## Thomas Earl Bailey Dies

Final tribute was paid to the memory of Thomas Earl Bailey Sunday at the Methodist Church of Hedley. Rev I E Siggs had charge of the services. Burial was in the Rowe cemetery under direction of Womack Funeral Home.

Tom Bailey had lived in Donley County for 81 years, and his passing is mourned by many friends. He had been ill for several months and death came late Friday night.

Survivors other than the widow Mrs. Mary Juanita Bailey are three sons, Elmore, Weldon and Paul Bailey, and five grand children.

Pallbearers were Pete Land, Jiggs Land, John Nash, Fred Watt Jr., Woodrow Farris and Tommy Bain. Honorary pallbearers were Carl Pettitt, Malcolm Glass, Mac Sims, E. L. Farris, Claud Nash, F. G. Watt, Roscoe Land, J. W. Bland, Ben Bates, Hobart McFitt, W. D. Franklin and J. W. Noel.

The Informer extends sincere sympathies to the bereaved.

## Baptist Church Notes

The services the past Sunday were inspiring. The attendance at all services was large. The interest was fine. How happy we were to see one walk the aisle for Jesus and to unite with the church as a candidate for baptism. We would have been happier if others had come also. We had an evening preaching service as we dismissed for the Methodist revival.

The Women's Missionary Society meets each Monday, 4 p m. Last Monday a large group of women were present to have a program on missions as represented by the cooperative program.

Sunbeams, listen for an announcement about a time and place for your meeting next week. Mothers of Sunbeams, please take notice, also. Our children are our dearest possession. Yet many are more interested in prosperity than in posterity—in wealth than in children. Many are willing to lower morals in order to raise money.

The first Sunday in October will mark the beginning of the second year of Pastor Teaff's work with the local church. As we make our plans for the new year together, let us set our goals high and make our plans in accordance with God's will. Some things have been done, but there are bigger victories to win. Let us be workers together with God.

How do I invest my time, my money, my possessions, my influence? This question ought to search our hearts and call us to a rededication of our entire personalities to Him from whom cometh all our blessings.

You are welcome to worship with us.

A. L. Teaff, pastor

## Family Reunion

Sunday, Sept. 14 was again a happy day for 82 relatives who met at the home of Mr and Mrs A. F. Johnson for a reunion. They began to gather at 10 a. m. and continued to come until noon when we had a picnic dinner. Clyde Johnson ask the blessing. The afternoon was spent in playing games and eating watermelon. At four thirty good by's began to be said till another time.

Those present were Mr. and Mrs. S. F. Johnson, A. F. Johnson and family, W. G. Johnson and family, Troy Sibby and family, C. A. Johnson and family, C. W. Mullins and family, Menford Dennis and family, all of Hedley; C. G. Johnson and family of Amarillo, Sam Couch and family, Clarence Couch, and Odie Williams and family, all of Palo Verde, Okla.

### Edward C. Wayne Nazi Test Can Foreign Policy Position; Paper Sees Defeat for Germans; Winter Nears Eastern Front

NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.  
(Released by Western Newspaper Union.)

### Was Attacked; One Sailed Safely

Almost at the same time that a Nazi sub attacked the U.S.S. Greer in Iceland, the safe arrival at Vladivostok was announced of the \$4,225,000 American oil tanker, Associated. (Below) The Associated carrying 10,000 barrels of high-octane gas for use by Soviet aircraft is the second of stopping American ships in a Japanese sea zone. The Greer, damaged, dropped a depth bomb in a counterattack on the sub. The incident is the first in which an American warship figured in the present war. Showing (at top) is the U.S.S. Roper, sister ship of the Greer.

### REER: Test by Nazis

The encounter of the U. S. Destroyer Greer 200 miles southwest of Iceland with a German submarine turned out to be an incident of the utmost importance in defining America's position in the world war. It was not so much the nature of the battle, but the wording of the German announcements concerning that increased its significance to Americans. For the Nazis not merely admitted that it was a German submarine which was involved, they placed the blame squarely on President Roosevelt, not only because of his general foreign policy, but went beyond this and charged that Mr. Roosevelt had given general orders for the American navy to start shooting.

