

The Hedley Informer

VOL. 36

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, JUNE 23, 1945

NO. 33

Baseball

The Hedley boys will play their first game under the lights in the district tournament at Amarillo Monday night at 8:45. They play Claude in this game and play Amarillo Tuesday night at 7:00 in the semi-finals if they win. If they should win over Amarillo they will probably play Berger or Vega in the finals at 8:45 Tuesday night. The Hedley boys go in the tournament with wins from Claude and Shamrock and a loss to Vega.

They lost to Vega Sunday by a score of 9 to 1. It was a pitchers battle for the first six innings, but the boys missed some and the pitchers weakened so Vega piled up a good lead in the last three innings. However the boys did some mighty good playing after a long ride in the rain, making a triple play besides some other good catches. With two on and none out, DeBord made a shoe string catch of a line drive, threw to Sims who got the man at second and sent the ball home to Wynn to get the man coming in from third.

Hedley Lodge No. 991

A. F. and A. M. meets on the first Monday night of each month. All members are urged to attend. Visitors are welcome.
F. L. Hill, W. M.
C. E. Johnson, Secretary.

West Baptist Church

Richard Evans, pastor.
Preaching every 1st and 3rd Sunday.
Sunday School every Sunday
Visitors welcome.

Adamson-Lane Post 287, American Legion

Meets on the 2nd Tuesday of each month. All Legionnaires are requested to attend.

This badge indicates an honorably discharged veteran of World War II.

Lions Club News

The Hedley Lions will elect new officers at this week's meeting. The officers will be installed and take over the first meeting in July.

There probably won't be a directors meeting next week because of the fact that it falls on July 4th and the local Lions may be scattered somewhat on that date.

At last week's directors meeting the Lions voted to give their full support to the City Councils "clean up drive." This is a good move and we should clean up our premises and give the city dads all the support we can.

Mrs. J. A. Lemmon spent Sunday in Amarillo.

Hedley Lodge No. 413

Hedley Chapter No. 413, O. E. S., meets the first Friday of each month at 8:00 p. m.

Members are requested to attend. Visitors welcome.
Verda Hall, W. M.
Thetis Pickett, Sec.

Church of Christ

M. F. Manchester is now preaching every Sunday at the Church of Christ. Everyone is cordially invited to come out and hear him.

Giles News

Mrs. K. Autry
Z. Y. Smith of Memphis, and Harvey Jamison of Arkansas visited in the R. O. Kelley home Tuesday.
Mrs. Stella Manion of Fort Worth returned home Sunday after spending a week visiting her father Mr. and Mrs. A. S. Edwards. Mr. and Mrs. Raymond Anderson and children of California were visitors here last week. Mrs. Anderson will be remembered as Elia May Gary.
Mrs. R. R. Stotts and Nelda, Mrs. G. T. Foster and Charlie Foster were visitors in Childress Monday.
Mr. and Mrs. Dick Spoon of Memphis were dinner guest of Mr. and Mrs. R. O. Kelley Sunday night.
Mrs. Ann Foster of Amarillo came Sunday for her children, Mary Ann, Joyce and Georgie, who spent a week with their grandparents Mr. and Mrs. G. T. Foster.
Mr. and Mrs. E. M. Glass were Memphis shoppers Saturday.
Mrs. Sadie McCants of Amarillo and Mrs. F. G. Watt, Virginia and Lela Ruth and Mrs. Georgia Lair of Washington D. C. were here Sunday visiting Mr. and Mrs. Arthur Ranson. Mrs. Lair is on her way to Santa Fe, New Mexico.
Mr. and Mrs. H. B. Smith of Tell came Sunday to bring their granddaughter, Cynthia Ann Caradine, home.
Mrs. A. E. Ranson Jr. and Retha were shopping in Amarillo Monday.
Mr. and Mrs. Jack O. Hoggard of Amarillo came Friday night after their sons, Robert and Ronnie who had spent a week with their grandparents, Mr. and Mrs. K. Autry.
Mrs. T. C. Johnson of Hedley was a visitor of the K. Autry's Friday.
Miss Jaunita Ward is home from the hospital and doing fine.

