## Card Of Thanks

I wish to express my sincere thanks to the ladies who helped sew for me in the Red Cross room. Mrs. Sam Owens

Alfred Williams of Claude has taken over the duties of FW&D agent at the local depot.

Jewel Ivey and Modena Spier visited in Amarillo last Tuesday.

## Martin Exceeds Quota For Boy Co. Memorial Fund

People of the Martin Community gathered at the school house Friday evening to raise the balance of their quota of the Donley County Memorial Fund.

M. L. Putman auctioned a large number of attractive Boxes and pies. She bidding was stiff and accompanied by much joking and fun.

The ladies served hot coffee and every one enjoyed a feast. When the proceeds were counted it reached a total of \$121.40. Many pronounced it one of the best Box Suppers ever attended and all went home well fed and happy.

## W. S. C. S.

The WSCS met at the Church Monday afternoon and quilted a quilt for the Dodson family. We had a short business session while we quilted. Mrs. Cherry read a letter from Mrs. Jessie Hall thanking us for the Easter lily.

Delicious chocolate cake, hot tea and coffee were served to 10 members.

Next Monday afternoon we will have our Bible Study.

## Lions Club News

The local Lions Club will meet at 7:30 P. M. this week on account of the revival meeting going on at the First Baptist Church. The meeting will only last one hour so that all may attend church who wish. Let's have a good attendance and then all go to church.

## Red Cross Notes

We have plenty of work now ready. You may take this out as individuals, or clubs, Sunday School classes, church groups or any way to get this work done.

We are cutting our garments in the work room now. The cutting committee is Mesdames J. B. Pickett, chairman, Chas. Barnett, Frank Murray, Temple Cherry, and Chas. Rains.

We are making some quilts and sheet for our Emergency Chest. Here are some of the things we are needing at once: Readers Digests (any number for 1944), pocket size books, plain and printed feed sacks, also quilt scraps or quilt tops, if you wish to donate one. These are to be used in our Emergency Chest. We also need any used clothing anyone has, if it's clean and not badly worn. When you clean house this Spring fix a box for the Emergency Chest.

We wish to thank everyone who helped with the emergency needs for the Owen and Dodson families when their homes were destroyed. We also thank Mesdames Roxie Wyninegar and Merylene Sargent for the use of their machines.

Meeting place: Shaw Variety Store  
Time: 2:30 Thursday and Saturday.

## Darnell Grocery Moves To New Location

Mr. and Mrs. Roy Darnell are moving their grocery this week to the new location in the old Stanford Laundry building and will have their opening Saturday. The building has been remodeled and painted, and will permit a much larger stock, as well as a very attractive display.

The store hereafter will be known as Darnell Grocery and Feed Store. Mr. and Mrs. Darnell invite their friends and customers to visit them in their new location and see the many values they have to offer.

Read their advertisement elsewhere in this issue.

## Ivan Jones Still Holds Two Regional Records

We note in last Wednesday's Amarillo Times that two regional track meet records are still held by Ivan Jones. The records are 10 seconds for the 100 yard dash and 21.5 seconds for the 220 yard dash, and were both set in 1935.

For Rent—small house one mile south of town. See Mrs. W. E. Reeves.

For Sale—900 pounds of good Sudan seed \$10 per hundred, 1½ miles east of town on old highway. 223p Clyde Johnson

## Ray Moreman To Install Locker System

Up to date 128 lockers have been sold, and they are going fast. See Ray Moreman or Charles Rains at once if you want a locker.

Mrs. Tommy Moffitt and son Thomas Harold of Amarillo visited here over the week end.

## Rex Kendall Writes

Captain Rex Kendall, Chaplain in the U. S. Army, sends the following description of the Easter Service held in a chapel just completed on Bougainville Island.

