School News

Baccalaureate Services for the Hedley Seniors were held Sunday evening, May 9, at the High School Building. Rev. B. L. Peacock, pastor of the First Presbyterian Church of Memphis, delivered the sermon. Members of the Choral Club dressed in white, wearing class colors in corsages, entered singing "The Vesper Hymn" with Sara Rains at the piano. These were followed by class escorts, Roberta Sargent and Theresa Kelley, who carried class colors and preceded the Seniors wearing blue caps and gowns.

Other songs by the Choral Club were "Day is Dying in the West" and "The Holy City."

Seated on the stage were the visiting minister, Rev. B. L. Peacock, Supt. Jack Smith, Mr. Baker, principal of Junior High, Rev. C. W. Lisenbee, pastor of the local Baptist Church, and Rev. J. Willett, pastor of the Church of Christ and teacher in Junior High School department.

The stage was beautifully decorated with fern and baskets of red roses artistically arranged. The roses were gifts of two room mothers, Mrs. Bert Stone and Mrs. Harrison Hall. The entire program was under the direction of the Senior Class sponsor, Mrs. Elvia Davenport.

Junior-Senior Banquet

The Junior-Senior Banquet, social high-light of the school season was given Friday evening, May 7, in the Banquet Hall. The motif carried out was Hawaii. A tropical garden of many floral varieties met the eyes of guests as they entered. This effect was achieved by flowering shrubs and palms placed artistically among the tables. Festoons of multi-colored paper swung from the door way and ceiling in such a way the lights were rose and gold colored.

To deepen the effect of a visit to the South Seas leis of various colors were presented all guests as they were seated with the assurance that the wearer of these charming gifts were secure against all evil magic the duration of the visit.

The menu consisted of fruit nectar, bird of Paradise, snow-capped peaks, Emerald Isle spicy delights, gifts of Hawaii, sunshine oaks, angels delight and muddy pools. To translate this necessitates a voyage to Hawaii, but rest assured the voyage was worth the trouble.

Speakers for the evening were L. E. Blankenship, local school board member, and Supt. Jack Smith. Mr. Blankenship revived memories of his service in the South Seas with entertaining stories of Hawaii. Mr. Smith chose the word Aloha for his discussion—A for attitude, L for loyalty, O for opportunity, H for hope, and A for achievement. As applied to high school students and high school work the address was excellent.

Others appearing on the program were Rita Johnson, Anita Bain, Sara Rains, and Joan Ray Moreman who furnished native music for the evening, climaxing the event with one version of the native dance in costume. Margie Davenport read a poem suited to youthful interest in a sailor's return from the Southern Sea.

The Senior sponsor, Mrs. E. Davenport, received beautiful crystal and gold bud vases, and the Senior room mother Mrs. Bert Stone, received a bottle of perfume.

This event was one of the most beautiful and successful of the school year.

Ladies Honored

The home of Mrs. J. W. Noel was the scene Friday afternoon, May 7, for a lovely Mothers' Day tea complimenting the elder ladies of the city. Co-hostesses for the occasion were members of the 42 Club of which Mrs. Noel is a member. Members of the club were dressed in old fashioned costumes. The party rooms were attractively decorated with arrangements of seasonal flowers.

Mrs. Noel greeted the guests then presented them to the receiving line which was made up of Mesdames M. W. Mosley, B. B. Masterson and E. H. Coston.

The program was introduced by Mrs. Clyde Bridges. The club president, Mrs. M. W. Mosley, gave the Welcome address and a reading, "Tribute to Mothers" was given by Mrs. Roy Jewell. Mother McCrea, a solo, was sung by Patricia Usrey accompanied by Sara Rains at the piano. A piano solo was given by Sara Rains. A chorus made up of Mary Alice Hunsucker, Theresa Kelley, Kay Goode, Patricia Usrey and Francis Timmons sang "Silver Threads Among the Gold" and "Marie With the Light Brown Hair."

Mrs. Noel gave a reading, "When Ma Up'ed her Hair." Mrs. Clyde Bridges gave 2 poems and she chorus sang "Let Me Call You Sweetheart." Another piano solo was played by Mary Alice Hunsucker. Then some time was spent in a sing song led by Mrs. Bridges.

