## Mrs. Leggitt Honored

Mrs. Lloyd Leggitt, a recent bride, was complimented with a tea Tuesday afternoon in the Hobart Moffitt home, with Mrs. Moffitt and Miss Myrtle Reeves as hostesses.

White iris and other spring flowers were used to decorate the entertaining rooms, providing a colorful setting for a delightful program consisting of piano numbers by Misses Jane Roth Hall and Wilhelmina Olex, several readings by Miss Dorothy Dabman, and a vocal duet, "Beautiful Dreamer," by Misses Jessie Plunk and Ida Lee Johnson.

Misses Dorothy Land and Jennette Clarke presided over the punch bowl, which was on a table laid with a beautiful lace cover and centered with white iris and bridal wreath.

As the guests entered, they were greeted by Mesdames H. Moffitt and Lloyd Leggitt, and were then escorted to the register by Miss Myrtle Reeves.

The lovely bride's book was made by Miss Jennette Clarke, and was presided over by Mrs. Edward Bolter.

After being served, the guests were ushered into the room to view the beautiful display of gifts in charge of Mrs. W. G. Payne.

## Wells-Cashwell

Announcement has been received of the marriage of Miss Letha Beatrice Cashwell and Fred J. Wells, both of Fayetteville, N. Car., which took place on March 29.

The bride is the daughter of Mr. and Mrs. G. F. Cashwell of Fayetteville. The groom is the son of Rev. and Mrs. M. E. Wells of White Deer. He formerly lived in Hedley and was a 1937 graduate of Hedley high school.

The Informer joins their many friends in extending congratulations and best wishes to the couple.

## School Trustee Election

In the school election Saturday A. S. Martin, Ray Moreman and J. H. Koeninger were elected trustees for the Hedley school district. Holdover trustees included Marshall Stone, Claud Bain, Rev. I. E. Biggs and W. G. Quisenberry.

## Cong. Directory Given

The Hedley school library has a new copy of the Congressional Directory of the 77th Congress, 1st Session. The book has been received with the compliments of Hon. Eugene Worley, and is available to any school patrons who wish to examine it.

## On A. C. C. Honor Roll

Ablene, Texas—Approximately three hundred students made the honor roll the first nine weeks of the Spring Semester at Abilene Christian college. Their names have been placed on the bulletin board in the Haroin Memorial building.

Local students on the honor roll were O. A. Reed and J. C. Reed, sons of Mr. and Mrs. J. B. Reed in two and three courses, respectively.

## NOTICE

Mrs. O. E. Bailey is opening the tea house soon in the old Ring building just west of the Clifton Garage. She invites and appreciates your trade.

## Rev. W. Hickman Dies

We are sorry to report the death of Rev. Worthy Hickman of Amarillo, who passed away in a hospital there Saturday night after a two weeks illness. He was 62 years of age and had served as Nazarene minister in several Panhandle towns, including Hedley.

Funeral services were held Monday from the Nazarene church at Amarillo by Rev. L. H. Diegerson the pastor. Interment was made in the Dalhart cemetery.

He is survived by his wife, two sons and three daughters.

The Informer extends sincere sympathy to the bereaved.

## NOTICE

To the Parties Concerned: You who took the lady's handbag from Bro. Fitzgerald's car while parked at our house last Saturday night; if you will return the handbag, together with the little book that was inside, you may keep the two dollars and your names will not be mentioned.

Will W. Holland

## Red Cross Work Needed

The Donley County chapter of the American Red Cross has received a large amount of material for sewing and knitting for their present quota. Hedley was asked to make 29 flannel dresses, ten pairs of hospital pajamas, and a quilt top. Most of this material has been distributed; but there will be more and in the absence of a local organization it is difficult to know who is willing to help. If you are interested in helping make life more comfortable for these less fortunate than ourselves, call or see Mrs. Ted Dad, Miss Jennette Clarke or Mrs. Ray Moreman.

## NOTICE

Stock owners will please take notice that all stock running loose will be put in the pound.  
By order of the City Council

## School Directory Issued

The Senior class of Hedley high school has issued a 1941 school directory, in the shape of an attractive booklet. The directory lists the entire student body faculty and P. T. A. membership, as well as the graduates for the past ten years.