"It was the greatest Easter since my Conversion Services were held in our New Chapel. You see the men built it. They cut the logs, hauled them to the mill, hand planed the altar, the pulpit and rail. The building is 95 ft. long, 32 ft. wide and has electric lights. The chapel is nothing short of a miracle. Built since I arrived and under 22 days of shellfire. The men worked long hard hours, even until midnight Saturday to have it finished for the services. We had many varieties of palms and ferns, and some men made a big wreath of beautiful ferns with a cross of flowers that stood about 4 ft. high. 350 men received the Communion, many for the first time in many years. A beautiful Gothic painted window made for me by a very fine artist is above the altar. It shows Christ standing above a soldier and a sailor with a hand on a shoulder of each."

May this arouse new resolutions to be more loyal to all church services in the hearts of all who read.

## 1st Baptist Church

The revival services being conducted at the First Baptist Church by Rev. Jeff Moore of Memphis are having good attendance and arousing much interest. Song services directed by R. W. Alewine are also good.

Several additions to the church have been made, and the church as a whole is being greatly benefited by the services.

Everyone has a cordial invitation to attend.

## C. R. Hunsucker Announces For Prec. 3 Commissioner

I have authorized the Informer to announce me as a candidate for the office of County Commissioner of Precinct 3, subject to the Democratic primary in July.

I have lived in this community since 1921. I believe I can perform the duties of this office honestly and efficiently, and promise, if elected, to devote my full time and best efforts toward serving the interest of the precinct and county. I have been in public business the entire 23 years I have lived here, and have had some experience with road work.

Your support and influence will be sincerely appreciated.  
C. R. (Slim) Hunsucker

Mrs. Howard Laney has returned to Hedley after spending several months with her husband in Louisiana.

Alfred LeMond, son of Rev. and Mrs. C. R. LeMond of Turkey is in an Amarillo hospital, where a piece of peanut hull was removed from his lung Wednesday. He is reported recovering nicely.

Dr. D. H. Cox attended a medical convention in Dallas this week.

Mrs. O. R. Culwell of Childress is reported ill in a Mineral Wells hospital.

## The House Situation

Mrs. Onita May Paul, daughter of Mr. and Mrs. Henry Posey purchased one of the Paine houses, North Main Street from Roxie Wyninegar. Mrs. Paul is to improve the place and make her home. Henry is quite a carpenter and interior decorator so we predict she will soon have one of the nicest homes in Hedley she can get him started.

Probably one of the big reasons for the house situation in Hedley is paint, or to be exact, the lack of paint. A few weeks ago the former ran an article in regard to the need of paint and the high cost of not painting, but so far there hasn't been any outstanding results shown.

Women since the days of Cleopatra and Helen of Troy have known the value of paint. Some even attribute the catching of their husbands to paint or maybe later on in life blame it on a paint job.

However, men have never really appreciated paint, either for its decorative or for its protective qualities. Usually if a board rots, he won't admit that it could have been saved by a few cents worth of paint. He just says, "Lumber ain't what it used to be," and goes and spends some dollars for some more boards.

During the depression we had more houses than we had paint and there were so many houses vacant that there was very little rent collected and no improvements made to the houses. As the houses depreciated it was harder to get good renters and the habit of paying an entrance fee instead of rent started, which was not considered such bad etiquette at that time as no one had any money anyway.

So after these houses were exposed to the Panhandle weather for several years, there was very little sale for them at home. Anybody buying them would have to have been out a large repair bill besides buying the house, and since they don't have any war plants no one at home was able to put out this cash and the houses were sold to be moved near where war work was going on. Probably at not a greater price than they could have been sold at home, but the home buyer, as typical in a cotton country, would have had to have terms.

Now if we will keep our places painted and in repair there will always be a demand for sale and rent of them and maybe we will never have another exodus of horse moving.

Mrs. O. B. Stanley of Abilene has been visiting here.

D. K. and Truett Hall of Groom were here last week end visiting Mrs. J. S. Hall, who has been quite ill.

Mr. and Mrs. Horace Cooper of Amarillo visited here Sunday.

Short Saunders made a business trip to Amarillo last Friday.

T. R. Moreman is reported quite ill.

For Sale—pair ladies' alligator dress oxfords, size 4, price \$4.00, no ration stamp required. Call at Informer office.

