

And you overlooked two inexpensive items--just a little service and a little courtesy.

--- from the Olton Enterprise

(Journals note: The above editorial carries an interesting public relations note to all communities and businesses. However, we want to tell this more positive story, we do take our friends from out-of-town "sightseeing" in Muleshoe. A local tank not only cashed his personal, out-of-town check, but gave him a souvenir pea, candy for his kiddies and Muleshoe matches. Our friends were most impressed by the hospitality, as well as seeing themselves on drive-in television.

for that friendly, courteous, personalized interest, and service - it is the one thing we can all do to make Muleshoe the most-friendliest, prosperous and best-place-to-shop town in this part of West Texas!)

Dear Editor:

Dear Citizens of Bailey Co.:
I want to humbly thank all the thousands of Panhandle residents who contributed so much to this victorious effort, both with money and with hundreds of hours of volunteer work. With your help it would not have been possible to carry our message to the thirty counties in the district.

I want to thank all those who agreed with our views enough and cared enough about our country to vote for what they believe. As I have stated many times during this campaign I owe allegiance to no one but the people of the Panhandle. Also, I want to represent all the people of the 18th District. My doors will always be open to every citizen of the district, state or nation who care to discuss our common problems or any special problem.

I urgently solicit the advice and counsel of everyone in the district on legislation which may come before the House of Representatives.

Once again, my most heartfelt gratitude to the voters of the 18th District for giving me this opportunity to serve you and the nation.

Sincerely Yours,
(s) Bob Price

IT TAKES TWO . . . YOUR CHAMBER AND YOU

by Charles Lewis, Pres.

You are a part of Muleshoe. The Chamber is devoted to the general welfare of our people. It works for the perpetuation of private enterprise. It encourages the beautification of our surroundings, both physical and cultural. Improvement in all functions of our government are encouraged by the Chamber of Commerce. Of course, expansion of commerce and industry are items of high priority. These efforts are highways toward a better future for our community.

Directly or indirectly, through projects ranging from Clean-Up, Fix-Up, and Paint-Up campaigns, to Christmas Lighting, or working for a Junior College, it affects your life and that of every Muleshoe citizen. These things occur many times in ways you never hear or know about; they seem to just happen. The Chamber is truly American, thoroughly and dynamically democratic. To obtain its objectives the chamber channels the work load through staff and committees; the latter surveying and investigating conditions, making recommendations to the Officers and Board of Directors, who in turn take action. No person, no firm, no small group can do all these things.

This is where YOU come in. The Chamber, with its 200 plus members, represents a cross section of area opinion. With this avenue of communication it becomes your most widely heard spokesman. It is the living expression of our ambitions and our hopes for the Muleshoe Area. Its power lies not in a few people, but in many. The larger the membership the wider the representation for the area. The member needs your voice to increase its ability to take comprehensive and intelligent action on matters involving our future.

The chamber is YOU. Many people reap great benefits from the work of the Chamber.

This planned community action for organized growth is not free. It must be paid for in time, energy and money. By joining the Chamber you can help the Greater Muleshoe Area. Whatever helps the Greater Muleshoe Area will probably help you.

As long as there is a difference between what can be done and what is being done, there is a need for YOUR HELP AND SUPPORT . . . IT TAKES TWO . . . YOUR CHAMBER AND YOU.

Seven check rides and Private pilots license were issued by Morgan Locker here last week.

The recipients of these were Jimmy Owens, Hereford; Melvin Edwards, Friona; Lucien Greenfield, Plainview; Aubrey Russell and Marsha LeGard, Seminole; Robert Beaulieu, Clovis and Walter Hopkins, Levelland.

Commercial ratings were issued to Guy Smith and Don Schacht, Plainview and Jimmy Barker, Littlefield.

Barker completed his training here under the instruction of David Ellis, a Muleshoe Flying Service flight instructor.

Also a local flight was made by Ellis taking Sam Hopper over the Wildlife Game Refuge looking for missing cattle.

Prices paid farmers for cottonseed ranged from \$60 to \$70 per ton.

Miconaire, Grade Lower in South Plains Cotton

Cotton classed during the week ending Friday at the Lubbock Classing Office of the USDA was considerably lower in grade and micronaire than during the previous week, according to W. K. Palmer, in charge of the Lubbock Office.

Miconaire is much lower this year than at this time in 1965. Only 57 per cent of the cotton classed last week was in the desirable category of 3.5 and better compared to 81 per cent during the corresponding week last year.

Twelve per cent of the cotton was in the micronaire range of 3.3 to 3.4, 18 per cent was 3.0 to 3.2, 10 per cent was 2.7 to 2.9 and 3 per cent was in the 2.5 and below, or Wasty category. This means that 43 per cent of all cotton classed at Lubbock last week had micronaire which carried a discount.

Grades of the cotton classed at the Lubbock Office were also lower than the previous week. Middling made up 10 per cent of the total classed at Lubbock last week, Strict Low Middling 13 per cent, Middling Light Spotted 40 per cent, Strict Low Middling Light Spotted 17 per cent and Middling Spotted 10 per cent.

Average staple length improved slightly but continued to average 15/16 of an inch. Eighty-three per cent of the cotton classed at the Lubbock Classing Office last week was 15/16 of an inch and longer compared to 72 per cent the previous week.

The USDA Cotton Classing Offices at Lubbock, Brownfield and Lamesa classed approximately 31,000 samples during the week ending Friday, November 4th. This brought the total classed at the three offices this season to 44,000. Through November 4th last year 100,000 samples of the 1965 crop had been classed.

The Consumer and Marketing Service of the USDA reported increased trading in the new crop cotton with prices steady. Average prices for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Strict Low Middling 29/32 - 18.00, Strict Low Middling 15/16 - 18.50, Strict Low Middling 13/32 - 18.90, Middling Light Spotted 29/32 - 18.20, Middling Light Spotted 15/16 - 18.65, Middling Light Spotted 31/32 - 19.15, Strict Low Middling Light Spotted 29/32 - 17.15, Strict Low Middling Light Spotted 15/16 - 17.65, and Strict Low Middling Light Spotted 31/32 - 18.05.

Prices paid farmers for cottonseed ranged from \$60 to \$70 per ton.

issued to Guy Smith and Don Schacht, Plainview and Jimmy Barker, Littlefield.

Barker completed his training here under the instruction of David Ellis, a Muleshoe Flying Service flight instructor.

Also a local flight was made by Ellis taking Sam Hopper over the Wildlife Game Refuge looking for missing cattle.

