Basketball News

Last Thursday night the Hedley Lions Club team won a one-sided game from the Claude All-Stars by the score of 45 to 23. The Lions took the lead at the whistle and were never headed by the All-Stars. High scorer for the Lions was Russell with 25 markers, followed by Harrison Cope, who had 14 points to his credit. The rest of the scoring was almost evenly divided among the other players. High-point man for the All-Stars was Avery with 13 points.

Friday night the Owls and Owlets took a twin-bill from the Quail teams. This makes two wins for both of the one teams against no losses to Quail. The Owls won a hard fought game from the Quails by the score of 21 to 18. High scorer of the Owls was Stone with 11 points. The team as a whole is showing considerable improvement. All of the boys turned in a very nice game defensively and showed exceptionally well on offense. Nrely was high scorer for Quail with 8 points.

The Owlets also repeated their win over the Bobwhites by the score of 22 to 15. This runs the girls total of wins to 11 against no losses. The first string forwards were not given much chance to show their strength because the second string played a great deal of the game. The guards turned in a nice game holding the Quail forwards to only two free shots the last half. High scorer for the Owlets was Johnson with 9, followed closely by Howell and Spear with 6 and 5 points respectively.

The Hedley Lions repeated their win over Claude with a 45 to 32 point decision.

June, did you enjoy the ride back from Quail Friday night?

Erma Jean, who were you with Sunday afternoon? Betty Margaret, you had better watch her.

Betto Jo how did you get home Saturday night?

Pete, who is next on your list? I believe Memphis has interfered with your plans.

Elsie I heard you were planning to go to college. This is hard to believe.

Wanda, you had better watch a certain Clarendon girl. Boy, what a car!

Corky, where were you Saturday night? Did you work too hard Saturday?

Redtop, we would like for the folks to know that the guards had some part in the winning of the game with Quail.

Mailing Restrictions

The following is a portion of a letter received by Postmaster Mabel E. Jones from the Post Office Dept.:

Dear Postmaster:

It is the desire of the Post Office Department that prohibited matter be kept from the mails, and one of the best ways to accomplish this result is to let your patrons know what material is unavailable. Much can be accomplished by giving information to high school students and others of impressionable age, as well as adults who have not had the matter brought to their attention.

It is not possible in a communication of this kind to mention in detail all types of unmailable matter. The following list, however, is representative of types more commonly dealt with:

1. Intoxicating beverages.
2. Inflammable matter such as matches, lighter fluid, and other articles likely to cause fire through absorption of moisture, or self-ignition through friction or spontaneous chemical changes.
3. Ammunition and all other explosives.
4. Firearms, such as revolvers, which are capable of being concealed on the person.
5. Obscene matter.
6. Poisons
7. Narcotics
8. Extortion letters
9. Lottery and fraudulent matter

The Wise Old Owl

Why does Wanda act so sad? Could it be because a certain little guy has quit the road work and is moving from Hedley?

It seems as if Quail is trying to take Hedley over, or maybe it is just the girls they want. How about that, Sue and Faye?

Wonder why Bobbie Lee is so happy lately? Could it be because a certain someone has a car now?

Erma Jean, can't you make up your mind which one you want? The guy at Clarendon Jr. College seem pretty crazy about you too.

Billy Dean, why were you so quiet Friday night as we were going to Quail? Who was the little girl sitting by you?

Corky, won't Sara's father let her ride on the bus with you? I guess he doesn't trust you.

Betty Jo, who was the guy that walked you to where you were going Saturday night?

Well, Billie Rieh, you should be happy, he goes to school here now I am ashamed of a Senior girl that dodged a boy Saturday night when she had a date with him. He was from Memphis.

Miss Gertrude Rasco presented her piano pupils in a recital Sunday at the First Baptist Church. Besides the piano numbers the program included a Christmas Thought by Miss Rasco and vocal numbers by Jerry Banister, La Rita Johnson, Wanda Hansard, Nancy Hunsucker, Jacque and Barbara Johnson, Jane Mosley, Carolyn McPherson, Reatha Ranson and Joan Marie Youree.

Lukewarm Christians?

These are the words we heard our Methodist minister say, Sunday night, Dec. 1. Hedley people I believe he is right. I've been a luke warm Christian, haven't you, and you? What can we do about it? Are we going to fail God in our service for Him in our own little town? I wish every Christian in Hedley and for many miles around could have heard our Brother's message. I don't believe we can stay just luke warm after a challenge like we heard. There are many things we can do to be real worthy Christians. We can each of us decide to go all the way for Christ; decide upon it and then put it in force. Hedley has four little churches. These houses of God are never half full. All should be full each Lord's day. Let's do something about it.

