Tire Rationing News

A letter from Mark McGee, State O P A Director, to G. E. Kinslow, Chairman Donley Co War Price & Rationing Board, gives the following information.

Farm passenger cars are not eligible for new tires and may only be granted certificates for repairs. We are aware of the acute shortage of retreadable carcasses and are hopeful that some measures will be taken to relieve this problem. We know that it is state wide, and probably, nation wide in scope.

We have found some counties throughout the state who have organized cooperative plans among groups of farmers to utilize the tires available to all the farmers in a certain area. In this manner they all get together and pool their vehicles, using those with good tires to haul off the crops for everyone participating in the plan.

Legion Reports Work

The old officers of the Hedley Legion Post have finished their year and the new officers are being installed Thursday night August 13.

The accomplishments of the Post for the year are as follows: Received citations for increasing their membership over four year average. Signed members to over 2 1/2 % of their quota, having signed all of the 38 men eligible to be members of the Legion who live in Hedley and Hedley trade territory as members of the local Post for 1942.

Organized guard for home defenses.

Aided and donated to the Red Cross drive.

Furnished Scoutmaster, Chairman of Boy Scout Troop Committee and meeting place for local Boy Scout Troop.

Furnished six rifles to St. Edwards University for the training of their cadets.

Aided junk and rubber drive. Aided and furnished storage for waste paper drive.

Furnished Hall for several meetings during the year and offered the use of the Hall to any worthwhile enterprise.

Decorated the graves of all veterans on Memorial Day.

Furnished delegates to District Division, and State Conventions of the Legion and had representatives at many other Post, monthly, district and division meetings, and other patriotic gatherings. Collected their quota of phonograph records for U S O. Raised quota for Army Navy relief.

Red Cross Notes

The Red Cross Room will be closed until further notice. Due to school starting we will have to move to other quarters.

We wish to express our thanks to each of you who has helped with our volunteer work. Especially do we thank the School Board for the use of the Home Economics Room. Much work has been done by Hedley and its workers and we will open again in September.

Red Cross Chairman

Mrs. Virgil Throest of Roswell, Mrs. Dallas Milmer and Miss Luella Jewel Walker of Canyon visited here last week end.

Bring your boot orders to Kellie Shoe Shop and save money.

Hedley School News

It is now thought that transfers to the Hedley district have reached a number sufficient for the school to have eleven teachers. This will be a teacher to the grade since one grade will be omitted in the shuffle to the 12 grade system.

Mr. Hill is asking that parents do their best to start their child on the first week of school and have them to attend as regularly as possible for the first sixty days. This is important because of the new regulations regarding attendance. Children will be given ample time to pick cotton when the season arrives.

Parents who can't begin now and stay in school are asked to come and enroll so that estimates may be made for the lunch program, provided we get one later. They can come back as soon as possible. At present the lunch program is held up on account of lack of labor.

Patrons are invited to the opening from 9 to 10 A. M. A teacher will be assigned to the registration of each class at 10. Students in high school may find what they can take by coming to the High School Friday or Saturday.

Lions Club

The local Lion's Club met at the basement of the Methodist Church Thursday night in their regular meeting. We had as guests Frank Finch, H. P. Wilson and Chester O. Will. H. M. Breed, love of Clarendon was with us and spoke to us about the Government Scrap Drive. He urged us especially to get all waste grease, etc. into the hands of the Government. Messdames O. L. Johnson, Ray Moreman and Jack Marshall served the dinner. The Club is well attended by its members and interest is growing among others. We hope to see the club much larger in the future. We need the service and fellowship of such a club in our community. If you are interested in a Service Club you are invited to visit with us, but be sure and let us know ahead of your intentions so that you will get your name in the pot in the kitchen.

G. R. LeMond, club reporter

Revival

The Church of The Nazarene is to begin its meeting August 30 and continue through September 13. Rev. Maud Bauby is to be the evangelist. I understand she is a former pastor here, and is well known. Please keep this date in mind, and be ready to come to the meeting and worship the Lord and forward His cause. Howard Smith, pastor.

Homecoming

Corp. Winfred McPherson from Camp Bartlesley spent the week end with his parents, Mr. and Mrs. J. W. McPherson. Those present for the homecoming were Mr. and Mrs. Alton Qalsberry, Doyle, Ione, Mary, Jimmie and Bonnie Page of Amarillo, Mr. and Mrs. Lowell Blackwell, Donald Gene and Joe Mc of Amarillo, Mr. and Mrs. P. E. Stewart, Billie Marie and Eddie Mc of McLean, and Mrs. Winfred McPherson of Hedley.

ON THE HOME FRONT

with RUTH WYETH SPEARS

WHATEVER the limitations that priorities may place on new bathroom fixtures there is no limit to the gay color and good cheer that you may have with brightly painted cupboards and towels decorated with pieces from

your scrap bag. In this bathroom, a morning glory applique design is used for towels of two sizes and for curtains.

The handy towel and lotion cupboard is painted white outside and morning glory blue inside. The sides, top and bottom are screwed together at the corners. Use half-inch metal angles as shelf supports, or make grooves for a neater job. As shown in the sketch, the cupboard is trimmed and made rigid with plywood scallops secured with half-inch screws.