WELCOME TO MULESHOE

Brenda Westerfield

We extend a friendly welcome to Brenda Westerfield, newcomer to Muleshoe. Brenda is a beautician at Main Street Beauty Salon and moved from Los Alamos. She is living with her grandparents, Mr. & Mrs. C.F. Couch, 10 miles N E of Muleshoe. Brenda is a graduate of Truman's Beauty School, Waco and was formerly employed at Joyce Dunn's Beauty Shop, Waco. She attends the Church of Christ. The following firms extend a cordial welcome to Brenda:

Highway Patrol Investigates Rural Accidents

The Texas Highway Patrol investigated 10 accidents on rural highways in Bailey County during the month of October, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in 5 persons injured, and an estimated property damage of \$7,300.00.

The rural accident summary for this county during the first ten months of 1966, shows a total of 53 accidents resulting in 3 persons killed, 44 persons injured, and an estimated property damage of \$55,095.00.

Get the jump on the winter months by having your vehicle safety inspected by an authorized garage to assure its safe mechanical performance. Then have your car "winterized" by checking the following items:

Schedule of Events

MONDAY
8 a.m. Safety Meeting in the community room of the Bailey County Electric.
6 p.m. Telephone Board meeting in the community room of the Bailey County Electric Co-op.
Noon Jaycees meet at Paul's Restaurant.
Noon County Commissioners Court meets.
2:30 p.m. City Council meeting.
7:30 Wesleyan Service Guild meets in the home of Mrs. Maurine Ivy.
7:30 p.m. Rotary and Rotary Ann's meet north of Lanes to paint cans.

TUESDAY
Noon Rotary meets in the fellowship hall of the First Methodist Church.
10 a.m. Tuesday bridge club meets in the community room of the Bailey County Electric Co-op.
2:30 p.m. Progress H.D. club meets.
7:30 p.m. Muleshoe 4-H Club meets.
8 p.m. Rebekahs meet in Oddfellows Hall.

WEDNESDAY
Noon Lions meet at the American Legion Hall.
ALL DAY ESA bake sale at Piggly Wiggly, Cashway and Wagons Grocery stores.
2:30 p.m. Needmore Community Club meets in the Needmore Community building.

THURSDAY
Noon Members of the Muleshoe Study Club have a Thanksgiving luncheon at the home of Mrs. H. W. Carpenter.
7:30 ACC Associates meet in the community room of the Muleshoe State Bank Building.
7:30 p.m. TOPS meet in the community room of the Bailey County Electric Co-op building.

Presbyterian Church Study Course Set

A 12 week study course, "What Presbyterians Believe," will begin Sunday evening at 7:00 p.m. at the First Presbyterian Church on the Morton highway. The public is invited to attend any or all sessions. The 12 study sessions will deal with these topics: "Our Heritage as Presbyterians," "Our Rule of Faith and Life," "Our Sovereign God," "Our Trinitarian God," "Our Need of God's Redemption," "Our Means of Salvation," "Our Experience of Salvation," "Our Fellowship in the Church," "Our Means of Spiritual Growth," "Our Task in the Home," "Our Task in Society," and "Our Expectation of Future Life".

anti-freeze in radiator, battery, engine tune-up, brakes, exhaust system, tires, windshield wipers, lights, turn signals, horn and defrosters. For an extra measure be sure you have ice scrapers, snow tires or tire chains.

The Sergeant stated, "Today's inspection is tomorrow's protection."

Pep Thanksgiving Festivities Set

Preparations are being made for the 21st annual Pep community Thanksgiving festival. The event is scheduled for November 24 in the Pep Community Hall.

This event has been well-attended by area people for many years and the hosts are preparing the same famous Pep sausage and turkey with all the trimmings again this year.

The menu will also consist of home made bread and other special dishes. The meal will be served from 11 a.m. to 2 p.m. and again from 5 p.m. to 7:30 p.m.

Charges will be \$1.75 for adults and \$1 for children.

Carnival attractions throughout the day include a Fish Pond, Country Store, Fancy Booth, Grab bag and others.

A cotton and general auction will begin at 6:45 p.m. followed by a dance at 9 p.m. A western band will provide music.

The event will be sponsored by St. Phillips Church.

Yule..

Continued from p. 1
Other than members of the local Fine Arts Departments, talent from Earth and surrounding areas will be featured on this program.

During the show, around \$3,000 worth of merchandise will be given away.

Anyone who would be willing to lend a truck to haul in the Christmas tree may contact John Shelton at Muleshoe State Bank, Harvey Bass, Harvey Bass Appliance or Bob Janca, Chamber of Commerce.

Football...

Continued from p. 1
ball seven times with the Eagles in a tough fought defensive battle.

With two minutes left on the clock Canyon took the ball on the Canyon 43 yard line and four consecutive passes later had moved to the Muleshoe three yard line. A penalty moved it to the two yard line and a power play could make only one yard where Moore ran over for the T. D.

Quarterback Sherman Smith tossed a pass to Jack Swartzell for two extra points with only 20 seconds left in the ballgame.

Bobby Julian took the kickoff on 20 yard line and returned it to the 40 yard line where the Mules throwing three incomplete passes before time ran out.

What's the gimmick?

Simple. It's the off-season. Now through May 15th, you can save up to 20% (sometimes even more) on round-trip rail fare.

First class or coach, either way it's a travel bargain. And not just on special days, but any day of the week. Your return ticket is good for 30 days—on any Santa Fe train. There's no tax on Santa Fe tickets.

So you see, there's really no gimmick. Just savings. This time, why not take a vacation on the way? Travel Santa Fe. And save. Ask your local Santa Fe agent for full details on Bargain Fares—and other Santa Fe travel bargains.

Pros and Cons of Cotton Legislation to be Presented

Cotton producers in this section of Texas have a special invitation to attend an educational meeting dealing with the 1966 Cotton Research and Promotion Act.

County Agricultural Agent J. K. Adams said the meeting would be held on November 15, beginning at 2 p.m., in the Plains Co-op Oil Mill Boardroom.

Adams added that a team of specialists from the headquarters staff of the Texas Agricultural Extension Service, Texas A & M University, would be on hand to explain in detail and answer questions on all phases of the legislation. He emphasized the meeting would be strictly educational and both pros and cons, as established from four regional hearings and the legislation itself, would be discussed.

Because of the importance of the legislation and the possible effects upon cotton production, Adams said he was hopeful that cotton growers would attend the meeting in large numbers.

The continuing decline in domestic and foreign markets for U. S. cotton has resulted in the largest cotton carryover on record—16.5 million bales

Reaves Service Held in Denton

Funeral services for Oran Granville Reaves, 59, were held Sunday in the Pearl Street Church of Christ, Denton.

Interment was in Resthaven Memorial Park at Denton. Officiating was Ken Dye, assisted by Barron Willis, Morton.

Reaves was a retired farmer and a resident of Bailey County for 18 years, moving here from Crosby County. He had lived in Denton since September.

He is survived by his wife, one daughter, Sheila, of the home; two sons, George and Oran, Jr., Denton; his mother Mrs. Nellie Reaves, Ballyview and one brother, Wesley, Baldwin Park, Calif.

