## Swing of SOUTHWEST FARM MARKETS

Most farm products sold steady to strong last week, but many weak spots developed in livestock and vegetable markets, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Cotton prices broke sharply following the government cotton crop report, but rallied late in the week to close mostly 25 to 75 cents lower.

Grain markets showed more settled tendencies last week. Wheat and barley changed very little, while corn and oats made slight gains, and sorghums closed a little higher after some fluctuation.

Most steers, yearlings, and heifers sold strong to \$1 or more higher at Denver and Oklahoma City last week, but grassers fell as much as 50 cents at the latter market, and yearlings weakened at San Antonio. Good cows brought \$14 to \$15 at Houston and San Antonio, and \$15.50 to \$18 at other southwest terminals.

Hog prices dropped \$2 to \$3.50 at Denver last week, while at Oklahoma City slaughter classes lost 10 cents, and pigs fell \$2 to \$3. Cosing bulk of good and choice medium weight butcher hogs went largely at \$27 to \$27.50.

Mrs. Clyde Campbell, daughter and two grandchildren of Covington, Va. visited Mr. and Mrs. Curt Pierce and L. F. Beckner last week. Mrs. Campbell is a niece of Mr. Beckner and cousin of Mrs. Pierce. It was the first time they had been together in 42 years.

Pearl Hunt of Ranger visited here Wednesday.

Mrs. Ethel Miller and Mr. and Mrs. R. D. Stine and sons returned Sunday from a trip to California.

## Lions Club News

This week is Lions Club directors meeting. Last week's attendance was the best we have had this summer.

Next week is regular meeting. The time is 8:15. Lions J. W. Noel and Hobart Moffitt have charge of the program. Zone meeting will be held just before the meeting and Lions from the other clubs in our zone will be with us at this meeting. So let's all be there on time and show them what a good wide awake club we have.

Mrs. Frank Authur of Stroud, Okla. and Miss Glenna Deal and friend, Miss Helen Glesspie of Washington, D. C. visited their aunt Mrs. Henry Posey.

Mr. and Mrs. W. J. Baker of Amarillo announce the arrival on Friday, Aug. 15, of a fine little son, weight 8 lbs. 3 1/2 oz. He has been named Warren Hall Baker.

Grandpa Harrison Hall is doing as well as could be expected.

Mr. and Mrs. Buford Hinds and Marjorie Ann came by Thursday evening for a two days visit in the Frank Kendall home. They had visited J. N. Kendall and family at Prescott, Arizona, and attended the Great Smoki Dance, which was very colorful and interesting. They returned Saturday to Abilene by way of Jayton.

**The Wise Old Owl**

Greetings, people. Here we are again ready to quiz you on your favorite subject, Campusology, and see if you have kept your brains working during these long not so hot summer months.

Problem No. 1: Who does Wanda Lee think she is fooling by saying that they only talked to them Sunday night? It does n't sound very convincing.

No. 2: Who was the mysterious dame Babe was seen with Sunday night? It seems some people didn't get a very good look at her face.

No. 3: Dot, how did you and Bobbie find Memphis Saturday night? Must have been O. K. Black Chevrolet too, I see.

No. 4: What is this about Bobbie Raye and a certain Belvia June Hill Saturday night? Boy, he really keeps everyone guessing.

No. 5: Is Brick really allergic to girls or is he just playing hard to get? I know some girls that are wondering.

No. 6: Advice to Jack M.: If you know any more information about Joan Ray and Martha Jo there is always the little game of blackmail, which might pay off.

No. 7: Dolores, what would your solid love from Gainsville think of your Saturday night date. It seems like you and Mildred get around quite a bit, but those Quail boys are cute.

The question of the week is: Will Richard be missed by more than one girl when he leaves in September? Better watch 'em Sara.

Till next week this is The Wise Old Owl signing off with three hoots and a ha ha ha.

## Baseball

The Hedley boys lost to Clarendon last Sunday at Clarendon by the score of 7 to 4. Billy Hill and Junior Hill did the pitching for Hedley and did a good job. However the Hedley boys were hitting them where they could be caught and missing them when it hurt. Grady Hawkins and Bobbie Everett both hit homers for the locals.

