## Rationing Board News

Trade users of sugar in Donley County, including wholesalers, retailers, boarding house keepers, cafes, restaurants, hotels, and hospitals—all will have to register at high schools on April 28 and 29 for their allocations of sugar, and state the amounts of sugar they have on hand and are accustomed to sell or use.

Registration for trade users will be held at the Clarendon-Lake Lake and Hedley High Schools between the hours of 9 a. m. and 4 p. m.

Members of the trade are urged to obtain application forms from the rationing board without delay for the commercial banks will be rather technical so it is important that forms are secured and filled out. Then will need only to go before a registrar on April 28 or 29 and sign forms in the presence of a registrar, to obtain sugar purchase certificates.

Trade registrants will include the smallest country store to the largest super-market and vary in type from a boarding house or home candy manufacturer to a fruit canning factory, soft drink bottler or meat packer.

### NOTICE

Beginning Monday, April 27, we will open at 8 a. m. and close at 6 p. m., war time. Please be sure you have stock or sealer, so that we may close by 8:00. Laundries will be closed Saturdays.

### Navy Relief Society

The National Citizens Committee is seeking to raise \$5,000,000 to care for the war time needs of Navy families. This fund is to make sure that no widow, no orphaned children, no mother or other member of the Navy man's family shall suffer hardship if it is within the power of the Navy Relief Society to prevent it.

The quota for Hedley and vicinity has been set at \$5250. We ask that you make your contribution on or before Saturday, April 25. A committee will call at each business house Friday and will be on the street Saturday afternoon.

Please cooperate and help us raise this money for this splendid cause.

A gift to the Navy's own fund will greatly lighten the Navy men now fighting for our country. If such a gift adds to the fighting strength and spirit of our fleet will directly contribute to the winning of the war.

A contribution to the Society's emergency fund is one method whereby the hardships of war can be more equitably distributed. By giving, the citizen at home shoulders a little of the burden of war which now rests on the fighting men and their families.

A gift to the Navy Relief Society is a tribute to a fighting fleet, its men and their families. It will demonstrate to all that we will back up the Navy men and their families to the utmost. It will help the Navy men understand that we realize the tremendous task ahead of them, and that we want them to discharge their duties with minimum worry about the folks back home.

## Mrs. J. W. Noel Dies

Mrs. J. W. Noel passed away Wednesday in Memphis after a lengthy illness. Funeral services were held Thursday from the Methodist church there by Rev. E. D. Landreth, assisted by Rev. C. E. LeMond and Rev. E. L. Yates. Interment was in the Memphis cemetery.

Myrtle Noel was born at Sallis on Jan. 10, 1895. In 1904 she was married to J. W. Noel, the family moving to Hedley in about 1920.

Besides her husband, she is survived by four daughters, Mrs. Frank Anderson of Wellington, Mrs. Edd Todd and Mrs. Leon Reeves of Hedley, and Miss Mar the Sue Noel of Fort Arthur, six grandchildren, Virginia Sue Anderson, Edward Todd, Carolyn, Don, Bill and Perry Leon Reeves and two brothers, Herbert Noel of Memphis and Lynton Noel of Wichita Falls.

The Informer extends sincere sympathy to the bereaved.

### Registration

The registration of men between the ages of 45 to 64 inclusive will be held at the high school building Monday, April 27 from 7 a. m. to 9 p. m.

The registration for 18 and 19 year olds will be held at a later date.

### NOTICE

Anyone wishing to contribute on a tombstone for Dr. J. W. Webb is requested to see Raymond E. Ott or O. E. Hunsuck or by Saturday, April 25.

### Red Cross Notes

The Junior Red Cross is still knitting the Afghan for Hedley. Through the donations of the following we are barely keeping enough thread to keep busy. We wish to express our thanks to Mr. Payne for the 100 skein pencils which the Junior Red Cross sold to buy thread for the Afghan.

We also want to thank each of you who bought pencils. Again we say "Thank You" to Mesdames Alewine, A. Cooper, Bill Wiggins, Rose Land, W. M. Biffe, M. L. Sims, A. S. Martin, J. W. McPherson, Shultz, John Dixon, O. E. Hunsucker, L. P. Trimble, Frank Finch, Z. B. Mitchell.

Who knows but what our own Hedley boys in the service will use our Afghan. We do know the boys who do use it will be fighting for us.

Rumors have been flying that the chairmen went out of town and bought all of thread and needles for Afghan. Let us correct it now; we spent every cent in Hedley, so far as possible. We all know wool thread is hard to get; for that reason we were forced to get \$3 worth of thread out of town. Your chairmen will do our best for everyone who wants to help the Red Cross, but our purpose is too great to waste time with war propaganda. Where there is strength let's help win by our strength in Hedley. We will still take donations for thread. At an early date we will have some work for adults.

### WEEKLY NEWS ANALYSIS By Edward C. Wayne

### Russ Situation Grows 'More Serious' As Nazis Move New Troops to Front; Jap Pacific Supply Lines Endangered By Increase in U. S. Naval Activities

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

Juan Antonio Rios is shown taking the oath of office as president of Chile at inauguration ceremonies in Santiago. The event was attended by 40 foreign ambassadors and various dignitaries of the Chilean congress. At left is Dr. Jeronimo Mendez, former vice president. At right is Dr. Florencio Duran, president of the Chilean senate.

#### RUSSIA: Situation Serious

Spring officially had arrived in the United States with the opening of the wartime baseball season, but it was hardly far advanced on the Russian front, though warm enough in the southern portion.

But the Nazis' spring drive was on, and the Russians, keeping themselves highly on the alert, had never seemed so active, and were attempting to continue to "beat the Germans to the punch."

Kuibyshev and Moscow reported constant attacks on German positions, Berlin was admitting breakthroughs here and there, with huge tank attacks, and the Reds were proudly declaring that much American equipment had arrived.

Best report tending to show the Russian situation was serious had emanated from neutral sources, and said that Hitler had begun to move additional troops from occupied France, probably from other occupied countries onto the beleaguered Russian front.

If true, and it might well be, this might be tied in with General Marshall's talks in London, hinting that the time was ripe for invasion.

