Rationing Board News Buy Bonds and Stamps!

According to a warning issued this morning by the Donley County War Price & Rationing Board drivers of trucks, pick-ups trailers and tractors should check their tires carefully and make applications for retreads and recaps before the season of the tire is ended. There will be definite shortage each month of new tires for the above mentioned vehicles. The quotas on new tires are being reduced each month but the quotas for retreads and recaps has been slightly increased.

If all persons will cooperate and have their tires recapped or retreaded it will save them a great deal of trouble as the new tires are going to be very hard to get in view of the cut in county quotas.

Donley County War Price & Rationing Board

Notice to Farmers

Due to the shortage of rubber as well as gasoline and time, there has been made provision for the delivery of marketing cards with out having to come to the County Office and get it personally. The way this is to be handled is for the producer to make a written request for mail delivery of this marketing card and the card will be mailed to producers as soon as possible. Mail delivery is to be used in only extreme cases, in cases where it will be very difficult to get to the county office. Where producers gin their cotton at Clarendon, or trade in Clarendon, we would appreciate it if they would come in personally to get the cards, in the very near future.

On Saturday, October 2, from 1:00 o'clock until 5:00 p. m. there will be someone from the County Office at Hedley in the Security State Bank building, for the purpose of issuing marketing cards. We invite all who are in that territory to come and get their cards. Walter J. Flynn Sec'y Donley Co AOA

"Speck" Armstrong Killed

Mrs. George Armstrong, now of McLean, has just received word from the War Dept. that her son, Hersey (Speck) Armstrong, was killed in Africa, Sept. 14.

"Speck" grew up in Hedley, and his many friends here will be deeply grieved to learn of his untimely death. Details are not available for this issue. We only know that he was engaged in salvage work in Africa.

Birthday Dinner

G. F. Frost and Robert Thomas were entertained with a birthday dinner at the home of Mr. and Mrs. G. F. Frost Sunday September 27. These present were Mr. and Mrs. M. O. Kanoy, Mr. and Mrs. Wallace Maney, Mary Ruth Ann, Mr. and Mrs. Robert Thomas, R. S. Shily, Claude Melton, Ruby and Ruben and the host and hostesses, Mr. and Mrs. G. F. Frost and Miss Fay Frost.

See our demonstration of Kam-Tone, one coat wall paint. Washable, easy to apply.

Are we doing our part as an average American in helping to win the war? We can do our part by economizing, buying bonds and war stamps, working harder and longer hours. Our soldier boys are doing their part, are we?

We are asked to buy \$1,000,000,000 monthly in bonds and stamps. If we are AVERAGE AMERICANS in Donley County our quota in bond buying is about \$7.50 per person, per month, including every man, woman and child. Will we qualify as AVERAGE AMERICAN CITIZENS in this respect? To meet this challenge some will have to buy more. Let's meet the challenge in Donley County.

This will be the best investment you can make during the war. It will be worth 100% when the war is over. Other investments you may make may be worthless and if they are worthless will leave the owner in financial stress.

Now is a good time to begin laying away a "nest egg" for a rainy day which will surely come to us all, by buying our portion of War Bonds and helping our boys at the same time to win the war.

For Sale—good Ideal heater and 4 burner Perfection oil stove. See J. D. Shaw or Harvey Shaw.

Mexican Supper

The League is sponsoring a Mexican Supper to be given Thursday night, Oct. 8, in the Methodist church. The supper will be served from 8 to 10 p. m. with entertainment during the entire time. Tickets will be 40c, and the proceeds will be used for remodeling the church basement to include a young people's assembly room.

METHODIST CHURCH

Our District Superintendent, Rev. G. T. Palmer, will be here Sunday morning and will preach at 11:00. Dinner will be served at the church. Quarterly Conference and a Layman's address will be the order of the day following the noon hour. You are invited to all the services. Come bring your sinner and let us enjoy an hour of good fellowship.

The attendance has been good. To date 23 people have united with the church.

G. R. LeMond

The Woman's Society of Christian Service was host to the Zone meeting of the society Wednesday. The zone includes Memphis, Clarendon, Clarendon circuit, Lakeview, Turkey and Quitaque. Mrs. J. B. Masterson is zone leader.

NOTICE

Everyone in Hedley and vicinity who has a boy in the service is requested to bring in his photograph, in uniform if possible, together with data concerning his rank, branch of service and location, to the Informer office or to Miss Ruth Richerson. These pictures are to be published in the Amarillo News.

