### Red Cross Notes

Some splendid work is being done in our Red Cross work. Last Thursday an all day meeting was held at Gray. One quilt was quilted, 12 pairs of pajamas were distributed and Mrs. Bill Gray was selected as Gray Community Chairman. Saturday these ladies took another quilt to quilt this week. Those present were Mesdames B. Gray, L. Spier, High tower, Eva Hill, N. Harvey, Lois Hill, Davis. Mr. Davis was an honorary member. Those from Hedley Unit were Mesdames W. I. Rains, John Dittson, and Red Chairman.

Our thanks go to Mrs. J. M. Clarke for quilt top and to the Methodist ladies quilting another quilt.

We are still asking for wool and outing scraps and also wool thread to use on our wool Afghan's. We have one finished, but more is needed. Cash is accepted.

Our open house was well attended. Some new workers joined us from McKnight, Mesdames John Tate, Tom Tate, Sissy De Boer, Cardwell, Duggins, Walter DeBord, Walter Moss and Bege White.

A new lady in our town, Mrs. Todd who has 3 sons in service took work from Hedley Saturday. A fine example for others to follow.

A shipment was sent from our Production Room including 76 women's slips, 7 quilted quilts and 1 knitted Afghan. All who have women's business please get them in by March 20. Another shipment of night shirts ready to issue. We will work on Thursday and Saturday evening from 2:00 to 8:00 at Production Room. You are welcome.

### News from Our Soldiers

San Angelo—Pvt William F. Goode, son of Albert J. Goode, Hedley, won commendation from his commanding officer at San Angelo Army Air Field bombardier school recently for "outstanding performance" of his job as an aircraft mechanic.

He is a member of the 865th Bombardier Training Squadron, which has put every one of its last twin engine bombers in perfect condition to hang up an all most unparalleled wartime maintenance record.

Fort Des Moines, Iowa—Auxiliary Guider D. Johnson of Hedley has begun training at the First Women's Army Auxiliary Corps Training Center here.

She was immediately assigned to a Receiving Center company for a week of elementary training. Here she was issued clothing and equipment, instructed in rudiments of drill, and given army classification tests.

### Womanless Wedding

The Womanless Wedding presented by the Lions Club last Friday night was a great success. The school band, which is sponsored by the Lions, gave a concert which was much enjoyed by the large audience, and showed both talent and hard work on the part of the musicians and their leader.

The wedding was a hilarious affair, roars of laughter greeting each "woman" who appeared on the stage. Everyone enjoyed the ceremony very much, even those of the cast who were nearly drowned or who were trampled in the "oaks rash." Two of the best numbers of the evening were the Rains-Jenkins fairy tale and the solo by Frank Finch.

The event made a net profit of about \$38, which will be used for two new band instruments.

### New Tailors Here

Chester Gregory and Buddy Ryan of Clarendon have bought the Clarke Tailor Shop and will continue to operate it in the same location. They invite you to call on them and try their work, and will appreciate your patronage.

Mrs. Edie Mae Tidrow of Ft. Worth and Miss Dorothy Land of Dallas visited with home folks here the past week end.

### W. S. G. S.

Regular session of the W. S. G. S. met Monday with 11 members present. Old and new business was discussed and discussed and disposed of. It was agreed that five dollars be given to special fund. Plans were made for our quarterly box to be sent to Freeman's Clinic at El Paso. Mrs. Cherry will be in charge of this. A report on the patronage was made and arrangement to complete payments on outstanding expense was made. Facilities for taking care of serving of Lions were arranged. Plans for serving and entertaining the society at the home of Mrs. LeMond on Monday night, March 20 were made.

Members wish to express appreciation to Mrs. Jim Clark for donation to our kitchen department. All members retired to kitchen where this box was unpacked and noted many needed things it contained.

Mrs. Vinson was made Spiritual Life chairman and chose Mrs. Pyle, LeMond and Adamson as special committee on World Day of Prayer. The group will meet at church Friday at 3:30 p. m. All are invited to attend this service.

Mrs. Masterson assisted by Mrs. LeMond, Mrs. G. L. Johnson and Miss Card made the study period both instructive and interesting. Mesdames Pyle, Vinson and McFarland will have charge of next study period. Mrs. Kendall chose Isaiah 41 for biblical theme. Mrs. Pickett gave the closing prayer.

