Lions Club News

At next week's Lions Club meeting the Lions will entertain the High School boys basketball squad. The boys are doing good and the Lions want to give them all the encouragement they can.

The Lions are divided up into three groups for the annual Melvin Jones Birthday membership contest. Leaders of the groups are Sam Owens, General for the Army, Otis Owens, Admiral of the Navy, and Alva Simmons, Chief of the Air Force. The Lions want some new members in the club, to give them new pep for 1946.

Weddings

R. H. Alexander of Hedley and Miss Tommie Jo Bevers of Lakeview were united in marriage Dec. 10 at Clarendon.

R. H. is the son of Mr. and Mrs. Roy Alexander of Hedley. He is a graduate of Hedley High School, and has just been discharged from the Army, where he served on a hospital ship in the Pacific for about two years.

The bride is the daughter of Mr. and Mrs. Virgil Bevers of Lakeview. She graduated from Lakeview High school with the class of 1945.

Miss Willie Mae Greer and Clyde Thomas were united in marriage Dec. 7 at the parsonage of the first Christian Church at Carlsbad, N. Mex.

They are making their home in El Paso for the present, Clyde having recently re-enlisted in the U. S. Army.

Clyde is the son of Mr. and Mrs. John Thomas of Hedley and Willie Mae is the daughter of Mr. and Mrs. Will Greer of Texline.

Basketball News

The Hedley boys came back from the Samnorwood Tournament with a nice trophy, second place. Only 2 points kept them from winning first place. They were defeated in the finals by Quail 30 to 28. No excuses, you can't win them all. Quail has a good team and a fine bunch of boys.

In the first game Friday afternoon Hedley defeated Groom by the score of 23 to 14. Gibson was high point man with Huffman and Everett close seconds. Saturday afternoon Hedley played two games with Samnorwood, the first ending in a 16-16 tie. After much argument and discussion they decided to play the game over. Hedley won the second game 19 to 17 thanks to a long shot by Wynn in the closing seconds of the game. Thursday night before the tournament Hedley won from Estelline by the score of 38 to 17. This makes 7 wins out of 9 games for the Hedley boys. Johnson was high point man in the Estelline and Quail games.

The Hedley girls came back from the tournament with some honors also. They won first place in the consolation, holding wins from Samnorwood and Shamrock. Watch for the games and don't miss a home game. Hedley has some good teams this year and they need your support.

Tuesday night of this week the boys defeated Memphis there 31 to 18. They play Memphis here Friday night, and the outsiders play Clarendon College.

Victory Loan Drive

Due to the general lag in the raising of E Bond quotas over practically the entire nation, the Victory Loan Drive on E, F and G bonds has been extended to Dec. 29th. This will allow the Christmas bonds to be counted in our quota. So let's give a victory bond for Christmas this year. Your bank can furnish you with an attractive gift folder.

Merry Christmas

Many times since 1910 the Informer has wished its readers a "Merry Christmas." But for many this will truly be the merriest yet. So many homes are gladdened that have not been so for several years.

To us the happiest thought of this holiday season is that this time a large percentage of our boys will read these greetings, not on a Pacific island or in a foxhole in Europe, but sitting by the home fires in HEDLEY.

For the 35th time, we wish you

A Merry Christmas

T. E. L. Class Entertains Dorcas

The T. E. L. Sunday School class entertained the Dorcas class with a one o'clock luncheon last Friday in the basement of the First Baptist Church. The basement was festively decorated with Christmas decorations which were high lighted by the beautifully trimmed Christmas tree.

Guests were greeted at the door by the reception committee which was headed by Mrs. R. W. Alewine. After all had arrived they were seated at a long table which was festive with small Christmas trees and Santas, Christmas napkins and place cards. A delicious Christmas plate of chicken and dressing and all the trimmings was served.

The following program was given: Scripture, Mrs. Reed; Welcome, Mrs. A. P. Todd; Response, Mrs. Winfield Mosley; Christmas Carols by both classes. Following the luncheon several contests were enjoyed, after which each guest was remembered with a gift from the Christmas tree.

