Cemetery Club News

Have you been to the Rowe cemetery and seen the improvement since the Cemetery Club was organized? The club is proud of our cemetery now. We have had from one to three men working all summer, but still there is work to be done. Some have neglected to pay their dollar to help keep the good work going. Won't you pay now?

The club has appointed John Dickson to keep the cemetery book. He is the man to see to see that burial plots, locate graves, and pay for lots. The book shows quite a few lots have not been paid for. If you owe for lot, please see Mr. Dickson as the vacant space will be reseed if not paid for in six months. Do not pay any one else for burial ground. The Club is trying to do this work in a business way, so please help by cooperating.

If you do not understand about the club and its work see the officers or committee. Please help by paying a dollar to the committee or leave it at the Security State Bank. Members of the committee are W. I. Rains, president; O. Nash, treasurer; John Dickson and Mrs. Clyde Bridges.

Keep the good work going.

For Sale—team of horses. See E. W. Seales

Mr. and Mrs. U. E. Bain of Waco, Calif., announce the arrival on Sept. 18 of a fine little daughter. She has been named Janet Yvonne.

Baptist Church Notes

Because of the change of weather, the past Sunday. Attendance was not as large as usual. However, more were present for the morning service than some expected. We had just as well expect severe weather and very sudden changes and just make up our minds that we are going to attend all services regardless.

For the installation and Promotion Service Sunday, the pastor used I Chron. 18:16 as a text. Four sent congratulations to David. David had just won many battles; he had completed a work. Officers in our church have won some victories and have done some work. To all who were faithful, congratulations are due. Set congratulations offered for work completed challenges to greater victories.

The women of our church planned an all day meeting Tuesday to study and pray for our state mission work. But because of the heavy rain and because some of the women were ill, this meeting was postponed. Perhaps this meeting will be held next Tuesday, Oct. 7. This meeting is for all of the women of our church and any visitors are welcome.

The Sunbeam Band meets each Wed. 8:30 p. m. at the church. Last Wednesday, the boys and girls learned something of the Chinese. Those who were there were really interested. Mrs. Teaff had a real surprise for them. Remember the time and pass Mothers, do you appreciate this extra work and effort enough to cooperate?

The young people are to have a social this Thursday night in the home of Mrs. Mike Harris. All young people are invited to be there at 8 o'clock. There will be clean fun for you, so come.

A. L. Teaff, pastor

Davenport-Coursey

The following was taken from last week's Memphis Democrat: Miss Neva Nell Coursey of Memphis and Lyman Davenport Jr. of Childress were married Sunday evening in Denton by the Methodist minister.

Mrs. Davenport is a graduate of Memphis High School with the class of 1941 and at the time of her marriage she was attending T. S. G. W. in Denton. She is the daughter of Mr. and Mrs. W. V. Coursey of this city.

Mr. Davenport is the son of Mrs. Lyman Davenport of Childress. He attended W. T. S. G. at Canyon.

They were attended by Miss Ann Newberry of Dallas and Arthur Hugh Brown of Childress.

Mr. and Mrs. Davenport will make their home in Childress where Mr. Davenport is employed with the Ray Green Insurance and Finance Company.

42 Club

Mr. and Mrs. J. B. Masterson entertained the 42 Club Sept. 25. After the evening of playing 42, officers elected for the coming year were Mrs. J. B. Masterson, president; Mrs. Dick Vallance, secretary; and Mrs. Lewis Simmonds, reporter.

Those present were Messrs. and Mesdames Roy G. Jewell, Milt Mosley, Earl Tollett, E. H. Watts, Dick Vallance and Lewis Simmonds, Mrs. Mable Jones, Miss Wynona Kyte, Mr. E. P. Wilson, Cherry Ruth Vallance, Tommy Earl Tollett and the host and hostess.

The next meeting will be held at the home of Mr. and Mrs. Milt Mosley on October 9.

R. O. Thomas of Quail and F. B. Thomas have returned from a week's trip to Utah and Colorado. They visited McNary Canyon, Mesa Verde National Park, and several mountain peaks. They report a wonderful time, and brought back several strange and fun fruits, grown near Moab, Utah.

Baptist Church Notes

Sunday was another good day in the local church. The interest was fine and the attendance was up just a little both in the morning and evening services. One thing was lacking, there were no conversions or additions. Some of our regulars were absent. We missed them, the Lord missed them, the unsaved missed them, and they missed by being absent. Some were ill. It is our hope that they may soon be well and back in their places of service.

