Constipation! Why Not Get and Keep Regular?

One of the commonest causes of constipation is simply this: Modern diets, superrefined, too often give us too little "bulk food." In such cases, dosing with cathartics and purges gives only temporary relief—the trouble comes back again and again. The way to more lasting relief is to get at the underlying cause and correct it.

You can do this by eating KELLOGG'S ALL-BRAN daily. This delicious, toasty cereal supplies the needed "bulk." It acts pleasantly, works principally on the contents of the colon, helping you to have easy and normal elimination. In many cases, eating ALL-BRAN regularly and drinking plenty of water brings lasting freedom from constipation. Made by Kellogg's in Battle Creek. If your condition is not benefited by this simple treatment, see your doctor.

WEEKLY NEWS ANALYSIS

United Nations Rout Japanese Forces To Score Major Milne Bay Victory; Soviet Bombers Blast German Cities; Offensive Nets Air Bases for Chinese

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.) Released by Western Newspaper Union.

These Italian prisoners were captured on the North African front by New Zealand and Indian forces. Almost all prisoners taken were from Pavia and Brescia footslogger divisions. Reports from the front indicate a mutual feeling of dislike between the Italian and German troops and officers. German troops are said to have refused to salute Italian officers.

TRAPPED JAPS:

Outguessed, Outfought

"Milne bay area is rapidly being cleared of the enemy . . . His losses have been heavy . . . All his heavy supplies and equipment, including tanks, were lost."

This happy communique from General MacArthur's headquarters in Australia made it clear that the Japanese were smashed in their Milne bay thrust and that Port Moresby was saved for the fourth time. The Japs were outguessed and were caught in a carefully prepared trap.

The communique said, in part: "The operation represents another phase in the pattern of the enemy's plans to capture Port Moresby . . . His latest effort was to turn the right flank by a surprise attack at Milne bay. The move was anticipated, however, and prepared for with great care. With complete secrecy the position was occupied by our forces and converted into a strong point."

Solomons

American forces in the Solomons continued to consolidate their positions in the newly won outpost in preparation for their next move, which may be a blow at Jap bases in the northwest Solomons, or, if the enemy renews land and sea attacks, defensive action.

Two waves of Jap planes attacked U. S. troops and installations on Guadalcanal island, where a large enemy airport fell to invading American marines. The position of the marines has grown strong enough for the navy to announce that only "mopping up" operations were in progress. The navy also announced further strengthening of positions on six Solomon islands in American hands—Guadalcanal, Tulagi, Florida, Tanambogo, Makambo, and Gavutu.

THE GOOD EARTH:

Recaptured by China

The recapture of Chuhsien and Lishui, the two most important airport cities in eastern China, marked one of the greatest victories of the war for Chinese soldiers. In a few weeks of fighting the Chinese counterattack virtually wiped out Japanese gains of the May and June campaign in the Chekiang and Kiangsi sectors.

Best news to America is the fact that both towns are within 700 miles of the Japanese mainland, and may soon base United States bombers for attacks on the enemy at home.

Among Chinese officials there was little tendency to look upon recent gains as a clear cut victory resulting from superior offensive power. Belief was expressed that the Japs had overextended themselves.

WARNING:

Attention, Nazis

Something new had been added to Moscow's reports of the war with Nazi Germany. It was the story of increasing air raids by the Red bombers on German cities. Even Berlin was the victim of these attacks. And Berlin admitted it, too. But the Nazis claimed that the Russians had come in high and scattered their bombs at random with little regard for military objectives. This was old stuff from the Nazis, and the world wondered.

In addition to Berlin, the Moscow radio announced that Koenigsberg, Danzig, Stettin, plus many other cities had been bombed in the stepped-up air program. German citizens were warned that as the nights grew longer, the bombings would increase.

See-Saw

All this helped to divert attention from the bitter land fighting along the eastern front. Around Stalingrad the battle had see-sawed for days. German forces had admitted that Soviet troops had pushed through counter-attacks with terrific pressure but claimed at the same time that these had been crushed after heavy battling.