The Germans asserted that the Greer was the aggressor in the fight, not merely contented itself with ascertaining the position of the submarine, but had begun the shooting and that the German craft had done itself without "being in a position to know" the nationality of the U. S. craft. President took the attitude that the Greer was on proper U. S. seas on the high seas, that he had no reason to consider a German warship as having any effect on freedom of the seas for Americans, and that the Greer, in attempting to "eliminate" a German submarine after an attack, had acted properly.

Many quarters it was believed that the prime purpose of the U-boat attack on the Greer had been to cause an incident which would test the strength of the President's foreign policy, and perhaps create a national tempest to have American troops withdrawn from Iceland, and naval vessels ordered to the east of the eastern parts of the Atlantic.

If the Germans had said: "We are sorry, but the torpedoes launched from a considerable distance, and we had thought that the Greer was a British destroyer," the incident would have passed in a day or two.

No bones were broken or armor plating dent. But the Germans decided instead to charge Mr. Roosevelt with having ordered the American ship to attack the U-boat, and the reaction, as far as could be seen, was quite the reverse of what the Germans had planned and hoped for. A congressman said: "I don't believe Roosevelt against any day in the week."

and that about summed up the general public reaction. Most interesting was the excitement of certain isolationists, who immediately following the encounter, had said that the Greer was attacked by a British submarine in a gigantic effort to get the United States into the war.

acceptance by Germany of the submarine's identity deflated arguments abruptly.

### BRIEFS

OSLOW: Four American pilots of the British air forces were rescued and seven survived the torpedoing of the vessel on which they were crossing from Canada. A sea-lane submarine commanding German, apparently what he had done, came face, talked with the surdialdied firing the torpedo, sank the ship.

### JAPAN: Sees Defeat?

Arrival of a second tanker-load of oil at Vladivostok without Japanese interference was accompanied both by a stiffening of the British-American attitude toward Nippon and a sensational article in Japan News-Week practically predicting a Nazi defeat in this, the third year of the war.

No attempt was made to suppress the publication in a paper which often reflects the views of high government circles.

At the same time a national newspaper poll disclosed that Americans had voted 70 per cent in favor of a curbing of Japan even at the cost of war.

Japan's News-Week said: "The situation ushering in the third year of war is such that although it does not indicate that the Nazis and their ill-founded plans have been defeated, it does mean that by the end of the third year the finish of the horrible carnage should be within the grasp of the Allies. "However well Hitler may have thought he planned his march to world domination, it is now quite apparent that even he is fallible."

### LENINGRAD: Defense of City

Despite conflicting reports about the status of the battle for Leningrad, it was evident that the defense of the city already had started, and that once again the Russians were surprising the world with the tenacity of their resistance, and their willingness to make huge sacrifices for eventual victory.

Early in the German invasion of Russia it had been stated that if the Russians were willing to make the necessary sacrifices, and were willing to fight on even though forced into retreat that might cost them Leningrad, Moscow and Kiev, the Germans would find them as tough a nut to crack as the Japanese had found the Chinese.

France had the same opportunity, but had failed. Would the Russians really fight. The answer to that question already had been written in the history of 2½ months of warfare on the eastern front, and the Russian defense of their homeland was challenging the admiration of skeptical England and even more skeptical America.

The end of September was going to bring the end of favorable winter weather for the Germans, and most military observers believed the Nazi army was in for a tough winter in Russia.

Claims were still conflicting, but the admission by the Germans of upwards of 1,500,000 casualties on their own side spoke volumes for the real character of the Russian defense.

The Finns were claiming "confusion" in Leningrad and the "city in flames," while Moscow reported its defense intact, and counterattacks on the borders of the city succeeding. The German communiques claimed only that her longer-range guns had found the city's industrial plants, but of severe resistance "by men, women and children."

### Round Leningrad

The map shows the area in which the battle of Leningrad was bitterly fought. (a) Schlessburg, 25 miles from Leningrad; (b) Kronstadt, Soviet naval base and fortress; (c) Jerjoki, which witnessed some of the grimmest fighting.

### CRUISERS: Pair Take Water

At Kearny, N. J., and at Quincy, Mass., two more cruisers took the water to add strength to America's two-ocean navy, and a third's keel was laid the same day at Philadelphia.

