

The Hedley Informer

VOL. 34

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, MAR. 10, 1944

NO. 17

20 Years Ago This Week

Miss Pauline Pickett of the 5th Grade was this month's winner of the prize given each month by Mrs. R. L. Snider to the best all around pupil.

M. W. Mosley and W. I. Rains went to McLean Wednesday for a visit with Capt. E. E. McGee.

M. L. Peninger and family left this week for Lockney where they will reside.

Giles News

Bill Johnson had his tonsils removed Saturday morning. He is getting along nicely.

Tom Stotts and Hesker Cope were home visiting Sunday.

Mrs. F. G. Watt was visiting in Giles last Sunday.

Biggs-Dozier

The following was taken from The Amarillo News:

Graver, March 3—In a ceremony performed in the parsonage of the Methodist Church Wednesday evening, Feb. 23, Miss Doris Ruth Dozier, daughter of Mr. and Mrs. Herman Dozier of Gruber became the bride of Rev. James N. Biggs, son of Rev. and Mrs. I. E. Biggs, also of Gruber.

The bridegroom's father read the single ring ceremony in the presence of a few relatives and close friends.

Mrs. Biggs is a member of the senior class of the Gruber High School. She will live in Gruber until after spring graduation.

Private Biggs was graduated from Gruber High School in 1943 and entered military service the following November. He will return Tuesday to Camp Shelby, Miss., where he is now stationed in the 50th Coast Artillery.

Serial Numbers On Gas Coupons

A strip of serially numbered coupons in a cardboard folder will now be issued to renewal applicants of "B" and "C" supplemental gasoline rations, and new "E" and "R" rations for gasoline-powered equipment. Serial numbering of coupons is one of OPA's strongest weapons against the gasoline Black Market. Motorists must still endorse their coupons.

Rationing At A Glance

Gasoline—A-10 coupons are good through March 21.

Shoes—Stamp No. 18 in Book One is good through April 30. Airplane stamp No. 1 in Book Three is good indefinitely. Another ration stamp good for one pair of shoes beginning May 1 will be announced soon.

Sugar—Stamp No. 30 in Book Four is good for 5 pounds through March 31.

Meats, Fats—Brown stamps Y, and Z are good through March 20. Red 10-point stamps A8, B8 and C8 in Book Four are good through May 20. Waste kitchen fats are redeemed at 2 ration points plus four cents a pound.

Processed Foods—Green stamps K, L and M are good through March 20. Blue 10-point stamps A8, B8, C8, D8 and E8 in Book Four are good through May 20.

Giles News

By Mrs. Arthur Ranson

Warren Baker 32-c of Norman Okla. is visiting his parents Mr. and Mrs. J. M. Baker a few days before going to Norfolk, Va.

Mr. and Mrs. J. D. Foster and family from Amarillo, and Miss Nina Joe Foster spent the week end with their parents Mr. and Mrs. G. T. Foster.

Mr. and Mrs. R. O. Kelley entertained with a buffet luncheon honoring C. R. Burkes who is leaving for the army. Those present were Mr. and Mrs. Dick Spoon and daughters Dixie and Ann, Mr. and Mrs. R. A. Lemmon and son Richard, Mr. and Mrs. C. R. Burkes and daughter Merline all of Memphis and Mr. and Mrs. Kay Aury and their host and hostess, Mr. and Mrs. Kelley.

J. T. Wylie and daughter Bettie Ann from Pampa is visiting his sister Mrs. J. M. Baker.

Mr. and Mrs. Ronnie Kelley visited Mr. and Mrs. Robert Lemmon in Memphis Friday night.

J. M. Baker and daughters Katheryn and Margaret, and Mr. and Mrs. Kay Aury were Memphis shoppers Saturday.

Win Honors At Amarillo Fat Stock Show

Two Donley County 4-H Club boys, H. C. Shaw of Hedley and Pete Bromley of Clarendon, won the major honors in the baby beef department of the Amarillo Fat Stock Show Tuesday by showing the grand champion and reserve champion heaves.