Warning

Tire thieves are active in this vicinity and Sheriff Guy Wright is asking all car owners to be sure to keep their cars in a garage or some place where tires can be watched.

Kidneys Must Work Well
 For You To Feel Well
 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.
 If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
 Burning, itching or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headache, dizziness, rheumatic pains, getting up at night, swelling.
 Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.
DOAN'S PILLS

WEEKLY NEWS ANALYSIS

U. S. Bombers Blast Jap Battle Force; Approve Wage, Price Stabilization Bills; Rubber Czar Promises Speedy Action In Supplying Nation's Essential Needs

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)
 Released by Western Newspaper Union.

Map shows importance of Port Moresby, New Guinea, in the Japanese South Pacific strategy. Port Moresby is only 375 miles from Cape York, nearest point on the Australian mainland. The Japs crossed the Owen Stanley mountain range, thus overcoming one of their major obstacles. Australians fighting the Japs in the jungles near Port Moresby were reported to be using the enemy's own tactics of covert flanking movements and infiltration.

RED FRONT: In More Than Name

The need for a second front in western Europe to relieve the pressure on battered Red armies was emphasized by Soviet military experts in London, who needed only to point to the battle fronts for evidence.

Russian troops, obeying Stalin's order to die rather than retreat, made the Nazis pay with blood and lives for every foot of conquest at Stalingrad. The arrival of crack Siberian troops at Stalingrad slowed down Marshal Von Bock's German legions, but the picture, in general, remained as gloomy as before.

Official communiques told of successful Red defensive operations in the Mozdok area of the mid-Caucasus and southeast of Novorossisk. Marines were credited with the success near the latter front where the Nazis were attempting to drive southward along the coast.

Stiff fighting continued in the Voronezh area of the upper Don river. The Reds reported more than 3,000 enemy troops killed in three days of fighting in this sector. It was here where the Red army tried to relieve pressure on Stalingrad by constantly attacking the Nazi flank.

Russian troops in the Volga city had been re-enforced by workers recruited from factories. Most savage fighting took place in the northwest suburbs, where Russian and German troops fought from behind barricades and buildings separated only by a few yards.

INFLATION: First Major Victory

A preliminary victory in the fight against inflation resulted when the senate and house banking and currency committees approved legislation directing President Roosevelt to stabilize wages and prices and granting him power to carry out the orders.

The senate bill authorizes and directs the President to stabilize prices, salaries and wages on the basis of levels which existed on September 15, while the house bill includes the same provision except that August 15 would be the base date.

Both bills provide that in general no ceilings may be set on wages or salaries below the highest levels that prevailed between January 1 and September 15. Both prohibit ceilings on farm prices less than 100 per cent of parity or—in general—below the highest price paid between January 1 and September 15. Both bills contain exceptions.

The house measure adopted the "little steel" formula insofar as permitting wage increases up to 15 per cent more than the January 1, 1941, level, but gets the President power to grant increases above that figure.

The two measures placed a floor of 90 per cent of parity under basic commodities (wheat, corn, cotton, tobacco and rice) and under certain nonbasic commodities which the secretary of agriculture is attempting to increase for war purposes. Existing law requires 85 per cent of parity loans.

PROMISE: Of Essential Rubber

Sufficient rubber for military and essential civilian needs has been promised without reservation by William M. Jeffers, the nation's new rubber administrator.

An ever-increasing amount of synthetic rubber will be made according to established processes, he said, and research will continue.

Mr. Jeffers spoke bluntly in his first interview with the press. "What we need is action, and we need it quickly. We are going to get just that."

It is his belief, Jeffers said, that the people "are more confused about what to do than not willing to do what is right."

"You can't take America off wheels," he said. "You can lose the war doing that, because of the disruption it would cause in our economy. You have to have civilian trucks running to move goods and farm products, for instance, and you have to have buses and a certain number of passenger cars to take people to and from work. But you can reduce the use of rubber to the irreducible minimum!"

MAN POWER CONTROL: Advocated by Hill

A bill granting President Roosevelt broad authority to co-ordinate man power and industry during wartime was drawn up by Senator Lister Hill of Alabama, the Democratic whip.

The measure authorized the President to issue an executive order giving the government power to designate specific occupations for individuals not in the armed services. Hill suggested that man power control be exercised through local draft boards which could then call in workers employed in nonessential industries and order them to take war plant jobs.

The resolution would lay down a governmental policy "that there shall be universal service of all citizens" and "total mobilization" of industry.

