

The Hedley Informer

VOL. 34

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY

NO. 51

Lions Club News

Last week's meeting of the Lions Club was well attended considering how busy every one is. The program arranged by Lions Gene Moss and C. R. Hunsucker was exceptionally enjoyed. Program Chairman Rain's idea of appointing the program committees well ahead of the meeting should bring some mighty good programs.

This week the Lions will have their regular directors meeting and the projects and plans for November will be arranged.

The November 9th meeting will again be a "come as you are" meeting. Lions J. Hunt and J. W. Noel will be in charge of the program.

Thursday night, November 16th the Lakeview Lions Club will have their charter night banquet. A large delegation of Hedley Lions and Ladies should attend as the Hedley Club is the co-sponsor of the Lakeview Club.

Thursday night, November 23rd which will fall on Thanksgiving night, will be the next Ladies Night of the Club. Lions are admitted with no charge, but Ladies and other guests will be of no charge. The program for that night will be in charge of Lions C. L. Johnson and Earl Tollett.

Thursday night, November 30th will be regular directors meeting night at which plans for December will be discussed.

Let C. E. Johnson, manager of the Hedley Telephone Co., write your fire and hail insurance.

Canning Sugar

Sugar for home canning will continue to be issued eligible applicants in the 71 counties of the Lubbock OPA District until Dec. 1, Food Rationing Officer Opal Wood has announced in reply to many inquiries.

"The second period for issuance of home canning sugar was designated to run through November because of late fall fruits in many parts of this district." The original plan is to be continued to provide sugar for canning fall fruits she pointed out.

Many local boards have reported an influx of applications for home canning sugar following a recent report that October 31 was the application deadline in some districts in Texas.

James Webb of Amarillo visited here last week end.

Miss Wynona Kyte visited in Amarillo Sunday.

Billy C. Johnson of Lubbock visited home folks last week end.

H. Stewart spent last week end in Saint Jo.

Mr. and Mrs. J. C. Madlock spent Friday and Saturday in Stelling.

Mrs. A. S. Martin was here from Quanah Saturday.

Miss Myrtle Reeves visited in Wellington last week.

F. Randall has returned from visit to Clovis.

Johnson at the Hedley Telephone Co. will write your fire and hail insurance.

War Community Chest

Giles and McKnight have already exceeded their quotas in the Community War Funds Drive. Malcolm Glass is head of the Giles District and O. F. Messer of McKnight. Many congratulations should go to them for their work as well as the people of these two good communities. Hedley, Bray and Naylor are still at work on their quotas and expect to get them raised this week. C. L. Johnson and Earl Tollett have charge of the Hedley drive, W. H. Clay of McKnight and Tommie Bain of Naylor. Anyone wishing to donate to this good cause should see them or leave their contribution at the bank.

For Sale—not to be moved, the T. R. Moreman residence, also the residence just west of the West Texas Utilities office. Terms if desired. Also For Sale—dining room suite, bedroom suite, gas cook stove and kitchen cabinet. See Ray Moreman

The War Bonds you buy today will help you buy the things you want tomorrow. A little insurance today would help a lot tomorrow if you should have a fire.—C. L. Johnson, Ins. Agency.

If you need a good Bible see Rev. H. T. Harris. I sell the new Thompson Chain Reference Bible. Please ask to see the one I am using myself. Prices range from \$3.65 to \$22.35, according to the binding.

Singer sewing machine for sale. 493p Mrs. Roy Blanks

See me before you sell your cotton. You will find me at one of the gins or the compress. 496p Alabama Hill

Found—child's gold ring. Owner may call at Informer office.

Giles News

By Mrs. Arthur Ranson

Pvt. Odell Proffitt from Camp Walters is home for a few days with his parents, Mr. and Mrs. W. B. Proffitt.

Mrs. Jerry Stotts and Mrs. A. S. Edwards were Clarendon visitors Friday.

E. H. Watt and daughter Mrs. E. M. Glass visited Tuesday in the home of Mrs. W. D. Shelton and Mrs. E. W. Bromley of Clarendon. They were accompanied by Mr. and Mrs. F. G. Watt and Fred A. Watt A.R.M. 3-c.

Richard Stotts has been quite sick this past week.

