SECURITY STATE BANK STATEMENT SHOWS DEPOSITS OF MORE THAN \$300,000

Lions Club News

The Directors Meeting last Thursday night nominated and elected the following to office: Tallwister, Otis Owens, Program Committee Chairman, Clyde Bridges and Pablicity Chairman, G. E. LeMond. The first and last places had been held by Roy Key and the Chairman of the Program Committee was C. R. LeMond. Lion LeMond served as Pablicity Chairman last year, and the other two men come to their jobs for the first time.

D. Granger Killed

We regret to report the death of D. Granger, former Hedley, who was killed Saturday while working on a well near Donier. We were unable to learn any details of the accident.

Our sincere thanks to our friend R. M. Thomas for a bushel of fine sweet potatoes. Sweet potatoes are our favorite fruit, and R. M. really knows how to raise good ones.

If anyone has a spare possum or pig or something our receiving department is always on duty.

W. S. G. S.

The special meeting of W.S.G.S. Week of Prayer was carried out according to plans. A goodly number was present. Some of our regular attendants and leaders were absent due to illness and were greatly missed.

The usual procedure was changed to suit the occasion. The parts on the program were unusually interesting and given in a manner fitting the topics discussed. Song service was fitting and enjoyed as only this feature is. Quite a nice little collection was made and the Society will feel proud of the representation it will have in this work. The program was closed with prayer.

There followed a social hour which meant much to those present. During the time we were entertained with a story after which a visiting over refreshments was enjoyed. We think the fellowship of these meetings a very attractive feature and hope more and more of our members will take part in these meetings. We were particularly glad to have Mrs. LeMond, Mrs. Kempson, Mrs. Coffey and Miss Kyte with us as due to illness they have missed some.

56 Prisoner of War Camps

More than 140,000 prisoners of war are now held in 56 permanent camps in the U. S., the War Department has reported. The ratio of Germans to Italians is approximately three to one. In addition to the permanent camps, there are many temporary ones set up to house prisoners in areas with labor shortages. Agriculture work done by prisoners includes harvesting fruit, tomatoes, potatoes, peanuts, cotton, sugar beets and corn. Only a few have escaped and every one of them has been recaptured in a few hours.

The statement of the Security State Bank in this week's issue shows deposits of well over \$300,000, which speaks well for the confidence in which the bank is held by our community.

We are fortunate in having a good sound financial institution in Hedley which is always ready to serve our town and its surrounding territory.

METHODIST CHURCH

G. E. LeMond, Pastor

In spite of the harvest time and other hindrance the attendance holds up fair. The spirit of those in attendance is good. The Board of Stewards met Tuesday night to make plans for the finishing out of finances for the year. We hope to close out our financial year not later than the 5th Sunday of this month. Signs are hopeful. Some of the other churches in District have already reported out in full for the year. Our membership increase for the year will be very gratifying. A number of marks of progress will be in evidence when the Pastor goes to Conference Nov. 8th. There are yet large opportunities for the Church, and the pastor urges that the membership help in a larger way to make these opportunities realities.

We regret to learn that Rev. H. Smith is leaving our town, but wish for him continued success in his new work at Morton.

G. E. LeMond

Mrs. E. C. Boliver spent part of last week in Memphis visiting Mrs. M. T. Howard, who suffered a light stroke.

Miss O. A. Gard visited in Memphis Friday.

Mrs. Janie Ayers of Dumas is visiting in the E. M. Glass home.

W. W. Kysar is in Dallas for medical treatment.

Charles Reine and family and Ted Dudley and family made a business trip to Amarillo Saturday.

Mrs. Wilma Adecock and son Jimmy of Amarillo are visiting here.

Rev. and Mrs. V. A. Hansard of Amarillo visited in the Woodvin Youres home part of this week.

Mrs. John McCauley spent Sunday in Groom.

Mrs. O. C. Lowry visited in Memphis Friday.

Mr. and Mrs. W. H. Jones have been visiting in Fort Worth, Dallas and Wichita Falls.

Return Ration Books in Mail

Finders of lost ration books may drop them in the mail without prepaying postage or enclosing them in envelopes, according to OPA. On payment of a five cent postage due charge, the Post Office Department will return the lost book to the person whose name and address appear on the cover. When the addressee cannot be found, the post office will forward the book to the nearest rationing board.

