Through Bus Service To West Coast

A new era in transcontinental bus transportation was indicated Wednesday with the announcement by Continental Trailways Bus System of inauguration of through bus service from Dallas to Los Angeles, effective Friday, October 25th.

Not only will the new service mark the first such service offered from Texas to the West Coast, but it is further notable in that it will be the longest no-change bus operation of any trans-continental bus company in the country.

The revision of their westbound service by Continental will include two through, no-change Limiteds daily, the Golden Gate and the Pacific Coast, both of which will operate on schedules that will reduce the running time to the West Coast by almost two hours. In addition to the Limiteds, four new local schedules will be placed into operation on which only one change of bus, at Albuquerque, will be required.

Mister X

The intimate society of Mister X has once more assembled in order to gas up on latest gossip.

Someone has suggested that something be done about the Senior boys. They are so bashful it's getting to be downright aggravating to certain parties.

We are wondering why Gib didn't go skating Thursday night. Could someone be jealous?

There seems to be a growing friendship between Eldon and a certain Junior girl. Looks very interesting.

Faye seems to have had a hard time making up her mind Thursday night. Or maybe she likes variety.

Poor Sue, always having troubles.

Well Jo, are you satisfied now? You should be.

Elsie and Marg had a tough time Wednesday night. Mary Sue's clock must have been fast.

Who is the Guy Dorothy Johnson is always talking about? Close neighbor I believe.

Erma Jean seems to like variety also. (I'm referring to last Thursday night.)

Who was the little Sophomore girl that Martin Johnson was inquiring about last week? Linnie, would you know anything about this?

That's all kids, be with you again next week.

Swing of SOUTHWEST FARM MARKETS

Livestock and feed went up as cotton, grain, eggs and poultry went down last week while most vegetables, rice, peanuts, butter and milk held steady at southwest markets USDA's Production and Marketing Administration reported today.

Cotton tumbled about \$25 a bale last week. The trade associated this drop with speculation regarding decontrol of cotton textile prices and uncertainty as to outlook for sales of cotton textiles. Also, seasonal heavy movement of the crop into trade channels may partly explain the break.

Hog prices took one of the biggest jumps on record last week when ceilings came off and soared \$8 to \$10, but later declined \$2 to \$4 a cwt. as receipts increased.

Decontrol of meat brought a rush of cattle to market last week. Receipts at six southwest terminals totaled 90,400 compared to 82,000 for the corresponding week last year and 55,375 for the previous week. Cattle advanced \$2 to \$4 a cwt. at southwest markets in contrast to gains of \$5 to \$10 at Midwest markets.

Southwest egg and poultry markets felt the impact of meat decontrol. Demand sagged and prices dropped about 2 cents a dozen on eggs and about 3 cents a pound on fryers and hens.

The Wise Old Owl

Do you know the latest? If not here is:

There were 3 boys who asked 3 girls to go to the show with them. Instead of the girls saying, "No," they turned and ran! They must be afraid of boys.

Something must be wrong with Erma. I think she is saying "no" too often.

As the song goes, "I want to leave my lipstick on a brand new tie." Well, a girl left her's on Bobby Ray's white shirt the other night.

Bob Lee, if I were you I would turn down another chance like you had last Saturday night!

Elsie you and Wanda have a pretty nice lay-out! Brothers, and boys, cute!

Faye what do you have up your sleeve? You sure have been acting queer lately.

Charlie, I see you have a new boy friend. How about the Junior Party?

I believe Betty Jo has a new boy friend in mind. Has she?

Kids there is an important announcement: at the end of school the Wise Old Owl will really be revealed.

So in the meantime watch your step.

**This Home-Mixed
Cough Relief Is
Truly Surprising**

So Easy. No Cooking. Big Saving.

You may not know it, but, in your own kitchen, you can easily prepare a really surprising relief for coughs due to colds. It's old-fashioned—your mother probably used it—but for real results, it's hard to beat.

