No. 47

## Kappa Kappa Sorority Sells \$97,700 In War Bonds During Recent Drive

Last week the Kappa Kappa Sorority stated in the Broncho Range, that \$25,000 in War Bonds would be their quota. They thought that they would have to work hard to get this much. The girls started using their sales appeal and the pledges started rolling in. The deadline was set for October 1 at 12 o'clock, and Mrs. Rufus White, the sponsor, acted as official counter. The result was amazing! The Kappas sold \$97,700 in all. A prize of a year's dues paid in full was given to Jean Porter, the winner. Jean sold \$45,625 worth of Bonds.

The Kappa Kappa Sorority has made a huge success of this Bond Drive and they hope to have more success in future ones.

## News From The Hedley Schools

### RULES FOR SCHOOL DURING COTTON PICKING TIME

1. If it rains on Saturday or Sunday there will be school Monday, and so on until the weather gets better.
2. If it rains on Monday, Tuesday, there will be school on each day thereafter, so long as it is too wet to pull bolls.
3. If we have had no school in any week on Monday, Tuesday or Wednesday, we will have no school the remainder of that week, though it should rain.
4. A rain is that precipitation to the extent that the water runs off the eaves of the house in a solid stream for one minute or more.
5. School will dismiss this afternoon until the next rain, or the day after the next rain.
6. If a teacher must be away, please arrange for a substitute until he or she (the teacher) returns.

### HONOR ROLLS OF HEDLEY SCHOOLS

**GRADE SCHOOL**  
First Grade: Blackie Johnson, Joe McDougal, Don Reeves, Joy Bannister, Fay Bolden, Lanell Cherry, Mae Ann Davis, Marie Hill, Louisa Kempson, Wanda Key, Jane Moseley, Nancy Nash, Charlene Sargent, Martha Jo Spalding, Doris Vaughn, Mickey Wynn.  
Second Grade: Billy Adams, A. K. King, Boyd Stout, Joan Adamson, Jean Bailey, Erma Lee Farris, Jacque Johnson, Pearl Johnson, Janice Lamberson, Peggy Longan, Wanda Lee Moore, Patricia Murray, Willie Emma Owens, Betty Spear, Shirley Wood.  
Third Grade: Jack Quisenberry, Charles Riddle, Tommie McDougal, Carolyn Reeves, Mary Ruth Sargent, Jimmie Lynn, Charles Barnett, Letha Moss.  
Fourth Grade: Geneva Beach, Virginia Owens.  
Fifth Grade: Dorothy Marshall, Sixth Grade: Anita Rain, Joan Ray Moreman, Adrian Youngblood.  
Seventh Grade: Jerry Bannister, Bobbie Hemstrand, Jane Howell, Dorothy Meek, Wanda Shaw, Loy Taylor.  
Eighth Grade: Edward Todd, Margie Gregory, Bobbie Lee Hall, Wanda Jennings, Edna Jewel Tims.

### HIGH SCHOOL

Grade Twelve: Mary Jo Lowe, Gwyneth Davis, Murdice Tipton, Gene Davis.  
Grade Eleven: Sam Owens, Jr., Johnnie Ray Everett, Bonnie Faye Everett.  
Grade Ten: Patsy Blanks.  
Grade Nine: Lola Faye Owens, Mary Sue Scales.  
School dismissed Monday afternoon until the next good shower. Let's get the cotton and come on back to school.

### F.F.A. YOUTHS START LAMBS ON FEED FOR SPRING SHOW

Clarendon F. F. A. youths started their lamb feeding projects for the spring show of 1944 this week when a group of Ram-

## Hedley Lions Entertain Wives

The Hedley Lions Club entertained the ladies Thursday night, Sept. 30. A fine chicken dinner was served family style to about 90 Lions and guests.

New talent was brought to light when the program committee, Lions Moffitt and Rains, called upon representatives of various organizations to speak. John Knorpp spoke for the Red Cross. The Lions Club work was reviewed and Dr. D. H. Cox outlined plans for the coming year. Mayor Roscoe Land discussed the City's plans. The 1919 Study Club was represented by Mrs. Hobart Moffitt, the Womens Culture Club by Mrs. Leon Reeves and the P. T. A. by Mrs. R. W. Scales.

A spelling match with ladies versus men, and a piano solo by Mrs. John McCalley climaxed the evening.

Visitors included—Lions Guy Wright and John Knorpp of Clarendon, Lieut. Jerry J. Hunt and Ralph Alewine.

## Rationing At A Glance

By PEPPY BLOCKER

Registration in Clarendon and surrounding territories for War Ration Book IV will be held from Thursday noon, October 21, through October 23, C. B. Morris, chairman of the Donley County War Price and Rationing Board, announced today. He said that registration for the books will be held at the Junior College in Clarendon and at the various rural school buildings for the rural districts. Registration in Clarendon will begin at one o'clock on Thursday, October 21 and registrations will be taken until six o'clock Thursday evening; hours for Friday registration will be from nine o'clock until six in the evening and on Saturday, persons may make applications from nine a. m. until nine p. m. This is for the City of Clarendon ONLY. All rural residents will register at their respective school buildings between ten a. m. and ten p. m. on Friday, October 22. All schools will necessarily be closed during this registration as the work will be handled chiefly by the school teachers, under the supervision of Supt. H. T. Burton and Ruth Richardson, county superintendent.