The boys have hopes of getting a game with the Quail Red River Valley team here next Sunday. If so, it should be a game well worth seeing.

## Vote Against The Amendment

On Saturday, Aug. 23, the taxpayers will say if they want higher taxes or not. If this amendment carries, the State of Texas will dish out 60 million dollars to colleges which they can spend in one year on some high powered buildings, and then wait for 30 years before they can ask the legislature for any more money.

It's one thing to build fine large college buildings, and another to keep the building up and going without more money years later.

This crazy amendment smells like some of the New Deal spending, and they claim this can be done without raising taxes. They do this by juggling figures, of course this is done to confuse the voters.

So don't be fooled.  
By a Taxpayer

All students wishing to ride this bus be at the respective high school buildings September 1. Transportation fee will be by the month and reasonable.

## Wrestling at Memphis

Wrestling fans of the area may be assured of at least one of the roughest and toughest matches in the Panhandle's history in the Memphis High School gymnasium Friday evening, Aug. 29, at 8:30.

Al Getz, the tough Pittsburg Dutchman, crosses wits with Sailor "Tex" Watkins from Post in one of two featured main events.

Not only has the ring been reinforced to hold these two gladiators but two referees will be on deck trying to maintain a semblance of warfare. Both meanies seem to believe not even the atomic bomb is barred when they are on the program.

The second main event of the Memphis program brings Walter Stratton, Youngstown, Ohio speed merchant against Bill Weidner, Boston strop man in what will honestly be a wrestling match. These men are both clean, clever and fast, preferring to use orthodox wrestling holds of skill and speed to win.

Advance reservations may be made through the Memphis Chamber of Commerce.

## School News

The Hedley Public School opened as scheduled Monday, August 18. A large number of visitors was present among them being five members of the School Board and the pastor of the Methodist Church, Rev. E. H. Coston. A short program was given and then the new Superintendent, Jack J. Smith, was presented to the student body by the president of the School Board, Raymond Everett. Mr. Smith in turn presented the faculty members with the visiting minister and Board members were seated on the stage.

We have been fitting a new program into our schedule which takes time, but we feel all snags will be untangled by next week. An attempt is being made to return to basic subjects, Math, English, Science and History, in all classes as nearly as possible. Certain subjects are recommended as basic subjects by the State Department of Education and we promise to fit these again into the schedule as soon as possible.

We wish to express our appreciation of the faculty and the entire student body. We have found complete cooperation in every group. Never has a community or school system seemed so eager to adjust themselves to a program that promises improvement. And our schedule at the present moment seems adequate. We ran through the routine today without a conflict. Teachers are carrying heavy loads but doing so willingly because they believe Hedley schools have a future and because they see a chance to round out the incomplete record of boys and girls with worth while material.

Mr. and Mrs. W. J. Spain and son of Lubbock, Mr. and Mrs. Don Hickey of El Paso, Mrs. Waller Diggs and son of Amarillo and Mr. and Mrs. Marvin Hickey and family of Olney spent Sunday in the D. L. Hickey home.

Mr. and Mrs. Frank Smith of Las Animas, Colo., are visiting in the home of Mr. and Mrs. Jack Perkins. The Smiths are on their way home after visiting 35 states.

Mrs. Oneta Paul and daughter Jane Ruth, from Santa Fe, New Mexico, are visiting her parents Mr. and Mrs. Henry Posey.

Mrs. Alfred Spalding returned home Wednesday from Amarillo, where she recently underwent an operation, and is reported doing nicely. Her mother, Mrs. D. B. Leach of Canyon, accompanied her home.

Graham Brinson underwent an operation in a Memphis hospital Wednesday.

Woodrow Farris and family and R. O. Shannon and family returned Sunday from a two weeks trip to San Francisco.

Mr. and Mrs. Leland Pierce are vacationing at Hot Springs, N. Mex.

J. H. Cooper visited here from Amarillo Saturday.

R. T. Everett and family returned Saturday from a trip to Fort Worth.

WEEKLY NEWS ANALYSIS

Second Atomic Year Observed; Attlee Outlines Crisis Program; Hughes, Brewster Fight It Out

Released by Western Newspaper Union.

