Lions Club News

Walter and Bill Johnson have charge of the Lions Club program at this week's meeting of the club. It should be a good one and a good attendance is expected as this is the beginning of the Lions International attendance contest. The meeting will begin at 9 P. M. this week but will probably be set at 8:30, the regular meeting time, from now on.

Next week is regular directors meeting. Quite a few things are coming up that the Lions should get behind and push. All officers, directors and committee chairman should attend these meetings. Each committee should have a project and program during the year.

Senior Class

The Senior Class met last Thursday, Sept. 7, with an agent from the Ba four Co. of Dallas and chose their graduation invitations and cards.

Young People's Class

Thursday night, Sept. 6, Mrs. Gilbreth's Young People's Class of the Baptist Church gave a party honoring Misses Letha Bain and Anna Sue McKee who are going away to school. Mrs. Blankenship and her class were guests. The guests enjoyed several games before eating a delicious "pot-luck" supper.

Let C. E. Johnson, manager of the Hedley Telephone Co., write your fire and hail insurance.

Junior Class

The Junior class met Tuesday, Sept. 4, to select their Senior rings. There were several beautiful designs and the class finally decided on a rectangular snapped ring with a raised H. The class was pleased with the selection and are anxiously awaiting the time when they will be received.

The Junior G. A. met Monday Sept. 3, in the basement of the First Baptist Church. Those present were Virginia Milton, Noeline Gibson, Mattie Lou McKee, and Virginia Owens. We will meet Monday, Sept. 10, at the church. We would like very much if all the girls could come.

Anna Sue McKee has gone to Plainview to attend Wayland College.

A. T. Simmons, J. W. Noel, W. C. Bridges and W. D. Franklin went to Buffalo Lake Wednesday on a fishing trip.

Lloyd D. Leeper underwent a tonsil operation Friday morning in Dr. Cox's office. He is a member of the 8th grade.

Winfred Gene McCracken underwent a tonsil operation last Thursday, morning in Dr. Cox's office.

C. E. Johnson at the Hedley Telephone Co. will write your fire and hail insurance.

Birthday Party

Billie Wiggins was honoree at a birthday party Saturday in the Rosco Land home, the occasion being his 3rd birthday. Various games were played in the yard, and favors of airplanes for the boys and sets of knife, fork and spoon for the girls, were given.

Cake and punch were served to Waunita and Glenda Anderson, Carolyn Sue McPherson, Donnie Cox, Don Gene Reid, Jerry Fisher, Jimmy Adcock, Merle and Berle Owens, Mariwyn McPherson, Jon Leggett, Betty and Jimmy Stout, Barbara Johnson; Johnnie Dickson, Kathleen Spalding and Billie Wiggins.

Tommy and Jean Wiggins of Canyon and Winfred Gene McCracken sent gifts.

News From Our Men In Service

A visit from their soldier son and a telephone call from their sailor son gave Mr. and Mrs. J. P. Gilbreth the latest information about the work of these two fighting Texans.

Pfc. W. P. Gilbreth returned from the European Theatre of Operations in late July and on August 26 left for El Paso to be reassigned. His furlough was spent with his parents, his wife and baby. The other son, Richard J. Gilbreth, S 2-c, landed in San Francisco V-J Day, August 14, and a few days later phoned his parents.

Pfc. Gilbreth fought through Germany with the 9th Infantry of the 2nd Division. Starting in Belgium, he served in the Ardennes section, and in the battles for the Siegfried Line, the Rhineland, and Leipzig. From that point, he was sent to Pilsen, Czechoslovakia when the war ended.

One of the most vivid memories of the last days of war was the capture by him and two buddies of 123 prisoners in an open field. Gilbreth spied a helmet, covered it with his gun, and thought he had one prisoner. Suddenly, 122 more arose with hands raised to surrender to the three American soldiers. This occurred only a short distance from Leipzig.

His unit has received the Presidential citation.

Richard Gilbreth is now on his second trip to the South Pacific. On his earlier trip to Okinawa, carrying Marines, the convoy was attacked and one ship sunk. A Japanese submarine attacked the ship on which Gilbreth was stationed, but it was immediately torpedoed and sunk.