NOTE: Here is news for the man with hammer and saw. Whether you have a coping saw from the dime store or an expensive band saw, you may now make cut-out scallops for any purpose desired. Pattern No. 207 includes scallops from one and a half inches to nineteen inches; together with numerous illustrations of their use in home decoration. The lady with needle and thread will want pattern No. 202 with ten hot iron transfers of the Morning Glory design. Patterns are 16 cents each. Order by number and address:

MRS. RUTH WYETH SPEARS
Bedford Hills, New York
Enclose 10 cents for each pattern desired.

To save shopping trips

Buy more oranges at a time—they keep

You don't have to cut down on fresh foods just because you shop less often these days. Simply buy oranges in larger amounts. They're naturally good keepers!

They give you protective vitamins and minerals you need, especially vitamin C. They satisfy your sweet tooth—save sugar.

Those stamped Sunkist are the finest from 14,500 cooperating growers.

Sunkist

Best for Juice and Every use!

RED BALL ORANGES

packed by Sunkist growers are a dependable brand of juicy, rich-flavored California oranges. Look for the trademark on skin or wrap.

SETTER OF STANDARDS

Advertising is the great setter of standards in American business life. Advertised goods are the standard by which you spend your income, confident of getting your money's worth every day.

WEEKLY NEWS ANALYSIS

Red Communiques Admit Grave Peril As New Flank Attacks Harass Nazis; CIO President Proposes Peace Plan; Cargo Planes Get Qualified Approval

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper. Released by Western Newspaper Union

One of Uncle Sam's newest weapons for the armored force, the M4 tank, is shown on special demonstration at Fort Knox, Ky. Here the 28-ton tank plows through a barn to demonstrate its ability to negotiate obstacles. It has a 75-mm. cannon in a revolving turret and a completely welded hull.

RUSSIA:

Flank Tactics

While Moscow's official radio was telling the Germans in their own language that the United States and Russia had come to their agreement on the creation of the second front in 1942, Soviet troops were busy with flank attacks on the Nazi forces all along the 300-mile Don river front.

German drives had pushed far beyond Rostov, toward the Caucasus, but the Russians were claiming that their new flank attacks were netting a terrific toll of Nazi tanks and men. At Voronezh, northern anchor of the Don front, the Russians had been holding out doggedly while their columns were being pushed back in the other sectors.

If Germans in the homeland had been listening to the Russian radio tell of the coming of the second front, they heard too that their country would be confronted with 15,000,000 men, 85,000 tanks, 100,000 guns, and 50,000 airplanes. But this was brave talk for even the official Russian communiques admitted the gravity of their nation's peril. Most feared was a Nazi break-through in the center of the Caucasus front. This would more than likely mean that the so-far orderly Russian retreat would stand a chance of being turned into a rout—a result that would be disastrous for the cause of the United Nations.

Soviet officials had other troubles, too. There were reports out of the Don valley that large rings of fifth columnists had been uncovered. Many of the spies in these groups were quickly executed as they were caught trying to co-operate with Nazi parachute troops who were dropping behind the Soviet main lines.

Meanwhile, through England and the United States the cry was getting louder for military officials to establish the much-discussed second front. From widely diversified groups and sections came the urging. There was considerable agitation for this move for many people feared the United Nations would suffer a most severe blow should Russia fail to last the year on the European side of the Ural mountains.

ALEUTIANS:

10,000 Japs

Breaking an official silence, a navy spokesman officially estimated that the Japanese have succeeded in putting "not more than 10,000" troops into the Aleutian island area and at the same time announced there was no evidence that the Pribilof island to the north had been occupied by the Nipponese.

The statement came in answer to a report made by the Alaskan delegate to congress, Anthony J. Dimond, that between 20,000 and 25,000 Jap troops were on the Aleutians and that the Pribilofs had been occupied.

Questioned about Dimond's reports, the spokesman said that "we believe that not more than 10,000 Japanese are in the Aleutians, probably one-half ashore and one-half afloat."

The Japs gained a foothold in the Aleutians on June 3. So far, the navy has confirmed the presence of Japs only on three of the islands: Attu, Agattu and Kiska, at the western end of the chain. The Pribilofs are in the Bering sea, and consist of four islands: St. Paul, St. George, Otter and Waldrus. The latter two are small and uninhabited.

PETRILLO SAYS 'NO':

To Davis Plea

"I cannot grant your request to cancel the notice that the AFM members will not play for transcriptions or records."

With those words, James C. Petrillo, president of the American Federation of Musicians, refused a request by Elmer Davis, director of the Office of War Information, to rescind his ban against the making of new phonograph records or radio transcriptions for commercial purposes by union members.

PEACE PLAN:

For CIO-AFL

A proposal that the Congress for Industrial Organization and the American Federation of Labor "initiate discussions regarding possible establishment of organic unity" was made by Philip Murray, CIO president, in a letter to William Green, AFL chief.

Peace proposals between the two organizations have been discussed for several months as a step toward speeding war production. In his letter, Murray proposed the establishment of a committee composed of representatives of both organizations, with an impartial arbitrator, to settle all jurisdictional disputes between the two groups.

