Betty B., you and Jimmy L. were doing o. k. on the bus Tuesday night.

Punchboards Must Go

There has been some complaint about punchboards being displayed or hidden boards, or money boards, and some State officers have already been in this territory. They ask that all punchboards be taken down at once and not displayed in any way, for this is both a misdemeanor and a felony offense. January 10th is the deadline for removal of all boards, to avoid prosecution.

NFLA Letter

December 29, 1948
Mr. Rayburn L. Smith
Donley County N. F. L. A.
Clarendon, Texas
Dear Mr. Smith:

In the December 6 issue of LIFE magazine an article came out on the Hoover Commission which, as you know, is studying Government organization with a view of making recommendations for consolidations, groupings, etc.

If you will look at the pictures of signs and the comments on page 76, you will notice the heading "All These Make U. S. Loans." National farm loan and production credit association signs are included in this group. At the bottom of the page is this comment: "Lending agencies are identified by above signs. All these plus 12 others make government loans. Hoover Commission hopes to end such overlapping."

Land Bank Commissioner Lisleb immediately wired LIFE magazine to this effect:

"National farm loan associations and Federal land banks are farmer-owned cooperatives and neither makes Government loans. Your December six issue to contrary. Funds needed by Federal land banks for loans obtained by joint issuance farm loan bonds which are not guaranteed by Government but are collateralized by farm mortgages."

It may be fortunate that the article came out. At least it gives the opportunity to acquaint our own congressmen and senators with the fact that we do not lend Government funds but that we are wholly farmer owned. National farm loan associations and the Federal land banks are no more Government institutions than the national banks. Both are chartered by the Federal Government and both have supervision by the Federal Government, and to that extent they are Government instrumentalities.

Very Truly yours,
Sterling C. Evans
President

of Houston

NEWS ANALYSIS

Dutch Forces Overrun Indonesia; Peace Feeler Offered China Reds; U. S. Stand Settled If War Comes

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

WAR IN INDONESIA... Describing the offensive as "police action" against Indonesian terrorists, the Dutch government managed to invade the Indonesian republic by land, sea and air in time to enable Dutch troops to spend Christmas on Java.

DUTCH PUSH: Into Indonesia

The young Indonesian republic was fallen on evil days. Dutch troops raced through Java and Sumatra in a bloodless occupation, threatening the remaining important centers of the republic.

DUTCH MARINES had forged to the outskirts of the Republican army's only oil center on Java. Other Netherlands forces, in a lightning thrust through western Sumatra, were within 40 miles of the chief Republican city on that island.

Decrying charges of war and invasion, the Dutch termed their activities "police action." Well ahead of their time-table, the Dutch had effected advances with practically no bloodshed.

International diplomats turned eyes toward Washington where the United States had been formally asked to grant "political and economic" support to the tiny republic. T. Indonesian minister had further asked serious consideration of U. S. cutting off of Marshall-plan aid to the Netherlands because of the Dutch action in the East Indies.

The Dutch announcement on the outbreak of hostilities said:

"FOLLOWING a breakdown of informal talks with the republic after its failure to comply with its treaty obligations or to reply to the last Dutch note asking for a binding declaration on four essential points, the Netherlands government reluctantly finds itself obliged to take military action against terrorist activities and undisciplined elements in the republic who render any constructive policy impossible."

The Indonesians had some support. An American member of the United Nations good offices committee charged the Dutch had violated the Indonesian truce agreement signed last January after the first abortive war in Java had ended.

U. S. DECISION: All Settled

If it comes to war with Russia, where will the United States stand? Diplomatic informants had no doubt as to the answer. Their opinion was firm and immediate: The United States is prepared, even in advance of a formal military alliance, to coordinate its military forces in Europe with those of the western European powers in the event of open conflict with Russia.

IF SHOOTING ever starts, these officials said, American forces would come under the general operational control of the western European commander, Field Marshal Viscount Montgomery, of Britain. Montgomery is chairman of the military staff committee of the western European union.

But these sources added that there is no reason now more than there ever has been to consider that war with Russia is close at hand or unavoidable. In fact, it was said top officials have great hope that the building up of real power in the western world by devices such as the military arrangement for western Europe will discourage the Russians from committing any overt act.

THE COUNTRIES in the western European union, Britain, Belgium, France, the Netherlands and Luxembourg are negotiating now with the United States on more permanent military arrangements. Their embassies are working with U. S. state department officials to draft a north Atlantic region security alliance by which the United States would be committed to help any member nations if any of them were attacked.

POLL-TOPPER: Mr. Truman

If there is anything to the adage about he who laughs last laughs best, Harry S. Truman should be chuckling fit to kill himself.

