Take a Tip from Father

Mark Twain once said "When I was a boy of 14 my father was so ignorant I could hardly stand to have the old man around. But when I was 18, I was astonished to know how much he had learned in 4 years."

Father has much useful knowledge gained from hard experience. When he says "start a bank account as soon as you can," do it! It will please him immensely.

Senior Day Successful

Several households were dis-
turbed Saturday morning in get-
ting the seniors of '88' off on
their trip to Palo Duro. The
trip was started at 4 o'clock, ar-
riving at Palo Duro at approx-
imately 7:20. Although the wind
was blowing, we found a conven-
ient place for breakfast which
consisted of coffee, oranges,
grapefruit, eggs, bacon, bread,
butter and apricot preserves.
After breakfast, the scouting
expedition began. When every
one had walked approximately
15 miles, they sat down to lunch
consisting of 4 varieties of sand-
wiches, tea, fried potatoes, toma-
toes, pickles, sandwich meats,
bread, butter, preserves, apples,
oranges, bananas and cookies.
They then motored to Canyon,
and after cleaning off some of the
Palo Duro dirt, they went
through the museum, college
buildings and campus. Then on
to Amarillo to see the exciting
show, "The Adventures of Mar-
co Polo," at the Paramount and
also were shown through the
theater. Thinking that the day
was filled, they arrived at Hedley
after a short stop in Clarendon
at 9 o'clock Saturday night.

For additional information on
the trip interview the following
people with these questions:

Ask M. L. Sims why it is pos-
sible for Donald Duck to talk.

Ask Mrs. Owen if she approves
of the story she was reading.

Ask T. J. Hansard what enter-
tainment he coached on the trip.

Ask Craig Johnson who will go
to the finals in this entertainment.

Ask Forrest Adamson, Monty
Alewine, Calvin Reed, Jo Wells
and Ione Wall how their feet feel.

Those enjoying the trip were
Mr. Harmon, Mr. Gregg, Mrs.
Owen, Jo Wells, Ione Wall, Edith
Smyers, T. J. Hansard, Craig
Johnson, Forrest Adamson, M.
L. Sims, James Smith, Calvin
Reed, Monty Alewine, Eugene
Bell and the bus driver, Mr.
Kirkpatrick.

The seniors wish to thank
their sponsor for an enjoyable
day and Mrs. Owen's help in the
use of her home for the girls.

Home Ec Representatives Attend State Rally

About 8 o'clock Tuesday morn-
ing Miss Hixson, Eutha Davis
and Geraldine Land boarded the
bus for San Antonio.

Our home town, Hedley, was
well represented with a light
dust storm as we drifted into the
fields of blue bennets in the
"Sunny South" later in the day.
San Antonio welcomed us into
the city about 8 o'clock Tuesday
night.

Wednesday was well taken up
with registration periods and
walking trip just to see the city
and getting acquainted with
some unknown rally attendants.

Even though we were away
from school, we still had exam-
inations. On Thursday tests
were taken concerning the equip-
ment of a medicine chest, play
corner, a cheerful home and meal
services. Our dresses were mod-
eled on this evening too. As it
so happens in school, you always
get some type of entertainment
sooner or later—at San Antonio,
a Spanish tea was given at an old
Spanish palace built in 1749.
The building itself was enjoyed
as much as the tea.

Friday was the most enjoyable
day of all. A sight seeing tour
was taken to the Alamo, Brack-
enridge Park, a few missions,
Randolph Field and several other
places of interest. A banquet
was also held in honor of the
1,749 rally attendants.

Meeting an old friend is al-
ways to be remembered as an
outstanding event of the day;
and of course we were overjoyed
as we unexpectedly met the hap-
py Hedley faces of Ewell Whit-
field and Frank Spalding. They
put the finishing touch to our
sight seeing trip.

A program was presented by
the sponsors of the rally with the
help of several of the attendants
on Saturday morning. Our bus
was turned toward the wide open
spaces of our home town about
12:30 Saturday. The group vis-
ited the Texas University, espe-
cially the home economics build-
ing, and the hospital at Austin.
The night was spent at Ft. Worth.

The friendly faces and cool
breezes beckoned us on to the
little city of Hedley in Donley
county where we arrived about
4 o'clock Sunday evening. We
certainly had a grand time but
were really glad to get home.

