

# The Hedley Informer

VOL. 34

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, SEPT. 8, 1944

NO. 43

## Lions Club News

Probably one of the biggest and best Lions Club meetings of the year will be Thursday night of next week. It will be 100% night when the Lions honor their new president, also it will be the beginning of the 100% attendance membership contest for the year. It is also ladies night and the annual Anniversary Night banquet. Being on a regular meeting night the only charge will be 75¢ for ladies and other guests. Present plans are to have it at the regular meeting place at 9 P. M. Out of town guests from Clarendon, Memphis and the newly organized club at Lakeview are expected.

This week the directors will meet and map out some Lion activities and entertainment for the fall. All officers, directors and committee chairmen are urged to come and all other Lions are invited.

## Card Of Thanks

To all the friends and relatives of our dear departed wife, mother and sister, we want to express our thanks and appreciation for the many kindnesses shown us in our bereavement.

E. H. Watt  
F. G. Watt and family  
Malcolm and Ruby Glass  
Mrs. E. W. Bromley  
Mr. and Mrs. W. I. Rains  
Mr. and Mrs. W. D. Shelton

## Card Of Thanks

We wish to express our sincere appreciation to our many friends who were so kind and sympathetic in the illness and death of our loved one.

May God bless every one of you.  
Mr. and Mrs. W. H. DeBord  
and children

## Methodist Church

We appreciate the increase in attendance at our Sunday School. Let's keep it growing. We urge that you will be with us for both Sunday school and Church Sunday if you are not in some other service. One mother has asked that her baby for infant baptism Sunday morning.

Bro. Palmer will be with us and preach in the evening after which he will hold our Fourth Quarterly conference.

We hope our people will remember the Nazarene meeting this week and next and attend when possible.

A. B. Cockrell

## Freshman News

The following are the officers for the Freshman class of '44-'45: president, Bobby Everett; vice-president, Edna Jewel Tims; secretary, R. L. Stone; reporter, Duane Naylor; refreshment and entertainment committee, Margie Bern Gregory, Wanda Jennings, Jamie Spear, Bobbie Lee Hall and Edward Todd; room mother, Mrs. Todd and sponsor, Miss Shadle.

Mrs. T. J. Wiggins and Mrs. Elvia Davenport of Borger visited past week end.

## News Of The Rationing Board

Motorists are again reminded to get their applications for new "A" books in to the local office as soon as possible. Application blanks are available at filling stations throughout the country. The cover of the present "A" book must accompany the form when it is mailed to the board. (Motorists are requested to mail their applications to eliminate the necessity of personal interviews with Board personnel. This will save valuable time.) Please have your application in the hands of the local board by September 15th in order that it may be mailed back to you by the validity date, September 22nd.

In the event that you've lost your present "A" book cover, then attach your 1944 car license receipt with your application. The receipt will be returned to you with your new ration book.

For Sale—not to be moved, the T. R. Moreman residence, also the residence just north of my home. Terms if desired. Also For Sale—living room suite, bedroom suite and gas cook stove.

See Ray Moreman

For Sale—1937 Model B John Deere tractor, general purpose, excellent rubber, motor in good condition. See Clyde Johnson, 1½ miles east of Hedley. 404c

Rev. and Mrs. V. A. Hansard of Amarillo visited here this week.

Mr. and Mrs. V. Alewine are visiting Monty Alewine and family at Hale Center.

Want to buy chickens. Will buy chickens every Friday @ 20¢ for hens and 30¢ for fryers, delivered at my home northeast of schoolhouse, known as Mrs. Kempson place. 412c

M. W. Mosley

Let C. E. Johnson, manager of the Hedley Telephone Co., write your fire and hail insurance.

Know more news? Phone 101.

## Giles News

By Mrs. Arthur Ranson

Cadet Midshipman Glenn Edging from Houston visited Miss Colleen Baker Thursday and Friday. He was enroute to San Francisco.

Mrs. Myrtle Lee Hoggard of Ardmore, Okla. is visiting Mrs. Kay Autry.

Mr. and Mrs. D. C. Browder, David and Nancy Browder were Amarillo visitors Thursday. Nancy remained to enter St. Marys Academy.

Mr. and Mrs. Bob Farris of Hedley, Mr. and Mrs. Alfred Ivey and children of Clarendon visited in the J. M. Baker home Sunday.

Mrs. J. D. McCants of Amarillo Mrs. H. E. Green of Hartly, Mrs. Weldon Ledbetter of Dumas attended the funeral of Mrs. E. H. Watt.

Mr. and Mrs. W. C. Johnson visited Mrs. Kay Autry Sunday. Benjamin and R. C. Darnell of Hedley spent the week end in the Eden home.

Lt. and Mrs. Daigue and Miss Nina Jo Foster spent Sunday with Mrs. Jerry Stotts.

## A Tribute To A Friend

"And when the work of life is over, He giveth his beloved sleep." I am writing of a friend whom we have loved and lost. We are prone to glorify and idealize their lives, but in writing of our beloved friend, Mrs. E. H. Watt too much cannot be said of a life so noble and true.