Perhaps, on the other hand, Russians were claiming continued victories in hopes of convincing "fence-sitters" England that she ought to cross the channel.

At all events there were signs that the German spring offensive was fairly started in Russia, and also that it was getting nowhere fast.

#### BRITISH: Days Still Dark

From the unsuccessful mission of Sir Stafford Cripps England was forced to the admission that her days continued dark indeed.

Britain had the galling reminder that she was keeping large fleets of naval vessels in the Indian ocean; that her troops were bravely fighting in Burma; that she was suffering heavy losses on several fronts, and that India was blandly talking over post-war conditions while the Japs were at her very gates.

In fact, after the loss of the Hermes, an aircraft carrier and two cruisers in the waters off Ceylon, word came that the British were planning to send a punitive fleet for a final showdown with the Jap navy in the Far East.

But Britain was having a tough time in Libya, in the Mediterranean generally, and the threat to Australia was a serious one indeed.

The failure of the Cripps mission had been handled by Bernard Shaw, anti-government speaker, as "to have been expected," but the rank and file of England didn't feel that way about it, nor did Sir Stafford himself, who left India a grim and sadly disappointed man.

His last word to the Hindus had been that Britain naturally would have to withdraw her proposals, but that she would not withdraw from attempting to defend India, but would do her duty whether the Indians helped or hindered.

Many believed the breakdown of the conference had laid the groundwork for possible revolution or civil war within India, either of which would surely seal her fate if the Japs (as they certainly would) should move in with a strong invasion force.

As to friendliness with the Japs, few believed the Indians felt that way. The Japanese smacked too much of occidental civilization and thinking to suit the Indians.

#### RAF: A Ton a Minute

Finally the British had hit a tempo of bombing Germany which was catching the imagination of the man in the street.

In one raid they had dropped a ton a minute in high explosives, sending thousands of tons of bombs across the channel in a single squadron.

Some of the squadrons had totaled as high as 300 planes, a figure which the British compared with the estimated 400 which Germany had sent over during the height of the air war on one day over British objectives.

#### OUR NAVY: Busy; Building

Despite the published details of the losses of the Java sea and at Pearl Harbor, also the heavy losses of merchantmen in the Atlantic, also the occasional ship reported "missing and presumed lost" in earlier actions, many believed that the navy was doing a big job, particularly in the Pacific and doing it well.

One recent report told of activities of submarines in points as far removed from each other as "near Bali" (right off Java), and in "Japanese waters," probably close to the coast of Japan.

Four more Jap ships had been sunk, bringing the total since December 7 to 217 ships sunk or damaged.

This was a toll far enough in advance of our own for any layman realize that a battle with such unequal results could have only one ending.

Those who chafed against a navy which could not wipe the Japs off the seas in a matter of weeks, and which, in the only two large engagements lost heavily, were forced to admit that in actual ship and tonnage losses, the Japs were doing very badly.

And there also was the realization that once fleet supremacy was established in the Pacific, the Japanese supply lines, and therefore their conquest, must fall immediately because of its own weight.

Also those who believed in the job the navy was doing pointed with pride to the thousands of troops and tons of supplies transported to Australia with a single loss, of the other thousands of troops and huge supplies sent to England without loss.

Japanese transports have been sunk, but our troops were getting to their destinations safely. That was a superiority not to be denied. Many felt that this move had won an important victory in the war and that Japan, afraid of our link with Australia, had definitely turned aside from a real effort of invasion of that continent and would live on the hope that the Allies could not develop a real winning offensive from that territory.

#### AMERICANS: Up and Doing

Spencer Sam Rayburn of the house had reviewed the situation as far as the present attitude of Americans toward the war outlook was concerned when he revealed pertinent facts about the armed forces and their progress.

He pointed out that America now had on foreign battlefields, six times the number of men we had in Europe after eight months of the last war.

He declared that planes were being turned out at the rate of 3,300 a month; that Garand rifles were far ahead of production schedules, with already enough on hand for every soldier in uniform to have one; that tanks were ahead of schedule, with one factory turning them out at the rate of a trainload a day; that the building of merchant ships would catch up with schedule by midsummer, and other items of like importance.

Rayburn felt that the temper of the people was such that no lessening, rather an increase of this good work would be demanded. He said that on one recent day 100 men had been on strike in all war industry, and added "that was 100 men too many."

Some Americans were puzzled by the demands, in view of our production, that all old-style army rifles, the Springfields and the Enfields of the last war, all that were fit to fire, at least, be turned back to the war department for shipment to other members of the United Nations.

This was to include a highly controversial point, the recalling from the 48 state guard organizations, all their rifles.

They were to get shotguns, as were the military police, and the war department announcement added "that is all the arms they need."

## PATTERNS SEWING CIRCLE

THIS inviting three-in-one pattern looks ahead to summer days and at the same time is immediately practical with its sleeveless jumper dress cut on princess lines, the matching jumper and bonnet. For every little girl can put the jumper with its cunning bolero topper on now and wear it.

Pattern No. 1546-B is a design that inspires even the sewing amateur to get out scissors and cloth and begin. The jumper is so very simple to make and the bolero offers little or no problem. The matching bonnet can be made on a very simplified plan!

Barbara Bell Pattern No. 1546-B is designed for sizes 2, 3, 4, 5 and 6 years. Size 3 requires 2 yards of 35 or 38-inch material for ensemble. Bonnet lining 1/2 yard. Dress and bolero trimming 3/4 yards ric-rac, bonnet 1/4 yard.

WOMEN who are looking for an extra-practical style to make as a serviceable cotton work dress will approve highly of Pattern No. 1554-B. This straight button-front shirtwaist model with a set-in belt will look trim and smart in denim, cotton gabardine or seersucker.

Tailored details which are effective in giving this dress an efficient and pleasant appearance are the yoke shoulders, simple notched collar, cuffs on the sleeves

and a set of ample-sized patch pockets. Trim lines throughout slim the figure and heighten the appeal of this cheerful model. Generous fullness through the top and the flaring skirt means too that this will be a comfortable dress to wear for all types of work.