The society will quilt another quilt for Red Cross next Monday. We invite any visitors who would like to come.

Sewing Machine and Table Combination

NO SEWING machine should be idle today. No matter if yours is not the newest model, keep it in good repair and include it in your decorating scheme. This sketch shows how one was fitted into a living room to look very smart and to do extra duty as a table.

Plywood or composition board may be used for the removable top, (see sketch). The top cover is of blue felt with a scalloped band stitched around it. This is quick and easy to do as it is not

necessary to finish raw edges of felt. The full skirt is made of the best part of old sheets dyed a soft ecru tone. This is sewn to the seam allowance of the felt and all is tacked to the back of the removable top so that it may be removed easily. A pair of kitchen stools are painted cream color and topped with blue felt for lamp stands. Scalloped felt also trims the lamp shades and the cover of an old side chair to match the table.

NOTE—Directions for making the spool lamps illustrated together with 31 other conservation plans are in the new BOOK which Mrs. Spears has just prepared for readers. Copies are available at 15 cents each. Send your request to:

WEEKLY NEWS ANALYSIS

Parity Vote Heralds Farm Price Rise; Allies' North Africa Strength Grows; As Yanks Wipe Out Rommel's Advance; RAF Raids Strafe German U-Boat Nests

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.) Released by Western Newspaper Union.

On their way to continue the offensive against the Japs at Salamaua in New Guinea, Australian troops pass through a group of Americans who had been in action earlier. This photo was made after the successful close of the Papuan peninsula campaign against the Japs.

TUNISIA: Rommel Pays Dearly

The 50-odd miles that Marshal Rommel had originally advanced against American forces in Tunisia had cost the "Desert Fox" dearly. For not only had most of that gain been lost in retreat, but the Axis offensive had been converted into a first-class Axis setback, with heavy casualties.

Pell mell through the Kasserine pass Rommel's Afrika Korps tank forces had retreated to the southwest under powerful Allied gun and aircraft attack. Seasoned observers termed Rommel's maneuver, a typical Axis hit-and-run action. The Axis had found the American forces overextended and trying to man untenable positions. The Axis had struck hard. When the American high command met this offensive with a more powerful counteroffensive, the Axis ran for cover.

Thus Rommel's first major bid to cut Allied communications lines had been thwarted.

As the Allied fortunes in Central Tunisia thus turned brightly upward, reports disclosed that General Sir Bernard Montgomery's British eighth army had been on the move in North Africa and had struck with augmented power in southeastern Tunisia. Smashing with tanks into the Mareth line, General Montgomery had seriously threatened Rommel's rear.

HITLER BOASTS: Nazis Not Yet Beaten

Adolf Hitler's absences at key Nazi party gatherings had caused speculation as to his health and reasons for remaining under cover. But wherever he was, his remote-control message to the German people via a Munich proclamation was as harsh and fanatical as if der fuehrer had delivered it personally.

Ominous to the people of occupied Europe was Hitler's declaration that "we shall not scruple about foreign lives when such hard sacrifices are exacted from our own lives." Germany's future and the future of Europe, he said, will be decided on the Eastern front. He boasted that enemies who believed they almost had Germany down would be "terribly disappointed."

"No matter how great the coalition of our enemies may be," his proclamation added, "it is smaller in power than the strength of the alliance of our peoples."

4,403 NEW SHIPS: To Help Beat Axis

Funds for the construction of 4,403 ships for the Maritime Commission were approved when the house appropriations committee reported an appropriation bill providing \$6,298,530,435.

The current shipbuilding program to thwart the Axis submarine peril and provide transoceanic facilities for men and supplies has been mapped through 1943, according to Admiral Emory Land, director of the Maritime commission. The schedule called for construction of 2,242 ships of which 554 were delivered before January 1, 1943. In addition, he said, it was proposed to extend the program to provide for 2,161 additional ships to be contracted for during 1943.

HIGHLIGHTS . . . in the week's news

WASHINGTON: More than 3,000,000 babies were born in the United States last year, the census bureau estimated. This was the largest number of births in any year in the nation's history. The previous record was in 1921 when 2,950,000 were born. The 1942 record compared with an estimated total births of 2,715,000 in 1941 and 2,550,000 in 1940. Officials said the increase was due to a recovery from a depression in the late '30s.