Wash Day Oven Meal Saves Gas Fuel

Potato Tarts with Sausage Filling

There are few meals as time-releasing and fuel saving as oven meals. They are a boon to the busy housewife, who can put food in the oven and leave it for a specified length of time, confident that the controlled heat of modern ovens will stay constant.

The fuel saving aspect helps not only the budget, but the war effort as well. All kitchen fuels, particularly "bottled" or "tank" gas, the convenient fuel for homes beyond city gas mains, are needed in war industries and the government appreciates any savings the "army in aprons" can make.

This "Wash Day Oven Meal" takes only 45 minutes in the oven and serves six. It is complete, except for the beverage, a raw vegetable or fruit salad and a cold dessert.

The meal consists of potato tarts with sausage filling and Spanish beans.

These two dishes can be baked in the same oven, setting the tempera-

ture control to hold the oven heat to 375 degrees.

**Potato Tarts With Sausage Filling**  
Mix an egg with mashed potatoes that have been prepared with milk, butter and seasoning. Leftovers will do. Sift a half teaspoon of baking powder for each cup of mashed potatoes into enough flour to make a dough when it is worked into the potatoes. Roll out and cut in 3-1/2 inch squares. Place two tablespoons of sausage meat that has been browned for ten minutes in the center of each square. Fold dough over diagonally and pinch edges together. Brush with top milk and bake for 45 minutes.

**Spanish Beans**  
1 pound green beans  
1/2 green pepper  
1 cup canned tomatoes  
4 slices bacon

Cut beans in one inch pieces, add green pepper and bacon, both cut fine. Pour tomatoes over and bake, covered, for 45 minutes.

Need pillow slips? There's one free in every 98-pound cotton bag. Usually, all you have to do is launder the bag and hem it. Of course, the choice of decoration is as unlimited as your own imagination—an embroidered monogram or design, an edging of handmade lace, or an applique design of colored material.

Cotton bags, such as those containing feed, flour, sugar, meal, and salt, are the source of material for numerous items, from home-brightening novelties to wearing

apparel. The cloth from bags is strong, lasting, launders easily, and with a little starch has the appearance of linen.

Numerous ideas for conserving material from cotton bags and adding attractiveness to the home are contained in the 32-page illustrated booklet, "Bag of Tricks for Home Sewing." Write for your free copy to National Cotton Council, Box 17, Memphis 1, Tennessee.

WATERLESS COOKING WILL SAVE VITAMINS IN YOUR VEGETABLES

Waterless cooking is one way of utilizing to the greatest degree the healthful qualities Nature has bestowed upon the products of the garden. It saves the vitamins and minerals.

The following chart is intended as a guide. In most cases you will need only enough water to cover the bottom of the pan about a half-inch. Use a tightly covered pan.

"Waterless" Cooking Chart

Vegetable	Fresh Weight	Cups	Maximum Time (Min.)
Beet greens	1.5 lbs	None	15-20
Kale	1.5 lbs	None	15-20
Mustard greens	1.5 lbs	None	15-20
Spinach	1.5 lbs	None	15-20
Tomatoes	1 lb.	None	Start with simmer
Parsnips	1 lb.	1	20-30
Large cut potatoes	1 lb.	1-1 1/2	20-30
Potatoes—whole with jackets	1 lb.	1-1 1/2	30
Rutabaga, cubed	1 lb.	1	20-30
Winter-squash	1 lb.	1	20-30
Squash—yellow	1 lb.	1-1	20
Sweet potatoes	1 lb.	1-1	20-30
Turnips—cut	1 lb.	1	20-30
Cut, shredded small green beans	1 lb.	1-1	15-20
Lima beans	1 lb.	1-1	20-30
Shredded or whole wax beans	1 lb.	1-1	15-20
Peeled, sliced beets	1 lb.	1-1	20-30
Quartered cabbage	1 lb.	1	15-20
Shredded cabbage	1 lb.	1	10-15
Cut sliced carrots	1 lb.	1-1	15-20
Cauliflower	1 lb.	1	20-30
Corn on cob	1 lb.	1 1/2	10-20
Large quartered onions	1 lb.	1	20
Small whole onions	1 lb.	1	20-30
Whole asparagus	1 lb.	1-1	15-25
Broccoli	1 lb.	1-1	20-30
French's sprouts	1 lb.	1-1	15-20
Peas	1.5 lbs.	1-1	15-20

Turn gas burner on full until water comes to a boil. Then turn down to a small simmer flame and leave until the necessary time has elapsed.