Legion Membership Drive WAR DADS CLUB

The local post of the American Legion now have on a drive for 1944 membership dues. The post had 41 members in 1943 and the drive is to exceed last year's membership by November 11.

The war has placed a great burden on the American Legion and the Legion is doing its part but they must have the membership to back them up in their undertakings. All veterans of World War I and II who have received an honorable discharge are eligible and are invited to join the post. Dues to this post are only \$3 a year and may be left with Obe Holland, Commander, C. L. Johnson, Adjutant or B. G. Clifton, Membership Chairman.

Notice to every Dad, Step-Dad, Dad-in-law, Foster Dad or Grand dad of any boy or girl serving in Uncle Sam's forces living in Hedley trade territory:

You are eligible to join the Hedley War-Dad Club. We are now organizing at Hedley. The club is being organized to promote the welfare of the ones in service. We want everyone eligible to join this club if you are interested in the welfare of your boy or girl. You know the saying, "in unity there is strength."

Later on there is talk of organizing a War Mothers Auxiliary to the War Dad Club.

The Dad Club will have its next meeting Nov. 8, (Monday) at the American Legion Hall. We want every member present and each member to have \$ or more eligible Dads membership cards with them. We want a 100% membership of Dads in this trade territory. We are asking the War Mothers to bring a pie and come with their husbands. The Dads will furnish coffee. If you can not bring the pie come anyway. You Dads, if you are not a member of this club, hunt up someone who is and tell them you want to sign up. Don't wait for us to hunt you up, for that is just what we will do if you don't show up voluntarily. You may contact C. L. Johnson at Security State Bank. He will take your application. The dues are only \$1 per year. The expense is only \$0c every 3 months. The club voted the \$0c per quarter for expenses to operate on. Remember the date Monday, Nov. 8, at the American Legion Hall.

URGOS FARMERS TO COLLECT SCRAP

In support of the all-out "Victory Scrap Bank" drive to collect iron and steel scrap, Marvin Jones, War Food Administrator, has urged farmers to comb their farms for all possible scrap. Pointing out that next to industry, the greatest source of heavy scrap is the American farm. Mr. Jones said, "American farmers are doing the greatest food production job in history. However, if we are to insure ample food must come from our farms in the next six weeks."

WEEKLY NEWS ANALYSIS

Formal Declaration of War by Italians Adds Impetus to Allied Drive on Rome; Heaviest Air Raids Blast Nazi Plants; Action Increases in Southwest Pacific

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.) Released by Western Newspaper Union.

FORTRESS EUROPE: Hit From All Sides

Even as Allied forces crossed the swollen Volturno river under the cover of heavy artillery fire in southern Italy, hundreds of Flying Fortresses escorted by speedy Thunderbolt fighters delivered a hard blow at the Nazis' huge roller-bearing plant in Schweinfurt, Germany.

In crossing the Volturno, Allied forces chose to span the narrow river at its eastern point, where they began working northward toward the mountains overlooking the communication lines used by the Nazis to supply their embattled legions.

While the Germans held to the west flank of the river, they were brought under increasing pressure of Allied fire from land and sea. Hovering offshore, U. S. and British warships pumped big shells into German positions inland.

In blasting Schweinfurt's roller-bearing plant, a record number of 60 Flying Fortresses were reported missing. More than 100 of fighter planes upon which the Nazis are depending to check Allied air raids, were brought down by the raiders.

Italy Now on Own

Allied consideration toward Italy will be greatly influenced by the degree of assistance she lends British and U. S. armies in the war against Germany.

When Badoglio declared war on the Nazis, the Allies accepted his Italian government as a partner on the strength of its ability to help beat back the Germans and thus spare U. S. and British lives.

It was made clear, however, that Badoglio's regime, as a political partner; and the Allies would only give Italy political recognition upon the formation of a liberal democratic government.

Because of Italy's weakened industrial and agricultural position, it was presumed that some sort of assistance, possibly through lend-lease, would have to be given her to equip and maintain her for fighting.

SUBSIDIES: To Dairy Farmers

To offset the increased cost of feed, the government will pay subsidies ranging from 30 to 50 cents per hundredweight on whole milk sales, and from 4 to 6 cents a pound on butterfat.