Are you ready to help further the cause of Christ; let's try planning something that will encourage more people to come to one of God's houses of worship in December. Let's decide upon a special date such as Dec. 15 or Dec. 22; for all four churches to each sponsor an "All out for Christ Sunday." Let's take our town to church. Let's take Hedley by blocks. Christian people live all over town, probably some in every block. Let's each canvas our own complete block and be sure every person is invited to this all out meeting. Let's each see our neighbors and ask them to go to the church of their choice on that special date set. We who have cars, let's see that no one lacks a way to get to the church they wish to go to. If we make people know and feel they are wanted in God's house, they will come. God wants all to hear His Word, and people are really eager to hear, if they feel welcome and at home. The people of this town are a good lot of people, but we luke warm Christians have failed them. We are not doing our part of God's work as he would have us to serve. Let's wake up and start serving God better before it is too late to start serving Him. It is our fault if one half of the people in our little town are lost.

We must answer to God for not having served Him better. If we each and everyone, try inviting everyone in our block to attend church on that set day and provide ways for them to go, and only one person of all who are asked keeps going to God's house, then God will bless us, and our efforts will not have been in vain. Those living in the edge of city limits can invite that family who lives a little further out and that family invite the family just beyond them.

Christmas season is here. "For God so loved the world that he gave his only begotten son, that whosoever believeth on Him should not perish, but have everlasting life." This is God's great gift to us. What gift can we each give Him this Christmas season? Let's give Him our service. Let's go all out for Christ. If this be the will of God and the people of our town, let's everyone work for that special service day this month, if the four churches decide on a date for an "All out for Christ Sunday." Let's take our little town to church and to God. Contributed

WEEKLY NEWS ANALYSIS

**U. N. Moves for Disarmament;
World Co-ops to Expand Trade;
Solons Kill Occupation Quiz**

Released by Western Newspaper Union.
EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

U. N.:
Move to Disarm
The war-weary old world seemed headed for substantial disarmament as Russia took the lead in the United Nations to force a reduction in militarization.

In the first U. N. step toward disarmament, members agreed to report on the strength of their armed forces at home and abroad by January 1. Originally, the Reds had asked that the report be confined to the number of Allied troops on foreign soil, but the U. S. and Britain were quick to call for count of forces at home as well.

Continuing to dominate the disarmament spotlight, Russia then proposed the creation of an international commission to supervise disarmament, reversing previous Soviet objections to such control. Favor for the proposal, however, was qualified by misapprehension over the Russian provision that such an international commission would be subject to the veto power of the security council.

WORLD CO-OPS:
Trade Program
Growth of co-operatives as a force in world trade was illustrated with the organization of the International Trading agency in London to facilitate exchange of goods between 85,000,000 co-op members from 31 countries.

Formed by the International Co-operative alliance, the new undertaking not only calls for the exchange of commodities and goods produced by the co-ops themselves but also the distribution of privately manufactured items through co-op agencies. In the U. S., the National Co-operatives, Inc., embracing 4,000 local societies owned by 1,300,000 members, has been making volume purchases of refrigerators, radios and household appliances from private industry for resale to co-op patrons.

With war-stricken countries short of currency for the purchase of foreign goods, the international agency hopes to develop trade on an exchange basis.

ARMY:
Buck Occupation Quiz
Acting upon the urgings of Secretary of State Byrnes and Senators Vandenberg and Connally, his foreign policy advisers, the senate investigating committee killed the projected inquiry into the conduct of U. S. occupation forces in Germany.

The Democratic majority acted even after George Meader, committee counsel, had sharply criticized the war and state departments for occupation irregularities following a month long study of conditions in the Reich. There have been recurring reports of the disorderly conduct of U. S. troops.

Lauds Women Doctors

Re-education of the public to break down any existing prejudices against women doctors is advocated by Dr. J. Roscoe Miller, dean of the medical school of Northwestern university. "There is no valid reason for alleged public reluctance to consult a woman physician," the dean said. "She is fully as qualified as men to practice medicine."

"THE HOUSE OF SERVICE"

From where I sit ... by Joe Marsh

A Grand American Tradition

The Cuppers had a grand old family reunion last week—for the first time since the war.

Big and little Cuppers came, by car and train, from as far west as Nebraska and as far east as Vermont. They crowded Dee and Jane's house, set up quarters in the barns, or stopped with neighbors—and a jollier gathering you couldn't have imagined!

I was asked to their final Saturday night supper, when they sang old songs, drank beer and cider, reminisced. Dark Cuppers and

blonde ones—Vermont accents and Alabama draws—doctors and farmers ... all with their differences of taste and politics, yet as close and harmonious in spirit as a group could be.

From where I sit, it's a great American tradition—not just family reunions, but the ability to get along as one harmonious family, regardless of differences of taste—whether it's taste for politics or farming, beer or cider.

Household Hints

To keep shoe string potatoes crispy, don't salt them until you are just ready to serve.