Letters to Santa Claus

Dear Santa Claus,
I am a little boy three years old. I have been a good boy, so please bring me a tricycle, wagon, gun, and a lot of apples, oranges, nuts and candy. Don't forget all the other little boys and girls and bring them lots of things too.

Yours truly,
Billy Wiggins

Dear Santa Claus,

C. O. Hill's Brother Dies

Luster Everett Hill, C. O. Hill's brother, died at Carlsbad, New Mex. at 11 P. M. Monday.

He was former Deputy Court Clerk at Dandelle, Ark. and later was in business at Wewoka, Okla. He was much interested in civic and Masonic work.

C. O. Hill left for Carlsbad Monday upon receiving word of his brother's death.

By the Editor

These ex-Hedleyans still like to keep up with the old home town through the Informer. Thanks to Mrs. A. S. Ewing Jr. (Ila Faye Reid) of Fort Worth for a new subscription, and the J. P. Alexanders of McLean for a renewal.

Likewise to all the other new and renewal subscribers recently.

We are very sorry to learn that Mrs. J. A. Lemmon is confined to her bed, having suffered a light stroke.

R. A. Shaw is taking over the Hedley plant of the Memphis Compress Co. Ansil Adamson, who has been managing the compress, is planning to farm next year.

We are glad to see some more Hedley boys at home again, among them Willis Thomas, J. W. Stout, Weldon Simmons, J. M. Dickson, John McCauley, C. L. McQueen and Carroll Deahl.

This issue contains Christmas greetings from most of the business firms in Hedley. However, a few of the business men were "out" on our first call, and the space we had available for greetings was sold out before we could call a second time. This hurts us worse than it hurts you.

The Wise Old Owl

Well, I got back after a tough time at the Samnorwood tournament, although I am given out watching everybody.

Wonder why Bobby Gibson wasn't hung when the bus got into Wellington. Could it have been lipstick?

Seems as if Pete likes to two time these days. Watch out, Pete.

Why was Margie Gregory so excited the other night coming from the tournament. Was it her boyfriend?

Does Mrs. Davenport really like hats? It looks that way.

It seems as if Wanda Jennings is standing up for Hedley's rights. Does Lola really think she earned a gold medal?

Which did she enjoy more, the tournament or her company?

Was Mr. Patat really hungry or just excited Saturday night?

Katty, why did you lipstick Saturday night? Patay and Bonnie like to shop these days, don't they?

SNAPPY FACTS about RUBBER

A recent survey reveals that 84.5% of the nation's post-war travelers will prefer to use automobiles of their method of transportation. It is expected that repair bills on future cars may be reduced by the use of a number of synthetic rubber parts. Average passenger tire cost per 1000 miles of travel has been reduced from \$2.35 to 65c during the last 25 years. It's the air in a tire that carries the load and not the tire itself. Too little air pressure may result in fabric breaks or uneven tread wear. In 45 years the American automobile industry has produced 89 million motor vehicles.

WEEKLY NEWS ANALYSIS Resume Wage Talks After Truman Bid for Anti-Strike Legislation; Prize Steer Brings \$10 Per Lb.

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

U. S. DIPLOMACY: Charges Double-Dealing

In one of the most boisterous congressional hearings of recent years, wily, silver-haired Maj. Gen. Patrick Hurley ripped into the state department career men for their alleged interference with his efforts to unify China and establish it as a base for far eastern political stability. Alternately calm and heated, Hurley, recently resigned as ambassador to Chungking, told the senate foreign relations committee that during his discussions with Chinese communists he concluded that certain state department officials had convinced the Reds that his policy for unifying the country under Chiang Kai-shek would be scrapped. Instead, the officials were said to have declared that the U. S. would seek to stabilize Asia with a controlled Japanese empire.

In hitting at the career men, Hurley charged that they sided with imperialist Great Britain, France and the Netherlands for keeping the orient divided to permit the continued exploitation of the subject people.

In alleging underhanded state department workings, Hurley stated that war plans drawn up for the Big Three meet at Yalta and favoring the distribution of Allied arms to Chinese Reds if they were within

legislation was to weaken and destroy labor organization while appeasing American industry which has refused to bargain sincerely over wage demands.