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

Hiroshima, the atom-bombed city in Japan where 92,000 persons were lost, has gone far toward rebuilding on its seared and flattened ruins. Most of the buildings are temporary structures, however, and will be replaced as Japan progresses toward economic recovery.

ANNIVERSARY: Bells Tolled

In Hiroshima, Japan, the bells tolled. People of the city stood silently in prayer for a moment, then went on about the business of living.

It was the second anniversary of the radiant, consuming flash of the world's first atomic bomb.

Hiroshima, which saw 92,000 of its citizens immolated in that uncontrollable outburst of energy in 1945, was perhaps the one place on earth where the bomb could be thought of as a reality. Everywhere else it was a nightmarish, Damoclean sword; but in Hiroshima the people were paying it a sort of fantastic and bewildered adulation.

They tolled bells, and they planned the building of a modern city with a peace memorial at the spot over which the bomb had been dropped.

At other points across the globe, the atomic age was living up to its awful reputation by wringing fearsome comments and predictions from men who are supposed to know about it.

Robert M. Hutchins, chancellor of University of Chicago, said that two atom bombs which now could be manufactured would make the United States uninhabitable if exploded simultaneously. He made it a complete Jeremiah by adding, "We know that some other country will have the atomic bomb within five years. We know that when that happens we are all set for the final catastrophe."

CLARION CALL: British Crisis

Prime Minister Clement Attlee has offered a program based on self-sacrifice and self-reliance as a possible solution to Great Britain's domestic crisis.

Involving new and more stern restrictions on even the essentials of living, the plan is possibly more severe than anything the country experienced during the war.

At the same time, however, Attlee was criticized sharply by parliament on the grounds that his scheme is far from equal to meeting the desperate requirements of the situation. One prominent Laborite called the prime minister's announcement "a clarion call on a penny whistle."

Mixing a deeper shade of purple into the already somber picture, Attlee said that the U. S. loan of 3.75 billion dollars, which was supposed to have lasted until 1950, will be used up by the end of this year.

Attlee

THE DEBUNKERS

Both Conservatives and left-wing Laborites attacked the Attlee program on the ground that it was "too little and too late," charging specifically that the government was coping with the crisis too hurriedly and had waited too long, that the plan was not detailed enough and that the government had not given the country a full statement of the danger it faces.

Hence, one of the secondary factors in the Attlee program will be an effort to get the U. S. to relax some provisions of the loan. Secretary of State Marshall already has consented to a high-level conference on that subject.

Some principal points in the plan are:

1. Monthly cut of 48 million dollars in food imports.
2. Withdrawal of 133,900 overseas troops by the end of December and reduction of the armed forces by 429,000 by March in order to offset Britain's lack of industrial manpower.
3. An extra half-hour of work a day for British coal miners.

HUGHES FIGHT: Like Hollywood

Elliott Roosevelt and Johnny Myers, rotund, balding publicity man for Howard Hughes, had had their innings before the senate war investigating committee which walloped for two days in expere accounts and party stories.

Nobody learned very much from that session. It was mostly a matter of Elliott's denying vigorously that he had accepted any money or favors from Meyers and announcing from time to time that someone was trying to besmirch the reputation of his father, Franklin D.

Then came the second round of the battle between Howard Hughes and Sen. Owen Brewster (Rep., Me.). Hughes echoed his original charge that Brewster had tried to blackmail him by saying he would call off the war contract probe if Hughes would agree to merge his Trans World airline with Pan American.

Brewster, who waived his congressional immunity to appear as a witness before his own committee, denied everything and accused Hughes and others of attempting to lay "a trap" for him.

Sniffed the senator: "It seems inconceivable to me that anyone could seriously contemplate that one who had been in public life as long as I have could, on so short an acquaintance with Mr. Hughes, have made so bald a proposition as he here describes. It sounds a little more like Hollywood than it does like Washington."

PAINLESS: Dental Paradise

This is it. Paradise has been regained.

Shining vistas promising the painless drilling of teeth have been opened by a new and revolutionary anesthetic which can be applied simply by painting it on the molar—no hypodermic injection needed.