Based on increased feed costs, the different rates were fixed to assist farmers who have to purchase more feed than formerly, with maximum payments going to farmers in drought counties where feed crops suffered damage.

Subsidies will be paid after farmers submit such satisfactory evidence as creamery statements as to the amount of milk or butterfat sold to their AAA county committee. In all, 3½ million dairy farmers are expected to qualify under the 60-million-dollar program.

The whole subsidy question appeared to be headed for a thorough going over again, with the house banking and currency committee advising congress to allow subsidy payments to producers only, and not to reduce retail food costs.

RUSSIA: Battle Rages

The great battle for the Dnieper river raged.

With Russian forces across the river at several points, German troops fought desperately to prevent their organization for full scale encircling attacks, which would trap the Nazi armies from the rear.

Far to the south of the 750-mile front, the Reds assaulted Nazi positions protecting their forces in the Crimea. Since the Germans held shortened defense lines in this sector, any Russian breakthrough would compel them to fall back to the Dnieper river and thus extend their battle front, or else trap at least 100,000 Nazis.

Standing behind prepared positions, the Germans bitterly resisted the Reds' repeated attacks on their northern lines guarding the Baltic states and old Poland.

SOUTHWEST PACIFIC: Strike Jap Air Posts

Now that Allied ground forces have driven the Japs from most of their Southwest Pacific outposts, Gen. Douglas MacArthur's command is concentrating on the elimination of all enemy air bases which might be used to harass further drives to the north toward the Philippines.

Gen. MacArthur: Blasts Rabaul.

For this task, imaginative General MacArthur is using large air fleets. Hundreds of Liberator and Mitchell bombers poured 350 tons of bombs on Rabaul, leaving that important Japanese supply depot for their entire Southwest Pacific front, smoldering in ruins.

After Rabaul, General MacArthur's bombers trained their sights on remaining Jap air bases in the Solomons, and with U. S. fighters, attacked the main airdromes from which the enemy has been raiding Allied posts to the south.

Southwest China Periled

Trying to seal off the back door of China, three strong Japanese columns drove toward Yunnan province's capital of Kunming.

The Japs attacked along the Burma road, which leads into China at the point of the enemy's new attack. Chinese forces bitterly resisted the Japs' drive, with the aid of the 14th U. S. air force, which pounded the invaders' gas and oil dumps and military installations.

With the Japs dominating much of the eastern coast of China, key to the entrance of the country lies in the southwestern section, known as Yunnan province. This section assumes important significance with talk of Allied plans of driving into China from Burma.

LABOR: Lewis Back in AFL

John L. Lewis' United Mine Workers were welcomed back into the American Federation of Labor at its 63rd annual convention in Boston, with formal re-entrance delayed.

William Green: For Lewis.

until settlement of disputes between certain AFL unions and the UMW's District 50, which organized in their fields.

Once ridiculed by Lewis as an "Old Lady," AFL President William Green swallowed his pride and, pleading for unity in labor, led the fight for the UMW's re-admission against opposition from the floor of the convention, mustered by the Progressive Miners Union, which stayed in the AFL when the UMW bolted it in 1935.

Re-entrance of Lewis' 700,000 miners into the AFL will boost the organization's total membership well over the seven-million mark.

HIGHLIGHTS . . . in the week's news

BASEBALL: It is reasonably certain that major league baseball will continue to be played in the 1944 season, club presidents agree. There are between 30 and 40 players in the two leagues who have been rejected by the armed forces on physical grounds, and several others are over 35. With this nucleus, it is expected that satisfactory teams can be organized.

CHECKS: A million checks every working day, or 300 million a year, will soon be the rate of issue of the federal government, according to W. A. Julian, treasurer of the government. He explained that payments to families of service men account for the huge number of small checks. Expenditures are now running around seven and a half billion dollars a month, he said.

Confederate General's Widow Aids Uncle Sam

Widow of the famous Confederate general of the Civil war, Mrs. Helen Dortch Longstreet is learning riveting in Georgia so that she might take her place in a production line to help Uncle Sam win World War II.