Family Reunion

Last Sunday June 23 a family reunion was held at the home of Mr. and Mrs. R. O. Shannon. Those present were Mr. and Mrs. R. O. Shannon and son Clyde, Mr. and Mrs. W. W. Farris and children Otis Earl and Earma Lee, Mr. and Mrs. J. L. Baggett and children James and Doyle, Mr. and Mrs. Bob Shannon and children Jesse Bob, Norvin, Leenore Beth and LaNell Jean from Healdsburg California.

Notice

Be sure all pupils are transferred to the school whose grades are not taught in the home district. The rural schools have been reclassified as follows:

- 1 Teacher—6 grades
- 2 Teachers—7 grades
Ruth M. Richerson
Co. Supt. of Schools

Messrs. and Mesdames Mike Harris, Otis Owens, Leonard Chesir and Sam Owens, and Sam Owens Jr. attended the Lions Club barbecue at Memphis Monday night. Roy Coleman, manager of the Farmers Union was installed as the new president of the Memphis Club.

Joy Blankenship is vacationing in Long Beach, Calif. She returned home with Mr. and Mrs. Murray Donald, who had been visiting here.

C. L. Kinsey has been brought home from an Amarillo hospital, and is reported improving.

Mr. and Mrs. Mack Shaw have moved from Cottonwood, Calif., to Klamath Falls, Oregon.

Lost—child's small red wagon in front of school he use the night of June 19. See Winfield Mosley.

Mrs. Hudson Couch and son Bobby of Memphis visited in the C. E. Johnson home Thursday.

Mrs. Myrtle B. Clifford of Amarillo has come to live with her sister and her husband, Mr. and Mrs. J. L. Ratcliff.

1st Baptist Church

Here is a report of my thirty years work as a preacher:
Sermons preached 7824
Funerals preached 1439
Total sermons preached 9263
Revivals held 154
Conversions reported for the 30 years 2428
Persons baptized by me 1532
Marriages performed 1054

There are 1159 chapters in the Bible. I have preached an average of 8 sermons for every chapter in the whole Bible. And besides the above over 1600 prayer meetings mid-week Bible study lessons were taught. This is 1 1/2 prayer meeting lessons for every chapter in the Bible.

I am just checking my complete records of my church work as I do every 5 years and give a report to my church folks where I happen to be, so my sixth report comes here at Hedley church. My last report was in Childress 5 years ago. I thought it would be nice for you to read and study this report. 3388 of the 9264 sermons were preached in revival meetings an average of 22 sermons for each of the 154 revivals. I hope this will help everybody to have a better understanding of the pastor's work.

H. T. Harris, pastor

Softball

Friday night the soft ball team goes to Memphis to play the Lakeview team under the lights. Hedley is leading the league down there so let's go down and give them some encouragement for another victory.

For Sale—Chevrolet power unit, 50 foot belt. See Lawrence Hatchery at Memphis.

Mr. and Mrs. S. E. Harris and granddaughters and Mrs. Jack Harris of McAllen are visiting here.

For Sale—one room house, to be moved. See L. Petty, Hedley.
Know more news? Phone 101.

Rodeo at Clarendon

Starting with a dance on the night of July 2nd, a full program for the annual July 4th Celebration at Clarendon has been completed. Dances on the night of the 3rd and 4th, with two regular dances scheduled for the night of the 3rd and a regular dance and a street dance for the night of the 4th, old fiddler's contest, parades and rodeo performances the afternoon and night of the 3rd and 4th will form the complete program.

The dances are being sponsored by the American Legion and will be under their direction.

Calf roping, team tying, bronc riding, and a barrel race for the ladies will complete the competitive list of events for the annual rodeo. Over \$1,300 will be given in premiums to the contestants winning the top places.