Barbara Bell Pattern No. 1554-B is designed for sizes 14, 16, 18, 20; 40 and 42. Corresponding bust measurements 32, 34, 36, 38, 40 and 42. Size 16 (34) with short sleeves, requires 4 1/2 yards 35-inch material. Send your order to:

## Household Hints

Don't wash eggs before putting them in the refrigerator. Simply wipe them off with a dry cloth to preserve the natural bloom that protects the interior of the egg from the air.

If you have trouble keeping flower holders in place in bowls, stick them down by first dipping the holders in hot melted paraffin. This works splendidly and the water in the bowl will not harm the paraffin.

If you have any leftover meat and gravy, why not make a pastry roll? Spread the meat, mixed in with the gravy, on biscuit dough, roll it and fit it in a greased loaf pan or baking dish. Bake about 30 minutes and serve warm with a vegetable sauce.

**Senior Class Presents "High Pressure Homer"**

Date: Friday night, April 24  
Place: High School Auditorium  
Time: 8:15 War Time  
Name of Play: "High Pressure Homer"

Directors: Mrs. Snowden and Mrs. W. J. Payne

As the curtain rises on the first act, the Woodruff family will be seen in all their glory. Every member in the Woodruff family has a hobby and nobody will be able to resist laughing at their cracks.

You can't resist Mrs. Chester Woodruff, who is very scatter brained. Junior's wisecracks will make you laugh all the harder. Homer Hamden Haywood in spite of his high opinion of himself, only succeeds in making a mess of everything.

This play will be one that you can be sure to get your money's worth from and have an evening of relaxation and entertainment.

**The Chatter Box**

We Wonder:

What caused Colleen and Paul both to blush last Tuesday?

If that was George J. seen with June on Tuesday night?

Why Miss Hawkins concluded that the nickname Angel, refers to Colleen rather than to Buster?

What Albert, Pej and Mrs. Pittcock have the swell head about?

Why Myrtle likes to drive to Ward Lewis Lake?

Why Lavelle is becoming even more popular with the boys?

Why Fredrick seems to school last Monday morning?

What was wrong with Paul and Travis the other night at church?

Who is that lucky kid that Travis is reported to have proposed to three times lately?

Why La Faye is so well informed on the latest changes in the postal system?

Why no other boy has been so successful as Paul in attaining that new stiff pompadour?

Who is the boy who has won Ann-Jean's heart so completely?

When Mr. Buskner is going to begin to keep that promise to write each student a letter.

If it is true that Joel and Zebbie are both just girls.

If it is Camilla or the school breeze that makes all the boys want to move over next to the window?

If the Home Economics girls should not bring enough to serve us all who are waiting to make book reports at five instead of just enough for Miss Hawkins?

If the next 5 weeks will pass by as fast as our teachers tell us they will.

**Assembly**

Brother LeMond had charge of the devotional exercises on April 17. He read the First Psalm and talked to us about the rewards of the righteous man. He invited the students to attend the Friday evening services at the Methodist church, which was Young Peoples' Night. He concluded his remarks with prayer after which the audience sang "Doxology".

The seniors had charge of the Geler ceremony with Alice Dodson, Peggy Everett, Jane Kirkpatrick, Chauncey Roth Key, Buster Baker and Lowell Hoffman participating.

The main part of the program was presented by the 3rd Grade under direction of Mrs. Moffitt. Mrs. Watkins and Miss Blanche Sue Dudley played a good asset. The entire class presented a humorous play entitled "Examination Day". Three of the students took parts of visiting patrons who asked the students questions. The answers they received were both amusing and surprising. In conclusion the group sang 3 patriotic songs: "What We Can Do Flag of the United States, and Americans Down South". I am that everybody enjoyed this splendid program.

Margie Bardine

Because of the holiday on Friday in March, an extra assembly was held on Tuesday. Bro. Bradshaw gave the devotional. The Geler ceremony was given by the first grade. Participants were Mary Sargent, Geraldine Tallies, Wilburn Leeper and Albert Beach. The pledge to the flag was given by Jack Mereman. Song leaders were Tammie McDoogal and Alma Holland. The program was presented by

the fourth grade. An entertaining and instructive part of the program was The Pictures We Like Best. Those who took part were Wanda Lee Shaw, Julian Gunsecker, Jimmy Owens, Loy Taylor, Martha Alexander, Betty Whitfield, Dorothy Meeks, Pearl Goode, Bobby Hamelstrand, Jerry Peters.

An amusing skit, Dot Entertains for Big Sister.

The program was concluded by the whole group singing Grandfather's Clock and Deep In the Heart of Texas.

An unusual kind of guard (without a gun) is constantly on "watch" over your Dependable Natural Gas Service.

Quietly through every night and every day, the load dispatchers of this Company and associated Companies marshal the Gas reserves throughout the System to meet the demands of this area, whether for a gigantic war plant or for domestic needs.

Nerve center of more than 3,300 miles of telephone and telegraph lines and more than 6,000 miles of pine lines, the load dispatchers are only a small part of the more than 3,000 skilled, experienced em-

This dependability of Natural Gas is what makes it such a valuable fuel for industry, either for war or peacetime production, and it has meant much in creating greater payrolls and greater war production for the Gulf South.

Arrangements for A Lovely Wedding

Details Settled in Advance.

"Such a beautiful wedding!" They'll say that of yours if you plan it right! For though the war forbids extravagance, it doesn't take money to have a lovely wedding. The important thing is to know what's correct!

The formal bride looks lovely in her bridal gown and veil, but you may look lovely, too, marrying informally in suit and hat.

Our 32-page booklet explains all the etiquette of expenses, describes every detail of correct formal and informal wedding dress for bride, groom, attendants and guests. Tells etiquette for ceremony and reception. Send your order to:

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Russ Situation Grows 'More Serious' As Nazis Move New Troops to Front; Jap Pacific Supply Lines Endangered By Increase in U. S. Naval Activities

EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper. (Released by Western Newspaper Union.)

Juan Antonio Rios is shown taking the oath of office as president of Chile at inauguration ceremonies in Santiago. The event was attended by 40 foreign ambassadors and various dignitaries of the Chilean congress. At left is Dr. Jeronimo Mendez, former vice president. At right is Dr. Florencio Duran, president of the Chilean senate.