Misses Nina Jo Foster and Doris Merle Everett of Memphis spent the week end in the Foster home. Milt Mosley was a Giles visitor Saturday.

Mr. and Mrs. W. B. Proffitt and family were Amarillo visitors Sunday.

Mr. and Mrs. Hinds and son, and Mrs. Long of Memphis were visitors in the G. T. Foster home Saturday.

Memphis shoppers Saturday night were Mr. and Mrs. Kay Autry, Mr. and Mrs. J. M. Baker and family, Theresa Kelley, and Mr. and Mrs. Nelson Johnson and children.

Mrs. Jerry Stotts and G. T. Foster were Childress visitors Sunday.

American Legion

There will be a call meeting of the American Legion at the Legion Hall Wednesday night, Nov. 8th at 8:30 p. m. The purpose of the meeting is to elect delegates to the 18th District War Conference to be held at Shamrock November 18th and 19th and to raise quota of membership before November 11th and other business.

The Hedley Legion Post has set out to raise its quota of 30 members with dues paid for 1945 by November 11th. All veterans of both World War I and II should see Commander Malcolm Glass or Adjutant Clifford Johnson before they see the Post.

The Post has received 25 members in the last few days in their quota of 30 members by November 11th and will be glad to receive more.

Myrtle Willis and Willie were present, and enjoyed the program which included Alice Hunsucker, Bobbie Lee, Mrs. A. C. Williams, Patricia Murray and two others by Mrs. Leon Reeves.

Tula Jean Adamson Honored

Mrs. Leon Reeves, Mrs. Edd Todd and Mrs. Ray Moreman were hostesses at a lovely shower honoring Tula Jean, new daughter of Mr. and Mrs. Ross Adamson at the Methodist Church Basement, Friday, Oct. 27.

The entertaining rooms were decorated with Autumn leaves and chrysanthemums. Guests registered in a Baby Scrap Book, presided over by Mrs. Edd Todd. The following program was enjoyed:

Music by Mrs. John McCauley To a Wild Rose and Minuet played by Bobbie Lee Hall That's Why God Made Mothers and My Blue Heaven by Mrs. A. T. Simmons and Mrs. C. O. Hill

Story by Mrs. W. H. Hill That Little Girl of Mine and Little Bill, sung by Mrs. Winfred McPherson accompanied by Mrs. A. C. Williams

Mrs. H. H. Hall read Edgar A. Guest's Little Miss Mischievous and My Treasure

Many lovely gifts were presented to the honoree. After admiring these, delicious refreshments were served to about fifty guests. Plate favors were baby jackets made from paper doilies. Carolyn Reeves, Joan Ray Moreman and Peggy Zoe Stotts assisted in the serving.

Many who were unable to attend sent gifts.

Mrs. B. N. Stewart visited in Quanah over the week end.

Albert Johnson spent last week end in Gainesville.

Mr. and Mrs. Bob Moffitt of Skellytown visited here over the week end.

Mr. and Mrs. C. O. Hill have gone to Danville, Ark.

Mr. and Mrs. Gordon Mann and son Wayne of Clarendon visited with Mrs. Morgan Sunday.

Mrs. M. W. Mosley and Jane Mosley spent last week in Borger with Jiggs Mosley and family.

Ann Shults of Anadarko, Okla. visited here.

War Dads Club

The War Dads will hold their meeting next Tuesday night, Nov. 7th in the basement of the Methodist Church. All Dads, Mothers, and service men and women invited. The officers for 1945 will be elected and other matters for the good of our boys and girls in service will be taken up. A good program will be arranged and a good crowd is expected.

Mrs. Kenneth Taylor Honored

Mesdames Chas. Barnett, W. C. Bridges and Harrison Hall were hostesses at a lovely miscellaneous shower Saturday night in the Hall home, honoring Mrs. Kenneth Taylor, the former Miss Joan

Myrtle Willis and Willie were present, and enjoyed the program which included Alice Hunsucker, Bobbie Lee, Mrs. A. C. Williams, Patricia Murray and two others by Mrs. Leon Reeves. The honoree received many appropriate and useful gifts. A number who were unable to attend sent gifts.