Another Donley County boy, Joe Smith of Clarendon, had the grand champion pig of the 1944 show, a Chester White. The majority of the winners in the pig show were entered by Donley County boys.

More Flags Displayed

The Lion-Legion project of having more and better flags displayed in Hedley has begun to show results. Last Thursday, Texas Independence Day, the town looked better than it had in several years, almost every business house on the main business block displaying a flag.

There has been several compliments on the flag flown over the Honor Roll Board. We understand Legionnaire Orville Doherty should receive most of the credit for this.

It is hoped that before another holiday rolls around all the business houses of Hedley will be displaying a flag. It not only shows our patriotism but makes our town look like a real city.

War Dads Club

The local chapter of the American War Dads met last Tuesday night. It was probably the largest attendance since the organization of the club.

The meeting was called to order by President Chester O. Hill, the business of the chapter attended to, then several talks for the good of the Dads were made and a program rendered consisting of quartette music and a sing-song by those present. After the meeting pie and coffee were served.

The War Dads recently bought a war bond, and are now working on the permanent memorial at Clarendon and aiding the Red Cross drive. This chapter now has over forty members and all who have sons or daughters, stepsons, sons-in-laws or foster sons in service should become a member.

NOTICE

For Sale—40 model Philco table set radio, electric; late model table set radio, battery; 2 Jersey milk cows, dry; 3 slide go-devils, \$5 each; Paymaster planting cotton seed; also few articles of furniture. See John McCauley at Lelia Lake.

Methodist Church

We were well pleased with our services last Sunday. Our attendance was up in the morning and the book review Sunday evening was well attended and very inspiring.

Come be with us for our regular services this Sunday. We need you and believe that you need the church.

Boy Scouts Meet

Scout work is being revived in Hedley. Eleven scouts were at last Monday's meeting. Rev. A. B. Cockrell, J. B. Riddle and Rev. H. T. Harris met with them.

They plan to meet every Monday night at 8 p. m. in the basement of the First Baptist Church. Bro. Cockrell will act as scoutmaster, and Bucky Everett has been elected as acting Senior Patrol Leader. The troop will be divided into two patrols; the patrol leaders will be elected soon.

The scouts do a lot of good work in town and now during these times of war there is a lot more they can do. Keep up the good work boys, we are all for you.

Lions Club News

Many Hedley Lions plan to attend the Zone meeting of the Lions Clubs of this Zone at Memphis, next Wednesday night March 15th. The meeting will be at 8:30 p. m. at their regular meeting place in the basement of the Methodist Church.

This Zone consists of the clubs of Clarendon, Childress, Memphis and Hedley. Ray Moreman is Zone President.

This will be a very worthwhile meeting. State Lion Secretary Roy Keaton of Austin and District Governor Jack Griffith of Panhandle will be the principal speakers of the evening.

This week the Lions and the American Legion have their joint meeting. This is a very good move, and it is hoped that there will be more joint meetings of the civic organizations of the town as they are all working for the betterment of our community, state and nation.

V-12 Examination At Hedley

At ten o'clock Wednesday A. M. March 15 there will be given the V-12 examination at the Hedley High School, Room No. 1, under the supervision or sponsorship of the Army and Navy. This test is to learn the aptitudes of young men from 17 to 23 who will soon be in the Army or Navy. It will also permit young men with special talents to get into branches of service for which they are best fitted. All persons interested should arrange to take the test. It costs nothing and would be good experience.

C. O. Hill,
Examiner

W. S. C. S.

The Woman's Society of Christian Service met March 6 with Bro. Cockrell and eight members present.

We are to send a box to Bethlehem Center at Fort Worth. Mrs. Cherry was elected delegate to the Conference at Vernon March 21, 22, and 23 and Mrs. Masterson as alternate.

Program
Prayer, Br. Cockrell
Bible Study, The Problems of Suffering Br. Cockrell had charge of the study which was very much enjoyed by those present.
Closing Prayer, Mrs. Duncan

We have a painter, decorator and paper hanger with us now.

To Our Readers

Our readers will note elsewhere in this issue one of a series of advertisements sponsored by the Conference of Alcoholic Beverage Industries, Inc.

