VOL. 36

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, MAY 17, 1946

NO. 27

Baseball

The Hedley boys will play the Lelia Lake baseball team here next Sunday afternoon at 2 p. m. Last week Hedley defeated them at Lelia Lake by a top heavy score but it was their first game and they will be strengthened for the game this week. There will probably be a double header as some of the older players want to get limbered up. Probably the boys will play the men or Hedley play McKnight, if you can tell the difference.

Card of Thanks

We take this means of thanking the people of Hedley and Lelia Lake who were so helpful and sympathetic during the illness and loss of a precious mother and grandmother.

May God's richest blessing be yours.

Revival Meeting

A revival will begin at the Church of the Nazarene May 17 and run through May 26. Rev. R. L. Holder of Lamesa will do the preaching and Mrs. Holder will be in charge of the song services.

Evening services will begin at 8:15. Everyone is cordially invited to attend.

The Wise Old Owl

Did the Wise Old Owl get cold going to Palo Duro or did the hot news keep him warm?

What three girls were wanting the wool pulled off Arthel's eyes? Why didn't Lola Faye go to Palo Duro?

Was Dorothy Johnson under the weather Saturday or was she lonesome for McKnight?

Did Margaret and Bonnie go into debt because of a certain item? Where were most of the girls in high school, Monday evening? Could there have been an interesting feature elsewhere?

Why was Velvia so happy on the trip home from Canyon? Why did Juarita enjoy the trip to Palo Duro?

Lions Club News

Next week's meeting of the Lions Club will be Ladies Night. Come out and bring a lady if you can, if not come anyway; some of the Lions may bring two. It will be at the High School Auditorium and the bell will ring about 8:15 p. m. No charge will be made for Lions but ladies and other guests will be 75¢ a plate. Lions W. C. Bridges and J. W. Noel have charge of the program so that means a good one.

The program for last week's meeting was furnished by Lions Quattlebaum and Pickering. It consisted of a moving picture show by Mr. Wood of Pampa, an ex-Donley County boy. The Colorado scenes shown are going to make it mighty hard for the Lion fishermen to hang around here these warm days.

Mrs. Gaede of Mulshoe and Mrs. Gann of Grand Prairie are visiting in the W. F. Gaede home.

Senior Class News

The Grand Ole Opry, a skit, written and directed by Mrs. Dav-enport, was played to a full house on the evening of May 3. Many out-of-town guests were present. The Juniors assisted the Seniors in presenting the skit, which was an impersonation of characters appearing in the regular Saturday evening program over WMS Nashville, Tennessee.

A box supper sale and popularity contest preceded the program. Winners from the Grades were Miss Carolyn Reeves and Jimmy Lynn, both from the fifth grade. Winners from high school were Miss Martha Alexander and Jimmy Owens. The high school contest was a pretty close race between contestants and hardly won.

A contest that caused much merriment was the ugly man contest. The nominees were Billy Bridges, Ross Adamson, and Leon Reeves. Leon Reeves came out the winner to the great amusement of the crowd. All contest winners were presented with boxes of candy. The receipts were \$187.23 for Seniors.

The Senior Class play, It's In the Bag, was played to a large audience on the evening of May 10. The band from Clarendon High School under the direction of Mr. Stanley gave a thirty minute concert before the curtain rose. The band also played at intermissions. Mrs. Zeb Land sang I'm Always Chasing Rainbows, and Misses Mary Sue Scales, Joyce Tipton, Veiva Johnson and Bertha Lowery sang two numbers. Gate receipts were \$87.33.

Miss Carmen Adamson of Amarillo and Miss Zona Adamson, who is just back from Panama City where she has been employed by civil service for two years, are visiting their parents, Mr. and Mrs. S. G. Adamson.

Mrs. W. F. Gaede, who has been quite ill, is reported improving.

Doris Parks was brought home Monday from an Amarillo hospital.

Parent-Teacher Assn.