Those signing the bride's book were Mesdames J. M. Everett, Rosco Land, Leon Reeves, Edd Todd, Leland Pierce, A. C. Williams, John Biard, Mike Harris, John Blankenship, M. W. Mosley, Alva Simmons, Mildred Shaw, Opal Murray, C. O. Hill, Opal Thomas, John Dickson, Jewel Quisenberry, J. B. Masterson, D. H. Cox and Jap Shaw, Misses Myrtle Willis, Toodles Greer and Myrtle Reeves, Charlene Barnett, Joy Blankenship, Bobbie Lee Hall, Jerry Risner, Mary Sue Scales, Patricia Murray and Wanda Lee Shaw.

The youngest member of the Informer family thanks R. S. Thomas for a nice big sack of peanuts.

James Reid, Teddy Joe Myers, J. H. Painter and J. R. Howell left Tuesday for Oklahoma City for induction into the armed forces.

Cotton Ginning Report

Census report shows that 1087 bales of cotton were ginned in Donley County from the crop of 1944 prior to Oct. 18 as compared with 2306 bales for the crop of 1943.

For Sale—one kitchen cabinet. See H. M. Horschler.

City Grocery Opens

Mr. and Mrs. Herman Horschler are opening the City Grocery this week in the C. E. Johnson building. They have painted and arranged the interior of the store very attractively, and have a full line of groceries on hand. They invite everyone to pay them a visit.

Strayed—three whiteface cows, brand, dim Lazy T on left leg. If found notify Security State Bank at Hedley. 493p

N. P. Biffle of Amistad, N. Mex., and N. P. Biffle Jr. and family of Grenville, N. Mex., spent last week end in the W. M. Biffle home.

Mr. and Mrs. C. L. Johnson attended the Texas Tech—W.T.S.C. football game at Amarillo last Friday.

Raymond Christian made a business trip to Fort Worth last week.

Mr. and Mrs. Rosco Land and Jerry Fisher went to Dallas last week.

Mrs. C. J. Beeckler and Mr. and Mrs. T. D. Rozzell and son James of Clovis were Hedley visitors last week end.

Mrs. Charles Rains and daughter Sarah Ann visited in Perryton last week.

Mrs. W. H. Jones is attending the Eastern Star meeting at Fort Worth.

Mrs. W. H. Hill is visiting in Atlanta, Ga.

Where is Johnnie Ray these days. Has he gone out of circulation until after Christmas?

A group of students didn't mind the ride back from Wellington on the bus.

Have you all noticed the boys lately? They keep me busy trying to keep up with them that my wings had to have a great job on Saturday.

Why is it that when you see that David and Bucky are together? Is it that they both decide to share in the profits in their shop?

Two seniors finally decided they had better settle their differences for Christmas is only fifty five days off?

Did Little Abner finally catch Daisy Mae Tuesday night at the party.

Who put the snapping turtle on Ross Adamson's tank?

Why did Charlie stay at home Saturday night?

What did Johnny promise Bucky?

Where is Curly spending these days?

Notice—Warning—I now have the inside dope on a certain tete-a-tete and will keep it quiet upon certain demands, otherwise read my notes for next week.

I know all the answers so don't try to fool me, for sometimes you will get burned playing with fire.

Mrs. Ruby Swinney has gone to Umbarger, where her son S. L. quite ill with pneumonia.

Mr. and Mrs. Guy Morgan of Wichita Falls spent the week end in the home of Mrs. W. B. Morgan.

We are glad to see J. C. Bridges up and about again after his recent operation.

Misses Faye and Millie Land and Zebbie Land visited in Canadian Sunday.

News From Our Men In Service

Word has been received by Mrs. W. B. Morgan that her son Pfc. Wilson W. Morgan was wounded in action Oct. 12. He was wounded in the foot by mortar shrapnel. He has been awarded the Purple Heart. The last letter from Pfc. Morgan says he has been given some crutches and is feeling fairly well.

Pfc. Homer Lee Morgan has returned to Fort Benning, Ga. on a two weeks furlough.

Pvt. Odell Proffitt is visiting his parents, Mr. and Mrs. W. B. Proffitt, en route from Camp Walters, Texas to Fort Ord, Calif.

Sgt. and Mrs. Jack Poynter of Amarillo visited here last week end.

Fred A. Watt, ARM 3, Sunday for San Diego, Calif. a visit with home folks. He has been transferred there from Sonville, Fla.