The Seniors are to be commended for their work in issuing the booklet.

W. L. Stewart has returned from Dallas where he has been attending a barber school.

Mr. and Mrs. John Mitchell visited home folks here last week end.

## Wifadasos Club

(Left over from last week)  
The Wifadasos club met with Mrs. Collier and Mrs. Velma Bailey March 11 with 20 present and one visitor, Mrs. Mendenhall. The house was called to order by the president. The minutes were read by the secretary, Mrs. E. Gunn. The roll call was answered by those present with their favorite flower and how to care for it. Everyone enjoyed the evening in quilting and other work. Light refreshments were served. The next meeting will be with Misses Ola and Eula Card, April 8.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Axis Powers Protest U. S. 'Custody' Of Ships Seized in American Ports; Jugoslavia Aims at National Unity In Program of Anti-German Activity

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

AXIS SHIPS: Protective Custody

Protest from the Axis powers was not long in coming following seizure by the United States of some 69 German, Italian and Danish merchant ships docked in American ports.

According to federal officials the ships were seized for "protective custody" on the grounds of sabotage. Finding definite traces of systematic sabotage, the navy's intelligence service started the chain of events that led to the seizures.

One explanation of the action came from Herbert Gaston, assistant secretary of the treasury, who said the move was "protective" and aimed to "prevent the further breaking of damage which would constitute a menace to American ships and traffic being carried on in the harbors of the United States."

When the seizures were made there was found plenty of evidence to back up the suspicion of sabotage. Many of the ships' crews had wrecked the machinery of their vessels to the point where getting them out of port was impossible.

German and Italian embassies in Washington issued the first notes of protest to the state department but did not immediately disclose their contents. From Rome and Berlin came unofficial reports that the move had a most serious aspect to the foreign powers.

ROOSEVELT: Hits Out

President Roosevelt took time off from a fishing trip off Florida to hit out at antagonists of freedom, liberty and the pursuit of the ideals of the present administration by going ashore at Port Everglades, Fla., and broadcasting a punch-packed message to the American people who were clinging to their firesides as

JUGOSLAVIA: Challenge

The sudden and almost bloodless upset in the government of Yugoslavia was a challenge to popular imagination. In the briefest of intervals the people rose against the Vienna-signed Axis pact, overturned the government, placed Regent Prince Paul and his mates under military arrest, and seized the power.

Yet there was not an immediate turnaround, and though the British and American press welcomed the overturn with joy, it was evident to close observers that it was too early to toss hats in the air and to say that Hitler had been outfaced.

The Nazis immediately, it is true, demanded a clarification of the Yugoslav attitude toward the action of the predecessor government, nay, the Nazis handed it out in the form of an ultimatum.

Yet there was deep doubt over the whole situation. How sincere, demanded the watchers, were the Yugoslavs in their about-face?

Was the nation, ringed about on three sides by hostile powers, and

Here a Nazi soldier and Rumanian sailor are shown on guard duty on the Black sea. If a general Balkan conflict results from the Yugoslavian defiance of Hitler Germany might have to contend with Russia, which, like Rumania, has a border on the Black sea.

with aid from the British and the United States, though promised, entirely problematical, going to stand up to the Nazi threat of armed invasion, not only from the west, with German troops, but from the north, also, with the Fascist legions?

Early in the diplomatic move there was evidence that the people were wholeheartedly in favor of the United States and Britain—that they were not willing to ally themselves with the Nazis. But there were those who were inclined to question the early shouts of Long Live Britain and Long Live Russia which were heard side by side in the streets of Belgrade.

Russia and Britain were not openly allies. What did this mean? Did it mean that the Yugoslav people had secret information that Russia had turned against Germany? Did it mean that the dispatches saying Russia had lined up against Germany, had refused oil to the Nazis since last September meant that something reminiscent of the Treaty of Tilsit had occurred.

Or did it simply mean that along with the shouts for Britain there had been Communists shouting for Russia? Soon after the governmental overturn there was evident the fact that the Croats, Serbs and Slovenes, the integral parts of Yugoslavia, were not as one on the issue.

But later reports indicated that Yugoslav national unity had been reached in opposition to the Axis powers.

