Hedley School News

Scrapping is the big item of importance in the Hedley School this week. Up to Tuesday afternoon at five o'clock more than ten thousand pounds of scrap had been passed upon the school campus. All classes are still going strong. Sam Owens is the leading individual in the contest. His title is now "Major General!" He has near three tons to his credit.

Miss Hawkins, our popular English teacher, goes to Ft. Sumner, N. Mex. next week to assume her duties as English teacher there. All of us wish her success and happiness.

Hedley has sent her tax rolls to the collector. Those who pay in Oct. will get a 3% discount, those who pay in Nov. a 2% and those who pay in Dec. will get 1%. This should be attractive to any tax payer because every penny paid in taxes can be taken from one's income tax. Besides tax could titles to property are more dangerous than ever before.

Hedley's basketball teams are still going strong and continue to play against both eligibles and ineligibles. We plan to have a winning team when the season starts. The Hedley school board has elected Mrs. Elvia Davenport of the Oldfess High School to succeed Miss Hawkins. She will assume her duties here Oct. 12.

The Hedley teachers plan a one hundred percent membership in the Texas State Teachers this year.

Notice to Farmers

Due to the shortage of rubber as well as gasoline and time there has been made provisions for the delivery of marketing cards with out having to come to the County Office and get it personally. The way this is to be handled is for the producer to make a written request for mail delivery of this marketing card and the card will be mailed to producers as soon as possible. Mail delivery is to be used in only extreme cases, in cases where it will be very difficult to get to the county office. Where producers get their cotton at Clearendon, or trade in Clearendon, we would appreciate it if they would come in personally to get the cards, in the very near future.

W. S. G. S.

The W. S. G. S. met Monday and spent the afternoon quilting for the Red Cross. 14 were present.

Mrs. Masterson called the house to order at 4 o'clock. Mrs. Kempson read the minutes. Mrs. Pyle was named chairman of the serving committee, and Mrs. Anne Gray Hill was chosen press agent. Life membership was given to Jeanie Watkins and Claude Alford LeMond. Mrs. Frank Kendall led an inspirational Bible lesson on The Idea of God.

Watermelon was served by Mesdames LeMond and Masterson.

Mrs. N. L. Norman of Denton is visiting her sister, Mrs. O. L. Tinsley.

Mr. and Mrs. James Martin of Amarillo announce the arrival on Oct. 4 of a fine little son, weight 7 1/2 lbs. Mrs. Martin was formerly Miss Geneva Leach.

Buy Bonds and Stamps!

Are we doing our part as an average American in helping to win the war? We can do our part by economizing, buying bonds and war stamps, working harder and longer hours. Our soldier boys are doing their part, are we?

We are asked to buy \$1,000,000,000 monthly in bonds and stamps. If we are AVERAGE AMERICANS in Donley County our quota in bond buying is about \$7.50 per person, per month, including every man, woman and child. Will we qualify as AVERAGE AMERICAN CITIZENS in this respect? To meet this challenge some will have to buy more. Let's meet the challenge in Donley County.

This will be the best investment you can make during the war. It will be worth 100% when the war is over. Other investments you may make may be worthless and if they are worthless will leave the owner in financial stress.

Now is a good time to begin laying away a "nest egg" for a rainy day which will surely come to us all, by buying our portion of War Bonds and helping our boys at the same time to win the war.

Zone Meeting

The Zone meeting of the Women's Society of Christian Workers met with the Hedley Methodist Church, Sept. 20.

Representatives from Lakewood, Turkey, Memphis and Clearendon were present.

The meeting was presided over by zone leader, Mrs. J. B. Masterson. Mrs. Ross Adamson read scripture and led songs. Mrs. Bob Watkins presided at the piano.

The welcoming address was given by Mrs. W. E. Hill. The response came from Mrs. G. A. Kessell of Turkey. Then came the business session followed by appointing of committees and reports from district officers. All filed into the basement and were served a bountiful plate.

The afternoon was taken up finishing up general business. The conference business was conducted by the district secretary, Mrs. Floyd Thompson.

Mrs. John Adamson of Turkey was elected zone leader for the coming year. Mrs. Will Johnson of Clearendon was elected zone secretary.

Next year's meeting will be at Lakewood.

Corpus Christi, Texas—With elimination flight training at one of the many U. S. Naval Reserve Air Bases successfully behind them, 41 cadets from Texas have reported aboard the U. S. Naval Air Station here to begin a training course that will lead to the award of Navy Wings.