AUNT SASSIE and the FOLKS

Winnie May Walker was given a shower for her sister who just got engaged and she wanted my recipe for Orange Cupcakes.

"Be sure to make 'em with that new Royal S.A.S. Phosphate Baking Powder," I says. "Then they'll be ever so light an' tender an' good-tastin'!" ... Well sir, they tell me those cupcakes made a big hit an' started a lot more folks to usin' new Royal. I tell you, it's a grand bakin' powder! Get a can today an' see for yourself!

Try Aunt Sassie's **ORANGE CUPCAKES**

2 cups sifted cake flour
2 teaspoons Royal S.A.S. Phosphate Baking Powder
1/4 teaspoon salt
1/2 cup Blue Bonnet Margarine or shortening
1 cup sugar
3 egg whites
1 teaspoon vanilla extract
1/2 cup milk

Sift together flour, baking powder and salt. Cream margarine or shortening thoroughly, add sugar gradually, beating to well. Add unbeaten egg whites, one at a time, beating well after each addition. Add vanilla. Add dry ingredients alternately with milk; mix well. Pour into medium-sized greased cupcake pans. Bake in moderate oven at 375° F. about 25 minutes. Cover with Orange Icing and decorate tops with a section of fresh orange. Makes 20.

May Ring Again

Repair of America's historic liberty bell so that it could ring out in full tone on V. day was proposed by W. J. Conley of the Lincoln Electric company of Cleveland, Ohio.

House in Independence Hall in Philadelphia where it was rung to summon citizens for a celebration of the Declaration of Independence, the bell cracked in 1835 while tolling out the death of Chief Justice John Marshall.

Of copper and tin structure, the liberty bell could be repaired by arc welding Conley declared.

HURRICANE: Sweeps Caribbean

Leaving unsecured dwellings uprooted, store windows smashed, power lines tangled and many persons killed and injured, a destructive hurricane swirled out of Havana, Cuba, and twisted across the Caribbean to lash along the western coast of Florida and then head over the mainland to the northeast.

As the hurricane moved northward at a rate of 15 miles per hour, with 80-mile-an-hour gales shifting in its path, residents of the thickly populated beach areas around Bradenton and Sarasota moved inland, with some seeking refuge in churches and schools. Residents of the low-lying coastal areas on the Atlantic side of Florida were advised to retire to higher ground since abnormal tides were predicted.

Besides taking a toll of two lives in Florida, the hurricane blew virtually all of the state's record crop of oranges and grapefruit to the ground, causing damage estimated at \$50,000,000.

FURNISHINGS: Future Supplies

To housewives interested in the home furnishings market after the end of the European war, trade experts say:

"First to make their appearance on retail shelves will be such kitchenware items as can openers, dustpans, washtubs, scrubbing boards and pots and pans. Also a variety of tools, shovels, nails and wire mesh repair articles."

75 LBS OF NITRAGEN 12¢

It's a fact! The amount of nitrogen added to the soil by legume cover crops can be boosted as much as 75 lbs. per acre by inoculating the seed with NITRAGEN that costs about 12¢ an acre. Tests show well-inoculated legumes can add up to 125 lbs. of nitrogen per acre, but uninoculated legumes frequently rob the soil of this valuable plant food.

INOCULATE VETCH, CLOVERS, LUPINES, WINTER PEAS WITH NITRAGEN

Farmers say NITRAGEN is good, cheap crop insurance. It makes bigger, surer yields. Its selected, tested strains of legume bacteria are produced in the most modern laboratory of its kind. Get NITRAGEN where you buy seed. Look for the yellow can.

Planes Drop Rescue Ships
Equipped for 36 People

When survivors of torpedoed ships and ditched planes cannot be rescued in other ways, a United States AAF plane now drops to them, by parachute, a boat called the Flying Dutchman, says Collier's. Weighing 3,000 pounds and holding about 36 people, this boat carries food, clothing, radio, water still, fishing tackle and blood plasma; also sails, two engines and a large supply of gasoline.

When the Flying Dutchman hits the water, a mechanism sets off smokepots to mark its location and fires rockets which carry long buoy lines to assist survivors in reaching the boat.