Food and drink booths at the rodeo grounds and on a down town street will be operated by members of the Lions Club, the organization sponsoring the celebration.

FARMERS and RANCHERS

Why not use a Federal Loan to purchase a farm or to add improvements? The Federal Land Bank of Houston is owned by the land owners of Texas. Its terms are specially designed to fit the farmers needs. For full information contact—

News From Our Men In Service

Geiger Field, Spokane, Washington—Pvt. Robert M. Bailey of Rt. 1, Hedley has begun training as an Aviation Engineer of the Army Air Forces at Geiger Field, Spokane, Washington, according to word received today from Colonel Eric Dougan, Commanding Officer.

With the Eighth Army in Sendai, Japan—

St. Sgt. Joel A. Plunk of Hedley is at present a member of the 85th Military Government Company, whose purpose it is to assure that the policies of the Occupation Army are being adhered to and its requirements met by the Japanese in the prefectures of Miyagi and Iwate.

Nearly every facet of Japanese life is of concern to the 85th Military Government in fulfilling its mission. It inspects schools factories and mines, supervises programs of health and welfare, observes political activities, checks food collection and distribution, investigates suspected infractions of occupational directives and checks prices of commodities, as well as being responsible for the procurement of all supplies and labor from the Japanese that are necessary to the Occupation Army.

Sgt. Plunk is the son of Mr. and Mrs. W. C. Plunk of Hedley. He entered the Army in September, 1943, trained at Camp Hood and sailed for overseas in November, 1945. At present he is working in the section that handles the procuring of real estate from the Japanese.

Choice city lots for sale. See S. G. Adamson. 323p

Peaches

I am now picking peaches at Luttrells orchards, 2 mile west Hedley. W. J. Luttrell 314c

Mr. and Mrs. Kent Bellah of Saint Jo are visiting relatives here.

Scattered Shots

Summer time is the time for vacations, entertaining visitors, etc. We would like to print all this news, but many times we do not know about it. Please turn in your news items so that no one will be left out. We also urge you to turn these items in early.

The main street is in better condition now than it has been in some time as you have probably noticed if you have driven down it in the last two or three days. Credit goes to Wayne Latimer who did some fancy work with the grader.

C. E. Johnson has been distributing new telephone directories this week. They show a nice increase in the number of listings over last year's directory.

LET US TELL YOU MORE ABOUT IT

WEEKLY NEWS ANALYSIS

Allocate Steel to Brace Farm Machinery Output; Pare Power of OPA; Food Prices on Rise

Released by Western Newspaper Union.
(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Finding use for blocks of stone from wartime blitzes, English sculptors fashion figures in public dump with permission of London county council.

STEEL:

New Priorities

Production of vitally needed farm equipment to help meet heavy domestic and foreign food demands will be maintained throughout the summer months as a result of the Civilian Production Board's establishment of special priorities for steel for the industry.

At the same time, the CPA set up priorities for steel for manufacturers of building products to assure adequate supplies for the vet's housing program. The government acted after the critical steel and coal strikes had reduced available stocks in the face of tremendous demand from industry generally.

Farm equipment receiving priority consideration included combines, grain binders, corn pickers, potato diggers and pickers, sugar beet and cane harvesting machinery, haying equipment, corn shellers, fruit and vegetable graders, wheel type tractors, washers, sackers and conveyors, ensilage cutters, row-type field ensilage harvesters and peanut diggers.

Building products favored include pressed steel bathtubs, sinks, lavatories, furnaces, pipe, fittings and duct work and steel registers and grills.

LABOR:

Maritime Pact

As owner of 80 per cent of the merchant marine, the U. S. stepped into the maritime industrial dispute and strove to avert a walkout threatening American shipping the world over.

At the same time, CIO Pres. Philip Murray came to the government's assistance in seeking to achieve a settlement and prevent a split in the ranks of the maritime union factions, dominated by Big Joe Curran of the seamen and

Maritime chieftains (left to right) Harry Bridges, Joseph Curran and Hugh Bryson.