Refusing to disclose her age, gray-haired Mrs. Longstreet resides in a trailer camp outside of Marietta, Ga., and reports for instruction each morning in slacks.

Since the general's death in 1904, Mrs. Longstreet has worked as a newspaper reporter, postmistress in Gainesville, Ga., and an employee in the veterans bureau in Washington, D. C.

INDIA: Famine Relief

To relieve famine conditions which reached their worst peak in Bengal province, the central government of India placed a ban on the export of all grain from the stricken country.

At the same time, officials said every effort was being made to obtain more shipping for importation of food. However, it was said that India's famine was of such proportion that imports alone could not entirely appease the hunger.

Worst conditions existed in Bengal province, where scarcity of rice was aggravated by the high prices being asked for the staple despite the low level of the populace's income.

Government purchase of the entire rice crop and resale was seen as partial solution to the famine problem.

RECOVERY: Would Use Old Models

In order to speed reconversion to civilian goods after the war, War Production board officials have suggested manufacture of 1942 models with tools already available.

If plans were made for the production of new models, in the automobile industry for instance, WPB officials said at least 18 months might be required for retooling.

WPB could enforce manufacture of 1942 models, it was said, if it retained its control over the allotment of materials. Such control would be lifted when industries would be on the way toward development of new models during the ordinary course of production.

SALARIES: U. S.'s Highest

Highest salaried official in the U. S. in 1941 was Hollywood executive Louis B. Mayer, who drew \$949,765 from Loew's, Inc. Second highest was C. G. Swebilus, who received \$631,809 from the management and engineering firm of the Dixwell corporation. Third highest was Eugene Grace, who was paid \$537,724 by the Bethlehem Steel corporation.

Movie stars were high on the list of the top-salaried. Claudette Colbert drew \$390,000 from Paramount and Twentieth-Century Fox; Ginger Rogers received \$355,000 from RKO and Twentieth Century, and Charles Boyer was paid \$350,000 from Paramount, Universal and Warner.

On the basis of tax rates applying to 1941 rates, \$654,554 would be paid on a million dollar salary; \$307,084 on \$500,000, and \$108,174 on \$200,000.

POSTWAR: Peace Plans

To prevent future aggression and to preserve the peace of the world, a senate subcommittee proposed that the United States act through constitutional processes to join with free and sovereign nations in the establishment and maintenance of international authority.

The subcommittee's proposal was considered as a likely compromise between advocates of broad participation in international plans for preserving world peace, and advocates of limited participation, who have insisted on U. S. freedom to decide her action on any particular measure for maintaining order.

The subcommittee's proposal was little different from the Fulbright resolution adopted by the house, calling for the " . . . creation of appropriate international machinery with power adequate to establish and maintain a just and lasting peace and as favoring participation of the U. S. therein through its constitutional processes."

LIVING COSTS: Up 6%

It costs about 6 per cent more to live this year than last, according to a survey released by the department of commerce. In the first six months of the year living expenses rose about 7 per cent above 1942, but in July a decline was recorded for the first time since the war began. By August the level dropped to slightly less than 6 per cent over last year. A slight rise during the autumn and winter months will not affect the overall picture.

IF YOUR DEALER IS OCCASIONALLY OUT OF CAMELS

—It's because hundreds of millions of Camel cigarettes are now being sent to men in the service. In addition to the government's own purchases for our fighting men, veterans' organizations, fraternal orders, clubs, friends and relatives everywhere are sending them Camels. Yes, Camels! After all, Camels are the favorite cigarette with men in all the services—Army, Navy, Marine Corps, and Coast Guard.

First in the Service
 —AND THE SERVICE COMES FIRST!

WHILE we have pushed Camel's production to new peaks to meet this overwhelming demand from Uncle Sam's fighting men and from the folks at home, yet if your dealer does not always have Camels for you, he asks you to be patient while he is temporarily out of them, believing you will agree that the men in the service should come first.

* Based on actual sales records, the favorite cigarette with men in the Army, the Navy, the Coast Guard, and the Marines is Camel.