Chairman Morris estimated that there will be approximately 6500 persons registering in Donley County for Book IV. Applicants must bring their Books III with them when applying for Book IV, he said. He pointed out that consumers will not be asked to declare any supplies at home and books will not be tailored.

War Ration Book IV is expected to become usable sometime in November. It will contain eight pages with a total of 384 stamps of blue, red, green and black colors with the word "spare" appearing on 72 of them. The book designed before coffee rationing was lifted will have 12 coffee stamps which may be used as "spares."

Shoe stamp No. 18 is valid for one pair of shoes indefinitely and overlaps stamp No. 1 on airplane sheet of Book III which becomes valid November 1.

### BUY WAR BONDS TODAY

bouillet lambs purchased from the registered flock of Luther Lowry and Ed Rogers at Claude were distributed to a number of the boys. Sam Lowry and Bobby Brown are feeding a group of three each. Don and Jerry Morgan, Billy Armstrong, Gene Adams, Billy Chilton, and Jimmie Deas Howze are feeding from one to two lambs each.

These youths will feed their lambs a homegrown ration of grain, roughage, and protein concentrates and exhibit them in the spring show here next March.

## Growers Can Get Meal And Cake For Own Stock

1. What was the production of cottonseed feed products last year, the distribution and the carryover on hand at the beginning of this season?

The Bureau of Census reports that 1,994,053 tons of cottonseed cake and meal were produced from August 1, 1942 to July 31, 1943, compared with 1,752,610 tons during the previous season—an increase of approximately 242,000 tons.

Mills shipped 2,165,560 tons last season—an increase of 439,000 tons over the 1,726,564 tons shipped during the previous season. Note that the tonnage which exceeded the total production by 171,500 tons. This was possible by drawing on the carryover of 190,100 tons on hand at the beginning of last season.

Carryover of cottonseed cake and meal at the beginning of this season, August 1, at all mills in the United States, amounted to only 18,593 tons—less than 10 percent as large as the 190,100 tons on hand a year ago. This small tonnage, scattered from California to the Carolinas, clearly shows that no state or mill had any significant tonnage to start the present season.

Cottonseed hulls show a similar situation. Production in 1942-43 was 1,084,755 tons compared with 991,521 tons the previous season; shipments were 1,116,887 tons against 1,098,842 the previous season; and the carryover was only 11,986 tons on July 31, 1943, compared with 44, 118 tons at the beginning of last season.

2. What is the outlook for cottonseed feed products from the new crop?

The September 1st forecast of the United States Department of Agriculture, just issued, is for 11, 679,000 bales. If farmers market cottonseed normally, as in the past seasons when about 75 percent to 80 percent of the tonnage of seed produced has been delivered to oil mills for crushing, we can hope to produce 1,800,000 tons of cottonseed meal and cake. Even this, however, would be 194,000 tons less than the production last season, and 365,000 tons less than the shipments, or about available for feeding, last season; and any holding of cottonseed would further reduce this tonnage of meal and cake.

3. Can the grower of cottonseed be sure that he will get the portion of meal and hulls from his own cottonseed that he needs for his own livestock?

Yea. The grower who demands the feed products from his own seed can get them because, first of all, the mill has no alternative except to give him this meal if the mill hopes to get the seed for crushing. In addition, our industry recognizes that the grower of seed has a "priority" on these feed products; and our Educational Service has constantly urged oil mills to give cotton growers specific assurance that they will get this feed.

The majority of the mills have actively publicized the fact that they will give this assurance to cotton growers.

However it is most important to recognize the fact that not every cotton grower needs all of the meal, cake and hulls produced from the cottonseed he raises. The only way other livestock producers, who do not grow cottonseed, can get feed products for their dairy and beef cattle, or other livestock, is from the tonnage not needed by cotton growers. Therefore, agricultural leaders will render a real and essential service by stressing to cotton growers that importance of reducing their feed demands to a minimum, and making available for other livestock producers all of the feed that they do not actually have to have.

4. What will the supply of peanut meal and soybean meal be? Peanut meal production is uncertain, but it is hoped that it may reach a total of 150,000 tons, approximately double that of last season. This tonnage may be reduced appreciably by unfavorable conditions in important peanut growing areas, especially the Southwest; and even if this goal is attained, it will fall far short

## Hedley Falls Short Of Quota In Bond Drive

Saturday night when the Third War Loan Drive officially closed the local bank and postoffice had only sold \$21,500.00 in all types of bonds. This is only \$4,000.00 more than was sold in the Second War Loan Drive and our quota in this drive is over twice what it was in that drive. So, as we hate to say it looks like someone failed to do their duty to the Donley County boys over there fighting for us.

The time on series E, F and G bonds has been extended to close of business October 16th. This will give us two weeks to get what we lacked and let's try to buy an extra bond during that period, so that we can still say Donley County has never failed to raise her quota in any war loan drive and when the Donley County boys come back we can also say to them we did all we could to help you win.

### CIVIL SERVICE TEST NOW REQUIRED FOR FEDERAL JOBS

To secure a clerk's job with OPA Rationing Board Selective Service Board or in any Federal office, persons must pass the junior clerk civil service written examination, Elmer G. Hayes, Clarendon civil service secretary, reminded applicants today.

"Positions paying anywhere from \$900 to \$1620 a year plus overtime are filled with persons who pass the junior clerk test," Mr. Hayes said.