"The jar from the explosion made us lose our breath," the young man told his parents.

Moving behind a heavy smoke screen, the convoy moved into the harbor, skirting a large ship that had been sunk and other wreckage.

In the distance the men could hear American soldiers blasting the remaining Japs out of caves and mountain hideouts.

Landing in San Francisco the day Victory was officially announced, Gilbreth declared that the city looked like it had been bombed, there was so much celebration.

The next trip for this young seaman, who wears one battle star, he believes will be Tokyo, he told his parents.

Cpl. Jake Leggett visited his mother, Mrs. G. B. Leggett, this week. Jake has been in service 22 months and has been overseas 18 months. He has just returned from France and Germany.

John H. Cope, R M 2-c, is at home on 30 days leave from Oahu. He is the son of Mrs. Zoleta Cope and grandson of Mrs. J. A. Lemmon. He had the experience of having two ships sunk beneath him in two days.

Sgt. Dalton Duggins is visiting home folks. He has just returned from about a year overseas in the Pacific area.

Cox. Booker Shaw landed in Seattle, Wash., last Wednesday and expects to get a discharge in a few days at San Pedro, Calif.

First Cotton Ginned

Woodrow Farris brought in the first bale of cotton for this season Friday. It was ginned free at the McDougal Gin, weighed 555 lbs. and was bought by J. W. Reese.

The second bale of 462 lbs. was brought in Tuesday by Bill Bain and the third bale was brought Wednesday by G. L. Leeper. The two bales were also ginned at the McDougal Gin.

The premium for the first three bales was divided \$31.20 to Mr. Farris, \$20.75 to Mr. Bain and \$8.00 to Mr. Leeper.

Alewine-Johnson

Ens. Ralph W. Alewine Jr. of Hedley and Miss Lily Howe Johnson of Big Creek, Miss., were united in marriage Thursday Sept. 6 at Big Creek by the Baptist pastor there. The parents and other relatives of the bride witnessed the ceremony.

Ralph is the son of Mr. and Mrs. R. W. Alewine. He graduated from Hedley High School in 1940, attended Howard Payne College one year, Baylor University two years and Mississippi College one year. He has been in service since November, 1942, and has just returned from duty in the Pacific.

The bride is the daughter of Mr. and Mrs. G. H. Johnson of Big Creek. She is a graduate of Mississippi College and has been employed with the State Welfare Dept.

The couple will visit here this week. Ensign Alewine is to report to New Orleans Sept. 28.

West Texas Utilities Co. will buy any old discarded electric irons for \$1.00.

WEEKLY NEWS ANALYSIS MacArthur Lands to Rule Japan; Press Demands for Open Airing Of Disaster at Pearl Harbor

Released by Western Newspaper Union. EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

Conference aboard USS Missouri, Jap navy officers chart Tokyo bay for Admiral Halsey's staff preparatory to American fleet's triumphant entry as part of General MacArthur's occupation force.

JAPAN:

Mac Show

Colon as a cucumber, Gen. Douglas MacArthur stepped from a transport plane at Japan's Atsugi air-drome 20 miles southwest of Tokyo, smoking his large, corn-cob pipe. Stopping to look around, he saw the field buzz with activity, as members of the 11th air borne division, landing from scores of aircraft, busied themselves for the occupation.

Evidently pleased, Japan's new boss then made his way forward, stopping to greet Lieutenant General Michelberger, chief of the U. S. 5th army, which had fought in the Philippines. "Hello, Bob," were his first words upon his historic landing on enemy soil.

In lining to take over control of Japan, U. S. forces looked upon an extensive scene of devastation in Tokyo and Yokohama, scorched by repeated B-29 and naval carrier raids. Unlike Europe where splintered masonry cluttered everything, charred hulks and ashes were all that remained from thousands of Oriental frame buildings. Whole areas were burned out, with only buildings encompassed by spacious walks, lawns or clearings spared from the roaring flames which once swept black upon black.

Despite the widespread damage, Japanese held their heads high in contrast to the Germans, who had humbled themselves in an effort to please their conquerors. Peering from windows as G.I.s streamed by, or walking the streets, or setting up temporary shelters from salvaged tin, the little brown people remained perfectly composed with typical Oriental indifference.

