Rail Strike Sets Back Nation; Shape Big Navy for Security; Auto Prices Mount With Costs

Despite undernourishment, these daughters of Chinese farmer in famine-ridden Hunan province pull implement in rice paddy. Japs killed their water buffalo and manpower has been depleted by war.

RAIL STRIKE:

Cripples Nation

The greatest railroad strike in history laid a heavy hand on the nation from one end to the other, curbing traffic and stranding thousands, imperilling the food supply and furb ther disrupting industry and the staggering reconversion program.

Though the government mobilized plane, water and truck traffic, and emergency crews ran some of the trains, the walkout of 225,000 members of the Brotherhoods of Locomotive Engineers and Railway Trainmen over pay demands reduced normal traffic to a trickle. Freight shipments were reduced to minimum of essential commodties and only priority passengers were provided facilities.

The stranding of thousands of travelers throughout the nation afforded the first dramatic effect of the walkout. While many passengers frantically sought hotel accommodations and others curled up on benches in railroad terminals, many railroads permitted travelers to remain in cars on sidings.

In the midst of the paralysis, government conciliators strove mightily to end the walkout after the brotherhood leaders had rejected President Truman's compromise offer of 181/2 cents an hour and suggestion for further discussion of fleet maintenance. work rules changes. In turning down increased compensation.

Krug 1943 when the U.S. seized the mines to avert a prolonged stoppage, Secretary of the Interior Krug entered into negotiations with Lewis for a contract, consulting with the operators over terms to be offered. It was understood that the owners were assured of price increases to cover higher production costs resulting from concessions when properties were returned to them under the new contract.

The dispute over a health and welfare fund found the government favoring such a proposal under joint management rather than sole union control as originally demanded by

FOREIGN POLICY: Bi-Partisan Backing

declared the proceedings had solidified American determination to write a peace "for keeps" based on justice and not vengeance. Though based upon the moralities of the Atlantic and San Francisco charters, the new foreign policy also recognized the practical necessities,

of postwar rehabilitation, he said. Besides calling for the establishment of permanent governments to assure resumption of normal activities, Vandenberg said the U.S. aimed to settle the Germanic problem affecting all of continental Europe. While advocating maximum protection against future aggression, he condemned repressive demilitarization.

Touching upon the age-old probem of national minorities, Vandenberg declared that the new U. S. policy also favored their incorporation into their native countries or other suitable recognition to prevent them from becoming sources of conflict or expansion.

NAVY:

Taking No Chances

Calling for a navy adequate to meet any emergency of the future, the house appropriations committee recommended congressional approval of naval expenditures of over 41/2 billion dollars during the next fiscal year ending June 30, 1947, for

To be manned by 500,000 enlisted the presidential proposal, union men and 58,000 officers, the postwar chieftains said that it was even less navy would include 4 battleships, 8 favorable than a fact-finding board's heavy cruisers, 21 light cruisers, 3 endations providing for a 16 | big aircraft carriers, 9 carriers, cents an hour raise plus certain ad- escort carriers, 126 destroyers, 30 justments in work rules resulting in destroyer escorts and 80 subma-

Besides regular personnel, the navy plans creation of an organized reserve of 55,000 men and 3,000 officers. Backing up the regular marine enlistment of 100,000 men and 7,000 officers would be a reserve of 65000.

Recognizing the need for keeping abreast of latest scientific advances in postwar years, the committee provided 250 million dollars for combined research and developments in the 1947 fiscal period.

NEW CARS:

Boost Prices

Reflecting administration policy of seeking to assure manufacturers of fair profit returns by granting increased prices to offset higher production costs, OPA authorized a boost of from 4 to 8 per cent in ceilings on new automobiles.

Principal factor determining OPA action was the \$5 per ton increase in the cost of steel, allowed by the government to cover the industry's 181/2 cent an hour wage boost. Higher costs of other materials and parts figured in the OPA grant, how-ever, with Packard and Studebaker afforded relief for wage adjust-

With OPA hinting of additional price boosts to come, the latest in-creases averaged about \$75 per car, and ranged from \$42 for Chevrolets to \$167 for Lincolns. Because re-tailers' margins already have been trimmed 4½ per cent under prewar levels, the public will pay the latest price hike in full.

Production Lags

Even with the prompt ending to the coal strike and the absence of other difficulties such as labor troubles and shortages of supplies, the automobile industry will not be able to produce more than 60 per cent of the 1941 output of new cars during the entire period of 1946. Trade cir-

FAMINE RELIEF:

U.S. Share

Government expectations of ship-ping 400 million bushels of grain to needy areas during the year ending June 30 prompted the U. S.'s deputy member of the combined Allied food board to tell congress that "this country need not feel ashamed of the job that has been done" in aiding the distressed.