RUSSIA: Situation Serious

Spring officially had arrived in the United States with the opening of the wartime baseball season, but it was hardly far advanced on the Russian front, though warm enough in the southern portion. But the Nazis' spring drive was on, and the Russians, keeping themselves highly on the alert, had never seemed so active, and were attempting to continue to "beat the Germans to the punch."

Kuibyshev and Moscow reported constant attacks on German positions, Berlin was admitting breakthroughs here and there, with huge tank attacks, and the Reds were proudly declaring that much American equipment had arrived. Best report tending to show the Russian situation was serious had emanated from neutral sources, and said that Hitler had begun to move additional troops from occupied France, probably from other occupied countries onto the beleaguered Russian front.

If true, and it might well be, this might be tied in with General Marshall's talks in London, hinting that the time was ripe for invasion. Perhaps, on the other hand, Russians were claiming continued victories in hopes of convincing "fence-sitting" England that she ought to cross the channel.

At all events there were signs that the German spring offensive was fairly started in Russia, and also that it was getting nowhere fast.

BRITISH: Days Still Dark

From the unsuccessful mission of Sir Stafford Cripps England was forced to the admission that her days continued dark indeed. Britain had the galling reminder that she was keeping large fleets of naval vessels in the Indian ocean; that her troops were bravely fighting in Burma; that she was suffering heavy losses on several fronts, and that India was blandly talking over post-war conditions while the Japs were at her very gates. In fact, after the loss of the Hermes, an aircraft carrier and two cruisers in the waters off Ceylon, word came that the British were planning to send a punitive fleet for a final showdown with the Jap navy in the Far East.

But Britain was having a tough time in Libya, in the Mediterranean generally, and the threat to Australia was a serious one indeed. The failure of the Cripps mission had been handled by Bernard Shaw, anti-government speaker, as "to have been expected," but the rank and file of England didn't feel that way about it, nor did Sir Stafford himself, who left India a grim and sadly disappointed man.

His last word to the Hindus had been that Britain naturally would have to withdraw her proposals, but that she would not withdraw from attempting to defend India, but would do her duty whether the Indians helped or hindered. Many believed the breakdown of the conferences had laid the groundwork for possible revolution or civil war within India, either of which would surely seal her fate if the Japs (as they certainly would) should move in with a strong invasion force.

RAF: A Ton a Minute

Finally the British had hit a tempo of bombing Germany which was catching the imagination of the man in the street. In one raid they had dropped a ton a minute in high explosives, sending thousands of tons of bombs across the channel in a single squadron. Some of the squadrons had totaled as high as 300 planes, a figure which the British compared with the estimated 400 which Germany had sent over during the height of the air war on one day over British objectives.

OUR NAVY: Busy; Building

Despite the published details of the losses of the Java sea and at Pearl Harbor, also the heavy losses of merchantmen in the Atlantic, also the occasional ship reported "missing and presumed lost" in earlier actions, many believed that the navy was doing a big job, particularly in the Pacific and doing it well. One recent report told of activities of submarines in points as far removed from each other as "near Bali" (right off Java), and in "Japanese waters," probably close to the coast of Japan.

Four more Jap ships had been sunk, bringing the total since December 7 to 217 ships sunk or damaged. This was a toll far enough in advance of our own to make any layman realize that a battle with such unequal results could have only one ending.

Those who chafed against a navy which could not wipe the Japs off the seas in a matter of weeks, and which, in the only two large engagements lost heavily, were forced to admit that in actual ship and tonnage losses, the Japs were doing very badly.

And there also was the realization that once fleet supremacy was established in the Pacific, the Japanese supply lines, and therefore their conquest, must fall immediately because of its own weight.

Also those who believed in the job the navy was doing pointed with pride to the thousands of troops and tons of supplies transported to Australia with a single loss, of the other thousands of troops and huge supplies sent to England without loss.

Japanese transports have been sunk, but our troops were getting to their destinations safely. That was a superiority not to be denied. Many felt that this move had won an important victory in the war and that Japan, afraid of our link with Australia, had definitely turned aside from a real effort of invasion of that continent and would live on the hope that the Allies could not develop a real winning offensive from that territory.

AMERICANS: Up and Doing

Speaker Sam Rayburn of the house had reviewed the situation as far as the present attitude of Americans toward the war outlook was concerned when he revealed pertinent facts about the armed forces and their progress. He pointed out that America now had on foreign battlefields, six times the number of men we had in Europe after eight months of the last war.

He declared that planes were being turned out at the rate of 3,300 a month; that Grand rifles were far ahead of production schedules, with already enough on hand for every soldier in uniform to have one; that tanks were ahead of schedule, with one factory turning them out at the rate of a trainload a day; that the building of merchant ships would catch up with schedule by midsummer, and other items of like importance. Rayburn felt that the temper of the people was such that no lessening, rather an increase of this good work would be demanded. He said that on one recent day 100 men had been on strike in all war industry, and added "that was 100 men too many."

Some Americans were puzzled by the demands, in view of our production, that all old-style army rifles, the Springfields and the Enfields of the last war, all that were fit to fire, at least, be turned back to the war department for shipment to other members of the United Nations. This was to include a highly controversial point, the recalling from the 43 state guard organizations, all their rifles. They were to get shotguns, as were the military police, and the war department announcement added "that is all the arms they need."

Household Hints

Don't wash eggs before putting them in the refrigerator. Simply wipe them off with a dry cloth to preserve the natural bloom that protects the interior of the egg from the air. If you have trouble keeping flower holders in place in bowls, stick them down by first dipping the holders in hot melted paraffin. This works splendidly and the water in the bowl will not harm the paraffin. If you have any leftover meat and gravy, why not make a pastry roll? Spread the meat, mixed in with the gravy, on biscuit dough, roll it and fit it in a greased loaf pan or baking dish. Bake about 30 minutes and serve warm with a vegetable sauce.