In the fighting northwest of Moscow, Marshal Gregory Zhukov's Soviet forces were reported to be continuing their large scale counter-offensive by hurling the Nazis across a "strategic water barrier" at one point, recapturing several villages and following the foe westward.

MEATLESS DAYS:

And Shipping Space

When President Roosevelt issued his statement on "meatless days" he brought the effect of war on the home front closer than it had ever been to the nation's dining table. For while sugar rationing had come, coffee was scarce, food prices were up, there was really no actual shortage of any food commodity for the housewife to worry about. But "meatless days" were something else again.

It wasn't about a meat shortage though that the President talked about in his statement on the subject. He said that conservation of meat through a meatless day each week would be calculated to save shipping space in overseas hauls rather than to alleviate any U. S. shortage.

In such a system U. S. meat would largely replace Argentine, Australian and New Zealand beef and mutton as food for fighters and civilians in Great Britain and on other fighting fronts. Ships now hauling supplies from Buenos Aires, Wellington and Sydney would be replaced by ones traveling the shorter route.

HIGHLIGHTS . . . in the week's news

TRAINING: Lieut. Gen. Brehon Somervell, commanding general of the Services of Supply, U. S. army, called upon schools and colleges to become pre-induction training centers for the armed services. His prediction was that some colleges may be required to devote all facilities for such purpose.

OBDUKATE: Despite British broadcasts to the contrary, the German high command in a recent communique claimed that an Allied operational order seized during the raid on Dieppe showed the raid was intended to be the opening of a second front in Europe.

ACTION: Back to Washington came Brig. Gen. Patrick J. Hurley, former secretary of war. He had been wounded three times in Pacific naval action. He had been assigned to get supplies through the Jap blockade when Gen. Douglas MacArthur was in the Philippines.

ESCAPE: Of the more than 1,000 officers and men interned when the German pocket battleship Graf Spee was scuttled in Montevideo, more than 100 have escaped internment in Argentina, Juan Antonio Solari, chairman of a senate committee investigating anti-Argentine activities, said.

DEATH: Dr. Belisario Porras, 85, three times president of the Republic of Panama, is dead of a chronic respiratory ailment. He was one-time minister to the United States and represented his country at The Hague conference and in the League of Nations.

POTATOES: Germany's 1942 potato crop, according to Nazi spokesmen, is a record one. Admitting that there were no potatoes to be had in Berlin last winter, authorities are promising the population nine pounds of potatoes per person, per week.

U. S. BOMBERS: In Desert Action

As a prelude to the actual reopening of the Egyptian desert offensive, British and Axis forces sparred daily by raiding each other's supply and patrol lines via the air route. U. S. bombers were aiding the British in these attacks.

While German Marshal Erwin Rommel was still "digging in" around El Alamein and consolidating his position before the Nazi drive toward Alexandria and Cairo, the British navy was striving desperately to cut his supply lines in the Mediterranean. RAF and U. S. planes, meanwhile, were striking hard at Nazi bases at Tobruk and El Daba. Both cities have vital Axis-held airports.

As the tempo of this new desert battle increased British and American planes also attacked enemy encampments, tank concentrations and armored units, behind Rommel's front lines.

RAF bombers and torpedo-carrying planes set two Axis ships afire and hit at least one other in an attack off the coast of Libya, and set fire to an oil tanker in the Mediterranean.

CRUSH JAPAN:

Grew Warns

A "crushing defeat" of the Japanese militarists is the only thing that will assure future peace in the Pacific area, Joseph C. Grew, former American ambassador to Japan, told the nation upon his return to Washington.

Grew, who returned from Japan on the exchange ship Gripsholm, said: "We shall crush the Japanese machine and caste system in due course, but if we Americans think that, collectively and individually, we can continue to lead our normal lives, leaving the spirit of self-sacrifice to our soldiers and sailors, letting the intensification of our production program take care of itself, we shall unquestionably risk the danger of a stalemate in this war of ours with Japan."

He pointed out that Japanese can surmount economic hardship and that force alone will defeat them.