Harry Bridges of the longshoremen. In taking over negotiations after the unions and private operators failed to record progress after lengthy dickering, the U. S. partly met CIO demands for a shorter work week by proposing to pay seamen straight time for 48 hours and a half for 8 hours on the seventh day. The work week for longshoremen was trimmed from 44 to 40 hours.

All ship personnel were offered a \$17.50 per month increase while longshoremen would receive approximately a 22 per cent per hour boost.

CONGRESS:

Trim OPA

Encouraged by the inadequate flow of goods to market in the reconversion period, house and senate

EMPLOYMENT:

Despite the fact that labor troubles have held up production in many industries, employment has shown a steady increase since December, with the number of persons employed in April totaling 54,350,000, according to the Alexander Hamilton Institute.

With the exception of July, 1943, when 54,750,000 persons were employed, employment in April was the highest on record, being 6.6 per cent higher than April of 1945.

conferes found themselves in agreement on a number of provisions for removing OPA control over the economy as they met to whip up joint legislation on extending the life of the agency.

Though passing two different bills, both chambers found this common ground of agreement as they undertook to fashion a permanent measure:

- Removal of price ceilings when supply of a commodity is deemed sufficient.
- Elimination of subsidies within a year.
- Allowing manufacturers and distributors adequate profit margins.
- Forbidding OPA to compel dealers to absorb production costs.
- Abolition of OPA's "maximum price regulation" under which clothing makers are required to balance output of cheap and expensive goods.

FOOD:

Prices Rise

As a result of recent OPA price adjustments to compensate for rising production expenses, the annual retail cost of meat, milk, butter, cheese, dairy products and bread is expected to jump up almost half a billion dollars or about \$3.45 a person.

This sum does not represent the total cost of recent price increases in food since charges for such supplementary products like citrus fruits, cereals, apples and peaches also have been boosted.

Following close upon OPA authorization for a cent a quart increase in milk, 11 cents a pound for butter and 6 cents a pound for cheddar cheese, bread was raised a penny a loaf and bread type rolls a cent a dozen. The price increase on bread products was allowed to permit bakers to cover higher costs resulting from government orders to reduce their use of flour by 25 per cent.

PALESTINE:

British Hedge

Even as the Arab League met in Bludan, Syria, to formulate opposition to Anglo-American plans for Jewish immigration to Palestine, British Foreign Minister Bevin told the annual Labor party conference that immediate entry of 100,000 Jews to the Holy Land would impose severe military and financial strain upon Britain.

Because of the high tension existing between Arab and Jewish elements in Palestine, Britain would have to place an additional division of troops in the country to preserve order, Bevin said. Large-scale financing also would be required for transport, housing and extensive reclamation to solve the vexing land problem.

Bevin's reference to the need of additional troops followed closely upon Secretary of State Byrnes' disclosure that Britain had requested the dispatch of American soldiers to Palestine to help maintain order in the event of agreement on permitting the entrance of 100,000 Jews. With the immigration question brought to a head by bitter Arab opposition and strong Jewish pressure for accepting the plan, President Truman appointed a special committee of cabinet members to assist him in formulating a policy on Palestine.

Feed Output Lags

Feed production during the war years has not kept pace with increased livestock output, production of feed grains and hay from 1941 to 1943 rising 7 per cent, while output of livestock jumped 18 per cent.

Price regulations until recently encouraged the marketing of feeds through livestock and livestock products rather than on the cash market.

POLITICS:

Rising Star

The political star of Gov. Earl Warren of California rose high and that of ex-Gov. Harold Stassen of Minnesota dipped low following Republican primary elections in California and Nebraska.

Warren's Republican presidential stock zoomed as the result of his sweeping victories in both the Republican and Democratic gubernatorial primaries while Stassen's possibilities dimmed with Republican voters repudiation of Gov. Dwight Griswold's bid for the Nebraska GOP senatorial nomination with Stassen's active backing.