Dr. Gustav Rapp of Loyola university, Chicago, told the American Dental association meeting in Boston that preliminary experiments with the anesthetic, known as topocaine, were successful in three or four patients. Anesthesia by the drug is brought about by blocking nerve impulses to the brain.

Explaining (somewhat superfluously) a fact of which virtually every adult is agonizingly aware, Dr. Rapp said, "While the control of pain during extractions and other such radical procedures has been eliminated with varying amounts of success, the problem of controlling pain during cavity preparation is still something of an enigma."

THE GOOD LIFE

Record production and good prices which have prevailed in recent years not only have resulted in higher incomes for farm operators, but also in improved living conditions for their families. It has been shown in a study released by the bureau of agricultural economics and States farm-... enjoyed a 25... in 1945.

### ELECTRICITY HASN'T GONE UP

It takes a lot of dollars these days to buy most of the items covered in the family budget—food, clothing, housing, etc. Spent for electric service, your dollars actually go further than before. This is true in spite of the fact that costs of operation and maintenance have gone up and up with almost everything else, except the hire of money.

Living costs continue to increase, yet the average cost of a kilowatt hour of service to residential customers has decreased 32.6 per cent since 1933.

**if YOU are driving a TIRE that is Wearing Smooth... Let Us Buy It!**

We can pay you a Good Trade-in Price on a Fine NEW Tire

The last 3 or 4 thousand miles you may get out of a smooth tire are mighty expensive miles—far more expensive to you than any other miles in the tire.

You see, even though your tire is wearing smooth, if the body is sound we can right now pay you a very good trade-in value on a new tire.

But if you drive it longer, you may bruise it or have a blow-out—or wear it down so far it cannot be re-capped. In either case, it will then bring you only a JUNK price.

You will be several dollars ahead if you bring that tire in to us while we can still pay you a substantial trade-in value for it. You will also have the pleasure—and the safety—of driving on a fine new tire. Why not let us bid on your worn tires—TODAY!

### That Nagging Backache

#### May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood. You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

# No Gags on Him!

Today it's news...tomorrow it's Texas history! And through these fingers pecking deftly and expressively at typewriter keys—the fingers of hundreds of Texas newspaper men—passes the news of the hour. No dictator warps their interpretation of the news. No gagging censorship distorts the facts presented to their readers. This is the free American way...the Texas way... that leads to full public knowledge and freedom of opinion.

Yes, the newsmen conserve the truth for posterity, but the readers conserve their right to read and think as they please. So do other groups work to conserve all those

things we cherish in Texas. So, too, does United Gas recognize its place in conserving Texas' resources.

Many Texas cities and towns receive natural gas service directly or indirectly through United Gas. Not until United and others built pipe line systems to link wells with markets did natural gas become of value to the producer or of importance to the people of Texas. This is *practical conservation*, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Texas.

Kidneys Must Work Well For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

Doan's... If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

DOAN'S... Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer sagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

HOUSEHOLD MEMOS by Lynn Chambers

For Real Vitality, Try a Good Breakfast (See recipes below.)

Morning Meals

Don't try to argue your family into eating a whopper of a breakfast! Make it so good and interesting that they just can't refuse it! You may have found that coaxing helps your family to eat luncheon and dinner, but as you may know, it just won't work for breakfast.

The things that do work are variety, downright good food, gay, cheerful dishes and linens, and pleasant attitudes. Of course the time element is important, and this may need a bit of working on if your folks are in the habit of sleeping until the last minute and then trying to dash off some fruit juice and coffee.

When you sit down to think about it, those five minutes extra sleep really don't make you any more rested, so get the family up early enough to eat breakfast properly. Mother can help this along by getting up and starting breakfast. The smell of pancakes or bacon plus the aroma of coffee really does help in getting the family started on their way out of bed.

Breakfast should start off with fruit or fruit juice. This not only is refreshing, but also is a good way to get started off on those vitamins and minerals for the day. Follow the fruit with cereal, prepared or cooked, and vary this from day to day. If the cereal looks a bit uninteresting, plan to serve fruit with it to add a touch of color and flavor.

Eggs are recommended for breakfast whether you have to watch your calories or boost them. But, do serve them in different ways so they always remain interesting. Then, too, you can use eggs in waffles and pancakes when real variety is desired.