R. A. F.: Rampage

The Royal Air Force, taking advantage of every break in the weather, and with a fine disregard of increasingly heavy attacks by the Luftwaffe, carried out repeated daylight attacks and night bombings over Germany and the occupied territories.

British pilots claimed that they had skimmed 20 feet over roof tops in France and Belgium and while machine-gunning military objectives had witnessed the heartening sight of the populace waving them on from the ground.

The story was told how speedy little RAF fighter planes, attacking in pairs, swooped down to fire blasts at railways, roads, shipping and German planes on the runways.

So complete, was the British report of the RAF mastery of the situation, that not one German fighter rose to challenge them and not even anti-aircraft fire was encountered.

However that might be, German sources did admit that the bombings on Bremen and other key cities had been serious, though minimizing damage of military importance

STRIKES: Menace

When deputy sheriffs were sent to guard the CIO-struck International Harvester Co. plant at Richmond, Ind., they equipped themselves with football helmets and strong clubs, as shown above.

As a deep basso profundo background to the President's talk was the American strike situation, and there was little doubt that the Chief Executive's blasts were headed in that direction.

The great Allis-Chalmers strike, laid in the lap of the Dykstra-headed mediation board, was ordered settled pending negotiations, but on the reopening day, after some 500 employees had fired up the furnaces and had prepared the heat-treating equipment to handle the vital defense metals, less than 1,250 out of 7,800 workers on the first shift turned out.

But the mediation board was rolling up its sleeves. Even as the Allis-Chalmers workers voted a continuation of the strike, claiming that Knox and Knudsen had worked a conspiracy against them, the walk-out at Plainfield, N. J., was halted, the strike at Bethlehem Steel was settled, and there was evidence that Dr. Dykstra might succeed where Frances Perkins and her conciliators had failed.

The secretary of the navy and the production manager of the nation's defense had charged that the Allis-Chalmers strike was the result of fraudulent balloting. The union's reply was that this was a conspiracy to do labor out of its right.

The union refused to go back to work, throwing a defy in the teeth of the mediation board, while \$45,000,000 in defense orders lay idle in the factory.

There was no question but that the Allis-Chalmers walkout was the crux and heart of the whole American labor situation, stormy and severe. On it rested the whole government hope of controlling the situation without cracking down on labor in some drastic fashion, without robbing labor of its hard-won gains over a score of years, without forcing the plant to fall into the defense line despite the "under the law" labor difficulty.

Again the issue was not one of wages, primarily, but one of union membership, one of those technical issues which left the general public cold to the reason for which the strikers were fighting.

It was a case where union men were accusing both government and employer of failing to live up to promises—promises not only made in mediation but fashioned also in the labor laws of the New Deal.

It was an issue that all America and all Europe watched with growing intensity.

ITALY: Almost Out

Defeated at Cheren and with Harar in British hands it was apparent that little was left in the British campaign in Africa except to mop up the faltering legions of Mussolini.

Not only that, but London was claiming that the British navy aided the Greek units and the Royal Air Force had met the rapidly dwindling Italian fleet away from its bases and had badly shattered the remainder.

The British claims included one Fascist warship sunk and one battleship, and a destroyer badly damaged. Apparently this was the major engagement of the war in the Mediterranean.

The victory at Cheren was previously forecast as the last stand of the Italians. On this, it was claimed, the whole campaign in Eritrea hinged. It seemed that the forecasts were well founded, for hardly had Cheren fallen than two events occurred. The first was that Harar, walled fortress, capitulated.

The second was that Mussolini, according to grapevine reports, suffering from a nervous collapse, removed Graziani from command.

The naval defeat was said to be the last straw. The British asserted that they lost only one bomber.

MISCELLANY:

Hongkong: The Chinese silk industry, badly hit by war, will be re-established by the creation of a "silk village" near Hunan. A sum equal to \$1,500,000 has been invested there, it was said.

Star Dust STAGE SCREEN RADIO

By VIRGINIA VALE (Released by Western Newspaper Union.)

VERONICA LAKE, the beautiful blonde who's expected to zoom to stardom as a result of her appearance in Paramount's "I Wanted Wings," doesn't want wings right now—all she wants is a chance to stay put right in Hollywood for a while.