First, make a syrup by stirring 2 cups granulated sugar and one cup of water a few moments, until dissolved. No cooking needed. It's no trouble. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then get 2½ ounces of Pinex from any drugist. This is a special compound of proven ingredients, in concentrated form, well known for quick action in throat and bronchial irritations.

Put the Pinex into a pint bottle, and fill up with your syrup. Thus you make a full pint of splendid cough syrup, and you get about four times as much for your money. It never spoils. Children love its pleasant taste. And for quick relief, it's a wonder.

It loosens the phlegm, soothes the irritated membranes, eases the soreness, makes breathing easy, and lets you get restful sleep. Just try it, and if not pleased, your money will be refunded.

**Pull the Trigger on
Lazy "Innards"**

WHEN CONSTIPATION makes you feel punk as the dickens, brings on stomach upset, sour taste, gassy discomfort, take Dr. Caldwell's famous medicine to quickly pull the trigger on lazy "innards" and help you feel bright and chipper again.

DR. CALDWELL'S is the wonderful sense laxative contained in good old Syrup Pepsin to make it so easy to take.

MANY DOCTORS use Pepsin preparations in prescriptions to make the medicine more palatable and agreeable to take. So be sure your laxative is contained in Syrup Pepsin.

INSIST ON DR. CALDWELL'S—the favorite of millions for 50 years, and find that wholesome relief from constipation. Even finicky children love it.

WILSON:

Timber Control

Government versus private control of the 345 million acres of privately owned timber-land occupied delegates to the first congress of the American Forestry association since 1895. The need for some sort of effective management of the nation's timber resources is pointed up by a 21 per cent drop in reserves since 1928.

Calling for government control of private timber-land, comprising 97 per cent of the forest area in the U. S., Secretary of Agriculture Anderson stated that current annual timber cutting exceeds new growth by 50 per cent. Because of the steady reduction in reserves, the total now stands at a low of 1 trillion, 601 billion board feet.

Samuel T. Dana, dean of the school of forestry of the University of Michigan, pushed the so-called Higgins Lake proposals for private management drawn up earlier this year by a forestry and conservation experts at Higgins Lake, Mich. Justifying private operations, the proposals called for an intensive educational campaign to emphasize importance of timber resources to the nation's welfare.

PARIS:

Italian Pact

Following a pitched warning from Soviet Foreign Minister Molotov against the division of the world into eastern and western blocs, the Paris peace conference approved the proposed treaty for Italy.

Because it considered the treaty opposed to the interests of its Yugoslav ally, Russia led the bitter fight against adoption of the pact. Championing Yugoslavia's cause, Molotov shouted that Russia would not permit the western powers to dictate to the "new Slavic democracies," and reiterated Lenin's axiom that "a people which takes its destiny into its own hands is invincible."

Molotov

The Russian bloc's objections to the treaty centered against establishment of a strong, neutral government for the key port of Trieste, and creation of a new Italo-Yugoslav border.

A strong governor would deprive the mixed Italian-Yugoslav population of its self-rule, Molotov declared, calling for a powerful constitutional assembly. An alliance of Italian Yugoslav Communists would have given the Reds control of the strategic city.

The new Italo-Yugoslav border leaves the Slovene population of Gorizia and the Isonzo valley in Italy as a racial minority, Yugoslavia charged.

MEAT:

Predict Plenty

In pressing the administration to control livestock, the beef industry advisory committee declared that there were sufficient cattle in the country to meet the requirements of the next 12 months but they were being kept from market because of price inequities.

Citing department of agriculture statistics, the committee said there were 80 million head of cattle and calves on farms Jan. 1, of which 40 million were available for meat. Despite heavy marketings this summer, 52 million head of cattle were available for meat by Sept. 24-30.

Estimating that supplies will be only 15 per cent above requirements.