"Let's put it in a nutshell," he said. "There is not sufficient room in the area of the Pacific ocean for a peaceful America, for any and all of the peace-loving United Nations and swashbuckling Japan."

KAISER:

Record-Breaker

Ten-thousand freighters launched within 18 days after their keels are laid.

That was the goal announced by Henry J. Kaiser, master shipbuilder of the Pacific coast, when he spoke just before the record-breaking Liberty freighter, John Fitch was

HENRY KAISER
Back to Washington.

launched only 24 days after keel laying. This launching broke by two days the record established in one of Kaiser's Oregon yards when construction time was reduced from 35 to 26 days.

It was at the John Fitch launching ceremonies that Kaiser disclosed he would again present to the government plans for building huge cargo planes. A few weeks previously he had made his first proposal to Washington and obtained authority to present specific plans for the plane construction program.

V-MAIL:

Saves Space

Throughout the nation, some 45,000 postoffices and rural letter carriers are equipped to furnish free forms on which to write soldiers overseas by V-mail. By this process, V-mail letters written on special forms, are photographed, reduced to micro-film and sent overseas by air. Upon arrival the letter on the film is developed and full-sized letters are printed and delivered to the soldiers. Army officials are urging friends and parents of the boys overseas to increase their use of V-mail, thus saving valuable cargo space on supply ships.

AIR OFFENSIVE:

Hits Nazi War Plants

The Allied air offensive against German war factories and seaports continued in strength as British long-range bombers, probably numbering at least 650, lashed out at southern and southwestern Germany for two consecutive nights.

From London came word of a successful raid on Rotterdam, during which tons of bombs were dropped in the Dutch port and dockyards by Flying Fortresses of the United States army air force.

Negative 'Maiden'

The word "maiden" is applied to many subjects besides an unmarried woman, points out Collier's. The adjective is used to designate a city that has never been taken, a plant that has never been plowed, a field that has never been used, a male or female race horse that has never won an event and, in England, a session of a criminal court at which there are no prisoners for trial.

*"I flicked the switch
—but Nothing Happened!"*

CLICK!... Thousands of times each year, day and night, her fingertips had repeated that simple motion until it had become automatic and unthinking.

Let's suppose it's *you*. You let yourself in late some night. You flick the switch—and *nothing happens!* No light anywhere! At first you are annoyed. But your emotions quickly turn to confusion, concern—and *fear*.

Something's seriously wrong when the lights won't work!

...

The very fact that West Texans *do* take electric service for granted is a tribute to the men and women who supply it. They've made it *dependable*. And they've made it *cheap*.

The average West Texas family gets *twice as much electricity for its money* as it did 10 or 15 years ago. It's made it possible for most families to enjoy the comfort and convenience of many more *time and labor-saving* appliances.

...

This has been accomplished under the American tradition of *freedom*. Freedom of business management under government regulation—freedom to make our own laws... live our own lives... freedom to invent, invest and produce *more* for *everybody's* benefit. *That* is the American Way—the absolute opposite to the Hitler system of political management and state slavery.

The American Way has made this the most power-full nation in the world today... proving that *practical business management is meeting the needs of our way of life*.

NEW EFFECTIVE HAY FEVER RELIEF

Hay fever, which annually causes more sneezes, more inflamed noses and more red, streaming eyes than any other scourge, may have its final big fling this September, all because a Pennsylvania electrical engineer was served a dish of corn meal mush which was entirely too salty. The engineer, sneezing, and with all other hay fever manifestations, stopped at a hotel where he was served a dish of mush which he considered sending back as it was much too salty. Finally he ate it, however; the hay fever attack lessened, ultimately ceased. Next day he had three meals, all oversalted, and experienced his most comfortable time in years in the "hay fever season."

