## Uncle Sam Says

What would \$1,000 to \$2,000 have meant to you at age 18 when you came face to face with the problem of fitting yourself for a business, profession or trade? Many youngsters, whose parents 10 years ago began to put aside a little each week for the purchase of U. S. Savings Bonds, have the advantage of such a nestegg this summer. You can start today to put your children in the class of "bonded graduates" of 1957—the boys and girls who will have the extra power in the race for success.

## To The People of The City of Hedley

We, the City Council, have had many request to call another bond election for paving and street improvement. From the other experience of the bond election there must be a raise in the valuation before the bonds would be approved. We have checked this and find that there must be almost a 25% increase in the valuation which would cost, for an example, for a \$1000 home, the increase would be about \$3.25 a year. The city needs some street work done very badly, it needs some drainage work and three new concrete bridges. These bridges we speak of are getting in a dangerous condition and the City does not have the money to do this needed work. If it is the will of you people, we the City Council will call another bond election for street improvement.

Mayor and Council of the City of Hedley.

After the guests sang Happy Birthday to Nancy, she opened the many nice gifts.

McPherson, Barbara Davis, Bobbie Beach, Eddie Beach, Betty Stout, Ruby Joyce Harris, Beverly Jones, Glenda Hansard, Billy Wiggins, Deward Gibson, David Boliver, Waunita and Glenda Anderson, Marianne Longan, Jerry Moore of Borger and the honoree Perry Johnson and Don and Susan Cox, who could not attend sent gifts.

**Plowing up West May Bring Dust; Truman Signs, Scores Rent Bill; Discord Marks Paris Conference**

Released by Western Newspaper Union

(FOR THE NOTE: When opinions are expressed in these columns, they are those of the Western Newspaper Union's news analysts, and not necessarily of this newspaper.)

**TWO-DOLLAR WHEAT**  
**Return of Dust Bowl Is Feared**

Thinking men—experienced ranchers, grain men and bankers in the West—are looking worriedly ahead to a revival of the dreaded dust bowl because transient farmers are plowing up thousands of acres of virgin range to plant wheat which will bring them two dollars a bushel.

Under the stimulus of the two-dollar wheat, buffalo grass is being turned over at an unprecedented rate, and the prediction is that when it quits raining the dust bowl will stage a savage comeback.

The West again has become a paradise for speculators who are buying up land for \$15 to \$25 an acre and planting it in wheat. One good crop will pay for the land and leave them a good profit besides. Suitable primarily for grazing, the land normally is priced at from \$2 to \$10 an acre.

"Sustent farmers" roll in with their tractors, plows and drills, put in a wheat crop and then leave until it is time to harvest the grain. No one stops to check the inevitable wind erosion.

The current world food shortage offers some justification for expanding the wheat crop, but it would be difficult to maintain that rational outlook if resulting dust storms cause a recurrence of the mass ruin and exodus from the dust bowl of the 1930s.

**RENT BILL:**  
**Lessee's Evil**

Accident pointing out to congress that he was only choosing "the lesser of two evils." President Truman signed into law an extension of modified rent controls until March 1, 1948.

He charged that a basic weakness of the act was the controversial provision permitting voluntary agreements between landlords and tenants to 15 per cent rent increases if the landlord gives a lease running through 1948.

"This is voluntary only so far as the landlord is concerned. Many tenants, however, will feel that there is no choice," Mr. Truman said.

In a stinging, 2,500-word message to congress, the President called for an investigation of the "real estate lobby" which he said had pushed the bill through. He attacked the real estate lobby as "this selfish and shortsighted group" permitted "by its brazen operations to block programs so essential to the needs of our citizens."

Under the extended law, Mr. Truman said, millions would be faced with substantial rent increases.

**WORLD ARMY:**  
**Figures Given**

Members of the United Nations security council regarded as a heartening advance a tentative recommendation by the military staff committee on numerical strength of a world police force.