PEARL HARBOR: Prepared: Marshall

Declaring that American military forces in Hawaii were more adequately equipped than at any other installation in the army, Gen. George C. Marshall, former U. S. chief of staff, told the congressional committee investigating the Pearl Harbor disaster that he felt Maj. Gen. Walter Short was prepared to meet a surprise attack on quick notice.

Reflecting general military opinion, however, Marshall testified that he did not expect a Japanese attack on the big base, even though both the army and navy were aware that enemy spies there were forwarding information on fleet movements in Pearl Harbor to Tokyo. A conservative Japanese thrust southward to Thailand and Malaya was anticipated, Marshall related.

Acknowledging receipt of Short's reply to Marshall warning of possible hostilities sent on November 27, the ex-chief of staff said special attention was not called to the fact that the Hawaiian commander had only reported alerting his forces against sabotage without mentioning other preparations.

Regarding U. S., British, Dutch and Canadian pre-Pearl Harbor discussions, Marshall said their purpose primarily concerned the defeat of Germany rather than Japan. In a message to President Roosevelt sometime in the summer of 1941, the former chief of staff opined that the Allies could not defeat the Nazis with supplies alone, but large ground forces would be required.

Jap Chief Faces Death

First major axis personage to be convicted of war crimes, Japanese General Tomoyuki Yamashita's life depended on a U. S. Supreme court disposition of his appeal that a military commission trying him lacked authority, and finally upon Gen. Douglas MacArthur if the high American tribunal denied his petition. Though Yamashita was not directly charged with committing atrocities, he was accused of having countenanced them. With typical Japanese humility in defeat, Yamashita thanked the U. S. for supplying him with "brilliant and conscientious" lawyers for his trial, and also praised the fairness of the hearings.

Maj. Gen. Patrick Hurley

the area of proposed American landings, were communicated to the communists. As a result, the Reds moved en masse toward the prospective beaches in an effort to secure the arms ahead of Chiang's nationalists.

Mentioning George Atcheson Jr., and John S. Service as two of the career men working against his unification plan in Chungking, Hurley said they returned to the U. S. to be promoted as his superiors.

LABOR: Truman Scare

Because President Truman's proposal for the creation of fact-finding machinery to speed settlement of industrial strife was reported to have thrown a scare into both capital and labor, General Motors and the CIO's United Automobile Workers agreed to a resumption of negotiations over the union's demands for a 30 per cent wage increase.

At the same time, expert observers looked to settlement of wage disputes involving two other major CIO organizations, the United Steel Workers against U. S. Steel corporation and the Electrical Workers against Westinghouse, General Electric and other corporations in this industry.

Decision of G. M. and UAW to resume bargaining reportedly followed a secret meeting between company and union officials in Pittsburgh, Pa., in which the danger of the President's proposal to free negotiation was said to have been discussed. Under Mr. Truman's request for congressional authority to set up fact-finding machinery, government representatives would be empowered to look into both company and union books to determine validity of rival claims and strike action would be withheld during the investigations.

Advanced after failure of the labor-management conference in Washington, D. C., to establish mechanism for speedy settlement of industrial warfare, the President's proposal drew quick fire from union circles, the CIO announcing vigorous steps would be taken in an effort to divert the requested legislation.

In openly breaking with the Democratic administration on the proposed measure, CIO Chieftain Philip Murray declared the design of such

FAT STOCK: Record Sale

Grand champion of the Chicago Market Fat Stock show, Tomahawk, sleek Shorthorn steer raised by Carl A. Henkel of Mason City, Iowa, and Joseph Duda of Belmont, Iowa, brought the highest price ever paid for a steer when it was auctioned off to John R. Thompson, Chicago restaurateur, for \$11,100.

Sired from a Shorthorn bull bred by Chicago Packer Thomas E. Wilson, Tomahawk scaled 1,100 pounds, bringing the owners' return to \$10 a pound, \$1.15 less than the all-time top per pound paid to the Eastern States exposition, champion of 915 pounds in 1929. Tomahawk's huge return justified the confidence of its owners, who turned down a \$500 bid for the steer 17 months ago.

High prices prevailed for stock champions, Karl Hoffman, veteran Hereford breeder of Ida Grove, Iowa, receiving \$30,890 for his grand prize carload of 15 steers averaging 1,022 pounds, and George E. Hoffman and his son, George Jr. of Ida Grove, Iowa, obtaining \$1,742 for the top carload of 26 Berkshire hogs averaging 268 pounds.