The local P. T. A. met for the last time during the school year of '45 and '46 in the English room of the High School building the evening of May 13. There is still a large sum of money still in the treasury. It was decided that we buy lockers for the high school girls and finance a breakfast for the Seniors. The remainder will be carried over to begin the new session next year.

A membership committee consisting of Mrs. Sam Owens, Mrs. Barney Johnson and Mrs. Leon Reeves was appointed. Also a program committee was appointed with Mrs. Winfield Mosley as its leader and Mrs. Longan and Mrs. W. Johnson as assistants.

The eleventh and sixth grades tied for room count.

A very nice program was led by Mrs. Kelley.

Invocation, Mrs. Bingly Conference Report, Mrs. Cherry A group of short selections sung by Mrs. Ruth Land, accompanied by Mrs. C. O. Hill: Dedications, Lindy Lou, Memories, When the Bells in the Lighthouse Ring and Mother Machree.

A vase of flowers were presented to Mrs. Moreman in appreciation of her work as P. T. A. president of our local unit.

Formally installed as officers for the forthcoming year were president, Mrs. Cherry; vice-president, Mrs. Winfield Mosley; recording secretary, Miss Virginia Watt, corresponding secretary, Mrs. Ray Moreman; Mrs. C. L. Johnson, treasurer.

After singing God Be With You Till We Meet Again, the group adjourned until the beginning of school next summer when we plan to begin in earnest again. Will you not join us?

Busy Bee Needle Club

The Needle Club met with Mrs. S. G. Adamson the afternoon of May 8th. Each guest presented the hostess with a friendship quilt block. The guests quilted on a beautiful flower garden quilt for the hostess. Lemonade cheese Hihos and cookies were served. The next hostess will be Mrs. C. M. Bailey, May 19th at 2:30.

Juniors and Seniors Are Entertained

Saturday, May 11, Mr. and Mrs. Bill Scales entertained the members of the Junior and Senior classes with a trip to the Canyon Museum and Palo Duro Canyon. We went in Burt Stone's truck. We left Hedley about 6 a. m. and arrived at the museum at 8:30 a. m. After visiting the museum all went out to Palo Duro Canyon to spend the day. After cooking our dinner over a campfire, the time was spent in climbing canyons, taking pictures and wading in the creek. Those who attended were Darrell Proctor, Malcolm and Joe Usrey, Bonnie Edens, Joy Blankenship, Mary Sue Scales, Elsie Howell, Juarita Usrey, Margaret Baker, Velva Johnson, Leon Doherty, Jerald Sims, Warren Vynn Arthel Gibson, Bertha Lowery, Thelma Moss, Dorothy Johnson, Lynn Cherry, Charles Johnson, Billie Rich and Joyce Tipton. Willie Goode, Johnny Ward, E. E. Naylor, R. L. Stone and our chaperons, Mrs. Longan, Miss Kampy, Mr. Baker, Mr. Hill, Mr. Stone and our hostess, Mrs. Scales. Everyone reported having had a swell time with the exception of blistered feet and faces, skin and bruises. Incidentally a book Magazine photographer took some of the kids' pictures for the book Magazine's report on Palo Duro Canyon. So be on the lookout for our mugs.

According to an item which appeared in Saturday's Fort Worth Star-Telegram Hedley is to have a new depot agent in the near future. He is J. C. Blackburn of Plainview. Unlike other newcomers to our town, Mr. Blackburn will not be faced with the problem of finding a home, for according to this item he is bringing his home with him. Unable to find a house when he and his wife moved to Plainview from Estelina, he converted an out-dated school bus into a home, thus not only solving the housing problem, but also simplifying the transportation problem.

Necessity is truly the mother of invention.

Dr. and Mrs. D. H. Cox and Mr. and Mrs. Hobart Moffitt attended the air show at Clovis Sunday.

Must We Be Members of the Church In Order To Be Saved?