JAP NAVAL THRUST: Routed in Solomons

Even while land activity in the Solomons slowed to minor skirmishes, army Flying Fortresses drove a Jap force of battleships and cruisers away from the American-held section of the islands with a bombing attack which was reported to have damaged two of the battleships.

The bombers discovered the Jap battle force northeast of Tulagi. The navy communicate indicated the possibility that the fleet may be assembling for a renewed effort to take the strategic Guadalcanal-Tulagi area from American forces.

From General MacArthur's headquarters came word of continuing air attacks against the vital Japanese base at Lae, on the northeast coast of New Guinea. A report said that Allied fighters and bombers blasted Japanese supply lines extending inland from Buna to Kokoda, on the route of the Jap drive toward Port Moresby. Buna is 175 miles south-east of Lae, on the coast.

KAISER: Gets Contract

Henry J. Kaiser, West coast ship-builder who went to Washington with a dream of huge flying boats, will be given a chance to show the world that his dream can be translated into reality.

Kaiser, together with Howard Hughes, noted plane designer, have been authorized to build three experimental supercargo planes for a total of \$18,000,000 by the War Production board.

The two men will make no profit from the initial order, but Kaiser was directed to draw plans for a factory in which the planes could be manufactured in quantity should the army and navy find the trial order successful.

Though Kaiser was directed to complete the planes within 25 months—the first in 15 months—a representative predicted the job would be completed in 18 months.

DRAFT CALLS: Explained by Hershey

The draft status of several million American men was clarified to a considerable extent when Maj. Gen. Lewis B. Hershey, national draft director, indicated that more than 10,000,000 men will be under arms by the end of 1943.

In an interview to explain various orders and announcements issued in recent weeks, Hershey and his aids supplied the following guides:

The supply of single men, including those with dependents, will be exhausted this fall and calls for married men without children will begin in December or January.

The supply of married men without children will be exhausted about a year from now and, unless congress authorizes the drafting of 18 and 19 year olds, the calling of men with children will begin around October 1, 1943.

BRITISH SEA LOSSES: Replaced

A. V. Alexander, first lord of the British admiralty, in a speech at Sheffield, has revealed that Britain had replaced all four battleships, four aircraft carriers and 22 cruisers lost in the last 27 months of war.

London correspondents estimated that 200 destroyers, including the 50 overage United States vessels, had been added since the war began. With Alexander's speech as a basis, Britain is now estimated to have at least 15 battleships, five aircraft carriers and 78 cruisers. Many more are under construction.

In the past 27 months, Britain has lost the battleships Barham, Prince of Wales, Repulse and Hood, and the carriers Glorious, Ark Royal, Hermes and Eagle. The battleship Royal Oak was sunk in October, 1939, and the carrier Courageous was lost in September, 1939.

U. S. PARACHUTISTS: Training in Britain

Although American parachute troops have been in England for some time, their presence was kept secret until it was announced officially from the headquarters of Lieut. Gen. Dwight D. Eisenhower, commander in chief of the AEF in the European theater.

The troops bolster American striking power in Britain. The official announcement did not state whether the U. S. parachute units will be kept to form a spearhead for an eventual invasion of Europe or will be employed, as have British parachutists, on Commando raids.

Officers in the parachute corps get a monthly bonus of \$100. Enlisted men get \$50 a month extra. According to a medical officer with the unit, there is less than 1 per cent of accidents on parachute jumps, including simple sprains.

BUNA S PLANT:

The U. S. Rubber company's first synthetic rubber plant in New England—somewhere in Connecticut—is now in operation. This picture shows the butadiene storage tank completely enveloped in water spray. Cooling prevents undesired polymerization and protects against external fire.

NATION WARNED:

A warning that America's losses in the war may run as high as three million men was voiced by Lieut. Gen. Ben Lear, commander of the Second Army, who spoke before the 24th annual convention of the American Legion in Kansas City.

General Lear's grim appraisal was blunt: "Can we, resolutely and without wavering, face a war in which our losses may be a million, or two million, or conceivably three million men? Can we take it—without talk of a stalemate...?"

HIGHLIGHTS . . . in the week's news

CLIMATE: The wide differences in climate throughout the 30 central states and the East where fuel oil will be rationed will be considered in determining rationing householders will receive, the OPA has announced.

BAIT: A fisherman in Lancashire, England, was fined about \$3 and ordered to pay \$16 in costs for using bread for bait.

HARVEST: Because British agriculture achieved its goal of 5 per cent greater crop yield from each cultivated acre, the nation saved one million tons of shipping space.