After finishing work in the picture—in which she plays a heartless vixen and provides tragic love interest—she flew to Montreal with her mother; she spent three days there, during which she made three personal appearances and four radio broadcasts. Her name was given to three babies, a new fox trot, a park and a military aerial maneuver. Canadian fliers named it the "Veronica roll" in her honor. Then she headed for New York, where she spent a day, and then flew home—where it had been planned that

VERONICA LAKE she'd be a feature attraction at the military aerial review at Randolph Field, Texas, staged as a prelude to the first showing of "I Wanted Wings."

"Broadway Limited," which is being made at the Hal Roach studios for release through United Artists, promises to be one of the year's most hilarious comedies. It's a tale of a film star en route from the West coast to New York with her director and her publicity man; the cast includes Victor McLaglen, (as a locomotive engineer), Zasu Pitts, Paty Kelly and George Stone.

Bette Davis received unexpected assistance the other day. For a scene in "The Bride Came C. O. D.," she was to walk down a flight of stairs, pause at the bottom, then rush into James Cagney's arms. Just as she reached the bottom a lamp above her head sizzled loudly and shot out sparks; without looking, she gave a surprised leap, and landed in Cagney's arms. "Print it!" shouted Director William Keighley. "It's perfect!"

Incidentally, Miss Davis will have, in "The Little Foxes," a role which might have been created for her. Talulah Bankhead played it when the play had a long and successful run in New York, then took it on tour throughout the country. This will be the first time that Miss Davis has worked for Samuel Goldwyn, and the picture marks his resumption of picture-making after a year of inactivity. William Wyler, who directed "The Letter," will direct, and the play is being adapted for the screen by its author, Lillian Hellman.

Melville Ruick, a radio theater announcer, has been one of radio's top announcers since 1935, but motion picture casting directors persist in seeing him as a typical orchestra leader. He appeared in one in "Kitty Foyle," the picture that brought Academy honors to Ginger Rogers, and has been cast as one in "Miami"—his third such assignment in a year.

Bonita Granville has her most dramatic role in "The People vs. Dr. Kildare," the latest of the Kildare series; she'll have to be on her toes, with Lionel Barrymore, Lew Ayres, Laraine Day and Red Skelton also present.

There's a new style in the air, thanks to Janet Logan and Barbara Fuller, the mythical stepmother-stepdaughter team on the CBS daytime serial, "Stepmother." They used to check up on each other's plans for a week ahead, to make sure of not wearing similar costumes. Then the stress laid on "mother-daughter" outfits gave them an idea; they wear clothes of similar design in contrasting shades—and fashion promoters are interested.

ODDS AND ENDS—Warner Bros. will film "Miniature Melodramas" based on popular short stories, employing top stars and writers. . . . Bob Hope appears in Hollywood's first battle of World War II in "Caught in the Draft" . . . Peter Lorre, who's added a sinister touch to many a movie, will play a rascally and fearsome sea captain in "The Uniform," which stars Rosalind Russell and Clark Gable. . . . Deanna Durbin has moved that wedding date up to April 18th, her parents' anniversary. . . . Paramount's to film "Government Girl," dealing with the life of a small-town girl who goes to Washington as a spy in the governmental machine.

HOUSEHOLD QUESTIONS

If your floors are worn and will not hold wax, try touching up the worn places with white shellac and then wax. The floors will be much improved by this treatment.

Save all celery tops, wash and dry them and place in the oven, turning them now and then. Store the leaves in an airtight tin. Use them for flavoring soups, salads, etc.

If using icebags in a sickroom, instead of shaving ice each time you wish to fill a bag, to save time shave enough to fill a quart pitcher and keep it in the refrigerator.

Paint piazza and garden chairs now so that they may be thoroughly dried before you wish to use them.

Grease the inside of the container, near the top, to keep milk from boiling over.

J. Fuller Pep By JERRY LINK

My wife says: "Fuller, if you don't quit eatin' Kellogg's Pep we're agoin' to hitch an anchor to you to keep you from flyin' over the neighbors' fences."

Which is a darn exaggeration because you have to get all your vitamins to feel as good as I do. And Pep has two that are least plentiful in ordinary meals—vitamins B, and D.