By M. F. Manchester

Many folk teach that membership in the Lord's church is not necessary to salvation in Heaven. In other words you can be saved and never belong to any church. It matters not what others teach on this subject, but what the Bible does the Bible say? "Upon this rock I will build My church." Mat. 16:18. Did he build a non-essential institution? The blood of Christ was shed in vain if church membership is not necessary. "Feed the church of the Lord, which He hath purchased with his own blood." Acts 20:28 "Husbands love your wives, even as Christ loved the church and gave Himself for it." Eph. 5:25 "And the Lord added to the church daily such as should be saved." Acts 2:47. Why did the Lord add them to the church if membership in it was non-essential? Jesus is the saviour of the church.

"For the husband is the head of the wife, even as Christ is the head of the church, and He is the saviour of the body." Eph. 5:23. The body is the church. See Col. 3:18. We challenge anyone to show by the Bible, that people can't have to belong to the church in order to be saved.

WEEKLY NEWS ANALYSIS

Arabs Blast Plan for Jewish Entry in Holy Land; Rail Unions Threaten Strike for Wage Hike

Released by Western Newspaper Union.
EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

Dramatic photo panel pictures execution of Andor Jarosz, former Hungarian minister of interior and Nazi collaborator, for war crimes. No. 1 shows Jarosz trussed to post; No. 2, firing squad shooting, and No. 3, Jarosz grimacing with pain as slugs tore through body.

PALESTINE:

Arab Entry Plan

Arab reaction to the recommendation of the Anglo-American committee of inquiry on Palestine that 100,000 European Jews be admitted into the Holy Land immediately was strong and bitter, with leaders warning of strife and a swing toward Russia in the middle east.

In branding the committee's plan as a betrayal of Arab rights, Arab leaders vowed they would resist its implementation and warned that repercussions might be heard throughout the entire middle-eastern Arab world with its 33 million people. Because the western powers showed a disposition to ignore the centuries-old dominant Arab population and culture of Palestine, they said, they might be compelled to turn to Russia for recognition.

To be acted upon by the American and British governments before its implementation, the committee's plan called for the immediate admission of 100,000 Jews to Palestine and a relaxation of barriers in other countries to accommodate some of the victims of persecution in Europe.

Neither Jew nor Arab are to dominate Palestine, with interests of the Christian as well as Moslem and Jewish faiths protected. Restrictions on land transfers would be removed and replaced by freedom in the sale, lease or use of land, irrespective of race, community or creed.

Pending the creation of a United Nations trusteeship to rule the country, the present British mandate government would be retained to preserve order and prevent an Arab or Jewish movement for domination.

FOREIGN MINISTERS:

Discuss Reich

Pushed by the U. S. to permit Germany to return to a self-supporting basis and aid in the revival of the war-shattered European economy, Big Four talks on the postwar status of the Reich headed up the foreign ministers' meeting in Paris.

Though the conference originally was called to speed up formulation of peace treaties with Italy and other former German satellites, the pressing need for early reconstruction of the continent led to consideration of the problem of the Reich. Seeking to reassure Russian fears of a revived Germany, the U. S. proposed a four-power control plan for Germany to cover 25 years and guard against rearmament.

Joining with the U. S. in consideration of a unified Reich confined to non-military production, British leaders declared that division of Germany would encourage redevelopment of another nationalist movement. Advocating retention of the industrial Ruhr and Rhineland in the Reich to help bolster its economy, they proposed British control over these vital areas until a four-power commission could be set up for permanent supervision.

LABOR:

Strike Threats

With the coal strike reducing industrial operations and necessitating fuel conservation in metropolitan areas, the threat of a railroad walkout loomed as another menace to the nation's productivity.

POLIO:

A nationwide poliomyelitis treatment and professional-level training program that will cost upwards of five million dollars has been approved by the National Foundation for Infantile Paralysis and its local chapters.

Of the sum, National Foundation headquarters has allocated \$800,000 to train doctors, nurses and physical therapists in the modern treatment and care of polio victims at these centers.