BRAZIL: The chief of police of Rio de Janeiro ordered all Axis nationals to register at the police alien bureau. Japanese were included in the order, although Brazil is not at war with Japan.

DON'T throw away that frayed wicker chair for with a little expense in time and money it may be made to serve for the duration.

The sagging arm rest, magazine holder and frayed-out wicker around the legs should be removed. Cotton batting is then basted to muslin and sewn to the chair. The sateen cover for chair and cushion is made next. The tufting is done by sewing through cover, padding and openings in the wicker work with carpet thread and a long darning needle; adding a button at each stitch.

Uncle Phil Says:

An Unnatural Liking
 Success is attained not by doing the things we like, but by liking the things we have to do.

Perhaps the reason romance lasted longer in the old days was because the bride looked the same after washing her face.

If a man doesn't know anything, he will tell you all about it at great length.

When one will not, two cannot quarrel.

Pleasant Wishing
 It is more consoling to wish that one were as young as those who value the ephemeral enjoyments of youth than to look contemptuously on youth that overestimates them.

If you wait too long for something to turn up, it may be your toes.

If you want to leave footprints on the sands of time you must have plenty of sand.

GIVE YOUR COLD THE AIR

Star Dust

STAGE-SCREEN-RADIO
By VIRGINIA VALE
Released by Western Newspaper Union

AFTER all these years something new bobs up in the way of what Hollywood calls a "world premier." On October 10, RKO theaters throughout the country will present "Here We Go Again," the new Fibber McGee and Molly picture, the cast of which includes Edgar Bergen and Charlie McCarthy, Ginny Simms and the Great Gildersleeve. The hour is 9:30 a. m. The admission prices everywhere will be 35 cents for adults, 25 cents for children. The novel feature is that adults will be admitted only if accompanied by children!

Metro did all right with its most recent opening. "The War Against Mrs. Hadley" made its bow in Washington, D. C., and admission was by war bond only—the prices being scaled from \$25 to \$25,000 per seat, and all seats being reserved.

Albert Dekker, who's just finished playing a marine in "Wake Island,"

ALBERT DEKKER

thinks it's rather amusing that the public believes him to be a foreigner, thanks to the kind of roles he usually plays in pictures. He's as American as they come; his father was a colonel in our army, and Dekker is a graduate of Bowdoin college.

"The Pride of the Yankees," Samuel Goldwyn's story of Lou Gehrig's life, goes on and on at the New York theater where it opened. House records fall one after the other, as people crowd in to see Gary Cooper and Theresa Wright in this very moving picturization of the career of the famous and beloved baseball player.

Orson Welles, who guest-starred on the Stage Door Canteen radio program recently, said that one of the most tempting offers he has had since his return from South America was David Selznick's that he play the part of "Rochester" in "Jane Eyre." Welles turned it down, is determined to let nothing interfere with any plans the office of Co-ordinator of Inter-American Affairs may have for him.

"Over Land and Over Sea," a song composed by Alexander P. de Seversky and his wife and published five years ago, has been revised and dedicated to the American air forces. Seversky's "Victory Through Air Power" is being made into a feature by Walt Disney.

Alan Reed, star of the air's "Abie's Irish Rose," is head man at home since he brought his son the prize match cover of the boy's collection. It's the President's personal match cover—solid blue, with a gold sailboat with the F. forming the masthead, the D. the mainsail, and the R. the auxiliary sail.

Want to see how the FBI goes about rounding up spies? Then be sure to see the new "March of Time," called "The FBI Front." The film reveals the way in which Axis espionage activity was apparently permitted to go unchecked for a time, in order to amass as complete a file of evidence as possible against the day when the guilty ones were to be rounded up.

Few radio programs have attracted the attention and praise that have come to the Norman Corwin series "An American in England," broadcast over CBS from London. Corwin has been hailed as "the greatest American morale builder because he has pointed out the best in two great peoples."

ODDS AND ENDS—Metro reports that motion picture exhibitors believe that Van Heflin is the No. 1 star of tomorrow; "Seven Sweethearts" is his next picture. In "Nothing Ventured" you'll see Lana Turner as a girl soda jerk who masquerades as a debutante and falls in love with a clerk in a five-and-ten. Signe Hasso, Swedish actress making her American film debut in "Journey for Margaret," is said to possess all of the potential talent of her countrywoman, Greta Garbo. Clarence Nash, who portrays Herman, the Duck, on the Burns and Allen show, is studying dentistry in his spare moments.

