Swing of SOUTHWEST FARM MARKETS

Southwest farm prices followed very uneven trends during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Cotton lost around \$2 to \$4 for the week. Spot middling 15-16 inch was quoted Friday at 35.75 cents a pound at Dallas, 35.15 at Houston, and 35.30 at New Orleans.

Summer weather cut egg production this week and lowered quality, according to trader reports. Demand remained good for the better grades, and many dealers bought only on the candle basis. Canned white eggs brought mainly 43 to 45 cents a dozen and mixed colors 40 to 42. Poultry sold generally about steady with last week.

Hogs recorded very uneven price trends for the week. Texas markets gained around \$2, while Oklahoma City and Denver ruled steady to \$1 higher. Hog prices at Kansas City fell unevenly 25 cents to \$1 or more. At Wichita, heavier weights lost and lighter kinds gained. Top butcher hogs ranged from \$28 to \$29.25 at the close.

Cattle prices moved higher during the week at Texas markets and at Denver, but ruled steady to lower at Oklahoma City, Wichita and Kansas City. Changes applied unevenly to different classes at most markets. Houston turned common and medium steers and yearlings at \$19 to \$25, while San Antonio paid \$24 to \$28.50. Fort Worth took medium and good grades at \$25 to \$32. Oklahoma City sold common to medium grassers from \$24 to \$28. Good steers brought \$32 to \$34 at Wichita and \$33 to \$36 at Kansas City. Good to low average choice made \$32 to \$37 at Denver.

Lions Appointed

Dumas—W. R. Rutherford, Lions district governor elect of District 1-T1, Texas, today announced appointment of the following members of his cabinet for the fiscal year of 1948-49.

Rutherford and his cabinet will take over direction of Lions activities in the district immediately following Lions International convention in New York. Rutherford will succeed District Governor John McLean of Hereford.

Arthur Baer, Dumas manager for Foxworth-Gailbraith Lumber Company, was named as cabinet secretary-treasurer.

Deputy district governors for the coming year, are Joe Phillips, Amarillo, immediate past president South Amarillo Lions Club; M. C. Davis, past president Panhandle Lions Club; Charles Rains, past president Hedley Lions Club; Jack Payne, immediate past president Plainview Lions Club; Dr. Doyle D. Jackson, past president Lubbock Lions Club and member of Texas Tech faculty.

Zone chairmen, appointed by the district deputy governors, include Lions A. C. Hallmark, of Dalhart; the Rev. Bob Ware, of Hereford; Hudson Davis, of Borger; Cleo Meharg, of McLean; Frank Roberts, of Abernathy, V. L. Peterman, of Amherst; R. L. Cantrell, of Tulia; Hershel Combs of Memphis; Dr. Roy Barr, of Childress; Fred Kinney, of Spur; Olin Littlefield, of Crosbyton; Dr. W. A. Roberson, of Brownfield.

To his honorary committee, made up of former district governors, Rutherford named John McLean, of Hereford, chairman and ex officio member of the cabinet for the coming year. Other members of the committee are Ralph Randel and Jack Griffith, of Panhandle; Herb Walker, of Pampa; Judge E. L. Pitts and F. V. Wallace, of Amarillo and Charles Dean, of Plainview.

Presidents and secretaries of each of the sixty nine clubs within the district, are members of the governor's advisory committee. The district governor is the only elective officer of the district. He is elected each year by ballots, of certified delegates to the convention. Rutherford was elected at the Amarillo convention held in May of this year.

Baseball News

The Lions celebrated the Fourth of July by beating St. Francis 16 to 1. The locals played errorless baseball for the first time this year, started on the St. Francis pitch early and sewed up the game. Junior Hill started the game, held the opponents scoreless 5 innings he was on the mound. This brings the Lions up a closer to fourth place chance in the playoff.

Next Sunday the Lion Panhandle. If you can't take some of the players it appreciated.

Bobbie Everett, Brick Jerald Sims and Charlie went to Memphis to the York Yankee try outs. probably talk the Yankee letting them finish the with us though.

WEEKLY NEWS ANALYSIS

Weary 80th Congress Comes to End Of Trail in Welter of Legislation; Truman Finishes Political Road Show

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

CONGRESS: Adjourned

Embattled and fatigued, the 80th congress nevertheless managed to spear forth a batch of important legislation with the relentlessness of a doughnut machine before it adjourned for the national political conventions.

In the waning hours before adjournment the dog-tired senators and representatives pushed through farm legislation and a peacetime draft, together with bills having to do with housing, displaced persons, the atomic energy commission, wages of federal employees and foreign aid appropriations.