**Senior Class Presents "High Pressure Homer"**

Date: Friday night, April 24  
Place: High School Auditorium  
Time: 8:15 War Time  
Name of Play: "High Pressure Homer"

Directors: Mrs. Snowden and Mrs. W. O. Payne

As the curtain rises on the first act, the Woodruff family will be seen in all their mad glory. Every member in the Woodruff family has a hobby and nobody will be able to resist laughing at their frocks.

You can't resist Mrs. Chester Woodruff, who is very scatter brained. Junior's wisecracks will make you laugh all the harder. Homer Hamoten Woodruff in spite of his high opinion of himself, only succeeds in making a hash of everything.

This play will be one that you can be sure to get your money's worth from and have an evening of relaxation and entertainment.

**The Chatter Box**

We Wonder:

What caused Colleen and Paul both to blush last Tuesday?

It that was George J. seen with Jane on Tuesday night?

Why Miss Hawkins concluded that the nickname, Angel, refers to Colleen rather than to Buster?

What Albert, Poj and Mrs. Pittcock have the swell head about?

Why Myrtle likes to drive to Ward Lewis Lake?

Why Lavell is becoming even more popular with the boys?

Why Freddie came to school last Monday morning?

What was wrong with Paul and Travis the other night at church?

Who is that lucky girl that Travis is reported to have proposed to three times lately?

Why is a Faye is so well informed on the latest changes in the postal system?

Why no other boy has been so successful as Paul in obtaining that new stiff pompadour?

Who is the boy who has won Ann-Jean's heart so completely?

When Mr. Buckner is going to begin to keep that promise to write each student a letter?

If it is true that Joel and Zebbie are both just girl crazy?

If it is Camilla or the cool breeze that makes all the boys want to move over next to the window?

If the Home Economics girls should not bring enough to serve us all who are waiting to make book reports at five instead of just enough for Miss Hawkins?

If the next 5 weeks will pass by as fast as our teachers tell us they will?

Brother LeMond had charge of the devotional exercises on April 17. He read the First Psalm and talked to us about the rewards of the righteous man.

He invited the students to attend the Friday evening services at the Methodist church, which was Young Peoples' Night.

He concluded his remarks with prayer after which the audience sang "Doxology".

The seniors had charge of the Geler ceremony with Alice Dodson, Peggy Everett, June Kirkpatrick, Chascey Ruth Key, Buster Bauer and Thelma Hoffman participating.

The main part of the program was presented by the 8th Grade under direction of Mrs. Moffitt, Mrs. Watkins and Blanche Sue Dudley played a piano duet. The entire class presented a humorous play entitled "Examination Day". Three of the students took parts of visiting patrons who asked the students questions. The answers they received were both amusing and surprising. In conclusion the group sang 3 patriotic songs: "What We Can Do For of the United States" and "Americans Down South". I am that everybody enjoyed this splendid program.

An entertaining and instructive part of the program was The Pictures We Like Best. Those who took part were Wanda Lee Shaw, Julian Gunsecker, Jimmy Owens, Ley Taylor, Martha Alexander, Betty Whitfield, Dorothy Meeks, Pearl Goode, Bobby Hamelstrand, Jerry Peters.

An amusing skit, Dot Entertains for Big Sister.