PREPAREDNESS

by + the
AMERICAN RED CROSS

ASSISTANCE to members of the nation's fighting forces and their dependents is the primary duty of the Red Cross.

This obligation is set forth in the charter granted the American Red Cross by congress in 1905, and in the army and navy regulations. It is also stated in the present selective service regulations, which require all draft boards to refer questions concerning the welfare of selectees and their dependents after induction to the Red Cross.

Red Cross help to service men and their dependents takes two forms: In every army camp and with every American fighting unit anywhere a Red Cross field director is on the job. His duty is to help the service man with his problems and relieve him of worry over them.

In nearly every county in the United States is a local Red Cross chapter, with a home service worker. Its job is to help the service man's dependents, and relieve them, too, of worry and need.

Assistance to members of the armed forces may take the form of advising them or their dependents on government life insurance, allotments or pensions, and of helping them in filling out the necessary application forms.

The Red Cross may even help members of the service man's family in getting employment, emergency medical treatment, or it may grant them money to tide the family over until an allotment is actually received from the government.

The Red Cross is also the "Mr. Fixit" for the service man wherever he may be, whether on duty or on leave. It assists in getting extension of furloughs when necessary, and in making loans or other arrangements for visits home in cases of serious illness or death in the family.

More than 2,500 field directors with the armed forces, and 3,735 Red Cross chapters throughout the nation stand ready to help and advise service men and their dependents.

Prepared exclusively for WNU.

PATTERNS

SEWING CIRCLE

PINAFORE and panties which you can turn out on your sewing machine in just a few hours! Snug little bodice top, full, flouncing skirt, buttons down the back and a lovely big bow make the frock as cunning as any you've seen in a long while. It will be mighty smart in a cheerful gingham—or a plaid wool for fall—trimmed with ric rac.

Pattern No. 8204 is in sizes 1, 2, 3, 4, and 5 years. Size 3 pinafore takes 1 1/2 yards 35 or 38-inch material, panties 1/2 yard, 2 yards ric rac.

Buttoned Bodice. ALL the ease and freedom you want may be had in this pleasing buttoned bodice frock! A slenderizing fit through waist and

8217

hips is gained by the interesting pieced treatment of the skirt. The top is gracious with its low neckline and the cleverly controlled fullness. While it is a simple dress to make at home, it has ample style interest, too, and an individuality which the smartly dressed woman appreciates.

Pattern No. 8217 is designed for sizes 36 to 52. Size 38, short sleeves requires 4 1/2 yards 35-inch material. Send your order to:

SEWING CIRCLE PATTERN DEPT.

Unreliable Fingerprints

Despite the fact that fingerprints, unlike handwriting, do not indicate that their owner was conscious, sane, sober or even alive when they were made, the practice of accepting them in lieu of signatures on wills, deeds and other documents continues to grow steadily in this country.

ican with a job to do he takes it in stride and gets into routine right snappily. Seven cute motifs depict a bit of the serious and a bit of the lighter side of the army, with clever little Rags featured in each. A matching panholder motif shows Rags saluting—and that makes a tea towel set you're sure to want.

Transfer No. 29489, 15 cents, is a usable more-than-once hot iron transfer of these eight motifs. Send your order to:

AUNT MARY'S
Box 166-W Kansas City, Mo.

ASK ME ?

A quiz with answers offering information on various subjects

- The Questions**
1. What is the distance from home plate to first base on a regulation baseball diamond?
 2. What is the Saorstat Eireann?
 3. What does the word "pizzicato" mean to a violinist?
 4. How many active volcanoes are there on the island of Hawaii?
 5. Are any baseballs stitched by machine?
 6. What is a scallion?
 7. What sea is sometimes referred to as the Gulf of Venice?
 8. What officer normally has command of a regiment?
 9. If a boat is jury-rigged, it is rigged for what?

- The Answers**
1. Ninety feet.
 2. The Irish Free State.
 3. Pluck the strings.
 4. Two, Kilauea and Mauna.

5. Seams in baseballs are sewed by hand. No machine has ever been invented to sew them satisfactorily.
6. An onion.
7. Adriatic sea.
8. A colonel.
9. Temporary use.

Necessary Evil

Evil is necessary. If it did not exist, the good would not exist. Evil is the unique reason for the good's being.

What would courage be far from peril? And what pity without pain? What would become of devotion and sacrifice if happiness were universal? It is because of evil and suffering that the earth may be inhabited and that life is worth living.—Anatole France.

Keep Smiling

Keen Competition
Wife—The new nurse is very scientific. She never lets anyone kiss the baby when she is around.
Husband—Who would want to?