Honor 4-H

Climax to the whirlwind 4-H congress he'd in Chicago, Ill., 151 delegates received approximately \$32,000 in awards at the annual banquet staged in the Stevens hotel. Of the total, \$17,200 was paid in scholarships mostly of \$200 denominations while \$14,600 was disbursed in travelling expenses and \$900 in victory bonds.

Of five-day duration, the 24th annual 4-H convention proved a field day for the 1,200 delegates in attendance, 80 per cent of whom had never been outside their home states or stopped at a hotel, and 50 per cent of whom had enjoyed their first train ride in coming to the meet.

Stressing the need for individual progress and enterprise to assure survival, Secretary of Agriculture Anderson told 4-H delegates that 50 per cent of the youth living on farms will have to seek other occupations due to increasing efficiency and mechanization.

Points Up Lack of Modern U. S. Roadways

Only 6 per cent of the 333,000 miles of primary rural highways in the United States have more than two traffic lanes, Charles M. Upham, engineer-director of the American Road Builders' association, revealed. "It will surprise many that in 1943 we had only 20,879 miles of roads with more than two lanes, of which 14,861 were three lanes," he said. "America's mileage in more than two-lane highways is far more limited than most people realize and much of this is not of a high type surface." Mr. Upham went on. "Only five states—Kansas, Minnesota, Nebraska, New York and Texas—have in excess of 1,000 miles each, and the predominance of this is of the three-lane variety. In fact, deducting the three-lane mileage, Kansas has only 93 miles of four-lane or more, Minnesota 253, Nebraska 31, New York 667 and Texas 617."

FARM PROBLEM: CED Solutions

Broader vocational training, special types of rural employment services and an accelerated shift of manufacturing into country areas would materially assist in the increased use of surplus farm labor in industry and help solve one of the primary problems of agriculture, the Committee for Economic Development declared in a statement released by Chester Davis, CED vice chairman and president of the Federal Reserve Bank of St. Louis.

With agriculture destined to look more and more to the co-operative effort of government for assistance in resolving problems arising from heavy mechanized production and pressure on commodity prices, the CED foresaw a need for three types of federal payments within the near future: (1) to enable farmers in depressed regions like the cotton belt to shift to other crops or occupations; (2) to compensate operators for the effect of severe industrial depressions, and (3) to permit realization of the government pledge to support farm prices for two years after the war.

In reference to long-range price policy, CED asked for re-examination of the whole cost system, beginning with a redefinition of parity in relation to existing conditions.

Map Platform

Making no bones about their conservatism, Republican members of congress drawing up a campaign platform for 1946 called for balancing the budget, economy and reduction of bureaucracy and represented themselves as the counterweight to what they styled Democratic radicalism.

In rounding out their domestic platform, the GOP solons backed collective bargaining with government provision for speeding settlement of disputes, and also stood for government support of farm prices in the readjustment period and agriculture's future fair share of the national income.

In foreign affairs, the Republicans favored the United Nations organization, the right of individual nations to self-government and extension of relief to the needy in war-torn lands abroad to prevent chaos and misery. Advocating a well-trained armed force, the GOP also asked for scientific research to assure the most modern weapons.

Cocky Hermann

Now heading the list of 20 top Nazis being tried for war crimes in Nuernberg, Hermann Goering found diversion in palmer days playing with animals from his miniature zoo at Karin Hall estate. Blandly assuming responsibility for all of his official acts and continuing to swear by national socialism, Goering has been the most aggressive of the Hitlerian big-wigs at the trial, now in its second phase with British prosecution of principals on charges they violated international treaties.

BRITISH LOAN: Trade Help

In what the British termed "a magna carta for world trade," the Truman administration replied to their appeal for a loan to permit an orderly resumption of their foreign commerce by agreeing to an advance of 4.4 billion dollars subject to congressional approval.

Flatly turning down British proposals for an outright grant on the strength of arguments that their early stand had prevented a Nazi victory, the administration agreed to spread the loan over a 50-year period at a 2 per cent interest rate, first payable in 1951.