These cadets have already demonstrated their ability to handle basic training aircraft. Now they will learn the theories of aviation warfare, from radio code and machine gunnery to cross country trips by instrument, in the ground school phase of pilot instruction.

After more intensive checks in basic training planes, they will move up gradually to the heavier ships that are flown in the advanced stages of their course.

Among the Texas cadets is William O. Punt of Hedley.

Mrs. W. E. Reeves left this week for a visit to California.

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative Senna combined with Syrup Pepsin. See how wonderfully the Laxative Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

WEEKLY NEWS ANALYSIS

Nazi Forces Pay Huge Manpower Toll In Effort to Maintain Unbroken Line; OPA Calls for New Fuel Oil Reduction; American Bombers Blast Balkan Cities

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper. Released by Western Newspaper Union.)

En route to some unnamed destination, these five high-ranking marine officers are planning strategy aboard a transport. Left to right are Maj. Gen. Alexander A. Vandergrift, Lieut. Col. Gerald C. Thomas, Lieut. Col. Randolph McPate, Col. Frank P. Goettge and Col. W. C. James. Colonel Goettge is reported missing in the Solomons.

RUSSIAN FRONT: Nazi Toll Mounts

Even as Wendell L. Willkie called for a second front to aid the Russians, Soviet troops were battling defiantly for every foot of ground on the Volga river front.

Russian gains were reported officially on the long front extending from the Moscow-Leningrad sector to the deep Caucasus. Soviet troops occupied several heights and villages southeast of Novorossiisk, German-held Black sea base, killing about 1,200 Germans in one day.

In the Stalingrad area more than 4,000 Nazis had been reported killed in one day's fighting. The major battle had appeared to be in the northwest of the city. In one sector the Germans launched eight attacks against Soviet positions in 24 hours in an effort to check the threat to their left flank. The heavy infantry attacks were supported by 40 tanks. Four attacks were reported repulsed. Silence concerning the other four indicated that progress had been made by the Nazis.

The Soviet communique acknowledged a withdrawal in the Mozdok area where it was announced that "numerically superior forces" had captured a village. Between Mogocow and Leningrad, Soviet troops continued to mop up German forces which had penetrated into the Russian defenses.

In a broadcast the German high command announced that "in the northwestern part of the Caucasus and on the Terek river the enemy was ejected from deep positions notwithstanding tenacious resistance."

GAS RATIONING: For Entire Nation

Rubber Administrator William M. Jeffers' order for the rationing of gasoline on a nation-wide basis came as no great surprise to Americans. The 27,000,000 motorists, forewarned by the report of the Baruch committee.

The rationing system, expected to take effect in November, will be patterned after the permanent program which went into effect in the eastern states July 22. The system permits a basic ration of 192 gallons a year, enough for 2,880 miles of travel on the basis of 15 miles per gallon. It is an average of 3.69 gallons a week.

Non-essential motorists receive "A" books, permitting them to purchase 32 gallons of gasoline over a three-month period. About 68 per cent of the car owners in the eastern states have "A" cards. A "B" book permits its user a maximum of 470 miles a month. Those eligible for such a book are persons with essential occupations. The "C" books are for individuals engaged in war or civilian defense activities. They allow 128 gallons a month and holders may receive as many as they actually need.

In his first statement since his appointment as rubber czar, Jeffers called upon the nation's motorists to "be volunteers" in trying to keep our "economic life from breaking down." He asked for a maximum speed limit of 35 miles an hour, but told drivers they were to be their own policemen. He urged that "every citizen ration his own driving and reduce his own speed" immediately, without waiting for actual rationing.

BALKANS BLASTED: By U. S. Bombers

Four Axis satellites in the Balkans—Croatia, Hungary, Rumania and Bulgaria—are feeling the strength of the American air arm as long-range B-24 four-motored bombers deposit their loads on the capital cities of those nations.

Allied bases for the attacks have not been named, nor has the nationality of the flight crews been revealed, but observers assume that American airmen are working with Russian and British fliers.

WILLKIE: 'Now Is the Time'

Before he left Russia for his conference in China with Generalissimo Chiang Kai-shek, Wendell Willkie took time out to tell the American people that in his opinion the time for opening a second front was not next spring, but right now.

