Parent-Teacher Ass'n. Legion Donates Trophies

The Hedley Parent-Teacher Association met in regular session on the evening of October 9 in the School Auditorium.

In the business session which preceded the program, the Membership Chairman Mrs. T. J. Cherry, reported 52 members to date. The aim of the membership committee is to double the P. T. A. membership. Each paid member is urged to report to the next meeting one new member.

Under new business, the subject of the P. T. A. Carnival was introduced. The body voted in favor of a Harvest Festival to take place after the cotton harvest holiday. Charles Raines was appointed General Chairman of the Harvest Festival Committee.

A count of parents present revealed that the fifth grade won the dollar award.

Mrs. Snowden, the president, turned the meeting to Mrs. J. W. Bradshaw who directed an interesting program centering on the theme "Safety." Louis Simmons of the Womack Funeral Home in Clarendon discussed interestingly and informatively on the subject of "Safety First." A worthwhile round table discussion followed from which the group derived timely information on problems of First Aid.

The second number on the program was a rendition of "Bells of the Sea" with Miss Davis as piano soloist. Following this was a choral number directed by Miss Davis with the following Third, Fifth, and Sixth Grade pupils taking part: Julian Donucker, Wanda Lee Shaw, Joyce Burdick, Mary Alice Hunsucker, Anita Cain, Dolores Gunn, Sarah Ann Raines, Wanda Joyce Hall, Paulina Ann Porter, Claudine Hill, June Howell and Joan Kay Moreman.

Mrs. Bradshaw then turned the meeting to Mrs. O. L. Johnson, Chairman of the Social Committee, who directed an entertaining series of games.

Alice Bishop
Publicity Chairman

Wiley-Biffle

Miss Inell Biffle and Lieut. Nolan E. Wiley were married Sunday evening, Oct. 11 at 6:30 p. m. at the First Baptist church at San Antonio by the pastor, Dr. Webb.

The bride is the daughter of Mr. and Mrs. W. M. Biffle. She graduated from Hedley High School and took her B. S. degree from WTSU at Canyon. She was a teacher in the Littlefield schools.

Lt. Wiley is a graduate of Lakeview High School and took his B. S. degree from WTSU. He received his wings and commission Oct. 9 at Kelly Field. He will be stationed at Kelly Field for the present.

Cotton Ginned

Census report shows that 172 bales of cotton were ginned in Donley County from the crop of 1942 prior to October 1, 1942 as compared with 12 bales for the crop of 1941.

Mr. and Mrs. J. E. Neely and Mr. and Mrs. W. M. Jones spent the past week end with the H. O. Nash family in Wichita Falls.

Pvt. Louis E. McLaughlin of Camp Walters visited home folks Sunday.

To aid in the scrap drive the local Post of the American Legion donated their captured World War trophies consisting of a shell weighing 126 pounds, a machine gun and stand and other captured weapons to be sent back to the Germans or Japs with their compliments.

The next meeting of the local Legion Post will be held Thursday October 22. All ex-service men are urged to be present as the plans for Armistice Day, Fall District Convention at Clarendon and other matters will come up.

Lizzard to Speak at Clarendon

The Pathfinder Club of Clarendon is presenting Wes Lizzard in a public address at the College Auditorium there at 8:30 Friday evening, Oct. 23. Mr. Lizzard will tell of his recent trip to Washington and his views on the war.

This is a public service feature and the people of Hedley are invited to attend. There is no admission charge.

Notice to City Taxpayers

3% discount on current taxes if paid in October.
2% if paid in November
1% if paid in December
J. P. Devins,
City Tax Collector

NOTICE

Everyone in Hedley and vicinity who has a boy in the service is requested to bring in his photo graph, in uniform if possible, together with data concerning his rank, branch of service and location, to the Informer office or to Miss Ruth Richerson. These pictures are to be published in the Amarillo News.

Mr. and Mrs. Johnny Holland of Dallas spent last Thursday night in the W. I. Raines home. Mrs. Holland is the daughter of Mrs. B. J. Smith, who was postmaster at Rowe many years ago.

Miss Nellie Page of Vernon is visiting in the R. E. Newman home this week.

Corp. Fred Tidwell of the U. S. Army has been visiting here this week.

Mr. and Mrs. Elmer Dishman announce the arrival on Sunday, Oct. 11, of a fine little daughter, weight 7 1/2 lbs.