PEP's a goshawmighty fine cereal, though, that lots of people eat just for its taste. Why not try it?

Kellogg's PEP A cereal rich in vitamins B, and D

To Be Young To be seventy years young is sometimes far more cheerful and hopeful than to be forty years old. —Oliver Wendell Holmes.

MINOR SKIN IRRITATIONS MOROLINE 5¢ AND 10¢ WHITE PETROLEUM JELLY

With the Brave Join the company of lions rather than assume the lead among foxes. —The Talmud.

Black Leaf 40 KILLS APHIS

One ounce of "Black Leaf 40" makes six gallons of effective aphid spray. Use "Black Leaf 40" on apples, peaches, leaf miners, young fruit trees, where bugs, mostly bugs and most chippers, are found on trees, shrubs, garden crops.

Dare to Reach No one reaches a high position without daring.—Syrus.

THE TRUTH SIMPLY TOLD

Today's popularity of Doan's Pills after many years of worldwide use, surely must be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions.

DOAN'S PILLS

WNU—L 15—41

MORE FOR YOUR MONEY

Read the advertisements. They are more than a selling aid for business. They form an educational system which is making Americans the best-educated buyers in the world. The advertisements are part of an economic system which is giving Americans more for their money every day.

## A Telephone

Is no longer a luxury - - - It is a necessity. For calling your grocer, butcher or doctor it is indispensable. And remember, one minute's emergency might pay a year's telephone bill.

## Mister X

Wonders:

Why Jane Ruth did not go with Bill Bridges Sunday night...  
Why Camilla is so mad at Mr. X...  
If Coach will ever be able to make up his mind about these...

cause they are busy looking...  
If Mr. X is a boy or a girl...  
If the letter 'X' has any attraction for Keith...

If what Adell said about falling out of a car is true...  
Why V. A. tries to act so civilized...  
Why the seventh graders come into the study hall promptly at 8:30.

What would happen to me if "some people" found my true identity...  
Why boys who work at filling stations have such an attraction to Mattie Irene.

## "Mama's Baby Boy"

The Senior Play of Hedley High School, directed by Miss...  
The names of the characters in the play...  
The names of the characters in the play...

played by Ida Lou Johnson, will keep you laughing all night...  
The play is to be presented on Friday night, April 11, at eight o'clock.

There will be special music preceding the opening curtain and good entertainment between acts.

The high school students previously nominated by popular vote for Miss Hedley High School were Ida Lou Johnson, Josie Plank, Dorothy Jeanne Richey, Jane Ruth Hal and Peggy Boherty.

## FHT Club

A special meeting of the FHT club was called to order by Ida Lou in the music room on April 8...  
Then the meeting was turned over to Miss Bergner who reminded us that our FHT district meeting was to be April 12...  
The entire group sang Dietze's

Melodies Down and Out, Gone are the Days and When I Buy...  
after the singing of our club song the meeting was adjourned.  
Mary Patricia Steaks

## Fourth Grade News

We believe in the saying, See America First. In geography we are studying about the interesting places that an American can see in his own country. Detroit, the city of cars, Yellowstone National Park the museum, the Grand Canyon, Boulder Dam, our large waterfalls, and famous caves. We want to become better acquainted with the country that we live in.

## Assembly

The Assembly program for Thursday, April 8 was opened by the assembly singing two rounds, Row, Row, Row and Three Blind Mice. Then the assembly sang Reuben and Rachel and The Eyes of Texas. Next the seventh grade sang Ball the Ocean Blue and our adopted school song, Victory March. Our sports were raised still higher by Rev. Biggs inspiring informal message, The Goal of Life. Thus our monthly devotional was concluded.

## IF YOU LIVE IN the Panhandle YOU'RE IN THE OIL BUSINESS

There are nearly 65,000 like us, including oil workers and our families, in the Texas Panhandle. We get our entire living from oil and gas. The wage earners of our group receive over 19 million dollars a year.

My Dad is a rancher. He gets nearly one-fourth as much from his lease and royalty payments as he does from his cattle and crops. Over four million acres of Panhandle lands are now under lease and nearly 1 1/2 million produce oil or gas.