NEW YORK: Unless certain merchandisers cease encouraging mailing of an excessive number of parcel post packages to the overseas navy personnel, the mailing privileges may be restricted, according to a navy statement. While army personnel abroad must obtain prior permission from commanding officers to receive parcel post packages, navy men do not.

AROUND THE HOUSE

Buy canned goods with clean wrappers and refuse anything that seems bulgy.

There are 60 drops in an ordinary teaspoon.

When washing dishes used for either raw or cooked fish, about two heaping teaspoonsful of baking soda added to the dish water will deodorize the dishes and dish cloth.

Frocks worn constantly always get grubby-looking inside the collars and across the shoulders. Sponge them lightly but frequently with a little eau-de-Cologne and they will keep beautifully fresh and fragrant.

Peroxide of hydrogen will remove perfume stains from linen bureau scarfs.

Keep matches out of reach of the baby's hands.

Before icing the cake, brush it over with the beaten white of an egg.

The mirror tends to get cloudy if it is always in direct contact with the sun's rays. To clean, dampen a ball of tissue paper in methylated spirit and rub well, polishing with a soft chamomile leather. Avoid touching the frame with the spirit. The same treatment is good for windows.

Never leave medicine or beverages uncovered in a sickroom.

If you are about to clean garments in gasoline or naphtha, wait for a nice day and do the job outside, where it is safe.

Homemade biscuits will be different if tomato juice or fruit juice is used instead of the liquid called for in the recipe.

### Rationing Board News

Urging that truck operators maintain a careful check on their tires and have them recapped before they wear beyond the recapping stage, the Denley County War Price & Rationing Board, reminded that quotas are not available to meet the demand for truck tire replacements.

The board deplored the increasing number of applications for replacement rather than recaps and said they had received figures from the Lubbock district OPA Office showing that more new tires than recaps were issued in each of the last six months of 1942 in Texas.

"In view of the rubber shortage, it stands to reason that this situation must be corrected and the Denley County board appeals to truckers to cooperate by regulating both loads and speed to the point where their trucks may successfully operate on recaps."

The local board has been informed by the district OPA Office that "We must bring about a vastly increased use of truck recaps in order to insure the continued operations of our essential trucks. We are confidently depending on every board in this district to take immediate steps to alleviate this condition."

### Shotguns Needed by Army

The Ordnance Department this week appealed to the Hedley Post of the American Legion for all available 12 gauge shotguns. Types required are hammerless double barrels, pumps and automatic shotguns. Shotguns are used in training soldiers and sailors in wing shooting and for guard purposes. Each gun so used will release a rifle for combat use. Guns bought by the government will range up to \$80 for double barrels and \$42.50 for pumps and automatics. Anyone wishing to sell a gun to the government can leave them at Thompson Brothers Hardware.

3 letters spelling ACID

Your engine's cylinders can't stop empty. They'll either load up with fresh raw gas when you shut 'er off, or get caught with stale burned gas they can't belch out.

In those useless leftovers are corrosive acids, trapped in the engine you can't replace—along with moist "sweat" as the interior cools. Any chemistry freshman knows these causes of biting corrosion, always present—long before wartime. But when your car was in frequent use, at speeds that thoroughly warmed the engine, it helped to offset the worst acid effects. How different today, when mileage, speed, and average engine heat are all down—giving acid its chance to run riot!

You can't open the engine and keep

sponging out any acids or other moisture, while your car stands little used nowadays. But without extra fuss or extravagance you can change to Conoco N<sup>th</sup> motor oil and get your engine internally OIL-PLATED.

You're familiar with anti-corrosive plating...like chromium-plating. Just as closely, this protective OIL-PLATING will be kept surfaced to delicate parts by advanced synthetic means—as described in the celebrated patent on Conoco N<sup>th</sup>. Though your gasoline-rationed car makes few runs, you can combat corrosion between times. For you can keep your engine OIL-PLATED by changing to Conoco N<sup>th</sup> this Spring at Your Mileage Merchant's Conoco station. Continental Oil Company

**Chair for Salads**  
Tie a string around your finger and remember that salads belong in wintertime menus, too. Their cool crispness will be a tonic to your stove-hot meals, and their vitamin alphabet is one of the longest and most substantial that you can find in any food. Oranges and grapefruit are having a fling in their abundance, and crackly crisp, red, red apples are better now than during warmer months. Use leftover bits of vegetables or just plain greens—lettuce and watercress—and your table will take on a new charm.