Mr. and Mrs. W. M. Hill, Mr. and Mrs. O. L. Johnson and son Charles Neal visited in Lubbock last week end.

Miss Willie Mae Greer spent the past week end in Texas.

Ree Plunk of Stamford visited home folks last week end.

NOTICE

All who donated on the tombstone for Dr. Webb are invited to visit the cemetery and see it. About \$40 more is needed to complete payment on the stone, and any donation will be appreciated. See R. T. Everett or G. E. Hunsucker if you wish to contribute.

Warning

Tire thieves are active in this vicinity and Sheriff Guy Wright is asking all car owners to be sure to keep their cars in a garage or some place where tires can be watched.

ON THE HOME FRONT

RUTH WYETH SPEARS

ANY dining room may be made fresh and smart with built-in cupboards, a little paint and inexpensive curtains. But what may be done to bring a set of out-moded chairs up-to-date? The one sketched at the upper right is typical of many that are substantial and sturdy though scarred by long

use. All they need is an up-to-date frock to make them perfectly at home in a modern dining room.

If your chairs do not have the supports shown at the sides of the seat they will be easier to slip-cover. This cover is of medium blue cotton rep with darker blue for the bias binding and the cotton fringe around the bottom. Large button moulds are covered with the slip cover material for the button-up-the-back opening. If you are not expert at making bound buttonholes, snaps may be used under the buttons. The narrow ties sewn to the corners of the inside of the seat cover hold it neatly in place.

NOTE: This chair cover is from Book 8 of the homemaking booklets available to readers at 10 cents each. Directions for other dining room chair transformations will be found in BOOK 7, together with an interesting array of conservation ideas which make use of materials around the home. Send your order to:

WEEKLY NEWS ANALYSIS

Stalin to Allies: 'Fulfill Obligations'; Records Prove U. S. War Planes Superior; Wages, Food, Rent, Profits Stabilized As Anti-Inflation Program Takes Effect

Western Newspaper Union's news analysis and not necessarily of this newspaper. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Released by Western Newspaper Union.)

America, too, is developing its force of Commando units as the above photograph from the Panama Canal Zone would indicate. Here, during training maneuvers, these "Bushmasters" are about to push their way through barbed wire entanglements as part of a simulated attack on an "enemy force." Highly trained and tough, troops like these are the spearheads of attacking forces.

INFLATION CURB: Roosevelt to Byrnes

Within 18 hours after he had been granted broad powers to halt the spiral of inflation, President Roosevelt named Associate Justice James F. Byrnes as the director of economic stabilization and moved to stabilize wages, salaries, profits and farm prices.

Byrnes resigned from the Supreme court shortly after he was named head of the new Office of Economic Stabilization.

Under the new legislation farm price ceilings cannot be set below parity or below the highest market level between January 1 and September 15, 1942, whichever is higher. If such ceilings are too low to reflect increases in farm labor and other costs since January 1, 1941, the President is directed to raise them. The legislation calls for a 90 per cent parity "floor" under cotton, corn, wheat, rice, tobacco and peanuts, the floor to be established by means of loans. The President may hold the loans down to 85 per cent, however, on corn and wheat used for feeding livestock and poultry.

Acting immediately, Leon Henderson, head of the Office of Price Administration, ordered that all rents be frozen at the level of March 1, 1942. Henderson issued his first stabilization order within 24 hours after the OES was created. He said the OPA soon would establish machinery to enforce national rent regulation and urged that, in the meantime, landlords who may have raised rents since March 1 reduce them to the previous level.

He asserted that evictions resulting from sale of rental property will be prevented.

In setting forth a wage and salary stabilization policy, President Roosevelt provided that there be no decreases for any particular work below the highest wages paid between January 1 and September 15 unless to correct inequalities.

BUSH SOLDIERS: In Surprise Advance

Rugged Australian bush soldiers turned the tables on the Japs in New Guinea and, through infiltration methods, recaptured Nauro in the Owen Stanley mountain range, high point of the Japanese advance, and then continued their forward march to the north.

Strong enemy opposition was expected, but failed to materialize. The march took the Aussies to Nauro, then to Menari, "without establishing contact with the enemy." Official communiques said nothing about what had happened to Japanese forces which at one time drove to within 32 miles of Port Moresby. However, Allied air strafing and bombing of pack trails is thought to have accounted largely for the Jap retreat.