By building up popular endorsement of his administrative record, Warren is cleverly following the traditional political practice of ostensibly having the office seek the man. By assuming the leadership in a campaign to liberalize GOP domestic and foreign policy, Stassen, on the other hand, has put himself in the ticklish position of the man seeking the office.

BUSINESS:

Well Heeled

Having increased working capital by 27.5 billion dollars since 1941, U. S. corporations, exclusive of banks and insurance companies, have been well able to withstand the rigors of reconversion and plant idleness growing out of industrial unrest.

At the end of 1945 working capital of American business stood at a record high of \$2.1 billion dollars, the Securities and Exchange commission reported. During the year, reserves rose 6.3 billion dollars, with tax refunds under the tax adjustment act of 1945 contributing to the increase.

From 1939 to 1945 cash holdings of corporations rocketed from 10.9 billion dollars to 22.5 and government securities from 2.2 billion dollars to 21.1. Meanwhile, federal income taxes showed a sharp rise from 1.2 billion dollars in 1939 to 11.1. Tax receipts reached a peak of 16.5 billion dollars in 1943.

BASEBALL:

Union Balked

Robert Murphy's drive to unionize the big leagues received another setback when the National Labor Relations board advised its Pittsburgh regional office not to hold hearings at this time on questions involving jurisdiction over professional teams.

Murphy suffered his first reverse when the Pittsburgh Pirates refused to endorse demands of the American Baseball Guild to be recognized as collective bargaining agency of the club. Though Murphy had claimed 95 per cent guild representation, the Pirates voted not to walk out after a closed two-hour meeting.

Despite his double setback, the 34-year-old Murphy appeared to have a strong foothold in the game, with the comparatively lower paid rookies sympathetic to his movement. In addition to claiming a guild majority on six teams, he says he has members on seven other clubs. Charging fees ranging from 50 cents per week for a member making \$5,000 or less to \$1.50 weekly for men in the higher brackets, the guild seeks a \$7,500 yearly minimum and a player's cut of 10 per cent on his sale price.

TOBACCO:

Affirm Monopoly

By unanimous vote, the Supreme court affirmed the existence of a monopoly in the tobacco industry on the unprecedented grounds that the practices and operations of the defendants were sufficient to establish their guilt without need for proving actual exclusion of competitors.

Affected by the verdict were American Tobacco company (Lucky Strike), Liggett & Myers (Chesterfield), and R. J. Reynolds (Camel), the "Big Three" of the industry.

Tracing the background of the industry since the American Tobacco trust was broken up in 1911, Justice Burton asserted that from 1913 the "Big Three" established a monopoly which grew until it controlled 70 per cent of cigarette production, 63 per cent of smoking tobacco and 44 per cent of chewing tobacco during the 1937-'41 period.

In citing monopolistic tendencies, the court pointed out that the three companies maintained large reserves of tobacco to make them independent of the market in any one year; refused to purchase tobacco on markets unless all three were represented, and placed limitations and restrictions on market prices. During 1932 and 1933 Camels and Lucky Strikes were actually sold at loss to throttle competition, the court found.

FARM HANDS:

Intensive state supervision of camps for migrant agricultural workers is being continued in New York this year following success of the program that in 1945 helped insure adequate housing, medical services and health instruction for thousands of transients.

The council of state governments reports that \$70,000 was spent by New York state last year to improve living conditions for nearly 15,000 workers in 243 camps throughout the state.