The girls on program and the leader Mrs. Bridges were lovely attired in pink, blue, green and white formals. During the hour dainty refreshment plates of pink, blue, green and white angel food cakes and ice cream with pink, blue, green and white mints and punch were served. The favors were nosegay corsages.

Approximately 45 guests and club members attended.

Jennings Saves Plane

The following appeared in the Shreveport Times:

Due to the quick thinking of S. Sgt. W. D. Jennings a transient plane (A-26) barely missed destruction by fire last Monday.

S-Sgt. Charles E. Miller was in the cockpit running up the air-plane when it became over-ruled and the overflow of gasoline ran out on the ground and ignited when the plane backfired. Staff Sergeant Jennings, veteran of over 12 years service, was standing by and put out the fire with a carbon dioxide extinguisher.

Visiting in the home of J. Luttrell Sunday were his sister, Mrs. V. A. Hamblin, Mr. and Mrs. Henry J. Comerford, Mrs. Frances Pollard, Mrs. Maggie Deal, Mr. and Mrs. Marvin Hamblin and son Troy and Miss Helen Miller, all of Amarillo, Mr. and Mrs. Leroy Luttrell and family of Clarendon and Mr. and Mrs. Henry Posey. An old fashion picnic dinner was enjoyed by all at the noon hour.

Mr. and Mrs. H. L. Davenport, Jr. and Pat and Mike spent Mothers' Day with Mrs. E. Davenport and Margie. The day was passed driving, sight-seeing and taking snapshots with a picnic lunch at Lake Nellie.

PAINTING HOUSE

by Roger C. Whitman

QUESTION: Please give me correct information on the refinishing of enamel, porcelain and glazed tiles.

ANSWER: If you mean a new porcelain finish, that work cannot be done at home. The hard gloss of the surfaces is baked on at the factory and is impossible to duplicate at home with paint or anything else. Chipped places can be repaired with a porcelain patching preparation that is on sale in most hardware stores.

QUESTION: Can linoleum be painted?

ANSWER: Worn linoleum can be painted with any good brand of floor paint or deck enamel, but there is no special kind of paint made for that purpose. For best results all traces of wax should be removed from the linoleum. A stripped effect in two colors (two shades of one color) will show dirt less than one solid color.

WEEKLY NEWS ANALYSIS

Palestine Trouble Heads for Climax As Arab Nations Prepare to Attack; Vandenberg Gives Warning to Russ

By Bill Schoentgen, WNU Staff Writer

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

CLIMAX: Palestine

With a clashing of arms and a babble of alarmed voices, events in Palestine appeared to be piling up for another minor but bloody climax in human history.

This particular crisis had its immediate beginning in a savage attack on the Arab city of Jaffa by members of Irgun Zvai Leumi, Jewish underground force. Fact that the Irgunists' foray against Jaffa was made in defiance of orders by Haganah, the regular Jewish militia, carried no weight in the rush of incidents that followed.

From Palestine's coastal plain, site of the neighboring cities of Jaffa (Arab) and Tel Aviv (Jewish), the focal point of the disturbances moved swiftly inland to the holy city of Jerusalem.

Arabs and Jews hastily deployed their on-the-scene forces in preparation for what stacked up to be a major battle for possession of Jerusalem. Facing each other across a scant 200 yards of no-man's land, each side had its eyes fixed on the strategic Alamein camp which the British were evacuating.

But that wasn't all. It soon became apparent that the Arab league nations surrounding Palestine did not intend to stay out of this fight.

Reports were current that six Arab nations had decided to invade the Holy Land with ground, sea and air forces before the British ended their mandate on May 15.

The whole thing was shaping up in the form of a more or less total Arab effort to crush completely the Jewish intention of creating a Zionist state in Palestine.

Worried United Nations delegates, meanwhile, cast about for a means to prevent the inevitable carnage, or at least to preserve the city of Jerusalem.

France pushed its sponsorship of a heavily-armed volunteer U. N. police corps to safeguard Jerusalem. Hint of the make-up of such a force was given in the suggestion that it might include 100 New York police volunteers, but no Russians. This protective army would number from 500 to 800 members.

While the Palestine situation leaped into a frantic state of flux, the United States kept discreetly out of it all in conformation to its recently adopted policy of apparent disinterest to what happens in the Holy Land.

