The General and an Ex-GI Agree U.S. Savings Bonds Back the Future of Vets

For Ray Augustus, Treasury Department employee who signed up for America's greatest home front army—the payroll savers, on his re-turn to civilian life, this meeting with General Dwight D. Eisenhower was a soldier's dream come true. The Army's Chief of Staff reassured the ex-private, who served under his command in the victorious assault on Germany, that the peacetime dreams of all ex-servicemen can be-come realities if they remember their war training. "Prepare, prepare, prepare. This was the GI's life in wartime," says Eisenhower who urges his former soldiers to prepare for their peacetime future by saving part of their income on U. S. Savings Bonds. For Ray Augustus, Treasury Department employee who signed up

Millions of American fighting men upon return to civilian life have discovered that allotment of have discovered that allotment of part of current income for in-vestment in United States Savings Bonds has become a vital element in family life. During their military service they were made familiar with war bonds as a force for their per-sonal good. In a campaign on the battlefield

In a campaign on the battlefield In a campaign on the battlefield, victory may depend upon how ably an army and its individual mem-bers conserve their strength and supplies for vital moments. At-tainment of goals in civilian life also depends upon proper husband-ing and safeguarding of an in-dividual's resources ed ice cream supper in the home of Mr. and Mrs. Pete Darnell oi ..elia Lake last week. Mr. and Mrs. Lewis Curry and son Bobbie of Memphis were vis-iting Mr. and Mts. A. E. Ranson Jr. Friday pight.

A LOT FOR A LITTLE

WEEKLY NEWS ANALYSIS Weigh President's Political Fate After Labor Crisis; U. S. Agrees To Aid French Reconstruction ____Released by Western Newspaper Union.

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of

WASHINGTON SCENE- In top panel, General Eisenhower (left), and Admiral Nimitz (center), ask for Pan-American defense in testimony before house military committee presided over by Representative Bloom (Dem., N. Y.), at right, In lower picture, Treasury Secretary Vinson (left), watches Secretary of State Byrnes sign French loan agreement as Ambassador Bonnet and Leon Blum of France also look on.

WHITE HOUSE: President's Status

Amid the welter of reconversion ifficulties, climaxed by the great ailroad and coal strikes, the political status of Harry S. Truman, 32nd president of the U. S., remained clouded.

Inheriting a thankless task from the late Franklin D. Roosevelt, the one-time Missouri farm boy, whom A. F. Whitney of the Railroad Trainmen lashed as a "political accident," seemed to have reached a crisis in his public life in the rail-With reaction still road strike. mixed only time would tell the eifects.

An avalanche of telegrams from average Americans commending him for his courageous action in the railroad strike were partly offset by the bitter denunciations of the Rail-road Trainmen's chief. Declaring that the President had led him and Alvanley Johnston of the Locomo-

reconstruction with the advance of a \$1,400,000,000 loan and credit from the Export-Import bank.

Climaxing 11 weeks of negoti-ations between the two countries, the agreement provides for a cash loan of \$650,000,000 and a credit of \$720,000,000 for title to lend-lease material shipped after the war and U. S. surplus property. Further discussions are being held over an additional \$25,000,000 credit for acquisition of 750,000 tons of merchant shipping.

Under the easy terms of the agreement, no principal payments will be expected for the first five years, but interest of 3 per cent on the loan and 2 per cent on the credit will start next July. Beginning in 1951, the loan is to be paid in 20 annual installments and the credit in 25.

PAN-AMERICA: Joint Defense

In testifying in behalf of President Truman's plan for helping arm and organize South American countries and Canada in a grand defense system, General of the Army Eisenhower and Fleet Admiral Nimitz told a congressional committee that hemispheric solidarity would discourage aggressive deigns against this part of the world. Stressing the need for standardization of equipment among the Pan-American nations, the military and naval chieftains declared that

FOREIGN AFFAIRS:

THE HEDLEY INFORMER

U. S., Russ Clash Stung by Foreign Commissar Molotov's charges that the U.S. and Britain had united at the Paris conference to thwart Russian demands and seek to high pressure Moscow into acceptance of their views, Sec-retary of State Byrnes disputed the allegations and questioned the sin cerity of the accusations.