He not only pole-axed the pollsters with his election victory but, snatching a hair from the dog that bit them, he turned up as the "most admired man" in the world, as far as Americans are concerned. And he did it in a poll—Dr. George Gallup's poll, in fact.

PEACE FEELER: To China Reds

Time really was running out for the Nationalist government of China's Generalissimo Chiang Kai-shek. Sun Fo, son of Dr. Sun Yat-sen, revered "father of the Chinese republic" was at the helm as premier and had put together a new cabinet. "We have to fight on," he told the cabinet, "until we can secure an honorable peace" with the Communists.

THUS WAS the cat out of the bag. Indications were plain that if nothing could be worked out with Chiang in the saddle, he might be unhorsed and peace brought to troubled China by other hands.

Sun's statement, which could be viewed as a peace feeler toward the Reds, came as the Communists tightened their squeeze on the big northern city of Tientsin.

After his comment about an "honorable peace," Sun added: "I CAN ASSURE you that we will not surrender outright." Such a surrender, he said, would mean "scuttling" the anti-Communist front and "China would become a second Poland or Czechoslovakia—which I am trying to prevent."

Failure of any enthusiastic reception to Madame Chiang's "help, please" visit to Washington and of the nationalist armies to stem the Communist hordes combined to dim any hope for survival of the present nationalist regime.

GOOD NEWS: About Food

Out of the welter of news of bad things that might happen, came good news of food—among them report of prospects of lower prices during 1949.

FOR INSTANCE, various food authorities predicted that increased food supplies would reduce to some extent the cost of setting the nation's tables in the coming 12 months. Comments to this effect were forthcoming from the annual food-industry-review issue of 'the National Grocers' bulletin, a publication of the National Association of Retail Grocers.

Too, various indexes of wholesale prices showed the food-price level declining.

In the grocers' bulletin, Agriculture Secretary Brannan said: "The United States has entered the door of the year of plenty."

FOOD RETAILERS added rosy tints to the picture with the observation that prices, besides declining slightly, would be more stable in 1949 than they have been in the postwar years.

Breadwinners and householders greeted the news warmly. Both could stand a lot of price slashing as an ease in such other aggravating problems as automobile and housing shortages, dwindling dollar value in other fields, drafting of the nation's youth and threats to peace abroad.

DOPE: Fewer Addicts

Federal narcotic agents could take a breather—there were fewer dope addicts in the United States.

Three experts, writing in the Journal of the American Medical Association, declared there are only 43,000 narcotic addicts in the nation now, and most of them are men. These experts declared that the number of drug users has dwindled from between 150,000 to 200,000 in 1914 to about 48,000 at the last count.

Drug addiction is a symptom of a basic underlying personality maladjustment, according to the experts, and victims fall into five general classes. These are, in the order of their numerical importance: THOSE WHO become acutely addicted while taking drugs for illness; those who take drugs to relieve psychoneurotic symptoms; psychopathic persons who learn through association with other addicts; persons with real mental illness who feel better while taking drugs; and a minor group with "behavior or character" disorders.

RED FACES: In Pentagon

There were red faces in the Pentagon building, seat of army bureaucracy. A citizens' committee had declared flatly that the nation's military establishment is "cumbersome and costly" despite reported unification.

The members speculated that Russia might be trying to achieve "victory by bankruptcy" in forcing the United States into constantly increasing military expansion.

THAT APPRAISAL came from a committee of the Commission on Organization of the Executive Branch of Government, established by the last congress. Former President Herbert Hoover heads the whole commission, Ferdinand Eberstadt, New York financier, is chairman of the unit reporting on national security. Other members include educators, newspapermen and business executives.

The committee said that "while unification had made the United States far better prepared, the cost of defense preparations were alarmingly high in terms of money, manpower and drain on resources."

It cited mistakes it said had been made by the armed forces, hence the red faces in the Pentagon.

It added that President Truman might well have asked for complete mobilization if he had followed the estimate that "an immediate military effort was afoot aboard, rather than an intensification of the cold war."

The agency making the mistake was not identified in the report, but there was speculation it stemmed from the air force. It appeared, too, that the army had somehow lost track of 9,000 of its tanks.

TAFT: Main Event

Ohio's U. S. Sen. Robert A. Taft, longtime big wheel in Republican party affairs, conceded in a talk with capital newsmen that he faces a fight for his political life in 1950.

TO ONE newsmen who asked if he had any ideas of seeking the presidency in 1952, Taft replied, "I am going to run for the senate two years from now. Frankly, my eyes can't see a thing beyond November 2, 1950—or whatever the date is. It's going to be a major contest."

Taft was only admitting what all Ohio politicians have known and all labor people are saying. To them, the only question remaining is who his Democratic opponent will be.