Pallbearers were Hugh Yeates, Foy Lewis, Ted Simpson, Verlis Walls, Buck Ragsdale and Jim Simpson all of Muleshoe.

Sgt. Robertson In Okinawa

NAHA, Okinawa -- Technical Sergeant Lester E. Robertson, whose parents are Mr. and Mrs. John W. Wolawa of 209 McCord St., Murphysboro, Ill., has arrived for duty at Naha AB, Okinawa.

Sergeant Robertson, a jet engine technician, previously served at Homestead AFB, Fla. He is assigned to the Pacific Air Force, the nation's combat ready air arm guarding the 10,000-mile Bamboo Curtain.

The sergeant is a veteran of the Korean War. Sergeant Robertson attended Shawnee High School, Wolf Lake, Ill., and completed requirements for his diploma after entering the Air Force.

His wife, Herva, is the daughter of Mrs. Carrie Huff of Maple.

on August 1.
Concern over this situation was a primary consideration in the passage by the U. S. Congress of the 1966 Cotton Research and Promotion Act. Stated purpose of the Act is: "To enable cotton growers to establish, finance, and carry out a coordinated program of research and promotion to improve the competitive position of, and to expand markets for, cotton."
The area meeting is being held for the purpose of presenting information of assistance to cotton producers in making

Notice to Journal Subscribers

Subscribers of both the Muleshoe Journal and Bailey County Journal who miss a paper are urged to contact their delivery boy or Muleshoe Publishing Co. their decision on whether or not to accept the program.

Because of the importance of the legislation and possible resulting programs, the county is urging area cotton producers to attend the Nov. 15 meeting.

as soon as they miss an issue. Mrs. Joanna Green, New Journals circulation department head, asked that persons who subscribe by mail write or telephone the circulation department, Box 449, Muleshoe, or phone the office 272-4536.

City delivery subscribers should contact their own delivery carrier by telephone as soon as the paper is missed or have any suggestions or complaints for better delivery.

Persons living in Country Club addition who would like to have carrier boy delivery by subscription to The Journals are asked to contact Kenneth Jones, phone 3549. If there are enough subscribers interested Kenneth will be home-carrier route boy for this area for both papers are \$5.00 per year or 55 cents per month, paid in advance.

Diana Martinez, Mike Caberera United in Tucumcari Ceremony

Miss Diana Martinez and Mike Caberera were united in marriage in a quiet ceremony in Tucumcari, N.M., Saturday, Oct. 29.

The bride is the daughter of John Martinez and the late Mrs. Martinez, Canyon. Parents of the bridegroom are Mr. and Mrs. George Caberera, Muleshoe.

Mrs. Caberera is a 1965 graduate of Canyon High School.

and will enroll at West Texas State University for the second semester.

Caberera is a 1962 Muleshoe High School graduate and is a junior student at West Texas State University where he is also captain of ROTC. The couple will make their home in Canyon while attending WTSU.

Amherst Members Present Program

The Epsilon Delta Chapter of the Delta Kappa Gamma Society met in the home of Mrs. A. D. Ward, Littlefield, Saturday, the members of the Executive Board met preceding the meeting.

Mrs. E. W. Johnson presided during the business session in which Mrs. Rita Traugot, Littlefield and Mrs. Hattie Boling, Muleshoe transfers, were voted into the chapter. "Profiles of Creativity"

Society News

Pat Johnson—Society Editor
Phone 272-4536

were presented by the Amherst members. Mrs. Joyce Hedges gave a character sketch of Dr. Oppenheimer, the scientist and Mrs. Ed Blessing gave interesting facts concerning time working with the migrant workers at the Hereford Labor Camp.

Mrs. Monaray Cummings gave the profile of Walt Disney, a creative person. Mrs. Elizabeth Ayres led the group in singing "America the Beautiful".

The Thanksgiving motif was arranged at the tea table and in room decorations. Spiced tea, sandwiches, mints and cookies were served the Littlefield hostesses.

Muleshoe members attending were Mrs. Jack Beddingfield, Mrs. Hattie Boling, Mrs. Joe Costen, Mrs. E. W. Johnson, Mrs. Jack Obenhaus, and Mrs. Wilson Witherspoon. The Olton members will be hostesses for the Christmas dinner Dec. 3.

Inez Baucum Speaks to Llano Estacado

Miss Inez Baucum, social worker ACSW from Lubbock Children's Home brought a program of Child Development at the Tuesday meeting of the Llano Estacado Civic Club. The club met in the home of Skeet Bliss at 8 p.m. Miss Baucum's talk was a special message to the young mothers of the club. The president of the club introduced the speaker and presided over the business part of the meeting.

The club decided to have its Christmas party at the Muleshoe Country Club Dec. 13 for dinner.

Attending the meeting were Skeet Bliss, Sue Bressire, Dyanne Crooks, Darlene Henry, Nelda Hunt, Diana Jack, Pat King, Polly Oliver, Marilyn Parker, Alva Lee Peeler, Clara Sudduth, Janelle Turner, Saady Turner, Mary Watkins, Jaquita White, Sharon Wolfington, Vickie Young and the hostesses, Skeet Bliss and the co-hostess, Jo Harmon.

Next meeting for the club will be the Christmas party.

Mrs. W. H. Elrod gave a talk on "Education for Living" and brought out the 10 major needs on education. Mrs. Less Bruns spoke on "What is Education and How Are We Meeting It?"

An invitation was read by the president to the High Plains Training Center for Retarded Children in Plainview to be held Nov. 13. Several members plan to attend.

Discussion was held on the Thanksgiving dinner to be held in the home of Mrs. H. W. Carpenter. Mrs. Mervia Wilterding is the chairman of the food committee. Helping her on the committee will be Mrs. R. F. Wright, Doyle Turner, and Mrs. W. H. Elrod.

Motion was made and carried to put a book in the library in memory of George Crane.

Present for the meeting were Mrs. John Agee, Mrs. J. G. Arns, Mrs. Wright, Mrs. Gilbreath, Mrs. Bruns, Mrs. Farley, Mrs. Wilterding, Mrs. Turner, Mrs. Jennings, Mrs. Elrod, Mrs. S. L. Benefield, Mrs. Joe Costen, Mrs. Cole and Mrs. R. O. Gregory.

Next meeting will be Nov. 17 when the club will give its Thanksgiving dinner.

Roselyn Janca Is Honored On Birthday

Roselyn Janca was honored on her 8th birthday Thursday afternoon in her home.

Traditional games of pin the tail on the donkey, jump the rope, relay games and others were enjoyed by the honoree and guests.

Birthday cake decorated in blue and white, the honoree's chosen colors and ice cream and cakes were served to the honoree, Donna and Chris Janca, Laura Bean, Susan Puckett, Gwen and Denise Reeder and Cheryl Johnson.