He said that Nazi pressure on the resources of Soviet Russia was terrific and that relief was badly needed. He urged a very definite step-up in the amount of aid being delivered to the Russians and pointed out that almost a third of their population had been subjected to German rule.

After this statement was issued Premier Joseph Stalin held his farewell banquet for Willkie, President Roosevelt's emissary on his round-the-world check-up of the war fronts. This event was described as being most cordial.

Though Stalin was joking and teasing him throughout the affair, Willkie said later that the Russian premier demonstrated his clear, logical mind, and "a vital subject, which cannot be disclosed" was mentioned often throughout the evening.

MacARTHUR'S MEN: Drive on Japs

The first Jap withdrawal from some outposts in the Owen Stanley mountain range above Port Moresby, New Guinea, was announced in a communique from General MacArthur's headquarters in Australia.

Strong allied patrols, aided by light artillery, forced the Jap withdrawal, which came concurrently with the start of heavy rains, the communique said. MacArthur's ground forces made gains in counter attacks southwest of Salamaua on the left flank of the Owen Stanley line. Ground successes were teamed with new aerial assaults on enemy posts and island bases across a thousand mile area in the southwestern Pacific.

Allied dive bombing attacks on vital Japanese supply routes met with considerable success. The Jap Kokoda-Buna supply line on the northern slope of the Owen Stanley mountains was blasted while other planes raided Dilli, capital of the enemy-held Portuguese Timor, and Ambasi.

Allied bombers also struck at Jap positions in the Solomons.

FUEL OIL RATIONS: Cut to Two-Thirds

Oil-heated homes in 30 eastern and middle western states will have to get along with two-thirds of their normal fuel supply under a new ruling by the Office of Price Administration.

"The coupon rationing plan," said Paul M. O'Leary, OPA deputy administrator, "is going to be geared to an estimated overall average of 33 1/2 per cent of normal consumption. We found that the 25 per cent cut, originally planned, would not be sufficient to provide an adequate margin of safety and still meet the fuel shortage."

O'Leary warned that householders who cannot heat their homes comfortably on two-thirds of the fuel normally used, should convert to coal if possible. If furnaces cannot be converted from oil to other fuels, he said, "then everything that is possible must be done to improve the burner efficiency and to insulate the home properly."

He pointed out that the householders who improved the thermal efficiency of his home through insulation and by installing storm doors and windows, weather stripping and by overhauling his heating unit would be rewarded by added comfort. The OPA warned consumers to fill their tanks before rationing begins.

FIGHTING FRENCH: A Nod From Moscow

Soviet Russia became the first of the United Nations to recognize the "Fighting French" movement as "the only body entitled to organize participation of French citizens in the war," when it was announced from Moscow that Gen. Charles de Gaulle had been accepted as the sole representative of this group.

Thus the Vichy government of Pierre Laval and Marshal Henri Petain received its first official diplomatic slap in the face. It had been almost a year to the week before De Gaulle received the recognition he had been seeking from the United Nations. For late in September last year he organized the Fighting French as a political administration as well as a fighting force and through frequent appeals has sought to replace the Vichy government as the official agent of the French people.

This recognition by the Soviet came just two days after a Fighting French air unit arrived in Russia to fight on the eastern front against the Germans. Known as the Normandy squadron, this unit is being made a part of the Soviet air force.

WAR PRODUCTION: Progress Report

"Right now," according to WPB Chairman Donald Nelson, "approximately 40 per cent of our entire production is going for war. By the middle of next year that proportion has got to be around 60 per cent." WPB Vice Chairman Knowlson issued a statement about the same time, in which he indicated that present war production is 3 1/2 times that of ten months ago.

Said he: "We're beginning to recognize the truth of the situation, to know we've been behind the eight-ball."

An estimate from the commerce department revealed that the total output of machine tools during the calendar year 1942 would be about 350,000 units, or almost double last year's production. These would have a value of \$1,400,000,000.

Another report, this one by the Maritime Commission, showed that in the past 12-month period 488 ships, aggregating about 5,450,000 deadweight tons, had been completed and delivered. Of this total, 327 were Liberty ships.

This report, made to the President by Chairman Land of the commission, declared that: "Scheduled deliveries for the remaining months of 1942 should bring us to the 8,000,000-ton goal of your directive."

AIR OFFENSIVE: Renewed in China

After a lull of almost a month, the American air force in China renewed activity against the Japanese with an attack on troop columns in southwest Yunnan province and a foray against Hanoi in French Indo-China.