Murray named a committee of three to discuss the problem of "organic unity." He named himself, R. J. Thomas, president of the CIO United Automobile Workers, and Julius Emspack, secretary of the United Radio and Machine Workers union.

BEEF:

Two Varieties

In butchershops from the Bronx to Boise there was considerable beefing about beef. Beef was high. Beef was hard to get. What was the trouble?

President Roosevelt told his press conference there were three main reasons for the current meat shortage: (1) this is the off-season for beef; (2) people have more purchasing power now, with which to buy better cuts of meat; and (3) around 4,000,000 men under arms are now eating much more meat than they ever ate on their own dinner tables at home.

Meanwhile Agriculture Secretary Claude Wickard reported that there may be some relief in the temporary beef shortage this fall when more cattle are brought in off the range. But other sources looked with disfavor on what effect this would have on the normal spring beef market.

GIANT PLANES:

From Shipyards

There was a new answer to the shipping problems of the United Nations looming on the horizon. It was an unofficial agreement from the War Production board to give the "green light" to plans of Henry K. Kaiser, West Coast shipbuilder, to build giant cargo and troop transport planes in nine of the nation's shipyards.

First hitch to be overcome in the suggested set-up was the granting of authority by military officials to release engines and other parts needed in the building of aircraft for the army and navy.

Donald Nelson, WPB head, appeared to be willing to proceed with the plan if these materials could be obtained without hampering the war effort. This came as a surprise as WPB first voiced skepticism on the plan.

Kaiser's idea calls for the conversion of three shipyards on each coast to produce 5,000 flying boats a year. The ships would be of 100-ton design fashioned after the 70-ton flying boat Mars, now in active use. Support of Glenn Martin, Baltimore bomber builder, Tom Girdler, steel magnate and all others with knowledge of production problems of plane building would be sought, according to Kaiser.

After Kaiser had discussed the idea with Nelson he appeared before a senate military subcommittee to testify and Nelson later issued a statement stating that the WPB was willing to "co-operate to the limit in any practical way for increasing the effectiveness of our . . . transportation systems."

At the same time, James H. R. Cromwell, former U. S. minister to Canada, was proposing that Kaiser be made "czar of air transportation." He said: "If we can't get supplies to the fronts by air transport we are going to lose this war."

AIR MONSTERS:

Things to Come

Reading like a tale from the pen of Jules Verne, the story of two super-gigantic cargo planes was unfolded in Washington by aviation engineers. Senate committees heard the stories.

Details of a huge plywood plane were disclosed by Dr. W. W. Christman, technical aviation engineer. The plywood aircraft, weighing 1,120,000 pounds, would be both a cargo and battle plane. It would be a 60,000 horsepower, two hull plane with 400 foot wingspread and with wings 16 feet thick, with a speed of about 350 miles an hour. It would carry 3,000 men. It would carry a rack of torpedoes weighing 20,000 pounds. Dr. Christman pointed out that the torpedoes would have a striking force of 19,000,000 pounds when dropped. "A battleship deck would be like wet paper when one of these bombs hit it," he said.

The second plane was a revolutionary type of amphibian flying cargo plane, which would be lifted and propelled by a combination of engines, helium gas and air tunnels. The engineers are Horace Chapman Young and Eric Langlands of the Aerodynamics Research corporation.

A single wing combination cargo-fighter-carrier, the plane would have a flying deck of approximately 200 feet, from which 12 fighter planes could take off. It would carry enough helium gas to lift 36 tons and with its engines could lift 70 tons. Four tunnels would run through the wings. Engineers in these tunnels would create a semi-vacuum, whose suction would supply pulling power while the propellers gave it thrusting power. Its speed would be about 200 miles an hour.

LADIES:

Of the Navy

"Waves" is not a new word to U. S. navy men but in the future sailors will have to think twice before using it. For this is the name being given to the Navy's woman's auxiliary, counter-part of the army's W.A.A.C.

Now officially organized, the Waves plan to enlist 10,000. First call was for 1,000 women, preferably bachelor girls, to volunteer as officer candidates.

Miss Mildred McAfee, 42, president of Wellesley college, Wellesley, Mass., is being chosen head of the feminine navy unit and will hold the rank of lieutenant commander.

While there appeared to be a preference for single girls, married women are not prohibited from volunteering. Unmarried women will have to agree not to marry while in training—a one-month period.

Waves will be assigned to desk or administrative jobs to release men for active sea duty.

Rationing Student

John Leigh, gas station attendant in Washington, is pictured studying rationing rules. When Price Administrator Leon Henderson ran out of gas, Leigh refused to fill a can for him. Henderson later proved that such an act would not be a violation of the regulations, but his proof came too late. He already had been forced to take a taxi.

MISCELLANY:

COUSINS: Conklin Mann, New York genealogist who discovered last month that President Roosevelt and Prime Minister Churchill are eighth cousins once removed, announced that he had found the President to be a sixth cousin once removed of Gen. Douglas MacArthur.