The Kearny ship, a 6,000-ton speedster, was reported to have a speed of 43 knots, equal to the fastest destroyer. Many secret features give her this speed, it was said. The other vessel, the San Juan, launched at Quincy, was of similar characteristics, but all information about her in detail was withheld.

The launchings brought the total of ships far past the 338 figure on August 1, which did not include the new battleships North Carolina and Washington, floating but not yet in actual service, also many smaller craft.

The fleet actually in service included 15 battleships, 6 aircraft carriers, 37 cruisers, 168 destroyers, 112 submarines.

### FORTRESS: Plane of the Hour

Although there are only a few "fortress bombers" in Britain taking part in the air blitz of Germany and occupied points, the work they were doing was bringing much commendation that many stymied them "America's outstanding contribution to warfare."

There was little mystery about the new ships, for they were simply a translating of the "stratoliner" into a warplane.

And the United States, recognizing the favorable reaction to this air weapon in actual use, immediately implemented it by giving a \$337,000,000 order to Boeing and designating two other factories to make them in volume, giving Douglas a \$9,700,000 contract for a few, and ordering the Vega factory to get ready to put them out on a basis of interchangeable parts with those made by Boeing and Douglas.

What the Fortress plane, as Britain called them, could do was being demonstrated almost daily in warfare. The usual communique was that a bombing had been carried out, and "all our planes returned." A jaunt from Britain to Berlin was just a short hop for these planes, carrying a huge load of bombs and moving high above accurate anti-aircraft fire, often not seen or heard until their explosives started hitting the ground.

Yet at least one had returned partially damaged after an encounter with seven Nazi fighter planes, which were forced to attack it from down under. The usual technique of fighting a bomber is to swoop on its tail from above.

The planes are four-motored, of excessively high speed, capable of flight, fully loaded, at 40,000 feet altitude, carry a big crew, heavy armament, and a tremendous load of large-caliber bombs.

It is known that a navy plane of similar proportions is soon to be launched and tested in this country. It is even larger than the Fortress bombers.

### PLOT: To Fuel U-Boats

Baltimore, a port-of-call for the German submarine Deutschland during the last war, got a thrill out of the revelation that a Portuguese freighter, the Mello, was seized at Norfolk, Va., after loading in the Maryland city a cargo of 1,000 gallons of lubricating oil, believed destined for German submarines at sea.

The Mello put into Norfolk, and during a routine customs examination, the supply of lubricating oil, which the ship was not licensed to carry, was found, and it was listed simply as "stores."

The U. S. attorney at Baltimore issued a warrant for the arrest of the captain, J. C. Martins. He was charged with violating two presidential proclamations which listed certain items which could not be exported without license.

A customs investigator said: "We believe this sort of thing—you might call it a racket—has been going on for some time." He explained that with 75 ships loading at once, and only 25 customs investigators to examine them, many vessels are "getting away" with large quantities of unlicensed material.

### Star Dust STAGE-SCREEN-RADIO

By VIRGINIA VALE  
(Released by Western Newspaper Union.)

THOUGH practically all the girls in Hollywood are having their hair cut very short, Myrna Loy is holding out for longer locks. She's showing us a new hair-do in "The Shadow of the Thin Man," however. Parted in the center, the hair is rolled behind the ears and caught by a barrett or a bow at the nape of the neck in a cluster of curls. She likes variety, says she, and that's why she likes fairly long hair. Incidentally, the Coast hairdressers are worried for fear that the tightly shorn locks of the heroine of "For Whom the Bell Tolls" will become too popular, so on the screen they'll be longer than in the book, we're told.

Jimmy Dorsey's band will furnish the music for "The Fleet's In," the navy musical on which Paramount certainly seems to be shooting the works. Dorothy Lamour, William Holden and Eddie Bracken head the cast, which includes Betty Hutton, Cass Daley and Gil Lamb. William Schertzing directs.