Next Sunday is promotion day. Some in our Sunday School and Training Union have reached another age group, so they are to go up higher. This is for better and more effective reaching and teaching with the Word of God for Him.

Next Sunday is also the time to install our officers and teachers and leaders into their places of service for the new year of work. The pastor will bring a message in line with this thought at the 11 o'clock hour.

The Sunbeam Band has not been meeting this summer. The first meeting of the fall was last Wednesday at 2:30 p. m. Mrs. Teaff is planning many interesting things for these fine boys and girls.

On last Sunday morning the pastor used for his subject "Christian Workers" (I Cor. 3:9) each of us has a work to do. No one individual can do all the work, but all of us working together can with God's help do the work He has commissioned us to do.

At the evening hour, the pastor's subject was "The Way of Cain," Jude 11. He plans to speak next Sunday evening on "The Way of Abel."

"The church needs less back and more tacks."
"Guarded conduct prevents being guarded convicts."
"Money spent with the Devil is double loss."

The cross Christ is the only thing that sin ever raised. The cross of Christ has raised every thing except sin.

If Cain had slain a lamb instead of his brother, he would have been accepted as a true worshipper, rather than a condemned murderer. If he had done God's way instead of his way, what a different story! Instead of the world would come God's way today instead of its way? Jesus says: "I am the way." Jn. 14:6

Attend church Sunday. If you do not have a church home, you have a welcome to worship with us. We need you. You need us.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

**Enactment of Price Fixing Measure

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

Bernard M. Baruch, who headed the War Industries Board during World War I, is pictured as he urged congress "to put a ceiling over the whole price structure including wages, rents, and farm prices." Baruch, who appeared before the House Banking and Currency committee, advocated a much more drastic price control bill than that planned by the administration. Photo shows, left to right: Representative Gore of Tennessee, Rep. Paul Brown of Georgia, Rep. Brent Spence of Kentucky, Rep. Clyde Williams of Missouri, Chairman of the Committee Rep. Henry H. Steagall of Alabama, and Bernard Baruch.

**KIEV:
Two Versions**

The Germans had claimed the complete capture of Kiev, the entering of the whole city, the "mopping up" of small bodies of "die-hard" troops, and the fleeing of Russian commanders.
On the same day the Russians, admitting the German entry into the Kiev suburbs, had pictured a "battle to the death," and a defense of the city which was costing the Nazis 150,000 men and vast quantities of material.
Odessa, in the south, was finding the "pressure relieved," the Reds had reported.
In these diametrically opposing statements, perhaps the only light was coming from British sources, presumably getting information from mission observers on the scene, but the British reports had been entirely gloomy.
The British had reported that an "apparent" cutoff of the Crimean peninsula had occurred, and though they scouted the German report of having trapped 400,000 to 500,000 Russian troops in an encirclement near Kiev, they saw the Russian situation as grave indeed.
From out of all this it was evident that the fall of Kiev seemed inevitable and finally even the Russians admitted its fall, after what was termed "fierce fighting."

**BULGARIA:
On Nazi Side**
Britain had admitted the decision of King Boris of Bulgaria to throw his nation, final Balkan question-mark, in on the side of Hitler.
In this was seen a more general picture of the German effort, which undoubtedly was to be a threatening move toward Turkey, and the establishment of sea-borne invasion points to go after Rostov and the oil fields.
All this was tied up indissolubly with the Russian crisis, as it was plain Turkey would view with alarm the Russian weakness and her own resistance to Nazi advances would be tempered by the strength or weak character of Soviet military power.
Also the effort of the British to bring her own and United States' material to the Russian fields through the Persian gulf was largely to stand or fall as a result of the success or failure of this southern German drive.
Hence it was that W. Averell Harriman, head of the American mission to the Soviet, had stressed the immediate and vital necessity of rushing all possible material to Russia.

**JAPAN:
Gets Tougher**
Nippon, in the meantime, had been taking a stiffer attitude toward the United States, and in particular had turned her ire upon Russia, sensing that in the wounded "bear's" distress lay her opportunity of hitting out at her old rival.
Charging that the Russians had cut loose floating mines in the Japanese sea, in violation of international law and friendly behavior between nations, Japan made the strongest representations.
At the same time she was rebuffing efforts of the United States toward a peaceful settlement in the Pacific, and was issuing propaganda charging that the Chinese would demand equality with the white races, and a right to enter the U. S.
The government of Thailand, faced further with the request from Vichy that America, in settling peace in the Pacific, see that the Japanese were expelled from Indo-China, and realizing the critical times in the Orient, informed its people that war for Thailand was near at hand.