The oil and gas industry spends in our Panhandle area 50 million dollars a year. This money, paid to workers, ranchers, farmers, tax collectors and others, is spent and re-spent until every merchant, business and professional man—in fact every citizen—in our section gets his share.

I and our families and many others have a very big stake in the oil industry and its future in Texas.

**NEW IDEAS**  
For Home-makers  
By RUTH WYETH SPEARS

DO YOU remember how old-fashioned comforters used to be tufted? They were made of two layers of fabric with cotton between and every four inches or so in rows the three layers of material were caught together with a stitch of wool yarn double which was then tied twice and clipped to make a fluffy tuft. Well, that is exactly the way many of today's smartest chair covers are

made. A cover of this sort re-deemed this old rocker and revealed its hidden charms.

The cover is plain, medium green glazed chintz tufted with dark green yarn and three inch dark green fringe is used around the bottom. A long zipper makes a center back closing. Each section of the cover was fitted on the chair in the muslin lining first and these pieces were used as patterns for cutting the chintz, also the cotton which was trimmed to be 1/4-inch smaller all around. After the pieces were tufted, as shown at the upper right, the seams were stitched up. Long stitches were then made on the inside to catch the edges of the cotton in place.

NOTE: Are you planning to make slip covers this Spring? Mrs. Spears' Books 1 and 2 tell you exactly how. Book 1 gives directions for fitting and finishing slip covers for chairs and davenport. Book 2 shows you how to make a pattern first; also how to arrange openings in covers for chairs of unusual types, and how to anchor slip covers so they will stay neatly in place. Books are 10 cents each. Send order to:

**GOOD TIDINGS FOR THE EASTER BREAKFAST**  
(See Recipes Below)

**EGGSTRAORDINARY!**

With the passing of winter and the arrival of spring comes the joyful Easter season, bringing with it new life and new hope. Why not express these good tidings in the traditional Easter Sunday breakfast?

Make your Easter breakfast the No. 1 breakfast of the year—the time when the whole family, and guests, too, perhaps, gather leisurely 'round a gaily decorated table laden with their favorite early-morn dishes.

Let color-splashed eggs be the centerpiece. You can use those that the children have "discovered" in their traditional pre-breakfast egg hunt. Pile them high in the center of a grass-filled Easter basket. Then, to complete the scheme, mark each person's place at the table with an egg caricature—Uncle Sam, an Indian Chief, Mr. Rabbit or even a pert young lady.

"While they're still 'oh-ing' and 'ah-ing,' serve 'eggs in nests'—just to keep the theme in mind. To complete your menu, you'll of course want glasses of cold fruit juice, crisp ham slices or bacon curls and steaming popovers. It's taken for granted that you'll make plenty of hot coffee. They couldn't ask for more!

**\*Eggs in Nests.**  
(See picture at top of column)  
1 egg  
1/2 teaspoon salt  
Butter  
5 bread sticks

Separate egg, placing white in small, deep bowl and retaining yolk in one of the half shells. Beat egg white until stiff and slightly dry (when dry, it will have a slightly coarse appearance). Pile egg white in oven-proof cup or dish in which 5 bread sticks have been arranged. Drop yolk into depression made in center of egg white. Bake in a moderately slow oven (325 degrees F.) until bread tips and egg white are delicately browned (about 15 minutes). Season with salt, pepper if desired, and a lump of butter dropped on yolk. Serves 1.

Just in case you're wondering how the bread sticks are made, here are directions. Because of their dainty arrangement in the serving dishes, I call them **Bread Buttercrusts**:

Remove the crusts from a loaf of uncut bread. Cut lengthwise slices from the loaf. Trim the slices so that they are about 1 1/2 inches wide and the ends pointed. Brush with an egg and milk mixture and arrange in baking cups. It is best to brush the tips with a little melted butter so that they will brown more readily.

**\*Pop-Overs.**  
2 eggs, beaten  
1/2 cup milk  
1 cup flour  
1/4 teaspoon salt  
1 teaspoon melted fat

Combine eggs and milk. Pour over sifted dry ingredients. Beat with a rotary beater until smooth. Add butter. Beat. Pour batter into hot greased muffin pans, filling one-third full. Bake in a hot oven (450 degrees F.) for 35 to 45 minutes. Dry in oven about 10 minutes with

**LYNN SAYS:**

Eggs join with other foods to fill your needs and produce your health. They are among our best sources of the muscle building proteins. They are high in iron which is needed to build good red blood. They supply phosphorus which forms a part of every active cell of the body.