It has not been our policy in the past to accept this type of advertising. The contract for this advertising was signed during our absence last summer, and we wish to state that any opinion expressed therein do not necessarily reflect the opinions of this newspaper.

HOMER P. RING DIES

Funeral services for H. P. Ring, who passed away suddenly Monday at his home in Wichita Falls, were held Wednesday at Northfield by Rev. H. C. Hale, pastor of the Tenth and Austin Streets Church of Christ in Wichita Falls.

S. C. Richerson and wife, Ruth, Loyd and Dorothy Richerson, Claude and John Nash of Hedley and Mrs. Owen Moore of Borger attended the services.

Homer P. Ring was born in 1880 in Grayson county, and came to this vicinity in 1902. He left here in 1910 and in 1919 moved to Wichita Falls, where he lived until his death.

He is survived by his wife, one son, R. J. Ring of Wichita Falls, three daughters, Mrs. Donnie Lybier of Missouri, Mesdames Delmont Hayes and Geneva Bain of Northfield, one sister, Mrs. S. C. Richerson of Hedley, and nine grandchildren.

RED CROSS DRIVE

The Red Cross drive is progressing nicely. Twelve workers are attempting to see everyone in Hedley, each Hedley school teacher has charge of her grade, and a large number are working the rural districts.

If you are overlooked, leave your contribution with Hobart Moffitt or the Security State Bank.

For Sale—Good Delta Cotton Seed. Roy Jewell 155p

The Ike Rains jack will be located 3 1-2 miles north of Hedley, on the Adamson estate.
174p A. R. Butler

15 Cousins Ride Same Bus

Of 27 students who ride the school bus driven by Winfield Mosley, 15 are cousins. They belong to the Witt, Sanders, Parker and Thomas families, and are all grandchildren of Mr. and Mrs. J. W. Parker.

Miss Mary Harris visited in Amarillo first of the week.

Miss Otey Watkins of Amarillo visited here this week.

Mrs. J. W. Webb of Ft. Worth visited here this week.

Mrs. Robert Watkins left this week for Childress where she has been employed to teach public school music. Mrs. W. H. Hill is taking her place in the local school.

How Do You Like Our New Dress?

The appearance of the Informer this week is somewhat changed and, we hope, for the better. Our new type has at last arrived, with some quantity as well as quality added, and we hope to continue to improve the looks of the paper as finances permit.

Help us to give you a better newspaper by bringing in your news. We are here to serve this community, and will appreciate the cooperation of all the community's citizens.

Like to feel important?

YOU'LL BE important—to your country, and to your fighting men—if you take over a vital job in the Army.

In the Women's Army Corps you'll get expert Army training that may pave the way to a post-war career. You'll have a chance to improve your skill or learn a new one—to meet new people, see new places, have experiences you'll remember all your life.

Get full details about the WAC at any U. S. Recruiting Station. Or write for interesting booklet Address, The Adjutant General, 4415 Munitions Bldg., Washington 25, D. C. (Women in essential war industry must have release from their employer or the U. S. Employment Service.)

Household Hints

When making gravy, stir with a slotted spoon. The liquid runs through the slots and does not spill over the stove.

A spoon screwed to the scrub brush in such a position as to fit between the thumb and the index finger will greatly reduce the gripping required.

If you have some worn out socks and do not know what to do with them, put them to work in your mop clamp. They will make a fine mop.

To remove the odor of onions from knife or hands, wash them in cold water. Hot water sets the odor.

PAZO for PILES

Simple

Relieves pain and soreness

For relief from the torture of simple Piles, PAZO ointment has been famous for more than thirty years. Here's why: First, PAZO ointment soothes inflamed areas, relieves pain and itching. Second, PAZO ointment lubricates hardened, dried parts—helps prevent cracking and soreness. Third, PAZO ointment tends to reduce swelling and check bleeding. Fourth, it's easy to use. PAZO ointment's perforated Pile Pipe makes application simple, thorough. Your doctor can tell you about PAZO ointment.