A bit of cheese here and there will bring a longed-for sharpness in salads. Here's one that makes use of winter vegetables, and is as pretty as pretty can be:

**\*Bermuda Salad Bowl.** (Serves 6 to 8)

- 1 small head cauliflower
- 1 small head lettuce
- 1/2 cup sliced Bermuda onion
- 1/2 cup stuffed olives, sliced
- Watercress, for garnish
- 2 1/2 ounces Blue cheese, crumbled

**French Dressing**  
Separate uncooked cauliflower into florets. Break lettuce into pieces. Toss together with cauliflower, lettuce, onion, olives, and french dressing into which the blue cheese has been crumbled.

Look to the crisp and juicy apples for real menu inspiration. Apples which provide plenty of vitamin A—to help you resist winter colds and infections—along with sunny carrots make for a nice salad:

**\*Apple-Carrot Salad.**

- 3 large, red apples, coarsely diced
- 2 cups shredded raw carrots
- 1 small onion, minced
- 1/2 cup cream, sweet or soured
- 1 1/2 tablespoons lemon juice
- Salt and pepper to taste

Dice apples without peeling and combine with grated carrot and onion. Add cream blended with lemon juice, salt and pepper. Serve in crisp lettuce cups.

**\*Grapefruit Salad Ring.** (Serves 6 to 8)

- 2 1/2 tablespoons gelatin

**This Week's Menu**

- Pork Liver With Rice
- Baked Squash
- \*Bermuda Salad Bowl
- \*Corn Muffins
- \*Cranberry Bavarian Cream Beverage

**\*Recipes Given**  
1/2 cup cold water  
1 cup water  
1 1/2 cups sugar  
1/2 cup orange juice  
1/2 cup lemon juice  
1/4 teaspoon salt

Soften gelatin in cold water. Boil water (1 cup with 1 1/2 cups sugar for 3 minutes). Pour over softened gelatin, stir well and cool. Add fruit juices and pour into ring mold. Let cool until firm. Unmold, serve on lettuce with center filled with Waldorf salad.

**Waldorf Salad.**  
2 1/2 cups diced, unpeeled red apples  
1 cup chopped celery  
1/2 cup broken nutmeats  
1/4 cup salad dressing

Combine all ingredients together and fill ring mold or if served separately, fill lettuce cups. If apples are peeled in advance, squeeze juice of one-half lemon to prevent their turning dark.

A salad for every purpose. Here's one for a lovely winter luncheon or bridge refreshment:  
**Peach Cup Salad.** (Serves 6)  
12 halves canned peaches  
1/2 cup apple butter  
3 ounces cream cheese  
1/2 cup celery  
1/2 cup chopped nutmeats  
1/4 cup seeded raisins, if desired  
Arrange nests of lettuce on platter. Place two peach halves in nest after they have been filled with mixture of apple butter blended with cheese, celery, nuts and raisins. Serve with honey flavored mayonnaise.

Since it's the muffin season, this is a good place to include a muffin—they go so well with salads:  
**\*Corn Sticks or Muffins** (Makes 12 medium)

- 3/4 cup yellow corn meal
- 1 cup sifted flour
- 4 teaspoons baking powder
- 4 tablespoons sugar
- 1 egg, well beaten
- 1 cup milk
- 3 tablespoons shortening, melted

Mix and sift dry ingredients. Combine well-beaten egg and milk and add to dry ingredients. Stir in shortening. Bake in greased muffin tins or in iron corn-stick pans (which have been heated before being greased) in a moderately hot (425-degree) oven 20 to 25 minutes.