Applicants not engaged in war work of equal skill, should apply at any first or second class post office for the junior clerk test.

Federal appointments are made in conformance with War Manpower Commission regulations.

of making up the deficiency in cottonseed meal and cake.

Soybean meal production in the Cotton Belt, except in North Carolina and some other areas where soybeans are grown, will depend almost entirely upon the tonnage that is made available from Northern growing areas for crushing in Cotton-growing States. Cotton oil mills have crushing facilities to handle approximately twice as large a tonnage of oilseeds as is now available to them for crushing; and the movement of appreciable tonnage of soybeans to Cotton Oil Mills for crushing would: (a) help to make more feed available; (b) make feed available early when needed—before winter weather makes the feed shortage more acute; (c) help to relieve the congestion at crushing plants in Northern soybean-growing areas, where it was necessary last season to establish an embargo against shipments, and where many soybeans from the 1942-48 crop were lost in the fields.

5. What steps can county agents and other agricultural leaders take to help solve the problem?

a. Discuss with the oil mill manager serving your territory, if you are in a cotton-growing territory, the matter of assuring cotton growers that they will get the meal and hulls they actually need from their seed. Then, join with the manager in seeing that this information reaches every cotton grower in the county, with an urgent appeal to market his cottonseed in the usual manner.

b. Impress upon farmers the importance of conservative use of feeds so that any amount above their own minimum needs will be available to other livestock producers.

c. In large livestock producing counties, ask the livestock producers to reach an agreement among themselves regarding the best method of distributing the locally produced cake and meal. If local production is known to be inadequate, ask the local oil mill manager how to aid him in getting sufficient quantities of Northern soybeans for crushing.

These steps seem to offer the best opportunity of helping to relieve the feed situation, and you will have the wholehearted cooperation of the cotton oil industry, in these or any other sound program that you and your livestock producers develop to solve this problem which is of vital concern to all of us.

## N.F.L.A. Interest Rate Reduced

Rayburn L. Smith, Secretary-Treasurer of the Donley County National Farm Loan Association, has received information that the Board of Directors of the Federal Land Bank of Houston has authorized the lowering of the interest rate to 4 percent on all Federal Land Bank loans, made through national farm loan associations that now bear interest rate at above 4 percent per annum, effective July 1, 1944.

This reduction in the contract rate of interest will affect about 80 percent of the land bank borrowers in this area, according to Mr. Smith. Prior to 1935, he said, loans were closed at 4 1/2 to 6 percent, depending upon the cost of money in the bond markets at that time. All land bank loans have been made at a contract rate of 4 percent since March, 1935.

"The action of the Board of Directors of the bank in effect guarantees that the rate will not go higher than 4 percent for the life of the loan," Mr. Smith said. "This voluntary reduction of the contract rate of interest is made possible by the successful operation of the Land Bank System of cooperative credit which is designed to make available necessary farm credit at low rates and on long terms."

## Clarendon Lions Club News

A talk on "Home Nursing" given by Miss Dolores Frey, instructor for the Home Nursing courses being given all over Donley County, was the highlight at the Clarendon Lions Club Luncheon Tuesday, October 5.

Two other guests were John McMahan and Willard Skelton who will leave shortly for the Navy.

A football game between Lefors and the Bronchos at the Broncho Stadium Friday night, October 8, was announced by Superintendent H. T. Burton.

The attendance was excellent with 42 Lions present at the luncheon.

## Teachers To Meet

There will be a county-wide teachers meeting Saturday, October 9, at 2:30 o'clock at the court house. This meeting is very important and it is hoped by the county superintendent that all teachers will attend.

### SKUNK POPULATION DEFINITELY DECREASING

The skunks which have been making raids on the A. A. Cooper hen house probably regret their bad judgment now, too late. Mr. Cooper reports that he has managed to capture and kill five of the "chicken eaters."

## Texas-Oklahoma Singers To Meet At Wellington

The Texas-Oklahoma Singing Convention will meet at Wellington next Saturday night and Sunday in the school auditorium. A large crowd is expected, with plenty of good singers.

All singers in this vicinity have a cordial invitation to be present. Be sure to bring a lunch for the noon hour Sunday.

## Donley County Over \$135,000.00 Short In Third War Loan Drive

## Mrs. Blocker Appointed On Rationing Board

Appointment of Mrs. Johnnie Blocker as a community service member of the Donley County War Price & Rationing Board was announced today by C. B. Morris, chairman of the board.

"We are fortunate in having the service of Mrs. Blocker on the board, with her appointment approved by the Office of Price Administration," said Chairman Morris. "All information material from the OPA, for the public and for merchants, on point rationing and on future programs, will be distributed through her."

"She will also be the publicity representative for the local board, giving the news of its activities to the papers of the county, along with such information as the District Office of Price Administration gives her for publication."

"Mrs. Blocker will also represent the local board and the OPA Information Division in their relations with local organizations, clubs and volunteer groups which assist in getting information to the public on price control, rationing and rent control, and the reasons for regulations issued."

"Through the efforts of Mrs. Blocker everyone in Donley County will be able to get a thorough understanding of steps taken to make wartime living easier and the Home Front effort more effective in the winning of the war."

## A. T. Simmons Receives Purple Heart Award

Alva T. Simmons of Hedley, a veteran of World War I, received the Order of the Purple Heart Monday of this week, about 23 years after he received his citation for a wound suffered in combat on the Meuse-Argonne Champagne front. On the back of the medal is inscribed "For Military Merit—Alva T. Simmons."