Gregg Toland, who did the camera work on Samuel Goldwyn's "The Little Foxes," recently picked out Hollywood's 10 most interesting faces—said that they had one thing

GARY COOPER

in common, a something that "time cannot dim nor custom stale." They are Gary Cooper, Gloria Swanson, Ingrid Bergman, Frederic March, Marlene Dietrich, Frank Morgan, John Qualen, Bette Davis and Ronald Colman. He explained that their faces register character, intelligence and physical magnetism, adding that Bette was tops among the women, Cooper among the men.

The Canadian government has thought up something new in the way of army training. Walt Disney has been commissioned to produce a group of animated films for the training of recruits—work has already started on one dealing with the operation of the new anti-blitzkrieg weapons.

On the face of it it doesn't seem quite right that a white man has been daubing war paint on 16 Indian braves at Warner Brothers'. Furthermore, he's getting them ready to massacre a troop of United States soldiers. It's all for "They Died With Their Boots On," the story of General Custer's final battle, and they can't put on their own makeup because it's against the regulations of the Screen Make-Up Artist's guild. Ward Hamilton, who's applying the make-up, had to learn how from the Indians themselves.

Ann Sheridan was booked for some weird fittings at that same studio not long ago. It wasn't dresses that she had to try on, but mummy cases! In "The Man Who Came to Dinner," she enters one, and is locked in.

Tess Sheehan would like to play her role of "Aunt Cora" in "Woman of Courage" all day long; she has hay fever, and it doesn't bother her when she's in the air-conditioned studio. But that same air-conditioning gives some of the other girls bothersome throats.

Leone LeDoux, who doubles for "Baby Dumping" and the Burnstead's new baby girl on the CBS "Blondie" program, says she uses the Gainsborough system to keep the roles distinct on her script. She marks "Baby Dumping's" lines with a blue pencil—"After Gainsborough's 'Blue Boy,'" and the baby sister's with pink for "Pinky."

ODDS AND ENDS—Claudette Colbert's going to do "The Ballerina from Brighton," which is being specially written for her; it's a tale of a ballet troupe stranded in Europe because of the war. . . Robert Montgomery has been quoted as saying that he and the movies are through with each other, but Metro considers that he's just on leave of absence while he's on duty as a U. S. naval intelligence officer in London. . . Laurel and Hardy are booked to do 10 pictures for 20th Century-Fox. . . Chester Morris will star in "TU Be Back in a Flash," the story of a radio news commentator—and guess where they got that title.

### PATTERNS SEWING CIRCLE

8991

LONG straight lines from shoulder to hem give this simple frock slenderizing lines. Furthermore, you nip in the waistline by means of side sashes which tie in back. It's a cool frock too, cut with short kimono sleeves. A neat, convenient pair of pockets fit nicely into the entire design.

### Household Hints

To skin tomatoes easily, place them in a basin, pour boiling water over them and let them stand a minute. You will find that the skin can be removed without any trouble.

When fitting pastry into a pie never stretch it. Lay it in place and allow at least half an inch on the edges when trimming. Pastry shrinks when baked.

For a quick salad, cut tomatoes in thin slices, spread each with a mixture of salad dressing, sardines, chopped pickles and olives and serve on shredded lettuce.

When creaming shortening and butter for a cake, save time by mashing them together with a potato masher. This will not harm your mixture and is certainly a timesaver.

A quick method of making french dressing is to put all ingredients into a small jar, screw cover tightly and shake until dressing is thoroughly mixed.

We call it the perfect frock for household wear. And a frock for maternity wear too, because of the expandable waistline.

Pattern No. 8991 is in sizes 14 to 20; 40 and 46. Size 16 takes 4½ yards 35-inch material. Four yards ric rac. Full directions for sewing are included in a sew chart which comes with the pattern. For this attractive pattern send your order to:

TAXPAYERS**

House Bill No. 76, recently passed by the Legislature, releases all penalty and interest on State and County Ad Valorem Taxes, both real and personal, that were delinquent before July 1, 1940. If you have any such delinquent State and County Taxes, you may take advantage of this complete interest and penalty remission NOW by paying

**ALL TAXES DUE**

If a lien holder wants to pay all the delinquent taxes on the property on which he holds a lien, it will be necessary for him to pay a penalty of 6 per cent, unless all the taxes on all other property owned by the taxpayer, both real and personal, are paid at the same time. The above rule also applies to the owner of the property.