She left us memories, precious memories, and scores of friends will join this writer in paying loving tribute to her many virtues and loving deeds of kindness. Her loving care of those who depended upon her, her devotion to her family and fidelity to her friends, her helpfulness to the needy and her faithfulness to the Church constitutes a character we seldom find.

She was one whose life's real service was a dominant factor and there was always a warm handshake and an encouraging smile for one who needed it and many can tell of her courage and thoughtfulness of others during her long illness.

She lived a Christian life and her place in church was never vacant when it was at all possible for her to fill it. She was never known to join in adverse criticism of her church, lodge or the community pioneer club of which she was a loyal member since its organization nearly 30 years ago. These meant so much to her and she loved and served them all.

She has passed to the higher life and naturally we follow her with all human longings and the home is desolate. The world is a dark veil. But thru the darkness comes a voice and it tells of "Christ's many Mansions" and we know that Heaven is her home and some day we will find her.

Mrs. John A. Lemmon

Mrs. E. H. Watt was born June 4, 1866, in Alabama. She passed away Aug. 31, 1944, aged 78 years, 2 months, 27 days.

Funeral services were held Friday, Sept. 1, from the Hedley Methodist Church by Rev. Guy Ament of Clarendon, assisted by Rev. A. B. Cockrell.

Pallbearers were Leon Reeves, Roscoe Land, Hobart Moffitt, Ross Adamson, Alva Simmons and John Nash.

Honorary pallbearers included J. W. Noel, A. E. Ranson, Rev. H. T. Harris, Claud Nash, H. M. Horschler, Herman Kirkpatrick, R. O. Kelley, C. R. Hunsucker, C. E. Johnson, G. E. Kinslow, M. L. Sims and Frank Kendall.

Interment was made in Rowe cemetery with Womack Funeral Home in charge.

Mrs. Watt is survived by her husband, one son, Fred, of Hedley, and one daughter, Mrs. Ruby Glass of Giles, three sisters, Mrs. W. I. Rains of Hedley, Mrs. Cedie Bromley and Mrs. W. D. Shelton of Clarendon. A son, E. H. Watt Jr., died in infancy.

## Piano Recital

Mrs. A. C. Williams will present her class of piano pupils in recital Sept. 8 at 8:30 p. m. at The First Baptist Church in Hedley. The public is invited.

Mr. and Mrs. Alfred Rury of Rush Springs, Okla., visited in the Lee K. Read home this week. Mrs. Rury is a granddaughter of Mr. and Mrs. Read.

W. H. Jones was at home from Ft. Worth last week end.

## Basketball Prospects

Basket ball prospects at Hedley High School this year are the best in years. In looking over Coach Christian's squad we find only one letterman lost from last year's squad. The boys are already working out and should have a squad of 20 before the season starts. He has five lettermen from last years team and some mighty likely looking prospects that should make these lettermen work for their places. Last years team was a good young team, this year they will be a year older with another years experience and a lot bigger.

If we all get basketball minded and get behind this team and keep behind this team and keep behind them we can put Hedley up near the top again in basketball.

For Sale cheap—5 room house and 12 lots at Giles, all chicken-proof fence, good water well, on Hedley school bus line.

Mrs. C. Y. Johnson  
Hedley, Tex. Box 643

## FOR SALE

1 span of work mules, gentle, good header team. W. J. Luttrell 2 miles west of Hedley. 43tf

Have you made sure that your insurance covers replacing what might burn up tonight at today's prices. If not see C. L. Johnson at the bank.

For Sale—one coal or wood cook stove, just used one year, also a good coal heater, not a crack in it. L. K. Read Hedley Tex.

Among the out of town friends and relatives here for Mrs. E. H. Watt's funeral were R. Y. King, Mr. and Mrs. Frank White, Mrs. Frankye Blocker, Mrs. Trent, Mr. and Mrs. Bill Bromley and family and Mr. and Mrs. Loyd Shelton of Clarendon, Mr. and Mrs. John Glass and daughter of Dumas, Mrs. J. D. McCants and Mrs. Loyd Moreman of Amarillo, Mrs. Weldon Ledbetter of Dumas, Mrs. Hubert Green of Hartley, Mrs. C. C. Meacham of Memphis, Oren Watt of Kerens, Mr. and Mrs. T. J. Coffey of McLean and Mrs. Elvia Davenport of Borger.

## 1st Baptist Church

The Baptist Church will not have church services Sunday morning in order that the members may go to the Methodist Church for Rev. A. B. Cockrell's final service here before going to the Army as a chaplain.

The revival closed Sunday night with the baptismal service. Everyone enjoyed the good preaching by Rev. Clifford Harris and the song services led by Rev. A. B. Cockrell. Several additions to the church were made, and the membership was greatly benefitted by the services.

Rev. Clifford Harris could not be present for the closing services, as he received word Saturday night that his new church at Vernon had burned. The church was not entirely completed, and was a total loss, together with \$500 worth of books belonging to the pastor. We understand that the church has rented a tent, and will begin rebuilding at once.