Republican leaders made it apparent that although congress had adjourned its session the way was being left open for it to reconvene later this year.

Despite this, however, the 80th congress had run its formal course. And that it was a vital, exciting course and one that had produced some momentous legislation no one would gainsay. Partly responsible for this character of congress, of course, was the fact that President Truman had written a record number of vetoes.

Some of the high points of congress' record:

FOREIGN AID—Congress issued billions for the support of Greece and Turkey and for general foreign relief, capping that by underwriting the Marshall plan for world economic survival and revival and establishing the economic cooperation administration as a further investment in the future of 16 friendly European nations.

NATIONAL DEFENSE—Aware of the implications of the realistic foreign policy the U. S. had begun to follow, congress adopted a peacetime draft, demanded a "70-group" air force, appropriated funds to modernize the army and navy, enacted a law to unify the armed forces and created the atomic energy commission.

HIGH PRICES—Congress ignored President Truman's repeated and insistent demands for authority to control prices and wages and kept to the classic Republican conception of "laissez faire" with regard to business and industry. It reduced personal income taxes and reduced the domestic budget by two billion dollars.

LABOR—The Taft-Hartley law was enacted over President Truman's veto in an effort to curb union excesses and restore a better balance between labor and management. The minimum wage law, growing constantly less useful as prices and wages rose, was not revised.

DRAFTEES: Back Again

With the peacetime draft a reality in the U. S. again for the first time since 1941 many thousands of young men (19 through 25) are face to face with the prospect of wearing G.I. clothing for 21 months.

Most of them were destined to go into the army, since the navy and air force are scheduled to receive an extremely small percentage of the draftees.

For those non-veterans who wanted to escape the draft there was at least one reasonable method of doing so—enlistment in the national guard or reserves before the President signed the bill. And national guard officers all over the country reported that they were receiving a most gratifying number of inquiries from prospective enlistees.

Meanwhile, Gen. Omar N. Bradley, army chief of staff, reported jovially that the army would try to take on as many as 10,000 draftees a month under the new act.

Selective service, he said, will "back our leadership in the world and will strengthen our foreign policy." That, certainly, was the hope of most Americans, notwithstanding the furious last-ditch efforts of isolationists in congress to block passage of the draft law.

The chief of staff revealed that at present there is only one domestic army division up to full strength. He said the draft and enlistments will bring the army up from 540,000 to 790,000.

Is there any immediate emergency that must be met by a prepared army force? Most authorities think not, and General Bradley himself soft-pedaled the idea.

Bongo Bongo

Evidence of a recurrence of cannibalism in French Equatorial Africa has prompted the French colonial administration to launch a vigorous effort to wipe out that evil among the natives.

The government is imposing hard labor penalties on offenders, using that punishment as a threat to break the power of witch doctors who get their money by promoting rituals.

Eight Ball

With the all-crucial (for him) Democratic convention only days away, with the Republicans throwing political rocks at him, with southern Democrats blistering against him and his policies and with his own Democratic organization feeling very tepid about his prospects, President Truman could be forgiven indeed for having that "behind-the-eight ball" feeling.

RETURN: Truman

President Truman was back in the White House after journeying 9,505 political miles—one of them on a ski-lift at Sun Valley—to bring his story before U. S. voters.

That story was primarily his bitter characterization of the present congress as wallowing in defeat.

As a U. S. President going before the people to seek re-nomination by his own party, he summed up his stand in a single, tough phrase made during his speech at Harrisburg, Pa. If the voters don't make a change in congress this November, he said in effect, they "can stew in your own juice."

Whether or not the spectacle of the President stumping the country in search of popular support is viewed as admirable or otherwise, it certainly must be regarded as a phenomenal pilgrimage in the annals of American politics.

At first flaunting a "non-political" banner, which he soon discarded, Mr. Truman traveled 8,534 miles on eight different railroads, 720 miles by automobile, 225 miles by air, 25 miles across Puget sound by yacht and one mile by ski-lift.

In that political gigra the President brought the public up to date on the background of what is probably the most bitter feud between a President and congress since the days of Andrew Johnson.

There is no doubt that the President, safely back at his desk in Washington, was feeling that he had accomplished pretty much what he had set out to do: The arousing of voter-interest in the issues at stake and the presentation of himself to the people in the role of a comradely but hard-hitting President who is the watchdog of their welfare.

PALESTINE: Mediation

Although the situation in Palestine—the truce between warring Arabs and Jews—has been overshadowed in the U. S. by the clamorous news from the Republican convention, Count Folke Bernadotte's negotiations were continuing—and so was the tension.