Molotov's charges were contained in a lengthy article in the Commu-nist party paper, Pravda, as an of-ficial review of the recent Paris par-Among other things, he belabored "certain circles" in the U. S. and Britain for seeking to throttle Russia; warned imperialists in the west are instigating new and aggressive wars; questioned U. S. in-tentions for building a base in Ice-land, and asserted that U. S. proposals for a 25-year demilitarization pact for Germany did not bear Stalin's approval as claimed because they were incomplete.

Hitting back at Molotov with diplomatic nicety, Byrnes denied the existence of any U. S. and British bloc, and declared that U. S. plans to appeal to the United Nations organization for a peace conference did not constitute pressure tactics but merely a willingness to submit issues to world opinion.

Passing over Molotov's castiga-tion of "western imperialists," Byrnes went on to assert that a U. S. bese in Iceland was designed for security reasons alone and could be eventually turned over to the U. N. Regarding U. S. proposals for a 25-year demilitarization pact for Germany, Byrnes averred that Stalin had assured him he would support such plans if they were presented formally.

Stock Market on Rise

With the wage-price spiral strengthening inflation psychology, the New York stock exchange continued its steady advance to a new average peak of 15 years. Settlement of the big strikes also inspired lively bidding on prospects of increased production.

Despite temporary setbacks resulting from profit-taking, well over 1,000,000 shares were being traded daily, with utilities, steels, motors, rubbers, rail-roads and mail orders among the leaders. At one stage, a 60 the top since March 26, 1931. Continued heavy trading pushed Commonwealth and Southern up to \$5.50 per share; a good earnings report boosted Montgomery Ward to \$103.25; a proposal for a stock split contributed to Canada Dry's rise to \$58.50; an extra dividend helped National Lead to \$39.87 and Santa Fe rose to \$118.75.

FLOOD: Takes Toll

Swollen by continuous rains, the Susquehanna river swirled through Pennsylvania and southern New York overflowing its banks and

Members of White House secretarial staff pore over flood of telegrams complimenting President Truman on strike action.

tive Engineers into believing that they could expect substantial concessions if they postponed their walkout, Whitney said they had been double-crossed and 21/2 million dollars would be spent in trying to defeat Mr. Truman in 1948.

Linked with the breaking of the railroad strike was the passage of restrictive labor legislation which tended to further complicate Mr. Truman's position. With strong sentiment for such legislation in and out of congress, the President stood to lose much of the popularity he gained in getting the trains going by bucking labor regulation, while he was faced with the potent disfavor of unionists if he approved it.

Meanwhile, settlement of the soft coal strike on terms favorable to the United Mine Workers promised to increase the prestige of John L Lewis, whose clever handling of the walkout enabled him to escape presidential censure. With his hard-won health and welfare fund, burly John

L., at 66, took a front position in the AFL on the eve of its great organization drive in the south in competition with the CIO.

FRANCE:

Big Loan

Having helped France in wresting U. S. committed itself to assisting sential for output the liberated country in peacetime the large demand.

AGRICULTURE: Export Future

Although five years will be re-quired for full restoration of agri-culture in Europe, surplus produc-ing countries — including the U. S. must keep in mind the time when Europe's present acute need for im-ports will have subsided.

Drastic measures of international scope then will be necessary to expand greatly the purchasing power of importing countries so as to maintain trade at high levels.

similarity of weapons and tactics would simplify a common defense in case of attack. Unless the U. S. provided the arms, they said, the different countries would look elsewhere for material,

Visualizing a joint naval task force of Pan - American nations operating under a unified command, Nimitz revealed the U.S. would give each country sufficient vessels to protect their own coastal waters. To come from the U. S.'s surplus of naval ships, it was believed the craft would be of the small escort

or destroyer classes.

DAIRY PRODUCTS: On Rise

Even higher prices for dairy products than recent increases granted to spur output were predicted by Stabilization Director Bowles if congress approves of a sharp cut in subsidy payments.

As a result of less stringent reductions, Bowles approved of a boost of 1 cent a quart for milk, 11 cents a pound for butter and 6 cents for cheddar cheese, but, he said, a bigger slash in subsidies would lead to an increase of 3 cents in a quart of milk and bring butter up to as much as 80 cents a pound.