Ruby red cranberry sauce goes into this delightful bavarian cream dessert that's made with corn syrup if you're short on sugar:  
**\*Cranberry Bavarian Cream** (Serves 6 to 8)

- 2 tablespoons gelatin
- 3/4 cup cold water
- 1 1-pound can jellied cranberry sauce
- 1/2 cup sugar, or 1/2 cup light corn syrup
- 1 tablespoon lemon juice
- 1/2 teaspoon salt
- 2 egg whites
- 1 egg heavy cream, whipped

Soften gelatin in cold water and dissolve over hot water. Crush cranberry sauce and combine with sugar (or corn syrup) and lemon juice. Add gelatin and stir well. Whip egg whites and salt and fold into cranberry mixture. Fold in whipped cream. Turn into large or individual molds which have been rinsed in cold water. Chill until firm, unmold and serve.

**PATTERNS SEWING CIRCLE**

**1692-B Girls' Jumper**

WHEN she's the age to be "hard on her clothes" and wants to be smartly dressed, too—the answer is a jumper and blouse outfit. The jumper can be of sturdy stuff; flannel, corduroy or corded wool, so that it will wear and wear. Contrasting blouses will give variety and constant charm.

Barbara Bell Pattern No. 1692-B is designed for sizes 8, 10, 12, 14, 16 years. Size 10 jumper requires 1 1/2 yards 34-inch material, short sleeve blouse 1 1/2 yards 36-inch material.

**1694-B Midwinter Frock**

PLAN a frock now, in bold striped material or fabric of vibrant solid color, to wear under your winter coat. . . . It will brighten your entire outlook on the snowy season! And what better style could you pick, for a dress to make at home, than this shirtwaist—with its straight, simple cut and few fussy details?

Barbara Bell Pattern No. 1694-B is designed for sizes 34, 36, 38, 40, 42, 44, 46, 48. Size 36, short sleeves, requires 4 yards, 39-inch material.

**Cat's Nine Lives**

We speak of a cat having nine lives. Of course it is not true that cats have more lives than one, nor has it more persistent vitality than other animals, but it has the advantage that, even after thousands of years of domestication, it retains self-dependent instincts of preservation to a greater degree than, say, the dog or the horse.

A cat is more skilful in defending itself from attack, in avoiding accident and in treating itself when it suffers injury, because it has never been debilitated by too much dependence upon man.  
But its actual vitality is no greater than that of any other beast.

**Entirely Accidental**  
Mistress—Oh, Mary, how did you do that?  
Maid—I'm very sorry, mum; I was accidentally dusting.  
**Perfect Likeness**  
Crimes (viewing painting of friend)—It's like him.  
Painter—Yes, but he hasn't paid me for it yet.  
Crimes—That's very like him.  
**Where It Goes**  
"I haven't been feeling at all well," said Green to his doctor.  
"But you're looking perfectly splendid," said the doctor.  
"I know. But it takes all my strength to keep up appearances."

**Plenty There**  
Husband—You say the bill collector is downstairs?  
Wife—Yes.  
Husband—Well, tell him to take that pile on my desk.  
**Where, Oh Where?**  
Although she was keen on her job, the newly recruited farmerette was evidently finding things very strange "down on the farm."  
After having an incubator explained to her very carefully, she was asked if she understood how it worked. With a puzzled look in her bright blue eyes, she replied:  
"Yes; but I can't see where the hen sits."  
**Thinks Better**  
"Daddy, what's a bachelor?"  
"It's a man who thinks before he acts and then doesn't act."

**IN THE PARATROOPS** they say:

- "UMBRELLA" for parachute
- "HIT THE SILK" for jumping
- "WHIPPING SILK" for shaking 'chute to remove dirt and air pockets
- "CAMEL" for the favorite cigarette with men in the service

**Crime 'Lab' on Wheels**

The Illinois state police now have America's first "crime bus," a combination of hospital, laboratory and fort on wheels for use at fires, riots, explosions and other disasters. Eleven feet high and 30 feet long, it contains beds, a chemical section, fingerprinting equipment, X-ray machine, pulmotor, oxygen tanks, asbestos suits, a speedboat and 1,200 other items. A turret on top has searchlights, cameras and machine guns.

**PENETRO**  
Many users say "first use is a revelation." Has a base of old fashioned mutton suet. Grandma's favorite. Demand stainless Penetro. Generous jar 25¢, double supply 35¢.