Meanwhile, heavy bombers raided Japanese shipping at Rabaul, New Britain and Buin on Bougainville, in the northern Solomons, setting fire to two enemy transports and scoring possible hits on two cruisers and an unidentified ship. The marines continued to consolidate their positions in the Solomons and to strengthen the defense of the important Guadalcanal air base.

ALCOHOL: 'Total War'

Whiskey and wine have really gone to war.

Under terms of a directive issued by the War Production board the entire output of U. S. distilleries is now being diverted into industrial alcohol for wartime purposes.

There remains in the country, however, about 3 1/2 years' supply of beverage whiskey even though half of the nation's distilleries had gone into war production earlier this year.

RUSSIA: And Second Front

Even as Josef Stalin reiterated his demand for a second front to bring relief to sorely tried Russia, an official communique acknowledged relentless Nazi pressure everywhere on the Volga front. The communique neither claimed Soviet advances nor acknowledged withdrawals, but spoke of "incessant attacks" by the enemy.

In one sector within Stalingrad Soviet forces were reported to have demolished several blockhouses held by the Germans, killing about three companies of Nazi infantry. In a special bulletin the Moscow radio said that Soviet troops had driven the Nazis from an important point on the front west of Moscow, later beating off five counterattacks. In one of these attacks the Germans were reported to have lost 700 men—killed.

Dispatches from the front said that in northwest Stalingrad the Red army attacked in force in an industrial district, hammering through several streets and improving the Soviets' general position.

Despite local Russian successes, Premier Stalin pointed out the increased necessity for a second front and increased aid. He asked that the Allies "fulfill their obligations fully and on time."

Broadcasts from Vichy, France, and from Turkey said that Stalin had turned over to Marshal Shaposhnikov the post of defense commissar, which Stalin himself had held.

YANK AIRMEN: In Biggest Raid

In the biggest daylight operation the U. S. army air forces have yet undertaken from England, American Flying Fortresses blasted a Nazi aircraft factory at Meaulte and an airfield at St. Omer in northern France and shot down 13 of Germany's crack fighter planes.

At the same time U. S. Boston bombers attacked docks at Le Havre, and escorting American and Allied fighters totalling 400 destroyed another five Nazi Focke-Wulf 190 planes.

Although officials did not reveal the number of Flying Fortresses participating in the raid, all the fortress planes returned safely. Six Allied fighter planes were lost.

Even as the speedy fighters and the mammoth fortresses and American medium bombers were roaring over France, engaging enemy fighters and bombing targets, Britain's secret Mosquito planes, fresh from their assault on Nazi-occupied Oslo, were pounding objectives in Belgium.

'BOX SCORE': Of U. S. War Planes

The "box score" of American fighter planes and bombers in combat over world battlefronts proves their superiority over Axis aircraft, according to a special house subcommittee report.

The ratio of enemy planes destroyed to U. S. losses in combat during the period from August 14 through September 14 was 7.5 to 1. During this period, P-39s destroyed 20 enemy planes in combat with a loss of five, and P-40s destroyed 14 enemy planes with a loss of only one.

From February 1 through September 30, enemy planes destroyed by army aircraft of all types on all fronts totaled 279. United States losses on all fronts totaled 114. For the month of August only, 75 enemy planes were destroyed as against U. S. losses of 15.

The report indicated that the Japanese Zero has a faster climb, higher ceiling and greater maneuverability, but that the American P-40 has a number of better fighting characteristics. Our pilots prefer the P-40 to the Zero, the report pointed out.

FULL DINNER PAIL: 'Definite Assurance'

There was a coffee shortage looming and plans were under way for meat rationing but a "considered statement" by Donald Nelson, chairman of the War Production board, carried definite assurance that "there will be enough food to eat" for the duration.

This statement was made to the house agriculture committee. The committee has been studying the farm labor shortage and has warned that this situation might cause an acute food shortage. While Mr. Nelson appeared to recognize the labor problem as an important one, he felt that "we are going to be smart enough . . . to meet the problem."

Meanwhile a vast loan program to farmers was being considered to aid them in producing full capacity crops. This prospective step calls for such loans to small-income farmers, with the funds to be used for obtaining tools, machinery, livestock and other items to aid increased production despite less available labor.