If you're weeping over the worn-out print dress, take heart! If the blouse isn't too worn, cut it off, remove the sleeves and bind them. Then wear it like a dickey or as a gilet under your favorite suit.

Do not let kitchen cutlery stand in water. Wash blades first; if stained use scouring powder. Then wash handles. Rinse and dry immediately.

Use cuffs from men's old shirts for making shoulder pads. They're very nice for wash frocks, giving the necessary build-up, without too much bulge.

If you wipe spots off the floor as they appear, it will not be necessary to wash the entire floor so often.

Standing uses eight per cent more energy than sitting. Surprise you? Now maybe you will sit to peel potatoes, shell peas, polish silver and the like.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Gifts From Your Kitchen Are Welcome (See recipes below)

Welcome Gifts

If you want to establish yourself as a giver of welcome gifts, let them come from the heart of your warm and cozy kitchen. Jars of jelly, buttery, decorated cookies that simply melt at the first bite, or crunchy candy and popcorn balls are certain to delight your friends.

Think of all the time you can save by doing your Christmas things at home—no waiting for clerks, no time spent in searching for things that will really be the ideal gift. Your range and oven, mixing bowl and pantry are all right there in your own home, at your service.

Gifts that come from your kitchen will be doubly welcome because they have such a personal value. So make out your list and start to work on a really merry Christmas.

Here are some suggestions for all kinds of homemade gifts. You'll really like this conserve and marmalade because they're kind to the sugar bowl.

Raisin Conserve.

(Makes 11 6-ounce glasses)
4 cups prepared fruit
2 cups sugar
2 cups light corn syrup
1/2 cup nutmeats, finely chopped
1 box powdered fruit pectin

To prepare fruit, add 2 1/2 cups water and 1/2 cup lemon juice to 1 15-ounce box seeded or seedless raisins. Cover and let stand 4 hours or overnight. Bring to a boil and simmer, covered, for 30 minutes, stirring occasionally. Drain, chop or grind and mix with water in which fruit has been soaked. Measure 4 cups of fruit into saucepan; add nuts.

Measure sugar and syrup and set aside. Place saucepan containing fruit over high heat. Add fruit pectin and stir until mixture comes to a hard boil. Add sugar and syrup at once, bring to a full rolling boil. Boil hard 1 minute, stirring constantly. Remove from heat, skim and pour quickly. Cover with paraffin at once.

Honey-Orange Marmalade.

(Makes 6 6-ounce glasses)
1 1/2 cups prepared fruit
2 1/2 cups honey
1/4 bottle fruit pectin

To prepare fruit, remove skins in quarters from 1 medium orange and 1 lemon. Lay quarters flat, shave off and discard about 1/2 of the white part. With a sharp knife, cut remaining rind into fine shreds. Add 1/2 cup honey, 1/2 cup water and 1/2 teaspoon soda. (This honey is in addition to 2 1/2 cups specified above.) Bring to a boil, simmer, covered, 10 minutes, stirring occasionally. Remove sections of fruit pulp, free from membrane. Add pulp and juice to cooked rind, simmer 20 minutes longer.

Measure honey and fruit, solidly packed into large kettle. Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in pectin. Stir and skim by turns for 5 minutes to cool slightly and to prevent floating fruit. Pour quickly and cover with paraffin at once.

Wrap Gifts Prettily
Half the joy of receiving a gift is untying its pretty trimmings. It will be fun to wrap if you can get together a sort of gift-wrapping party before Christmas and have all your trappings assembled at a large table.

Besides your usual assortment of papers and ribbons, lay in a special supply of such things as lacy paper doilies, ornaments, Sunday school stars and harmonizing stickers, ribbon and paper.

Christmas Cookies.
(Makes 6 dozen cookies)
3 1/2 cups flour
1 teaspoon baking powder
1/2 teaspoon salt
1 cup butter or substitute
1 1/2 cups sugar
2 eggs, well beaten
1 1/2 teaspoons vanilla

Sift flour, measure, sift again with baking powder and salt. Cream butter, add sugar and beat until light and fluffy.

Add eggs and vanilla and blend well. Combine dry ingredients and creamed mixture, blend thoroughly and chill. Roll dough as thin as possible and cut into fancy shapes with cookie cutters, using stars, wreaths, Xmas trees, etc. Sprinkle some with red sugar, others with green sugar. Decorate with pieces of red and green candied fruit and silver dragees. Bake in a hot (400 degrees) oven for 6 to 10 minutes.

Mincemeat Drops.
(Makes 4 dozen cookies)
1 1/2 cups flour
1/2 teaspoon salt
1/2 teaspoon soda
1/2 cup shortening
1 egg, well beaten
1/2 cup moist mincemeat
1/2 teaspoon vanilla

Sift flour, measure, add salt and soda and sift again. Cream shortening, add sugar gradually and blend well. Add well beaten egg and combine with dry ingredients. Fold in mincemeat and add vanilla. Drop by teaspoonsful 2 to 3 inches apart on a greased baking sheet. Bake in a moderate (375 degrees) oven 10 to 12 minutes.