Promising to match MacArthur's landing at Atsugi airfield in show drama was the scheduled surrender ceremonies aboard the USS Missouri in Tokyo Bay, with Lt. Gen. Jonathan Wainwright, rescued from a prison camp in Manchuria, present to witness the capitulation of the haughty imperial staff which dictated terms to him upon the fall of Corregidor over three years ago.

LENDELEASE:

Asks Write-Off

In asking congress to write off the 42 billion dollar lend-lease program, constituting 15 per cent of the total U. S. war expense, President Harry S. Truman declared that adequate repayment not only had been made by recipients through their war efforts, but also through their agreement to promote international trade through lowering of tariff and other barriers.

Further, the chief executive said that if a charge a debt were to be added to the financial obligations already incurred by Allied nations, it would exact disastrously upon our own trade, decreasing production and employment at home.

Where there once was talk that the U. S. would retake tanks, trucks or machine tools lend-leased, top officials saw little of such material will be received since reclamation would only add to the mounting stockpile of war surplus in this country. Of the 42 billion dollars of lend-lease against which the U. S. obtained only 5 1/2 billion dollars in corresponding aid, half was in military supplies and the remainder in civilian goods like food.

OCCUPY RICH LAND:

The first Japanese soil to feel the impact of American occupation comes when a region which would have been a prime military prize while the war was on.

Asagi report, where the Yanks landed, lies in the southwest section of the Kanto or Tokyo plain, normally Japan's most productive farm and industrial region. Nearly 10 miles inland from Sagami bay, this site is only 20 miles southwest of the capital and largest city, Tokyo.

PEARL HARBOR:

Rap Report

Despite release by army and navy boards of inquiry of 200,000 word reports covering the Pearl Harbor disaster of December 7, 1941, congressional circles remained dissatisfied over findings, demanding open trials of principals involved and access to information upon which the investigators based their conclusions.

No sooner had the reports been made public, adding the names of Gen. George C. Marshall, Adm. Harold C. Stark and former Secretary of State Cordell Hull to those of Maj. Gen. Walter C. Short and Rear Adm. Husband E. Kimmel for failure to take proper precautions, than Chairman May (Dem., Ky.) of the house military affairs committee declared he would not stand for "any whitewash." The people are entitled to know the whole truth based on all the facts, he said.

On the other side of congress, Senator Taft (Rep., Ohio) asserted the reports left a lot to be told, and full evidence studied by the courts of inquiry should be revealed now that military security no longer is involved.

Issuance of the report had other repercussions, too. President Harry S. Truman and Secretary of War Henry Stimson took strong exception to the censure of General Marshall, the two terming criticism of the army chief of staff "entirely unjustified" while praising his "great skill, energy and efficiency" throughout the Pearl Harbor episode.

In naming General Marshall, the investigators charged he failed to keep General Short, Hawaiian army commander, fully advised as to the growing tenseness of the Japanese situation; failed to send him additional instructions after the U. S. ultimatum to Tokyo made war inevitable; failed to furnish him on the evening of December 6 and morning of December 7 with critical intelligence indicating a rupture of relations with Nippon, and failed to look into and determine the state of readiness in Hawaii during the critical period.

Then chief of naval operations but since retired, Admiral Stark was censured for delaying a warning of an impending attack on Pearl Harbor by sending it by cable rather than telephone. The two hours difference in transmission would have enabled the navy to make preparations for the assault.

In singling out Hull, the boards averred that he might have conducted negotiations with Jap emissaries Nomura and Kurusu differently to gain precious time for the army and navy to take proper precautions even after being apprized of a Jap task force's presence in near Hawaiian waters, subordinate officers did not report the sinking of an enemy submarine in outer Pearl Harbor the morning of the fateful attack to the army.

To crown the navy's negligence, pointed up by failure to take proper precautions even after being apprized of a Jap task force's presence in near Hawaiian waters, subordinate officers did not report the sinking of an enemy submarine in outer Pearl Harbor the morning of the fateful attack to the army.