He makes mere "oil-changers"
take a back seat... because

**ONLY YOUR
MILEAGE MERCHANT
OIL-PLATES YOUR ENGINE**

Do you need any reminder of what oil
you bought? Not if it delivers smooth
long mileage that you can't forget! Then
here's the real big value of the little
drain tag you get from Your Mileage
Merchant: he marks it with your mile-
age today as you change to his patented

Conoco Germ Processed oil, and then you can keep tabs
on how far you go before you ever need another quart
in your OIL-PLATED engine.

OIL-PLATING is exclusive with Conoco Germ Pro-
cessed oil. The patent-guarded Germ Process forces this
oil to "magnetize" on to the working parts in the form
of implanted slippery OIL-PLATING. The parts that used
to wear worst and make your oil "rub out" fastest, now
possess this all-over, deep-seated OIL-PLATING. It can
neither drain down while your engine is stopped, nor
let loose in all the whirl of 4,000 revolutions a minute.
Therefore OIL-PLATING, done only by Your Mileage
Merchant, distinctly tells you why your Germ Processed
oil and your car money won't do a "disappearing act."

WHAT WOULD GRANDPA SAY?

Granddaughters of American Millionaires Run Away With Titled Europeans, Taking Money With Them!

By JOSEPH W. LaBINE

Last December Countess Barbara Haugwitz Reventlow walked into a United States court at New York and renounced her citizenship. A few days later employees walked out of the F. W. Woolworth stores her grandfather founded, carrying signs which read:

"We like the United States, but want more pay . . . Babs with our money runs away!"

Meanwhile Uncle Sam's bookkeepers in Washington discovered that the former Barbara Hutton was depriving John Public of \$30,000,000 in estate taxes. And citizens generally became aware that their nation places no restriction on export of American capital.

The late Frank Woolworth, who once went barefoot because he could afford no shoes, would probably snort at his granddaughter's behavior these past few years. On each of her two titled husbands she has settled \$1,000,000 in cold cash. The first was Prince Alexis Mdivani, who also demanded \$350,000 a year when she divorced him in 1935. The current choice, once-impooverished Count Haugwitz Reventlow, is more conservative.

Frank Woolworth is not the only self-made American who would snort. Another is the late Charley Manville, a Milwaukee tailor and Black Hills gold prospector who made millions from roofing and asbestos.

Only a few weeks after Countess Barbara renounced her citizenship, Mrs. Lorraine Manville Dresselhuys of Holland returned to New York for a brief visit, just long enough to take a similar step. The former Lorraine Manville is old Charley's granddaughter, and a sister of the notorious Tommy Manville whose blonde wives get him in the headlines periodically. And her cousin, the former Estelle Manville, is married to Count Folke Bernadotte of Sweden.

It's an Old Habit.

But Lorraine Manville and Barbara Hutton are not the first rich Americans to renounce their citizenship. It's a habit of social aspirants that dates back to the nineties, when Anna Gould, headstrong daughter of old Jay Gould and heir to \$18,000,000 of his railroad holdings, automatically renounced her citizenship to marry Count Boni de Castellane in Paris.

The count spent \$3,000,000 in American gold in five years and Anna divorced him. But a short time later her brother, Frank Jay Gould, formally abandoned his native flag for France.

Probably the most famous ex-Americans are the Astors, descendants of the German butcher's son who left New York for the great Northwest and made a fortune in fur trade. The Astors began going British in 1899 when William Waldorf Astor shipped for London and took his money with him. A few years later came his sons, Waldorf and John Jacob. The former married romantic Nancy Langhorne of Virginia in 1903, necessitating her renunciation of American citizenship. Today she is Lady Astor, a member of parliament!

It was in 1916 that old William Waldorf Astor went through an imposing ceremony that made him a baron, a title he'd been coveting for years. It meant that approximately \$50,000,000 in New York land were controlled by a member of the English aristocracy.

John D.'s Grandchildren.

The late John D. Rockefeller was another self-made American magnate whose grandchildren married foreigners. Mrs. Max Oser, a Swiss citizen, received millions by way of her father, Mrs. Edith Rockefeller McCormick, Margaret Strong de

ABOVE: The late Frank W. Woolworth, who made the dime store millions now being taken abroad by his granddaughter, the former Barbara Hutton. LEFT: Barbara, herself, now the Countess Haugwitz Reventlow, shown with her husband on a recent visit to New York.