SNAPPY FACTS ABOUT RUBBER

More than 25 American automotive companies are making military vehicles for United States soldiers and our Allies—and they have first call on tires and other rubber items.

Forty thousand additional miles have been obtained from individual tires in use at Camp Stoneman because of a fire-saving campaign in force since rubber became scarce. Tires—just plain fire cores and taping of the right time.

An 875-pound electric magnet attached to an electric truck "sweeps" the floors of a munitions factory of steel litter and serves the double purpose of salvaging metal and preventing fire potentials.

WEEKLY NEWS ANALYSIS

U. S. Forces Rip Jap Pacific Defenses; Complete Organization of New Agency To Supervise Surplus War Goods Sale; Heaviest Aerial Attacks Blast Germany

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)
Released by Western Newspaper Union.

New Guinea—Following a strict medical examination, New Guinea natives receive training equipment for military police duty in Papua foot hills against bandits and tribesmen.

CONGRESS:

Democratic Revolt

Relected by the senate's Democratic majority as its floor leader after breaking with President Roosevelt on the tax veto, burly Sen. Alben Barkley (Ky.) took back the reins of a balky party, but not without an eye on restoring harmony in its ranks with its principles.

Barkley's break with F.D.R. came as a result of the President's rasping attack on the \$2,300,000,000 tax bill, which he said was an "inedible crust" offering relief to "the greedy instead of the needy." It was not the question of the increased taxes but rather of the size and nature of the new levies which promoted the differences between the Chief Executive and congress, and Barkley's position indicated stiffening congressional independence in formulating legislation, rather than an all-out repudiation of Democratic principles.

The same attitude prevailed in the house, where 80-year-old Rep. Robert Doughton's declaration that he "parted company" with F.D.R. on the tax veto set the stage for congressional overriding of the veto.

WAR GOODS:

Sell Surplus

With the U. S. treasury preparing to sell 20,000 horses, 10,000 motor trucks and 4,600 motorcycles released by the army, the Surplus War Property administrator, William L. Clayton, was completing organization of the newly created agency to supervise disposal of all such goods.

While planes from the carrier force ripped Jap defenses in the Marianas, other U. S. air and naval units continued hammering down enemy resistance in the New Britain area, blasting shipping centers used as feeder points for barges supplying embattled Nipponese troops in South Pacific outposts.

As U. S. naval and air forces tore up the Marshalls, Carolines and Marianas, the enemy's vaunted navy and aerial auxiliary still showed no face to scrap, with the Tokyo radio telling its listeners that the Jap chiefs will order a fight only after drawing the U. S. from its bases.

EXTEND CCC:

Subsidies Included

With consumer subsidy foes unable to override a presidential veto, the senate passed a bill extending the life of the Commodity Credit corporation until June, 1945, and permitting its use of from 750 to 900 million dollars for payments to hold down retail food costs.

Headed for acceptance in the house, whose banking committee approved similar legislation, the bill also calls for continuation of price-support programs to assure farm production, a feature endorsed by those who opposed consumer subsidies or government payments to processors and others to cut retail prices.

A recent check by CCC showed that only one billion of its three billion dollar funds have been obligated and the remainder are available for extended operations. War Food Administrator Marvin Jones' request for an additional \$500,000,000 postwar fund was turned down.

AIR WARFARE:

Hit London

Stung by Allied bombers' destruction of their cities, Germany's once-vaunted Luftwaffe appeared in force over London again after a two-year lapse, blasting the British capital with block-busters that ripped up residential and factory areas.

As the Luftwaffe struck at London, big Allied bombers continued their attack on Nazi war-plane plants throughout Germany, seeking to cripple fighter production and reduce aerial resistance to U. S. and British forces when they open the second front.

From January, 1943, to the same month in 1944, the RAF and AAF lost 3,835 bombers in operations over western Europe, it was announced, with 2,688 of the craft being British and 1,147 American.

Open Fighting

With their lines lying exposed in the broad Roman plains, both German and Allied forces alike came under the heavy fire of artillery and aircraft around the Anzio beach-head, and the enemy's armored moves met stubborn resistance from U. S. and British troops.