There were no indications, however, that the United Nations mediator was having any signal successes in bringing Israel and the Arab states together on terms.

As the truce went into its second week the U. S. assigned three destroyers in the Mediterranean to immediate duty with the Palestine mediator to help supervise the armistice.

The destroyers, American officials said, were not empowered to use force of any kind in patrol duties, nor would they be allowed to stop or board any ships.

Meanwhile, to inject a further atmosphere of law and order into Palestine the first United Nations "army" had been started on a shoe-string. Thirty permanent U. N. guards from Lake Success were flown east to help supervise the truce, along with 20 other volunteers selected from U. N. secretariat employees.

TARGETS: Fleet Test

Battleships New York and Nevada, survivors of the Bikini atom bomb test, were scheduled to be sunk this month as targets during Pacific fleet tests.

The two old battleships would be towed 50 miles south of Honolulu to play their final role with the navy they have served through two wars. They will be used to test weapons of the fleet in tactical maneuvers.

ABOUT OUR PRESIDENTS

PRESIDENT TRUMAN has the unique distinction of having approved all bills which he had signed as presiding officer of the senate. He had a private bill as President of the United States which he had not as president of the senate when he was vice president.

PRESIDENT MARTIN VAN BUREN entered the White House with four orphaned sons.

ONE OF OUR PRESIDENTS, George Washington, was a farmer. Twenty-two were lawyers, two were army officers, two were in politics, one was a teacher, one a publisher, one was a mine engineer and one a merchant.

U.S. Forecasts Price Troubles for Housewives

WASHINGTON—Complicated figures released by the federal reserve board and the department of commerce carry storm warnings for housewives who are already having trouble making both ends meet. The story is just more of the same thing: shortages. We want more of it being turned out.

Three possible dynamite underlies in three new large sums to go into circulation: (1) "saved" because of lower interest rates, (2) increased installment payments, (3) increased de-appropriations.

Prices have been cut 4.8 billion dollars. Much of that tax cut went to working families who are expected to spend it instead of save.

Americans are expected to go on a spree for at least 3.2 billion dollars worth of goods this year. They'll spend through installment buying and through charge accounts. It's the amount they went on in 1947, and the rate was going rapidly at the end of last year.

That kind of buying dropped off rough the war because there were government controls on it, but congress let the controls go in November. Immediately there was an upsurge.

Funds for the Military have forced the government to talk of spending more for the army, navy and air force. First it looked as though the military services could get along on \$7,704,300 more this year than last.

So, that would have meant much more money competing for woolen yard goods, leather, shoes. But now there are plans to create that by another three billion dollars. Whether it's two or three billions that the services have to spend this year, it's all new money bidding for what American arms and factories turn out.

Together those three figures add up to between 10 and 13 billion dollars of new spending this coming year, depending on which sum you bet on for the military.

Prices Skid Down There have been flurries of lower prices which gave rise to hopes among the majority of Americans that live on weekly pay checks. The most dramatic was the downward skid of food prices. It didn't last long. Most of those skids started to climb back up right away.

Anyway, those food prices were only part of the picture. The important figure to consider is how much money mills around daily through the stores and banks. It is now around 28 billion dollars. Economists call that "money in circulation." Add another 10 billion dollars to 13 billion dollars and you've got a lot of money bidding for the same amount of goods.

Through 1947 the numbers of people at work hung close to 60 million and their numbers are going up for this year 1,759,000 more than last year. It's not so optimistic as it itself was so optimistic in 1947 more than 200,000 new jobs opened shop. During those months only 3,476 concerns failed, lowest number since 1871.

One-Dollar Sale of One Dollar Bills Attracts Few Customers

BLUEFIELD, W. VA.—One-dollar bills don't sell very well here—even for 89 cents.

By way of advertising for his new store, Olin Austin offered to sell each adult customer two \$1 bills for 89 cents apiece.

But most people thought there was some catch to it and business has been "pretty slow," Austin reported.

Some hard-to-please customers have even grumbled that 89 cents is more than a dollar is worth anyhow.

R-H COTTON DUST

Gives excellent control of thrips, tarnished plant bugs and flea hoppers when dusted early and permits cotton to hold early fruit and set an early crop. In Bollweevil control, R-H Dust has been found to give a high degree of Bollweevil control within cotton fields, in addition to the kill of adult weevils.

R-H Dust has proven to be very effective for the control of the bollworm, army worm, web worm, grasshopper, ants, bean leaf beetle and grasshoppers.

R-H Dust has a very low toxicity to warm-blooded animals. R-H Dust is very economical in cost per pound as measured by all season control.