Newsman Admit Apprehension of A-Bomb Mission

By WALTER A. SHEAD

WNU Correspondent
ABOARD USS APPALACHIAN (Via Navy Radio)—Civil and military welcoming committees out of the way, with the beauty and color of the Paradise of the Pacific a pleasant memory interlude in the midst of this serious military experiment the "Big Apple" today has her nose pointed westward on the second leg of our hop toward Bikini atoll and the atomic bomb test, the results of which may revolutionize naval tactics. The waters of the Marshall Islands are not new to the Appalachian and the members of her crew who first took her into combat duty in these very waters . . . the conquest and capture of Kwajalein, which is our next port of call. She is a sturdy ship and bears few scars of her tour of duty in the war in the Pacific in the Marshalls, the Admiralties, the Solomons, at Leyte, the Marianas, at Guam and other action since Pearl Harbor. On this tour she is the press ship of Adm. W. H. P. Blandy's task force and aboard are

TO DROP BOMB . . . Major Harold Wood, age 30, of Bordentown, N. J., responsible for bullseye.

picked newspaper men and representatives of the other media such as news reels, radio, technical magazines, television and others. Although most of them are on other ships of the group, such as the Panamint and the Blue Ridge, there is a sprinkling of scientists aboard and a sort of friendly ribbing going on constantly between the "lay" or mine-run members of the press and these scientific writers, many of whom are members of the "I Am a Frightened Man Club" and predict dire results and dangers to personnel of this task force when the bomb burst, scheduled July 1, takes place.

In spite of their fun-poking, the newspaper men generally privately admit they feel some apprehension and beneath the raillery there is a feeling of tenseness among many of us which increases daily.

The trip thus far from Navy Pier in Oakland to Honolulu, where our two-day stay was all too short, has been like a pleasure cruise but now we are getting down to the serious part of this most stupendous military experiment in history. The information officers aboard ship offer every facility and we are scheduled for a series of round-table conferences to orientate us to the main objectives.

One of the most interesting phases of this operation is the time element. Fourteen different time zones are involved in the operation by virtue of the location of Bikini west of the International Date Line. For instance if the first atomic bomb is dropped at 10 a. m. Monday, July 1, it will be 5 p. m. Sunday, June 30, in Chicago.

As this is written out of Pearl Harbor we still have some 2,200 miles of trackless blue water to traverse at a speed of approximately 11 knots or about 13 miles an hour. Before we reach Kwajalein where we will spend a day viewing the elaborate installations which have been set up in quarters, laboratories, air facilities as a base for the army air corps which will drop the bomb and the 37,000 men.

The logistics and the planning which have gone into this operation will rival those in the invasion of Normandy and scientists in and out of the navy have ready for installation the most elaborate measuring devices to meter actual effects of the explosion on the target array of combat and other ships, army and navy material, live animals tethered aboard some ships and ordnance for army, navy and air of all descriptions.

In addition recording devices, specially constructed cameras for television, radar controlled drone planes, which will fly through the atomic cloud at varying heights will bring back samples of the radio active materials and vapor to be rushed to the laboratories for test. It is this radio activity for the exploded atoms which may be used for the benefit of mankind in peacetime pursuits. As a matter of fact, the Manhattan district is now releasing or has released small portions of radio activated substances to universities and laboratories.

Tables and Benches For Use Outdoors

YOU NEED sturdy tables and benches to make back yard picnics a success. The set shown here is unusually easy to make.

The six-foot table seats three people on each side and has a bin underneath for extra things. The benches may be pulled up close with plenty of knee space, and the extra table may be used for an end bench if needed.

Pattern 219 gives illustrated directions for cutting out and assembling the set with list of materials needed. Price of pattern is 15c postpaid. Send order direct to:

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Here's One Of The Greatest BLOOD-IRON TONICS YOU CAN BUY

If you lack BLOOD-IRON!

You girls and women who suffer so from simple anemia that you're pale, weak, "dragged out"—this may be due to lack of blood-iron. So try Lydia E. Pinkham's TABLETS—one of the best home ways to build up red blood to get more strength—in such cases, Pinkham's Tablets are one of the greatest "blood-iron tonics you can buy!"