**PRICES:
And Baruch**

Bernard Baruch, World war wartime industries head, threw a bombshell into the price-fixing bill discussion when he postulated that no price fixing would work without fixing costs of merchandise, including wages and rentals.
That his pronouncement had a profound effect had been immediately evident in the acceptance of his views by at least two influential members of the committee, and it was considered more than possible that the final form of the bill would carry an amendment to fix wage ceilings.
Also there was more than an undercurrent evident hitting out at Leon Henderson, price control administration by executive appointment in the committee's feeling that the bill should be administered by a board, not an individual.

**POLICY:
Gains Support**

Faced with the grimmer picture of European war, and a realization through Russia's crisis that American aid would have to be considerable if the Axis were finally to be defeated, and the democracies win the victory, one notable change in Washington sentiment was a growing support for the White House foreign policy.
It was evident in the pre-action discussion of the repeal of the Neutrality act, President Roosevelt's latest request ament his policy.
Even from circles most strongly isolationist, and most vigorously opposed to the President it was conceded that the act would be repealed, perhaps within two months.
The cohesion of foes of the President's policy was becoming less firm. Senator LaFollette, for instance, had urged all isolationists, non-interventionists to gird for the battle of ballots this fall, and to make the foreign policy their issue.
Senator Taft, at the same time, had urged campaigners and voters in the congressional primaries to leave the foreign policy out of the picture. He said:
"Congressional votes on the question have cut across party lines, and there is no reason for the party to make an issue of foreign policy."
Wendell Wilkie, storm center of both of these statements, saw the first as an acceptance of his challenge to the isolationists to meet interventionist candidates he would put in the field, and the second as an unwillingness on the part of a Republican leader to meet the issue.

**DUTCH:
In Rebellion**

Sabotage, theft and anti-Nazi rebellions were occurring on an increasing tempo in Holland, it had been reported in London through a Dutch news agency.
The Rotterdam public prosecutor stated that the city was unsafe, and that the forces of law and order were unable to cope with the wave of crime.
While not giving actual instances of anti-Nazi demonstrations, the censored dispatches had spoken of "rowdism, burglary, petty thefts and other outrages." In Utrecht special guards were appointed to aid the police.

HOSTAGES:

The Germans in Paris, under General Stuepelnael, executed 12 French hostages to pay for the death of one German non-commissioned officer, shot in the back on a Paris street as he walked to his home.
The shots came from a passing auto. The assassins were not arrested. Summarily taken out and shot had been seven Communists, one Jew and two persons accused of having been in the possession of weapons, and three who had been charged with attacking soldiers.

Too Young

TORONTO, CANADA.—Bruce King (above) of Teaneck, New Jersey, U. S. A., managed to fool enlistment officers in Canada about his age when he joined the Royal Canadian Air Force after running away from home. But his parents sent proof that Bruce is only 14 years old, so he'll be sent back to Teaneck and when he grows up Bruce King can emulate King Bruce and "try, try again."

**SHIPS:
Seized by U. S.**

The Maritime commission, faced with a seamen's union strike which had immobilized some 16 ships in six major ports, all of them vital to the defense drive, seized two freighters of the Alcoa corporation in New York, and sailed them off to Bermuda and the West Indies with supplies for naval and air bases.
The unions had complained to President Roosevelt that this action robbed them of the right to collective bargaining. The President had not replied, but the ships were taken over, the Maritime commission recruited crews and off they went.
The commission indicated that it would act similarly if other cases among the remainder of the ships developed.
The negotiation between the men and the ship owners was over the question of bonuses for doing dangerous work.

**THREE:
Plane Strikes**

The national mediation board was hard at work trying to settle three strikes that had threatened important airplane factories, one of which had three-quarters of a billion dollars in orders.
At the Consolidated plant in San Diego it was the A. F. of L. machinists who had voted to reject a company offer of a 5-cent hourly blanket wage increase, and stood pat on its own percentage demands. The workers were insisting that the company meet a 10-cent increase given by other large airplane plants in southern California.
It was at Buffalo, N. Y., Curtiss-Wright dual plants that the workers had threatened a strike unless the NLRB ruled within 10 days on the employees' demand for a labor election.
And at Bendix, N. J., the U.A.W. of the C.I.O. had authorized a strike at the accessories plant of Air Associates, Inc., listing eight charges against the company.