HOARDING GAS?: It's Plenty Dangerous

Hoarding of gasoline to beat rationing plans is not only unpatriotic, says the National Safety Council, but extremely dangerous.

"The motorist who tries to beat rationing by laying in a supply of gas literally is storing up danger and trouble for himself," says this safety bureau, and further warns that:

"No matter how careful the average person may be in storing gasoline, there is a definite danger that vapor will escape. This vapor is highly explosive, and a chance spark or flame may set off an explosion that can wreck a house and cause death or injury."

Concludes this warning: "You may get an extra ride hoarding gas, but the chances are it will be to the hospital. There is only one safe rule for hoarding gasoline—Don't do it!"

YOUR USED TIRES: Can't Be Sold

As a further rubber conservation step, Price Administrator Leon Henderson acted to "freeze" all used tires and tubes in the hands of present owners until a normal rationing program can be worked out.

The OPA order prohibited the transfer of any used tires and tubes by dealers and consumers. It did not, however, prevent the sale to a consumer of an automobile equipped with used tires. Automobile dealers also are allowed to shift their used tires that are mounted on cars in stock to other cars also in stock.

The order permits car owners to have their used casings and tubes repaired and to have tires recapped if they qualify for the latter service.

MORE TROUBLE: For Vichy France

Edouard Herriot, former president of the now defunct French chamber of deputies, has been arrested for challenging the Vichy government's policy of increased collaboration with the Axis.

The 70-year-old elder statesman of the Third Republic was reported held in his chateau outside Lyons, according to German and Italian radio announcements.

Recently Herriot and Jules Jeanneney, former leader of the French

EDOUARD HERRIOT Fights Collaborationist Regime.

senate, warned the Vichy government against trying to draw France back into the war against "our" Allies. Herriot also announced his resignation from the French Legion of Honor because the award had been given two Frenchmen fighting for the Germans on the Russian front. He has steadfastly refused to have anything to do with the collaborationist regime.

It was presumed that Pierre Laval ordered his arrest because he feared that he would go abroad and lend his invaluable prestige to the Fighting French.

MISCELLANY:

PRELIMINARY: U. S. citizens learned long ago that meat rationing to about 2 1/2 pounds per person per week was on the way but now the first step in the actual has been announced. This came in the form of a government order reducing civilian meat supplies by about 20 per cent by specifying to meat packers the amounts they should distribute to non-military distributors.

THINGS for YOU TO MAKE

MOTIFS for baby dominate this transfer—in fact, the entire transfer is devoted to baby. There are sprays of dainty embroidery just right for wee dresses, slippers or gertrudes and the scallop patterns might come in handy here also. Ronald, the duck, rides a ric rac wave as bib decoration, or perhaps he'd make a playsuit pocket along with Whiskers, the cat. A cute bunny rabbit is also for appliqueing, and last but not least is Paddlefoot, the duck.

These cunning designs are all on one transfer, 25¢ each, together with directions and suggestions for their use. Send your order to:

AUNT MARTHA

Cause of Earthquakes

Although the surface of the earth is cool, its center is enormously hot, and sometimes this boiling core—which is never at rest—increases its activity. Then the volcanoes, which are something like safety-valves, erupt and in extreme periods of internal disturbance the ordinary land surfaces are affected, too.

Earthquakes of the severer kind are more common in the countries which have many volcanoes, but no part of the world is absolutely safe from the danger of such volcanic disturbance.

WNU-L 41-42

Sentinels of Health

Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer sagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed by the country over. Insist on Doan's. Sold at all drug stores.

DOAN'S PILLS

ASK ME ANOTHER?

A General Quiz

1. What is the number of degrees of latitude between the North pole and the equator?
2. A gallon of water spread out in a layer one inch thick will cover how many square feet?
3. What is a homonym?
4. Natives of what place are often called Bluebonnetes?
5. How many dozen are designated by the initials "g.gr."?
6. How far is a baseball pitcher's box from the home plate?
7. Where is the Heavside layer?
8. Who was President of the United States when the Monroe doctrine was adopted?

The Answers

1. Ninety degrees.
2. Two square feet.
3. A word pronounced like another but different in spelling, like "hair" and "hare."
4. Nova Scotia.
5. A great gross consists of 144 dozen.
6. Sixty feet, six inches.
7. About 65 miles above the surface of the earth.
8. James Monroe (1823).