## M System Grocery Reopened

The M System Grocery reopened last Saturday after having been closed several weeks on account of a shortage of help. Cecil Williams of Memphis is the new manager and invites everyone to call on him. Read their ad elsewhere in this issue.

For Sale—Roxie's Cafe, also a house and lot.

Mrs. Roxie Wynegar

For Sale—1,000 this year cane bundles, good head, 10¢ 433p

E. M. Glass

I sell the Dickson New Analytical Bible for cash or monthly payments. No Bible printed that contains as much helps on Bible study, has a complete dictionary.

J. L. Ratcliff

423p Box 654, Hedley, Tex

Plenty of good kaffir bundles for sale. See Pete Darnell. 433p

For Sale—watermelons, tomatoes, okra and roasting ears, on J. W. Noel place.

423p Haile and Adams

## Notice

Don't forget that Sunday is singing day again. Everyone come and help have a good singing.

J. B. Masterson and Roy Jewell have returned from a trip to Hot Springs, Ark.

Mary Sue Scales was brought home Wednesday from a Clarendon hospital where she recently underwent an operation for appendicitis. She is recovering nicely.

Mr. and Mrs. Alva Simmons, J. W. Noel and daughter Martha Sue returned Tuesday from a trip to Ft. Worth, Dallas and Denton.

## Cecil Walker Killed In Action

A. M. Saunders has been notified that Cecil Walker of the U. S. Marines had died from wounds received in action on Saipan on June 16. This was the third time that Cecil had been wounded in action. He had been overseas for two years.

## Granville Ivey Writes

The following letter was written by G. M. 2-c Granville Ivey on his 21st birthday and his grandmother's 78th, somewhere in the South Pacific.

Dear Dad, Mother, Bill and Jean,

This was one day I usually really enjoyed. This year and last have been an exception. I hope next year to be with you and grandmother. She is getting old, and I hope when I am her age to have as good health as she has.

Mother, your spoiled son is now a man in years, but I hope to always remain a boy at heart.

I wish I were there to help Dad. After this message I will go to work by his

## IMPROVEMENTS

Among the recent improvements are:

A new roof on the Earl To house and a new paint job on house and garage.

The L. K. Read home has been painted.

A new roof on the A. A. Co garage.

A paint job on the Wynli home.

Some needed repairs on West Texas Gin and the Hed Gin yard.

A new garage at Mrs. Deahl's.

A new roof and J. C. Woolridge Co.

## Birthday Party

Mrs. J. C. Bridges entertained group of children in her home Wednesday afternoon honoring her son Jerry on his fifth birthday. Various games were played during the afternoon.

After the candles on the beautiful birthday cake were blown out by the honoree, cake and punch were served to Bill and Buddy Reeves, Nancy Lou Hinds, Roy Key Jr. Doris and Betty Bilderback, Bobby Ray Sharp, Scot Lamberson, Tommy Earl Tollett, Barbara Johnson, Dorothy Jean Allee, Jimmy and Neel Carter, Buddy Johnson, David Edward Boliver, Barbara Ann and Jerry Bridges.

A. B. Ivey and family and Mrs. Ella Ivey, all of Clarendon, and J. T. Wylie of Pampa visited in the J. A. Ivey home Sunday.

James Reid and family of Amarillo visited home folks this week.

Billy Clifford Johnson of Sherman is visiting here.

side and we will build together. Dad is more than a father. I realize that now and some day I hope we will all be side by side again.

My mail is getting here pretty regularly now but a lot of it hasn't got here yet.

I can't write anything and there isn't much I can write about so I will stop and hope to hear from you soon. Write soon with a long letter.

Love,  
Granville

## Jack Blanks Wounded

Mr. and Mrs. Roy Blanks received a telegram Sunday from the War Dept. as follows:

"We regret to inform you that your son, Pvt. Jack Blanks was seriously wounded on August 11."

Jack had previously written that he was wounded, but not seriously.

## R. H. Alexander Writes

Sgt. R. H. Alexander arrived back in port Sept. 1 from the South Pacific. In a letter to his parents, Mr. and Mrs. Roy Alexander, he writes that he received

of the Informer and to work by his

WEEKLY NEWS ANALYSIS

Nazi Armies Fall Back in France; Hitler's Hold on Balkans Shaken; Lend-Lease Totals 28 Billion

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Carried on ox-carts, wounded Allied soldiers arrive at Myitkyina airstrip, Burma, for transfer to hospital plane.

EUROPE:

Nazis Pull Back

As fast-moving Allied forces pushed the Nazis back throughout all of France, German spokesmen hinted that Hitler's high command planned a withdrawal to the Reich frontier so as to concentrate the greatest number of men on a short line.

But even as the Nazis fell back, swift armored thrusts by the U. S., British and French continued to slash at the harassed enemy's flanks and threaten his encirclement from the rear, and clouds of Allied planes roared over the battle-lines to dip low and gun the retreating German columns.

With the bulk of their forces crowded in the area immediately north and south of Paris, the Germans put up their stiffest rearguard resistance in this region. In southern France, Lieut. Gen. Alexander M. Patch's Seventh army fanned out quickly in all directions, with only scattered bands of enemy troops standing up briefly to slow the Allied drive.