Two other Hedleyans, W. D. Franklin and J. C. Doherty, also hold the Purple Heart medal, and B. H. Kirkpatrick was cited for the award.

The Order of the Purple Heart was created by George Washington and is the oldest military medal in the United States. It is now given to all men who are wounded in active combat duty.

The Order of the Purple Heart was created by George Washington and is the oldest military medal in the United States. It is now given to all men who are wounded in active combat duty.

Cpl. Roland Hayes of Memphis, Tennessee, received a medical discharge from the army last week and arrived home Sunday. Cpl. Hayes has been in the army three years and has served overseas duty 11 months. For the past seven months he has been in hospitals in Fort Dix and Memphis.

Pvt. Colie Huffman of Bryan Field, Bryan, Texas, arrived in Clarendon Saturday morning to spend a 15-day furlough.

Sgt. Keith Swinburne of Fredrick, Okla., was in Clarendon over the week end.

The Third War Loan Drive, which officially closed Saturday night, ended with Donley County citizens over \$135,000 short in their bond buying during the drive, according to Chairman J. R. Porter.

Total purchases were \$321,519.75, whereas the county quota was \$460,500.00. The time on Series E, F and G bonds has been extended to the close of business on Oct. 16, which will give an additional two weeks on these bonds. The drive is closed on all other bonds.

Donley County has never yet failed to raise her quota, and it is hoped that this additional two weeks will again put us "over the top."

## First Shipment Of Fish Arrives

According to County Agent H. M. Breedlove the first shipment of fish in the fall delivery arrived Tuesday, September 28. The shipment of fish totaled 23,850.

They were distributed to the following ranchers and farmers in Donley county: All three of the Taylor lakes at Lelia Lake received 12,000 bream, 6,000 bass, and 2,000 channel cat; Johnston Lake of Lelia Lake received 1,500 bass, 2,000 bream and 500 channel cat; Country Club of Clarendon received 500 channel cat; Frank White Jr. 150 bass, 1,000 bream; M. G. Cottingham for the creek at Lelia Lake received 300 channel cat; Ed Cerner for the creek east of Lelia Lake, 300 channel cat and the Rowe Ranch received 500 bass, 2,000 bream and 100 channel cat. Mrs. Laura Taylor and Joe Johnston have stated that their lakes will be closed to the public for a period of one year so that the fish put into the lakes will go un-molested and stock the lakes.

One year from now the fish will give the fishermen of Donley County plenty of sport, the county agent stated. The other lakes that have been stocked are private lakes and not open to the public. Lakes stocked with game fish will be under the supervision of the local game warden, who will see that all persons conform with the laws of the fishing for game fish. Breedlove stated that another shipment of fish is expected in October and the will go to L. T. Shelton, F. A. Finch, T. J. Despain, and Arthur Howard. All persons fishing in any lakes that have been stocked with these fish are asked to cooperate and help to protect them. The fish were sent to Donley County by the Federal Hatcheries of Lawton, Oklahoma, on the request of the county agent.

Fred Cook of Clarendon was in Hedley Sunday.

## NEWS FROM DONLEY COUNTY BOYS IN THE SERVICE

We cannot hope to obtain information of All Donley County Boys Without Your Help! Please mail or bring your news to the office.

Sgt. and Mrs. Dick Shelton of Tennessee, received a medical discharge from the army last week and arrived home Sunday. Cpl. Hayes has been in the army three years and has served overseas duty 11 months. For the past seven months he has been in hospitals in Fort Dix and Memphis.

Pvt. Colie Huffman of Bryan Field, Bryan, Texas, arrived in Clarendon Saturday morning to spend a 15-day furlough.

Sgt. Keith Swinburne of Fredrick, Okla., was in Clarendon over the week end.

Lieut. Jerry J. Hunt of Lemoore, Calif., visited his father, Jay Hunt, several days last week.

# The Washington Merry-Go-Round

Washington, D. C.

## QUEZON ON THE JOB

It's bad news for the Japs that President Quezon of the Philippines is back in Washington. They know—though it was not generally realized in Washington—that Quezon had suffered a relapse of his old illness, tuberculosis, which has plagued him off and on for 20 years.

Quezon was a well known figure at the time of Pearl Harbor. His confinement in the dormitory of Corcoran, during the Jap attack, brought the illness back again. It was on one reason MacArthur urged him to return to the U. S. in a submarine. When he came to Washington, Quezon was advised to take things easy. Instead he rushed into the official activities of Philippine Commonwealth affairs, not sparing himself.

His physicians advised him not to remain in Washington during the summer of 1942, not just winter. But he remained nevertheless. Result was that he had again suffered a further relapse.

Specialists were summoned, and Quezon was given the stern advice that he would have to get out of the humid climate of Washington immediately, if he wanted to live. Yielding to pressure, he went to Saranac, N. Y., and submitted himself to a rigid discipline during most of the past summer.

Quezon led the life of an invalid, sitting in the sunshine in a wheel chair, listening to the radio, or to his nurses as they read to him. Result of this regime was that the tuberculosis was arrested, and Quezon gained 12 pounds.

When the Japs heard of his relapse, they were ready to say to the people of the Philippines, where Quezon is still highly popular: "Look, this is the skeleton you pin your hopes to."