Use Book Four Nov. 1

Housewives will start using green stamps A, B and C from new War Ration Book Four Monday, November 1. These stamps will be valid through December 20 and will be used for buying processed foods in the same way as the blue stamps in Book Two. The last blue stamps in Book Two (X and Y) remain good through November 20. Book Four is being distributed Thursday and Friday, Oct. 21 and 22 at the schools. One individual may apply for Book Four for all members of his family residing at the same address. The applicant must have a War Ration Book Three with him for each person for whom he wishes to obtain a Book Four.

Vegetable Price Ceilings

Ceiling prices that will prevail for 13 fresh vegetables at open try shipping points have been announced by OPA and WPA. The vegetables are lima beans, snap beans, carrots, cabbage, cauliflower, celery, cucumbers, eggplant, lettuce, green peas, peppers, spinach and tomatoes. Maximum prices for beets, asparagus, watermelons and cantaloupes and the 1944 crop of onions are to be announced soon. Prices were announced to assist vegetable growers in completing their production plans.

Ration Tokens In February

Ration tokens are expected to be ready for use by February. They will be red and blue and each will have a value of one point. They will be used by consumers as change for processed foods and meat fats ration stamps. The blue tokens will be used with blue ration stamps for buying processed foods; the red tokens with the red stamps for buying foods rationed under the meat fats program. The ration coins, made of layers of mica and fiber, will be slightly larger than a nickel and smaller than a quarter.

Warns Against Harmful Anti-Freeze

Operators of all kinds of motor vehicles have been warned by DOT against the use of harmful anti-freeze preparations as radiator anti-freeze. Salt anti-freeze solutions may cause corrosion or shorting of electrical circuits.

Draft Delinquents To Be Inducted

Beginning November 1, all men 18 to 25 years of age who are subject to selective service but who are delinquent will be put into class 1-A immediately and ordered to report for induction, the Selective Service Bureau of the War Manpower Commission has stated.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strains on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

We Still Have a Big Job, Johnny

...and We'll Win for YOU!

Yes, Private Jones and his millions of buddies in arms will win... because they know they must win... for themselves, for Johnny and for all America.

Initial successes do not necessarily mean a quick victory. There's still a long road to go... not a straight one, either. It cannot be traveled by the complacent... it takes men and women—all of

us—working all the time, to back up our fighting men... for Victory.

The Gulf South is driving ahead with the full power of its vast natural resources and the industries which are utilizing them. It is working with all America for the ultimate victory. And when victory comes, as it must, the Gulf South will do its part to convert to peace-time progress.

Sunflower Quilt Is Fascinating to Make

5161

Sunflower Quilt

THE "Sunflower" is one of the easiest of the quilt designs to make—the diamond-shaped pieces are easy to cut and a block works up quickly. Use brown-flecked percales, tiny patterned cream and yellow calicoes, grass-green and leaf-green cottons. Do the center in vivid yellow. Quilt has 12 pieced blocks, each 14 inches square—12 plain blocks.

To obtain cutting patterns for the Sunflower Quilt (Pattern No. 5161) complete piecing and finishing directions, amounts of all materials specified, send 15 cents in coins, your name and address and the pattern number.

If Bombs Should Fall Here

We have not been bombed by enemy planes—yet. Most of us believe it will never happen, but some of our best minds still think that before the Axis gives up it will attempt to strike one desperate blow at the country that brought about its downfall. There is a group of women in this country who refuse to succumb to over-optimism or complacency. They call themselves the Women's Ambulance and Defense Corps of America. They are adhering to a program of preparedness for the worst, and if Axis planes should succeed in bombing the United States the WADC will be ready to do the job of caring for casualties.

EMERGENCY CALL—A unit of the WADC rushes to the scene of a "disaster" during a drill in Los Angeles, Calif. They wear natty uniforms designed for utility rather than decorativeness.

CASUALTY—The squad hurries to a man who is supposed to have been struck by a car at night. The women work blindfolded so that a blackout would not hamper them.

TOUCH SYSTEM—Their patient's injuries are a fractured leg, bleeding artery, and a fractured rib. All diagnosis is done by touch.

FIRST AID quickly follows diagnosis. Still blindfolded, the women tie bandages, apply splints, and make tourniquets to stop bleeding.