**This Law Expires November 1, 1941**

(This law does not affect 1940 taxes, on which the usual penalty will be collected.)

Under the Penalty Remission Bill, all penalty and interest are released provided all delinquent taxes are paid. STAGE SCREEN RADIO  
By VIRGINIA VALE  
(Released by Western Newspaper Union.)

CAREY WILSON, producer of the Hardy Family pictures, was awarded a Master of Arts degree by the Colorado State College of Education recently, in recognition of his "artistic, creative and ethical contributions to the screen and because the Hardy pictures have made an outstanding contribution to clean, wholesome entertainment for the American people."

All of which is pretty impressive. But—right on the heels of all that, the National League of Decency cracked down on "Life Begins with Andy Hardy," the latest of the series, finding it objectionable for children!

Norma Shearer is back in Hollywood after a visit in New York, preparing for her first film since "Escape." It will be "We Were Dancing," based on a Noel Coward stage success, and Melvyn Douglas will be her romantic partner.

er Makes Him Dubious.  
UCH a cute looking girl, he just had to tell her "I'm glad I met you!" But immediately she plants a doubt in his mind with her crude "It's mutual, I'm sure!" If only she'd learned a correct reply such as "I enjoyed meeting you, too!" As it is, he's glad he didn't ask her for a date—she might embarrass him wherever they'd go.

Our 32-page booklet explains what's correct for men and girls, when dancing, driving, at theaters, on week-ends. Discusses petting, "good-night kisses," living etiquette of introductions, travel, tipping. Send order to:

**ADD ZEST TO MEALS WITH JELLIES AND RELISHES**  
(See Recipes Below)

## LINE YOUR PANTRY SHELF!

As full of tang and zest as autumn are these recipes tailored to fit your canning cupboard. Crisp relishes, sparkling jellies, bright tomato catsup, and pickles of cucumber and peach—what a selection you'll have for making your meals a festive board!

Your pantry shelf lined with these sweet, spicy fruits and vegetables will be your line of defense, too, not only for meal planning but in working out a nutrition and food defense program. Generous supplies of fruits and vegetables now will assure you of plenty in fall and winter if you put them up.

Be sure to use a good quality cider vinegar to prevent pickles from becoming soft, tough, or shriveled. Good, full-bodied spices are also vital to successful canning.

**\*Bread and Butter Pickles.**  
(Makes 10 pints)  
25 medium sized cucumbers  
10 onions (medium-white)  
½ cup salt  
1 pint vinegar  
2 cups sugar  
2 tablespoons mustard seed  
2 tablespoons ginger

**\*Concord Grape Jelly.**  
(Makes 11 medium glasses)  
3 pounds ripe Concord grapes  
½ cup water  
7½ cups sugar  
½ bottle fruit pectin

**\*Watermelon Pickles.**  
Thinly cut the green rind from watermelon, removing soft part of pink meat. Cut in pieces and cover with salt water made from 1 cup salt to 4 cups water. Soak 12 hours, drain and cook in boiling water until half tender, about 10 minutes. For every pound of rind, allow a sauce made from:

1 3-inch stick of cinnamon  
8 cloves without heads  
2 cups sugar  
1 cup water  
1 cup vinegar

Tie spices in a cloth bag. Cook all ingredients 10 minutes. Add rind and slowly bring to a boil. Remove spices. Place rind in sterilized jars, cover with hot syrup and seal.

Spice the fruits from your orchard or carefully chosen material from the market and you will always have something of a surprise to add to mealtime. Served as a meat accompaniment, garnish or a relish whole, luscious fruit decorated demurely with

## LYNN SAYS:

Cookbooks that will make a difference in your life and also a difference in your meals are worth looking into. Fall's a good time to look when you think of the many holidays in the months ahead and the entertaining you're going to do and the new ideas you'll need.

"June Flatt's Party Cookbook," published by Houghton Mifflin, is a classic in that the recipes are given in a conversational sort of way as though your very best friend and best cook were giving you some of her favorite recipes. Here you'll find such treasures as corned beef and cabbage, veal kidneys in mustard, hot buttered scones, and strawberry and almond soufflé.