MARKETING: U. S. farmers in the first half of 1942 marketed products totaling \$5,773,000,000, according to a department of agriculture estimate. This compares with \$4,012,000,000 for the same period in 1941.

FATS: The Office of Price Administration has set a ceiling of four cents a pound on waste kitchen fats now being sold by housewives to retail meat markets in the national salvage campaign.

GASLESS: Pleasure driving is practically a thing of the past in Britain. As of August 1, gasoline is sold only to business and professional automobiles.

DEATH: Maj. Gen. Julius von Bernauth, German tank expert, was killed in action on the Russian front, it was announced on a Nazi broadcast.

Star Dust

STAGE-SCREEN-RADIO

By VIRGINIA VALE
Released by Western Newspaper Union.

YOU'RE going to see something in the new Fibber McGee picture, "Here We Go Again," that you never saw before—and that's Charlie McCarthy moving around without benefit of any manipulation by Edgar Bergen. It's perfectly simple—RKO just engaged a mid-get, Jerry Maren, for the part. He's practiced those stiff, mechanical movements of the dummy's until he's got them down pat. In fact, he does them so well that people who stroll onto the set without knowing what's happened have thought they were imagining things when Charlie, in the person of Jerry, went into action.

How'd you like to have a blind date with Ginger Rogers? Nine boys in uniform did recently. Planning to see two new feature pictures at home, she sent her station wagon to the USO to ask if some of the

GINGER ROGERS

men would like to spend a quiet evening and see some pictures free. They dined with her, (to their surprise; they hadn't known who their hostess was to be,) and then, when they said they'd like to see one of her pictures, she showed them something few people have seen. It's a film of every dance she's done since "Flying Down to Rio"—shows her with old-fashioned makeup, clothes, etc., and that's something most stars avoid like poison.

Tony Merrill had a perfect alibi when he showed up two hours late for scenes with Rosalind Russell in "My Sister Eileen" the other day. He had been down town being sworn into the army. If Janet Blair's late for work in the same picture she'll have a good reason, too. She sang at the San Diego marine base just before the picture started, and the leathernecks sent her a souvenir—a baby wildcat.

After each "Hobby Lobby" broadcast thousands of dollars worth of war bonds and stamps are sold in a "Victory Auction." Dave Elman auctions the handcraft or property of hobbyists, selling to the person who buys the most bonds. Lieutenant Bulkeley's tie pin and shoulder insignia brought \$16,000!

James Cagney and his neighbor at Martha's Vineyard, Mass., have turned over their estates to the army for maneuvers—6,500 acres altogether, of which Cagney owns 500. He has also offered his summer home as quarters for staff officers.

Hope you've been listening to those Stage Door Canteen broadcasts. Rafts of amusing stories come from the canteen. Alfred Lunt was making sandwiches when a young actor approached him. "What are you doing?" asked Lunt. "Nothing—" said the youth. "I'd sure like to go into a play with you this fall. I could go into rehearsals right away; I'm not doing a thing now." "Well, then," roared Lunt, "go empty this garbage pail!"

Five-year-old Maxine O'Brien will play the title role in "Journey for Margaret," starring Robert Young and Laraine Day, so that "search" is settled! Incidentally, Laraine is filmdom's loneliest bride—her husband, Ray Hendricks, was recalled to his flying instructor's post six hours after his first leave began.

Ann Summers is leading lady in "The Avenging Rider," Tim Holt's next. She's the girl who was told that she was to appear in an earlier Holt western, devoted six solid weeks to learning to ride a horse—and then when she reported for work, found out that she didn't have to. But in this picture she'll ride, at last.

ODDS AND ENDS—Cary Grant has bought a new organ for the church in San Bernardino, Calif., whose minister married him to Barbara Hutton. . . Eddie Cantor and his wife entertain 12 to 15 service men with luncheon and a swim nearly every day. . . Got any old band instruments? Joe E. Brown, between scenes of "The Young Man," is still collecting them—wants to equip a navy band before its departure for an undisclosed spot; has 23 so far. . . "Come One, Come All," a film based on the housing shortage in Washington, D. C., will probably be Jean Arthur's next at Columbia.

JUST THE WAY

That Sort of Fellow
"Is that man annoyed with you? I notice he didn't return your greeting."
"Oh, he lives next door to me. He never returns anything."

One Called For
A blushing young woman handed the telegraph clerk a telegram containing only a name, address and one word—"yes."
"Wishing to be helpful, the clerk said: 'You know, you can send five more words for the same price.'"
"I know I can," replied the young woman, "but don't you think I'd look too eager if I said it six times?"

A LITTLE BREEZE

There's Clarence; he's very much like his canoe.
"How so?"
"It takes so little to upset him."

Do, in a Pinch
An official, completing the records of a young woman volunteer for war services, asked who was her next-of-kin.
"I haven't any," she said.
"What!" said the official; "no father, mother, aunts, brothers, uncles?"
"No," she said, and then, after a pause, she added, doubtfully: "There's my husband, if he'll do."

The Egotist
The performing sea and an elephant crossed a jungle bridge together.
"Oh, boy," whispered the sea in the elephant's ear, "we certainly made that bridge shake!"