Star Dust
STAGE SCREEN RADIO

GLEANED from Metro's publicity files of a few years ago: Clark Gable would be one of the country's crack skeet shots if he had time for tournament competition. James Stewart took Katharine Hepburn up in his putt-putt plane and nearly ground looped his ship in a two-point landing. Robert Taylor set his plane down in a watermelon patch. Today: Gable's heard from England over BBC, telling how skeet shooting is invaluable training for gunners. Stewart's piloting a Flying Fortress. Taylor will soon be eligible for the Transport Command, Ferry Command or as an instructor, after completing his training for the navy air force.

Jack Benny returned from the 32,000 mile tour overseas, entertaining the armed forces, with duffie bags full of telephone numbers.

JACK BENNY

He's using them now. He's calling "Mom"—many a Mom. "Please just tell Mom I'm fine," the boys would say, and Jack is doing it, as fast as he can.

Virtually every nationality in the world is represented in RKO's "Gangway for Tomorrow"; it has 136 speaking parts. But none of the cast portray their native countrymen. A Russian is played by a Pole, a Czech by an Austrian, a Pole by a German, a Frenchman by a Russian, Richard Ryan, an Irishman, plays a German officer, Margo, born in Mexico, plays a French girl, Just Hollywood!

An embarrassing moment came to Carleton Young, 20th Century-Fox contract player, at the "Silver Theater" dress rehearsal, after the announcer had read an elaborate build-up which was given him. The entire cast, including Loretta Young saluted.

Before Florence Halop made her fortunate appearance, talent scouts for the new "Duffy's" series were so hard pressed to find a new Miss Duffy to replace Shirley Booth that they resorted to ads in the Hollywood papers.

Sound effects proved better than the real article when Parks Johnson and Warren Hull visited the oil refinery workers at the eastern terminus of the Big Inch pipeline. They wanted to introduce the show with the gurgling of gasoline flowing from a filling station pump, and had a real one set up on the stage. But—they finally used an ordinary egg beater and a hand bell.

Don't be surprised if Charlie McCarthy's "rather elderly, old-maid relative," Ophelia, becomes a regular member of that airshow gang. Maybe you heard her when she made her coast-to-coast radio debut recently on the new RCA "What's New" program. Listeners loved her, and Edgar Bergen thinks she might make a good permanent companion for Charlie and Mortimer Snerd.

Frances and Richard Lockridge, authors of "Mr. and Mrs. North," are probably unique among novelists whose works have been adapted for radio. Usually authors insist on editing all scripts, often to the dismay of script writers, producers and actors. The Lockridges have been inside the studio just once since the series started on NBC. They listen to the program at home.

After eight years as a CBS staff conductor, Lyn Murray quit to freelance. His orchestra and chorus are doing a new series on CBS, he's conducting the orchestra on the new Gertrude Lawrence show, and is choral director on both "Hit Parades"—he's doing all right!

ODDS AND ENDS—NBC's bittersweet crooner, Tommy Taylor, was about to give up his career when NBC took him off a milk truck... A new Sinatra fan club with headquarters in Pitts, Pa., calls itself "The Society of Souls Suffering From Sinatra's..." Oldest bond sales combination in the recent drive—John D. Rockefeller and Dick Haymes, star of the air's "Here's to Romance"... Joe Yule, Mickey Rooney's father, has been cast in "Kismet," his 50th part at Metro... Joan Davis, whose click on her new radio program has all Hollywood bidding for her services, has signed to play the lead part in "Show Business."

Rapid Flashlight

A new portable photographic flashlight, using a mercury lamp about the size of a cigarette, goes on and off in one millionth of a second, and it can "freeze" the action of a wheel making 70,000 revolutions a minute, says Collier's. While the life of this lamp is only one second, it will provide a million flashes or the number used in 10 years by 20 busy newspaper photographers.

SNAPPY FACTS ABOUT RUBBER

In the 45 years between 1889 and 1934, the output of rubber produced by the Far East plantations jumped from half a ton to 98 per cent of the world's supply—1934 shipments were 1,000,000 tons. The first official record, that for 1899, shows that four tons of rubber were produced from 4000 acres under cultivation.

The greatest enemies to the long life of natural rubber are sunlight, heat, oils, greases and solvents. The ultra-violet rays of the sun penetrate the surface of rubber, causing it to oxidize; heat causes deterioration, and oils develop swelling and softening, making the rubber more susceptible to damage.