When "peeling" hard-cooked eggs, crackle the shells, then start the peeling at the rounded end of the egg. Holding the eggs under running cold water or dipping in a bowl of cold water helps to ease the shell off, leaving a smooth, unbroken surface of white.

heat turned off. Yield: 10 large Pop-Overs.

And now a word about the cleverly decorated Easter eggs that appear in the basket above.

You'll agree that even the most aristocratic rabbit should be proud to claim these original eggs. Decorating them is both easy and inexpensive. You'll need large white eggs, a package of dyes from the Five and Ten, a spoon-shaped wire hook with an end to use as a handle (for dipping eggs into the dye), rubber cement and stickers.

Buy gold and silver stars, dots in various colors, small red hearts, linen reinforcements that are really meant for loose-leaf notebooks, flower seals such as tulips, and red and blue legal seals. Most of these come in several sizes, but the small ones are the easiest to glue on a curved surface.

After the well-known hard boiling process you use your imagination about covering the eggs with stars and dots. Then try arranging hearts in four-leaf clover patterns, or turn the points outward and stick them around a center dot, as flower petals. All-over designs of blue legal seals and stripes of the red ones, pasted so closely that they overlap a bit, are quite effective. There are endless arrangements, and you have the advantage of being able to soak off and replace designs until you are pleased, without wasting an egg.

What to do with the Easter supply of hard-cooked eggs? I'm coming to that. . . Coarsely chopped or sliced hard-cooked eggs in superbly seasoned cream or white sauce become **CREAMED EGGS**. They will give luncheon and dinner menus a lift when served on crisply fried cornmeal slices, potato cakes, or waffles.

With eggs and cheese such boon companions, and cheese a prime favorite, too, **ESCALLOPED EGGS** and **CHEESE** is another use for Easter eggs—after Easter.

**Creamed Eggs.**  
6 eggs, hard cooked  
4 tablespoons butter  
4 tablespoons flour  
1 1/2 cups milk  
1/4 teaspoon pepper  
1/4 teaspoon salt  
Dash of cayenne or nutmeg

Melt butter, add flour and stir until smooth. Add cold milk. Cook and stir constantly until thick. Remove from fire and place over hot water. Add seasonings and sliced eggs, cut lengthwise. Stir carefully. Serves 4.

**Escalloped Eggs and Cheese.**  
1 1/2 tablespoons butter  
1 1/2 tablespoons flour  
1 cup milk  
1/4 teaspoon salt  
1/4 teaspoon pepper  
1/4 teaspoon paprika  
1 teaspoon Worcestershire sauce  
1 cup soft bread crumbs  
3 tablespoons melted butter  
1/2 cup grated cheese  
6 to 8 hard cooked eggs

Prepare a sauce of butter, flour, milk and seasonings. Arrange in greased casserole in layers using three-quarters of the crumbs, the sliced eggs, cheese and sauce. Top with remaining one-fourth cup of crumbs, mixed with the melted butter. Bake in a moderate oven (350 degrees F.) until sauce is bubbly and top nicely browned, about 40 minutes. Serve plain or with tomato sauce. Serves 4 or 5. (Released by Western Newspaper Union.)

**PATTERNS**  
SEWING CIRCLE

pattern. Yet that's just what you get when you send for this—No. 8886. That high-cut front panel has a magically diminishing effect upon your waistline and hips. Beltless, to accentuate height, the dress is gathered for correct fit over the bust. Broad shoulders give a slim look, too. The jacket, made with pleats drawn in by a tie-belt at the waistline, opens in the front to show the crisp frill and buttons that trim the frock, with a charmingly soft, somewhat formal effect. Silk print, flat crepe or sheer are smart for this.