As a result of the loan, Britain will be able to pay off wartime debts by shipment of finished goods to creditor nations, while still importing material to maintain an adequate living standard. The two countries also pledged to work for a reduction in tariffs and the elimination of quotas and other restrictions on world trade.

TROOP TRANSPORT:

Thirty-two American troop transports with a combined capacity of 83,000 men have been ordered transferred from the Atlantic to the Pacific and will move through the Panama canal by the end of December on their way to Japan or the Philippines, the army said.

Seventeen of the vessels are fast troopships, including the West Point—formerly the America—largest U. S. passenger liner afloat. The other 15 are converted Victory ships.

SHIRTS AND SHRIMP

Mississippi will do its part to guarantee Victory Bonds through its varied production. One-third of the nation's blue chambray shirts are made there; 80 per cent of the Nation's shrimp are caught in its waters; it has the world's largest apiary and the world's largest cotton plantation. It has more cattle than any other southern state.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

\$1,300⁰⁰ an hour

DAY AND NIGHT . . . THE WHOLE YEAR THROUGH

"Money on the move" means better business for practically everybody.
The money paid out as operating expense by the United Companies in Texas annually puts a lot of dollars into circulation. These dollars move day by day from hand to hand, from buyer to seller, from taxpayer to government.
In 1944, our operating expenses in Texas cities, towns and counties, reached the tall figure of \$11,556,000, or nearly a million dollars a month. Average that out by the clock, and you learn that last year the United Companies spent approximately \$1,300 every hour of every day and night, the whole year through . . . "working money" that moved regularly out of our business and into others.

When Your Back Hurts
And Your Strength and Energy is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people find tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling, sometimes frequent and scanty urination with smearing and burning in another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Household Hints

Keep a jar of ground peanuts on hand. They add nutrition and flavor to muffins, waffles, cookies and quick breads. They dress up salads and perk up plain desserts such as cup custard.

When washing, turn clothes with ties or sashes inside out before putting them into the washing machine.

That discouraged-looking veil can be freshened by pressing it between two pieces of brown paper with a warm iron.

Put a fruit jar rubber under dishes you set directly on ice. The ring will stick to both ice and dish and hold it firmly in place.

If you are forever wearing out shoe strings, try this method of strengthening them. Stitch up and down each string several times with your sewing machine before using them.

Ash trays should be emptied and washed each night. Otherwise the house will have an unpleasant odor in the morning from the soiled trays.

HER BOSS LIKES HER WHITE UNIFORMS

HUNTSVILLE, ALABAMA.—Miss Minnie Belle Poole must have a particular boss. Here is what she wrote in a letter about Faultless Starch:

"I like Faultless Starch best of all because I work where I have to wear white uniforms. So with Faultless Starch I can keep them just like my boss wants them kept. Thanks to Faultless Starch! It is everything its maker says it is."

One of the wonderful things about Faultless Starch is the way it makes white things come out beautifully white, and colored things come out beautifully bright. There is a reason for it. You see, Faultless Starch is made a special way—with special starch and special extra ingredients. It doesn't turn brown under the iron and it doesn't put a film over the cloth. It penetrates the fabric—gives the cloth the "finish" from the inside out, instead of by coating the outside.

EASY—FOR BUSY FOLKS

Another wonderful thing about Faultless Starch is that it makes it EASY for busy people to do beautiful starching and ironing. It takes only a minute to make perfect hot starch with Faultless Starch. Just cream it with a little cool water and add boiling water while stirring — that's all — it's ready to use.

Ironing is so easy, too. Faultless Starch contains ironing-aids that stop that "sticky" iron. That makes the iron just fly along—smooth and easy. No wonder it's easy to do beautiful ironing, because Faultless Starch makes ironing a joy—not a job.
You should try Faultless Starch right away. You'll like it so much you'll never want to be without it. —Adv.

Relish Adds Zest to Roast Turkey (See Recipe Below)

Holiday Hints

If you don't have baked ham or roast beef for Christmas, then you'll want to take full advantage of the plentiful supply of turkeys and have one of these birds.