This type of cooking is not only conducive to better health, but is patriotic as well, inasmuch as considerable savings of fuel can be made. All fuels have gone to war, particularly the liquefied petroleum gases which we know as "bottled" or "tank" gas. These are used to make synthetic rubber, to cut and treat metals and to fortify high octane aviation gasoline.

THE OLD JUDGE SAYS...

"We can't argue with the Judge on that point, can we Mabel? It's not fair to penalize the many for the actions of the few."

"That, folks, is exactly what we would be doing in this country if we ever voted for prohibition again. Authorities who have made a careful study of the problem, report that only about 5% of those who drink abuse the privilege occasionally...95% drink sensibly. Probably doesn't compare with the number of folks who overeat and do other things to excess. Prohibition certainly

isn't the answer. It's not that simple. We had nearly 14 years proof of that, didn't we?"

"The real answer is education and better control. In fact, the responsible members of the distilling industry are working constantly toward that end. They don't want anybody to abuse the use of their product any more than the three of us do."

"If everybody would take that sensible attitude, Judge, and cooperate as more and more are now doing, we'd be a lot better off a lot quicker."

### THE AMERICAN'S CREED

I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe that it is my duty to my country to love it; to support its constitution; to obey its laws; to respect its flag, and to defend it against all enemies.

### TIME

Hello, Folks:

It takes time to prepare fats for salvage—your time.

It takes time to get papers and cans ready for salvage—your time.

It takes time to hustle out and sell bonds—your time.

It takes time for Red Cross and other activities—your time.

But the twenty-four hours a day, I'm at your call—that's my time.

My time is your time at prewar cost. My time is the biggest bargain on the market.

### New Shoe Stamp Announced

Beginning May 1, Airplane stamp 2 in War Ration Book Three may be used for paying one pair of rationed shoes OPA announced. The new stamp and Airplane stamp 1 will be good indefinitely. Stamp 18 in Book One will expire April 30. From May 1 through May 20, children's low-priced shoes (maximum \$1.60 per pair) in sizes 8½ through 12 and Misses' and little boys' shoes in sizes 12½ through 3 will be ration-free. In 1943 sales of civilian rationed shoes exceeded production by more than 53 million pairs, which made it necessary late last year to decrease the number of shoes available to civilians.

### That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become overtaxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, stony or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

## MOOS OF THE MOMENT

BY UNCLE BOB

of the Kraft Dairy Farm Service

If I could get as many important people to vote for me as vote for Sudan Grass, I think I could be President. This grass is harvested from America from North Central Africa and, as might be expected, it resists both heat and drought. It makes fine grazing when other pastures are dry and unproductive. If seeded in May the crop will be ready for grazing in about six weeks.

In Circular B-69, the Extension Service of Texas says that Sudan Grass is the best temporary pasture for summer and early fall. It does not do well on soils that are low in fertility. For best results, it should be planted in rows, the bulletin says, using 30 pounds of seed to the acre. To eliminate danger of prussic acid poisoning, it is suggested you do not permit grazing until Sudan is 18 inches high or better—nor after frost. The bulletin adds that if you do not have enough cows to prevent the grass heading, it can be mowed and placed in a trench silo. To get Circular B-69, write the Extension Service, Texas A&M College, College Station, Texas.