R-H Dust does not burn or adversely affect foliage on any of the common farm crops.

YOU HAVE TO *Clean* THEM
BEFORE YOU CAN EAT THEM

Yes, if you could catch them ready for the frying pan... fishing
 would be an even greater pleasure. But Nature's "gifts" are never
 free. Nearly all the products of Nature must be processed in one way or
 another, and then moved to market before they become of real value.

Take natural gas, for example. Our company and others like it are
 actually giving value to natural gas which would otherwise remain
 worthless in the ground by gathering, cleaning and moving it to
 places where people can use it. This is practical conservation,
 for it stimulates industrial development, creates jobs
 and benefits all the families in the South.

United Gas invested nearly
 60 million dollars in exploration,
 development and construction
 during the past three years alone...
 to assure a continued dependable
 supply of natural gas for
 homes, stores and factories all
 over the South.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling, sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

From where I sit... by Joe Marsh

Will's Hospitality Isn't "Cracked"!

Ever since January, Will Dudley planned to give his living room that "new look"—planned to carefully refinish the woodwork and replaster the walls.

So Will's living room doesn't look like it did a year ago—but it's by far the most "livable" living room I know: A place you can always drop in for good talk, good beer, and a warm welcome.

Every time Will got out the putty to start filling in the cracks, a neighbor stopped by to pass the time of day—and first thing you knew, there was a group of us helping Will do the job up right. After Will called a halt to the evening's work, we'd sit around the fire enjoying a friendly argument and a sparkling glass of mellow beer.

From where I sit, so long as Will puts that atmosphere of hospitality and good fellowship ahead of everything else, we'll all be happy to help Will change the looks of his living room any time he wants.

HOUSEHOLD MEMOS... by Lynn Chambers

Have a Porch Meal; Family Loves Them In Summer Weather

IT'S A TREAT to eat outdoors! Mom gets out of a hot kitchen, and the whole family can enjoy a meal even at the end of the day if they eat it in a cool breeze out on the porch, under the old tree or in the garden.

This is real outdoor eating and it can be almost picnic style. Plan it to be casual and everyone will have fun. Carry out all food, plates and utensils on a tray and save trips to the kitchen and then back again. A bowl of flowers from the garden will make the occasion seem festive indeed.

Almost any kind of a meal will be easy to serve as long as you can fit it on a tray so everyone can help himself. Even a roast will work out well served in this way. Place your creamed, au gratin or browned potatoes in the center of a large platter.

IF THE DAY is a sweltering one and calls for a cool supper, why not try a really cool supper? A loaf of tomato aspic served with marinated shrimps makes a good main

If you're having cold meat and want to serve a hot dish, too, try macaroni and cheese; that time-honored potato casserole, au gratin style, or creamed potatoes, topped with cheese.

dish. Add cucumbers to this for eating and for garnish. Ice cream or lemon sherbet served with crisp delicious cookies will complete the meal.

- Tomato Aspic with Shrimp (Serves 8) 2 tablespoons plain gelatin 1/2 cup cold water 1 1/2 cups hot water 2 8-ounce cans all-tomato sauce 2 teaspoons chopped chives or 1 teaspoon lemon juice 1 (5-ounce) can shrimp, drained

Soften gelatin in cold water. Add hot water and stir until dissolved. Add all-tomato sauce. Chill until the mixture is of the consistency of unbeaten egg whites. Stir in chives or onion juice. Turn into a loaf pan and chill until firm. Unmold on greens and garnish with shrimp that have been marinated in French dressing.

IF THE WEATHER is on the warm side and you don't want to spend much time cooking, select a simpler meal. For example, have sliced tongue or other cold meat served with macaroni and cheese and complete the meal with sliced garden tomatoes and cucumbers and butterscotch chiffon pie made in the morning.

- Macaroni and Cheese (Serves 4) 1/4 pound macaroni 3 tablespoons butter 1/4 cup flour 1/4 teaspoon dry mustard 1/2 teaspoon salt 2 cups milk 1 tablespoon onion, minced 1 cup grated American cheese

Cook macaroni in boiling, salted water until tender. Drain. Make sauce by melting butter, adding flour which is blended with mustard and salt. Add milk and onion and cook until thickened. Add grated cheese and stir until melted. Combine sauce and macaroni and place in a greased casserole. Bake in a moderately hot (400 degree) oven until browned.