His analytical mind quickly grasped the possibility that the saline substance in his food was responsible for his relief. About this time, Dr. E. E. Selleck, a graduate of Columbia University, met the engineer, made notes, and when he returned to his home, began experiments. Today Dr. Selleck declares he has found a certain means of relief for hay fever and is supported in his contention by other medical experts, and a nationally known chemical manufacturing concern, the Hollings-Smith Company, at Orangeburg, New York, has taken over making the remedy, which is called Nakamo Bell. Describing the experiments, Dr. Selleck said, "After I was sure I had found a means of quickly relieving hay fever through the chloride group, I tested it in the most practical way I knew. I held a three day clinic, to which many hay fever sufferers responded, from ages ranging from 10 to 60 years. Each person was given two tablets with a little water. Some relief came to all within ten minutes. Reports on these cases during the ensuing weeks showed practically a complete cessation of symptoms."

Worthy Fame

Tombstone, Ariz., was one of the wildest towns on earth in the days of the Old West. It was famous for its rich silver mines, prospectors, gamblers, gamblers and wicked ladies. Today its fame rests mainly on a rosebush that covers 2,000 square feet, the world's largest.

That Nagging Backache

May Warn of Disordered Kidney Action
 Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strains on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood. You may suffer nagging backache, headache, dizziness, getting up nights, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strains on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood. Budget Stretchers

What can I serve as a main course that won't take too many dishes? What can I give my large family that isn't too expensive? These are the two queries often asked by my readers. The answer to both questions is simple—a casserole. Easy to make, easy to serve, economical too, casseroles solve the main dish problem almost perfectly.

Almost? Yes, I say almost advisedly, because if the family ever becomes aware of your ulterior motives in serving casseroles, their interest in them becomes less, less and finally non-existent.

Make your casserole so delectable and so distinctive in flavor and no one will ever realize that it's packed with economy and you have a one-dish meal that's perfection plus.

Never overwork the casserole by trying to use up all the leftovers lining refrigerator and pantry shelves. Never swamp the flavors of the food so you strike a false note and confuse the sense of taste. Use good food and season with discrimination. Your result will be a real success. Here are some new ideas I've compiled for you. Most of them of the food you have used often enough so they're old favorites, but in new dress! You'll like:

***Rice and Chicken Casserole.**

(Serves 6 to 8)

- 2 cups rice
 - 2 cups milk
 - 1 1/2 tablespoons butter
 - 2 eggs
 - 2 1/2 cups diced, cooked chicken
- Boil rice in salted water until tender. Stir in butter, milk and eggs. Put a layer of this into a casserole, then chicken, more rice, etc. Bake in a moderate (350-degree) oven until well browned.

Every now and then you've heard me talk about food affinities. Here's another I'd like to add to the list:

Lamb and Lima Bean Pie.

(Serves 6)

- 2 pounds lamb neck, shanks or shoulder
- 1 pound dry lima beans
- Salt, pepper
- Celery salt

Soak lima beans overnight. Drain and place in a heavy kettle. Have lamb cut in 2-inch pieces. Add to beans, season and cover with water. Transfer to casserole and top with pimiento biscuit rings and bake in a moderately hot oven 20 to 25 minutes.

To make pimiento biscuit rings: add 1/2 cup coarsely chopped pimiento to baking powder biscuit recipe.

You'll get your carbohydrates, proteins along with vitamins and minerals in this economical, hunger-satisfying dish good for family dinner or informal buffet entertaining.

American Goulash.

(Serves 6)

- 1/2-pound package macaroni
- 1 1/2 pounds hamburger
- 1 large onion, chopped
- 1 tablespoon fat

This Week's Menu

- Tomato Juice
- *Rice and Chicken Casserole
- *Grapefruit-Cranberry Salad
- Popovers
- Strawberry Jam
- Sliced Melon
- Beverage
- *Recipe Given.

- 2 teaspoons salt
- 1/2 teaspoon pepper
- 3 cups tomatoes
- 1 can tomato soup
- Buttered crumbs

Cook macaroni in boiling, salted water, about 20 minutes, or until tender. Drain. Brown meat and onions in fat. Add macaroni, seasonings, tomatoes and soup. Pour into greased baking dish and sprinkle with buttered crumbs. Bake 30 minutes in a moderate (350-degree) oven.

An economy meat cut that is getting itself talked about plenty because of its simply wonderful flavor is this:

Ribs of Beef With Vegetables.