Indiana is another ardent supporter of Sudan Grass. Their experience shows that an acre of Sudan will carry from one to three head of cattle, depending upon the fertility of the soil. As hay, Sudan will ordinarily yield from 2½ to 3 tons per acre, and it may run as high as 4 tons. Indiana also tells you how to get a mixed crop of soybeans and Sudan Grass for roughage. The soybean seed should be drilled with the ordinary grain drill set for four to six pecks on the oats scale and thoroughly cleaned Sudan Grass seed may be applied through the grass seed attachment or broadcast separately at 10 to 16 pounds per acre and covered with a harrow. Send for Leaflet No. 188, Department of Agricultural Extension, Purdue University, Lafayette, Indiana.\* This is a valuable leaflet for you to have if you decide to grow Sudan.

Climb in, folks, there's lots of room in this Sudan.

Have you ever tried to figure out the difference in cost between the food value cattle obtain from good pasture and the food value they get from harvested crops? Well, Minnesota has and it's mighty interesting. Averaging up four different kinds of pasture and four different harvested

crops, they found the cost of the harvested crop was more than double the cost of pasture. On top of that, the pasture crop is harvested by the cattle instead of by you, thus saving you hours of work. Be sure to get the bulletin that tells all about this cost-finding study. Write for Bulletin 241, Extension Service, University of Minnesota, St. Paul, Minnesota.\*

While you're about it, I also suggest that you ask Minnesota for Extension Folder 106. This reports another fact-finding study, this time, on the methods of cooling milk. They found that when it was cooled in air at 10°F. below zero, it took an hour for the temperature of the milk to drop from 90° to 77°. When milk was cooled in circulating water at 47° above zero, the temperature of the milk dropped from 90° to 54° in an hour's time. The moral of that is that milk just can't be cooled properly in the air.

Along about next August, do you suppose it would be proper to say that the milk shortage had been hit by a green Sudan?

To get back to the subject of cooling milk, I recommend that you invest a postage stamp for a free copy of Farmers' Bulletin No. 976, U. S. Department of Agriculture, Washington, D. C. The ideas contained in this booklet will help you to size up your cooling tank and see if it is set up to do the right kind of job. There's no sense in losing money on sour or off-flavored milk when a little rearranging may fix things up.

The milk you save from souring means a little extra milk for the Nation. And a little extra milk from thousands of dairy farmers can play a mighty important part in our country's battle.

Home, James . . . In the green Sudan.

### Sheep in Near East Need Cart to Carry Heavy Tail

Do you know that in the Near East there are sheep whose tails are so large and ponderous that the animals are provided with small four-wheeled carriages in order to relieve the weight of the tail and prevent it from coming into contact with the ground?  
The oriental passion for greasy foods has led to the development of this type of sheep in which the fattest portion of the animal, the tail, combines excessive adiposity with enormous length.

### "I STOPPED DOSING MY CONSTIPATION A YEAR AGO!"

Saves Happy  
**KELLOGG'S ALL-BRAN** User

If you are still dosing your constipation, don't fail to read this unsolicited letter!

"I'd been troubled with common constipation for years. Tried many kinds of medicines for it. Then, just about a year ago, I tried KELLOGG'S ALL-BRAN. I ate it regularly, without missing a day. It helped so much, I have not taken one dose of medicine for constipation since, nor have I confined myself to any diet!" Mr. S. P. Loebe, Charleston, Missouri.

Sounds like magic, doesn't it? But, scientists say, KELLOGG'S ALL-BRAN can really "get at" a common cause of constipation—lack of dietary "cellulose" elements—because it is one of Nature's most effective sources of these elements! They help the friendly colonic flora buff up and prepare the colonic contents for easy elimination. KELLOGG'S ALL-BRAN is not a purgative! Doesn't "sweep you out!" It's a gentle-acting, "regulating" food!

If you have constipation of this kind, eat KELLOGG'S ALL-BRAN, or several ALL-BRAN muffins regularly. Drink plenty of water. See if you don't find real relief. Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

### Hedda Hopper: Looking at HOLLYWOOD

**DAME MAY WHITTY'S** like a spring tonic. She should be by all the women in the world. If by so doing they could capture even a part of her vitality and great courage it would be more than worth their while to make a textbook of her life.