The boosting of prices in the face of subsidy reductions would cost consumers \$250,000,000 a year, Bowles said. Thus, consumers would pay directly for increased prices designed to assure producers of fair returns instead of having the higher costs spread to all taxpayers through government outlays.

Meanwhile, representatives of the American Butter institute declared that although an increase in butter production could be expected from higher producer returns and a ban on the sale of whipping cream, resits freedom on the battlefield, the toration of a free market was essential for output sufficient to meet

Cotton Crop

World cotton production in 1945-46 of the crop now being marketed is estimated at 21.650 .-000 bales (of 478 pounds net), according to the department of agriculture. This is the small-est world crop since 1923-24 and represents a reduction of 12 per cent from the 1944-45 production and of 30 per cent from the five-year (1935-39) average. The reduction is due mainly to the smaller production in the U.S.

cracking reinforced dikes to cause heavy losses of life and property. In the section's most serious flood

in 10 years, valuable farm land was inundated and industrial centers were under water, with Williams-port, Pa., and Elmira, N. Y., especially hit hard. Williamsport with its 43,000 population lay helpless as the river rose over eight feet above flood level, and one-third of Elmira with its 45,000 people was under five feet of water with all roads but one closed.

At Athens, Pa., the Susquehanna crashed a reinforced 23-foot dike to cover the entire business section, and while the levee held at Wilkes-Barre, Pa., lowlands in the nearby Wyoming valley were flooded.

LABOR: Test Law

Dapper little James Casear Petrillo, who laid aside a trumpet to become czar of the American Federation of Musicians, struck out to test the legality of the Lea act passed in the midst of the AFM's efforts to compel radio stations to hire standby performers when using recordings or transcriptions. Though the act provides for up to

one year's imprisonment and a \$1,000 fine for each attempt to force employment of extra help, natty lit-tle "Jimmy" called the strike at station WAAF in Chicago only after exhaustive consultations with attorneys had convinced him of the questionability of the law. In run-ning the risk of being found guilty of violation in event of the law being upheld, he bravely exclaimed; "I am ready to face the music." Declaring that the AFM was com-

mitted to all-out opposition of the law until the Supreme court adjudged its constitutionality, Pet-rillo said the act penalized AFM members for seeking to obtain fair working conditions and assuring the continued existence of the union,

FIRE LOSSES: Show Increase

Annual fire losses in the United States increased to the highest lev-el in 15 years during 1945, reaching \$484,274,000, the National Board of

r'ire Underwriters reported. This figure is 6 per cent greater than the National Board's pre-liminary estimate of \$455,329,000 based on monthly reports of incurred losses of member companies and confirms the upward trend indicated by that compilation. It also is 10.7 per cent over 1944.

"BOOBY TRAPS" IN YOUR HOMEL

2 Be sure all obstacles are cleared away. Linoleum or carpeting should be tacked down firmly. In attic or basement, pack all loose objects in noninflammable boxes stored against the walls. Don't rely on your knowledge of where obstacles are located - the next person may not have that knowledge. Moreover -

Keep your "Eveready" flashlight 4 always in the same convenient place - so you won't be tempted to do without it because it can't be located. Keep it filled with "Eveready" batteries-they're again available at your dealer's. "Eveready" batteries are the Largest selling flashlight batteries in all the world!

DON'T GUESS-BE SURE Do as millions do to make sure of high quality, fast action, real economy in aspirin. Ask for St. Joseph Aspirin, world's largest seller at 10c, 100 tablets for 35c

Place a piece of waxed paper under the centerpiece you have on your fine table. Prevents stains from water and keeps cloth from

sticking fast in hot weather. Tie a simple bow-knot in your hose with the nozzle protruding upward. Support it on a block, and presto, you have an improvised sprinkler head.

----To prolong the life of children's shoestrings, stitch up and down them several times on the sewing machine.

In lengthening your daughter's dresses, sometimes a ridge appears where the old hem used to be. To conceal this, follow the line of the ridge with a row of rickrack braid. Stitch in place by machine. This treatment also gives the dress an attractive bit of trim.