But today Quezon is back on his feet and back at his desk, still hoping to realize his one great ambition, to see U. S. and Philippine forces march into Manila.

## SEVEN MINUTES TO WAR

Every day now, pictures are arriving in a little room in Washington which seven minutes before were in Algiers, 3,600 miles away. One day, just after the landing in Italy, 41 pictures came through the air and landed safely on top of the Pentagon building, in a little room marked "Confidential—Keep Out."

Inside that room is a little machine not as big as a typewriter, with a little cylinder on it. The cylinder spins around, exposing a negative to dots and dashes of light, and after seven minutes, the exposure is complete. From there on, it's merely a matter of developing the negative, and the U. S. public has a picture of the landings in Italy, or the surrender of the Italian fleet.

And ditto for the South Pacific. It is farther away, but the seven minute requirement still holds. From an unobtainable post in Australia, the dots of light flash into the little room, and you have a picture of General MacArthur flying in a bomber over New Guinea.

The pictures may have been taken by any one of the four photo squadrons—Army, AP, INP, or Life—or they may have been taken by the Army Signal service. In any case, they can be photographed only by the official airwaves.

What would be a highly expensive daily transmission cost in the war department. Officials justify the cost in terms of keeping the public abreast of the war—in fact, only seven minutes away from the war.

## MERRY-GO-ROUND

Massachusetts Congressman Joe Casey of Massachusetts, now doing various inside jobs for the White House, recently made a political survey of New England, reported that Maine was so strong for Roosevelt's war policies that the only Republican who could beat him was Wendell Willkie.

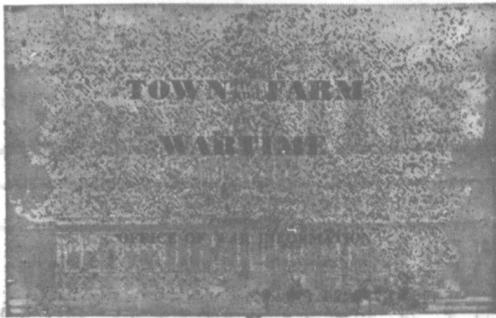

Admiral Standley, U. S. ambassador to Russia, has cleared with the state department a significant speech in which, after praising Russian victories plus those of England and the United States, he says: "A victory for one is a victory for all."

Highly inflammatory remarks in Negro newspapers, some of them close to sedition, are being studied by the army. Lew Douglas, war shipping administrator, was personally thanked by the President for the job he did in helping to smooth British and American general staff feelings at Quebec. There have been some very vigorous differences between them, and thanks partly to Douglas, things were smoothed out considerably at Quebec.

## CAPITAL CRAWL

Winsome Molly Flynn of OGD recalls that on the day before Pearl Harbor she drove up to the White House door, on invitation to Mrs. Roosevelt's tea, and was told by guards, "We don't see your name on the list, but it's all right if you say so." Today, you can't get near the White House.

Among the closest officials of OGD is Stanley McCandless, on leave from Yale university. At Yale, he was a stage-lighting expert. With OGD, he is a black-out expert.

## TOWN OR FARM

### Ration Reminder

Gasoline—In 17 east coast states A-6 coupons are now good. In states outside the east coast area A-8 coupons are now good.

Fuel Oil—Period 1 coupons are good through January 3. Sugar—Stamp No. 14 good for 5 pounds through October. Stamps Nos. 15 and 16 good for 5 pounds each for home canning through October 31.

Shoes—Stamp No. 18 good 1 pair. Validity has been extended indefinitely.

Meats, Fats—Brown stamps C and D good through October 30. Brown stamp E becomes good October 10 and remains good through October 30.

Processed Foods—Blue stamps U, V, and W expire October 20. Blue stamps X, Y and Z are good through November 20.

### Potato Prices

Specific ceilings for white potatoes of the late 1943 crop have been set by months for October, 1943, through June, 1944. These prices continue the general price level set for the spring crop of potatoes at the country shipper and intermediate seller levels with allowances for graduated monthly increases to take care of storage charges. Because of the large crop this year, it is expected that potatoes generally will sell substantially below the retail ceilings.

### New Tire Rulings

Eligibility for new passenger tires (grade 1) has been restricted to "C" book drivers with a mileage of 601 miles or more per month. All "B" drivers and some "C" book holders will now be eligible only for used and re-capped tires. The number of new passenger tires available for rationing in the October quota will be reduced by one-fifth, the OPA recently announced. Quota for farm tractor and implement tires for October is 59,800 as compared with 73,800 in September.

### Maternity, Infant Care

More than 200,000 additional wives and babies of servicemen will be able to receive maternity and infant care during the remainder of this fiscal year as a result of the additional funds voted by Congress. The program is limited to wives and infants of enlisted men in the four lowest pay grades. Between July 1 and October 1, wives and infants of servicemen in the top three grades below commissioned officers were also covered.

### Prepare For Winter

Anti-freeze used last winter and saved for re-use this winter should be tested. In time anti-freeze loses its strength and its non-corrosive properties. Nearly all manufacturers of permanent types of anti-freeze have made up acid and rust inhibitors for restoring resistance of used anti-freeze. In adding new material, it is wise, the Office of Defense Transportation says, to use the same brand used in the first place. A free pamphlet entitled "Cooling System; Cleaning, Flushing, Rust Prevention, Anti-Freeze" that tells about the care of water-cooling systems in engines used in automobiles and farm equipment, will be sent to those who request it. Address: Office of Information, ODT, New Post Office Building, Washington, D.C.