Insect Repellents

DDT is the most effective insecticide yet tried for bedbug control, according to information to the National Association of Housing Officials. This fact was determined at the end of an eight months' experiment, involving more than 3,000 infested dwelling units in 35 developments throughout the country. In most cases, it was found, housing units treated with a 4 per cent solution of DDT in deodorized kerosene are protected against reinfestation for at least 90 days

WAR CRIMES:

List Defendants

Not as blustery as he was when Germany ruled the European roost, Reichsmarshal Hermann Goering topped the list of 24 Nazis scheduled for trial as war criminals early in October.

Named with Goering was a galaxy of former Nazi bigwigs accused of preparing the nation financially and industrially for war; scheming diplomatically for advantage; regimenting the nation internally, and leading the German armed legions into attack.

Next to Goering, Rudolph Hess, Hitler's choice for his successor before he flew to Scotland in a vain effort to receive Allied support for an attack on Russia, heads up the list of defendants. Close behind are Joachim von Ribbentrop, who, as foreign minister, directed Nazi diplomacy; Martin Bormann, head of the people's army; Franz von Papen, big shot in German politics and master of international intrigue; Adm. Karl Doenitz, who directed U-boat warfare, and Field Marshal Wilhelm Keitel, chief of the wehrmacht.

Joint U. S., British, Russian and French plans to try the accused before an international military tribunal in the former Nazi shrine of Nuremberg, however, did not meet with the full approval of many distinguished members of the American Bar association.

Declaring that Allied procedure was without historical precedent, P. F. Gaull, constitutional and international law expert, said the system of trial offered a dangerous pattern which might be followed in the future against the President of the U. S. down to ordinary citizens. Under procedure established, trials may be held outside the presence of the accused, no appeal is provided against judgment; the tribunal may admit any evidence it wishes, and also determine the relevancy of testimony.

Working Capital Up

Well heeled to meet reconversion problems, U. S. corporations possessed almost 47 billion dollars worth of working capital on March 31, the Securities and Exchange commission reported.

Of the total of almost 47 billion dollars, SEC said, nearly 25 billion dollars was in cash on hand or in banks. Holdings of government securities showed a slight drop to almost 20 billion dollars, still substantially in excess of tax liabilities of about 16 billion dollars.

In addition to current working capital, corporations have been promised further increments through income and excess profits credits; allowances for stepped-up debt retirement of emergency facilities, and provisions for new figuring of base-period returns for excess profit determination.

POSTWAR ARMY:

Asks Draft

Even as President Harry S. Truman asked for an extension of draft of men 18 through 25 for two-year periods of service to provide replacements for discharges, both the army and navy announced revision of their plans to step up the release of enlisted personnel and officers.

With congressional sentiment for extension of the draft still lukewarm Mr. Truman declared that the army would be unable to meet postwar demands through volunteering if discharges were to continue at an appreciable rate to relieve present soldiers from extensive overseas service. To speed up recruiting, however, the President recommended that the regular army ceiling of 280,000 be raised and inducements offered volunteers.

Meanwhile, the army revealed plans for lowering the point-standard for discharge from 85 to 80 to bring about release of 6,050,000 G.I.s by next July. Assuming there will be 500,000 new draftees and 300,000 volunteers, army strength would be pegged at 2,500,000 men.

In addition to announcing that the point score for enlisted personnel would be cut, the army disclosed that officers hereafter would also be discharged on a general basis rather than after individual review of their need as at present. Further, the army said no men with 60 or more points would be sent overseas and the discharge age would be lowered from 38 years.

To help expedite discharges of 2,339,000 men within the next year, the navy announced a revision of its point-scores to include overseas duty. Previously, it had been planned to release between 1,500,000 and 2,500,000 men within 12 to 18 months.

FARM TAXES:

Average farm real estate taxes per acre increased over 3 per cent from 1943 to 1944, the first increase since the outbreak of the war, with the index of real estate taxes per acre for the U. S. (1909-13-100) advancing from 178 in 1943 to 184 in 1944. Since 1934 average taxes per acre have varied within very narrow limits and although the increase in 1944 is the sharpest within this period the index still does not exceed the high points for the period, which were 186 in 1937 and 1939.

Household Hints

It is not practical to unravel a machine-knit sweater with side seams. Best you can do is treat it like regular fabric and cut into small pieces for remaking. If this is done, seams must be carefully overcast.