Heat or water rings on a tabletop sometimes are only in the surface wax and may be removed with a little polishing. However, if they go deeper, remove the shellac with alcohol and apply a resin varnish.

-----Plan a "play at home" night each week with games, music,

stunts, story-telling and candy pulling besides. ---

When using both the rind and juice of lemons and oranges, grate the rind before squeezing the fruit. ------

Keep painted woodwork shiny and clean by applying a thin coat of wax to the places most often finger-spotted by the children.

When you go swimming and there's no dressing-room available daub the windows of your car with a paste of kitchen cleaning powder and water and dress in the car. A damp cloth and box of cleanser are little trouble to take with you, and windows can easily be cleaned afterward with a soft

LYNN CHAMBERS' MENUS Church Supper. *Ham Loaf with Horseradish Sauce *Scalloped Potatoes Peas *Sunshine Salad Green Peas *Sunshir Bread or Rolls Coffee and Milk *Berry Cobbier *Recipes given. tially done. Drain off most of fat.

Fry onions and bacon together until golden brown, stirring frequently. Add tomatoes, salt and pepper. Place wieners on top and simmer for 45 minutes. Place a wiener and a spoonful of the sauce on each hot buttered bun and serve, allowing two for each person.

> *Scalloped Potatoes. (Serves 50) 121% pounds potatoes

2 tablespoons salt 1 teaspoon pepper 1/2 cup flour 1½ cups butter or substitute 2 quarts milk

Wash, pare and cut potatoes in, thin slices. Place a layer of potatoes in greased baking pan, sprinkle with salt, pepper, flour and dot with butter. Repeat until pans are almost full. Pour over enough hot milk to cover top and bake in a moderately slow (325-degree) oven until potatoes are tender. The time will depend upon the size and quantity in pans-about 11/2 to 2 hours. If you want to prepare green beans, you will need six quarts to serve 50 people. Boil the beans, after washing and cutting, in the minimum of water, then season with 1 cup bacon drippings, 4 tablespoons salt and 4 tablespoons paprika. If you want to serve green peas you will need 16 pounds or 1 gallon of shelled peas. *Sunshine Salad.

\$50,000,000, says Collier's. Occupying an area of 325 acres, onequarter of which is bathing beach, it will have more than 500 concessions, including merry-go-rounds, shooting galleries and freak shows. Coney Island, located in Great-er New York, was the first park to have a Ferris wheel; it was also the birthplace of the roller coaster, the scenic railroad and the hot dog.

Since the berry full swing shortly, you might like to serve a berry-in-season cobbler with fresh cream.

water, or fresh fruit and water to a boiling point (11/2 quarts water to 24 cups fruit or berries). Sweeter to taste. Dissolve cornstarch in small amount of cold water and add to fruit or berry mixture. Cook, stirring constantly until thickened. Pour into shallow baking dish and drop biscuit dough on top. Bake in a moderate., for 30 minutes. Coffee. a moderately hot (425-degree) oven

(Makes 100 cups) 3 pounds coffee 6¾ gallons water Tie coffee in thick cheesecloth bag, leaving plenty of room for cof-fee to swell. The coffee may also be mixed with a small amount of egg and cold water, if clear coffee is desired. Drop bags in boiling

water and boil 3 minutes. Remove bags and keep coffee hot. For this amount of coffee you will need 11/2 quarts of cream (for 2

tablespoons to each cup) and 3/4 pound sugar (counting 2 teaspoons per cup). Released by Western Newspaper Union

ety and appetite appeal in eggs if you'll serve them in the following ways: Use these fillings for omelets:

creamed tuna fish or seafood; minced cooked ham, cooked pork sausage or deviled ham; sauteed mushrooms, creamed peas, asparagus or other vegetables; grated cheese, creamed chicken and mushrooms, jelly, jam or marmalade; fried onions; or broiled bacon.

When you poach eggs, serve them in corned beef hash nests, spinach nests, potato nests or french toast made of stale bread. Scramble eggs with bits of diced American cheese, frizzled bacon, shredded ham, or fold in some leftover vegetables.

Bake eggs with bacon, sausage or some of the cold meat cuts and serve as a main dish for supper with salad and dessert. Fry eggs slowly and serve with quickly broiled cold cuts or waffles, pancakes or toast.