**SPIES:
Plane Secrets**

That Nazi Germany was highly interested in American secrets of plane production was seen in the evidence in the spy trial in New York that many of the 18 persons on trial were ordered by Berlin to get airplane information.
The testimony had been that Edmund C. Heine, former employee of two large automobile plants, had collected and prepared for transmission to Berlin technical information on U. S. plane manufacture.
Included in his data were details of the construction of Bell Airacobra planes, the chief U. S. fighter; the Consolidated B-24 bomber; the Martin bombers, and the Fairchild trainers.

MISCELLANY:

Berlin: The German radio claimed that 3,480 "enemy planes" had been destroyed by German anti-aircraft artillery since the start of the war.
London: Five Belgians, using a 90-foot dinghy, managed to get across the British channel and escape to England. They were four men and a woman. The trip took three days and nights.
London: Aided by the aurora borealis, or northern lights, British bombers made some of their greatest night raids of the war, the lights giving them almost a daytime view of their objectives.
Chungking: A total eclipse of the sun, visible for the first time since 1856 in Chinese territory, was seen in eight provinces.
Buenos Aires: Strong representations from Berlin against anti-Nazi demonstrations in Argentina might be followed by a breaking off of diplomatic relations, it had been stated.

HERE is the corner of a smart living room with a color scheme repeating the tones in a piece of embroidered applique work. No one would ever guess that the simple modern desk between book cases is a transformation of the fancy oak affair sketched at left. The top part has been sawed off and a plain board added. The plywood door is hinged to the book cases so that the bottom of the desk is completely covered.

Playful Porpoises

Porpoises — among the most graceful and playful of all fish—do a novel acrobatic act when feeding on mullet, one of their favorite foods. In shallow coastal waters they herd schools of mullets to the shore, where they flip them out of the water with their tails. As the mullets fall, the porpoises catch them in their mouths.

THE HOOT

Madame X

Madame X's readers: If there is anyone who would attempt to describe the fun at the backward party except in the superlative degree. If June really did avoid her date at this party or only appeared to do so.

If the boys or the girls enjoyed the backward week more.

Whose sympathy O. L. was trying to arouse with that black eye. What would happen if Mrs. Roast should lose her ever ready umbrella.

Who Coach's girl friend was at the ball game Friday night.

If Mrs. Pitcock is not just "spoofing" when she tells her class that they can learn to talk in shorthand.

If the public realizes that we learn interesting facts from our assembly programs (Why Mr. Payne is bad, for instance.)

Why our new expression teacher tells some that she is sixteen and others that she is eighteen. Why the sophomores looked so downhearted when Mr. Payne failed to give them a part in the round.

How Zebbie could look so much at ease while leading the singing in assembly.

If that old saying, "Actions speak louder than words" does not apply to Letha and Treant.

What was the meaning of that long line formed in front of Mr. Payne's office Friday noon.

If the Clarendon girls are as cute as certain Hedley boys report.

If and when school will dismiss for cotton picking.

Assembly

Our program for Sept 26 was opened with Mrs. Watkins playing God Bless America. The presentation of the flag was then given. The songs sung were Star Spangled Banner, Texas Our Texas, and Victory Song Mrs. Snowden directed the following rounds, Row Row Your Boat, Billy Boy and Rueben and Rachel. Jane Ruth Hall gave a brief history of The Hoot and told its aims for this year. Grade four and five sang Dixie Land, America and America the Beautiful. Wayne Naylor gave a brief history of each song.

We would like to invite our parents to assembly each Friday morning at 9:45.

Junior Class Organizes

The Junior class is well represented this year by twenty three members. We met Tuesday to elect our officers. For president we elected Paul Dishman, vice president, Travis Bailey, and for secretary and treasurer we elected Joe Ann Shaw. Mrs. Pitcock is our sponsor. We, the Juniors, aim to be the best class of Juniors yet in the Hedley High School.

FHT Club

The Home Economics girls met Sept. 19 and organized an FHT club. The meeting was called to order by Mrs. Pitcock the Home Economics teacher.

The officers elected were president Gwyneth Davis, vice president, Myrtle Tollett, secretary and treasurer, Lou Ann Wall, pianist, Gwyneth Davis, song leader, Lavelle Peters. The officers appointed were reporter, Jeanette Tipton; social committee, Mary Jo Lowe, Myrtle Tollett, Lou Ann Wall; program committee, Lavelle Peters, Jeanette Tipton, Dorothy Jo Reeve, Wilma Langford; refreshment committee, Mardice Tipton, Pauline King, Lavonia Grimsley, Imogene Fortenberry.