Cut baking-powder biscuits and cookies square when time saving counts big. After the dough is rolled, crisscross with a knife and lift the squares to the pan. There are no scraps to gather up for re-rolling and re-cutting. Drop biscuits and cookies take even less time but turn out less smooth in texture and appearance.

Early digging reduces the potato yield. The crop may be left in the ground as long as a month after maturity provided insects are not present in great number.

When some inside pressure is to come at corners of boards nailed together, such as a sand-pile box, set a 2- by 2-inch upright inside and nail into this. Thus all nails penetrate cross-grain instead of with-the-grain, and will not easily pull out.

Stitch a crocheted motif of fine thread over holes in tablecloths and dresser scarves. Cut away worn or damaged fabric underneath. Additional motifs make the crocheted work look intentional.

SNAPPY FACTS about RUBBER

R. F. Goodrich has produced an airplane tire that figuratively sprouts wings. When wheels are lowered for landing, special vanes or flaps on tire cause it to rotate, which overcomes severe scuffing and drag when wheels hit runway.

American scientists and engineers have achieved in five years what synthetic rubber what it took nearly 70 years to accomplish with natural rubber.

Bees upset many plans for cross pollination of fruit trees until R. F. Goodrich developed a "spider web" rubber spray as a blossom protector.

SUPPOSE ELECTRICITY TOOK A VACATION . . .

WHAT WOULD HAPPEN?

Darkness would lay its inky finger on your home. Food would spoil. A flick of a switch wouldn't toast your bread, or cool your living room, or perk your coffee. You'd have to sweep by broom, wash by hand, wear unironed clothes.

Your house would be a little isolated world of its own, with no telephone, no radio, no newspapers to link you with humanity. Time would stop with the frozen hands of your electric clock.

You'd have no job, since almost all industry—from the cash register to the welder's arc—draws its vitality from the little blue spark of electricity. War production would stop in its tracks.

But electricity never takes a vacation. 60 seconds to the minute, 60 minutes to the hour, day and night, summer and winter, electric service stands eagerly awaiting the flick of a switch.

And this dependability is no accident. It is the result of hard work and careful planning by folks who know their business—your friends and neighbors in this company.

When Your Back Hurts -

And Your Strength and Energy is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested of many years. Are at all drug stores. Get Doan's today.

HOUSEHOLD MEMOS... by Lynn Chambers

When Company Comes High Degree of Ingenuity Is Essential to Success

A low-point roast made with frankfurters and bread stuffing can be nice enough to serve for company. Fried apple rings make a pretty and delicious garnish for this crown roast.

Have you ever in a moment of social graciousness invited someone to drop in for dinner and then discovered that the ration books cannot offer much help? This happens to all of us these days, but there are ways and means to skirt around this situation.

Did you know that a roast can be made from a few frankfurters and that it can taste as good and look as luscious as a prewar steak? Or, if the sugar bowl is bare, syrup can sweeten the cake and syrup can make an icing that stands in frothy peaks?

Don't let strict rationing keep you from being generous about inviting people over. Its more necessary now than ever when travel is curbed and we must seek "homey" entertainment.

And remember, too, there are no curbs on the niceties of serving. Good linens, shining silverware, sparkling glassware and attractive china will dress a table beautifully. A bowl of garden-fresh flowers or an arrangement of your own orchard's fruits can add personality touches even to simple dinners.

Now, here's the first dinner suggestion:
Melon Ball Fruit Cup
Frankfurter Crown Roast
Fried Apple Rings Broccoli
Orange Rolls
Lettuce Salad French Dressing
Peanut Brittle Sugarless Cake
Iced Tea or Coffee

This frankfurter roast is a satisfying but low-point meat dish that is guaranteed to please your guests. The "franks" are kept moist and juicy by brushing with salad oil, and the meat, itself, is extended by the use of a spicy, well-seasoned bread dressing.