DEFIANCE: Two Issues

In a surprise speech at a dinner given by Michigan chambers of commerce for the state's congressional delegation, Sen. Arthur Vandenberg served notice on Russia that:

1. The United States may join western Europe in a military alliance against Communist aggression, and
2. "We shall not surrender to Communist conspiracies in the United States."

Thus, the chief Republican proponent of bi-partisan foreign policy split the rind on two issues which, like grapefruit, will come more and more to be in the public eye as this year wears on.

Simply stated, those two issues are: Whether the U. S. should line up militarily alongside the recently formed union of western European nations, and whether the Communist party should be outlawed in this country.

They could become decisive issues in the presidential campaign. Indeed, Harold Stassen already has introduced one of them by coming out bluntly in favor of outlawing Communists in the U. S.

Vandenberg said, "We are suicidal fools if we do not root out and destroy any treason at home which may dream of bringing world revolution to the United States."

The Michigan senator only hinted at a U. S. military alliance with western Europe, but his remarks hardly could be misconstrued.

What Vandenberg didn't say is that while the U. S. has no formal or official role in the union of western European nations, American aid and support, military-wise, of that union almost inevitably is implied.

Whether or not this nation will grant that assurance will come to be a towering question in the public mind soon.

SKY-HIGH: Bombing

A team of air force and army ordnance men is seeking better methods of hitting pin-point bomb targets from extremely high altitudes, out of reach of most anti-aircraft guns or fighter planes.

This joint organization is conducting most of its secret tests in the California desert at Muroc air base. It's a development to carry out research techniques, particularly.

**COSTS OF
PRODUCING YOUR
ELECTRIC SERVICE
HAVE BEEN UP

**BUT THE PRICE
YOU PAY FOR
ELECTRIC SERVICE
IS STILL . . .
DOWN!**

It's a hard fight!

THE cost of producing electric service is going up... and up! Every-day necessities are taking more and more of Reddy Kilowatt's pay—but he is fighting to keep your electric service the biggest bargain in your family budget.

Fuel is up, materials are up, structures are up, new equipment is up, the average cost per man-hour worked is up; almost everything needed to provide you with electric service is up except the hire of capital. Many people—who are owners either directly or indirectly through savings accounts, insurance policies, trust funds, or similar institutions—are getting less for our use or hire of their savings.

Thus, here is one very important difference between Reddy Kilowatt's services and most other things you buy. While other costs have almost doubled since 1938, the hourly pay of Reddy Kilowatt—average cost per kilowatt-hour for residential use—has come down 17 per cent.

Maiden Voyage... **S. S. TEXAS**

The steel industry and its allied fabrication plants provide jobs for more than 40,000 Texas workers. This is another Texas industry in which natural resources of the earth are put to use for the benefit of mankind.

The growing steel industry of the South combines our own native minerals with the natural resources of many other areas. But there would be no steel industry in the South today if those natural resources were left worthless in the ground.

There would be no natural gas industry, either—no convenient, low-cost fuel for your home or factory—if this important resource were left in the ground. Only after companies like United Gas gathered, processed and transported it to places where people could use it, did natural gas become of value to mankind. This is practical conservation, for it stimulates industrial development, creates jobs and benefits all the families in Texas.

STEEL INDUSTRY
Southern capital invested in steel fabrication plants has made thousands of jobs for southern workers, providing payrolls for our people, tax revenues for our government and income for local businesses in every section of the South. This is Free Enterprise at work—the profit system that has made the American standard of living the highest in the world today.

From where I sit... by Joe Marsh

Jeb Had the Folks in Stitches!

At the Friday Night Social, Jeb Crowell had the audience in stitches—doing a take-off on the blustering character who belittles everybody and everything that isn't from his own home town.

Well, we can't laugh at that sort of character because from where I sit, Americans are just the opposite. We like to boast a bit perhaps, about the paint job on the new barn, or the missus' style of cooking—but we aren't intolerant of people who don't think or act exactly the same way we do.

In our town, for instance: Some folks like band concerts, others don't—some families serve beer with dinner, others, buttermilk—and as for politics, there's plenty of healthy disagreement.

But when it comes to denying folks the right to think or act as they choose... no, we're like you—we don't believe in it, whether it goes for serving beer, or speaking one's mind on public affairs.

Can you think of anything that means more to your future success and happiness than the state of your health? Yet most of us give less concern to health than to the size of the grocery bill!