The group stated provisionally that the security council should have a basic force of 3,800 warplanes, 20 divisions of ground troops, three battlefleets and six aircraft carriers to enforce world peace.

Hewing to the line, Soviet members of the military staff committee declined to make any suggestions, holding of their contention that the security council must agree on general principles for the police force before dealing with actual numbers of troops, planes and ships.

The U. S. delegation, headed by Gen. Joseph T. McNarney, as well as the delegations of France and Great Britain, submitted their ideas in a report to the council. Official Soviet attitude was that the estimates were unofficial, thus having no significance.

**Statistics Disclose Hazards of Housewifery**

It's downright dangerous to be a housewife. That, at any rate, is the conclusion reached in a study on disability by the Research Council for Economic Security at Chicago.

Of the 10 million weeks lost each year through some form of disability (sickness or injury) in the United States, some 29 million housewives lose 72½ million, or about 24 per cent of the total number of weeks lost. Almost 1,400,000 housewives are confined to the sidelines each day because of disability. Compare these sets of averages: Employed workers lose only three days apiece each year; those at school lose four days, and temporarily employed workers or those on emergency work only five days. Housewives lose 12 to 13 days each year, or more than twice the time lost by the second largest group.

As July entered the Midwest's agricultural scene with a gush of warm air and sunshine, prospects appeared reasonably good for a fair-sized crop of corn in Minnesota and South Dakota this year.

However, in those states, as in the rest of the corn belt, a long period of favorable weather conditions is most essential. The frequent, heavy rains must stop in order that saturated fields can return to normal.

Planted acreage of corn in Minnesota and South Dakota is about equal to that of last year, but heavy losses have been incurred as a result of excessive rain. Most observers agree that while the growing corn crop is two to three weeks behind last year it still has time to stage a comeback, given favorable weather.

Such a shortened growing period, however, may result in reduced yields. Also, growers in the two states are reported to have turned, in the past year, to planting corn requiring a shorter growing period than formerly. Therefore, while the corn may mature relatively earlier than formerly, it will do so at the expense of a smaller yield an acre.

**TREMOR:**  
**St. Louis Rocks**

It began with a low-pitched, subterranean growl. The earth trembled gently for about 11 seconds; sidewalks cracked; here and there a chimney toppled; in hundreds of homes dishes slid from shelves and pitched to the floor. Then, with a sharp bump, it was over.

St. Louis, already partially flooded and imperiled further by the ominous Mississippi cresting at 39.18 feet, had experienced its first earthquake since 1939 and one of the worst in the city's history.

No deaths or injuries were reported as a result of the tremor which was felt for a radius of 30 miles around St. Louis.

Although they received a minor shaking up, the levees holding back the worst Mississippi river flood in 103 years remained undamaged and intact.

**SUNK:**  
**Sea Power**

Striking members of CIO shipyard unions along the Atlantic and Gulf coasts have dealt a disastrous blow to America's position as a maritime power, it has been charged by Representative Weichel, chairman of the house maritime committee.

Weichel asserted that the strike will discourage and delay indefinitely new ship construction, and further will have the immediate effect of halting work on 55 ships which are either being repaired or converted for first-class service.

The strikers, 120,000 of them, were demanding a 13-cent hourly wage increase, six paid holidays and a three-week paid vacation.

**Just Friends**

His Excellency, the Most Reverend Dr. Mar Ivanios, archbishop of Trivandrum, India, enjoys visit with baby Claude, youngest of the prolific Dionne family which also includes quintuplets. The two met in Ottawa, Canada.

**BUYING POWER:**  
**Sharp Decline**

For the first time in many months, a marked decrease in consumer purchasing power has become evident, it was revealed in a monthly survey of "real income" made by Investors Syndicate, an investment company.

Although the income of the average family at the present time is \$1.18 for every dollar earned a year ago, prices have gone up to \$1.23 for every dollar in the early summer of 1946. Thus, the "real income" index is reduced to 96 cents. "Real income" is the relation of income to living costs.