Typewriter Doodling:

Love-Letter Dept.: From Emery Reves, author of the best-seller, "The Anatomy of Peace." "This is one of the most peculiar moments of history. The problem of war between the nations is solved. The organization of peace on a world-wide level is within our grasp. And yet—the probability is that we shall run into our own destruction because of the conformism and complacency of the press, radio, movies, churches and all the other organizations and technical media of mass enlightenment and education. I thank you for the rare exception you represent."

Quotation Marksmanship: R. C. O'Brien: Think, before you brag about your ancestors—would they brag about you? . . . Chuchu Martinez: As inseparable as ham and ego. . . Irving Hoffman: Ethel Merman's tombouyancy. . . Anon: We have two ends, one to sit on, the other to think with. Success depends on which end you use most. Heads you win, tails you lose! . . . J. Joubert: Mediocrity is excellent to the mediocre. . . I. Panin: All wish for a long life; few realize it means old age. . . R. Frost: The world is full of willing people. Some willing to work and the rest willing to let them. . . Mile. Bertin: There's nothing new except what is forgotten. . . Dr. Wm. Brady: And other things too bloomerous to mention. . . Eric Remarque: Women should be adored or abandoned—nothing in-between.

Larry Singer, visiting the bunch, told of the hoax put over (in the 1930s) by the editors of the Cornell University Sun. . . They sent out scores of invitations to political leaders throughout the nation, asking them to attend a dinner in honor of Hugo N. Frye, "the founder of the Republican Party in N. Y. State." . . . Effusive tributes to that stalwart gentleman came from many Congressmen, Senators and Governors. . . . When the Sun staff finally held their shindig they revealed the name of their hero—"You-Go-and-Fry!"

Some of the lobster shift over at the N. Y. Mirror (having put the final edition to bed) sat around gabbing about the craft.

They reread Irv Lieberman's saga about the two correspondents (for a national mag) who had strolled out of a mess hall at a Pacific base. . . . Just then a beautiful native doll ankled towards them along the road. . . . She came in gracefully, looking neither right nor left. . . . As she passed, one of the lads clutched the other for support, and both gave her a double-take.

Her button-down-the-front dress was securely fastened by eight Good Conduct Ribbons!

Johnny and Mike Hodgins of the composing room brought in this clipping, which Editor & Publisher quoted from a mid-west paper. "Pa," said the subscriber's little daughter, "why do editors always refer to themselves as 'we'?" "So that," replied papa, "the fellow who doesn't like what is printed about him will think there are too many for him to lick."

Several correspondents have reported that the American occupation of western Germany is proceeding according to anything but the plan set at Potsdam. . . . One of the staff, who recently returned from there, explained: "The DP's are getting kicked around while some Nazis live in comfort. That's at the bottom. At the top, German industrialists are being helped back into power instead of being indicted as war criminals. It seems that the Nazi occupation of Germany is proceeding smoothly and the Hitlerites are determined that the U. S. zone will soon be completely de-Americanized."

One of the interesting observations came from Irving, the night phone operator. . . . He told of the editor of Alger, an astrologists' mag. . . . This editor used to get as high as \$1,000 per reading from Wall Streeters. . . . He once took a policy from broker Max Reibelsen—for \$10,000. . . . "Do you," said Max, "wish to pay it annually, semi-annually or quarterly?" "Quarterly—up until July 21st," said the astrologer. "It is silly after that because my horoscope says I'll die then."

On July 21st, to the very day, Reibelsen received a phone call from Atlantic City. . . . The astrologer succumbed from pneumonia.

Critic Robert Coleman said that Alec Woolcott once slept through an opening and then, after filing his review with Western Union, went to Sardi's, where he promptly fell asleep at a table. "Look at that guy," said Kelcy Allen, "taking an encore!"

A newsweekly (the other issue) featured this: Justice Murphy's opinions are now referred to in Supreme court circles as "justice tempered with Murphy."

Dark Breads Save White Flour
(See Recipes Below)

Bread Substitutes

Our recently developed shortage of bread and wheat products is calling for greater ingenuity than any shortage we faced during the war. With planning and foresight, this shortage may be met satisfactorily.