After capture of the great French Mediterranean port of Marseille, American engineers went to work quickly to restore facilities damaged by the Germans and enable the Allies to funnel supplies quickly to their armies in the south. Use of Marseille's installations would relieve the troublesome practice of landing supplies on the sandy beaches in shallow-draft craft.

Armistice arrangements for the German evacuation of Paris having fallen through, Free French armored columns were compelled to fight through a screen of Nazi defenders to liberate the city, with heavy U. S. howitzers backing up Gen. Charles de Gaulle's troops, and helping to break enemy resistance. Occupation of Paris with its 3,000,000 people in need of food and fuel for utilities, posed a supply problem for the Allies.

Turbulent Balkans

With formation of a peace government in Rumania, Adolf Hitler's unsteady grip on the turbulent Balkans grew unsteadier, with Rumania's defection threatening to topple Germany's whole southeastern front.

As young King Michael announced his country's willingness to accept Allied peace terms, Russia called for Rumania's expulsion of German troops from her homeland, or a war against Hungary to clear the latter from Transylvania, as the price of armistice terms.

Even as Rumania acted to quit Germany, Bulgarian peace proposals reportedly were forwarded to the Allies, who were said to have insisted upon the Bulgarians' withdrawal from all occupied Grecian and Yugoslav territory as one of the armistice terms.

To prevent any peace factions from obtaining a grip in Hungary, the Nazi-inspired regime dissolved all political parties, including the conservative elements.

Russ Pressure

Figuring in the Balkan countries' swing toward the Allied camp was the Russians' power-house drive bearing down from northern Rumania.

As the Reds hurled their might at the enemy lines, they bored down on the Galati Gap between the Transylvanian Alps and Black sea, barring the way to the heart of Rumania and the Ploesti oil fields. From this region, there was short going before the Reds would reach the Bulgarian frontier.

POSTWAR PEACE:

Powers Confer

Meeting in the quaint, old Dumbarton Oaks estate in Washington, D. C., representatives of the U. S., Britain and Russia began momentous conferences on preserving postwar peace, with emphasis on the need of force as an ultimate resource. China was to join the conference after the Reds had finished their talks, since Russia is not at war with the Japanese and is unwilling to discuss repressive measures against them.

Accepting the invitation of Secretary of State Cordell Hull to discuss postwar peace plans, Gov. Thomas E. Dewey sent John Foster Dulles, his advisor on foreign affairs, to the capital to consult on the conferences. Hull issued his invitation after Dewey expressed concern that the major powers might overlook the interests of the smaller nations.

Although the conferees were said to agree on the principle of employing force to suppress future aggression, plans under discussion called for the use of force only after measures for peaceful settlement had failed.

ANTI-TRUST:

Railroads Named

Charging maintenance of non-competitive rates, prevention of improvements and facilities of western lines, and suppressing development of other forms of transportation, the government filed an anti-trust suit against the Association of American railroads; the Western Association of Railway Executives; 47 railroads; and the investment houses of J. P. Morgan and Company and Kuhn, Loeb and Company.

Focusing its attention on western rail operations, the government declared that establishment of higher rates in that territory than in the east placed it at a competitive disadvantage, retarding its economic growth. The government also claimed that movement of perishable commodities has been delayed by unwillingness to speed up schedules, and efforts have been made to stunt the development of truck and water transport.

In naming J. P. Morgan and Company and Kuhn, Loeb and Company in the suit, the government charged that they controlled major railroad financing and possessed substantial industrial interests in the East.

LEND-LEASE:

Aid Mounts

Declaring that continuation of lend-lease was essential for speedy victory until both Germany and Japan were brought to their knees, President Roosevelt revealed that the U. S. share of such assistance approximated 28 billion dollars up to July 1, while other countries contributed in excess of 3 billion.

Of the 28 billion dollars, Britain received over 9 billion; Australia and New Zealand, 1 billion; Africa, the Middle East and Mediterranean, 3 billion; Russia, almost 6 billion; China and India, 1 1/2 billion, and Latin America, 172 million.

As an indication of the gigantic contribution U. S. industry has made to the war, figures showed that this country lend-leased 11,000 planes and 300,000 trucks and other vehicles to Russia; 6,000 planes and 9,900 tanks to Great Britain, and 4,800 planes, 51,100 tanks and 73,000 trucks and other vehicles to the Mediterranean area.

HIGHLIGHTS . . . in the week's news

USE OF AUTOS: A recent survey discloses that 74 per cent of car owners are driving their autos less than half the peacetime mileage. This reduction has come about through shorter and fewer trips rather than the laying up of cars for ration. Gasoline rationing has combined with rationing of tires to lessen motives to lessen driving. continued.

TRAP SHOOTING: Capt. Joseph Hiestand of Hillsboro, Ohio, has once again won the North American clay target championship in the 45th Grand American Trapshooting tournament held at Vandavia, Ohio. This is the fourth time he has captured the award; the previous occasions were in 1926, 1928, 1930 and 1932. He broke 23,000 targets to lead the field.