Following the collapse of negotiations between the carriers and the Brotherhood of Locomotive Engineers, and Brotherhood of Railroad Trainmen, union heads announced strike plans unless their demands to negotiate the difference between the 16 cents an hour wage increase awarded by a Presidential fact-finding board and the 25 per cent boost they seek.

Declaring that in some instances, the increase awarded would amount to 13 cents an hour and in others 18 cents, the union heads said they would insist upon the adoption of their demands regardless of who runs the railroads, thus indicating they might balk at government operation.

Meanwhile, federal conciliators worked feverishly in an attempt to break the soft coal deadlock, with the government taking cognizance of the dwindling fuel supply already resulting in reduced industrial operations by ordering railroads to cut passenger service on coal burning trains by 25 per cent and embarguing all freight shipments save for essential commodities.

Jap Women Hot Politicos

Although they have just come into their own in Japanese politics, Nipponese women already are taking their electoral responsibilities with fervor.

Following Mrs. Hatsu Imai's resignation from parliament after her recent election, four of her feminine co-legislators lit into her for quitting because of the press of her domestic duties.

"A betrayal of the electorate," cried Haru Wazaki, an independent from Akita.

"Weak will," snorted Tsuko Yamashita, independent from Kumamoto.

"If she had to quit because of feudalistic expressions around her, I think she should fight against them," averred Shizue Kato, social-democrat from Tokyo. "Destruction of the traditional family system is the key to women's development."

MEAT:

Test Control

With Secretary of Agriculture Anderson calling for the removal of price control on meat if government regulations fail to provide major packers with a sufficient run of stock in the next 90 days, observers waited to see how effective re-imposition of slaughter quotas and a reinvigorated attack upon the black market would be in remedying short supplies.

Declaring that the big companies could not obtain enough cattle at ceiling prices because smaller operators have bid up the market for available stock, Anderson said the government was giving meat control its final test. Though packers were convinced slaughter quotas would not furnish sufficient relief, Anderson said they had proven effective before, and along with a tighter clamp on the black market might route adequate supplies to established companies.

In discussing the meat situation with Anderson during hearings of the senate banking committee on extension of OPA, Senator Barkley (Dem., Ky.) declared that a reliable stockman stated that while he normally slaughtered 7,000 head a week he can now get but 500. Anderson replied the case was typical of the industry as a whole.

Production Down

Farm production of meat animals in 1945 totaled 40.2 billion pounds, about 1.6 billion pounds smaller than the output in 1944 and around 6 billion pounds below the high record in 1943. Production of cattle set a new record and that for hogs was the fourth largest but raising of sheep and lambs was below par.

Gross income from meat animals in 1945 amounted to 6,252 million dollars, nearly equalling the record return in 1943 and 158 million dollars higher than in 1944.

WEATHER:

Long-Range Change

Having experienced a 50-year cycle of warmer weather, the U. S. next may undergo a period of progressively lower temperatures, studies of J. B. Kinger of the weather bureau indicate.

Bringing his charts up to date, Kinger, former chief of the bureau's division of climate and crop weather, found that the 50-year trend toward balmy weather was reversed about five years ago and a continued dip in the temperature would bring a return to the shivery winters of grandpa's days.

Because a trend is established upon mean temperatures over an extended period, evidences of a cycle of colder weather does not mean that it will freeze this summer or next year's snow storms will be worse than last, the bureau pointed out. Further, another 5 or 10 years may be needed to ascertain a definite reversal in atmospheric conditions, it was said.

MOTHERS:

Pick No. 1

Seventy-one year old Mrs. Emma Clarissa Clement of Louisville, Ky., became the first Negro to be named the American mother of the year by the Golden Rule foundation in winning the honor in 1946.

Herself an alumnus of Livingston college, Salisbury, N. C., Mrs. Clement is the mother of seven college graduates. One son is president of Atlanta university, Atlanta, Ga., two others are professors, and a fourth is an army chaplain. She is the widow of a former bishop of the African Methodist Episcopal Zion church in Louisville.