Sophomores Organize

The Sophomore class met Sept 22 to organize their class. Officers elected are as follows: L. J. Wade, president, Gene Davis, vice president, Jeanette Tipton, treasurer. A business session followed with a discussion of a picnic. The date was set for Sept. 26. Committees were appointed to take care of the refreshments and transportation. Previous to this meeting Miss Hawkins was chosen for our sponsor and Mrs. Ray as our room mother.

WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON (Consolidated Features—WNU Service.)

NEW YORK.—From somewhere deep in Sybil's Cave in Washington comes the whisper that the government has secretly called in Maj. Herbert O. Yardley again, its cryptologic cryptographer, forgiven his indiscretion in publishing "The Black Chamber" a decade ago and set him to work again plucking diplomatic and espionage secrets from the air.

This is highly interesting in view of Major Yardley's frequent predictions that the state department would have to set up new listening posts, and carry on where he left off, in the event of war or even the threat of war.

Major Yardley was so expert as a de-coder that, knowing no Japanese, he could catch Japanese double-talk on the air, and de-code it. When Henry L. Stimson was secretary of state he didn't like either espionage or counter-espionage—and thought no decent nation should have anything to do with it.

Hence, Major Yardley's secret "Black Chamber" in New York, which must have been something like the lair of Cagliostro, was summarily closed and the major was fired. Then he wrote his book and its repercussions were such that congress passed a law against his writing any more of the same kind.

In this book, he included de-coded messages showing how Japan had been giving this country the grand run-around during the Washington arms conference. It almost caused a cabinet crisis in Japan and made our state department reach for its smelling salts.

Herbert O. Yardley, a native of Washington, in his youth a telegraph operator for the war department, became a code expert and was transferred to the cryptographic bureau just before our entrance into the first World war.

Whether it's nice or not, the exigencies of the time are such that the newly organized foreign broadcast monitoring service is now working a 24-hour shift, assaying about 900,000 words of daily foreign broadcasts.

DOWN in the valley he heard the train blow. So the farm boy in the North Carolina mountains hung up his hoe and followed the white plume

Old Squirrel Gun to fame and Draw Sharp Bead

Thomas A. Morgan's muzzle-loading squirrel gun was an instrument of precision compared to the best article of economics and business at a time like this. It taught the future president of the Sperry corporation to draw a sharp bead on whatever he was shooting at and in Lincoln's phrase, never to "shoot at a louse on his own eyebrow."

So, today, his target is post-war solvency. With all the rush of defense orders and plant expansion there is each day something in the kitty for what may come hereafter. For the first half of this year, \$433,316 has gone into this "cushioning" fund. The margin for error in such computations probably is greater than that of a Sperry bomb - sight, but whatever a skilled precisionist may do is being done.

At 16, Thomas A. Morgan fetched up in the navy, was quickly engrossed with the magic whirlygig of a Sperry gyroscope and was there by steered into his manifest destiny.

His skill with the gyroscope brought him in touch with its inventor, Elmer A. Sperry, and his career as a maker of precision instruments—the need for which is always in inverse ratio to the stability and precision in the affairs of men.

It wasn't all smooth sailing. During the World war, the czar's navy was ducking and dodging and hiding in the mists. Mr. Morgan chased it here and there and everywhere, to sell it gyroscopes, caught up with it and rang up a sale. It was an epic of American salesmanship.

Mr. Morgan became president of the Sperry corporation in 1923. Shortly thereafter he became an eminent patron of aviation and soon was caught up in a swirl of institutes, chambers, boards, funds, councils and societies—the inescapable fate of eminence and intelligence in America. If the chariot of progress needs anything new on its dashboard, he and his company can be relied upon to figure it out and install it overnight. Mr. Morgan had but 10 months of schooling behind him when he broke homes ties to join the navy.

LET'S MAKE A DATE FOR LUNCHEON (See Recipes Below)

FALL LUNCHEON

As the leaves begin to crackle and fall's favorite flower, the chrysanthemum, stirs in the sweet smelling earth, and fruit hangs heavy and ripe on the trees—do your thoughts turn to luncheons and bridge?

If they do, prepare to have one now, using as your theme the leaves, fruits or flowers that fall has to offer as a welcome change from summer luncheons you may have had. If you are having a pre-luncheon bridge, try carrying out the fall theme on the bridge tables with small vases of fall flowers, in candies, and decorations. Favors can be had using the autumn theme and prizes may be wrapped in the burnished fall shades or tied with ribbons of that color.

Whatever you do, have your tables and especially the centerpiece stunning enough to stimulate interest and conversation. It'll make luncheon and bridge afterwards a real success, and star you as a smart hostess.