AGRICULTURE:

Seek to Avoid Glut

Looking forward into the postwar world with all of its economic problems, the War Food administration has sought to develop a procedure designed to avoid the accumulation of vast stores of surplus foods which might constitute a market threat when hostilities cease.

Under WFA plans, the agency now buys food only for foreseeable demands, and declares that any commodities required for relief in liberated countries will first be withdrawn from surplus army and lend-lease stocks before purchases are made in the domestic market.

In establishing a surplus sales division, which is to sell current food stocks when demand is high to make room for fresh supplies, the WFA has set up machinery for future disposals.

World Plans

Drawn up with the avowed ambition of improving the efficiency of farm production and distribution, and bettering the economic conditions of rural populations, plans for a permanent international agricultural organization have been submitted for approval to the 44 United Nations by their food conference committees.

To act in an advisory capacity only, the proposed organization would consist of a governing body in which each nation would be represented, with efforts directed toward promoting research, spreading information and offering recommendations.

Other objectives of the plan include the elevation of nutritional standards throughout the world, and the development of agriculture as a contribution to an overall economic expansion.

PACIFIC:

Bombers Active

With thousands of Japanese troops stranded on the enemy's string of outer defense islands from the Solomons down to New Guinea, Gen. Douglas MacArthur's air command concentrated on the bombardment of shipping lanes through which supplies might seep to bolster the sagging garrisons.

At the same time, Adm. Chester Nimitz revealed that navy planes continued their attack upon the strategic Bonin islands, which lie approximately 600 miles from the Japanese mainland and just above the U. S. occupied Marianas, in an effort to soften up these stepping stones to Tokyo.

In pressing their bombardments, General MacArthur's airmen ranged over Mindanao, important basing point for enemy shipping in the southern Philippines.

Fatherly Marines

Having been removed from hillside dug-out on Tinian island in the Pacific, these native children were scrubbed clean by battle-hardened but fatherly U. S. Marines, then outfitted with new clothes and sent to rear areas.

WAGES:

AFL Wants Boost

Declaring that the President possessed the power to raise wages, and that the stabilization act calling for a balance in the nation's economy afforded him the grounds for such a move, the executive council of the American Federation of Labor asked for abandonment of the "Little Steel" formula, limiting pay increases to 15 per cent of the January, 1941, level.

At the same time, the council chartered the International Office Workers union, which would embrace a vast number of white-collar employees, who, as a class, have felt the squeeze of rising living costs more than any other group, since most wage increases have been enjoyed in the heavier war-boomed industries.

In appealing for higher wages, AFL President William Green declared: "The working men and women of this nation have been made to suffer from a maladjustment that exists between wages and cost of living. This maladjustment has broken and depressed their peacetime standards of living. . ."

U. S. LAND

More than 34 million acres have been acquired by the federal government for war purposes, exclusive of land taken over by the Defense plant corporation, according to Senator O'Mahoney of Wyoming.

The war and navy departments have stated that 6,750,000 acres of their holdings are surplus for post-war purposes. Of this, 1,576,000 acres are tentatively classified as good agricultural land, 2,197,000 acres as grazing land, and 2,107,000 as forest tracts.

Household Hints

In grinding an ax on a motor-driven emery wheel or grindstone, keep the fingers on the ax-head to test its temperature. If the metal gets uncomfortably hot in the hand, stop grinding to keep the ax from losing its temper.

For crisp bacon that is juicy within, dust lightly on both sides with flour before frying slowly.

A half teaspoon of oil of peppermint added to the filling for chocolate pie gives a new and different flavor.

When dyeing wearing apparel it is a good idea to run a few lengths of thread through an inside seam. When finished, these threads will furnish an exact match if repairs are needed.

Next time the cream won't whip try this: add the white of an egg to the cream, chill and try again.

Two common causes of failure in pastry are too much working, and the addition of too much water. Flaky pie dough requires only enough water and handling to hold it together.

To make it easy to save fat for Uncle Sam, make a strainer by putting a cloth in a 10-cent embroidery hoop. This eliminates need of washing a greasy strainer and cloth may be used to kindle a fire.

To save fuel, always measure the water before heating rather than heating a kettle full of water then measuring out what is needed. Don't forget it's patriotic to conserve everything, including fuel!

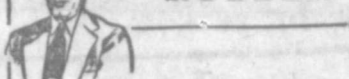

Common sandpaper is good to use in cleaning suede purses, shoes or jackets. It removes the dirt and freshens the fabric.

Cut off just enough of the corner of the soap box to allow a thin stream of soap to pass through. The larger the opening, the more likely it is that more soap will pour out than is needed.

RHEUMATIC PAIN

Don't put off getting C-2233 to relieve pain of muscular rheumatism and other rheumatic pains. Caution: Use only as directed. First bottle purchase price back if not satisfied. 50c and \$1.00. Today, buy C-2233.

SNAPPY FACTS ABOUT RUBBER

Normally there are 20 per cent more tire failures during the summer months than others. Tests have shown that at a temperature of 90 degrees tires wear out twice as fast as at 60 degrees and that at 100 degrees they wear out five times as fast as at 40 degrees.