Dishes you've never thought of and touches that add real distinction to everyday food are given in "Mrs. Lang's Complete Menu Book," also published by Houghton Mifflin. Menus for every kind of occasion are given and recipes, too, for every one of them.

cloves, ripened and mellowed in heavy syrup, fills menu demands beautifully.

**\*Picked Fruit.**  
(Makes 5 to 6 pints)  
2 cups vinegar  
5 cups brown sugar  
or  
2½ cups each, brown and white sugar

2 tablespoons whole cloves  
2 sticks cinnamon  
4 quarts peaches, pears, or crab-apples

Cook sugar, vinegar, spices 20 minutes. Select firm fruit, remove the thin skins from pears and peaches, if using them, but do not pare crabapples, rather leave them with skins on. Drop in fruits, few at a time, and cook until tender. Pack in hot sterilized jars, adding syrup within a half inch of the top. Seal and store in a cool, dry place.

Concord grapes, deep purple, velvety, and plump with juice are one of autumn's favorite fruits. They lend themselves nicely to jelly, either by themselves or in combination with other fruits. As conserves, too, they will help you make menu magic.

**\*Concord Grape Jelly.**  
(Makes 11 medium glasses)  
3 pounds ripe Concord grapes  
½ cup water  
7½ cups sugar  
½ bottle fruit pectin

Stem the grapes and crush them thoroughly. Add the water, bring to a boil, cover, simmer 10 minutes. Place fruit in jelly bag and squeeze out juice (about 4 cups). Place sugar and fruit juice in large saucepan, mix, and bring to a boil over a very hot fire. Add pectin, stirring constantly, bring to a full rolling boil. Boil hard ½ minute. Remove from fire, skim, pour quickly into glasses. Paraffin at once.

**\*Grape Conserve.**  
(Makes 10 12-ounce glasses)  
7 pounds Concord grapes  
Sugar  
2 pounds seedless white grapes  
4 oranges, sliced thin  
1 pound broken walnut meats  
1 teaspoon cinnamon  
½ teaspoon nutmeg

Stem the grapes; wash and mash slightly. Cook slowly until juice is free, about 15 minutes. Force through a sieve to remove seeds. Measure pulp. To every 4 cups pulp, add 3 cups sugar. Add white grapes, orange slices, cinnamon and nutmeg. Cook to the jelly stage. Remove from heat; add nutmeats. Seal in hot, sterilized glasses.

Putting up a batch of tomato catsup offers pleasure in more ways than one. You enjoy the luscious, spicy odor of the cooking, and the fragrance seems to permeate the house for days. You'll enjoy seeing the jars of rich red fruit on the shelves, and then again you'll like tartness of the relish as part of your meals.

**\*Tomato Catsup.**  
(Makes 5 to 6 pints)  
4 quarts of tomatoes, quartered  
2 large onions, chopped  
2 cups granulated sugar  
2 cups vinegar  
1 teaspoon salt  
2 tablespoons whole allspice  
½ tablespoon whole cinnamon  
2 tablespoons whole cloves  
1 teaspoon whole black pepper  
2 tablespoons paprika  
½ teaspoon dry mustard  
Simmer tomatoes, onions, sugar, and vinegar 2 hours. Tie the allspice, pepper, cinnamon and cloves in a bag and add with the remaining ingredients, and continue cooking for another hour. Remove the bag of spices and force the vegetables through a sieve. Reheat to bubbling hot and pack in hot, sterile jars.

WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON (Consolidated Features—WNU Service.)

NEW YORK.—From somewhere deep in Sybil's Cave in Washington comes the whisper that the government has secretly called in Maj. Her-

Maj. Yardley Again Assaying Foreign Broadcasts Here? ... forgiven his indiscretion in publishing "The Black Chamber" a decade ago and set him to work again plucking diplomatic and espionage secrets from the air.

This is highly interesting in view of Major Yardley's frequent predictions that the state department would have to set up new listening posts, and carry on where he left off, in the event of war or even the threat of war.

Major Yardley was so expert as a de-coder that, knowing no Japanese, he could catch Japanese double-talk on the air, and de-code it. When Henry L. Stimson was secretary of state he didn't like either espionage or counter-espionage and thought no decent nation should have anything to do with it.