Sentinels of Health

Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backaches, persistent headaches, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feet tired, nervous, all worn out.
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

DOAN'S PILLS

S. J. R. No. 28
 A JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon: "For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

"Against the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

S. J. R. No. 21
 A JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000) Dollars or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the next General election to be held on the first Tuesday after the first Monday in November, A. D. 1942, at which all ballots shall have printed thereon: "For the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College;" and

"Against the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expenses of publication and election for such amendment shall be paid out of proper appropriation made by law.

Sentinels of Health
Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.
When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all were out.
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use **Doan's Pills**. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's, sold at all drug stores.

DOAN'S PILLS

WEEKLY NEWS ANALYSIS

Nazi Struggle for Russia and Egypt Takes Spotlight From Pacific Battle; Growing Force of U. S. Air Power Is Displayed on World's Many Fronts

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

U. S. AIR POWER: Around the Globe

From widely scattered sections of the world's fighting front came reports of the increasing strength of America's hard-striking air power.

Most dramatic was the announcement from London that for the first time the United States army air force had made an attack on Nazi occupied Europe. Six bombers, American made and American manned, took off and during a daylight raid smashed Nazi planes and troops on the ground at three Holland airdromes. Later enemy ships were attacked off the Dutch coast.

One interesting sidelight of the raid was that its principal hero, Capt. Charles C. Kegelman of El Reno, Okla., was awarded the Distinguished Service cross by Maj. Gen. Dwight D. Eisenhower, commander in chief of U. S. forces in the European theater, and Kegelman thus became the first member of the 1942 AEF to be decorated for gallantry in action against the enemy in Europe.

His feat was described as a demonstration of "superior airmanship and extraordinary coolness in the saving of the lives of his crew" after the plane he was piloting was struck hard by anti-aircraft fire over the bombing target.

Chinese Front

Meanwhile, the newly installed U. S. army air force in China started things off in good fashion by shooting down five Japanese planes in a battle which came as the result of a direct challenge by the U. S. forces to the enemy.

Background to the battle was a Jap radio report that their forces in the Hengyang area would "blast the new U. S. air forces out of China" and a reply by Brig. Gen. Claire L.

RUSSIA:

Pincers

When the Nazis finally drove the Russian defenders out of gallant Sevastopol, they succeeded in opening the second claw of a giant pincers movement which had for its other base the Kharkov foothold.

But success in Sevastopol was difficult to obtain. Even the Nazis admitted that. For 27 days everything the Nazis had was blasted against the besieged naval base. The Red navy had to retire from it to less secure bases in the Black sea. Still the Nazi bombers came.

MARSHAL SEMEON TIMOSHENKO
No rest for Nazis.

Finally the last Russian foothold in the Crimea fell and Hitler had gained an important wedge in his drive toward the oil fields of the Caucasus.

Not only did they open up to this rich prize, but the fall of Sevastopol meant that more men could now be diverted to the fighting around Kharkov.

But before the Nazis had a chance to rest and to realign themselves, cagey Russian Marshal Semeon Timoshenko struck savagely at them and regained several villages. The Nazis in turn had their eye on the Don river and would not be stopped until this objective was won. Although another front was opening to the northwest of Moscow, the battle of Kursk-Kharkov was viewed generally as the scene of Hitler's all-out 1942 offensive. For this was what he needed most of all—oil. And the winning of the Kharkov engagement meant that his goal would be much closer.

ALEUTIAN FOG:

Lifts a Bit

Navy censorship and the dense fog that hangs over the far tip of the Jap-invaded Aleutian island chain, lifted alike to disclose that the U. S. naval air forces had been busy.

A navy communique reported that "our aircraft returned safely" after five new raids on Kiska and Agattu. A Jap force of three transports and their escorting vessels were inflicted with undetermined damage off Agattu and four attacks were made on the Japs at Kiska.

But the best news from that area was the announcement that on Independence day U. S. submarines sent three Jap destroyers to the bottom and left a fourth severely damaged. The communique reporting these sinkings said that three destroyers were fired upon near the Jap-occupied island of Kiska and the other one near Agattu island.

EGYPT:

Rommel's Romp

While the German high command withheld any actual forecast as to the number of days it would take them to reach and capture Suez, British forces were letting nothing stand in their way of giving the Nazis the very fiercest resistance possible in the battle of Egypt.

Reports from Britain's Eighth army in this sector told of a weakening of German power under the leadership of Field Marshal Erwin Rommel. These reports said that many German soldiers had advanced to the British lines in surrender because they described themselves as "too tired" to fight.

His mechanized forces had advanced to a line 65 miles west of Alexandria before the British could present even a show of strength to deter him.

This stand by the British, as reported from Cairo, came in the form of the greatest aerial onslaught ever unleashed in the Middle East. The site of the battle was El Alamein and its pace was terrific. The British were fighting for a knockout to Rommel's already far advanced desert army. Rommel wanted to save what he had gained and push forward, of course.

Egyptian government sources said that raids had been made on the Suez canal and Premier Mustafa Nahas Pasha announced a complete blackout of Cairo.