Ah, Why?
The minister was trying to teach the significance of "white" to a Bible school class. "Why," he said, "does a bride invariably desire to be clothed in white for her marriage?"

As no one answered, he explained: "White stands for joy, and the wedding day is the most joyful occasion of a woman's life."
A small boy queried: "Why do the men wear black?"

Still a Minority
"Say, Bill. You didn't marry that girl back home while you were on vacation, did you?"
"Almost, Joe. Two of us were willing—me and the minister."

They say the biggest fool is the old fool. Well, he's had more time to practice.

Some Comfort
Winston Churchill, the story goes, was walking through the ruins of some blitzed streets when an old woman greeted him. The prime minister asked her how she felt after the night of bombing. "Well, there's one thing about these air raids," she replied cheerfully, "they do take your mind off the war."

Slight Error
"I have a beautiful home overlooking a private lake."
"Why, I was out to your place and I didn't see a lake."
"Hmm—er, well, that's what I overlooked."

Epitomized
The war department, in "Behind Your Army," reports the plight of a sweetheart whose soldier was somewhere in the Pacific area. She tore open his letter to find inside this typed slip: "Your boy friend still loves you. But he talks too much." It was signed, "Censor."

Aggravated Fellow

Didn't Tell All, It Seems

"Going far?" asked the chatty little man in the club car as the open fields began to whisk by the train windows.

"Only to Pittsburgh," replied the grouch, who had been in Washington filling out questionnaires. "I'm in the steel brace business. My age is 53. I am married. My name is Henry Smith. I have a son 22 in the field artillery. And a niece with red hair. I shoot around 89 in golf. Is there anything else I can tell you?"

"Yes," replied the chatty little man amiably. "What oil do you use for your tongue?"

J. Fuller Pep

By JERRY LINK

I been readin' about some of these divorces and it seems to me husbands are like automobiles. If you take good care of them, you don't have to keep getting new ones all the time.

And one way of takin' good care of him is to see he gets all his vitamins. And that's where KELLOGG'S PEP comes in. 'Course it hasn't got 'em all, but it's extra-rich in the two most likely to be short in ordinary meals—vitamins B, and D. What's more, PEP'S one grand-tastin' cereal, too!

Kellogg's Pep
A delicious cereal that supplies per serving (1 cup) the full minimum daily need of vitamin B, 1/4 the daily need of vitamin D.

Statement of Ownership

Management, etc of The Hedley
Informer, published weekly at
Hedley, Texas, for October, 1942.
State of Texas
County of Donley

Before me, a Notary Public in
and for the State and county
aforesaid personally appeared
D. E. Bolliver, who having been
duly sworn according to law, de-
poses and says that he is the
publisher of the Hedley Informer
and that the following is, to the
best of his knowledge and belief,
a true statement of ownership,
management etc. of the aforesaid
publication for the date shown in
the above caption, required by
the Act of August 24, 1912 as
amended by the Act of March 2,
1928 embodied in section 586 Po-
stal Laws and Regulations, to wit:

1. That the name and address
of the editor and publisher is D.
E. Bolliver, Hedley, Texas.

2. That the owners are Mrs. E.
O. Bolliver and D. E. Bolliver, Hed-
ley, Texas.

D. E. Bolliver, Publisher
Sworn to and subscribed be-
fore me, this 29th day of Septem-
ber, 1942.

O. L. Johnson, Notary Public
My commission expires June 1,
1943.

Red Cross Notes

The volunteer work of the Red
Cross is making progress in Hed-
ley. 40 women blouses have
been finished thanks to those
who helped make them.

The Wifadacos club made a
quilt and gave to the Red Cross.
Thanks to the club. Our special
thanks goes to the Methodist
ladies for taking another quilt to
quilt. This makes 3 they have
quilted; a fine example for others
to follow.

Fifty pairs of children's paja-
mas were issued Saturday after-
noon. Our first donation for a fa-
gan thread was made by Mrs.
Alva Simmons. Thanks.

There will be no work Satur-
day to go out so the room will
not be open. Mrs. Trimble will
receive finished work when the
room is not open. We wish to ex-
press our appreciation to Mr.
and Mrs. Trimble for the help
they have given in various ways
to the Red Cross and also for the
nice donation made by them.

Have you helped in any way?
Why not? Help our own Hedley
boys by everyone doing his part.

Rev. Truman Caldwell has been
called as Baptist pastor at Thorn-
ton, where he is also school prin-
cipal.