To the southeast, wet weather muddled the mountain-sides and slowed up Allied advances against the Germans around Cassino. So bitter was the fighting in Cassino itself where the Nazis clung to part of the town that a U. S. Doughboy with Yankee wit reported to his commanding officer that "... Today, we captured a parlor, bedroom and kitchen ..."

PACIFIC:

Closer to Tokyo

Surging beyond Japan's crumbling outer Pacific defenses, U. S. carrier forces struck within 1,400 miles of Tokyo to blast at the Mariana islands, so called gateway to the enemy homeland.

While planes from the carrier force ripped Jap defenses in the Marianas, other U. S. air and naval units continued hammering down enemy resistance in the New Britain area, blasting shipping centers used as feeder points for barges supplying embattled Nipponese troops in South Pacific outposts.

As U. S. naval and air forces tore up the Marshalls, Carolines and Marianas, the enemy's vaunted navy and aerial auxiliary still showed no face to scrap, with the Tokyo radio telling its listeners that the Jap chiefs will order a fight only after drawing the U. S. from its bases.

ARMY BEEF:

Small Plants Tapped

To assure the military services of needed supplies, the War Food administration prepared to order 3,000 small packing and slaughter plants and local butchers to set aside 50 per cent of their "army style" beef beginning April 1.

At the same time, WFA announced manufacturers of cheddar cheese will be required to reserve 45 per cent of their March and 55 per cent of their April production, compared with 35 per cent for January and February.

Since the small packers and butchers sold their entire output to civilians, their reservation for the services is expected to cut into domestic supplies. Previously, the government obtained its beef from about 425 federally inspected plants, but decided to tap the other sources upon the belief that more than normal numbers of cattle were being marketed in the smaller centers.

HIGHLIGHTS . . . in the week's news

BUGLE: Plastic materials have solved another problem—this time in the brass musical instrument field. The army has been short of bugles because of a scarcity of brass. A plastic bugle has been developed that sounds as sweet as the metal ones. Besides that, it is only half as heavy, needs no warming up on cold mornings, and costs less to make.

MARS PLANES: The naval air transport service will put 20 of the new model Mars planes into service as soon as they are finished. The new JRM-1s are primarily designed for cargo carrying, but are quickly convertible to use as hospital ships or troop transports. They can carry 145,000 pounds of cargo, such as field guns, jeeps or engines, or 132 men, as transports.

For you to make

To obtain complete crocheting instructions for the Mini-Minute Cloth (Pattern No. 5313), list chart for working and amount of materials specified, send 16 cents in coin, your name and address, and the pattern number.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

Send your order to:

"and McKesson makes it"

MAYBE... future cars with Glareless Lighting

BUT... OIL-PLATING YOUR ENGINE is like outdoing the future — today

3,965,194 people bought the "latest" cars—mostly 1941 models. Twenty-odd million cars are still older. All the probable new car orders—even if dated today—won't be quickly filled. Then what future car improvement is likely to mean more than the instant improvement of your present car's health?

The least you can do for it is to have unsuitable scratchy old Winter oil drained. But get more than an oil change; adopt the major advancement of oil that OIL-PLATES—simply by getting Conoco Nth motor oil for your indispensable Spring oil change. Conoco Nth adds protective OIL-PLATING to working parts by "magnet-like" effect. This comes from the special modern synthetic in Conoco Nth oil... at regular price.

OIL-PLATING defies engine acids. These infest every engine; they're part of every explosion. They tend to corrode metals, most when your engine's driven little—not heated throughout—often re-started after full cooling. Yet even for more favorable postwar driving you'll want acid-resistant OIL-PLATING. Why not get it without waiting? Today! Simply change to Your Mileage Merchant's Conoco Nth oil for Spring. Continental Oil Company

KEEP ON... Backing the Attack! WITH WAR BONDS

When Your Back Hurts -

And Your Strength and Energy Is Below Par. It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

STRIBLING'S LICE OIL SPRAY

Superior to dip because it not only kills live lice on livestock and poultry but also prevents their nits (eggs) from hatching.