BRIEFS:

FREEDOM—In a message to the people of Puerto Rico, Secretary of Interior Harold Ickes said that: "as far as it is in my power to achieve

SECRETARY HAROLD IKKES
Freedom after victory.

it, Puerto Rico will share equally and fully in the freedom, security and opportunities offered by eventual victory."

APPLICATION—In Mount Clemens, Mich., a man wrote to his rationing board asking permission to buy a new car because he was engaged in war work. His name? Edsel Ford, president of Ford Motor Company.

UNUSUAL—As authorities of French Guiana began preparations for military registration, a report from Rio de Janeiro, Brazil, said that "unusual military preparations" were taking place in the colony.

WEDDING—President Roosevelt's close friend and adviser, Harry Hopkins, and Louise Macy are to be married in the White House on July 30, it was announced at a press conference held by Mrs. Eleanor Roosevelt in Washington.

SHUN—Squabbles that interfere with war materials production should be shunned by labor, said Lieut. Gen. Brehon B. Somervell, army chief of supply, as he addressed a luncheon of AFL and CIO labor leaders in Detroit. "We all belong to the same union," he said. "The Union of the United States of America . . ."

MOTORING: And It's 'Joys'

It didn't make much difference to motorists, but gasoline went up 2½ cents a gallon along the East coast. Main trouble was that you couldn't get much gas in that area anyway. Reports reaching the 31 states where gas is still rationed said that thousands of motorists were being turned away from empty gas stations in the East.

It was also generally believed that gas rationing might be the formula for the rest of the nation if the rubber salvage drive didn't bring enough of this vital scrap. After 219,000 tons of it had been collected in the originally scheduled period the drive was extended ten days.

Secretary Ickes, on leaving the White House one day, rolled up a heavy rubber mat from the floor of this important building and carted it to a scrap depot.

WARNING:

From an Expert

Recognized as an expert in aviation, Maj. Alexander P. de Severisky, airplane designer and military analyst, has given the United Nations a stern warning on the importance of gaining air superiority before attempting the opening of a second land front to relieve Nazi pressure on the Russians.

On a nation-wide radio hookup, which had as its forum topic the possibility of a land and sea invasion of Europe, the former Russian army official declared that it was opinion that a costly mass invasion would not get the desired results unless the German's mastery of the air was first disposed of.

"We have no alternative but to concentrate upon an all-out aerial offensive against Germany proper . . . In that way we offer true relief to Russia because we help to disarm Germany by smashing its industry, transport and fuel supplies, disorganizing and demoralizing the enemy," said the major.

Aligned with Severisky was William B. Ziff, military expert, who pointed out that failure of the British to invade Norway and the recent blasting the Japs took at Midway were examples of what Britain and America would face if they tried an invasion without first getting control of the air.

On the other side of the debate were Brig. Gen. Henry J. Reilly and Wythe Williams, author and radio commentator. Their point of view was that while planes were vitally important in any invasion attempt, the invasion of Germany by land would most surely have to be made if the Nazi war machine was to be broken up.

ERSATZ RUBBER: At Less Cost

While cost of production is the least of worries in the government's projects for making synthetic rubber, officials are now learning that it costs less than at first estimated.

Two major plants are now in production and Arthur B. Newhall, rubber co-ordinator, has issued a statement to the effect that the 800,000 ton-a-year program will not use up all the \$650,000,000 which congress had allocated to it.

NEW IDEAS
for Home-makers
By RUTH WYETH SPEARS

UPHOLSTERY repair work is rather costly hand labor. However, if you can clear a corner where you may work on it a little at a time, it is easy to do. Use boxes or an old table to rest the piece on at a comfortable working height. Remove the outside covering first, keeping it whole to use as a pattern; then remove padding, springs and webbing, writing down everything you want to remember about how they were placed; also the amount of webbing used. When the last tack is

Household Hints

If your bread is too fresh to slice easily, put it into the refrigerator to get thoroughly cold.

Keep your linoleum floors waxed. Wash the floor first with mild soap and water. Wipe it dry. After half an hour has elapsed apply a thin coat of floor wax.

When you want to thicken gravy put the flour and water into a wide-mouthed jar, with a screw top and shake well.

Wipe greasy pots, pans and dishes with paper before washing.

Use the tab in opening and closing slide fasteners. Don't force them. Before washing a "zip" garment close the zipper. Guard it in pressing so the teeth will not be thrown out of alignment.

If you have china plates with cracked, old faces you probably subjected them to sudden, great or unevenly applied temperature changes. Or perhaps you soaked the dishes too long in water and the body expanded, cracking the glaze.

To keep lemons, sift dry sand into a stone jar, then bury the lemons in the sand, so that they will not touch each other.

Clothes iron much easier if they are hung up carefully, pinned securely with plenty of clothespins and shaken occasionally to remove wrinkles.

Inescapable History

Fellow citizens, we cannot escape history. We of this congress and this administration will be remembered in spite of ourselves. No personal significance or insignificance can spare one or another of us. The fiery trial through which we pass will light us down in honor or dishonor to the latest generation . . . We shall nobly save or meanly lose the last, best hope of earth.—Lincoln.