- Butterscotch Chiffon Pie 1 baked 9-inch pie shell 1 tablespoon plain gelatin 1/4 cup cold water 3 eggs, separated 1 cup brown sugar 1 cup scalded milk 2 tablespoons butter 1/4 teaspoon salt 1/4 cup granulated sugar

LYNN SAYS: Use These Tips For Porch Suppers Appetites are bound to be big when you're planning to eat outdoors. Plan generous servings of all your foods. Toss many of your garden greens together if you want a lovely wooden bowl salad. Into this can go lettuce, cucumbers, spinach, cauliflower, radishes, green onions, celery and shredded carrots. Use a tangy French dressing.

Let gelatin stand in cold water five minutes. Beat egg yolks until thick, beat in brown sugar gradually, then add milk. Add butter and salt and cook in top of double boiler until mixture coats the spoon. Stir in gelatin. Cool. Beat egg whites stiff, add granulated sugar and fold into first mixture. Pour into baked pie shell and let chill until firm. Serve with whipped cream, if desired.

- Special Hamburger Patties (Serves 6-8) 1/2 cup milk 1 cup soft bread crumbs 1/2 cup grated onion 1/2 teaspoon poultry seasoning 1 1/2 teaspoons salt 2 rounds hamburger 4 tablespoons flour 6 slices bacon

Add seasonings, bread crumbs and milk to meat. Mix well and shape into patties, three-fourths inch thick. Dredge with flour. Wrap a slice of bacon around each patty and fasten with a toothpick. Broil patties until they are thoroughly cooked and nicely browned.

Cook one-half pound of broad noodles until tender; then season with butter, salt and pepper. While noodles cook, slice three large onions and fry them in drippings. To serve, place noodles on a hot platter, top with hamburger patties and smother with the onions.

A DELICIOUS DESSERT that goes well with this is a pear pie. Bake it in a glass dish and bring it out to the porch to serve.

*French Pear Pie (Makes 10-inch pie)

- Pastry: 1 1/4 cups flour 1/4 teaspoon baking powder 1/4 teaspoon salt 6 tablespoons shortening 3 to 4 tablespoons ice water

- Filling: 6 cups sliced pears 3 tablespoons lemon juice 1/3 cup corn syrup 1/3 cup sugar 1/2 teaspoon ginger 2 tablespoons flour

- Topping: 1/3 cup shortening 1/2 cup brown sugar 1 cup flour

To make pastry, sift flour, baking powder and salt together. Cut in shortening with pastry blender or two knives until it is the size of peas. Add water in small quanti-

ties, mixed with a fork until it just holds together. Pat into ball and chill. Roll dough out and line a glass pie plate, pressing dough into fluting. To make filling, peel, core and slice pears; mix with lemon juice, corn syrup, sugar and flour. Place in unbaked pie shell. To make topping, cream shortening and brown sugar. Mix in flour and top near mixture with this. Bake in a moderate (375 degree) oven for about 45 minutes until pears are done.

French pear pie is a delightful dessert for those porch suppers you're bound to be having. The pie is made deep and the topping is a crumbled mixture, part of which will melt into the pears to make them even more delicious.

Creamed potatoes will be more interesting if they have some chopped dried beef added to them. If you're not too hungry, this will take the place of meat. A quick and easy way to prepare a ham slice is to bake in a sauce made of one cup of water, one-half cup brown sugar and a few slices of orange, stuck with cloves. Sausage meat can be mixed with egg and soft bread crumbs - then baked and served.

FIRST AID to the AILING HOUSE by Roger C. Whitman

QUESTION: Could you give me any information on tile flooring? Can I do the work myself?

ANSWER: Whatever type of tile you choose, remember that a solid floor will show dirt very quickly. Most tile colors stay clean-looking much longer. It is perfectly possible for a home owner to lay tile, provided he is handy with tools and has a good guide book. Any kind of tile that is set in the proper "bed" no matter whether it is clay tile, asphalt, rubber or anything else.

QUESTION: Should one patch plaster that has come off in a basement?

ANSWER: If it's ordinary plaster that is used for living rooms it would be best to remove all of it instead of trying to patch it. This type of plaster is affected by dampness and is not intended for use in a basement.

QUESTION: How can I patch bad scratches off my glass table top?

ANSWER: That type of patching cannot be done at home. It's a job for a dealer in plate glass who has the equipment.

QUESTION: There are faint marks on the head board of bed, probably caused by perspiration. How can I remove these marks?

ANSWER: Clean the surface by washing with thick suds of mild soap, not just thin, watery soap-suds. Follow with a clean, damp cloth and rub dry. Turpentine may also help. If this does not work, try rubbing the marks with a scratch-less scouring powder and a little light oil on the ball of your finger.