Indirectly slapping at foreign crit-cs of the U. S. relief effort, D. A. Fitzgerald pointed up the extent of America's overseas contribution by revealing that this country will have a reserve of only eight-tenths of a bushel of wheat per person at the end of this crop season compared with Canada's three bushels, Argentina's two, and Australia's one

In addition to shipments under the relief program, the U. S. has furnished 72 per cent of the United Nations Relief and Rehabilitation unds and 83 per cent of the wheat UNRRA has purchased, Fitzgerald

While the grain trade expected an extension of the government's bonus payment for delivery of wheat, department of agriculture officials de-clared there was no thought of carrying over the premium except in cases of farmers unable to make immediate shipment because of crowded elevators.

BIG BUSINESS:

Ford Balance Sheet

The Ford Motor company fell from the ranks of billion dollar concerns in 1945 but still possessed over 800 million dollars in assets, a study of the firm's annual balance sheet filed with the Massachusetts tax commissioner showed.

In the absence of yearly Ford dis closures of sales and earnings, the Massachusetts report constitutes the only indication of the company's financial position. The Ford family holds the major bulk of the 3,452,900 shares of capital stock of \$5 par

A breakdown of the Ford assets of \$815,515,214 as of December 31, 1945, showed a cash account of \$421, 712,270, including notes, receivables, patent rights and trademarks; machinery and equipment valued at \$168,267,325; real estate, \$115,160,-512; inventory, \$101,926,042, and re-serves, \$22,720,090. Though under the one billion dollar mark of 1944, total assets increased approximately 125 million over 1939.

Mother Love Wins Out

Feeling that she would be unable to show her new-born baby to people because he was not "sweet and pretty," Mrs. Marjorie Ashe of Chicago, III., left the infant behind and vanished from Illinois Central hospital on the day she was to return home. After her broken-hearted husband, James, 27, took the gurgling 10-day-old child home, Mrs. Ashe was found wandering in a dazed condition in the Union depot in Burlington, Iowa. Quick to forgive, her husband flew to bring her back and after they embraced each other and enjoyed a good ery, he exclaimed: "Am I happy now! She's been sick, but she's all right now. And we both think we got the most beautiful baby in the world!"

TEXAS HAIL:

Extensive Damage

A record number of insurance claims piled up in Texas following recent violent hail and wind storms which swept through the state for 10 days and caused millions of dollars of damage to buildings and field

With the National Board of Underwriters setting up a special office in San Antonio to handle the mounting claims, insurance loss in that city was set at about \$2,500,000. Hail-stones hitting San Antonio ranged in size from golf balls to large stones, measuring 9 to 15 inches in circumference. Wind velocity was reported at 82 miles per hour.

Lumber yards averred that there was not enough stock on hand to repair the damaged roofs already reported. In Fredericksburg, roofs were so badly battered that 1,000 homes were made untenable. Crop damage in East Texas alone was estimated at \$1,000,000.

EMPLOY VETS:

More than a hundred thousand World War II veterans have been added to war department civilian rolls throughout the nation and overseas since V-J Day and the figure is increasing at a rate of more than 15,000 per month. Including those hired before V-J Day, the total number of World War II veterans is around 165,000, a majority

being former employees.

In the nine months since the end of hostilities, the number of veterans of World War II and other wars has jumped to 235,000.

But that was Grandma's life. She didn't know any other kind. Her way of housekeeping took lots of time, lots of elbow grease. In Grandma's gayest dreams slie never imagined the time would come when a woman would have dozens of electric servants daily for the cost of a bar of soap.

Electric service-ready and willing round the clock and calendar-is a modern miracle Grandma missed by being born too soon. But electrical dependability (and cheapness, too) didn't happen by accident. Not on your tintype! They're the result of plenty of hard work and practical experience on the part of your neighbors who operate this company.

High Taste Appeal For a sweet, crunchy dessert that is delightfully different, try Peanut Pie, advises Marjorie Griffin, Rural Home editor of Capper's Farmer. The antly flavor from chopped peanuts has high taste appeal, she writes in the nationally circulated farm magazine.

Peanut Pie Has

Just before serving the pie, top it lavishly with whipped cream. Arrange it around the edge of the dark filling in a ring of snowy peaks.

2 thep, shortening 1 C, peanuts 1 unbaked pie shell Combine flour, sugar and salt add water and corn sirup and blend well. Boil gently for 3 to 5 min utes. Then slowly pour mixture into slightly beaten eggs, stirring continuously. Add shortening. Spread hopped peanuts over 9-inch pie shell. Pour filling into crust. Bake in hot oven (425° F. for 10 minutes; reduce heat to 350 F. and continue baking 35 minutes. When silver knife inserted in cen er of filling comes out clean, pie s done. Before serving, top with whipped cream. Serves 6.