ONE TREATMENT.

GALLON, \$2.25—enough to treat 30 to 50 weaning calves or 15 to 25 grown cattle.

WE LIKE to think there are two reasons why so many folks around here buy MERIT Feed from us. First of all, we like to think it's because we are the kind of folks you enjoy trading with. And secondly, we like to think it's because you have found that MERIT FEED gives you better results than any other brand.

Anyway, whatever your reasons, every poultry and livestock feeder in these parts is welcome to make our store his feed headquarters. And if we can help you in any way... with advice or timely suggestions... we'll be mighty glad to do it. So drop in anytime, neighbors... we're always glad to see you.

Give those baby chicks Merit All Mash Starter

Good chicks deserve a good start... so feed them Merit All Mash Starter. It contains all the things a baby chick needs for life and growth. And it only takes 2 lbs. to feed a chick 6 weeks.

THIS ADVERTISEMENT, ONE OF A SERIES TO HELP ACQUAINT THE GENERAL PUBLIC WITH THE DAIRY FARMER'S CONTRIBUTION TO THE WAR EFFORT, appears in full-page size in The Saturday Evening Post March 11th and in Collier's March 25th issue

"H* hour" on the dairy sector

Count this man among the hard fighters for a United Nations' victory. Seven days a week, every week, he is in the front line of the battle for food.

His "objective" has been set. He is to help produce more milk than the nation has ever produced before, milk and the products of milk being rich in nutrients we all need for health and strength and stamina.

Because cheese carries important food values of milk in concentrated, shippable form, the Government's requirement for our fighting men and fighting allies is estimated at

nearly 400 million pounds this year. And over 500 million more pounds of cheese are needed . . . for you and other civilians to share.

Winning the battle on the dairy sector will be far from easy; there are many obstacles to overcome. But our dairyman friend was in action when "H* hour" ("the hour of attack") came before sunrise today. So will he be tomorrow and the next day.

He'll get no decoration for heroism in service, no medal to wear on his Sunday-best suit. But he doesn't care. This is his job, his vital job in the war . . . and he'll do it.

Because of the tremendous demand, both military and civilian, you may not be able to get as much Kraft Cheese as you would like, or get your favorite varieties—Kraft American, "Old English," "Philadelphia" Brand Cream Cheese, Velveeta, and so on. But you may be sure, as always, that any cheese or cheese food which bears the Kraft name represents the very highest standard of quality.

KRAFT CHEESE COMPANY

THE OLD JUDGE SAYS...

"Judge, would you mind tellin' Charlie here what you told me the other night walkin' home from lodge I can't word it just the way you did."

"Sure thing, Tim. Here's what I told him, Charlie. There's no such thing as votin' a nation, a state, a county, or even a community dry. We had proof enough of that

during our 13 years of prohibition. What you really vote for is whether liquor is going to be sold legally or illegally whether the community is going to get needed taxes for schools, hospitals, and the like, or whether this money is going to go to gangsters and bootleggers. That's the answer boys simple as A-B-C"

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

DOANS PILLS

Who's News This Week

By Delos Wheeler Lovelace Consolidated Features.—WNU Release.

NEW YORK.—In November, 1917, when the United States had been in World War I for seven months, the navy sent to its Brooklyn yard an Annapolis graduate 11 years out of the academy and just turned 30.

This time it has turned out the way he likes it, and President Roosevelt recommends that this same officer, now 57 and a vice admiral, be promoted to admiral for his success as commander of the mighty assault force that just tumbled the Japs in the Marshall Islands.

He packs a tremendous amount of energy in his medium build, and he drives himself and the men with him hard when the heat is on.

QUITE likely Mrs. George C. Marshall is doing a little extra listening these days. The thoughtful chief of staff of the Army of the United States talks...

It is to be noted that the general talks his problems to, and not with, Mrs. Marshall. Unlike some Washington wives she pretends to no expert knowledge in her husband's field...

For both the Marshalls this is their second marriage. He met her on a boat when she was a Baltimore lawyer's widow, met her again on land, decided he had done enough reconnaissance and found she felt the same way.