EUROPE:

Needs Fertilizer

Europe will continue to need much more food than it can produce for at least two more years, according to Homer J. Henney, director of the Colorado A. and M. college experiment station, who spent late 1945 and early 1946 in Europe as deputy director of food and agriculture for the U. S. military government. The basic reason, he explained, is lack of commercial fertilizers.

ments, the committee concluded that there would be 72.5 pounds of beef and veal per person from Oct. 1, 1946, to Oct. 1, 1947. This compares with 60.6 pounds per capita in the 15 year prewar base period.

GREECE:

Inflation-Ridden

With goods and "hard" money scarce, inflation is riding high in Greece. A full meal without wine now costs more than \$4 and second-hand clothing sells at \$150 to \$200 and shoes at \$30.

As in all inflation-ridden countries, the dollar commands a premium in national exchange. While the official rate is 500 drachmas to the dollar, speculators offer as much as 6,500 drachmas for a dollar. By selling dollars, then converting their drachmas to U. S. currency again, Americans can make a pretty profit.

Indicative of the Greek government's desire for "hard" money, employees of the American embassy who are paid in gold flow from the U. S. receive 17,000 drachmas per dollar. This is three times the ordinary official rate.

Because there is no food rationing or price control over staple items, Greek white collar workers paid on fixed salaries are especially hit. To procure essentials, they must deal in the black market, make connections with government or business officials, or sell personal belongings.

WAGES:

Production Bonus

In addressing the American Management association in Boston, F. D. Newbury, vice president of Westinghouse Electric corporation, advanced a new formula for keeping postwar wages and prices within bounds.

Newbury's plan calls for maintaining basic wage and salary rates at their present level and payment to employees of additional income in proportion to increased volume of production, ability to pay and efficiency of the individual organization.

Stating that the proposal could not be called a profit-sharing plan, he said that the bonus payments would be considered as part of operating costs, with employees entitled to the maximum a company could afford to pay. Terming the plan highly flexible, Newbury said that an enterprise could easily readjust its wages if business declined.

ARMY:

Charge Misconduct

Claiming that he possessed information involving highly placed army officials connected with the Nazi war crimes trials of misconduct with wives of the prosecuted bigwigs, Sen. Hugh B. Mitchell (Dem., Wash.) revealed his intention of asking the senate war investigating committee to make a full-blown inquiry into the charges.

Mitchell declared that he had been informed that Frau von Schirach, wife of the Hitler youth leader who received 20 years, was one of the wives of the Nazi leaders who was guest of honor at champagne parties allegedly thrown by the accused army officials. Wives of high S.S. officers under investigation for war crimes also were invited to the "dimly lit" drinking jousts.

The senator stated that he had been informed that Heinrich Hoffman, former personal photographer of Adolf Hitler, served as a go-between for the women and U. S. officials. Detained to identify prominent Nazis, Hoffman was said to be in the pay of the American government.

Vets Prefer Business

A survey just completed at Northwestern university of the career preferences of 5,659 veterans enrolled for full-time study this fall showed that business is the top choice of these veterans, with 30 per cent selecting this field as a life-work. The choice in other fields is as follows: engineering and the physical sciences, 22 per cent; law, 11 per cent; medicine, 11 per cent; teaching, 10 per cent; journalism, 5 per cent and dentistry, 5 per cent.

RELIGION:

Urges Action

Declaring that the church must show cause for its continued existence and promote the interests of all classes of society, the Rev. Dr. Oscar F. Blackwelder of the executive council of the United Lutheran church outlined a broad program for aggressive action at the denomination's convention in Cleveland.

On the home front, Dr. Blackwelder said the church must:

- Overcome economic and social injustices, with the watchword being abundance for all rather than scarcity for profit.
 - Promote equality for racial and religious minorities and see that every qualified person has the right to vote.
 - Emphasize the dignity of the individual to offset the cheapening factor of the wholesale loss of life in war and postwar cruelties.
- On the international front, Dr. Blackwelder called for continuation of U. S. relief from its comparative abundance, promotion of good-will among peoples of the world, and cultivation of the spirit of forgiveness to advance reconciliation.