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

Movie House Names

One out of every four motion-picture theaters in the United States today bears one of the following names: Lyric, Majestic, Princess, Rialto, Ritz, Royal, State or Strand.

GIVE YOUR COLD THE AIR

Get quick relief the famous Penetro Nose Drop 2-drop way. Helps open up cold stuffed nose. Generous sizes, 25c and 50c. Use only as directed.

PROTECT YOUR TIRES INSIDE AND OUT

with the New

Firestone

TIRE INSPECTION

and EXTRA MILEAGE PLAN

Here's what we do

**We Will Inspect and Rotate
Your Tires from Wheel to
Wheel and Help You Get
Extra Mileage**

First, we inspect each tire, removing
glass, tacks and other foreign particles
imbedded in the tread. The tires will
then be rotated scientifically from
wheel to wheel to assure more even
wear. This service helps increase
tire mileage.

**We Will Apply Firestone Extra
Mileage Tire Preservative**

Next, the tread and sidewalls of
each tire will be thoroughly treated
with Firestone Extra Mileage Tire
Preservative. This is an entirely new
process that seals the cracks in the
rubber and protects against oxidation.
This service helps protect tire mileage.

**We Will Apply Firestone Extra
Mileage Puncture Seal**

Finally, we apply Firestone Extra
Mileage Puncture Seal to each of your
inner tubes. This sensational new
development automatically seals leaks
and punctures caused by nails, tacks
or small pieces of glass, thereby
eliminating the danger of flat tires.
It helps maintain correct inflation.
This service assures increased tire
mileage.

W. M. Jeffers, Rubber Administrator, Urges You to Have Your Tires Inspected Immediately

The rubber on YOUR car is actually more precious than
gold. And it is your patriotic duty to conserve your tires now.
Don't wait for compulsory tire inspection. Help America conserve
rubber by having your tires inspected today at your nearby
Firestone Dealer or Firestone Store.

Use Our New Firestone Tire Inspection and Extra Mileage Plan

Firestone Dealers and Firestone Stores are equipped to expertly
inspect the tires on your car, to inflate them properly and to switch
them from wheel to wheel. In addition, we will apply Firestone
Extra Mileage Tire Preservative to your tires and Firestone Extra
Mileage Puncture Seal to your tubes. These two new amazing
products, developed by Firestone engineers, are designed to help
you protect the mileage in your tires. And we will advise you when
it is time to have your tires inspected again.

This Plan Assures You of Extra Mileage from Your Tires

Whether you can buy new tires or not — you want to get the
most miles out of the tires now on your car. And that's what our
Inspection and Extra Mileage Plan gives you.

Don't put off your inspection. Drive in today! You have a real
opportunity to save money and get our expert service that will
help you get more mileage out of your tires.

Special Introductory Offer

Includes Protection to Your Tires

THE HEDLEY INFORMER

PUBLISHED EVERY FRIDAY
D. E. BOLIVER, Publisher

Entered as second class matter
October 23, 1916, at the postoffice
at Hedley, Texas, under the Act of
March 3, 1879.

NOTICE—Any erroneous reflex-
ion upon the character, standing or
reputation of any person, firm or
corporation which may appear in
the columns of The Informer will
be gladly corrected upon its being
brought to the attention of the
publisher.

All obituaries, resolutions of re-
spect, cards of thanks, advertising of
church or society doings, when ad-
mission is charged, will be treated
as advertising and charged for
accordingly.

In case of error in legal or other
advertising the publisher does not
hold himself liable for damages in
excess of the amount received for
such advertising.

The Informer, \$1.00 per year.

Suppose the **POWER**
to Make this Bomber
Was Still on Blueprint!

Another world war is being fought... a war between a group of countries (the United Nations) which believe in certain liberties for the individual and the institutions he has created, and a group of countries (the Axis) which do not believe in such liberties.

Meanwhile, a war is being waged within our own borders... an economic and political revolution, with those who believe in perpetuating *free enterprise* and *opportunity* on one side and those who favor political control and operation of productive resources on the other.

Bureaus exist within our government today that are completely dissociated from the war effort, methodically doing things to discourage free enterprise... constantly forcing the individual out of business through government subsidized projects.