Mrs. Margaret Strong de Cuevas was John D. Rockefeller's favorite grandchild and she received \$25,000,000 in his will. This was because Mrs. de Cuevas' mother, Bessie, was not living at the time old Rockefeller bestowed large sums on each of his children. In addition to this huge sum, Mrs. de Cuevas received more than \$2,000,000 from her grandfather in 1919, and \$100,000 when her grandmother died.

Married "Poorest Duke."

The list of Americans abroad is quite a bit longer. Close on the heels of William Waldorf Astor was Helena Zimmerman, daughter of the late Eugene Zimmerman, Cincinnati railroad magnate. She married the duke of Manchester in Paris in 1900. Known as the "poorest duke in England," he shared her \$15,000,000 until she divorced him in 1931 to marry the earl of Kintore.

Mrs. Harry Symes Lehr, a native of Philadelphia, formally renounced her citizenship by marrying Lord Decies of London. Two months ago she informally repeated her renunciation by boasting in London that she would not live in New York on a bet.

Through all the romantic episodes of Huttons, Astors, Whitneys and Manvilles, the American government has sat stolidly, watching money pour swiftly into pockets across the sea.

The only satisfactory explanation of this exodus of the wealthy is that of social aspiration. Some maintain they live abroad to spare themselves from American taxes. The truth is that most European nations make greater assessments than the United States. Others claim they have flown to Europe to avoid publicity. In the former Barbara Hutton's case this may be true, but an equally wealthy and comely American girl—Doris Duke Cromwell—lives in her native land quite happily.

As for John Public, he doesn't care where the Manvilles, Huttons or Astors live. But he does like to see American dollars stay in American pockets.

OF ALL rag rugs the hooked type is the most fascinating and economical. A rag rug, such as may be purchased in notion and fancywork departments, and burlap a little larger than your finished rug are the essentials. Most rag hookers also use a frame of slats bolted together at the corners. They stretch the burlap over the frame and tack it. Some like a rather large stationary frame. Others use a small one and many hooked rugs are made without any frame at all.

Here is a quaint old rag pattern that you may mark off on your burlap with a yardstick and pencil. The numbers indicate the colors used for the original rug—now more than a hundred years old. The finished rug measures 26 by 34 inches. Allow two inches at all edges for hems. Overcast the edges, then mark the solid one-inch border just inside the hem allowance; then the large eight-inch squares; then the small two-inch squares; then draw the diagonal lines across the large squares as shown. Use wool rags if possible and cut the strips not wider than one-half inch. Hold the strip against the wrong side of the burlap and pull loops of it through to the right side with the hook as shown. Short strips are as useful as long. Just pull the ends through and clip them.

If you are planning slip covers, curtains, or doing other Spring sewing for the home, you will want a copy of Mrs. Spears' book, SEWING, for the Home Decorator. Forty-eight pages of practical working directions, with complete illustrations. A dollar saving book for every homemaker. Send name and address, enclosing 25 cents (coins preferred) to Mrs. Spears, 210 S. Desplaines St., Chicago, Ill.

SAVE 25% ON FIRESTONE TIRE LIVES

REPLACE YOUR SMOOTH WORN TIRES AND BE SAFE

LAST year highway accidents cost the lives of more than 40,000 men, women and children and nearly a million and a quarter more were injured. More than 52,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to

smooth, worn, unsafe tires. A recent survey discloses that 59 million tires now in use are, or will become, smooth this year. Do your part to make driving safer. Replace smooth tires on your car. Come in today and equip with Firestone Convoy Tires and save 25%.

FIRESTONE CAN GIVE YOU SUCH A HIGH QUALITY TIRE AT SUCH A NEW LOW PRICE

Because Firestone saves money by controlling and securing rubber and cotton at the source and by more efficient manufacturing and distribution. These savings make possible more extra values at low prices.
New High Quality—First choice rubber and selected cotton that conforms to Firestone's high standards and rigid specifications.
Long Mileage—Safe, silent tread design made of tough, slow wearing rubber that assures long mileage. Sturdy bars and rugged notches that give full protection against skidding.

Blowout Protection—Nine extra pounds of rubber are added to every 100 pounds of cord by the Firestone Patented Gum-Dipping process which counteracts internal friction and heat that ordinarily cause blowouts.
Puncture Protection—Firestone's patented construction of two extra layers of Gum-Dipped cords under the tread that protects against punctures.
 Come in today. Let us put a set of these large size, rugged, long wearing Firestone Convoy Tires on your car—remember, you save 25%.