A communique from Lieut. Gen. Joseph W. Stilwell's headquarters announced that 10 Jap troop trucks and a staff car were destroyed in the strafing attack along the highway between Lungling and Chefang by fighting planes. The raid at Hanoi was on the Gai Lam airport.

Brig. Gen. Claire Chennault, commander of American air forces in China, stated that French and natives of Indo-China were becoming less co-operative with the Japs as a result of American air successes. "Intelligence reports show that the French are disillusioned, though the Japanese are now all-powerful in Indo-China," Chennault said.

A new Japanese two-motored, two-seater fighting plane was encountered by Americans on the Hanoi raid. The plane, an I-45, was reported to be heavily armed with a 20-millimeter cannon and two 13 millimeter guns forward.

That Nagging Backache

May Warn of Disordered Kidney Action Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—tires the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer aching backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

"Pedal, Gwendolyn!

*This bike isn't
like your
sewing
machine"*

"Why, Edgar! You said let's make two tires do the work of four."

"Yeh, but I'm doing *all* the work. There ain't no 'lectric switch on this thing. You have to pedal it!"

"Oh, well, Edgar. You don't mind giving me a free ride, do you?"

"Listen, baby. You don't get any *free* rides any more!"

"Oh yeah? Well, I'm getting a *free* ride on that sewing machine!"

"U-u-m-m-ph! Just because it's electric, and you don't have to pedal it, don't think it's *FREE*. You have to pay for the juice!"

"Sure, Edgar. But we're using two or three times as much now as we used to—for the same money. That's what I call a *free* ride!"

★ ★

D'ja ever win an argument with your wife, Edgar? You may persuade her to help pedal the bike. *But she's right about the cost of electric service.*

It's a fact that West Texas homes today are getting two or three times as much electricity for the same money as they did 10 or 15 years ago. *Actually, the electric bill of two-thirds of them is a dime a day—or less!*

Not a *free* ride... but *FREEDOM* of enterprise makes this big bargain possible under the American system wherein men are free to plan and create a business that builds and serves.

"Save rubber today—or tomorrow you may walk!"

Star Dust

STAGE-SCREEN-RADIO

By VIRGINIA VALE
Released by Western Newspaper Union.

IF YOU want to laugh, want to stop thinkin' about the war for just a little while, be sure to see "The Major and the Minor." It's one of the most delightful pictures that has come along in many a moon. Ginger Rogers, as the young woman who dons little girl's clothes in order to ride half-fare on a train taking her home, gives an expert performance, establishing herself firmly as one of our leading comedienne. Ray Milland is excellent, as is the rest of the cast. It's a swell picture—don't miss it!

One of the best friends and former associates of Gen. Draja Mihailovitch, leader of the Yugoslavian guerrillas, is Tom Lincir, now in Hollywood working for Columbia pictures. Columbia has made a number of war pictures—"The Commandos," "Submarine Raider," etc., but Tom Lincir's been in none of them—he's a conga dancer in "My Sister Eileen," movie version of the stage play laid in New York, with Rosalind Russell and Brian Aherne.

About a year ago RKO bought a novel, "There Goes Lona Henry," and afterward gave up the idea of

RUTH WARRICK

making it. Now it's being readied as a picture for Ruth Warrick. It's the story of an ambitious Washington society woman.

Richard Arlen and Arlene Judge certainly started something when, working in "Wildcat," they suggested that each time a player made a mistake in his dialogue he make a contribution to the American Red Cross; fewer errors mean fewer retakes, so the company profits, and the Red Cross makes money when somebody does blow his lines. With film companies cutting expenses, it's a swell idea.

Alexis Smith has been urging Warner Bros. to contribute all the metal from its numerous hoopskirts, weighted petticoats and the like to the nation's scrap metal drive. "I had to wear costumes like that all through 'Gentleman Jim,'" said she, "and now I'm doing it again in 'The Adventures of Mark Twain.' I've packed around enough lead and steel to make a dozen of those General Grant tanks! The studio would be doing the government—and me!—a favor if they'd just turn it all in."

Olivia de Havilland's learning to play the saxophone—brings the shiny new instrument to her dressing room and tootles between scenes of "The Princess O'Rourke." She played "Happy Birthday" for the sound stage doorman the other day, her first public performance. She also offered him three cigars, in case he didn't care for her music. He didn't comment on the music, but took the cigars.