Play up the oranges and yellow in food for luncheon, picking it up here and there in this dish and that with a touch of green to lighten interest. Do something unusual in the main dish by having a frozen or cooked fish fillet lightly creamed and well garnished. Simple to fix, a dream to behold, yet delicate to taste, here's your main dish:

- *Creamed Fillet of Flounder With Mushrooms. 2 packages quick frozen fillet of flounder, cooked or 2 1/2 cups cooked fish 2 1/2 cups fish liquor or light cream 2 1/2 cups sliced mushrooms 6 tablespoons butter 4 tablespoons flour Salt and pepper Watercress

If using frozen flounder, cook in a saucepan, adding 1 cup boiling water and 1/2 teaspoon salt, and cook until tender. If using cooked fish, be sure it is well drained. Flake fish. Cook mushrooms in butter, until well browned, add flour. Add fish liquor and cream, gradually stirring constantly and cook until thick. Add fish and seasoning. Serve on hot buttered toast or in patty shells. Sprinkle with paprika. Garnish with watercress.

When serving the vegetables, pretty the platter by serving both the green beans, cut in long, lengthwise strips, and the carrots cut lengthwise, side by side. Or have a mound of carrots or beans in the center, and then have alternating mounds of green bean and carrot strips coming out toward the rim of the plate.

If you were to take a poll among your luncheon guests, you would probably be surprised how many

LYNN SAYS:

Sit up and take notice of fall's possibilities for table decoration. Cornucopias and centerpieces of fruits and vegetables interlaced with burnished leaves and brightly colored flowers certainly have a way with them and will do very nicely for your luncheon table.

Take a tip from the outdoors and make the most of the humble squash, apple, pear, or a spray of bittersweet. Let your fruit glisten and shine by rubbing with oil and then polishing to a high luster. For more permanent effects, have the fruit laquered. Arrange pears, apples and grapes on doilies of autumn leaves and set on a mirror for the centerpiece, or have the fruit arranged from the opening of a squash. Dusky red or bright chrysanthemums look effective if arranged in a small squash. Any of these will give your table a smart note and also a piece of grand conversation for luncheon guests.

Speaking of nice touches, put a leaf of deep rich red, brown, or yellow, or a bit of bittersweet to the side of a placecard. This will be just fine to carry out the autumn theme of the centerpiece.

THIS WEEK'S MENU *Creamed Fillet of Flounder With Mushrooms Green Beans Corn on Cob *Orange Honey Bread Green Salad Peach Sundae Crisp Cookies *Recipe Given

women confess to an extraordinary interest in rolls, bread and muffins. Here's a bread which highlights a luncheon perfectly and whose orange flavor gives just the right touch of piquancy to the meal:

*Orange Honey Bread. (Makes 1 loaf)

- 3 tablespoons shortening 1 cup honey 1 egg, well beaten 1 1/2 tablespoons grated orange rind 2 1/2 cups flour 2 1/2 teaspoons baking powder 1/2 teaspoon soda 3/4 cup orange juice 3/4 cup chopped walnuts.

Cream the shortening until light, then add honey gradually, and continue beating until well blended. Stir in the egg and the grated orange rind. Sift the dry ingredients together several times, then add them, alternately with the orange juice. Stir in the walnuts. Pour the batter into a well-greased loaf pan and let stand 20 minutes before putting into oven. Bake in a slow (325-degree) oven for 1 hour or until well done when a toothpick comes out clean. If desired, 3/4 cup of candied orange peel may be added to the batter to give additional flavor, or may be substituted for the nuts.

I shall pass lightly over the subject of salads. Ours today follow nearly the same pattern as recipes printed in old cookbooks. But I would like to give you a recipe for a dressing. Used on a salad of hard-cooked eggs, lettuce, chopped onions and sliced radishes it's tops.

Rub the yolks of two hard-cooked eggs together with 1 tablespoon of cold water until smooth. To this add 2 tablespoons of salad oil and 1 teaspoon each of salt, powdered sugar and prepared mustard, and blend well. Finally, add 2 tablespoons each of plain and tarragon vinegar. And last, but not least, here's a recipe for ice cream. Serve this with sliced fresh peaches topped with whipped cream.