Maple Popcorn Squares.
(Makes 3 dozen 2-inch squares)
1 cup maple or brown sugar
1/4 cup maple flavored syrup
1/2 cup water
1 teaspoon salt
1 tablespoon butter
1 quart popped corn

Cook sugar, syrup, water and salt to 280 degrees or to the brittle stage. Add butter and cook slowly to 294 degrees. Meanwhile grind popped corn coarsely through a meat grinder or chop in a wooden bowl. When syrup is cooked, remove from heat and stir in corn. Pour onto oiled marble between irons. Roll with oiled rolling pin. Cut into squares or bars.

Chocolate Nut Slices.
(Makes 5 dozen slices)
7 to 8 ounces semi-sweet chocolate
1/2 cup powdered sugar
2 tablespoons cream
1 egg, well beaten
1 cup broken nutmeats

Heat chocolate in double boiler until melted. Remove from heat and add remaining ingredients. Shape into rolls 3/4 inch in diameter on waxed paper. Let stand to harden, then cut in 1/2 inch slices. The nuts may be omitted and the mixture rolled into balls, then rolled in chopped nuts, chocolate shot, coconut or malted milk powder.

Released by Western Newspaper Union.

Bear in mind a person's interests when you wrap the gifts and try to personalize them as much as possible. Children's gifts, for example, can be given in bright wool socks; men's gifts can be placed in a shaving mug and decorated with red and white striped paper.

Boxes of cookies are nice if you give them in candy boxes, glass candy dishes or gaily painted tins. You might even cut down an oatmeal box into a sort of a hat box, line it with Xmas paper and tie with a fancy bow.

SUGAR: Urge Control

Continuation of sugar controls and encouragement of increased production of the commodity in the U. S., Europe and Philippines were recommended by the sugar committee of the food industry council to assure industrial and domestic users of adequate supplies in 1947.

Lifting of controls in the face of heavy demands both at home and abroad would lead to sharp price increases and severe shortages as processors and householders scrambled for the limited supplies, the council declared. By judiciously controlling stocks, however, it should be possible to increase allotments to industrial and domestic users.

With the government boosting guarantee payments by \$1 a ton over the average price of \$14.50 for 1946, the council predicted a substantial increase in sugar beet output in the U. S. in 1947.

FRANCE: Friendly Advice

On tour of Europe to investigate distribution of American shipments of meats, fats and oils, Senator Wherry (Rep., Neb.) offered the French people some good old Republican advice for pulling themselves out of postwar doldrums.

Said the senator: "The Republican party mandate in the U. S. is to slash expenditures and balance the budget. . . . The same job faces the French to break the vicious circle of price controls, black market and shortages for poor people. . . ."

With heavy government outlays resulting in an excess of money over consumer goods, French producers have lost confidence in the franc, Wherry said. Because of the declining value of paper money, farmers have withheld commodities from the market and thus reduced their own demand for other products. To restore economic balance, Wherry asserted, the French must pare payrolls, reduce military expenditures and encourage enterprise with an equitable tax system.

Amvets Oil Machine

While the second annual convention of American Veterans of World War II in St. Louis, Mo., made no national headlines, the organization was said to have been perfected to allow for an extended membership drive. At present, Amvets claims 100,000 members. Elec-

tion of a moderate, Ray Sawyer of Washington, D. C., as national commander was indicative of the middle-of-the-road attitude taken by the organization in an effort to attract both liberals and conservatives. While shunning controversial questions at the recent convention, the Amvets called for establishment of a department of veterans' affairs in the Presidential cabinet.

WORLD TRADE: Draw Blueprint

Representatives of 18 countries — except Russia — have been meeting in London with the signal task of drawing up a blueprint for world trade to be considered at an international conference to take place in the fall of 1947.

As the delegates in London sweated over their labors, a recommendation for full employment emerged as one of the No. 1 accomplishments of the parley. Recognizing the inter-relationships of nations in economic affairs, the conferees agreed that all countries are responsible not only to their own people but to all others to maintain purchasing power and a high demand for consumer goods.

Methods for working out this principle were left to individual countries. In cases where one nation was selling more to another and thereby developing an unfavorable trade balance, the creditor country was given discretion to determine what steps to take to even out the exchange.

BRITAIN: War Diet

As a result of the changes in diet in Great Britain during war years, the health of the people greatly improved, British officials reported at the nutrition conference in London.

Diet changes which occurred included an increase of 28 per cent in milk consumption, 44 per cent increase in vegetables consumed, a decrease of 6 per cent in eggs and a decrease of 21 per cent in meat, it was said.