Sergt. Gene Autrey used to think he was pretty busy when he was making pictures, running his own rodeo and his two ranches and doing his regular air stint. But now! He does the air show, also the regular work of an army sergeant, and he's picking up flying hours and burning the midnight oil, studying up on the book work needed for army flying examinations!

Lewis Milestone, directing "The Edge of Darkness," was worried when the company went on location on the Monterey peninsula, for fear that some of the cast might be shot on sight. It's a story of the underground movement in Norway, and green-clad Nazi troopers play an important part in it. "If a German soldier is seen around Monterey, he'll be an actor," was part of Milestone's warning to citizens.

ODDS AND ENDS—Clark Gable has lost 27 pounds since he joined the army. . . . Picture celebrities are conserving tires by going to Hollywood shindigs in groups, in station wagons. . . . They're rushing work on "The Immortal Sergeant" so that Henry Fonda can report to the navy on time. . . . Because Martha Scott went to New York to do a guest appearance on "Stage Door Canteen," her husband, Carlton Altop, got a permanent job at NBC as director of the air's "Abie's Irish Rose" . . . Humphrey Bogart averages 50 letters a week from persons who announce that they hate him.

PREPAREDNESS

by the AMERICAN RED CROSS

AMERICAN service men fighting the nation's battles overseas are making American Red Cross clubs their favorite meeting place during leave periods.

The Red Cross clubs, established in nearly all the major overseas war theaters, are open to the enlisted men of the United Nations in addition to Americans, but the atmosphere of the clubs is typically American.

Such home country stand-bys as hotdogs, soft drinks, hamburgers, and ice cream made the American way, are regulars on the clubs' bills of fare. They may be obtained for a penny at the snack bars which are open throughout the day.

The clubs are staffed by trained Red Cross workers with the accent upon competent American girls specially selected for conducting an active recreational program in the clubs. The girls are attractive, too.

Typical of the clubs in the larger cities is the Red Cross Washington club located in the Mayfair section of London. Here service men may use luxurious lounge rooms, a dance room, and recreation rooms where ping pong and billiards are the popular games.

A large restaurant, capable of serving 600 men at one sitting, is maintained in the club, and dormitories large enough to house 1,200 men are contained in the club and adjacent dormitories. For bed and breakfast the Yank on leave in London pays 50 cents. He can get a piping hot lunch and supper for 20 cents each.

Prices charged by the Red Cross are below cost, the deficit being met through Red Cross funds. Officials of the American Red Cross were reluctant to make any charge for food or meals and did so only after Secretary of War Stimson requested that a nominal fee for such services be made since other United Nations clubs also charge.

Prepared exclusively for WNU.

1590-B

IN TOWN and in country, at home and in the office this is a dress which is "tops" for style and comfort. Larger figures will particularly like the full-cut bodice and the six-gore skirt which fits with such admirable smoothness.

We suggest it for gabardines, flannels, new rayon weaves.

Barbara Bell Pattern No. 1590-B is designed for sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 with short sleeves takes 4 1/2 yards 39-inch material.

Uncle Phil Says:

Too Busy Narrating

The man who is always going to do a lot of great things usually ends by doing a few small ones. People who use splendid grammar in conversation seldom say anything brilliant.

One may not do so well growing old gracefully, but he need not do it grouchy.

What is life to a dog in a neighborhood where there are no cats?

"Gentleman" had a thousand definitions, and "gent" is just as hard to define.

AROUND THE HOUSE

To pan vegetables melt two tablespoons of fat for each quart of prepared vegetables in a heavy flat pan. Add the vegetables and cover to retain steam. Cook until tender, but not mushy.

Sharpen needles with an emery bag for longer service.

Silverware should be washed immediately after use since foods, salt and acids cause corrosion.

Kitchen scales are almost a necessity at canning time. For best results weigh everything.

Better results will be obtained from cookies which require rolling, if the dough is chilled for several hours. (Even chilling them overnight is not too long.) A thorough chilling enables the dough to be handled more easily.

To prevent crushing fill a hat crown with tissue paper and store the hat on its brim in its own box.

Old shirts no longer worn because they are collarless or out of style make pretty kitchen aprons.

Too much heat kills yeast. When dissolving yeast for baking, be sure the liquid is lukewarm, about 80 degrees F.

Domestic red pepper is less hot than cayenne and can be used in salad dressings, cheese and meat dishes, relishes and fruit butters.