WORLD FORCE:

Fond Hope

In resigning as senior American representative on the United Nations military committee, which is engaged in drawing up plans for a world police force, Gen. George C. Kenny declared that such an organization was the only assurance of peace but it may take years and years to accomplish.

Desire for security and protection of national sovereignty are the two most formidable obstacles to formation of a world force, the general said.

Large standing armies are no assurance of permanent security, Kenny declared. As for national sovereignty, he cited the sacrifice of individual authority of the 13 American colonies for participation in an all-powerful federal union dedicated to the interest of all.

To achieve real security, peace-loving nations must be persuaded to permit passage of international troops over their border to meet an aggressor and contribute to a world force, Kenny stated. Having resigned to become commanding general of the strategic air command, Kenny will be succeeded as senior U. S. representative by Adm. Richmond Kelly Turner.

Record Sardine Haul

Protein-hungry Americans seemed to be assured of good supplies of sardines as fishermen scored a record haul on opening day of the Pacific coast season. Jap-American crew members of the "Nancy Rose," operating out of Los Angeles, are shown with their portion of the initial catch of 8,000 tons. The West Indies are the other source of sardines in the Americas.

ITALY:

Riot in Rome

Angered by plans of the public works department to lay off help at a project, 30,000 Italian workers surged onto Viminale palace in Rome and waged a stormy protest against the action. Armed with carbines and sabers, police battled to hold off the mob, with truckloads of troops summoned to provide reinforcements.

While police were able to hold off most of the throng from the palace, some demonstrators broke into the building and moved as far as Premier Alcide de Gasperi's office, wrecking furniture as they went along. Meanwhile, the premier just arrived in Rome after attending the first post-fascism press convention.

Jolted by the uprising, which cost several lives and injured over 100 persons, government officials attributed the riot to hostile political forces trying to embarrass the moderate De Gasperi's coalition regime. Though admitting plans to lay off help, the government asserted that it was negotiating to absorb the discharged workers on other projects.

FARM REALTY:

Follows Precedent

Price trend of farm real estate during and following World War II has been much like the trend during and following World War I, according to Alexander Hamilton institute.

During the World War I period, the value per acre of farm real estate rose from an index of 100 in 1913 to 140 in March, 1919, or 40 per cent, while during World War II it rose from 84 in 1939 to 142 in March, 1946, or 69 per cent.

From where I sit... by Joe Marsh

On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birdles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or to criticize.

Because the spirit of harmony is there—harmony between folks who like each other's company, who enjoy a simple, homey atmosphere

—with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a heap more important to be a poor fiddle player, than not to play at all. More important to be a part of the American scene—with its community music, home entertainment, friendly glass of beer—than to hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

Pudding Ice Cream Keeps Family Happy

It's easy to keep the family happy with plenty of ice cream, what with a modern refrigerator and a supply of fruit and cream, honey or sirup on hand, according to the Country Cooking editor of nationally circulated Capper's Farmer.

The recipe for Pudding Ice Cream below, won first prize in the recent Capper's Farmer Refrigerator Dessert contest for Mrs. Bertha Olman, Bay Count, Michigan.

PUDDING ICE CREAM

- 1 tsp. unflavored gelatin
- 1/4 cup milk
- 1/4 c. milk
- 1 pkg. vanilla pudding mix
- 1/2 c. white corn sirup
- 1/4 c. cream
- 1 tsp. vanilla
- 1/2 c. black walnuts

Soften gelatin in the 1/4 cup of milk. Add remaining milk to pudding mix; place over low heat and stir until it boils and thickens. Stir softened gelatin into pudding to dissolve it. Remove at once from heat. Add sirup, cream and vanilla. Pour into refrigerator trays; freeze until slightly firm. Then scrape from tray into bowl; beat with rotary beater till smooth but not melted. Stir in chopped nuts. Return to tray and freeze. Serves 6

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Kidneys Must Work Well—

For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus acid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, seamy or too frequent urination sometimes warns that something is wrong. You may suffer nagging back-ache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Serve Sandwiches the Family Likes

Sandwich Magic

Sandwiches, those mighty American favorites, are a wonderful food for lunches, snacks or entertaining. To think that two slices of bread with a delectable filling can contain so many foodstuffs good for health is indeed a great achievement.