Prizes were given for winners in games and party favors and balloons to those attending.

Roselyn is the daughter of the Bob Jancas.

Homemakers Class Make Plans For Christmas
Members of the Homemakers Class of the Trinity Baptist Church met at the Church Thursday night for their regular meeting.

The members discussed and decided to help the church prepare a box to send the soldier boys in Vietnam.

Also the Christmas party was discussed. Plans were set for Dec. 8 in the home of June Vinson.

Those attending were June Vinson, Helen Wright, Peggy Dodd, Johnnie Parker and Lela King. Johnnie Parker served refreshments to those attending.

Vera Engelking New President

Vera Engelking was elected president of the Progressive Homes Club at their meeting Thursday afternoon. Others elected were Lula Embry, vice-president; Muriel Lewis, secretary; and Lois Norwood, treasurer.

The club met in the home of Lula Embry in the YL Community at 2:30 p.m.

Final plans were made for the club's Thanksgiving supper to be held in the Fellowship Hall at the YL Methodist Church. The time is set for 6 p.m. Turkey, dressing and all the trimmings will be served members and their husbands, at the Nov. 21 supper. Members have been notified what to bring for the supper.

Vera Engelking drew the hostesses' gift and refreshments were served by the hostess, Mrs. Embry.

Next meeting will be the Christmas party, with Vera Engelking as hostess at a date to be set later. Members are to bring an exchange gift and also gifts for their secret pals. Gifts should not exceed \$1.

The pre-teen's moccasins casts a new idea with the fuller rounded toe. Some feature heavy use of brass hardware, perforations, tassels, and kilties.

Boots are favorites of the girls. They like all lengths and styles, in the classroom or for sports, brushed leather boots with zipper closings and leather trim are seen. Dressboots of suede, smooth, or patent leathers are accented with scallops bows, lace and braid.

Mr. and Mrs. James Richard Fowler ... the former Alice Marie Holmes

Alice Holmes, James Fowler Are United

Alice Marie Holmes, daughter of Mr. and Mrs. J. W. Holmes, Muleshoe, and James Richard Fowler, San Francisco, Calif., son of Mr. and Mrs. James E. Fowler, Muleshoe, were united in marriage in the First Methodist Church here Nov. 9 at 11:30 a.m. with the pastor of the church, the Rev. J. Frank Peery officiating.

Wilms Siguinaldo, Muleshoe, served the bride as maid of honor at the single ring event.

Ricky Fletcher, Farwell, was best man.

The bride chose a red dress

and added a white corsage. The maid of honor chose a navy blue dress with a white corsage.

Following the ceremony, the couple went to Lubbock for a wedding trip.

The bride and groom attended Muleshoe High School.

For white leftover? Use them to make a pie meringue extra high and handsome.

Mrs. J.J. Brackman reveals favorite recipe

Fresh Apple Cake is Mrs. Brackman's Favorite

Mrs. J.J. Brackman agrees with the Maleshoe women that it is time to be thinking about "goodies" for the Christmas season. Although this recipe does not consist of what one would call "rich foods", it is good and especially this time of the year when fresh apples are plentiful. Mrs. Brackman is employed at the City Hall and is Sunbeam director at the First Baptist Church, she also sings in the church choir. Mrs. Brackman who lives at 719 W. Ave. has two children, a son, Jerry who lives near Fort Worth and a daughter, Jewellene Scoggin who attends Maleshoe High School. Mrs. Brackman's hobbies are

sewing and raising flowers. Following is her recipe for fresh apple cake:
 Beat-3 eggs till light
 Add-2 cups sugar gradually and beat until fluffy
 1-1/4 cup mixola oil
 3-cups flour, sifted
 1-teaspoon soda
 1/4-teaspoon salt
 1-teaspoon cinnamon
 Beat at medium speed for 2 minutes and fold in 3 cups apples, peeled and chopped.
 Add 1-1/2 cups pecans
 1-cup raisins-optional
 2-teaspoons vanilla
 Bake in greased and floured tube or loaf pan for 1-1/2 hours at 325 degrees.

Wanda Maxwell, Glen Testerman Exchange Vows

Wanda Vernell Maxwell and Leonard Glen Testerman exchanged wedding vows in the home of the bride's grandparents, Mr. and Mrs. Martin Maxwell in Sudan, Oct. 14 at 2 p.m. Willard Cox, minister of the Church of Christ, officiated before a setting of tiers of white swirl candles accented with large blue bows. Traditional wedding music was provided and also "I Love You Truly". "The Wedding

March" and "Because". The bride chose a white velvet street-length dress featuring a v-neckline and fashioned with a princess waistline. Carrying out tradition she carried a handkerchief of her grandmothers for something old, a blue garret, and borrowed her veil of tulle with a crown of crystal. She carried a bouquet of white fringed carnations centered with a white orchid. Mrs. Lyn Drum was her sis-

Cora Paine Fred Kepley Exchange Vows

Cora Paine and Fred Kepley, residents of Bovina were united in marriage at 6:15 p.m. Friday. Gene Snodgrass, Bovina, read the marriage ceremony. Mrs. Kepley has lived in Bovina and her husband in the Oklahoma Land community for many years. They will make their home near the Oklahoma Lane community.

Herb Potter Speaks to Homemakers

Herb Potter, representative of the Southwestern Public Service, showed slides an indoor and outdoor house lighting for Christmas at the Sudan Young Homemakers meeting Monday. The club met in the Sudan Home Economics Cottage at 7:30 p.m. He also gave tips on safety in order to make an accident free Christmas.

The club decided to sell candy and pecans for a fund raising project. Anyone wishing to order candy or pecans may contact one of the members. The club also decided to present guests speakers with a cake or pie.

Secret pals were chosen among members and was decided to give pals a homemade gift on their anniversary and birthdays.

Refreshments were served by Kay Wiseman and Carol Chisam to 12 members and 2 guests.

Carol Chisam presented the guest speaker a cake.

Next meeting for the women will be Dec. 5 at 7:30 p.m. when the program will be "Safety on Highways."

Dean Myers Reaches Goal; Receives Pin

Dean Myers, Dimmitt, reached her goal at Thursday night's TOPS meeting and was presented a KOPS (keep off pounds sensibly) pin by the president of the club, Lauranette Mason. The club met in the community room of the Bailey County Electric Co-op.

Fifteen members answered the roll call and weighed in. The regular pledge and fellowship songs were observed and led by the president.

Evelyn Harris read the minutes of the previous meeting.

Queen for the past week was Clarence Clayton. She received a gift and her courtesses were June Vinson and Zora Mae Bellar.

Plans were completed for the Christmas float for the club and work will begin soon, according to the committee.

New officers will be elected at Thursday's meeting and all members are urged to be present and voice your opinion.