Long active in civic affairs, Mrs. Clement is a former national president of the women's society of the African Methodist church; a charter member of the South Commission of Inter-racial Co-operation; secretary of the Negro section of the Kentucky division of the American Field Army cancer society, and statistician of the Kentucky Federation of Women's clubs.

PHILIPPINES:

Friendly Chief

Election of 54-year-old Manuel Roxas as president of the Philippines portended continued good friendship between the islands and the U. S. since the fiery new chief has repeatedly advocated close political and economic ties between the two peoples.

Though a prominent leader in the Philippine nationalist movement, Roxas parted with the radical element of the Nacionalista party in 1933 in agreeing to a U. S. proposal for independence after a 10-year preparation period. He stands for friendly trade relations with the U. S. and unlimited investment of American capital. Upon his election, he pledged to co-operate with both the U. S. and United Nations in developing foreign policy in the far east.

Throughout the bitter election, which pitted Roxas against the incumbent Sergio Osmena, the new president was charged with having collaborated with the Japanese during the occupation. He replied that he accepted membership in the puppet cabinet to further underground activities and served as adviser to the corn agency in 1943 to avert widespread starvation in the islands.

MAY DAY:

World Fete

The workers' holiday most of the world over, May Day was celebrated by huge throngs in Russia, Japan and Germany this year, with lesser manifestations in other countries.

Standing above Lenin's tomb in Red Square, Marshall Stalin reviewed Russia's armed might and watched a procession of workers hopped up with the vigorous order of the day: "Returning to peaceful work, we must constantly be alert, look after the armed forces and defenses of our country." Atomic scientists marched in the parade.

No less than 400,000 Japanese gathered in front of the Imperial palace in Tokyo, waving red banners, singing and listening to harangues on workers' rights. In Osaka, 50,000 Nipponese convened to demand minimum wages based on living costs, increased food rations, participation in management and creation of a Democratic People's front.

With Allied representatives looking down from a platform on the site of the shattered Protestant cathedral, 250,000 Berliners attuned their ears to spellbinders calling for solidarity in the class struggle of the working man and topped the celebration with the "Internationale."

On the farm . . .

The department of agriculture estimates 1945 milk production in the United States at 122.2 billion pounds, the highest total since 1942 when 119.2 billion pounds were produced. Milk cows on farms in the United States in 1945 averaged about 25.5 million, fully 400 thousand less than in 1944, the all-time high for cows of milking age achieved in this country.

AROUND THE HOUSE

Easiest way to mark a straight line on a wall surface is to immerse a piece of twine in powdered chalk, hold it against the wall surface (a man at each end), pull it out at one end or the center and let it snap back quickly.

Moths will not remain in rugs which are sponged at intervals with hot water to which a little vinegar has been added.

Allow the electric iron to cool after use and remove any starch with soap and a damp cloth.

To make a handy rack for garden hose, nail eight or ten large twine spools on the cellar wall, all of them to form a circle like the face of a clock. Diameter of the circle should be about 22 inches.

To shorten a belt, mark the correct length and remove the extra amount from the buckle end.

Fill a bowl with fresh water and in it drop a few drops of household ammonia. If allowed to stand overnight, the mixture will rid the room of the odor of tobacco smoke.

POSSUM FLATS ... "TALK ABOUT ENERGY"

"Genie with the light brown whiskers? —PHOOEY!"

Remember the story of Aladdin, his lamp, and the conny genie? That goon doesn't even belong in the same league with me. Why I could give him cards and spades and still come up with more miracles per kilowatt hour than he could perform in a thousand and one nights.

My trouble is that you folks take me for granted. When I heat your electric iron, or chill your refrigerator, or clean your rugs, you expect it of me. But let that dopey genie do anything and right away somebody writes a book!

But don't think I'm going to sulk. I'm used to being taken for granted. I'll go right on being at your service, day and night. But I just had to get this gripe off my chest. Gosh, all that fuss over some old genie!