A definite threat to Hollywood's glamour girls ever since she arrived, the gay little actress, who has chalked up some 70-odd years of living, is the center of attraction wherever she goes. Her background deals not only with folk of the stage and screen but with brilliant political figures as well. Some day it will be told in a book written by her daughter, the well known stage director and Shakespearean authority, Margaret Webster, who is carrying on the family tradition as established by her actress mother and actor father, Ben Webster.

Dame May has brushed shoulders and opinions with noteworthy headliners, from princes to presidents, for the past decades. Her "political career," if you can call it that, dates back to a London party given by Mabel Terry, niece of the famous stage star Ellen Terry. Women's suffrage was just beginning to take form, and the conversation began drifting toward the suffragets.

**Goodness Gracious!**  
"How," went the general trend of talk, "could women lose their respect to such an extent? Where was their pride? Of what were they thinking?"

It was at this point that Dame May Whitty began to think, deeply and sanely. The more she thought the more she agreed with the movement. Suddenly she found herself defending the group.

"Why, I actually think you are a suffraget," Mabel Terry remarked with surprise.

"I believe I am," answered Dame May. This marked a turning point in her life. From that moment she began coupling her make-believe life on the stage with the real business of fighting for a cause. She doesn't regret this decision, either. She feels woman's suffrage was prompted by courage and idealism and quotes H. W. Nevinson, who said, "It was the greatest spiritual movement I ever saw."

**Miss Debutante's Career**  
Shirley Temple has had more offers since "Since You Went Away,"

but she's being kept right on her own home lot and will co-star with Ginger Rogers and Joe Cotton in "Double Furlough," in which she'll have her first love scenes. At least first on the screen. . . .

**George Murphy, Pat O'Brien and Carole Landis** will do "Having Wonderful Crime," at RKO with Eddie Sutherland. Yes, they'll have a wonderful time, too. Eddie's that kind of a director. This is the third straight picture Murphy's done at RKO.

**Green Light for Movies**  
Comdr. William Chambliss of the United States navy has written "Boomerang"—fiction based on facts. The facts will not be known until the story comes out in the S. E. P. after which it will be done as a picture by 20th, with Louis De Rochemont producing, and probably Dana Andrews in the star part. . . . Alexander Knox, who's just finished "Woodrow Wilson," leaves for his native land, Canada, and its army camps. Knox doesn't depend upon our writers; he's whipped up his own material. . . . Ethel Barrymore's play for the Theater Guild come fall is Franz Werfel's "Embezzled Heaven."

**Still at It**  
Fanny Brice and Jimmy Durante do an act together for "Ziegfeld Folies." Maybe to teach youngsters how it's done, or bring back memories to oldsters who've been watching them do it for years. . . . Columbia's working on "Glamour for Sale," with Hugh Herbert in charge of beauty. It's to be a musical. Already Ina Ray Hutton and her band have been signed for it. It isn't star glamour in the studio, but concerns a lady on the street.

**As She Wrote It**  
Preston Sturges telling about time his mother wrote a daily beauty column for a London paper. She got \$25 weekly. It supported three of them. Preston didn't think her grammar was good enough, and suggested rewriting it, but her husband screamed, "Hey! We've gotta eat, screamed, "Hey! We've gotta eat, screamed, "Hey! We've gotta eat, shouldn't we?" . . . Which reminds me, that rugged individualist Lloyd Lewis once wrote about beauty, too. But Lillian Russell's name was signed to it.

**GEORGE RAFT** is back where he started—in Universal's "Follow the Boys" he does a Charleston and an Argentine number which he did in his stage debut, and in almost identical costume. His first professional dancing job was in one of the top vaudeville acts, Pilcer and Douglas, in 1922. And one of the things that cinched the job was Raft's resemblance to Valentino, at that time the world's greatest screen attraction. In "Follow the Boys" Raft is co-starred with Zorina, with whom he does the Argentine dance.