**SNAPPY FACTS ABOUT RUBBER**  
Driven under 53 miles on heavy, properly inflated and on a car with wheels in alignment were stress of resilient rubber absorb return up to 10,000 or more miles of service. Care should be the watchword of the "wear tire" user!  
Rubber is considered one of the three most important strategic materials in war by officers in the Army's Ordnance Department.  
Progress is reverse in the re-appearing of a street car tire in Brooklyn, N. Y. that had been converted to motor buses several years ago. A car owners that will save 1,500,000 bus miles a year—and of course a relative amount of rubber.

### Morris-Nash

Announcement has been made of the marriage of Miss Lena Mae Nash, daughter of Mr. and Mrs. Geall Nash of Wichita Falls to Corp Edward Morris of Fair Bluff, N. C., and Sheppard Field. The ceremony took place Saturday evening at 8 o'clock at the home of Rev. Alvin O. Rao, who performed the service.

The bride is a graduate of Amarillo high school and Holmes Business College Amarillo and is employed at Levine's in Wichita Falls. The groom was educated in Fair Bluff, N. C., where his parents reside.

The couple will live in Wichita Falls.

Mrs. R. W. Alwine was brought home Sunday from an Amarillo hospital, where she underwent a recent operation. She is reported doing fine.

### NOTICE

The Tax Collectors office states that a new ruling has been made requiring all car owners to have a certificate of title before 1942 license plates can be issued. Last year models of 1935 and earlier were not required to have the certificate, but this year ALL cars must have them.

If you do not have a certificate please apply for one at once, and be sure to bring all your old car papers with you when you come to the office.

### Hedley School News

In the Hedley School Red Cross drive over thirty dollars was raised. The school went over 100 percent as usual.

In the Red Cross queen race for the school, Gwyneth Davis, Junior won in the High School Sarah Ann Palmis. Fifth Grade won in the Grade School.

Junior and Senior plays have been ordered and characters have been arranged for the Junior play. Both classes are looking forward to the time when the plays are to be given.

The plans for the Hedley School Year Book are going forward successfully. We hope to have an annual that teachers, students and parents will be glad to own.

The Lions Club of Hedley has arranged to buy one bass horn and a bass drum for the School Band. Both have already been ordered. Zebbia Land will probably be put on the bass and something on cornet.

Six weeks tests have been completed and honor rolls will be announced next week.

Soft ball and volley ball teams will be organized next week. Gold weather has prevented their organization sooner. There will be teams for both boys and girls.

Plans have been made to remove the metal scrap collected last fall. The school collected over 66,000 lbs of various kinds of scrap.

Teachers will go to the District IX Teachers Convention. March important matters are to be planned and discussed at this meeting at Amarillo.

Teachers of the Hedley system are putting on a campaign for more regular attendance. It is hoped that parents will think terms before they allow a student to stay out of school. Each day that a child spends in school is worth more than ten dollars. It has been properly calculated. Then let us try not to rob our children of what is theirs, no ours. The Hedley pupils have ready at least a total of more than 4000 days. This is a calamity and a shameful thing to have to be reported.

Mr. and Mrs. R. A. Lemmon and son and Mr. and Mrs. Dick Noon and daughter of Memphis visited here Sunday.

Mrs. A. E. Ransom of Giles was a Hedley visitor Wednesday.

Mrs. R. E. Jones of Ft. Worth is visiting here.

### FIRST BAPTIST CHURCH

Bob Jenkins, pastor  
Don't Forget! This Sunday we are going back to the old time and Sunday School begins at 10:00 A. M. Try to be on time this first time. Attendance is still good, so lets make a special effort to keep it that way. We've been having some spiritual night services lately and things are looking fine for the preparation for our spring revival in April. The little colored boy when he saw that he was losing the foot race prayed, "Lord you please 'em up and I'll put 'em down." That is the kind of faith we need.

### Sho guns Needed by Army

The Ordnance Department this week appealed to the Hedley Post of the American Legion for all available 12 gauge shotguns. Types required are hammerless double barrels, pumps and automatic. Shotguns are used by training soldiers and sailors in wing shooting and for guard purposes. Each gun used will replace a rifle for combat use. Guns bought by the government will range up to \$80 for double barrels and \$42.50 for pumps and automatic. Anyone wishing to sell a gun to the government can leave them at Thompson Brothers Hardware.