- Uncooked Custard Ice Cream. 1/2 cup sugar 2 eggs 1 1/2 cups top milk 2 tablespoons sugar Pinch of salt 1/2 pint whipping cream 1 teaspoon vanilla extract

Dissolve the 1/2 cup of sugar and the salt in the cold milk. Beat the egg white until stiff, add 2 tablespoons sugar and then beat in the egg yolks, one at a time. Combine with the milk and fold in the whipped cream and vanilla. Pour into freezing trays and stir every 15 or 20 minutes until firm. This may also be made in a crank freezer, but the amount should be doubled for the ordinary size of freezer.

If you desire to vary this recipe, here are suggestions: Maple Ice Cream—Add maple flavoring to taste in place of the vanilla; about 6 drops will be needed.

Butterscotch—Substitute brown sugar for the 1/2 cup of white sugar. Chocolate—Melt two squares cake chocolate and add to custard mixture. Four additional tablespoons sugar must be added as well.

Peppermint—Peppermint flavoring, oil of peppermint and enough pink coloring to give the desired color are added. (Released by Western Newspaper Union.)

YOU BUY INOCULATION ON FAITH

Field tests have shown a big difference in the quality of inoculator brands on the market. You cannot see the legume bacteria you purchase. Immediate demonstration is impossible. What is the reputation and experience behind the inoculation you buy?

NITRAGIN is the ORIGINAL LEGUME INOCULATOR, having served the farmers for over forty years. It was a GOLD MEDAL at the World's Fair, St. Louis, 1904. NITRAGIN is made in the most complete and modern laboratory of its kind in the world. NITRAGIN is the leader in its field by a big margin. NITRAGIN demand in the South has rapidly increased year after year. During the fall of 1930 the Southern shipments of NITRAGIN were for more than 45 million pounds of VETCH and WINTER PEAS. This large demand is due to many field tests carried on year after year. We prove by these tests that NITRAGIN is a good product. Send for our booklet "Plant Legumes to Prosper" showing 100 cases of field tests and how NITRAGIN is made. The booklet also gives you valuable information regarding the inoculation of legumes. If your dealer does not have NITRAGIN in stock, have him get it for you. Insist on NITRAGIN inoculation. Accept no substitute.

NEW WAYS FOR YOUR BAKING DAYS

(See Recipes Below)

HOT BREADS—QUICKLY

Crisp, hot rolls? Cinnamon filled and twisted full of nuts, sugar and raisins? Muffins golden and plump standing high in peaks? Scones spread with jam or jelly? Why, of course, they're yummy, and what's better, they can all be made in a jiffy. With the cooler weather setting in, you homemakers can return the hot breads and their baking into your schedules.

Or is there a bake sale or a bazaar included in the fall and winter schedule of your church or club activities? Nothing will fill the bill quite so nicely as a few trays of freshly baked biscuits, rolls, and bread.

Although cakes and pies can be baked at home by individual members, these hot breads can be made, oh, so quickly right in the church kitchen because they need only a few supplies and a few minutes to bake. They'll give your display a more complete array of baked goods and will also be a good substantial contrast to the fancier displays. To make things easy, serve them in pans (if you can spare them) to save time in making displays.

If you're planning a sale of bakery goods, have one section of a table set aside for selling individual pieces of cakes, pie, cookies, or a roll. When people realize how delicious a mouthful is, they can hardly resist buying a handful.

As a good starter, consider the possibilities of the humble baking-powder biscuit.

Baking Powder Biscuits.

(Makes 12 biscuits)

2 cups flour
2 teaspoons double-acting baking powder
1/2 teaspoon salt
4 tablespoons butter or shortening
Milk to mix
Sift the flour once, measure, add baking powder and salt, then cut in shortening. Add milk and mix just enough to hold together in large flakes. Pat to 1/4 of an inch thickness on a floured board and cut with a biscuit cutter. Bake in a hot oven (450 degrees) 12 to 15 minutes.

*Butterscotch Rolls.

Make baking-powder biscuits as given in the recipe above and pat on floured board. Cut in shortening. Brush with melted butter, sprinkle generously with brown sugar and cinnamon. Roll as for jelly roll and cut in 1/2-inch pieces. Put 1/2 teaspoon of butter and 1 teaspoon of brown sugar in each muffin pan and lay the pieces of rolled dough on top of them. Bake 20 to 25 minutes in a hot oven (400 degrees.)

LYNN SAYS:

Quick breads require less attention than yeast breads, but there are a few pointers about them you ought to bear in mind.

Beware of overmixing the batter or dough. For the baking powder variety work the fat into the flour or mixed dry ingredients only until mixed. Then stop, quickly. Mix in the milk with a few whisks, but do not overmix unless you want tough, leathery biscuits.