GEN. Alexander A. Vandegrift, commandant of the marine corps, marks the first birthday of the women's reserve with an all-encompassing "well done," and a smile lights up the keen blue eyes of Col. Ruth Cheney Streeter.

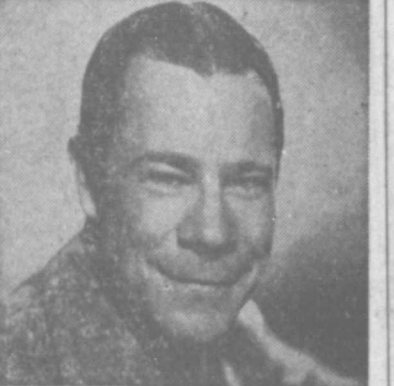

A year ago if this action-loving wife of a lawyer could have had her way, she'd have been ferrying planes overseas. She had learned to fly at 45 and held a civilian pilot's license...

She admits she was startled when the marines commissioned her a major in January of 1943 and set her to bossing the sister group to the WAVES.

Star Dust

By VIRGINIA VALE Released by Western Newspaper Union.

SINCE his return from his recent overseas trip Joe E. Brown has been the talk of New York — being modest, he's told the people fortunate enough to hear him, things that he should say to the entire United States.

His new radio show, on the Blue network, is a quiz show; too bad he's not doing an additional one, so that the public could hear what he told newspaper people.

The "vicious circle" that's supposed to be show business isn't so vicious for Xavier Cugat, who became a movie highlight after repeatedly starring on the bandstand of the New York Paramount theater.

Lauritz Melchior, Metropolitan tenor who scored such a hit clowning with Fred Allen on the air, has signed for his first motion picture—his Metro's "Thrill of Romance," featuring Esther Williams, the swimmer. He'll play an opera singer.

"All the other fellows razed this chap," said the soldier who'd just come out of Halloran hospital. "He sat down on the side of my bed and played cards with me and talked, and was swell. I didn't know who he was then. Found out later he was Frank Sinatra."

James Cagney has started his personal appearance tour of U. S. army and navy bases in the European war theater; expects to remain abroad for three months. He rehearsed six weeks with a dance coach before leaving Hollywood...

Shopping for lingerie with his wife, Geoffrey Barnes, he of the ominous voice on "The Mystery Theater," yielded to the temptation to use his radio voice on the elevator operator. Barnes says he never had an easier time getting out.

Next time you hear Cary Grant in a radio play, picture him acting out all the dialogue as if he were before the camera. When he's out of a scene he walks into the wings, mingles with the supporting players, and contributes to the off-stage sound effects.

After finishing the hilarious "The Miracle of Morgan's Creek" Preston Sturges left Paramount; now he's gone into partnership with Howard Hughes, who'll be his financial backer. That combination should produce some startling pictures!

Dimitri Shostakovich's Eighth Symphony will be given its first performance in the Western hemisphere over the CBS network on Sunday, April 2, by the New York Philharmonic symphony. Bill Downs brought the symphony back from Moscow.

PATTERNS SEWING CIRCLE

Jacket and jumper worn with Ascot scarf makes a smart spring suit!

Pattern No. 8559 is in sizes 11, 13, 15, 17 and 19. Size 13, jumper, requires 3 yards 36-inch material; jacket, long sleeves, 2 1/2 yards.

Early Thought. A BIT early, perhaps, to speak of graduation frocks, but the lovely young miss no doubt already is thinking of the time when she will want one of the prettiest, most youthful of frocks that she has ever possessed.

Spring Beauty. IT'S a wonder garment—you can use it as the base for half-a-dozen costumes. Wear the jumper with gay blouses—the jacket with separate sports skirts, with slacks.

CLABBER GIRL Baking Powder As HIGH as Ever in Quality As LOW as Ever in Price You SAVE when you buy. You SAVE when you bake, with Clabber Girl.

Should a husband tell his Wife? JACK: I'm running out of adjectives! Those hot biscuits and preserves for dessert were sure something!