While fluctuations in "real income" have occurred at various times during the past six years, the current sharp break from the "real income" level of \$1.02 a month ago and a level of \$1.06 four months previous indicates a major falling off in purchasing power.

All types of income and all phases of the price structure have increased over a year ago, the survey showed. Wages are up to \$1.23 for each dollar, salaries are up to \$1.20, farmers income to \$1.14. Price of food is now \$1.33 for each 1946 dollar, shelter is \$1.03.

**ALRIGHT,**  
Bert the Barber doesn't know a kilowatt from a volt, but that does not stop him from being one of our best customers, just the same.

Curious? Didn't you know your electric light and power company is owned by Bert, and a lot of people like him—like you, too?

People from all walks of life—doctors and industrial workers, teachers and farmers, mechanics and milkmen—have put some of their savings into our company. Those people are direct owners.

There are countless indirect owners, too—many (like Bert the Barber) who haven't an idea that they have a stake in the electric industry. Those are the people who have savings accounts or life insurance policies. Nowadays, that means practically everybody!

Here's how it works: When banks and insurance companies accept your money, they must invest it wisely—and prudently. And because business-managed electric companies have a long record of faithful service, much of this money is invested in their securities.

So you, too—like Bert the Barber—are very likely to be one of our bosses.

It may be caused by disorder of kidney function that permits poisons to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning in another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

## Various Sandwiches Make Good Porch, Picnic Suppers

Sandwiches such as these "egg-burgers" are the perfect answer to summertime eating. When served with salad and relishes, beverage and fruit, you have a complete meal ready in no time.

It's estimated that sandwiches are eaten at the rate of 30 million daily here in the United States, and it's no wonder, because they are one of the simplest, most nourishing foods to serve.

Do you like to make suppers simple on hot, sweltering nights? Serve a sandwich-salad supper on the cool back porch. Do you like to whip up a picnic at a moment's notice? Then wrap together a few sandwiches, fruit and beverage to take along to beach or woods.

Simplest of all sandwiches is the slice of meat between two pieces of bread; but it tastes even better if you add some toothsome spread or accompaniment to it, such as:

1. Cover with a thin slice of cranberry jelly, especially ham or roast pork.
2. Cover with thinly sliced sweet or sour pickles or mustard.
3. Spread with horseradish mixed with mayonnaise.
4. Cover with lettuce and boiled dressing or sandwich spread.
5. Cover with chili sauce or catsup.

When you have leftover meat, chop it or put it through the meat grinder and serve in any of these ways:

1. Mix with mustard and season with chopped pimiento or green pepper.
2. Mix with equal parts of finely shredded cabbage and serve with chopped pickle or onion.
3. Season with chow-chow or pickle relish and season with enough boiled dressing or mayonnaise to mix through.
4. Mix with chopped olives, green pepper and dressing.
5. Mix with chopped hard-cooked eggs, chopped green pepper and mayonnaise.
6. Mix with chopped celery and moisten with mayonnaise.

When you plan to feed a bunch of hearty eaters and the weather is a bit on the crisp side, then serve hot sandwiches for a real treat. The barbecued type is ideal for the occasion.

### Barbecued Hamburgers. (Makes 6)

- 1/4 cup milk
  - 1/4 cup soft bread crumbs
  - 1/2 pound ground beef
  - 1/2 teaspoon salt
  - 1/2 teaspoon pepper
  - 2 tablespoons Worcestershire sauce
  - 1 tablespoon cider vinegar
  - 1/4 cup tomato catsup
- Combine bread crumbs and milk. Add ground meat, salt and pepper. Form meat into patties, then brown on both sides in two tablespoons of fat.

Combine seasonings and vinegar with catsup and pour over meat. Cover and simmer slowly about 10 minutes, or until sauce is very thick. Serve hot between heated or toasted bun halves.