### 4-H Club Livestock Sales

Livestock produced and sold under the auspices of 4-H Clubs is governed by the meat rationing regulation the same as other livestock, according to OPA. This means that the only persons who may obtain custom slaughtered meat, point free are livestock producers. However, OPA permits such recognized boys and girls farm organizations as 4-H Clubs to sell their livestock at a fair, exhibition, or animal show at premium prices, as money from such sales usually helps provide educational funds for Club members.

### Germany Not Collapsing

The German Army has nearly three times as many combat divisions in the field today as there were when the attack on Poland began four year ago, Major General George V. Strong, Assistant Chief of Staff G-2 (Military Intelligence) declared recently. Discounting any likelihood of an early collapse of either Germany or Japan, General Strong disclosed that the Germans had replaced the 20 divisions lost at Stalingrad last winter, and that the German Luftwaffe was larger now than in 1939. He said also that the weapons the Germans are making are in some cases better than any which the United Nations have.

### Ammunition Prices Set

Ammunition for civilian use will be sold at or under prices prevailing in March, 1942, according to OPA ceilings which become effective October 7. Retail ceilings on boxes of 25 shot-gauge shells are \$1.38 for 12 gauge and \$1.32 for 16 and 20 gauge. Retail ceilings on boxes of 50 rim fire cartridges are 84 cents for .22 long rifle and 21 cents for .22 short, regular. Retail ceiling prices on boxes of 20 center fire cartridges range from \$1.41 to \$2.10 according to brand and type. Ammunition stores are required to post ceiling prices but may sell at lower prices.

### Poultry Price Changes

Reduction of 3/4 cent a pound at retail in maximum prices of quick-frozen eviscerated poultry and 1 cent a pound on drawn poultry, and an increase of 1 cent a pound on dressed poultry have recently been announced by OPA. These price changes become effective October 12, 1943.

### Agriculture Preparing

Easing of the rationing restrictions on farm machinery increased production of new farm machinery, and a campaign among farmers to "Keep Your War Equipment Fit and Fighting" are indication of plans now being laid by the War Food Administration to meet increased production goals for 1944. Suggestions for expanded wartime production have been sent for consideration to State Agricultural War Boards and other farm representatives. State boards have been asked to set 1944 goals. The national program calls for a record-breaking 380 million acres in crops. Problems relating to labor, machinery, supplies, conservation practices, and prices will be considered at 45 state meetings of state groups with representatives of WFA during October.

### School Buses

School buses may not be used to transport students to athletic games, state or county fairs, or similar events, the Office of Defense Transportation has stated.

### Mail Xmas Packages Now

The deadline for mailing Christmas packages to soldiers overseas is October 15. The War Department urges all who have not mailed their packages to do so immediately.

## Kidneys Must Work Well

For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that causes stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, stinging or too frequent urination sometimes warns that something is wrong. You may suffer nagging back-ache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

## DOAN'S PILLS

# I GIVE YOU TEXAS

by BOYCE HOUSE

First 1944 political forecast noticed is that of B. H. Broyles in Glade-water Times-Tribune that Governor will run for Congress and candidates for Governor will be present Lieutenant Governor, Attorney Fred Erisman of Longview will run for Attorney General.

Chapultepec Castle is one of the most interesting places in Mexico City. The castle, known as the "White House of Mexico," has served as the residence of president and was the home of Emperor Maximilian and Empress Carlotta. "Chapultepec" means "grass-hopper" and there is a huge bronze statue of a grass-hopper beside the pool in the yard. Situated on top of the edge of a great park, the castle commands a magnificent view of the city. The edifice is a show place, open to the public, and one admires the ornate and costly furnishings which the luxury-loving emperor imported from France. Some of the rooms have silk walls; the dining room is lined in satin.

Peter Molyneux, noted author and magazine writer of Dallas, tells of a wealthy Fort Worth man, some years ago, went to Europe to consult an efficient specialist. The physician said, "Return to America and go to Texas"—he had not asked where the man was from "to a place called Mineral Wells and drink and bathe in the waters there."

And when a European sent a great coin collection to the United States to be sold, he sent it to the governor of New York, who communicated with a Manhattan authority on coins and was advised that the greatest coin dealer in the United States is Max Mehl of Fort Worth.

Just two more evidences of the greatness of Texas!

While one Austin statesman says that gasoline rationing is unnecessary because "the people

### Pressure Canners

Pressure canners may be bought for individual home use under liberalized regulations now followed by the local Agricultural War Boards. A person who needs a pressure canner may apply directly to the local County Farm Rationing Committee for a Certificate of Eligibility or ask that previously filed applications be reviewed under the new rulings.

### Land Bank Loan Rates

Action taken recently by 12 Federal Land Banks will substitute a 4 percent interest rate for higher rates on 98 percent of the loans made by the land banks prior to June 24, 1935. "The Land Banks" 4 percent rate is the lowest at which farmers generally ever have been able to obtain long-term mortgage credit. A. G. Black, Governor of the Farm Credit Administration, said.

## Some Driver's Licenses Are Now Expiring

AUSTIN—State Police Director Homer Garrison today asked Texas drivers to take a look at the dates on their operator's licenses. The first group of the new type licenses, which are good for two years from the date of issue, begin expiring this month.