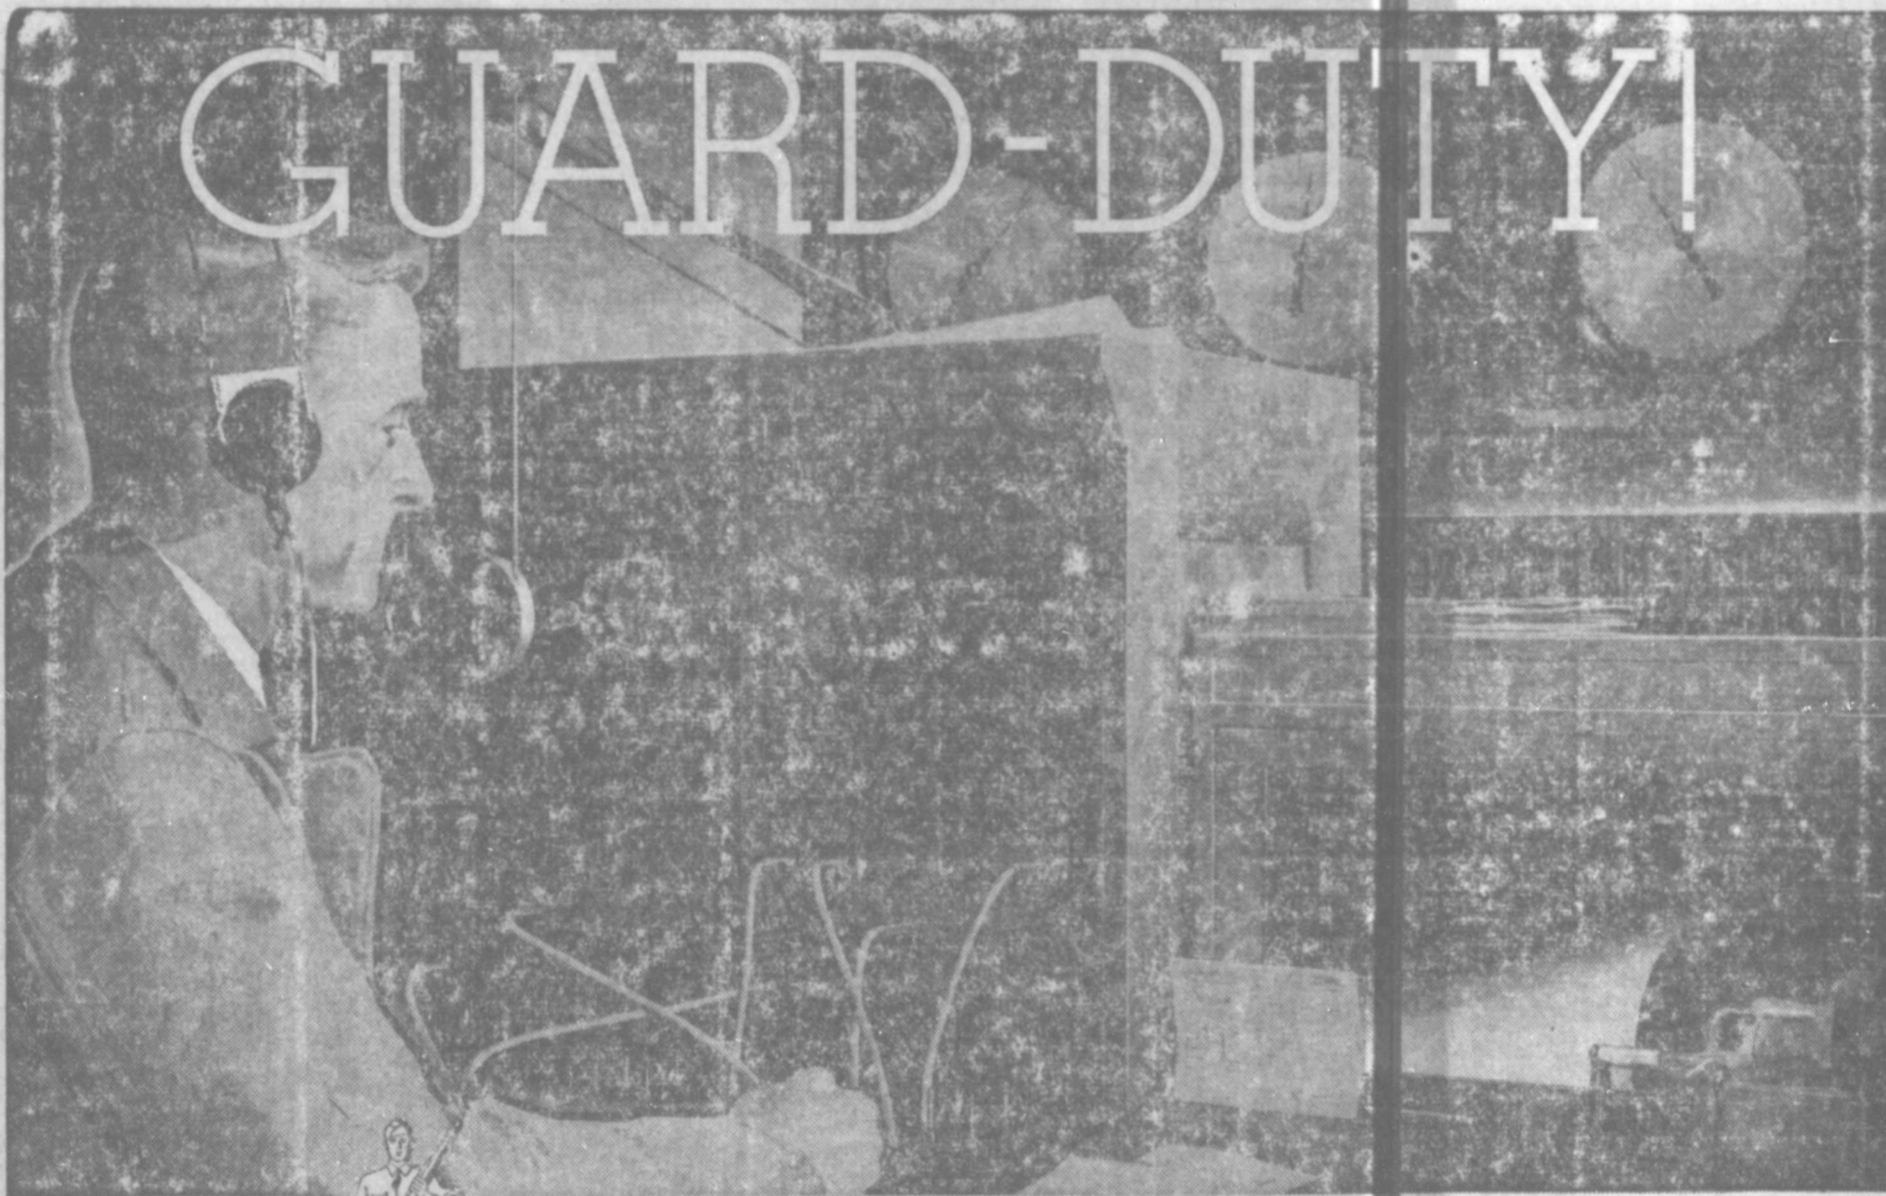

The program was concluded by the whole group singing Grandfather's Clock and Deep in the Heart of Texas.

An unusual kind of guard (without a gun) is constantly on "watch" over your Dependable Natural Gas Service.

Quietly through every night and every day, the load dispatchers of this Company and associated Companies marshal the Gas reserves throughout the System to meet the demands of this area, whether for a gigantic war plant or for domestic needs.

Nerve center of more than 3,300 miles of telephone and telegraph lines and more than 6,000 miles of pipe lines, the load dispatchers are only a small part of the more than 3,000 skilled, experienced employees whose duty it is to keep the Gulf South's Natural Gas Service DEPENDABLE.

This dependability of Natural Gas is what makes it such a valuable fuel for industry, either for war or peacetime production, and it has meant much in creating greater payrolls and greater war production for the Gulf South.

**How to take care of Your Electric Washer**

Don't overload the washer, or use it to wash out just a few small pieces unless necessary. Wash immediately after using. Fine thoroughly. Rinses and frame of washer should be wiped dry. Remove lint from rollers. Turn off water supply. Leave cover off tub when all dampness has evaporated. Cord should be wiped dry and carefully wound on handle. When using wringer, take care that wringers are in motion or that handles are allowed to stop or nick the rubber rollers.

**How to take care of Your Electric Water Heater**

Special care is required for electric hot water heater. If properly installed, you can look after it with the care of a pet. Be sure the thermostat is set at the correct temperature. Turn it on every day. Since it's automatic, turning it off and allowing the water in the tank to cool, is not a good idea. It uses more current than continuous operation. If you live in a section where the water is very hard, it occasionally may be wise to have the heating element taken out and the flow of water removed. Other methods, there is no need for you to do except don't waste money by letting it run down the sink.