In those Dr. Kildare movies, when Laraine Day played the doctor's nurse, nothing ever happened to her but more Kildares. She got her break when the writers killed off the nurse, and Laraine made her

LARAIN DAY

escape, and scored one success after another. "Mr. Lucky," "The Story of Dr. Wassell" — and now she has landed a real plum. RKO has cast her to star with Alan Marshall in "That Hunter Girl."

Versatile John Nesbitt, the storyteller, is now turning out an average of one film a month at Metro, in addition to doing his Sunday spot on the John Charles Thomas show, and his new three-a-week series on CBS. He's won two Academy awards for his work.

**Cary Grant** saw little Arden Black going to school every morning when he turned into the studio, and liked her spunk. She was only seven, and had a brace on her leg, but said she didn't mind. So she spoke to Director Clifford Odets, in whose "None But the Lonely Heart" Grant is working, and they decided they could use a crippled child in London slum sets — and Arden got the job.

Paulette Goddard became known for achieving what others didn't when she became the first of Charlie Chaplin's wives to win real success on the screen. So it's no surprise that she has won a citation for being the first American woman visiting China to entertain U. S. troops. She received it from Col. John A. Feagin: "Her achievement reflects highest credit on herself and the entire entertainment world," said he.

Swell idea, that new CBS "Visiting Hour" on Saturday afternoons, beginning April 29, with Ted Husing as coordinator. There'll be a Hollywood star and a sports celebrity each week as guest stars; they will chat informally with soldiers at army hospitals. Programs for the first 13 weeks will cover most of the large cities from coast to coast, through the facilities of CBS affiliates.

**Art Baker**, NBC commentator and newscaster, recently learned how convincing he can be. He pleaded on the air for recruits for the Women's Air corps; did it so effectively that his daughter, Jean Ormsby, promptly joined up!

Alan Young, Canada's youthful contribution to the ranks of radio comedians, has been signed to take over Eddie Cantor's Wednesday night niche for the summer, beginning July 5. Young will be assisted by Bea Wain and Peter Var Steeden's orchestra.

Everett Sloane, CBS's "Crime Doctor" and the highest paid actor on radio, ran into an old college chum who assured Sloane that success hadn't changed him. "Well, it has a little," replied Sloane. "I'm now 'eccentric' where I used to be impolite, and 'delightfully witty' where I used to be rude!" Sloane, incidentally, appeared on Orson Welles' famous "Man from Mars" broadcast.

**ODDS AND ENDS**—Perry Como's definition of neighbors—"People who never notice you till you do something you'd rather they wouldn't notice" . . . In "None but the Lonely Heart," you see Cary Grant with a burned-out cigar; he's really a cigarette smoker, but cigarettes were out of character . . . "Duffy's Tavern," starring Ed Gardner, will continue in business for at least another year . . . And "Second Husband," with Helen Menken, is just starting on its eighth . . . 1,600 servicemen have received 4 1/2 x 1 1/2 inch packets of the Goldwyn girls appearing in "Up in Arms"; pinups will be reduced to pin points if this goes on!

### BIBLES THAT SAVE SOLDIERS' LIVES

Steel-jacketed Books Available in New York

Newspapers and newsreels during the past week, have recorded several instances where soldiers in the U. S. Armed forces were saved from injury or death, because a gold-plated steel-jacketed Bible carried in the soldier's breast pocket, deflected the bullet. Investigation showed that these Bibles in the James version of the New Testament or the Catholic Prayer Book were being sold by the Heart Shield Bible Co., 1775 Broadway, New York 19, N. Y. Purchases may be made through the mail either by check or money-order, at \$2.00, on De Luxe edition at \$3.00.

### SNAPPY FACTS ABOUT RUBBER

Navigation is impossible even for a canoe on some of the tiny branches in the Amazon headwaters in the remote Bolivia rubber country. Air transport is now serving in the rubber development in these areas. Tappers cut their way through the jungle, with from 100 to 150 wild rubber trees serving as each tapper's route.  
Tire experts hold that greater mileage is returned from truck tires if, when they are new, they are "broken in" for several thousand miles under normal or sub-normal conditions. Using new tires on front wheels before shifting them to the rear is one way of "seasoning" tires.