Class Plans Yule Party

Members of the Followers Sunday School of the First Baptist Church met in the home of Mrs. S. L. Jackson Tuesday at 2:30 p.m. for a business and social meeting.

The president conducted the meeting and the class voted to have their regular class meetings on the third Tuesday of each month. Plans were also discussed concerning the Christmas party which will be held at Paul's Restaurant, Dec. 20.

Refreshments were served to Mrs. Eddie Lane, Mrs. A. W. Crow, Mrs. L. C. Riddam, Mrs. Moran Pool, Mrs. W. T. Andrews, Mrs. Jewel Griffiths, Mrs. Lena Hawkins, Mrs. George Hicks and the hostess, Mrs. Jackson.

Mrs. Eddie Lane brought the Thanksgiving story entitled "Thanksgiving". The story told how people should be grateful for all things in life and not just take them for granted. The next meeting for the organization will be the Christmas party Dec. 20.

Miss Williams Is New Member Of Society

Wenonah Williams, Goodland, has been named a new member of Alpha Chi, national honor society at West Texas State University. She is the daughter of Mr. and Mrs. Conrad Williams. Goodland and is a junior majoring in elementary education.

Members must have better than a "B" average for this honor.

were running over in the south part of the county Tuesday and Wednesday, but Muleshoe girls did not expect many bales until the last of the week.

Dr. and Mrs. A.E. Lewis returned to their home here last weekend from Houston, where they attended a national convention of dentists, held in Texas for the first time in 24 years.

Coach Prince Scott and his off-beats, but still powerful Muleshoe Yellowjackets, will leave Friday afternoon for Littlefield, where they are to meet Cocon Murphy's unbeaten Wildcat's in a district 5-A conference game. A large number of local fans are expected to accompany the team to Littlefield.

Mrs. Wayne Hardage honored at surprise shower

Mrs. Wayne Hardage Feted With Shower

A lullaby shower was given in the home of Mrs. Richard Engelking, who lives in the Labyrinth Community, for Mrs. Wayne Hardage. Calling hours began at 2:30 p.m. Thursday. Approximately 25 guests enjoyed games under the supervision of Mrs. John Agee.

The honoree was presented a corsage symbolizing pink rose buds made from pink baby socks and tied with white ribbons. The honoree's mother, Mrs. L. O. Norwood, and her mother-in-law Mrs. Lacy Hardage, were presented corsages made from baby rattlers.

Assisting the guest-of-honor with opening packages were her mother and mother-in-law. Mrs. Lee Mason registered gifts.

Mrs. Roy Lee Farley poured pink punch and Mrs. Engelking served strawberry cake from a table covered with a pink

cloth and featured a miniature baby arrangement. Mints were also served.

Hostesses for the occasion were Mrs. Engelking, Mrs. Farley, Mrs. Kenneth Hall, and Mrs. Agee.

Persons attending and sending gifts to the surprise shower were Mrs. Euel Mitchell, Mrs. E. E. Engelking, Mrs. Orville

Homemaking Tips FROM THE OFFICE OF HOME DEMONSTRATION AGENT Robin Taylor

LUXURY OR ECONOMY?
 Homemakers seem to be buying more and more of a great variety of pre-washed, pre-peeled, pre-cooked, and pre-packaged products that are lumped under the heading of "Convenience foods." For the one in three working housewives, the preparation time saved is like putting an extra helper in the kitchen. But between farm and retail

store, someone here has done the peeling, washing, cooking and packaging. These services add somewhat to the cost of most convenience foods. However, some of these foods are actually cheaper than their fresh counter parts because they are more compact to ship and store and they have a longer shelf-life. For example, frozen and canned peas are cheaper than fresh ones.

NOVEMBER PLENTIFUL FOOD LIST

The United States Department of Agriculture suggests that the following foods are in plentiful supply for November and therefore will be a little less expensive. Turkey, raisins, dry beans, grapes pears and pork. A FEW FACTS ABOUT NON-STICK FINISHES IN COOKWARE
 All housewives agree that non-stick finishes that are applied to modern cookware are wonderful. But with all of this convenience comes the reminder to treat them gently. They are made of a material softer than the surface to which it is applied and are highly susceptible to scratching.

Now Every Woman is entitled to look YOUNGER!

A new startling discovery has been made by a small group of skin physiologists. They found a way to make the skin of face and throat actually shrink tiny but sufficient quantities of water to quickly gain an appearance of fresh, smooth youthfulness. It has 1 and for years. Facial lines, particularly around the eyes and throat creases are said to be "frenched" or less "set lost" as this water gets beneath the skin's surface to push them out of sight. By special arrangement with the discoverer of this remarkable technique, a formulation has been formulated which makes home application easy, pleasant and effective. The name of this preparation is 2nd Debut. This amazing discovery, fresh from a European triumph, now comes to you—if you want to make heads turn, you may want more and again enjoy the rapt attention bestowed upon you in that first spring!

Your face will look more youthful, you will acquire a fresher smoothness, which restores the extra all-important impact of the healthy your facial features have always had. Get a bottle today. The 4-oz. bottle is \$3.00; clinical trial only \$1.00.

HOW 2nd Debut TAKES YEARS OFF YOUR LOOKS

The active ingredient that enables 2nd Debut to make facial skin appear younger has been named CEF600. It is absorbed by the outer layer of skin and carries in millions of tiny droplets of pure water that the skin has lost during its natural aging process. This water finds its way under the lines and wrinkles, and as it accumulates there, pushes those unwanted indentations upward. Progressively the face and neck bill out and look smoother and younger again. The result is startling.

This ingredient (CEF600) is compounded into smooth-flowing and delightful 2nd Debut. Use nightly (and daily under make-up) so that during 24 hours of the day it is bringing new life, new youth and new beauty to your face.

FOR THE YOUNGER WOMAN TOO!

The younger woman who does not need the full help of 2nd Debut will find it unique in quickly overcoming the problems of dry skin.

2nd Debut FOR THE LADY IN A HURRY

The lady in a hurry may more quickly lift her face out of lines and wrinkles with 2nd Debut containing CEF1200. 4 oz. size, \$5.00

2nd Debut LIQUID CLEANSER

Makes facial skin so much cleaner than it has ever been before, people will think the lovely, perfect effect must be make-up. Prepare to be startled. 2 ounce bottle \$3.00.

MULES' TALE

Official Publication of Muleshoe High School Written and Edited by Students of the Muleshoe Schools

Vol. 1, No. 9

Text Books Recommended For '66

The following books are now under consideration by the State Commissioner of Education, and if approved the complete list will be presented to the state board of education for adoption at its meeting on November 14. The books will be introduced to the schools of the state on September 1, 1967.

If any person wishes to ask questions about the books, he may call any of the principals or the curriculum director of the Muleshoe Schools.