TAFT RECALLED that he had "read some place that labor has three million dollars to spend, and they probably will spend one million in Ohio."

Standing firm on issues which may ultimately drive him out of the senate, Taft served definite notice of his unyielding opposition to any administration move to repeal the Taft-Hartley law outright.

FARMERS: No Croesus

Contrary to a supposition among many citizens, farmers were not getting rich on "boom time" prices.

THE NATIONAL Planning association found this out when it raised the question: Should farmers use profits from record-high farm prices to buy more indoor plumbing, give their children better educations, or take a trip to Europe?—or should they buy more land and expand their farms in the hope of making more money?

The staid, competent Associated Press sampled farmer opinion on these questions. Results: Many farmers denied they had made any "boom time" profits, claiming that it must have been the western cattlemen and wheat growers who made all the money.

They contended, generally, that the high price of labor and farm machinery ate up the profits.

Prince Charlie

Smiling happily as only a young mother can, Princess Elizabeth poses with her baby after the royal infant had been christened Prince Charles Philip Arthur George of Edinburgh. The prince took all the pomp and circumstance with tongue in cheek and thumb in mouth.

Can't Stay There

Housing remained critical. In Detroit, four families with a total of 15 children, faced eviction from living quarters they had set up in voting booths. The families, all able to pay rent, were allowed to use the vacant wooden polling shacks when they were unable to find other housing.

An official ordered the children taken to hospitals or children's homes, and gave the parents more time to find quarters.

We try
to keep 5 years ahead of the babies!

THEY'RE being born in record numbers these days; 4 million babies last year—12 million this year!

One very important reason for this is the expansion program of the electric companies. Another reason is everybody's appetite for electric service is getting bigger—in towns and on farms, in homes and in industry.

Ordinarily we work and plan about 5 years ahead to meet the anticipated demand for electric service. (It takes a long time to plan, build and equip power plants.)

Today, in addition, we're working hard to catch up with much needed construction we could not do during the war years!

The West Texas Utilities Company is now rushing the work on an \$18,000,000 construction program. This \$18,000,000 construction program is part of the company policy of anticipating future needs... of keeping ahead of the babies.

How is this \$18,000,000 being spent? It is paying for new generating facilities... for improving and enlarging existing equipment... for hundreds of miles of wire, cable and pole lines. It means new jobs... rural and industrial development... a more prosperous West Texas for all of us!

For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

It's burning, aching or too frequent urination—sometimes worse than anything else. You may suffer sagging back, headaches, dizziness, rheumatic twinges, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's circulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

WOODWORKING

WOODWORKING can be lots of fun. It provides healthy relaxation and at the same time provides an opportunity of building some useful articles. Many people have no conception of how easy it is to work with wood, or how quickly household equipment and furniture can be built at home.

Working with wood pays off in two ways—it provides the means

whereby you can obtain articles for your home needs at less than half their cost if bought ready made, and at the same time it offers the best kind of entertainment.

The pattern for making this bookshelf, like all other full size woodworking patterns, is easy to use. Merely trace the pattern on the wood, saw and assemble. The pattern shows exact location of shelves, screws, etc. No special tools or skill are required.

Watch Your Kidneys!
 Help Them Cleanse the Blood of Harmful Body Waste
 Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and cause the whole body machinery.
 Symptoms may be sagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, stinging or too frequent urination.
 There should be no doubt that prompt treatment is wiser than neglect. Dr. Doan's Pills, Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Baked Puddings Tempt on Cold Days (See Recipes Below.)

Baked Desserts
ARE YOU DELICIOUS? Fragrant and appetite-satisfying these cold winter days? If not, get busy, light the oven, and bring out your pans and mixing bowls for these recipes are certain to inspire you thoroughly and delightfully.

Baked puddings are a wonderful menu inspiration especially when you're using the oven for the main dish, hot bread or vegetable because they can be cooked right along with the other things.

Then, too, since appetites are sharper these frosty days, it's a good idea to have something substantial to fill the tummy. You can combine fruits and cereals, eggs and milk, all of these good foods, so essential to good nutrition, right into menus so readily when they're included in a dessert that no one will skip.

YOU'LL KNOW WHY the recipe is called "Delight" when you try this delectable combination of jellied whole cranberries, chopped apples and a topping of rolled oats, brown sugar and nutmeats. This dessert takes an hour to bake and may be served warm with hard sauce or cold with whipped cream.