Roast turkey or plump, stuffed chicken is excellent for a family dinner or a buffet style supper. Don't forget that you can add spice and splendor to the golden brown, roasted bird by serving it with all the trimmings—cranberry fruit relish, fluffy mashed potatoes, light feathery rolls and a bowl of fruits and nuts.

The table will be attractive if it carries a burnished bowl of bitter-sweet or bells laced together with holly wreaths. Or, you might like a bowl of fruit and nuts set on a shimmering white cloth. Yes, have candles, too, if you like, for they exude the welcome that really spells Merry Xmas.

If you've had turkey recently, then make it with a different stuffing to avoid monotony. There are really loads of ways to try, you know, and they are all excellent. Here is one which will certainly win over the family:

- Oyster Stuffing for Turkey.**
(For a 12-pound bird)
2 1/2-cup loafes of bread (dried)
1/2 cup fat, melted
1 teaspoon salt
1/2 teaspoon white pepper
1/2 cup minced onion
4 tablespoons poultry seasoning
1 quart oysters, chopped
4 tablespoons melted butter

Remove crusts from bread and cut bread into 1-inch cubes. Toss all ingredients lightly together. All of the stuffing does not have to be baked inside the bird. It may be placed in a casserole to bake or may be made into croquettes to be put around the bird.

The jellied cranberry relish may be molded in any number of interesting shapes—individually, in a loaf, melon or other shape. You'll like this duotone effect:

- *Cranberry Fruit Relish.**
First Part:
1 envelope unflavored gelatine
1/2 cup cold water
1/2 cup hot water
1 1/2-cup jar cranberry sauce
1/2 teaspoon salt

LYNN SAYS:

Here's How to Remove Stains: Fruit and coffee stains are best removed by stretching the stained part over a bowl and then pouring boiling water from a height until the stain disappears. If the material is still stained after this treatment, hang in the sun to dry.

Milk stains: wash out in cold water while still fresh.
Glue stains: apply vinegar with a cloth.
Ink stains: soak in sweet or sour milk, or wet stains with oxalic acid and rinse.

Mildew stains: if the stain is not too old, it may be removed by applying soft soap and powdered chalk, keeping it moist and laying out in the sun.

Rust stains: soak the spot in lemon juice, then cover with salt. Let stand in sun for several hours and wash in cold water with hard soap. Repeat treatment if necessary.

Old coffee and tea stains: wet spot with cold water; cover with glycerine and let stand 2 to 3 hours. Wash thoroughly.

Soften gelatine in cold water and dissolve over hot water. Break up cranberry sauce in a bowl and pour hot liquid over it. Beat with rotary beater until smooth. Add salt. Pour into the bottom of a mold which has been rinsed with cold water and chill.

- Second Part:**
1 envelope unflavored gelatine
1/2 cup cold water
1 cup hot water or fruit juice
1/2 cup lemon juice
1/2-teaspoon salt
2 to 3 tablespoons sugar or light corn syrup
1 1/2 cups sliced mixed fruits

Soften gelatine in cold water and dissolve in hot liquid. Add lemon juice, salt, sugar or light corn syrup and stir well. Cool, and when mixture begins to stiffen, fold in diced fruits. Pour on top of cranberry layer (which has already become firm) and chill. When firm, unmold and serve.

- *Honey Raisin Muffins.**
(Makes 18 2-inch muffins)
2 cups flour
2 teaspoons baking powder
1 teaspoon salt
1 tablespoon sugar
1/2 cup raisins
1 egg
1 cup milk
1/4 cup honey
3 tablespoons shortening

Sift together flour, baking powder, salt and sugar. Add raisins. Beat egg, add milk, honey and shortening. Blend thoroughly. Add to flour mixture, stirring until flour is moistened. Fill greased muffin pans 3/4 full. Bake in a moderately hot (425-degree) oven for 20 minutes.

- *Apple Muffins.**
(Makes 12 2-inch muffins)
2 cups sifted flour
3 teaspoons baking powder
1/2 teaspoon salt
1/2 teaspoon cinnamon
2 tablespoons sugar
1 egg
1 cup milk
1/4 cup melted shortening
1 cup finely chopped apples

Sift together flour, baking powder, salt, cinnamon and sugar. Beat egg and add milk, shortening and apples. Add egg mixture to flour mixture, stirring until flour is moistened. Fill greased muffin pans one-half full. Bake in a hot (425-degree) oven about 20 minutes.