Cheese Trays Help You Through Sugar Rationing Period!
(See Recipes Below.)

Take It Easy on Sugar

No sweets with sugar rationed? Why, of course. With honey, corn and maple syrup, molasses, and prepared pudding mixtures, you can learn how to prepare delightful sugar-saving desserts, cakes and cookies that will not only take you gracefully through the sugar-rationing period but will also remain favorites with you long after these times are past.

Honey blends with raisins and spices in this delicious melt-in-your-mouth pie.

Honey Raisin Crumb Pie.
1 egg yolk
1/4 teaspoon ginger
1/2 cup bread crumbs
1/4 cup flour
1 teaspoon cinnamon
1/4 cup hot water
2 tablespoons butter
1/2 cup raisins
1/4 cup honey
1/4 teaspoon nutmeg
1/2 cup nut meats

Blend hot water with honey and add egg yolk. Mix flour, crumbs and spices. Rub in butter. Place a layer of raisins on unbaked pie shell, cover raisins with layer of nut meats, and pour over honey-water-egg mixture. Top with layer of crumb mixture. Bake at 450 degrees until crust browns at edges, reduce to 325 degrees for 20 minutes or until firm.

Magie Chocolate Pie.
2 squares unsweetened chocolate
1 1/2 cups sweetened condensed milk
1/2 cup water
1/4 teaspoon salt
1/2 teaspoon vanilla
Baked pie shell (8-inch) or cookie pie crust

Melt chocolate in top of double boiler. Add sweetened condensed milk and stir over rapidly boiling water 5 minutes until mixture thickens. Remove from heat. Add water and salt. Stir until thoroughly blended. When cool, add vanilla. Pour into baked pie shell, or cookie crumb crust. Chill.

Get your full quota of milk into the diet by serving it in this dessert combination with retinet powder. No sugar required!

Marshmallow Maple Rennet-Custard.
1 package maple rennet powder
1 pint milk, not canned
5 marshmallows, diced

Dissolve marshmallows in 1 cup hot milk. Then add 1 cup cold milk and warm slowly, stirring constantly. Test a drop on the inside of wrist frequently. When COMFORTABLY WARM (110 degrees), not hot, proceed according to directions on package. Chill, then serve.

Butterscotch Ice-Box Cake.
(Serves 6 to 8)
1 recipe butterscotch cornstarch pudding
1/2 cup cream, whipped
Lady fingers or cake strips

THIS WEEK'S MENU

- *Lemon Smothered Chops
- *Broiled Tomato Slices
- Buttered Noodles
- Vegetable Salad Bowl
- Date-Nut Bread
- Butter
- Diced Fresh Fruit
- *Apple Sauce Cake
- Beverage
- *Recipes Given

Prepare butterscotch pudding as directed on package. Cool. Fold in whipped cream. Line bottom and sides of mold or loaf pan with waxed paper. Arrange layer of lady fingers on bottom and sides of mold. Turn 1/2 of pudding into mold; cover with layer of lady fingers. Turn remaining pudding into mold and place another layer of lady fingers on top. Chill 13 to 24 hours in refrigerator. Unmold.

Bermuda Appetizers.
Chop Bermuda onion finely, marinate and drain. Spread on crisp crackers and cover with slice of Liederkranz cheese. Thin slices of rye, pumpernickel or whole wheat bread which have been buttered may be used instead.

You can do all sorts of things with cheese as a last course and serve it in place of fruit. Camembert has an affinity for fruit. Try it with crackers served with a bowl full of summer's luscious fruits or, try American-made equivalents of Roquefort and Blue cheese spread on hot buttered Boston brown bread tossed with after dinner coffee in place of dessert. Serve a cheese tray for refreshments and spare the sugar ration.

This spicy apple sauce cake requires only 1/2 cup of sugar.

***Apple Sauce Cake.**
1/2 cup shortening
1/2 cup sugar
2 eggs
1/2 cup molasses
2 cups cake flour
3 teaspoons baking powder
1 teaspoon cinnamon
1/4 teaspoon nutmeg
1/4 teaspoon cloves
1/2 teaspoon soda
1 cup apple sauce
1/2 cup raisins

Cream shortening; add sugar slowly, beating in well. Add well-beaten eggs and beat until well blended; add molasses. Sift together dry ingredients and add alternately with apple sauce to first mixture. Add raisins. Bake in greased square baking pan in moderate oven at 350 degrees about 1 hour. Frost with:

Raisin Nut Frosting.
1 egg white
1/4 cup light corn syrup
1/2 teaspoon vanilla extract
1/2 cup chopped seeded raisins
1/2 cup chopped pecan meats

Beat egg white until stiff. Add syrup slowly, beating constantly. Add vanilla and half of raisins and nuts. Spread between layers and on top of cake. Sprinkle with remaining raisins and nuts.

***Lemon Smothered Chops.**
(Serves 6 to 8)
2 pounds pork or lamb chops, cut thick

Put in a large covered skillet or chicken fryer. Cover top of meat closely with:
2 unpeeled lemons, sliced
1 large sweet onion, cut in rings
1 green pepper, cut in rings
1 teaspoon salt

PATTERNS SEWING CIRCLE

8199
SO, YOU are going to have a baby! Well, the clothes problem can be settled very easily—with a frock and jacket—just the type we offer in this pattern. Frock has cap sleeves, pleats down the front provide all the extra fullness needed and is very easy to make. The jacket tops off a very successful outfit which can be produced at small expense at home.