After the State Board of Education meets on November 14, 1966, a list of the books adopted will be available. Copies of these books will be available for examination about January 1, 1967.

These books will be in the principals' offices or the office of the curriculum director.

The State Textbook Committee for 1966 herewith submits its official report on books and teaching aids recommended

Hereford Wins Over Muleshoe

by Trevor Ford

Last Thursday night, the Freshman and 'B' teams played Hereford Freshman and 'B' teams.

The Freshman played at 5:30. The Hereford team was exceptionally well sized. The Mules lost 33-0.

The 'B' team came followed directly afterwards. The Mules had quite a few injuries and lost some players for the rest of the season. The Mules just couldn't contain the Hereford offense. The final score was Hereford 47, Muleshoe 0.

Newspapers... Cross-Section

By BABS HAIRE

When I pick up my newspaper, I have in my hand a cross-section of the world. It contains stories ranging from the war in Viet Nam, the Political situation, and crime, to the 'unders' and the funny papers.

As I read, I am adding to my storehouse of knowledge information that will help me to form my opinions on world affairs. Many of these opinions will stay with me throughout my life. Newspapers do make a big difference.

Newspapers are the most informative news media, despite radio and television. I can get newspapers at my own leisure. For example, I can answer the telephone and pick up where I left off, whereas, with radio or television I have to be there right when the news is being given.

Newspapers are actually the world on parade. Besides, if it were not for newspapers, how would I know what is happening to LIT Amer?

And They Were Strangers

Dellinda Henry

Cindy Norton was driving home after attending the band rehearsal. It was very late. It looked darker than usual, almost pitch black, with no moon. It made Cindy feel as if something were going to happen. She didn't know how to explain it, but it was something mysterious. She was alone—a little frightened now.

The radio in her 1964 300 Chrysler wasn't working. It had quit that morning. That made it seem even quieter.

It began to rain. At first it was soft and soothing, while later it was hard and bold. The road became very slick. Cindy had to slow down, but she just couldn't. Something kept driving her more and more. She began to speed—faster and faster. There was the curve up ahead. The bridge would come right after that. She tried to slow down but couldn't make herself. Oh, how she tried! Her car started to skid. She was going around

for adoption in the subjects and grades included in Proclamation No. 42 of the State Board of Education as follows:

Forgotten Trophies All Shining Now Covered with dust and forgotten, our trophies stood in the cases.

A team recently or in years past had put in hours of hard work and perhaps a little luck, confidence, and hope to win these trophies. These students brought home honors to MHS and as students of MHS today we should be proud of them.

Action was taken by the Junior class to clean the trophies cases last Saturday.

Standing erect and shining, these trophies are a reminder of constantly sought and attainable goals of students working together in MHS.

The Junior class has a cakewalk and Spanish jall at the Halloween carnival and made \$50.

A merchant of one of our local stores, Western Drug, donated the Muleshoe Independent School System a trash can for the school. It is not only large and functional, but it is also very attractive and in the shape of the state of Texas.

Since this citizen took the time, money and effort to give us this gift, we should show our appreciation by keeping our campus clean.

Keeping our campus clean will not only show visitors that we have a good school system, it will also show the willingness of our students to work for the betterment of our schools.

Teacher Profile Mrs. Mildred Tanner is teaching second grade at Richland Hills. She has a B. S. Degree from Southwestern College in Weatherford, Oklahoma. She has had fifteen years teaching experience. Her husband V. T. Tanner has the grade elevators at Progress. They have two sons and two daughters, Brent, Susie and Brenda are in High School and Bill is in the sixth grade.

Speech FREEDOM

By JERRY PUTMAN

Where there is much desire to learn, there of necessity will be much arguing, much writing, many opinions; for opinion in good men is but knowledge in the making."

Quotation from Milton's "Satan".

Our right to free speech is a constitutional right, guaranteed by the first Amendment. It is not a positive freedom allowing anyone to say anything he pleases in any circumstances. Freedom of speech means responsibility, and there are laws against telling lies to ruin a person's reputation.

Unless others are free to hold their tongues, our freedom is meaningless. Every page is useful to us in our daily lives almost every day, we use the newspaper for a different reason.

There are many different types and kinds of newspapers, but each one gives us the news, and that is what we want.

News from every corner of the earth is put into newspapers and sold to people all over the world.

Newspapers truly make a big difference in my life.

IN WRITING By DELLINDA HENRY

Newspapers make a big difference in my life because I have down in writing what has happened during that day or week. The accounts of the news or stories are based on what a person, who is actually involved can or will tell. In that way I know the true details of the matter.

Usually without newspapers we wouldn't be up to date. It is one of the main sources in which we can learn of the past. Most newspaper offices have a copy of each of the editions of the newspaper. They are kept in a file. If you need to, you can check out an event of the past.

Newspapers are also relaxing and enjoyable. It contains comics which are funny and amusing.

For the women and girls tips. It also has good house-keeping articles and tips. It has a sports page for the sports-minded people. The teen-agers enjoy the newspaper, too. The papers have news for and about the teens and their schools. The papers are well-rounded. Newspapers are made to be interesting.

IT HELPS By WELDON PHELIPS

A newspaper means a lot to a boy my age. It tells what the government is doing and what is going on in the Viet Nam War.

A newspaper helps me in school in some subjects, a current event is required in American History every Wednesday. A newspaper helps pass the time while at home or work.

A newspaper tells when your friends are being married or tells about your loved ones which were killed.

A newspaper is the next best thing to a radio. A newspaper is a little, but gives a lot. A newspaper may help me decide what I will be in the future. It tells me all about Uncle Sam. The one I will

congratulate!

Marsha & Micky

congratulate!

Education Essential For Future

By JERRY PUTMAN

Today more than ever, you need an education.

In 1900 one of every two jobs could be filled by a man with little or no education. In 1960, only five percent of all jobs were open to the unskilled.

It will be several years before we, the students of Muleshoe Junior high, will be out on our own. Then the chances for a successful job will be even less.

We must study hard and study now if we plan to succeed. Experts say that by 1970 four out of every five teenagers will complete high school.

No one can be sure if by that time a high school diploma will be enough to get a job.

According to the best knowledge now available, the lack of education is the cornerstone of poverty and future poverty,

RAISES FLAG--Members from Cub Pack Troop 620 under the leadership of B. E. Berres, cub master, is shown here during flag raising ceremonies on the Court House Lawn Friday morning, Veterans Day. Veterans were honored with a breakfast at the American Legion Hall. Judge Glen Williams gave the address. (JOURNAL PHOTO)

Hi, World

CONGRATULATIONS TO:

Mr. and Mrs. Jo Pena on the birth of a baby boy born in the West Plains Hospital Nov. 7 at 11:13 a.m. Rodolfo Pena weighed 6-11. Mr. and Mrs. Jesse Cumplan, Farwell, on the birth of a baby boy Nov. 8 at 5 p.m. in the West Plains Hospital. Mr. and Mrs. Ronald Spies on the birth of a baby girl born in the West Plains Hospital Nov. 8 at 10:03 p.m. The baby weighed 6-14 and was named Kristie Diane. Mr. and Mrs. Victor Duran, Friona, on the birth of a baby boy, Victor Jr., born in the West Plains Hospital Nov. 9 at 1:10 p.m. and weighed 6-6. Mr. and Mrs. Lyndol Black on the birth of a baby girl, Kevia Kay, born Nov. 9 at 10:20 p.m. and weighed 7-12. The Blacks are from Petersburg.