Interesting breakfast breads do a lot toward making the meal one to anticipate with delight. Try a brand new coffee cake or toast some of the homemade breads for real deliciousness.

\*Health Bread. 1 cup sifted white flour 2 cups graham flour 1 teaspoon salt 1/2 cup sugar 1 teaspoon soda 1 1/2 cups soured milk 1/2 cup molasses

Mix together the dry ingredients. Dissolve soda in soured milk and add the molasses. Add liquids to dry ingredients and mix thoroughly. Pour into two greased pans and bake slowly in a slow (325-degree) oven for 1 1/2 hours. If desired, raisins and/or dates also may be added to the dry ingredients when a fruit bread is desired. This is delicious as toast or sandwiches.

Orange Coffee Cake. 2 cups sifted flour 1/2 teaspoon salt 1/2 teaspoon baking powder 1/2 cup corn syrup 1/2 cup orange juice 2 eggs, beaten 1 teaspoon vanilla 1 teaspoon grated orange rind 1/2 cup melted butter or substitute

Topping: 2 tablespoons grated orange rind 1/2 cup sugar 1 teaspoon cinnamon 1 tablespoon melted butter

LYNN SAYS: Tips to Make You An Expert Cook A quick sauce for members of the green family—such as cabbage and broccoli—is to mix 1/2 cup of lemon juice with 1/4 cup of mayonnaise and heat in the double boiler. Experiment with herbs if you want savory foodstuffs. Try a little mace in your baked squash or squash souffle; nutmeg in chopped, creamed... pinch of thyme in clam ch...

Mix corn syrup, orange juice and melted shortening and combine with sifted dry ingredients. Mix in beaten eggs, vanilla and orange rind. Pour into a greased 8 square pan. Blend topping ingredients and sprinkle over top of batter. Bake in a preheated fairly hot (400-degree) oven for 30 minutes.

Oatmeal Griddle Cakes. (Makes 12 to 15)

- 1/2 cup flour 4 teaspoons baking powder 1 teaspoon salt 1 1/2 cups quick-cooking oats 1 egg, well beaten 1 tablespoon melted shortening 1 teaspoon molasses 1/2 cup water 1/2 cup milk

Sift flour, measure and sift with baking powder and salt. Add oats. Combine egg, shortening, molasses, water and milk. Add to dry ingredients and beat until smooth. Have griddle very hot for first baking, then reduce heat. Cook on one side until puffed and full of bubbles. Turn and cook on other side. Serve with butter and syrup.

Baked Eggs in Toast Cups. 6 slices bread 6 eggs Salt and pepper Butter

Cut crusts from bread and gently press the slices into greased custard cups. The four corners will extend to the tops of the custard cups. Break an egg into each cup. Season and dot with butter. Bake for 15 minutes in a 400-degree oven. Serve at once.

Two hearty dishes which are nice to serve for breakfast are scrapple and frizzled eggs. In the case of the scrapple, make it the night before and allow to chill before frying.

Scrapple. (Serves 6) 1 pound lean pork 1 cup corn meal 1 teaspoon salt 1 teaspoon powdered sage

Simmer pork in water until meat falls from bones. Remove meat and bones. Chill broth and remove fat. Measure 1 quart of broth, adding water, if necessary. Add cornmeal and cook, stirring frequently until thick. Grind or chop meat fine and add to cereal with salt and sage. Pack in a loaf bread pan and chill. Slice and fry.

Frizzled Eggs. (Serves 6) 1/2 pound chipped beef 2 tablespoons butter 6 eggs, beaten 1/2 teaspoon pepper 1/2 cup milk

Cook dried beef in butter until slightly crisp. Combine eggs, pepper and milk and mix well. Pour over beef and cook as for scrambled eggs. Serve garnished with toast points and parsley.

Mix your favorite jelly with honey and spread over toast. This is especially good on nut bread. For a quick, tasty dessert, use a prepared butterscotch pudding and make it with half milk and half leftover coffee. This is really something in the way of a taste teaser. If you tend to have leftover stuffing with your fowl, after the fowl is gone, why don't you try baking the extra stuffing in a casserole and serving it topped with eggs, baked and seasoned?