This means only one thing in the end, if allowed to expand unchecked: the inauguration of government in business, or the socialized state—in plain English, the Nazified German system—at a time when the nation is fighting a second world war to prevent that very system from engulfing our American ways which have been contrary to that doctrine.

From the first blueprint to the finished bomber, electric power is speeding the production lines that are vital to the fight to preserve the American way of living. Uncle Sam has a tremendous power advantage, you know, because he commands the greatest supply in the world.

That advantage didn't just happen. Over 90 percent of this country's electric power was built up by free enterprise... business management under public regulation.

The electric industry was ready, with the power on hand, when war began. There was no delay waiting to get power out of the blueprint stage after Pearl Harbor.

This industry grew out of the American system of *free enterprise*... employed more and more people, served more and more people—at lower and lower price.

Today the average West Texas home enjoys about twice or three times as much electric service as it did 10 or 15 years ago—for the same money.

It's been accomplished under the American system of *free enterprise* wherein any man or woman is free to create a business that fills a particular need in this or any other community, just so long as they give the best possible service at the lowest possible cost to the most people and contribute their share of taxes for the support of democratic government!

Household Hints by Lynn Chambers

Serve a Salad . . . Win Your Vitamins (See Recipes Below.)

Vitamin Ways

Comes winter and fall when vegetables and fruits are more scarce than during summer and fall...

Yet, this is the time when the body needs them most. These foods build up the body's resistance to disease...

Minerals are busy building and repairing, replenishing body tissues that get torn down and used up...

Good-to-eat foods help the family take in all these vital minerals and vitamins. Drab, uninteresting dishes will send them off to eating other foods...

Cooking vegetables well, and doing pretty things to their appearance will help their consumption rating. A bit of sauce or extra seasoning will put an ordinary vegetable over and at the same time insure your family of what it needs most...

*Scalloped Peas and Onions.

- (Serves 5 to 6) 1 pound small white onions 1 No. 2 can peas 3 tablespoons butter 3 tablespoons flour 1 teaspoon salt 1 cup milk 3 tablespoons finely crushed bread crumbs

Parboil onions 25 minutes. Drain. Drain peas and reserve 1/2 cup pea liquor.

Melt 2 tablespoons butter, blend in flour, salt and pepper. Add pea liquor and milk and cook until mixture thickens, stirring constantly. Pour into casserole. Melt remaining butter, stir in bread crumbs, sprinkle over casserole. Bake in a moderately hot (375-degree) oven for about 25 minutes.

Lynn Says:

Vital Statistics: There are about seven inches in the Nutrition Yardstick which bear checking every day in every way so as to keep you and your family in the running:

The first inch includes milk: 1 pint per day for every adult and 1 quart for every child. Of course you don't have to drink all this milk. Use part of it in cooking.

Second honors go to meat, fish or poultry, and this is not hard to use up. For lunch or dinner, whichever fits best for your family, one serving per person should be counted.

At least one egg a day or at least four to five per week marks the third inch. Have it for breakfast or toss it in the hot bread for dinner, or custard for lunch.

Cereal's important, too. Serve it in the breakfast, or a pudding or even cookies. Bread and rolls come under this category, also. Fifth inch includes the vegetables: two besides potatoes, one should be a leafy vegetable—spinach, lettuce, broccoli, romaine, etc.—and the other raw. Cabbage is perfect.

Now, the fruits. Two a day isn't hard to manage. Of course you start off with breakfast, and then include one for lunch or dinner dessert.

The last and seventh inch includes butter or some fat rich in vitamin A. This is for fuel and energy.

This Week's Menu

- Browned Oysters *Scalloped Peas and Onions *Cranberry-Pineapple Salad Hot Biscuits *Apple Juice Mince Pie *Recipes Given

Vegetable Bouillon.

- (Serves 2) 1/2 cup water 3/4 to 1 cup juice strained from canned string or wax beans 1 bouillon cube 2 small sprigs parsley Add water to bean juice and heat to boiling. Dissolve bouillon cube in boiling liquid. Serve hot garnished with parsley.

A one-dish meal that's good for fall is this one with many vegetable favorites:

Ham Hock With Vegetables.