**West Texas Utilities Company**

## BE GOOD TO YOUR ELECTRIC APPLIANCES AND THEY'LL BE GOOD TO YOU!

**NEW METHODS** of efficiency and economy are being worked out to provide an ample supply of light and power for military training camps and war-time industries in this West Texas country in addition to your home and business. But the factories that once turned out an abundance of electric appliances today have been converted to production of war materials. Since these appliances are vital in maintenance of civilian morale and in conserving time and energy for wartime work, it is essential that we all take steps to prolong the usefulness of the appliances now on hand. We are offering some suggestions to help you make them last.

**How to take care of Your Electric Refrigerator**

Some older models should be oiled every six months. Those with belts should be checked and new belts installed if needed. Condensers in all models should be cleaned once a year. Defrost at regular intervals, allowing the ice to melt rather than using an ice pick. (There's danger of puncturing a hole in the metal or freezing coil.) Close the door quickly after putting in or taking food out, using care NOT to touch rubber insulating seal around door with greasy hand. (Grease causes the rubber to deteriorate.) Let food cool before putting in refrigerator. Be sure that motor shipping bolts are fastened to prevent damage in transit when moving to new location. Be careful with the trays—it's difficult to get new trays of any kind. Wash inside of refrigerator with baking soda and water whenever defrosting to prevent food odors.

**How to take care of Your Electric Range and Small Appliances**

Plan menus so that entire meals are cooked at the same time in oven or thrift cooker. In top-burner cooking turn burner to low as soon as boiling begins. Be sure to turn burners off when through using them. Don't allow liquids to boil over onto the cooling coil. (Heats in coils include copper and magnesium oxide and are hard to replace.) Wash outside of range with warm soapy water when cool. Food spilled over on surface cooking coils should be burned off. Wipe oven with damp cloth and remove food spillage after it cools.

The good care of your small appliances becomes parts are becoming hard to replace. For example, the brushes in your sweeper come from China—or did. Not any more. And rubber belts and cords. You know about rubber and copper. Even electric elements in all appliances and switches for lamps are becoming scarce. So take care not to abuse them. All lamp and appliance cords should be handled a bit more carefully. Keep them off the floor if possible so they won't be trampled, knotted or kinked, causing the rubber insulation to break.

**Pull the Trigger on Constipation, with Ease for Stomach, too**

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicines more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

**Menu Inspiration—Strawberries in Season**  
(See Recipes Below)

**Strawberry Doings**

Once again this red, bright berry is coming into its own, as strawberries dot the markets in this spring unto summer season. For the lilt that it gives to foods in which you use it, for the harmony with which it combines with other foods, and for its own natural goodness, the strawberry rates a column by itself.

**Honey Strawberry Jelly.**  
2 1/2 cups strawberry juice  
1 cup honey  
2 1/2 cups sugar  
1 package dry pectin  
Crush strawberries and drain through jelly bag without cooking. Measure juice, add pectin and place over hottest fire. Bring to a full rolling boil. Add honey and sugar and again bring to a full boil. Continue boiling for 1/2 minute. Remove from fire, skim, pour into sterilized jelly glasses and seal.

**Strawberry Marmalade.**  
(Makes 12 6-ounce glasses)  
1 quart strawberries  
2 oranges  
2 lemons  
1/2 cup water  
7 cups sugar  
1/2 bottle fruit pectin  
Remove peel from oranges and lemons and cut off white membrane. Put peels through a food chopper. Add water and bring to boiling. Cover and simmer 10 minutes. Add orange and lemon pulp and juice. Simmer 20 minutes. Add crushed strawberries. You should have 4 cups of fruit. To this add the sugar. Bring to a boil, and boil 5 minutes. Remove from heat, stir in pectin. Let stand 5 minutes. Skim. Seal in hot sterilized glasses.

If you want to ride the crest of popularity with family or guests, then arm yourself with a few strawberries, a bit of sugar, an egg beater, and old faithful, the refrigerator, and in no time at all you will have a perfect dessert for lunch or dinner or afternoon refreshment.

**Lynn Says:**

**Honey Hints:** With increased use of honey in prospect you will want to learn to use it most economically. Honey is different chemically from sugar so follow all amounts given in recipes carefully for best results. They have been tested to give you the necessary correctness in cooking.

To measure honey, use a greased or a moist cup so it will pour out readily to the last drop. A greasing brush is an economical way to grease the cup. In measuring spoonfuls of honey, dip the spoon first into cooking oil, melted butter or liquid fat before dipping in honey.

Keep liquid honey in a warm place, about 75 degrees or over. Avoid damp places of storage. Comb honey is better kept at room temperature rather than in the refrigerator.

To liquefy honey that has granulated, place in a bowl of warm water, just warm enough for a hand, and leave in until all crystals have dissolved.

Cakes made with honey taste different from cakes made with sugar and seem less light and fluffy when baked. But the cakes will be moist, flavorful, and nice textured if you let them stand from a day to three days to age properly.

Place honey jar in warm water for about 10 minutes before using.

**Strawberry Mousse.**  
(Serves 6)  
1 1/2 cups crushed strawberries  
1 cup thick cream, whipped  
2 egg whites, well beaten  
Pinch of salt  
1/2 cup sugar  
Combine sugar and crushed fruit and stir until sugar is dissolved. Fold sweetened fruit into the whipped cream. Fold salt into beaten egg whites and mix with fruit and cream. Pour into a refrigerator tray or mold for freezing until firm.

No round-up of strawberry recipe is complete without a sauce to crown that dish of ice-cream or that cool vanilla pudding which you made this morning. This one will really turn your simple dessert into a party-mannered one, so cherish it as you would an heirloom:

**Strawberry Sauce.**  
1 quart strawberries  
Powdered sugar to taste  
Grated rind of one orange  
Few drops of lime juice  
4 tablespoons currant jelly  
1 cup whipping cream  
Stem and wash strawberries. Slice them and sweeten to taste with powdered sugar. Sprinkle grated rind and lime juice over berries, and stir in the currant jelly beaten with a fork. Beat the cream and fold it in carefully to the strawberry mixture. Serve over ice cream or cold pudding.