Even with production being restored at Far East rubber plantations and our synthetic plants working at peak, authorities believe there will be a tight rubber situation for some time following the end of the war.

**THE OLD JUDGE SAYS...**

"Did you hear that Tom is going to be inducted into the Army next week, Judge?"  
"Yes, Frank told me this morning down at the barber shop. Our town's got a lot of men in the service now, Jim. In fact, all towns have. I was just reading in the paper where there are more than 10,000,000 men away from their homes in the armed forces. And, from all reports, they're doing a grand job bringing victory closer every day."  
"We folks at home have a mighty big obligation to those 10,000,000 fighting men. We've got to produce the food to keep them

well fed. We've got to keep them supplied with the ammunition and equipment they need to finish their job. We've got to help the Government pay for all these supplies our men need by buying more and more War Bonds. We'll have another big chance to do that by helping to put the 5th War Loan drive over the top, Jim."  
"And, in addition, we must be sure that, while they're away and can't express their opinions, we don't go voting on and deciding any things that will displease them when they come back."

*A Switch in Time saved Mine...*

**My wife wasn't all joking.**

She said that a real new car improvement would be to go easing sideways, right into a cramped parking space at the curb. I said yes—maybe in 1960. There's one swell improvement though, that's here *already!*—an OIL-PLATED engine! You get that immediately by switching to Conoco *N<sup>th</sup>* motor oil. I don't say it's the *only* oil; they're not hiring me. But I had this engine OIL-PLATED around 1941. It's still running like a dard, using Conoco *N<sup>th</sup>* oil all the while, to cut down damage from engine acids. If I know what I've read all through this War, the acids made by every engine are liable to cause corrosion inside. That's bad. But acids don't like OIL-PLATING—can't gnaw right through it. It's fastened real close or sort of *plated* onto working parts that you've got to protect till your new car comes. And even then you'll want the engine OIL-PLATED with Conoco *N<sup>th</sup>* oil, the same as in the car you've got *now*.

**When Your  
Back Hurts—**

**And Your Strength and  
Energy is Below Par**  
It may be caused by disorder of kid-  
ney function that permits poisonous  
waste to accumulate. For truly many  
people feel tired, weak and miserable  
when the kidneys fail to remove excess  
acids and other waste matter from the  
blood.  
You may suffer nagging backache,  
rheumatic pains, headaches, dizziness,  
getting up nights, leg pains, swelling.  
Sometimes frequent and scanty urina-  
tion with smarting and burning is an-  
other sign that something is wrong with  
the kidneys or bladder.  
There should be no doubt that prompt  
treatment is wiser than neglect. Use  
Doan's Pills. It is better to rely on a  
medicine that has won countrywide ap-  
proval than on something less favorably  
known. Doan's have been tried and test-  
ed many years. Are at all drug stores.  
Get Doan's today.

will be done in accordance with War Manpower Commis-  
sion's Employment Stabilization Program.

**MOOS OF THE MOMENT**

BY UNCLE BOB

of the Kraft Dairy Farm Service

There have been many cases of  
good bulls being sacrificed at too  
early an age, because some dairymen  
dislike to use an older animal, due to  
hazards involved in handling. Proper  
housing, proper management and  
exercise are the answers to this  
problem, says the University of  
Illinois Extension Service, in Circular  
460.

It recommends housing the bull  
separately from the herd, and gives  
a floor plan for a bull shed. Plenty  
of space for exercise is needed, with  
a strong fence around the yard.  
Careful feeding, to keep the bull in  
top condition, without being fat, is  
an essential. When feeding legume  
hay, a grain mixture of three parts  
ground oats and one part wheat bran  
is preferred. Other feeding mixtures,  
when other roughage is used, are  
suggested in the circular.

Young bulls should be kept in  
service until their true worth can  
be determined, by the milk produc-  
tion records of the progeny. Hand-  
ling the bull is more important as the  
age increases and this Illinois circular  
can serve as a good guide book.\*

Even trade is fair exchange, so  
they say, but a man could get  
into a lot of trouble trying to  
swap a 40-year old wife for two  
twenties.

One of the interesting things  
about being a dairy farmer is the  
fact that you don't have much  
chance to get into a rut. Every  
changing season brings changes in  
the things a dairy farmer should  
be doing.

The annual change over from  
supplementary feeding for cows on  
pasture to barn feeding will be tak-  
ing place shortly. It is time to start  
checking your feed supplies, to  
determine whether you have suf-  
ficient roughage, silage and grain  
to carry your cows through the  
winter, in top condition and at top  
production.

As in the case of feeding sup-  
plementary to pasturing, the  
amount of grain to feed your  
own herd is determined by (1)  
kind of roughage; (2) breed of  
cows; (3) rate of production and  
(4) protein content of feed mix-  
ture.

If you need a table which will  
show the correct mixture to feed,  
based on those four points, I sug-  
gest you write the Extension Serv-  
ice, University of Illinois, Urbana,  
Ill., and ask for a copy of Circular  
502.\* It has a section on barn feed-  
ing which will be a valuable aid in  
keeping your herd's milk volume at  
a peak.