Hence, Major Yardley's secret "Black Chamber" in New York, which must have been something like the lair of Cagliostro, was summarily closed and the major was fired. Then he wrote his book and its repercussions were such that congress passed a law against his writing any more of the same kind.

In this book, he included de-coded messages showing how Japan had been giving this country the grand run-around during the Washington arms conference. It almost caused a cabinet crisis in Japan and made our state department reach for its smelling salts.

Herbert O. Yardley, a native of Washington, in his youth a telegraph operator for the war department, became a code expert and was transferred to the cryptographic bureau just before our entrance into the first World war.

Whether it's nice or not, the exigencies of the time are such that the newly organized foreign broadcast monitoring service is now working a 24-hour shift, assaying about 900,000 words of daily foreign broadcasts.

DOWN in the valley he heard the train blow. So the farm boy in the North Carolina mountains hung up his hoe and followed the white plume of smoke to fame and fortune.

Old Squirrel Gun Taught Tycoon to Draw Sharp Bead ... Thomas A. Morgan's muzzle-loading squirrel gun was an instrument of precision compared to the best article of economic and business at a time like this.

So, today, his target is post-war solvency. With all the rush of defense orders and plant expansion there is each day something in the kitty for what may come hereafter. For the first half of this year, \$433,316 has gone into this "eushioning" fund. The margin for error in his computations probably is greater than that of a Sperry bomb - sight, but whatever a skilled precisionist may do is being done.

At 16, Thomas A. Morgan fetched up in the navy, was quickly engrossed with the magic whirling of a Sperry gyroscope and was there by steered into his manifest destiny.

His skill with the gyroscope brought him in touch with its inventor, Elmer A. Sperry, and his career as a maker of precision instruments—the need for which is always in inverse ratio to the stability and precision in the affairs of men.

It wasn't all smooth sailing. During the World war, the czar's navy was ducking and dodging and hiding in the mists. Mr. Morgan chased it here and there and everywhere, to sell it gyroscopes, caught up with it and rang up a sale. It was an epic of American salesmanship.

Mr. Morgan became president of the Sperry corporation in 1928. Shortly thereafter he became an eminent patron of aviation and soon was caught up in a swirl of institutes, chambers, boards, funds, councils and societies—the inescapable fate of eminence and intelligence in America. If the chariot of progress needs anything new on its dashboard, he and his company can be relied upon to figure it out and install it overnight. Mr. Morgan had but 10 months of schooling behind him when he broke home ties to join the navy.

LET'S MAKE A DATE FOR LUNCH (See Recipes Below)

FALL LUNCHEON

As the leaves begin to crackle and fall's favorite flower, the chrysanthemum, stirs in the sweet smelling earth, and fruit hangs heavy and ripe on the trees—do your thoughts turn to luncheons and bridge?

If they do, prepare to have one now, using as your theme the leaves, fruits or flowers that fall has to offer as a welcome change from summer luncheons you may have had. If you are having a pre-luncheon bridge, try carrying out the fall theme on the bridge tables with small vases of fall flowers, in candies, and decorations. Favors can be had using the autumn theme and prizes may be wrapped in the burnished fall shades or tied with ribbons of that color.

Whatever you do, have your tables and especially the centerpiece stunning enough to stimulate interest and conversation. It'll make luncheon and bridge afterwards a real success, and star you as a smart hostess.

Play up the oranges and yellow in food for luncheon, picking it up here and there in this dish and that with a touch of green to lighten interest. Do something unusual in the main dish by having a frozen or cooked fish fillet lightly creamed and well garnished. Simple to fix, a dream to behold, yet delicate to taste, here's your main dish:

\*Creamed Fillet of Flounder With Mushrooms. 2 packages quick frozen fillet of flounder, cooked or 2 1/2 cups cooked fish 2 1/2 cups fish liquor or light cream 2 1/2 cups sliced mushrooms 6 tablespoons butter 4 tablespoons flour Salt and pepper Watercress

If using frozen flounder, cook in a saucepan, adding 1 cup boiling water and 1/2 teaspoon salt, and cook until tender. If using cooked fish, be sure it is well drained. Flake fish. Cook mushrooms in butter, until well browned, add flour. Add fish liquor and cream, gradually stirring constantly and cook until thick. Add fish and seasoning. Serve on hot buttered toast or in patty shells. Sprinkle with paprika. Garnish with watercress.