The above sauce also may be used for sliced, cooked beef roast or for frankfurters as barbecues.

### LYNN SAYS: Use These Memos In the Kitchen

When ironing ruffled curtains, it's easier to do the ruffles first and then the body of the curtain. Start at the top of the hem and iron down. Use a moveable ironing board, or lay a clean blanket on the floor, covered with a sheet to do the best ironing.

Rub greasy containers with cornmeal if you want to clean them easily.

### LYNN CHAMBERS' MENU

- Assorted Sandwiches
- Potato Salad
- Sliced Tomatoes
- Celery
- Beverage
- Cole Slaw
- Pickles
- Carrot Sticks
- Lemon Sherbet

If you want to use ham or pork for barbecued sandwiches, use the following sauce:

- #### Barbecued Ham or Pork Sandwiches.
- 1/2 cup chopped onion
  - 1 clove garlic
  - 1/2 cup tomato catsup
  - 1/4 cup Worcestershire sauce
  - 1/4 teaspoon pepper
  - 1 cup tomato soup
  - 1/2 cup vinegar
  - 1 tablespoon butter
  - 2 tablespoons sugar

Mix all ingredients together and simmer a few minutes. Use to baste meat while it is cooking. When meat is tender, slice and add to sauce in pan with 1 cup sweet pickle relish, and serve sauce as a relish on the sandwiches.

If you are having a large crowd in either for a picnic or for a porch supper, plan to have several different varieties of sandwiches on a large platter, a selection of salad, fresh fruit and cookies and beverage. The sandwiches may be made in the morning and wrapped in heavy waxed paper and chilled. Here are some suggestions:

1. Beef or tongue, sliced thin and spread with mustard-horseradish on rye or pumpernickel bread.
2. Cold pork, chopped sweet pickle, salad dressing and lettuce on white bread.
3. Sardines mashed with chopped hard-cooked eggs, moistened with lemon juice and boiled dressing and Worcestershire sauce.
4. Swiss cheese, tomato slices and water-sliced beef with lettuce and mayonnaise on rye bread.
5. Chopped hard-cooked eggs mixed with chopped stuffed olives and salad dressing with lettuce on whole wheat bread.
6. Ground, cooked chicken mixed with an equal amount of chopped cooked ham, seasoned with chopped olives and mayonnaise on white bread.

A creamy iced beverage and slices of a simple cake, or fruit and cookies, fittingly top off a sandwich supper.

For a nourishing "burger" type of sandwich, you might like these made with eggs.

### De Luxe Eggburgers. (Serves 6)

- 6 eggs
  - 2 tablespoons fat for frying
  - 6 round buns
  - 6 slices cheese
  - 1 medium-sized onion
  - Salt and pepper
- Split buns. Lay halves, split side up, on baking sheet, place cheese slices on them and toast in hot oven or under broiler until cheese begins to melt and other half is toasted. Meanwhile fry eggs medium firm, turning once; season. Place eggs on toasted halves. Top with onion rings. Serve hot, open or closed. Pass chili sauce, chopped pickle relish or mustard.

For beverage at porch or picnic, use 1 rounded tablespoon of all purpose grind, decaffeinated coffee to every cup of water. Make by boiler or percolator method. Freeze coffee in ice cube tray. At serving time, heat milk but don't let it boil. Fill glasses with coffee cubes and pour on hot milk. The result will be a smooth, creamy, iced beverage.

Place newspapers under grass and fiber rugs so they will catch the dirt. Then on cleaning day remove the newspapers and you will have caught the dirt; replace with fresh newspapers.

Shake Turkish towels vigorously to raise the nap on them after washing. This also removes wrinkles.

Before washing the bathroom floor, it's a good idea to use a vacuum cleaner attachment to pick up dust and small particles of dirt which are annoying when cleaning.