To wash nylon curtains squeeze them in a mild soap and water solution. Rinse in lukewarm water and roll in a turkish towel to remove moisture. They need not be ironed.

ALL-BRAN FUDGE SQUARES—BEST YOU EVER TASTED!

Every mother in the land will want to bake these scrumptious cookies. Children will demolish a plate of them in a wink. Grown-ups rave about their "different" taste and new crunchy texture. They're made, of course, with the famous cereal, Kellogg's All-Bran.

KELOGG'S ALL-BRAN FUDGE SQUARES
3 squares un-sweetened 1 cup sugar
1/2 cup flour 1/2 cup All-Bran
1/2 cup butter 1/2 cup nuts/nuts
2 eggs 1 teaspoon vanilla extract
Melt chocolate over hot water and add butter. Beat eggs well, add sugar and beat until light and fluffy. Add melted chocolate and butter. Stir in flour, All-Bran, chopped nuts and vanilla. Pour into greased pan, making a layer about one-third inch thick. Bake in moderate oven (375° F.) about 20 minutes. Yield: Sixteen 2-inch squares (5 x 5 inch pan).

Diamond Within Diamond
A curiosity in the gem world is a diamond with another one crystallized around it. In most of the known cases, the two stones differed in both color and crystal formation.

ON THE HOME FRONT

with RUTH WYETH SPEARS

HERE is a way to give an old couch a new lease on life with style and comfort.

Start with 9 1/2 yards of 36-inch-wide cotton twill to cover an average couch and three cushions. Here a soft tan is used to match one of the tones in the rug. Seams are accented with a second stitching, as shown. And there is no untidy slipping and sliding for this cover. The seam allowance around the top is sewn to the couch pad with long stitches of carpet thread.

4. How many states lie east of the Mississippi river?
5. Ancient Babylonia is now called what?
6. How many times greater is the speed of light than the speed of sound?
7. What is an abattoir?
8. How do peanuts grow, hang from bushes in clusters, below ground, or on trees?
9. What are the costal bones of the body?
10. In what year were revolvers first used by the United States troops?

The Answers

1. One obtained at a great cost.
2. Republicans who refused to support Blaine in 1884.
3. Lacrymose.

Left-Right Handed

Nature has arranged that the brain shall be mapped out into definite departments, and overlapping is discouraged. One part of your brain deals with the sense of smell, another with the sense of sight, and so on. Roughly speaking, the right side of your brain governs the left side of your body, and vice versa.

By heredity and training you are right-handed? That means that the left side of your brain looks after your writing with your right hand. If the right side of your brain encouraged your left hand to write as well there would be waste of effort.

People who naturally can write equally well with right or left hand—the ambidextrous—are seldom successful in life.

Tommy Had Followed The Cat Rather Closely

The teacher was attempting to explain the meaning of certain words to her class. She came to the word "sufficient."

"Now," she said brightly, "let us suppose there was a cat here and I gave it a saucerful of milk, which it drank. Then I gave it another saucerful, and it drank it all. But when I gave it a third saucerful it would only drink one-half of it. We can then say that the cat had had sufficient. Now, Tommy, what is the meaning of sufficient?"

"Pie," teacher, replied Tommy, who had been eagerly attentive, "it means a catful of milk."

A Soldier's Dream

By Private Louis Edward McLaughlin
A soldier dreams of love again:
Of peace on earth, good will to men.
While he walks where the shells come
thundering through,
He dreams of a walk in the moonlight
with you.
He shoulders arms to win the fight,
And dreams of arms that hold him tight.
Midst the strife for the life of a nation
A soldier dreams of you tonight.

Izzard to Speak at Clarendon

The Pathfinder Club of Clarendon is presenting Wes Izzard in a public address at the College auditorium there at 8:30 Friday evening, Oct 28. Mr. Izzard will tell of his recent trip to Washington and his views on the war.

This is a public service feature and the people of Hedley are invited to attend. There is no admission charge.

Wifadasos Club

The Wifadasos club met two weeks ago with Mrs J W Reese as hostess. The time was spent in quilting a Red Cross quilt. A delicious dinner was served to those present.

The club will meet Tuesday at 2 p. m. at the home of Mrs B L Collier to do Red Cross sewing.

Mrs R. W. Alwine returned home Saturday from a visit to Boswell, Okla. Mrs Ines Moss of Boswell returned home with her for a visit here.