***Cranberry Delight (Serves 6)**
 1½ cups chopped, unpeeled apples
 1 cup jellied whole cranberry sauce
 1 cup rolled oats (quick or old-fashioned, uncooked)
 ½ cup brown sugar
 ½ cup sifted flour
 ½ teaspoon salt
 ½ cup melted butter or substitute
 ½ cup chopped nutmeats

Combine apples and cranberry sauce; place in a greased 8-inch square baking dish. Combine rolled oats, sugar, flour and salt. Add butter, mixing until crumbly. Sprinkle over apple-cranberry mixture. Top with nutmeats. Bake in a moderate (350-degree) oven for one hour.

THERE ARE FEW more festive combinations than candied or maraschino cherries and pineapple. Here's an excellent recipe for using your leftover, stale cake. If you lack that, you may substitute lady fingers.

Cabinet Pudding (Serves 6)
 18 lady fingers or leftover, stale cake
 1 cup crushed pineapple
 ½ cup cherries
 3 eggs
 ½ cup sugar
 1½ cups milk
 1 cup peaches, sliced
 Alternate layers of mixed fruit and cake in a buttered casserole. Beat eggs slightly, add milk and sugar and pour this over fruit-cake mixture. Bake uncovered in a moderate (350-degree) oven for one hour.

HERE'S A LOVELY cake-type pudding that is baked right with the pudding:

LYNN SAYS:
Know Your Food Facts and Fancies!
 For best results in baking, have milk at room temperature before mixing it with the other ingredients. This is especially true when mixing biscuits, muffins and cakes.
 A teaspoon or two of lemon juice brings out the full fruit flavor of fruit pies. Add it when mixing the fruit in the sugar.
 Leftover ham may be ground and shaped into balls. Serve with a sweet-sour sauce!

Baked Orange Pudding (Serves 6)
Sauce:
 1 cup sugar
 1½ cups boiling water
 2½ tablespoons cornstarch
 3 tablespoons butter
 1 orange, grated rind and juice
 ¼ teaspoon salt
 ½ teaspoon grated nutmeg
 Mix sugar, salt and cornstarch. Add boiling water gradually, stirring constantly, then boil five minutes. Remove from heat, add orange juice and rind. Pour about one-fourth of this mixture into a deep greased pan (8"x8"). Cover with cake mixture given below. Reserve remainder of sauce to pour over pudding when served.

Cake mixture:
 1½ cups cake flour
 2½ teaspoons baking powder
 ½ cup milk
 ½ teaspoon salt
 ½ cup sugar
 1 egg
 ½ teaspoon orange extract
 ½ cup melted butter
 Sift together all dry ingredients. Add egg to milk, then the melted butter. Beat slightly. Turn the wet ingredients into the dry ingredients, then beat until the mixture is smooth. Stir in flavoring. Pour batter over orange sauce in the greased deep pan, then bake in a moderate (350-degree) oven for 45 minutes.

HERE'S A TORTE that's good for wintertime eating. The delicate flavor arises from the combination of applesauce, spices, raisins and oats. Easy to make, simple to serve right from the casserole, it's a good dessert to have on hand during the entire cool weather season.

Spicy Applesauce Torte (Serves 12)
 1 cup sifted flour
 ¼ teaspoon soda
 1 teaspoon baking powder
 1 teaspoon cinnamon
 ½ teaspoon cloves
 ½ cup shortening
 1 cup brown sugar
 1 egg
 1 cup thick, sweetened applesauce
 1 cup rolled oats, quick or old-fashioned, uncooked
 ½ cup raisins

Sift together flour, soda, baking powder, salt and spices. Add shortening, sugar, egg and one-half cup of the applesauce. Beat until smooth, about two minutes. Fold in remaining applesauce, rolled oats and raisins. Bake in a greased 7x11-inch pan in a moderate (350-degree) oven for 35 to 40 minutes. Serve warm with whipped cream or hard sauce.

Hard Sauce
 1 cup powdered sugar
 ½ teaspoon vanilla
 2 tablespoons butter
 Cream butter, add sugar gradually, then vanilla. Shape in a mold or in balls. Chill and serve.

Roll biscuit dough into a large circle, then cut into pie shaped wedges. Spread with softened butter, sprinkle with brown sugar and syrup. Then roll into butters, starting at the wide end and bake. Most attractive and delicious! For breakfasts that delight on cold mornings, serve spicy sausage patties with french toast and syrup. Start off with a colorful, plump baked apple.
 Ever try lima beans with chopped cooked bacon for flavor? You'll like them this way.

Strange Fruit
 "We little girls were being taken away from London, and as a special treat someone had given them a couple of bananas—the first they had ever had. As soon as one child had taken a bite of her banana the unlighted light ran into a tunnel. "Oo, Mary," she said, "have you eaten yours yet?" "No," replied Mary. "Well, don't," added Jane. "they make you blind."