?inwheel Biscuits Will Brighten Table

Homemakers looking for some-thing new to brighten the breakfast table will find biscuits in pin wheels just the thing, writes Marjorie Griffin, Rural Home editor of nationally circulated Capper's

Flavorsome topping combines raisins, corn sirup and cloves, she points out in the magazine read by 1,250,000 farm families. Just divide dough into eight pieces and shape into strips. Rolling and cutting aren's necessary.

RAISIN PINWHEELS

2 C. flour
3 tsp. baking powder ½ C. seedless raisins
½ tsp. sait
2 tbp. corn sirup
½ tsp. cloves Sift together flour, baking powder and salt. Cut in shortening. Add enough of the milk to make a soft dough. Divide dough into 7 or 8 pieces; shape each piece into a strip. Coil strips into pinwheels and place them in a greased pan. Mix together raisins, corn sirup and cloves. Sprinkle mixture on biscuits, pressing raisins into dough. Bake biscuits in hot oven (425° F.) 15 to 20 minutes. Makes 7 or 8 large

of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream, But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upest the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of disziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety ind loss of pep and strength. Other signs of kidney or binder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doon's Pills. Doon's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

"SUFFERED MISERY FOR YEARS..."

Now Regular, Thanks To Famous Cereal

Given up hope of relieving con-stipation without taking harsh drugs? Then read this sincere, unsolicited letter:

"I would like to add my praise to KELLOGG'S ALL-BRAN. I suffered years of misery until I saw your ad about 5 years ago. Have been using ALL-BRAN regularly and have never had to use a laxative since." Thomas Banon, 3254 Sansom Street, since." Thomas Bano Philadelphia 4, Pa.

You, too, may never need another harsh laxative for constipation due to lack of bulk in the diet, if you will eat KELLOGG'S ALL-BRAN every day, and drink plenty of water. Just try this for ten days. If not completely satisfied, send empty carton to Kellogg Company, Battle Creek, Michigan. You'll get double your money back.

KELLOGG'S ALL-BRAN is not a purgative, but a wholesome food made from the vital outer layers of wheat. Provides ever-so-gentle bulk, helpful to normal, easy laxation. Try it as a delicious cereal-

Why suffer needlessly from backaches, run-down feeling from excess acidity in the urine? Just try DR. KILMER'S SWAMP ROOT, the renowned herbal medicine. SWAMP ROOT acts fast on the kidneys to promote the flow of urine and relieve troublesome excess acidity. Originally created by a practising physician, Dr. Kilmer's is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Absolutely nothing harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease discomforts of bladder irristation. All druggists sell Swamp Root.

You Eat Well When You Roast With Care

Flavorful Meats

There's not much choice of meat In the markets today, but if you are fortunate enough to get any at all, consider yourself supremely lucky.

Just in case you've forgotten some of the fine

points in prepar-ing meat, I'm going to review some of the rules of

good cooking today. For years, we've been telling you about cooking meats at low temperatures. Rationing and the meat scarcity have probably shown you more dramatically than anything else how important low temperature cooking is to gettng the most of the meat. There's less shrinkage and more juicy meat to your credit if you'll keep the oven at 325 to 350 degrees Fahrenheit when roasting. Another point to bear in mind is that no browning is necessary before roasting cuts of meat. Don't truly delicious.

worry about their not browning— they will get well browned even at moderate temperature. If you are pot roasting, that is cooking meaf with moisture and seasonings, you'll want to brown the meat after it's dredged with flour, but this is because the meat

is cooked covered with liquid. Here are some recipes for all types of meats which you may be able to find at least once a week Cock and season carefully so that you will really be able to enjoy the meat to the fullest.

Barbecued Lamb Breast. (Serves 4) 2 pounds breast of lamb 1 medium onion ½ cup chili sauce 1 teaspoon salt Pepper

14 teaspoon red pepper 1 tablespoon vinegar 1 cup water Cut lamb into pieces. Season with

salt and pepper. Place in a hot skillet and let fatty sides brown.

Mix chili sauce, red pepper, vinegar and water. and pour over lamb. Slice onion and add to the mixture. Cover.

Simmer 11/2 hours, then remove lid and let cook slowly for 20 minutes or until barbecue sauce is almost absorbed. Pork Chops and Rice.

(Serves 5 to 6) 6 pork chops 4 cup uncooked rice 2¾ cups strained tomatoes 3 tablespoons green pepper, chopped

Lynn Says:

Learn Meat Magic: If you want a super delicious leg of lamb, baste it with buttermilk while roasting. For lamb loaf, made with fresh meat, add % teaspoon caraway seed for flavor.

If you're shy on meat for meat loaf, make up part of the meat with diced American cheese. De-