- *Pineapple Souffle.**
(Serves 8)
1 tablespoon unflavored gelatine
1/2 cup cold water
3 eggs, separated
1 teaspoon grated lemon rind
2 tablespoons lemon juice
1/2 cup sugar
1/4 teaspoon salt
1/2 cup crushed, canned pineapple
1/2 cup heavy cream, whipped

Soften gelatine in water for 5 minutes. Beat egg yolks slightly and add grated rind, juice, sugar and salt. Cook in double boiler, stirring constantly until mixture thickens. Add gelatine and stir until dissolved. Add pineapple and cool. When mixture begins to thicken, add in whipped cream and stiffly beaten egg whites. Turn into mold and chill. When firm, remove from mold and garnish with cherries or other fruit.

"VEST POCKET" POWER

ELECTRONIC experts have lately outdone themselves in giving us the "vest pocket" radio. They have made possible hearing aids easily concealed in the palm of the hand. They have designed radios the size of a cigarette case. Now they give us a postwar edition of the amazing Handie-Talkie—famed GI sending and receiving set. A key to these accomplishments is "Eveready" batteries. One of these store-rooms of power, the "Mini-Max" battery, weighs only 1 1/2 ounces. Yet, size for size, it is the most powerful "B" battery ever made.

An "Eveready" "Mini-Max" Battery, with an "Eveready" Flashlight Battery, in the palm of a hand. Insist on "Eveready" batteries. They're rated to assure freshness. Fresh batteries last longer!

Behind Your Bonds

Lies the Might of America

FIRST IN POULTRY

Huge resources that will help the nation guarantee Victory Bonds are produced by the poultry trade in Iowa. It is the largest egg-producing state, and its poultry output also stands at the top. Turkeys and capon raising are growing projects that promise additional resources to guarantee bonds for years to come.

Teach Every Dog Rudiments of Courtesy, Elias Vail Urges

Nine-tenths of the difficulties involving dogs would automatically be eliminated if each owner taught his dog a few elementary rules of canine courtesy, Elias C. Vail, managing director of the Gaines Research Kennels, Ridgefield, Conn., said in a recent talk.

Mr. Vail is one of the best known dog men in the country. In a quarter of a century of active dog work, he has bred, shown and trained some of America's foremost bench and field trial champions. The Research Kennels that he heads are a unique institution devoted to studying the facts on dog breeding, feeding, care and training, which will be of practical, helpful value to dog owners and dog breeders. Although the Kennels have been in operation less than two years, already they have become a veritable mecca for visiting dog lovers from all sections of the country.

"In handling any dog control is the key word," Mr. Vail said. "One cannot be said to really own a dog that has not been trained to obey commands. A running, jumping, yapping dog is no credit to himself or his owner and very undesirable from the standpoint of the community. To make your dog a real pal and have him greatly admired by friends and strangers alike, he must be taught a minimum of four things: 1. To know his name perfectly; 2. To come to you when called and this must hold good outside as well as inside; 3. To sit down or lie down on order or signal; 4. To comply with your wishes whenever you command 'No.' This last is perhaps the most important lesson of all. Your 'No' must be so impressive that he will immediately desist from whatever he may be doing at the moment, whether it be eating his dinner or smelling the pants leg of some stranger. Ten or 15 minutes once—but

preferably twice—a day will accomplish wonderful results. It's almost unbelievable what good you can obtain from the right routine in a single month.

"Please remember that the average dog trained to mind loves it and will love you more truly as master than an untrained little rascal left to his own whims. Some people have the idea that a dog taught to mind is a cowed dog."

Your dog trained to mind will love you the more for it.

Just forget it. Everything depends on the technique and common sense applied in the training. Remember the thousands of dogs trained for military work during World War II. You would hardly call them cowed, yet without training they would have been worthless. There is your answer. Praise when he has earned it goes a long way to encourage a dog with his training work. On the other hand, don't allow him to disobey without a reprimand. Quick correction at the moment of failure makes for effective training. Never spank a dog. If you have to discipline him, a slight tap on the nose will probably do the trick."