HOSPITAL BRIEFS

GREEN MEMORIAL

ADMISSIONS: Marcie Gallegas, J. B. Wright, Leesa Sanderrin, Jack Hutchinson, H. C. Brashlar, Larry Parker, Dean Wattrip, Terry Harmon, Paul Flores, Mike Northcutt and Mark Northcutt.
DISMISSALS: Mrs. Alex Williams.

WEST PLAINS

ADMISSIONS: Woodrow Clark, Mrs. Victor Duran, Lynn Barrett, Mrs. Jessie Cumplan and baby boy, Mrs. Alvin Richards, Mrs. Ronnie Spies and baby girls, Mrs. Lyndol Black and baby girl, Mrs. Jessie Gonzales and baby boy, Gary White and Frank Brown.
DISMISSALS: Lynn Barrett, Mrs. Jessie Cumplan and baby boy, Mrs. Lyndol Black and baby girl, Mrs. Ronnie Spies and baby girl, Robert Baker.

Mrs. Mary Evans and Venita King.

Charlie Crume's Rites are Set

Final rites will be held Monday, Nov. 14 in the Farwell Church of Christ at 10 a.m. for Charlie E. Crume, 86, who died in the Clovis Memorial Hospital at 4:25 p.m. Thursday. The former mail messenger for Farwell and Texaco for 25 years, moved to Farwell from Alpena Pass, Ark. in 1923. Crume was born Nov. 16, 1879 at Carrollton, Ark.

Survivors include his wife, Eunice; eight sons; Paul, Dallas; Joe, Farwell; Buster, Fremont, Calif.; Kirt, Albuquerque, N. M.; Kater, Hereford; Charlie Jr., Orlando, Fla.; and Dick and Bill from Lubbock. Mrs. Mary Lou Cason, a daughter from Friona also is a survivor. Also 2 sisters, Mrs. B. M. Temple and Mrs. Bertha Miller from Clovis; 2 brothers; Clifford, Bakersfield, Calif.; and Sethel, Kemble, Calif. Nineteen grandchildren and 3

great-grandchildren also survive.

Paul Wilkinson, minister of the Farwell Church of Christ will officiate and interment will be in the Mission Garden of Memories at Clovis under the direction of Singletons of Muleshoe.

Lt. Joe P. Miller Completes Course

Second Lieutenant Joe P. Miller, son of Mrs. Eula Tipton of 1407 N. Dix, Amarillo, has completed the orientation course for U. S. Air Force nurses at Sheppard AFB, Tex. Lieutenant Miller, who studied specialized aerospace medical subjects and hospital administration, is being assigned to Elmendorf AFB, Alaska. He will join the Alaskan Air Command which guards the northern air approach to North America. The lieutenant, a 1955 graduate of Yakima (Wash.) Senior High School, attended Seton School of Nursing, Colorado Springs, Colo.

TRASH CONTAINERS-- A new trash container was given Mary DeShazo by the James Glaze Co. He and Mark Washington, left, and Kim Miller and the principal of the school, Bill Taylor, are posing by the new facilities. Mark and Kim are trying it out and decide it is a pretty good idea. (JOURNAL PHOTO)

LAMBERT CLEANERS

STEEL BUILDERS--Lonnie Bass, seated, president of B&C Builders, Inc. and Allen T. Webb, Jr., engineer, are ready to help you plan that steel building to meet your needs. They offer expert service in the construction field and no job is too large or too small.

No Job Too Large or Too Small for B & C Builders

Need a new steel building--any size, anywhere? Lonnie Bass, president of B and C Builders, Inc. of Muleshoe says "No job is too large or too small."

This firm has recently completed a 47,200 foot building for Fin-Tex Engineering Company at Breckenridge and are now erecting a 90,650 foot structure for Hancock Manufacturing Company in Lubbock. They will erect a 51,000 square foot building in Fort Worth which will house the R. L. Smith Manufacturing Company. In the small building line, the B & C Builders have recently built a 13 by 32 foot car port for Alex Williams here in Muleshoe. They have erected num-

erous other buildings, both large and small, here and throughout Texas and New Mex. B&C Builders are dealers for Inland Steel Products Co., pre-engineered buildings, roof deck, floor deck, wall panels, bar joist and structural systems. They sell steel to contractors in this area as well as using it themselves.

B&C Builders does a turnkey job. They design buildings, do the drafting, engineering and construction work and produce a building complete in every detail.

Mr. Bass has been in business in Muleshoe since 1956 and is well known throughout this area as a contractor. He keeps abreast with new develop-

ments in the building industry and adopts whatever ideas he thinks will improve his construction work.

The home office of this organization is located at 217 E. Ave. B, and the phone number is 272-3078. They also have offices in Clovis and Lubbock.

Business men and farmers are more and more coming to recognize the value of steel as a construction material because of its longer lasting quality and its clean appearance. There are no termites in a steel building such as there might be in a wooden structure and the new types of steel are rust-resisting and need no upkeep. There is no obligation for estimates.

Texas Farmers Union State Convention Held in Mineral Wells

Over 250 members of the Texas Farmers Union registered Tuesday, November 1 for their 63rd annual convention in the Baker Hotel in Mineral Wells. They were welcomed to the city by Mayor L. J. Varnell, Jr. during the opening session.

Following the Mayor's address, Texas State President Jay Naman of Waco, delivering his annual president's report, said the Texas organization would concentrate its efforts during 1967 toward achieving full parity for the family farmer. He also criticized the present food distribution system by asking, "Is it a successful system which denies the people who are supposed to be the beneficiaries of the system, the simple prerogative of making a reasonable choice of the best buy in food products because of deceptive packaging." He said the Texas organization would concentrate its efforts in 1967 to make changes in the recently announced feed grain program; continue to fight for wheat export certificates; help the cotton producers increase their income through a better cotton marketing and development program, and to help relieve the excessively high interest rates which he said are bleeding the lifeblood out of agriculture.

During the afternoon session, the general manager of National Farmers Union Insurance, Raymond Novak of Denver, told the members of the growth of their insurance programs, and how they were expanding to meet the needs of our modern society. He also commented on the importance of financing as an aid to achieving the farm programs stressed by the Texas, and National organization. Novak praised the press for taking and offering security against loss.