Renewal forms are available at drivers license offices in all court houses, and in some localities at other places. "Texas people are bothered with so much red tape now that we are especially anxious to carry out the renewal program with a minimum of inconvenience to them," Garrison said. "It will help the people and the Department of Public Safety a great deal if applicants for renewal will be careful to observe the following points:

"Be sure the application is properly filled out. It has been necessary in the past to reject many applications because of insufficient or incorrect information.

"The application must be accompanied by the renewal stub, which is to be torn off the present license. The application must be mailed prior to the expiration date of the current license. If this is not done, the law provides that the applicant must be treated as a new driver and subjected to an examination.

"The application must be mailed to the Department of Public Safety in Austin. Each application must be processed in the headquarters office so that remedial action may be taken with drivers who have been involved in numerous accidents or traffic violations.

"The application should be accompanied by a money order or cashier's check for \$50, the fee for a two-year license. Personal checks cannot be accepted, and it is unsafe to send uninsured cash through the mails."

of Texas are drowning in oil," the oil industry of the State has been pleading for more than a year for an increase in the price of oil on the basis that wild-cattling needs to be encouraged so new fields can be discovered and a famine in oil prevented!

Personally, I think the oil men know more about the oil situation than the Austin politician does.

The people of Texas may be in danger of "drowning" in something but I never heard it called "oil" before!

## Part Time Workers Must Have Social Security Cards

Boys and girls who work after school hours and on Saturdays in employment covered under the Social Security Act should have social security account numbers and give the number to each employer for his records, according to Dewey Reed, manager of the Amarillo Social Security Board Field Office.

Unless each person who works in covered employment under the Social Security Act gives his social security number to his employer he may not receive credit for the wages received on his old-age and survivors insurance card.

It was also emphasized by Reed that each employer reports the account number together with the name of each worker to the Bureau of Internal Revenue at the end of each calendar quarter; there-

# Electricity for

## Training Camps

## War Industries

## Hospitals

## Street Lights

## Home Conveniences

Right at the Flip of a Switch!

MOST people take electric service for granted. We expect that when our fingers flip the switch, the lights will flash—INSTANTLY! AND THEY DO!

The same is true of power for the lathes, punches, riveters and other machines that make our war weapons, power to light our factories for night shifts, power to take workers from their homes to their jobs, and back. It's always there, right at the flip of a switch.

HOW DID IT GET THERE? That's another story—much more complicated, but very interesting. It's the story of a people who saw a job to do, and rolled up their sleeves and did it. Call it initiative—call it free enterprise—it's the spirit that has made America great!

The people in our company have that spirit. Years ago they saw the need for electricity that was more plentiful and dependable than ever before. Transmission lines extending into many territories in West Texas, bringing economical electric service to both large and small towns—that was the answer to that need they believed, AND IT WAS! They built the lines and the power plants.

Today, we have an interconnected system of steam power plants, each independent of the other, yet so linked together that power is automatically switched from one region to another in event of mishap. It's the most dependable system the world has ever known.

It's yours—all at your fingertips—right at the flip of a switch!

## West Texas Utilities Company

THE HEDLEY INFORMER

PUBLISHED EVERY FRIDAY

D. E. Boliver, Publisher

Entered as second class matter October 28, 1910, at the postoffice at Hedley, Texas, under the Act of March 3, 1879.

All obituaries, resolutions of respect, cards of thanks, advertising of church or society functions, when admission is charged, will be treated as advertising and charged for accordingly.

In case of error in legal or other advertising the publisher does not hold himself liable for damages in excess of the amount received for such advertising.

NOTICE—any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will gladly be corrected upon its being brought to the attention of the publisher.

BUY MORE WAR BONDS EVERY PAYDAY

Bargain Rates

We are at present authorized to accept renewal subscriptions to the Amarillo News at the rate of \$7.95. This offer may not be open long, so bring in your renewals at once. No new subscriptions will be accepted. The combination rate for the Amarillo News and this newspaper will be \$8.95.

ELECT OFFICERS

The Juniors of the Baptist Sunday School elected the following officers last Sunday morning: President, Anita Rain. Vice Pres. and Reporter, Mary Alice Hunsucker. Sec.-Treas., Sarah Ann Rains.

Visitors in the J. F. Randall home over the week end were Mrs. Grace Laney of Wichita Falls and George Randall of Borger.

W. S. C. S.

The W. S. C. S. met in the basement of the church Monday evening. Mrs. Masterson presided over the business session. A good report was given on the collection for the last serving of the Lions. Mrs. Ross Adamson is chairman of the committee to serve next time.

The improvement in class rooms is pleasingly noticeable, and there are plans for still more along this line. The new book is also a creditable addition.

Discussion of various phases of the work brought the business session to a close.

The study period was conducted by Mrs. Kendall from the booklet, "Why a Man Rob God?" It would have been good could all the members have been present to hear and discuss this subject. The teachings on observance of the Sabbath by man would have been well worth the attendance. The author brought out the fact of man's negligence along this line, being appalling in its grossness. The seriousness of this neglect was backed and given greater significance by passages from the Bible supporting the topic. Clearly and definitely point the commands of God that man gather for a period of worship on the Sabbath.