By INEZ GERHARD  
YVONNE DECARLO says she fell literally as well as figuratively for her fiance, handsome Howard Duff, who is "Sam Spade" on CBS Sunday evenings. It happened during the filming of their first scene together in his first picture, "Brute Force." Director Jules Dassin told them to rush together in a passionate embrace, but something went wrong; Yvonne's chin crashed against Howard's forehead, she saw stars, and would have fallen flat if

YVONNE DE CARLO

he hadn't held her. Incidentally, Yvonne and Howard play man and wife in "Brute Force"—roles they'll soon be playing in real life. And when they kiss each other now their timing is perfect!

Believe it or not, Bob Ripley draws upside down! Maybe that's why, when he worked as a cartoonist for \$8 a week, he was fired for asking a \$2.50 raise. He's unbelievable himself—has five cars but can't drive one, has never played cards or smoked; was the first to broadcast ship to shore, to send a cartoon by radio, and first to broadcast simultaneously around the world.

"Nobody but Jolson can follow Bing." That's what they've been saying in radio circles since "The Jolson Story" started Al on the most spectacular come-back in the history of the entertainment business. Jolson is saying it, too, now, since he has signed to take over the Music Hall spot that Crosby made so popular. He starts October 2. With a swarm of sponsors after him, he offered himself for the spot, because he likes its air time. Meanwhile the movie companies are hot on his trail.

When Joan Lorring gave Douglas Fairbanks Sr., her letter of introduction she had high hopes. He wasn't interested till he heard her telling dialect stories—then he signed her up, but died before he could do anything for her. She did a lot of radio, signed with Metro, was ignored, returned to radio—finally got a break, after many disappointments, in "The Corn Is Green."

Radio is certainly a springboard for aspiring actors. The daytime serial, "Big Sister," has had as bit-part players in the last ten years Orson Welles, Garson Kanin, Agnes Moorhead, Diana Barrymore, Hanley Stafford and Alexander Kirkland.

Don McLaughlin, who is the star of "David Harding, Counterspy," is a crusader at heart. He likes nothing better than exposing people like the housing racketeers who victimized veterans. He gets steamed up, phones Phillips Lord, who writes the "Counterspy" scripts, and an effective broadcast is the result.

For the first time in several years Beethoven's Symphony No. 9 will be broadcast in its entirety August 5, over ABC from the Berkshire Music festival held in the Berkshire mountains of Massachusetts. Dr. Serge Koussevitzky will conduct the Boston Symphony orchestra consisting of 100 pieces.

For the sake of realism, the first scenes of "Green Grass of Wyoming," 20th Century-Fox, were shot in Ohio, to portray the harness races. Then Utah had its turn, because the author's "My Friend Flicka" and "Thunderhead" were made there.

For three months a jinx has pursued Alexis Smith. She broke her foot, her best furs were stolen, she was thrown by a horse. To top everything, she was knocked down by a run-away wheel chair while working in Warner Bros' "Whiplash!"

ODDS AND ENDS—Bob Stanton, singer on NBC's "Village Store," who now has his own program, is Dick Haymes' kid brother. . . Ann Sheridan and Zachary Scott, co-starring in Warner's "The Unfaithful," were born on the same date, Feb. 21, in neighboring towns in Texas. . . Paulina Carter, young pianist on the Meredith Willson "Showroom," makes her bow in pictures: soon as the lead in "Counterspy." . . Economy note—the 500 strawberry jam sandwiches you'll see the extras "eating" in "Two Guys from Texas" were really thin blocks of wood, with a red stripe painted around the edge of each.

### 'Lost Colony' Presentation Nets Fishing Town Wealth

In the summer of 1937, the inhabitants of Manteo on Roanoke island off North Carolina gave a series of performances of The Lost Colony, a play written for them about the English colonists who mysteriously disappeared soon after settling there in 1587. The play was so successful that it has since been presented annually, except between 1942 and 1945. In the six summers, 500,000 people spent \$4,000,000 in this 1,000-population community whose previous income came mainly from fishing.