When serving the vegetables, pretty the platter by serving both the green beans, cut in long, lengthwise strips, side by side. Or have a mound of carrots or beans in the center, and then have alternating mounds of green bean and carrot strips coming out toward the rim of the plate.

If you were to take a poll among your luncheon guests, you would probably be surprised how many

LYNN SAYS:

Set up and take notice of fall's possibilities for table decoration. Cornucopias and centerpiece of fruits and vegetables interlaced with burnished leaves and brightly colored flowers certainly have a way with them and will do very nicely for your luncheon table.

Take a tip from the outdoors and make the most of the humble squash, apple, pear, or a spray of bittersweet. Let your fruit glisten and shine by rubbing with oil and then polishing to a high luster. For more permanent effects, have the fruit lacquered. Arrange pears, apples and grapes on dollies of autumn leaves and set on a mirror for the centerpiece, or have the fruit arranged from the opening of a squash. Dusky red or bright chrysanthemums look effective if arranged in a small squash. Any of these will give your table a smart note and also a piece of grand conversation for luncheon guests.

Speaking of nice touches, put a leaf of deep rich red, brown, or yellow, or a bit of bittersweet to the side of a placecard. This will be just fine to carry out the autumn theme of the centerpiece.

\*Recipe Given

women confess to an extraordinary interest in rolls, bread and muffins. Here's a bread which highlights a luncheon perfectly and whose orange flavor gives just the right touch of piquancy to the meal:

\*Orange Honey Bread. (Makes 1 loaf)

- 3 tablespoons shortening 1 cup honey 1 egg, well beaten 1 1/2 tablespoons grated orange rind 2 1/2 cups flour 2 1/2 teaspoons baking powder 1/2 teaspoon soda 3/4 cup orange juice 3/4 cup chopped walnuts.

Cream the shortening until light, then add honey gradually, and continue beating until well blended. Stir in the egg and the grated orange rind. Sift the dry ingredients together several times, then add them alternately with the orange juice. Stir in the walnuts. Pour the batter into a well-greased loaf pan and let stand 20 minutes before putting into oven. Bake in a slow (325-degree) oven for 1 hour or until well done when a toothpick comes out clean. If desired, 3/4 cup of candied orange peel may be added to the batter to give additional flavor, or may be substituted for the nuts.

I shall pass lightly over the subject of salads. Ours today follow nearly the same pattern as recipes printed in old cookbooks. But I would like to give you a recipe for a dressing. Used on a salad of hard-cooked eggs, lettuce, chopped onions and sliced radishes it's tops.

Rub the yolks of two hard-cooked eggs together with 1 tablespoon of cold water until smooth. To this add 2 tablespoons of salad oil and 1 teaspoon each of salt, powdered sugar and prepared mustard, and blend well. Finally, add 2 tablespoons each of plain and tarragon vinegar.

And last, but not least, here's a recipe for ice cream. Serve this with sliced fresh peaches topped with whipped cream.

Uncooked Custard Ice Cream.

- 1/2 cup sugar 2 eggs 1 1/2 cups top milk 2 tablespoons sugar Pinch of salt 1/2 pint whipping cream 1 teaspoon vanilla extract

Dissolve the 1/2 cup of sugar and the salt in the cold milk. Beat the egg white until stiff, add 2 tablespoons sugar and then beat in the egg yolks, one at a time. Combine with the milk and fold in the whipped cream and vanilla. Pour into freezing trays and stir every 15 or 20 minutes until firm. This may also be made in a crank freezer, but the amount should be doubled for the ordinary size of freezer.

If you desire to vary this recipe, here are suggestions: Maple Ice Cream—Add maple flavoring to taste in place of the vanilla; about 6 drops will be needed. Butterscotch—Substitute brown sugar for the 1/2 cup of white sugar.

Chocolate—Melt two squares cake chocolate and add to custard mixture. Four additional tablespoons sugar must be added as well. Peppermint—Peppermint flavoring, oil of peppermint and enough pink coloring to give the desired color or are added.