Purdue University recently is-  
sued a new leaflet, No. 260, on

cleaning and sterilizing dairy uten-  
sils. It is well illustrated and merits  
a prominent place in your dairy file.  
It takes you through each step—  
rinsing with cold water, scrubbing,  
rinsing with hot water and sterilizing  
with a chlorine solution. A section  
is devoted to washing and  
sterilizing the milking machine. You  
can get a copy by writing the Exten-  
sion Service at Lafayette, Indiana.\*

If you really want to "know your  
oats", you'll do well to write to the  
U.S.D.A., Washington, D.C., for a  
copy of Farmers' Bulletin No. 1947.  
It is a complete discussion of disease  
resistant and hardy oats for South-  
ern states.

The bulletin stresses the impor-  
tance of increasing the acreage  
of oats in the South and South-  
west in order to improve dairying  
in those regions. It recom-  
mends early enough fall seeding so  
that the young plants can get  
sufficient growth to withstand  
freezing.

The publication declares that fall-  
sown oats greatly outyield spring-  
sown varieties in most sections of the  
south. The Arkansas Experiment  
Station reported a 42% gain in yield  
of fall-sown over best varieties of  
spring-sown oats.

There are specific varieties of oats  
recommended for each state in the  
South and Southwest. Varieties ap-  
proved may be different in different  
parts of certain states and the book-  
let gives this information. All it  
costs is a penny postcard to write  
and request a copy.

A fellow I know says he started  
tracing back his family tree but  
decided to quit when he found it  
seemed to get its start by  
grafting.

If good rope has become a knotty  
problem on your farm, you'll be able  
to get some good out of another  
U.S.D.A. publication, Farmers' Bul-  
letin No. 1931. It tells you how to  
take care of rope, to make it give  
longer and better service.

This book shows how to repair  
broken strands, a problem which  
occurs frequently these days. It tells  
how to make several different splices  
and how to tie the various kinds of  
knots.

There are plenty of uses for rope  
around any dairy farm and you  
should be able to get some valuable  
help from the information in this  
booklet.

\*NOTE: There usually is a 5c charge for  
pamphlets mailed to non-residents of a  
state; but possibly your own state has a  
free pamphlet on the same subject. Ask your  
county agent.

**75 LBS OF NITRAGEN 12¢**

★ It's a fact! The amount of nitrogen added to the soil by legume cover crops can be boosted as much as 75 lbs. per acre by inoculating the seed with NITRAGEN that costs about 12¢ an acre. Tests show well-inoculated legumes can add up to 125 lbs. of nitrogen per acre, but uninoculated legumes frequently rob the soil of this valuable plant food.

**INOCULATE PEAH, CLOVERS, LUPINES, WINTER PEAS WITH NITRAGEN**  
Farmers say NITRAGEN is good, cheap crop insurance. It makes bigger, surer yields. Its selected, tested strains of legume bacteria are produced in the most modern laboratory of its kind. Get NITRAGEN where you buy seed. Look for the yellow can.

**NITRAGEN INOCULATION**  
Write for free booklet—how to grow better peas, clovers, etc.

**That Nagging Backache**  
May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.  
You may suffer nagging backache, headache, dizziness, getting up at night, leg pain, swelling, constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.  
Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

**Families Like Meals With a Relish**  
(See Recipes Below)

**Bit of Spice**  
"I've saved many a meal just by lerving it with a good relish," homemakers often tell me.  
This is the season to put up those small, precious jarsful of sweetness and spice to go with meat-thrifty meals. There needn't be many if your sugar rations are low, but do fit a few of them in your canning budget and classify them as morale builders.  
Pickles, chutneys, catsups, conserves and relishes add that bit of something special to the meal. They're easy to put up because the sugar, spices and vinegar in them act as preservatives.  
First on the list is a tasty blueberry relish that goes with mild-flavored meats like lamb or veal.

**Lynn Chambers' Point-Saving Menus**  
Stuffed Veal Roll  
Creamed Potatoes  
Parsleyed Carrots  
\*Blueberry Relish  
Cantaloupé  
Bread and Butter Beverage  
\*Recipe Given

Wash and chop tomatoes and peppers. Simmer until soft. Press through a fine sieve. Cook rapidly until reduced to about one-half. Add sugar, salt and spices (tied in bag) and boil until thick. Add vinegar about 5 minutes before removing from fire. Pour into hot, sterile jars and seal at once.

Two of the most popular types of pickles get a place in today's column. You'll like putting up both for variety's sake:

**Bread and Butter Pickles.**  
3 quarts sliced cucumbers  
3 onions  
1/2 cup salt  
3 cups vinegar  
1 cup water  
3 cups brown sugar  
1 teaspoon cinnamon  
1/2 teaspoon ginger  
2 tablespoons mustard seed  
1 teaspoon turmeric  
1/2 tablespoon celery seed  
1 pod hot red pepper  
1 piece horseradish

Mix cucumbers, onions (sliced) and salt. Let stand 5 hours. Drain. Boil vinegar, water, salt, sugar and seasonings 3 minutes. Add cucumbers and onions and simmer 10 to 20 minutes. Do not boil. Pack into hot, sterile jars and seal at once.