If you are planning to build any type of structure, a visit or call to Bass at B&C Builders will be of great benefit to you. Let Bass explain to you the advantages and economy of using steel in place of wood or cement blocks.

There is no obligation for estimates.

time to look into the rising cost of food recently brought to the nation's attention through housewives boycotts which started in the Denver area. He said it would have been natural for anyone not familiar with the problems of American agriculture to have automatically placed the blame for spiraling food costs on the farmer, rather than where it belonged.

The second day of the convention featured an address during the morning session by Congressman W. R. Poage of the 11th Congressional District. Poage said a lack of understanding by the American people about the requirements of agricultural production was a new threat that could destroy the farm program.

He told the 300 delegate members and guests that the average farm prices are just about 80% of parity, that is, a unit of agricultural production will buy about 4/5 as much as the products of industry.

Poage, who is a member of the House Committee on Agriculture, said continuation of government payments to farmers to keep down surplus is impossible, but he added, the talk of allowing farmers to produce all they can must stop.

The keynote address of the convention was given by Farmers Union National President Tony Dechant on Wednesday night. He arrived in Mineral Wells on Tuesday evening and spoke informally to the convention during a late night session. As State President Jay Naman put it: "Tony wearing his overalls."

Dechant told the late night session about some of the national programs and policies he intended to support during the coming year. He also stressed the 50% wheat export certificate, and said he would hold the Johnson Administration to their promise of full parity for farmers during the sixties. He added, "This is already 1966, and there are only three years of the sixties left so they had better get busy."

His keynote address was given at the Wednesday night banquet, following the presentation of an "OUTSTANDING SERVICE AWARD" to retiring Texas Farmers Union Vice President Joe Berg of Amarillo who stepped down after over 20 years of service to the organization. Dechant expressed his promise that the 3/4 million member organization would oppose any legislation or action not consistent with reaching 100% of parity for the American farmer. He said parity must be reached through higher income to farmers including direct payment if necessary, or through lower production costs, or both. He did predict a better future for agriculture in the years ahead.

He told the convention that the Department's failure to solve the problems of cotton production, grain sorghums, and other problems could only be met through a bold, new program for the family farmer. He stressed the urgency of recognizing the importance of our farm today during a time when the Soviet Union and Red China were embarrassed by their low production, and emphasized the impact of the farm policy on the world as a whole.

Awards for the Farmers Union "Editor of the Year" and the "Rural Minister of the Year" were presented during the closing session. H. M. Baggarly of the Tulla Herald received the "Editor" award for his coverage of the farm problems and his service to the Texas Farmers Union. The "Minister of the Year" award went to Rev. Jacinto Alderete of Crosby. He was selected for his outstanding service to his rural community.

Thursday afternoon, the delegates elected officers for the 15,000 member Texas organization.

Jay Naman of Waco will serve his sixth term as President. A. Dean Harman of Tulla was elected to replace retiring Vice-President Joe Berg of Amarillo who stepped down after 20 years of service. Elizabeth Doshier of Waco will continue as State Secretary-Treasurer.

Following the convention the Board of Directors met in a special session to elect a new state executive committee, Joe Rankin of Ralls, Robert Cathey of Dublin, and Grady L. Smothermon of Prosper were elected to two year terms. Those elected to serve one year include: W. R. (Buck) Breeding of Wellington, Forest Creamer of Paducah, Donald Msek of Victoria, and Charles Hensley of Cameron, Delegation to the 1967 National Farmers Union Convention were also named. They include Joe Rankin of Ralls, and Robert Cathey of Dublin. Alternates to the convention are Forest Creamer of Paducah and W. R. (Buck) Breeding of Wellington.

The 1967 program which will be supported by the Texas Farmers Union included several resolutions intended to help raise farm income. One strongly criticized the skip-row method of projecting cotton allotments for 1967. Farmers Union also urged the Texas Legislature to pass a law to eliminate the present method which does not permit farmers who allow a few rows of land to fallow between producing rows as a means of crop rotation. He said under the present regulations the fallow land on such farms is counted as producing land and will cut cotton income in some 25 Texas counties by nearly 4-million dollars in 1967 alone. A second cotton resolution urged Texas support of the Cotton Research and Promotion Act to provide funds for research and development of cotton products.

The organization asked for an emergency appeal to Secretary of Agriculture Orville Freeman to take action to adjust the sales policies of the Commodity Credit Corporation. The Farmers Union said the present sales policy allows the sale of old crops held by the C.C.C. to be placed on the market while the new crop is being marketed thereby lowering prices on new cotton and other crops.

The program also asks for continuance of the Department of Agriculture's policy in permitting barley to be counted as a feed grain base. It urged support of Texas Constitutional Amendment No. 1, and offered support of the Texas Partners Organization for better relations between the people of Texas and Peru.

The 1967 program calls for a 50% export certificate on wheat. This means farmers would receive 50¢ more per bushel on wheat purchased by the government for export in connection with our foreign policy. This wheat is currently bought at a price that is much lower than the American market value.

By--Vern Sanford
Texas Press Association

AUSTIN--Addition of kindergartens to the public schools will be a major school proposal in the 1967 session of the Legislature.

Smith pointed out that, in writing the Act, the federal government included a 10 percent penalty in federal aids to states that do not cooperate fully with the provisions of the new law.

State must fulfill its part by seeing that billboards and other outdoor advertising are moved back 600 feet from interstate and federal-state highways. Garbage dumps and junkies can be no closer than 1,000 feet.

Social Security Q's and A's

Question: Since I have no relatives, how do I go about naming my church as the beneficiary or co-owner of the Savings Bonds I own?

Answer: Unfortunately, you can't. Regulations provide that bonds issued in either case must name natural persons only. But you could write a will leaving the bonds to your church. Bonds may, of course, be purchased by you in the name of the church as sole owner.

Question: Several months ago, someone wrote to inquire about the then current value of a \$1,000 Series E Bond bought in June, 1942. I don't have a \$1,000 bond, but I do own several \$100 bonds bought that same month. What are they worth?

Answer: Each of your \$100 bonds bought in June, 1942, will be worth \$161.64 in December, 1966. As you will realize, that is quite a bit more than the \$75 you paid for each of them.

Question: Back in the early 1940's, my aunt bought a number of Series E Bonds in various War Bond drives. We came across them the other day while helping her clean out some papers. Are they any good?

Answer: Just as good as the day she bought them, even more so, because interest has been accruing on them since that day and is continuing to accrue. No E Bond ever sold has stopped earning interest.

Former school teacher Rives McBee of Midland, Tex., formerly cadet for Billy Maxwell, Don January and Joe Conrad. McBee shot a 64 in the second round of the 1966 U.S. Open to tie the tournament record for one round.