Frankfurter Crown Roast.
(Serves 6)
3 tablespoons salad oil
1/4 cup chopped onions
3 cups soft bread crumbs
2 cups diced carrots
1 1/2 teaspoons salt
1/4 teaspoon pepper
1/4 teaspoon marjoram
1/4 cup chopped parsley
2 eggs
6 frankfurters

Heat oil. Add onions and simmer until soft. Do not brown. Combine bread crumbs, carrots, salt, pepper, marjoram and parsley. Add the slightly beaten eggs, the onions and the oil in which the onions were cooked. Mix well. Turn into the center of an oiled shallow pan and shape into a round loaf about 4 inches in diameter.

Cut frankfurters in half, the split lengthwise. Arrange, skin side out, around carrot loaf, overlapping them slightly. Tie a string around

Lynn Says

If Recipe Doesn't Fit the Family: If you run across recipes that are too large for the family, let the following hints be your guide:
One-fourth to one-third pound of lean meat is a good proportion to use for one serving. When buying a roast, plan to serve it for several meals.
One-half to two-thirds of a cup of vegetables are good guides to vegetable serving.
Don't try to divide eggs in small recipes. Too much egg is better than not enough and more than the recipe calls for will have little effect on the result, but will add more nourishment.
When making half a muffin recipe, fill empty tins with water to protect the cups.
Cake and cookie recipes should not be divided. Both keep well for several days to a week, and a larger quantity can be made safely.

the frankfurter crown and secure with a few toothpicks above and below string. Brush frankfurters with oil. Bake, uncovered, in a moderate (375-degree) oven for 30 to 35 minutes. Remove from pan, using pancake-turner or wide spatula, and place on a hot platter. Garnish with fried apple rings.

This sugarless cake, though made with syrup, is light, moist and fine-textured. The important point to keep in mind is to add the syrup to the creamed shortening very gradually. Pour it from a bottle into a measuring cup and add a little at a time, beating until the mixture is thoroughly blended after each addition. When syrup is properly blended in this way, a smooth, light batter results.

***Peanut Brittle Sugarless Cake.**
(Makes 2 8-inch layers)
2 1/2 cups cake flour
2 1/2 teaspoons baking powder
1/4 teaspoon salt
1/2 cup shortening
1 cup light, bottled syrup
2 eggs
1/2 cup milk
1 1/2 teaspoons vanilla extract
1/4 cup crushed or chopped peanut brittle

Sift the flour. Measure and sift again with baking powder and salt. Cream shortening. Add syrup gradually, beating after each addition. Add well-beaten eggs and beat until thoroughly blended. Add sifted dry ingredients with the milk, beating after each addition. Add vanilla and the crushed or chopped peanut brittle. Turn batter into two lightly greased tins. Bake in a moderately hot (375-degree) oven for 25 to 30 minutes.

Syrup Frosting.
1/4 teaspoon salt
2 egg whites
1 cup light, bottled syrup
1/4 teaspoon lemon extract
1/4 teaspoon almond extract
1/4 cup crushed or chopped peanut brittle

Add salt to egg whites and beat with rotary beater until stiff. Add syrup gradually, beating after each addition. Continue beating until mixture stands in peaks. Add extracts. Put between layers and on top and sides of cake. Decorate top of cake with crushed peanut brittle.

Here is an alternate menu plan for making wartime entertaining easier for you.
Chilled Tomato Juice
Individual Beef Loaves
Creamed Potatoes
Green Beans Garnished with Pimiento
Molded Cottage Cheese and Cucumber Salad
Homemade Wheat Bread
Lemon Upside-Down Cake
Beverage

Crushed peanut brittle and syrup provide all the sweetening necessary for this lovely glamour cake. Sugarless frosting, also made without sugar stands in high, beautiful peaks and stays soft.

These individual beef loaves are extended with bread crumbs but none of the precious meat flavor need be sacrificed when a seasoning of rich beef broth is used to highlight the meaty flavor.

Individual Beef Loaves.
(Serves 6)
1 1/2 pounds ground beef
1 tablespoon beef broth
2 tablespoons chopped onion
1 1/2 teaspoons salt
1/4 teaspoon pepper
1 1/2 cups dry bread crumbs
1 1/2 cups milk
1 egg

Lightly mix all ingredients together. Avoid over-mixing. Shape into six individual loaves. Set aside in baking pan and bake in a moderate (350-degree) oven for 40 minutes.