(Serves 6)

- 3 1/2 pounds of short ribs
- 1 large onion, sliced
- 2 cups tomatoes
- Salt, pepper
- 6 onions
- 6 potatoes
- 3 parsnips

Season short ribs with salt and pepper. Put in skillet with fat and brown quickly. Place in an iron skillet or roasting pan and add onions and tomatoes. Let bake in a moderate oven for 1 1/2 hours, tightly covered. Add whole carrots which have been scraped, parsnips, peeled, and potatoes peeled but left whole. Cook another hour or until vegetables are tender. Add boiling water if necessary during the last hour of cooking.

Second day service of chicken is beautifully simplified if you do up the bird in crusty cylindrical croquettes, and dish them up together with golden carrot strips and either canned or frozen asparagus and you have a one-plate meal that is bound to inspire the family's appetite.

Chicken Croquettes.

(Makes 10 croquettes)

- 2 cups cooked, ground chicken
- 1 cup thick white sauce
- 2 teaspoons chopped parsley
- Flour
- 1 egg, slightly beaten
- 1 tablespoon milk
- 3 cups oven-popped rice cereal
- Salt, pepper

Prepare white sauce using 1/2 cup chicken stock and 1/2 cup milk. Add to chicken and parsley and chill thoroughly. Shape into pyramids or cylinders. Roll cereal to fine crumbs. Dip croquettes first in the flour, then in egg (to which milk has been added) and in rolled crumbs. Fry in deep, hot fat (365 degrees) for 2 to 5 minutes or until golden brown.

A crispy, citrus salad goes well with casserole dishes. Suggestion of the week which will take top honors in the hall of fame is this one made with grapefruit, oranges and cranberries for color. Its dressing is unusual in that it combines honey with mayonnaise, and cranberries.

***Grapefruit and Cranberry Salad.**

(Serves 4)

- 1 large grapefruit
 - 2 large oranges
 - Lettuce
 - 1/2 cup ground, raw cranberries
 - 2 tablespoons honey
 - 1/2 cup mayonnaise
- Peel and section oranges and grapefruit. Arrange alternately on lettuce. Mix cranberries with honey. Let stand 1/2 hour. Combine with mayonnaise. Serve over salad.

Star Dust
 STAGE-SCREEN-RADIO
 By VIRGINIA VALE
 Released by Western Newspaper Union.

THAT'S quite something in murder mysteries that 20th Century-Fox is cooking up, with Bryan Fox in charge. Instead of having only one famous sleuth, it's going to have practically all of them! Philo Vance leads off, but when he gets stuck he's aided by Michael Shane, the Falcon, Bulldog Drummond and various others. They can't borrow William Powell to be the Thin Man, so they'll just use his voice. George Sanders will play the Falcon. And Mr. Moto, the Japanese sleuth, will participate in an internment camp.

"The Show Boat" is returning to stage, screen and probably radio. It's to be revived on Broadway this fall, and Metro has purchased the screen rights from Universal, so for the third time movie-goers will have an opportunity to see it and hear its lovely music.

Katharine Cornell, one of the first ladies of the stage, has at last agreed to appear in a motion picture. Producers have been imploring her to do so for years; now she's consented. You'll see her in "Stage Door Canteen," the profits of which will go to service organiza-

KATHARINE CORNELL

tions. It will be produced in co-operation with the American Theater Wing. Katharine Hepburn, Gertrude Lawrence, Helen Hayes, Ray Bolger, Kay Kyser and Edgar Bergen will also participate; all will appear as themselves, working as they do at the Canteen.

Harry Sherman's "Lost Canyon," a Bill Boyd picture, ran into a snag the other day. There are scenes requiring cowboys to spend some time in a barn, amid about 100 bales of alfalfa. All was set, when the sneezing ruined the dialogue; seems some of the cowboys were allergic to alfalfa, and it was a case of abandoning either it or the cowboys. So a hurry call for non-hayfeverish cowboys was sent out.

It's a new wife for "Tarzan" in "Tarzan Triumphs," namely Frances Gifford. Maureen O'Sullivan, who has co-starred with Johnny Weissmuller in the Tarzan series for eight years, relinquishes the role in favor of family duties.