The secret of good muffins is to mix the batter only until blended. Even the egg should be only slightly beaten. If you want the muffins high in peaks, add a tablespoonful or two of extra flour to the recipe. Honey, jam and jelly are indicated for muffins as grand pick-ups for meals.

Always measure ingredients unless you have the extraordinary quality of guessing accurately. There is such a thing, but it is rare, so remember to use standard measuring cups and spoons. Measurements are level unless otherwise stated.

Ovens for most quick breads are hotter than for the yeast varieties. Set the meter correctly when heating and do not put batter or dough in until the oven has reached the desired temperature.

Pecan Rolls.

Make as for butterscotch rolls, except add chopped pecans before rolling as jelly roll. Place broken pecan nutmeats in muffin tins with butter and sugar before putting in rolled dough. Bake in a hot oven about 20 minutes.

Plain Muffins.

(Makes 1 dozen)

2 cups sifted flour
3 teaspoons baking powder
1 teaspoon salt
3/4 cup sugar
1 egg, beaten
3/4 cup milk
4 tablespoons melted shortening
Mix the dry ingredients. Add the milk to the egg and mix with the dry ingredients.
To this add the shortening. Stir till just mixed. Fill greased muffin tins quickly with two tablespoonfuls to each pan. Bake in a hot oven (425 degrees) for 25 minutes.

The muffin recipe may also be baked in a square pan and topped with the following: 2 tablespoons sugar rubbed with 1 teaspoon cinnamon, 2 tablespoons flour and 2 tablespoons butter. Rub until crumbled in appearance and sprinkle over the top of batter before baking.

Do your meals need toning up or do you want to make your bakery goods sale a smash hit? Either way, these scones will do the trick:

Holiday Fruit Scones.

(Makes 2 dozen scones)

2 cups flour
2 teaspoons double-acting baking powder
1/2 teaspoon salt
2 tablespoons sugar
4 tablespoons butter or shortening
1 1/2 teaspoons grated orange rind
1/2 cup finely cut, seedless raisins
2 eggs
1/2 cup light cream.

Sift flour once, measure, add baking powder, salt, sugar, and sift again. Cut in shortening, add orange rind and raisins. Reserve about 1/2 of one egg white for glaze. Beat remaining eggs well, add cream, and then add to flour mixture. Stir the whole mixture vigorously until it forms a soft dough and follows the spoon around the bowl. Turn out immediately on a floured board and knead 30 seconds. Roll 1/2 inch thick and cut in small triangles. Place on ungreased baking sheet. Brush tops lightly with reserved egg white, slightly beaten, sprinkle with additional sugar. Bake in a hot oven (450 degrees) 10 minutes or until browned. Serve with jam or jelly.

This bread was inspired by corn on the cob, and pleasantly simulates that favorite vegetable because of the use of cornmeal in the recipe:

Corn Sticks or Muffins.

(Makes 12)

1 1/2 cups sifted flour
2 1/4 teaspoons baking powder
3/4 teaspoon salt
2 tablespoons sugar
3/4 cup cornmeal
2 eggs, well beaten
1 cup milk
4 tablespoons melted butter or shortening

Mix flour, baking powder, salt, sugar, and sift. Add corn meal and mix well. Combine eggs, milk, shortening; add to flour mixture, beating only enough to dampen all flour. Bake in greased muffin pans or corn-shaped pans in hot oven (425 degrees) 25 minutes.

*Oranges in Syrup.

(For 6 people)

Peel 6 oranges, remove all skin and membrane with knife, but leave orange whole. Make a syrup by boiling the following ingredients 10 minutes: 1 cup orange juice, 1/2 cup pineapple juice, 1/4 cup lemon juice, 1 cup sugar. Place oranges in this, boil for 1 minute. Remove to serving dish. Chill thoroughly, sprinkle with coconut before serving.

For more than 20 years Camels have been the Army man's favorite cigarette. Today, actual sales records show Camels not only are the favorite with men in the Army, but with men in the Navy, Marine Corps and Coast Guard as well. With men in the service giving cigarettes first place in the gift line-up, it's natural that local tobacco dealers are featuring "Send a Carton of Camels" as the ideal gift for the service men from the folks back home.—Adv.

Pull the Trigger on Lazy Bowels, with Ease for Stomach, too

When constipation brings on acid indigestion, stomach upset, bloating, dizzy spells, gas, coated tongue, sour taste and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Buy Dr. Caldwell's Laxative-Senna at your druggist today. Try one laxative combined with Syrup Pepsin for ease to your stomach, too.