Pattern No. 8886 is designed for sizes 36, 38, 40, 42, 44, 46, 48, 50, 52. Size 38 requires 7 1/2 yards of 36-inch material and 1 1/4 yards of ruffing to trim the dress. Send order to:

**The Questions**

1. What is a characteristic feature of Gothic architecture?
2. "Let us eat and drink, for tomorrow we die" is a quotation from what?
3. What is the most widely used name of saints?
4. What took place during the "Hundred Days" in French history?
5. Elizabeth Blackwell was famous as what?
6. What of the following makes up the greatest per cent of the air we breathe: hydrogen, oxygen or nitrogen?

**IT IS A JOLLY WORLD**

On the hotel register was the entry, "Patrick M'Gee—Irish and proud of it." Immediately below it was "Sandy M'Leod—Scotch and fond of it."

**All Ready**

It was late afternoon. Mrs. Browne approached her cook. "I know it's the third time this week, Mary," she said, "but my husband has just phoned from the golf club that he's bringing three friends to dinner. How long will you need to get ready?"

**By Practice**

Little six-year-old Bertie was telling his big brother about the nurse who visited his school. "Is she a good looking?" John asked. "Of course she is," replied Bertie. "She looks down our throats every week."

**Making Sure**

A traveler at a small hotel ordered two boiled eggs for breakfast. The waiter who served him brought three. "Here," said the traveler, "why have you brought me three eggs? I only ordered two." "Yes, sir," said the waiter, smiling, "but one of them might fail you."

**TIPS to Gardeners**

**TRIM FLOWER GARDEN**

THERE is much value in keeping the flower garden trimmed. Wise gardeners pick bouquets of favorite annuals like Marigold, Zinnia, Petunia, Sweet Peas and Snapdragon with systematic regularity, for the picking promotes continued blooming.

Periodic trimming is not best for such small, low-growing edging flowers as Alyssum. A complete cutting, however, will benefit this type of plant. This treatment may be applied to Ageratum, Linaria, Lobelia, and Nemesis as well as Alyssum.

Finks, Cynoglossum, and Dwarf Bedding Rust Resistant Snapdragon are grown both for cutting and for garden beauty, but they too will profit by a thoroughgoing "haircut" such as that prescribed for the smaller, edging favorites.

It is advisable to pick the flowers of certain popular perennials when they are in their prime, to prevent their running to seed, and to promote the production of a second crop of blossoms in a single season. Delphinium, Sweet William, Coreopsis, Perennial Dianthus, and Pyrethrum should be handled in this manner.

**A Quiz With Answers**  
Offering Information on Various Subjects

7. How thick is the bark of some of the giant Sequoia trees?
8. America's record high jump for a horse with record is held by what horse?

**The Answers**

1. The pointed arch.
2. The Bible—Isa. 22:13.
3. Valentine has been the most widely used name of saints, one recently compiled list containing 52 of them.
4. Napoleon's second reign (after his return from Elba, from March 20 to June 20, 1815).
5. The first woman doctor of medicine.
6. Nitrogen (78.06 per cent).
7. Many trees have bark that is two feet thick, and a root system that spreads over an area of three acres.
8. Great Heart, which cleared the bars at eight feet and thirteen-sixteenths of an inch at the South Shore Country club in Chicago in 1927, holds the record.

### Shelterbelt Cultivation

"The key to a successful shelterbelt is adequate cultivation," stated Forest Officer Doug Miller of the Prairie States Forestry Project. "Shelterbelts must be cultivated from six to eight times yearly in order to obtain the best growth and survival."

"Trees are like cotton, maize, or any other row crops. They must be freed of weed competition to thrive and the more they are cultivated the faster they will grow." Mr. Miller indicated that one of the big reasons some shelterbelts are stripped others is that the latter shelterbelts were given better cultivation.

"The best time to cultivate is before the weeds get much of a start," declared Mr. Miller. "Never let them get over six inches high, for when the job to get rid of them is harder."

Usually, best cultivation around the first of April, followed up every two weeks until

around July 15, will give the trees a good start in life. Miller mentioned the W. I. Rains belts near Heedley; Claude Nash two miles east of Heedley; W. F. Walker north of McKnight; John Goldston northeast of Clarendon; J. H. McMurtry southwest of Clarendon and others are examples of what intensive cultivation will do to make trees put on thrifty growth.