**Chili Sauce.**  
Chili sauce has carried a high point value since rationing came into effect. It would be a good idea to put it up at home so as to save points for other canned food.

**Chili Sauce.**  
1 gallon tomatoes  
2 cups onions  
2 cups sweet red pepper  
1 pod hot red pepper  
1 cup sugar  
3 tablespoons salt  
1 tablespoon mustard seed  
1 tablespoon celery seed  
3 tablespoons mixed spices  
2 1/2 cups vinegar

Skin tomatoes before chopping. Chop all vegetables before measuring. Tie mixed spices in a bag. Mix all ingredients except spice bag and vinegar. Add spice bag after mixture has boiled 30 minutes. Cook until very thick, then add vinegar and boil until there seems to be no more "free" liquid. Taste and add more seasoning, if necessary. Pour, while boiling hot, into hot, sterile jars and seal at once.

**Tomato Ketchup.**  
1 peck tomatoes  
3 sweet red peppers  
1 pod hot red pepper  
4 tablespoons salt  
2 cups sugar  
1 tablespoon celery seed  
2 teaspoons mustard seed  
1 tablespoon whole allspice  
2 sticks cinnamon  
3 cups vinegar

**Lynn Says Pickles are Crisper!** If you put up your pickles this way:  
1. Use a pure cider vinegar. Be sure that you get a good product, neither old nor adulterated.  
2. Follow every direction, every measurement, and do every step carefully. Cucumber pickles may be made either by a long or short process, but the longer process yields a better pickle.  
3. When slicing several kinds of fruit or vegetable for pickling, have all of them about the same thickness.  
4. Too much spice destroys both flavor and color. Use the ingredients in tested recipes only.

**Serviceable Shopping Bag of Crochet Cotton**

5499

Carry "Rations"  
UNBLEACHED string, household twine, crochet cotton will make this 18-inch folding bag. Take it to market in your purse. It's strong enough to hold a raft of groceries.

To obtain complete crocheting directions for the String Marketing Bag (Pattern No. 5499) send 16 cents in coin, your name, address and the pattern number. Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers. Send your order to:

**SEWING CIRCLE NEEDLEWORK**  
530 South Wells St. Chicago.  
Enclose 15 cents (plus one cent to cover cost of mailing) for Pattern No. 5499.

**ASK ME ANOTHER?**  
A General Quiz

**The Questions**  
1. What conquering armies have marched through the streets of Berlin within the last two centuries?  
2. How many Presidents of the United States have been under 50 when inaugurated?  
3. The Bible tells of a man who fastened firebrands onto the tails of foxes and sent them into the cornfields of his enemies. Who was he?  
4. By what method do the members of Finland's parliament vote?  
5. Who delivered the famous Cooper Union address?  
6. What do the British call our baby flat-tops or escort carriers?

**The Answers**  
1. The Russian troops of Catherine the Great in 1760, and the Old Guards of Napoleon in 1806.  
2. Six.  
3. Samson (Judges 15:4, 5).  
4. They press a "yes" or "no" button on their desk. Thus they can pass a bill within 90 seconds.  
5. Abraham Lincoln.  
6. "Woolworth carriers."

**HINTS FOR HOME BAKERS**

**Tender, Crusty Rolls without Kneading!**

Makes them with Fleischmann's yellow label Yeast—the only fresh yeast with more EXTRA vitamins.

**NO-KNEADING BREAD ROLLS**  
1 cake Fleischmann's Yeast  
1/2 cup lukewarm water  
1/2 cup shortening  
1 1/2 teaspoons salt  
2 tablespoons sugar  
1 cup boiling water  
1 egg, beaten  
3 1/2 cups flour

Dissolve yeast in lukewarm water. Place shortening, salt and sugar in a separate bowl; add boiling water. When lukewarm, add yeast and beaten egg; mix well. Add flour to make a soft dough; beat well. Place dough in greased bowl, cover with plate and chill 2 to 3 hours. Pinch off dough and fill greased muffin pans 3/4 full. Brush tops with melted shortening. Cover and let rise in warm place, free from draft, until light, about 2 hours. Bake in hot oven at 425° F. for 20 minutes. Remove from pan immediately. Makes 2 dozen.

**THE HEDLEY INFORMER**

PUBLISHED EVERY FRIDAY  
D. E. Boliver, Publisher

Entered as second class matter October 28, 1910, at the postoffice at Hedley, Texas, under the Act of March 3, 1879.

All obituaries, resolutions of respect, cards of thanks, advertising of church or society functions, when admission is charged, will be treated as advertising and charged for accordingly.

In case of error in legal or other advertising the publisher does not hold himself liable for damages in excess of the amount received for such advertising.

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Informer will gladly be corrected upon its being brought to the attention of the publisher.

**Loans To Feeders**

Many farmers in this territory feel there is money to be made in feeding.

If you think likewise but need extra funds to carry out your plans then by all means stop in and talk it over.

Feeder loans are arranged at the most reasonable terms. Prompt action—as usual.