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pain, headaches, dizziness, getting up sick, leg pains, swelling. Sometimes frequent and smelly urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

Maybe you aren't this big a nut about cars

Maybe you're able to resist taking your engine apart—as long as it runs swell. That's generally enough for most anybody—no matter how curious he is to see Conoco Nth motor oil in the act of OIL-PLATING the engine's slides.

OIL-PLATING engines aren't forever having the top opened up to see about carbon—nor having the bottom opened up to see about sludge. Carbon and sludge are the camp-followers of wear. But OIL-PLATING is in the best position to oppose wear—because it is fastened and held direct to inner sur-

faces. This is accomplished by the magnet-like action of an added material in Conoco Nth oil—patented.

OIL-PLATING is an addition—a durable protection—to the engine's fine inner finish. Ask new car owners and you'll find them widely adopting OIL-PLATING. This time, with this new car, they want to start out right. . . . And should an older car logically have anything less than the safeguard of OIL-PLATING! Then get Conoco Nth motor oil—at Your Mileage Merchant's Conoco station—now. Continental Oil Company

Manhattan Heartbeat

Fifth Avenue, the teeming boulevard which runs the gauntlet from 1 south to 2340 north in the heart of the world's most important Treasure Island, is the Avenue FOR the Americas. In 1918, during the first World War, it was for a time called the Avenue of the Allies, which fooled nobody. With a past as glamorous as Camille's, a present as active as the dollar's, its future is as bright as radar's!

Come Sunday, the city fathers of the good old days shut the Avenue off so that Sabbath worshippers could have absolute quiet. Now it's almost necessary to rope off the glittering store windows so that the strollers can't have free rein! . . . The Avenue is an international hodgepodge of everything: Toy factories, two art museums (the Metropolitan and the Frick), famous cathedrals, churches and synagogues, the Empire State (the world's highest, widest and hand-somest), architects and stock brokers, haberdashers, interior decorators, women's apparel specialists, Radio City (which gives natives their largest Christmas tree and an outdoor ice skating rink), a party favor house, swank restaurants, banks, and mansions filled with ghosts.

The first Fifth Avenue Hotel—six stories high (or can you stand it!)—was opened in 1859. It featured a novelty, New York's first vertical railway. What's that? Why, a passenger elevator—you dope. . . . Elevators along Fifth these days are such elegant affairs that operators are likely to look down their shafts at ordinary pilots of the Air Forces.

John Barrymore earned and lost several fortunes during his turbulent career. When a colleague chided him for his financial irresponsibility, Barrymore recited an epitaph he had seen in Westminster Abbey: "What I gave, I have. What I spent, I had. What I left, I lost—by not giving it."

Some of us wondered why Jed Harris, who once made a million dollars as a Broadway showman, didn't connect in Hollywood. . . . Insiders insist this is why. . . . Friends brought him to Louis B. Mayer, the movie magnate, who had been informed of Jed's genius on B'way. "How much money do you want a week?" asked Mayer. "How much do YOU get?" demanded Harris. That did it!

When Heywood Brown first started reviewing Broadway shows he had the habit of making notes during dull shows to appear that he wasn't bored. . . . The worse the show the more he scribbled. . . . One night he stopped making memos during a second act. . . . After the second interval the beaming producer said: "I feel better since I noticed you put away your pad."

Sounds in the Dark: At the Singapore: "He reaches for the check like it was an atomic bomb!" . . . At the Stuyvesant Casino: "They say he's an awful bore—but I think he's rather expert at it." . . . At Ciro's: "When he dies the only guy who'll be sorry will be his insurance agent." . . . At the Park Central Lounge: "A layman is a pedestrian who jumped too late!" . . . At the Garden Restaurant: "He was just promoted from Account Executive to Office Boy." . . . At the China Doll: "Her love is so sickle it oughta be listed on the Stock Exchange." . . . At the Bronx Zoo: "But son, I've told you a hundred times, Senator Bilbo is in Washington!"