To obtain complete cutting and finishing pattern for the Sweetheart Apron (Pattern No. 5783) send 16 cents in coin, your name, address, and the pattern number.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

Send your order to:

"Our Services Are Not Measured By Gold—But By The Golden Rule"

There's a Shortage of Copies of The Dallas Morning News—But NOT of Our Desire to Serve!

The crucial shortage of newsprint paper has forced a curtailment of the supply of copies of The Dallas Morning News to our readers in this county. Only a small part of regular shipments is possible until we are permitted by Government Authority to increase our consumption of newsprint.

Distribution for the present will be made from drug stores and newsstands, unless your agent can arrange otherwise.

We realize, with deep regret, that some of our old-time readers are not able to get copies of The News. We trust they will understand and bear with us while we're making every effort to restore service.

In the meantime, although many patrons will not have The News delivered to them temporarily, their names are still on The Dallas News' "B" list, and we look forward to serving them again.

Thank you.

GAS tronomy

BRAISING BEST FOR UTILITY BEEF

You can have your steak and eat it, too, if you braise the meat.

Recent record production of beef has placed large quantities of unrationed "utility" or lean beef on the market. When cooked with slow, moist heat, it can be fork-tender and delicious.

To braise means to dredge meat in flour, salt and pepper, brown in fat and then cook at a low heat, with moisture, until it is thoroughly browned and tender. With a propane or butane gas range, braising

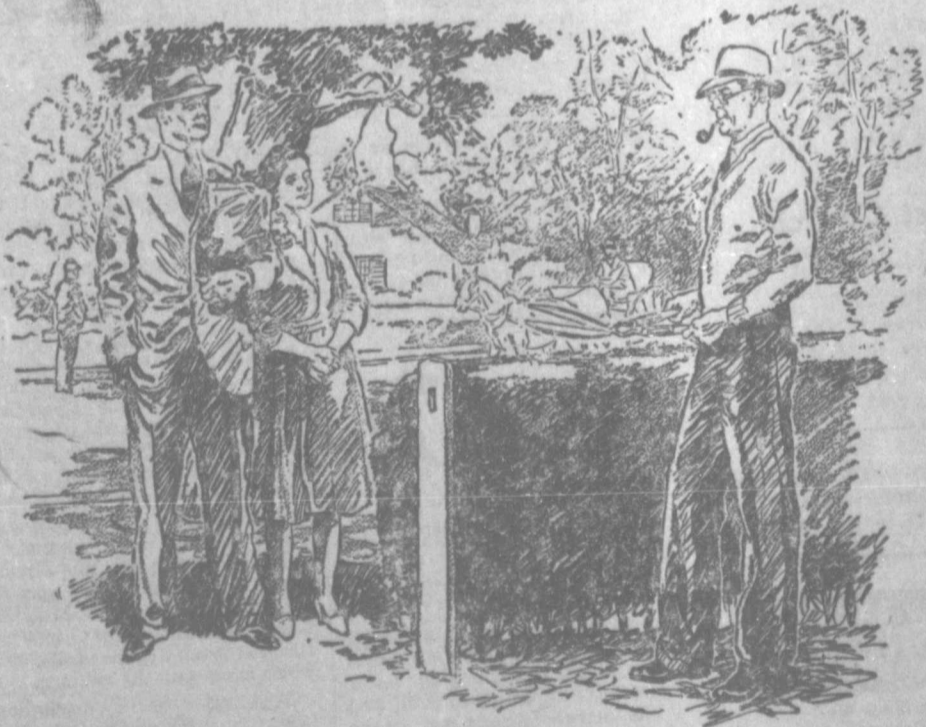

is easy because the flame can be set at high to brown the meat quickly and then lowered quickly and easily so the meat will cook slowly. These fuels, known as "bottled" or "tank" gas, are used in off-the-gas-main residences.

The best cuts of meat to use for braising include beef round, chuck, ribs or plate. The meat is a deep cherry red in color with no fat marbling through it but a thin layer of fat on the outside.

For Swiss steak at its best, dredge one of the above cuts with 1/4 cup flour mixed with 2 teaspoons salt and 1/4 teaspoon pepper. If possible, pound in the flour mixture with a mallet. Brown it quickly in 1/2 table-spoons fat, and then add 2 cups of canned or cooked tomatoes. Cover tightly in kettle or skillet and cook with a very low heat 2 1/2 to 3 hours until meat is tender and easily pierced with a fork.