If you have formed the habit of tuning your radio to the adventures of the Goldberg family, you know that "Sammy's" going into the army. But did you know that Alfred Ryder, who has been portraying "Sammy" for 13 years, is also being inducted? The radio character is merely following Ryder's career. Ryder stepped into the role when the show first went on the air.

Martin Block says that laziness pays, since it makes you look for short cuts. Eight years ago he was an announcer on a small station, writing his own scripts, and making \$30 a week. He learned that he could avoid typing the commercials by ad libbing them. That style was more convincing than the first one, and today he's drawing down \$4,000 weekly, thanks to it. He's now master of ceremonies on "The Hit Parade."

The largest stamped scene to be photographed in technicolor have been completed by Columbia Studios in Utah for the new super-western, "The Desperadoes." More than 1,000 unbroken horses were used. Such famous scenes as Robinson's canyon, home of the cliff dwellers, and Johnson's canyon, noted for its beauty of color, were used as backgrounds.

ODDS AND ENDS—The Henry Aldrich cast needs a ninth member, so that they'll have a baseball team. The shark's tent from which Bing Crosby and Bob Hope rescue Dorothy Lamour and Dana Drake in "Road to Morocco" is the one DeMille used back in 1923 in "The Ten Commandments" . . . Ned Grey, star of radio's "Those We Love," is the wife of Jackie Westrope, a jockey, so her friends are always urging her to fondle their horses—and she's scared to death of horses. . . The boys in that North Carolina camp who named their jeep after Kate Smith claim that it can almost sing "God Bless America."

Now is the time to use every scrap of old woolen goods that you have on hand. That old coat the moths got into; the dress from which spots cannot be removed; the trousers that are ragged at the knees—all of the material in these may be made into handsome hooked rugs that you will be proud to own.

The square rug in the sketch was designed to fit in a smart dressing table corner. The rose-and-ribbon design in the chintz skirt and window valance was copied from a book.

ASK ME ANOTHER?
 A General Quiz

The Questions

1. How many people lived in the United States at the time of the first census in 1790?
2. "I am escaped with the skin of my teeth" comes from where?
3. What was Commodore Oliver H. Perry's middle name?
4. Which of the Great Lakes are connected by the Welland canal?
5. Where is the zenith in the heavens?
6. What material was used in making Queen Elizabeth's wedding dress?
7. What state in the Union is bounded by the greatest number of states?
8. The word agenda means what?
9. On which of the following days does sound travel faster: Humid, hot day; day of moderate temperature and humidity; dry, cold day?
10. How many toll highways are there in the United States?

The Answers

1. There were 3,929,214 people.
2. The Bible (Job 19:20).
3. Hazard.
4. Lakes Ontario and Erie.
5. That point directly overhead.

IN THE AIR FORCE they say—
 'DODO' for the new flying recruit
 'KITE' for airplane
 'HIT THE SILK' for taking to parachute
 'CAMEL' for their favorite cigarette

With men in the Army, Navy, Marines and Coast Guard, the favorite cigarette is Camel. (Based on actual sales records from Post Exchanges and Canteens.)

CAMELS ARE ACES WITH ME. THEY HAVE THE MILDNESS I WANT AND THEY DON'T TIRE MY TASTE. A CAMEL ALWAYS HITS THE SPOT

AND NOTE THIS:
 The smoke of slow-burning CAMELS contains LESS NICOTINE than that of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself!

How Life Is Spent

Did you ever wonder how the average man spent his life? Placing the age of Mr. Average Man at 57 it is estimated that he puts in 18 years seven months sleeping; 15 years five months working; eight years going to church and at recreation; five years eating and drinking and the same time traveling; three years of illness and two just dressing.

and Mrs. A. L. Teaff.

One interesting feature of the
program was the presentation of
a plan whereby all of our Texas
Baptist Convention debts can be
paid by the last of October this
year. For this association, it is
suggested that we raise 50c for
each member of our churches
during the month of October. In
our local church, some of us will
have to pay much more than 50c
because there are some who can
not pay that much.