Probably the most popular use for the sandwich is as a snack or a lunch box item, but there are daintier types to use with salad for entertaining.

Here are several interesting types of fillings that go well with school lunches. All the recipes make enough for several sandwiches, and fillings may be kept in a jar or covered dish in the refrigerator so they will last.

Potato Salad Filling.
1 1/4 cups diced cooked potatoes
2 hard cooked eggs, minced
1 sweet cucumber pickle, minced
1/2 teaspoon chopped onion
Salt and pepper to taste
Mayonnaise

Deviled Peanut Butter.
1/2 cup deviled ham
1/2 cup peanut butter
2 tablespoons chopped pickle
Mayonnaise

Egg and Celery Filling.
4 hard cooked eggs
2 dill pickles, chopped
1 tablespoon vinegar
Salt and pepper
1/4 cup diced celery
1 tablespoon minced onion
3 tablespoons mayonnaise

Liver Filling.
1/2 pound liver sausage
4 tablespoons chili sauce
1/4 cup celery, chopped
2 tablespoons melted butter or substitute

Mushroom-Ham.
Cover very thin slices of boiled or baked ham with mushrooms which have been peeled and halved. Broil until the ham is browned delicately and the mushrooms are soft.

Pimiento Topping.
1 teaspoon cornstarch
2 tablespoons butter or substitute
1 cup diced cheese
6 tablespoons milk
1/4 cup chopped pimiento
Salt and pepper
2 tablespoons pickle relish

Tomato-Egg Topping.
1/4 cup minced onion
1 cup canned tomatoes or juice
1/4 cup minced bacon
6 eggs, slightly beaten
Salt and pepper

Cucumber Topping.
1 medium cucumber
4 hard cooked eggs, chopped
1 teaspoon minced onion
Mayonnaise
Salt and paprika

Cheese-Marmalade Filling.
1/2 cup grated American cheese
1/2 cup orange marmalade
1/4 cup cream
Prepared mustard

Tuna Fish Filling.
1 cup shredded tuna fish
1 cup finely chopped tomato
1/4 cup diced cucumber
1 teaspoon minced onion
Salt and pepper
Mayonnaise

Raisin-Honey Filling.
1 cup chopped or ground raisins
1/2 teaspoon salt
3 tablespoons honey
1/4 cup chopped nuts
1 1/2 teaspoons lemon juice
1 tablespoon mayonnaise

Mash liver and add remaining ingredients. Season to taste. Use on white or rye bread.

Combine all ingredients, season to taste and add enough mayonnaise to make of a spreading consistency. Use with white or whole wheat bread.

Combine cheese and cream, then add marmalade. Spread on bread with a thin film of prepared mustard.

When you serve sandwiches for entertaining or with salads, the open-faced variety are very popular. Use only very fresh bread, thinly sliced and buttered. Here are spread suggestions:

Combine cornstarch and milk. Add cheese and butter. Cook in a double boiler until thick and smooth. Season to taste and cool. Add pimiento and pickle relish. Spread on thin, buttered slices of bread and serve at once.

Fry bacon until crisp. Add onion and brown. Add tomatoes and season to taste. Add eggs, cooking slowly, stirring constantly until whites are firm. Serve on toast.

Peel cucumber and slice lengthwise. Remove seeds and chop fine. There should be about 1 cup pulp. Add onion and eggs, moisten with mayonnaise to spreading consistency. Season to taste and spread on buttered slices of bread. Garnish with paprika.