THE OLD JUDGE SAYS...

"Mary and I were just saying, Judge, how lucky we are here in America that we have so many natural resources to help win the war."

"That's right, Jim. When war broke out we had oil, we had steel, we had food, lumber, aluminum...practically everything we needed. There's one thing we didn't have...rubber. The enemy had that."

"But that didn't bother us for long. Soon American brains and industry had synthetic rubber by the tons rolling out of plants. That filled a critical need...you can't win a war without rubber."

"I was very much interested the other day in reading a statement made by a high government official on synthetic rubber. In it he said 'It is fair to regard the rubber manufactured to date as being almost solely the product of the beverage distilling industry.'"

"He also said that, in his estimation, the tremendous contribution of distillers' industrial alcohol to the synthetic rubber program had not received the recognition which it deserves."

"We certainly learned something today, didn't we Mary?"

This advertisement sponsored by Conference of Distillers Beverage Industries, Inc.

READ, WORK, STUDY UNDER GOOD DIFFUSED LIGHT!

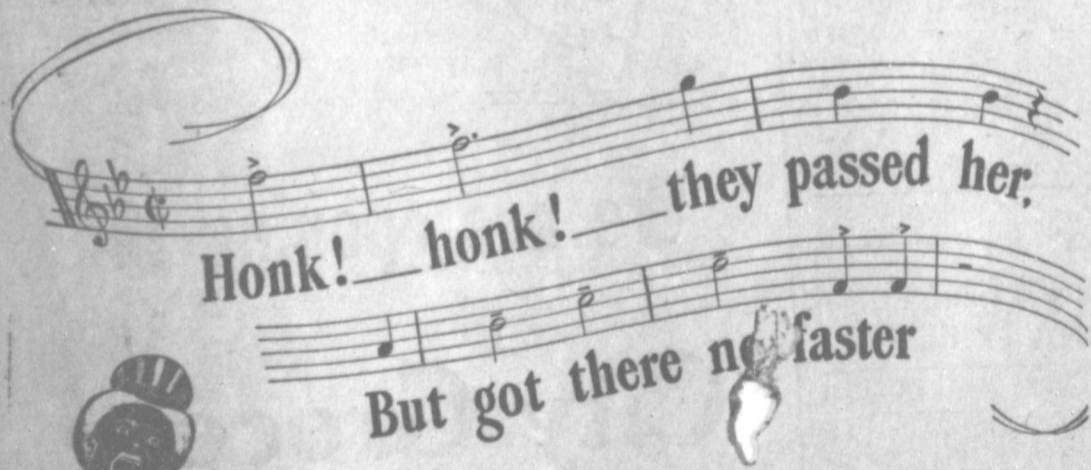

Proper lighting habits are reflected not only in your children's grades at school but also in healthy eyes and nerves.

Be sure the light is adequate and that it falls on your child's work without shadow and without glare.

Clean the shades, reflectors and bulbs as a routine practice to insure your money's worth of useful light.

West Texas Utilities Company

Buy More War Bonds Every Payday

Erratic driving proves so inefficient in Wartime that it's no longer favored any of the time.

Deftness is the style in motoring. Tactics like swooping in and out of line seem wasted, when the little coupe—from miles behind—presently shows up anyway in the "thrill-driver's" mirror.

That's skill—making a steady good average; not leaping and bounding to make it up. You'll show still greater regard for dutiful mechanism by having your engine OIL-PLATED—internally surfaced to resist corrosion by the unavoidable acids of combustion.

Changing to Conoco Nth motor oil will automatically give you an OIL-PLATED engine. Costly pioneer research created the special Conoco Nth ingredient that gives this popular-priced oil its magnet-like action. And that's what joins OIL-PLATING to inner engine surfaces, as if to stay.

Acids stay too, these days—infesting every cylinder in unreasonable quantities. Former chances of ousting corrosive acids are decreased these days by low engine temperatures—longer stretches of standing cold—mileage limitations of any kind. But you can keep your engine's fine inner finish under cover of protective OIL-PLATING—resisting corrosion! Just change to Conoco Nth motor oil at Your Mileage Merchant's. Continental Oil Co.

Kidneys Must Work Well—

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer sagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence at all drug stores.