Sir Arthur Conan Doyle once related a bantering conversation he had with a \$10-a-week actor who was cast in one of his plays. The young chap had laughingly suggested that the two agree to divide their incomes with each other for the rest of their lives. . . . Naturally, Sir Arthur had refused "such a ridiculous offer."

The \$10-a-week youngster was Charlie Chaplin.

Harry Wagstaff Gribble, the producer, director, author and all around play expert, has coined a swlegant new word to replace the inaccurate "Colored" and equally untrue "Negro." . . . The casts of both "Anna Lucasta" troupes are thrilled about it. It's a pip, to wit: Negramerican.

This one has been pinned on various hefty humans. But Alec Woolcott enjoyed pinning it on himself. . . . When Alec was tipping the scales (in the 300s) two actors noticed him wading in the Atlantic City surf. Said one: "Let's go swimming."

"How can we?" quipped the other. "Woolcott's using the ocean!"

Designed for Coolness—Molded Fruit Salad (See Recipes Below)

Cool Topics

If Ol' Mr. Sun is getting hotter every day and you have a problem trying to keep the family feeling cool, then feed them cool, delectable things that will take their minds off the weather. Incidentally, by feeding them cool things, you'll be keeping cool yourself if you learn how to prepare dishes that don't take heat for cookery.

First of all, select foods that will cook in a minimum of time. Secondly, do your cooking in the cool morning hours so that the kitchen is not heated at the last minute. Rely heavily upon the refrigerator and learn to use it to the fullest extent.

Serve salad plates on the hottest evenings, and don't limit the meal to one salad. You can prepare a meat salad, vegetable and fruit salad and serve each in a dainty cup of lettuce as your main course. Top this off with cake or pie prepared earlier in the day; or, if you wish precede the meal with a hot cup of bouillon that takes just a few minutes to heat.

Here is a selection of meat salad recipes from which to choose for the main part of the meal. Leftover meat is fine to use, or if desired, cold cuts may be substituted. Be sure to chill the ingredients, bowl and salad platters so that the salad will be served as cool as possible.

Ham Mousse Salad Plate (Serves 6 to 8)
1 cup cooked smoked ham
1/2 cup diced celery
1/2 cup diced dill pickle
1/2 cup minced pimiento
1/2 cup sliced, stuffed olives
1 1/2 tablespoons gelatin
1/2 cup cold water
2 cups stock or bouillon
1/2 cup mayonnaise

Dice leftover ham fine and combine with celery, olive, pickle and pimiento. Soak gelatin 5 minutes in cold water. Heat stock. Add gelatin mixture, and stir until dissolved. When mixture begins to congeal, add mayonnaise and meat mixture. Pour into an 8-inch ring mold or loaf pan and chill until firm. Slice and serve.

Jellied Meat Ring (Serves 10)
1 1/2 pounds small bologna, cut 1/2 inch thick
1 package aspic-flavored gelatin
1 cup hot water
1 cup tomato juice
1 teaspoon salt
1/2 teaspoon sugar
1/2 cup onion juice
1/2 cup grated cabbage
2 tablespoons pimiento and celery
1/2 cup diced celery
1/2 cup grated carrots
2 tablespoons chopped green pepper
Mayonnaise

LYNN SAYS

Keep Them Tasty: Every homemaker who wants to be known for her salads will plan to keep plenty of salad ingredients on hand. These include canned fruits and vegetables; canned meats such as chicken, pork and ham loaf, flaked fish, shrimp, salmon, crabmeat, lobster and tuna. An assortment of cheese is excellent, as are bottled salad dressings.

Many green salads and dressings gain distinction with the addition of some herbs. Chervil, thyme, basil and tarragon are fine for a beginning. Use rosemary, balm, etc., in fruit salads.

If individual molds are not obtainable for the individual salads, use muffin pans.