Then there's shortcake! Nothing is so good as slivered or crushed strawberries spooned between hot biscuits, slit and buttered:

**\*Strawberry Shortcake.**  
(Serves 8)  
2 cups flour  
1 tablespoon sugar  
3 teaspoons baking powder  
3/4 cup milk  
1/4 teaspoon salt  
4 tablespoons fat  
Mix and sift dry ingredients. Cut fat into mixture, using two knives. Add milk gradually to make a soft dough. Toss on floured board, pat lightly to 1/4-inch thickness. Cut with a biscuit cutter and bake on un-buttered pan in a hot (425-degree) oven for 12 minutes until a light, golden brown. Split, butter and fill with crushed or slivered, sweetened fruit. Replace top and spoon more fruit on top. Be sure that you let the sugar stand on the fruit for a half an hour or so before using.

**\*Baked Spareribs.**  
(Serves 6)  
Place 3 to 4 pounds of spareribs in a roasting pan. Pour over the following sauce and bake at 300 degrees for 2 to 3 hours, basting occasionally with the sauce.  
Sauce: Combine 1/2 cup soy sauce, 3/4 cup honey, 1 level teaspoon prepared mustard, and 1 finely chopped onion.

**\*Stewed Tomatoes.**  
(Serves 6)  
1 can tomatoes (No. 2 can)  
1 tablespoon butter  
Salt and pepper  
1/2 teaspoon sugar  
1 slice bread, cubed  
Heat tomatoes, add salt, pepper, butter and sugar. Fold in cubed bread and as soon as all is heated thoroughly, serve immediately in small sauce dishes. Cracker crumbs may be used in place of bread crumbs.

### METHODIST CHURCH

O. R. LeMond, Pastor

The Clarendon District Conference met at Wellington Tuesday of this week. Hedley was represented by the pastor and the following delegates: Mrs. Frank Kendall, Mr. J. A. Ringer, and R. W. Seales, and Robert Watkins. The conference was a great success. The reports were optimistic and the attendance good. The conference will meet at Hedley next year. Hedley asked for its last year, but Wellington got it. There was no competitive invitation this year, and the conference voted unanimously to come to Hedley. Rev. E. D. Landreth former pastor here was the conference preacher and brought a most helpful message.

The Spring Revival closed last Sunday morning due to the fact that the evening service was rained out. That does not mean that evangelistic efforts are over. There will be continuous effort placed on this phase of the work, especially in the evening hour. The pastor's subject Sunday night will be "God's Great Invitation".

The churches are here to help you. Want you give those of us who are trying to lead the churches the chance to be of service to you by being in the service of some of the local churches each Sunday? Call on your pastors for help any time they can be of service. They are always

glad to be of service.  
You will find a warm welcome at the Methodist church twice each Sunday. Young folks, if you are not already in such a group meeting we invite you to the Youth's Fellowship at 7:45 each Sunday evening.

### O. B. Stanley Jr. Gets Jap

Lieut. O. B. Stanley Jr. of Abilene took part in one of America's most brilliant victories on Feb. 20 near the Gilbert Islands, when he shot down one of the 20 Mitsubishi bombers which attacked the U. S. naval squadron. It was the same afternoon that Lieut. Edward O'Hare won fame by shooting down six Japanese bombers.

Lieut. and Mrs. Stanley have now returned to the U. S., and he will become an instructor at the Corpus Christi naval base. He is the son of Mr. and Mrs. O. B. Stanley of Abilene, and the grandson of Mr. and Mrs. T. R. Moreman of Hedley.

Jimmie Don Goins is in the naval hospital at Pearl Harbor with a broken ankle received in battle somewhere in the Pacific. He is reported doing fine.

Funeral services for Mrs. J. H. Trimble of Mart who passed away April 12, were held April 14 there. Interment was in the Mart cemetery. She was 85 years of age and had been a resident of Mart over 30 years.

She is survived by two sons, L. P. of Hedley and Elbert L. of Ocean Springs, Miss., and one daughter, Mrs. Myrtle Eskew of Mart.

The Informer extends sincere sympathy to the bereaved.

### NOTICE

All Hedleyans interested in organizing a Lions Club here are invited to attend a meeting at the City Hall at 8:30 Monday night, April 27.

### First Baptist Church Notes

The revival meeting ought to claim the attention of every one of us. If it does not, then we really need a revival. If I am a member of the church and a revival does not have an appeal for me, brother, I need reviving! Remember the date, Friday night, May 1 through Sunday, May 10. A brief "Mother's Day" program is being arranged for the closing of the Sunday School hour, May 10. The preaching service will be in honor of mothers. What better way could a Christian honor Mother than by attending the evening services of a revival meeting? What better way could an unconverted person honor Mother than by trusting Mother's Jesus?

Go to church Sunday!  
Those who attended the Training Union meeting at Lelia Lake and the Workers Conference at Turkey really enjoyed good programs and will never be the same again.

"The Compassionate Christ" was the pastor's sermon subject Sunday morning. We planned to attend the meeting at the Methodist church Sunday night, but a rain and a bad looking cloud prevented a service.

Remember we meet for Sunday School at 10 a. m. war time. We welcome you to worship at any and all of our services with us.

### Woman's Culture Club

The Woman's Culture Club met with Mrs. Ray Moreman April 15. The topic of our program was "Prayer." The thought for the day was "Prayer unfolds our lives to God." For the roll call each member was called upon to give the name of a religious song writer. "Special Prayer in Old Testament" was given by Mrs. L. O. Ray. Mrs. Ted Dedy gave the story of "Naomi and Ruth." The Lord's Prayer and the special New Testament prayers was given by Mrs. Frank Murray. The club members all joined together in singing the song "Sweet Hour of Prayer" and in repeating the Lord's Prayer.

The club members, the guest, Mrs. Bob Mann, and the hostess, Mrs. Ray Moreman, all enjoyed a very delightful social hour.

### Young People's Rally

The Church of the Nazarene is having an all day Young People's rally Saturday, April 26. The rally will be preceded by a service Friday night. Rev. Hadley Hall, pastor of the Church of the Nazarene at Wellington will bring the message Friday night.

Everyone is invited to worship with us in this rally. Bring a lunch as we will have dinner on the ground.