- (Serves 5) 2 1/2 pounds ham hock 5 medium-sized potatoes 1 bunch carrots 5 medium-sized onions 1 medium-sized head of cabbage Wipe ham hock. Cover with boiling water, cover and simmer two hours or until tender. Clean vegetables, add to meat, cook, uncovered 20 to 30 minutes or until vegetables are tender.

Fried Squash Cakes.

- (Serves 6) Slice squash very thin, being certain to slice it across. Place the slices in salt water, wipe them dry, sprinkle with salt and pepper, dip in flour, beaten egg and then in cracker crumbs. Repeat the process twice and then drop into hot fat for frying. When they have cooked through and are brown, drain on brown paper and serve.

Festive Squash.

- (Serves 6) 3 small squashes 1 cup drained canned tomatoes 1 cup shredded, processed cheddar cheese 1 tablespoon chopped onion 2 cups soft bread crumbs Salt, pepper 3 tablespoons melted butter Parsley Broiled bacon

Wash the squashes and cut them in half, lengthwise and cook in boiling salted water until almost tender. Scoop out the centers, leaving a 1/2-inch shell. Cut the pulp into small pieces and drain thoroughly. Combine with tomatoes, cheese, onion, 1 cup bread crumbs and seasonings to taste. Pile this into the squash shells and sprinkle with remaining crumbs mixed with the melted butter. Bake in a moderate (350-degree) oven until the crumbs are brown. Arrange in a round platter and serve with parsley and crisp, broiled bacon.

A few green leaves of lettuce, romaine, watercress or other salad greens guarantee much of the important, but hard-to-get vitamin D. Perhaps, you like the greens plain, or perhaps with a bit of color such as:

*Cranberry-Pineapple Salad.

Cut slices of canned cranberry sauce and top with slices of pineapple. Arrange in lettuce nests. Soften cream cheese with milk and add a few chopped nuts. Shape into balls and place among lettuce leaves. Serve with mayonnaise.

*Apple Juice Mince Pie.

- (Makes 1 9-inch pie) 1 package orange flavored gelatin 2 cups apple juice 1/4 teaspoon lemon juice 1 cup mince-meat Cream cheese

Dissolve the gelatin in apple juice that has been heated to the boiling point. Add lemon juice and mince-meat. Cook until thick and creamy, then pour into a baked pie shell. Chill until firm, then decorate top with cream cheese put through a pastry tube.

Lynn Chambers can give you expert advice on your household and food problems. Write her at Western Newspaper Union, 210 South Desplaines street, Chicago, Illinois. Please enclose a stamped, self-addressed envelope for your reply. Released by Western Newspaper Union.

SEWING CIRCLE PATTERN DEPT. Room 1116 211 West Wacker Dr. Chicago Enclose 20 cents in coins for each pattern desired.

Household Hints

For a flavorful top coating for meat loaves, spread with a thin layer of chili sauce the last 20 minutes of the cooking period.

Grass stains usually come out when saturated with lard or other fat, then washed several hours later in warm soapy water.

For extra flavor in dark fruit cakes use cider or spiced fruit juices for the liquid.

Often a crust forms on rising dough. To avoid that, spread a little fat over the dough and cover it with a cloth.

When buttering sandwiches dip knife in hot water frequently and it will be much easier to spread the butter.

Sift spices with flour so they will be distributed thoroughly throughout the batter or dough.

8219 SHE'LL go places happily, knowing she looks very pretty in this ric rac decorated frock! A low cool neckline ends with a smart button, a panel down the front adds further intriguing fashion interest!

Lions Sponsor Scrap Drive

The club took on the responsibility of a Scrap Drive some time back but the efforts had not been rewarded as well as we felt they should, so the club decided to get the school children interested in making it a success. The scrap at the school is evidence of the success.

We had with us as visitor at the last meeting, Mr. Jay Hunt. We always welcome visitors.

The program was in charge of Lien LeMond. Liens Cox and LeMond talked on the part that the committees of which they are chairmen had to play with the Lion's work. We had also an extemporaneous quartet composed of Liens Hall, Reeves, Smith, and Raines. A report was given on the School Band. The Lions are helping to make it a success. Mesdames LeMond, E. W. Seales, Mrs. Winfred Doherty and Miss Deris Marie Everett served the lunch, after which we adjourned to meet at the next regular meeting Oct 15 1942.

If you will look as you go down the highway, you will see our signs. We are in business.