Pattern No. 8199 is made in sizes 12, 14, 16, 18, 20 and 40. Size 14 dress and jacket requires 6 1/2 yards 39-inch material.

Ribbon Banded.
THE short cut to glamour these days is to add a dirndl frock to your wardrobe. Today's pattern brings you the very style everyone seems to be wearing. For individual style excitement the long torso

top of this model is banded with ribbon—here you can effect a plain color contrast with a printed material—or a plaid, striped or printed contrast with a plain fabric.

Pattern No. 8186 is in sizes 11 to 19. Size 13, with short sleeves, requires 4 1/2 yards 39-inch material.

ASK ME ANOTHER?
A General Quiz

The Questions

1. Does February ever have five Sundays?
2. To what political party did George Washington belong?
3. Does a beam of light from the sun travel equally as fast as a beam of light from a candle?
4. What had the following women in common—Lot's wife, Bluebeard's wife and Adam's wife?
5. How many Pilgrim Fathers landed from the Mayflower?
6. What capital city of what country has had three names all within this century?
7. What is the date of the year following 1 B. C.?
8. What is a shaddock?

The Answers

1. Yes. It will again have five in 1948 and 1976.
2. The Federalist party.
3. They travel at the same speed.
4. Curiosity about forbidden matters led to disastrous consequences.
5. One hundred two.
6. St. Petersburg, Petrograd and Leningrad, in Russia.
7. 1 A. D.
8. A pear-shaped citrus fruit.

Household Hints

Rancidity in lard can be prevented by keeping it away from air, light and warmth. Store in tin or crockery containers in a cool place.

Sheets and other linens should be ironed in different folds each week so the creases will not break through.

That fish may be scaled much easier by first dipping them into boiling water for a minute.

Food bought in season will help to keep that part of the budget within reason.

Onion juice should be added after a mixture is cooked rather than cooked with the mixture if the best flavor is desired.

To protect garden shoes keep them well greased or oiled with neat's-foot oil or cod or castor oil, tallow or wool grease. Let dry in a warm place.

Salt fish are "quickest and best" freshened by soaking in sour milk.

ALL-BRAN FUDGE SQUARES—BEST YOU EVER TASTED!

Every mother in the land will want to bake these scrumptious cookies. Children will demolish a plate of them in a wink. Grown-ups rave about their "different" taste and new crunchy texture. They're made, of course, with the famous cereal, Kellogg's All-Bran.

KELOGG'S ALL-BRAN FUDGE SQUARES
3 squares unsweetened chocolate
1/2 cup butter
3 eggs
1 teaspoon vanilla extract
1 cup sugar
1/2 cup flour
1/2 cup All-Bran
1/2 cup nutmeats

Melt chocolate over hot water and add butter. Beat eggs well, add sugar and beat until light and fluffy. Add melted chocolate and butter. Stir in flour, All-Bran, chopped nutmeats and flavoring. Pour into greased pan, making a layer about one-third inch thick. Bake in moderate oven (375°F.) about 20 minutes. Yield: sixteen 2-inch squares (8 x 8 inch pan).

CASH TALKS

Until recently, the Cowboys, an honorary service organization of the University of Texas, initiated its members by burning UT, the school's initials, on their chest with a hot branding iron.

IMPORTANT TO STEADY SMOKERS: The smoke of slow-burning CAMELS

contains LESS NICOTINE than that of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself!

With men in the Army, Navy, Marines, and Coast Guard, the favorite cigarette is Camel. (Based on actual sales records in Post Exchanges and Canteens.)

Rev Alvin Hatton was called to and accepted the pastorate of the McKnight Baptist church last Sunday on the closing day of a very successful revival

Miss Ruby Stanford returned Monday from a visit with her sister in Amarillo

Miss Mary Bridges of Amarillo visited here last week end.

METHODIST CHURCH

Perhaps one of the most enthusiastic groups in our church is the recently organized Junior League. This meeting is for children of primary to intermediate age. It is under the direction of Mrs. Wm. Kimmel and Mrs. W. E. Jones. All children, who are not in such a meeting on Sunday evening at 8:30 are invited to attend.

As formerly announced the Revival scheduled for this week at the Methodist church has been postponed until September. We were unable to secure the desired help for the August date, and it seemed wise to postpone until a later date. The pastor will leave Sunday afternoon for the Marshall community on the Acme Circuit, where he was pastor for three years, to hold a Revival meeting closing on the 4th Sunday. There will not be any preaching services at the evening hour either on the 3rd or 4th Sundays, but there will be morning preaching services. The Leagues will meet in evenings as usual. The preaching hour will be left open so that the congregation may attend the Revival Services of the Baptist church which is to be in progress at this time. To one and all we extend a cordial invitation to worship with us

For Sale—some fresh milk cows and a nice young team.
Ray Moreman