If you have decided to make your own bread, for example, use only part white flour and make up the rest with plentiful oatmeal, potatoes, or some of the rye and wheat flours. Corn meal, too, is gaining great popularity in many parts of the country.

Should there be a shortage of left-over bread for stuffings and the like, use potatoes, for they, too, are plentiful. In fact, you might also like to use part potatoes for bread, rolls and muffins. These take little fat and sugar and are perfectly delicious.

If you like hot rolls for dinner, here is a wonderfully easy recipe for you. You can make up the whole batch and then remove only what you need from the refrigerator as needed.

Oatmeal Refrigerator Rolls.
1/2 cup shortening
3 tablespoons sugar
1 1/2 teaspoons salt
1/2 cup boiling water
1 cup rolled oats
1 cake yeast
1/2 cup lukewarm water
1 egg, beaten
2 1/2 cups sifted flour

Add boiling water to sugar, salt, shortening and rolled oats. Stir well. Cool to lukewarm. Soften yeast in lukewarm water. Add with beaten egg to oatmeal mixture. Stir in half the flour, beat well and add remaining flour. Place in greased bowl. Cover with waxed paper and store in refrigerator. When needed, remove from refrigerator, form into cloverleaf rolls in greased muffin pans. Cover and let rise until almost doubled. Bake for 12 to 15 minutes in a fairly hot (425-degree) oven.

If desired, the above rolls may also be made with bran. Use 1/2 cup bran in place of the oatmeal, and 3 1/2 cups of flour.

Partial Whole Wheat Bread
(Makes 4 loaves)
3 cups milk
1 cup lukewarm water
1 cup sugar
1/2 cup molasses
4 tablespoons shortening
About 6 cups flour
About 6 cups whole wheat flour
2 cakes quick-acting yeast

Dissolve yeast in lukewarm water and add to it 1 teaspoon sugar. Allow to stand for 10 minutes. Scald milk and add to it the molasses and salt. When milk has cooled, add yeast mixture.

Mix the two flours together and add all but 1 cupful. Some flours

Lynn Says:

Flavor Tips: Next time you make your own white bread add some crushed cardamom seeds for an unusual flavor.

A special dressing for the salad? Coming right up. Make a simple oil dressing and add anchovy paste to the regular ingredients.

Special hamburgers? Mix blue cheese with a bit of dry mustard, Worcestershire sauce and creamed butter and spread over the "burgers" while they broil.

Pancakes for Sunday breakfast? Fry apple rings in sausage drippings, then pour maple flavored syrup over them, let simmer and spoon over pancakes while still hot.

Released by Western Newspaper Union.

SEWING CIRCLE PATTERNS

Juniors Like a Fitted Midriff Slim, Easy-to-Wear Home Frock

Slenderizing House Dress

LOOK CRISP and cool at the breakfast table in this jiffy-on button front house frock that's so easy to care for. Bold ric rac trims the pretty sweetheart neck and ample pockets, the set in belt slims you nicely. You'll want several in different fabrics.

Pattern No. 8989 is for sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36, 3 1/2 yards of 35 or 39-inch; 2 1/2 yards trimming. Due to an unusually large demand and current conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

Pattern No. 8973 comes in sizes 11, 12, 13, 14 and 15. Size 12 requires 3 yards of 35 or 39-inch fabric; 2 1/2 yards machine made ruffling.

Large Birds Deliberately Attack Flying Airplanes

During recent years, a number of planes flying in the Near and Middle East have been deliberately attacked by large birds, usually eagles, says Collier's. In fact, instructions on how to escape this hazard were issued to British pilots as long ago as 1934. One noteworthy attack occurred near Allahabad, India, when two eagles attempted to "kill" a low-flying three-engine plane. One bird flew straight into the middle propeller while the other, diving from about 10,000 feet, crashed through the steel wing, making a large hole.