MOOS OF THE MOMENT

BY UNCLE BOB

of the Kraft Dairy Farm Service

One of the reasons why I read so many state extension bulletins is because I always find a way to do a job with less effort. If there's any way of making more money with less work, I want to know about it. And I usually find a lot of good suggestions and reminders in the bulletins.

Take the matter of cleaning cows. The extension folks point out that it is well nigh impossible to produce good milk if the cows are dirty at milking time. And then they come up with a labor-saving idea that appeals to me.

They suggest turning barber every so often and giving the cows a "hair-cut" around the flanks and udder. That means a little extra work once in a while, but look at all the hard work it saves. For you know from experience what a lot of elbow grease it takes to brush dirt out of long hair.

Naturally, clipping and brushing should be done far enough ahead of milking time to permit the dust and hair to settle. If you like the suggestion and need a couple of good bulletins on it, write Purdue University, Lafayette, Ind., for a copy of Leaflet 186, and the University of Missouri, Columbia, Mo., for Extension Circular 283.*

The Extension Service at the University of Minnesota published a leaflet recently on "Faster Milking," which explains in pictures and brief discussions, how and why you should get into this all-important method. I suggest you write for a copy of Extension Folder 119.*

It doesn't make much difference to most of us just what time of year our birthday comes around, but it seems to be important to a calf, and to its mother. Records kept by the United States Department of Agriculture in Washington, show that the fall is the best time for a calf to have its birthday.

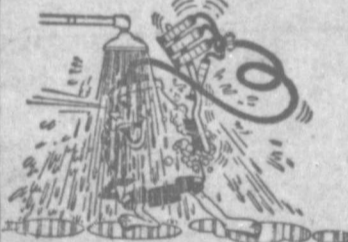

There's a good discussion of this in Farmers' Bulletin 1470. The USDA got together records from 120,000 cows, to find out the differences in production which resulted when cows freshened at different times of the year.

More milk and more butterfat was produced by cows which freshened in the fall. Such cows averaged 8,238 pounds of milk and 330 pounds of

fat. Averages for cows which freshened at other seasons were: Spring, 7,792 lbs. of milk, 313 lbs. of fat; summer 7,618 lbs. of milk, 306 lbs. of fat; winter 7,990 lbs. of milk, 325 lbs. of fat.

A cow which calves in the fall usually will produce well during the winter. While the tendency is for these cows to drop in production in the spring, at that time spring pastures increase milk flow.

Fall calves seem to get off to a better start in life. They are easier to raise and usually less subject to disease. So if you want to give your calves a good start and take advantage of best production possibilities, it would be a good idea now to locate the best available bull in your neighborhood, with a view to breeding in January or February.

There isn't much point in putting out hard-earned cash for a fine piece of machinery if you don't get the full benefit from it. Milking machines are great labor savers and are the most sanitary way to produce milk, but you can make trouble for yourself by neglecting them.

A milking machine will pay dividends on your investment if you give it thorough cleaning. If you don't, it may result in some of your milk being rejected. Milk which is allowed to cling to parts of the machine provides a breeding place for bacteria, and you know what that means.

Idaho University offers a good booklet on the proper cleaning of milking machines. It is War Circular No. 1, which you can get from the Extension Service, at Moscow, Idaho.* Another source of information on the same subject is the book which came with the machine.

To get rid of the milk which clings to surfaces in the machine after each milking, thorough rinsing, brushing and sterilizing is needed for all the parts. Teat cups require special care, these booklets point out. Once you set up a regular habit of following through on the advice Idaho gives you in its booklet, I know you'll find the job has become easier.

*NOTE: There usually is a 5c charge for pamphlets mailed to non-residents of a state; but possibly your own state has a free pamphlet on the same subject. Ask your county agent.

Household Hints

When ribbons need pressing, remove the lid from a hot tea-kettle, and draw the ribbon back and forth over the steam, holding it firmly.

Once food has started to boil, turn down the flame. It does not need a large flame to keep it boiling.

A pair of tweezers is a wonderful help in ridding seams in garments. They will pull the shortest threads without hurting the fingers and the job can be done much more quickly.

When hanging up the wash, hang one pillow slip with the open end up. When taking down wash put all small pieces in that pillow slip, then when sprinkling clothes you will not need to sort out small pieces.