Dissolve gelatin in cold water. Add tomato juice, salt, sugar and onion juice. Cover the bottom of an 8-inch ring mold with a portion of the gelatin mixture. Chill in the refrigerator until it begins to congeal. Arrange slices of bologna on the gelatin so they overlap slightly. When remainder of the gelatin begins to congeal, mix in vegetables and pour over bologna. Chill until firm. Unmold on large chop plate. Arrange remaining bologna in fan-shaped slices around the salad. Fill center with mayonnaise or cottage cheese and garnish with carrot strips and celery curls.

Swiss Salad (Serves 4 to 6)
2 cups cubed pork or lamb roast
1 cup cooked peas
1/2 cup walnut meats, broken
2 hard-cooked eggs
6 stuffed olives
Lettuce
French dressing
Mayonnaise
Paprika

Marinate meat and peas in french dressing and chill. Add nuts and arrange on lettuce leaves. Sprinkle with paprika and dot with mayonnaise. Cut the eggs into slices and remove the yolks.

Arrange the white rings around the plate of salad. Cut the olives into pieces and place a ring of olives inside each ring of white. Press the yolks of eggs through a sieve and sprinkle over salad.

With meat salad, you'll want a jellied vegetable salad or a seasoned cottage cheese. Here is a good salad served with sour cream dressing:

Perfection Salad (Serves 8)
1 package lemon-flavored gelatin
1 cup hot water
2 tablespoons grated onion
1/2 cup finely diced celery
1/2 cup finely shredded cabbage
1/2 cup shredded carrots
1/2 cup sliced, stuffed olives
3 tablespoons lemon juice
1 tablespoon sugar
1/2 teaspoon salt
1/2 cup liquor or olives

Dissolve lemon gelatin in the hot water. Add olive liquor and cook. Add all other ingredients and pack in mold. Serve on a bed of soured cream dressing.

A lovely salad for dessert or for the bridge group—is this one made of pears and grapes:

Fresh Pear and Grape Salad (Serves 6)
1/2 cup cold water
1/2 cup sugar
1/2 teaspoon salt
1/2 cup orange juice
1/2 cup lemon juice
1 cup gingerale
1 cup halved, seeded red grapes
1 cup diced fresh pears

Soften gelatin in cold water. Dissolve over hot water. Mix together sugar, salt, fruit juices and gingerale. Add dissolved gelatin to this mixture, stirring thoroughly. Cool. When mixture starts to thicken, add fruit. Pour into one large mold or into individual molds that have been rinsed out with cold water. Chill until firm. To serve, unmold on salad greens and serve with desired dressing.

New Tricks for Kitchen Curtains; Use a Deep Scalloped Hem at Top

By Ruth Wyeth Spears

THESE crisp curtains have a deep scalloped hem at the top with a composition ring at each point. Note the rods even with the

center of the upper sash. This gives both privacy and good lighting, and the whole effect has a smart modern look.

The booklet "Make Your Own Curtains" is brim full of new and practical ideas for curtaining almost all types of rooms. Readers may get copies of this booklet for 15 cents postpaid. Also there is a woodworking pattern for the corner shelf which includes pattern for the cornice box illustrated. Just ask for pattern No. 296, enclosing 15 cents with name and address. How to CHANGE A TIRE AT NIGHT...
More Quickly—More Safely!
1 Few motorists can change a tire at night with top speed, efficiency—and safety! Night tire-changing can be hazardous—but "Eveready" flashlights can reduce the danger. First principle, says the American Automobile Assn., is...
2 Park off the highway if you can possibly do so. Next best place is on a straight stretch of road. If you must park on a curve, a light should be set on the road some distance back. Be sure neither you nor a bystander blocks off the view of your tail-light!
3 Keep all your tire-changing tools tied or boxed together, where you can pick them up without searching. Remove your spare before jacking up car; removing it later might push car off jack. If alone, set flashlight on a stone in convenient position.
4 In your car or at home—wherever you need a flashlight—rely only on "Eveready" batteries. Ask for them by name. For "Eveready" batteries have no equals... that's why you'll find them in more flashlights than any other battery in the world!