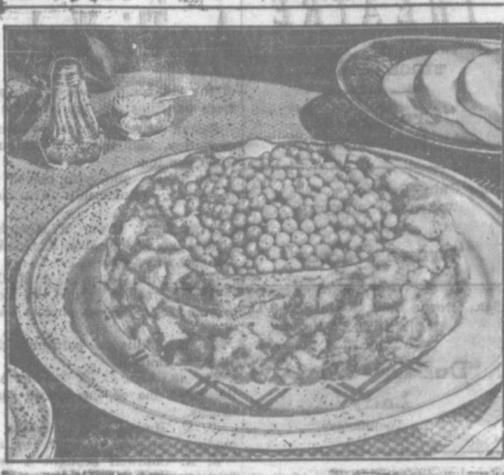

The study period closed with prayer offered by Mrs. W. H. Hill.

Odie Daniell of Prescott, Ark., visited his daughter, Mrs. Leon Carter, Sunday.

Adamson-Lane Post 287, American Legion

Meets on the 2nd Tuesday of each month. All Legionnaires are requested to attend. Obe Holland, Commander

Magic Bread Ring Stretches Meat

Enriched white bread crumbs combined with squash, an egg, and meat make the Magic Bread Ring pictured above that stretches one pound of meat to serve six. Baked to a golden brown and filled with buttered peas, green garden beans or succotash, it's delicious and nutritious.

THE new universal use of enriched white bread and flour will increase the average intake of Vitamin B<sub>1</sub> in the American diet by about 64 per cent, according to Dr. R. R. Williams, chairman committee on cereals, food and nutrition board, National Research Council.

This is a fact that should interest all homemakers, for B<sub>1</sub> is the "sparkplug" for the energy-food we eat, putting it to work for us so that the body derives the greatest benefit from it.

In Bread, It's 'Free'

When we get this extra share of Vitamin B<sub>1</sub> from enriched white bread, it's actually a gift from the baker, for although it costs him more to make, he doesn't pass this cost along to the consumer. The baker himself also pays for the other B-vitamins and the food-mineral iron with which all white bread is enriched today.

Fortunately, enriched white bread is not rationed so we can use it freely in daily menus, and in recipes to build up the season, more expensive foods. Like all bread, enriched white bread provides proteins, and it is not fattening when properly included in the well-balanced diet.

Two one-ounce slices of enriched

METHODIST CHURCH NOTES

Our Church School attendance was up considerable over last Sunday, but we are still far short of the needed attendance. Our worship services were both fairly well attended.

Sunday is the day for our Fourth Quarterly Conference which is the last for this year which ends Nov. 9, 1943. Bro. G. T. Palmer, our D. S., will be here and preach for us at 11:00 and hold the Conference following the morning worship service. We look forward to Bro. Palmer's coming. He is always interesting and inspiring. We cordially invite you to this service. This is a most important service, and also Conference. At this meeting of the Official Group of the Church for the coming year are elected. We urge that every Methodist attend this meeting and as always are delighted to have other folk with us.

C. R. LeMond, Pastor

J. F. Hill visited in Clarendon Saturday.

Mr. and Mrs. George Gilbert of Amarillo spent last week end with her brother, J. F. Randall.

Mrs. Hattie Cathey of Abilene is visiting in the Bishop and J. H. Mann homes.

Carl Dotson was here from Borger over the week end.

Earl Tollett made a business trip to Fort Worth this week.

W. L. Mosley and family have moved to town.

The R. E. Newman home has been stuccoed, greatly improving its appearance.

J. M. Everett of Amarillo spent last week end here.

Jane Ruth Hall of Canyon visited here last week end.

Ike Rains and Charles Rains and family went to Clarendon Saturday.

War Dads Club

Meets on the 7th of each month. All War Dads invited. W. C. Bridges, President

Mr. and Mrs. John Taylor of Amarillo visited in the W. H. Jones home over the week end.

L. C. Abernathy of Memphis was in town Monday.

C. W. Bain of Amarillo was in town Sunday.

Mr. and Mrs. C. L. Finsey have moved to town.

Men's suits \$15 at M. & M. Co.  
Homer Bridges traded his motorcycle for an automobile last week.  
E. H. Willis is painting the Baptist Church.  
Mr. and Mrs. O. B. Stanley are living in one of the Battle residences.  
T. T. Harrison is building a modern residence in South Hedley.  
J. K. Caldwell brought a beet to town Wednesday that weighed six and one-half pounds.  
Have a fit with Clarke the Tailor.  
P. C. Johnson went to Caddo Mills last week.

**Tax-Paying And Patriotism**

It is more patriotic to pay local and State taxes than it is to buy bonds and wave flags. It is necessary to do both but in the South where most people are poor and where incomes from investments are uncommon, local taxes form the foundation of our local governments and schools.

The Hedley School Board has made arrangements for people who pay their tax in Oct. to get three per cent discount, two for Nov. and one for Dec. Now the board did not have to do this. They simply are trying to aid those citizens who try to pay their tax on time.

And remember, if a person dies with a lot of taxes on land or houses unpaid, their children have little title to said real estate. Although Texas is one of the most lenient states in the matter of local taxes, that leniency is sometimes a curse in disguise. It causes some to postpone payment and to get into conditions in which it is very hard to pay all delinquent taxes. And there is great danger that some capitalist or corporation will take up the matter of delinquent taxes to force tax sales and make several million dollars. Let's all catch up with our back taxes.

Lottie Mae Randall is at home on a two week vacation.

Sgt. Layton Warn of Abilene visited Dr. D. H. Cox and family several days last week.
