Joan Ray, so the man of your dreams has returned again. Are you planning on keeping him longer this time.

Winnie Jo, what's this I hear about your going to be a movie star? That might be a pretty good occupation, so keep trying.

Patsy, what was your trouble Tuesday night? Did that girl give you rough treatment playing ball or was it vice versa?

Say Mattie Lou, you really played a good game Tuesday night. Keep up the good work.

Jerrol P., what has been the trouble in American History. I hear you and a few more boys have been writing a few themes.

Anita, seems you've got that man of yours under control once more. Hope you stay as happy as you seem to be now.

Say, Big Bob, you were sure a hot shot Tuesday night. You sure had the girls yelling for you. By the way just who is your girl, or do you have one?

## Uncle Sam Says

Ten years can make a big difference. That youngster, now in pigtails, will be grown up and ready for college in 10 years. Or you may be ready to tackle that pet project of yours, a new home, retirement, or starting a small business. Yes, 10 years can make a difference in many things. Money, for instance. If you go about it right you can make today's money grow, right along with those plans for the future.

Figure, today, how much you'll need in 10 years. Then put aside the amount in U. S. Savings Bonds each week, enough to equal the total you have in mind, always remembering that for every three dollars you invest today, you will receive four dollars in 10 years. If you are on a payroll, join the Payroll Savings Plan where you work. If you are self-employed, enroll for the Bond-a-Month Plan at your own bank.

## Uncle Sam Says

Some of my nephews and nieces want to save regularly and actually do it. Others mean to save but don't always get around to it. These latter are the ones who only think about a budget. The best way to save is to do it on a regular basis, every pay-day. And the best investment is U. S. Savings Bonds.

If you're on a payroll, enroll for the Payroll Savings Plan where you work, or, if self-employed, sign up for the Bond-a-Month Plan at your bank. Either way, you're building future security in the simplest way possible. And your money increases, four dollars for three in 10 years' time. U. S. Treasury Department

If you have a tablespoon or two of tomato paste left in the can, add three times as much mayonnaise as you have tomato paste, a few grains of chili powder and a few drops of tabasco and presto, a zingy new salad dressing!

It's a good idea when waxing floors to wax the feet of the furniture, too. Then, when furniture is moved around, it will be less likely to mar the floor and will reduce abrasion wear on rugs and carpets.

## DAILY NEWS ANALYSIS

# Truman Proposes Keeping Pledges In State of Nation Congress Talk; Mercy Killing Has Public Support

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

CONGRESSIONAL LEADERS PARLEY—These are the men who will chart and develop legislation to implement the Democratic party's platform pledges. Shown in a pre-congress opening conference are, left to right, President Truman; Rep. John W. McCormack (D. Mass.) house majority leader; Sen. Scott W. Lucas (D., Ill.), senate majority leader and Speaker Sam Rayburn (D., Texas.)

### CONGRESS: Big Order

In calm unhurried manner, President Truman outlined to the 81st congress his legislative proposals. To the surprise of no one he asked legislators to enact virtually every recommendation he made during his election campaign. He called for more taxes, authority to restore economic controls, a broad program of social legislation.

Along with corporations, individuals in the middle and higher-income brackets would share in the task of providing the four billion dollars more annual revenue which Mr. Truman says the government must have.

These are the major recommendations made by the President in his "state of the union" message:

**INFLATION**—Widen government control over bank and consumer credit, exports and transportation allocations; extend and strengthen rent control. Grant authority to regulate commodity speculation, allocate scarce key materials, control certain wages and prices, if necessary.

**TAXES**—Raise four billion dollars additional revenue for the government, mainly by taxing corporations, but also by boosting estate and gift taxes; consider increasing income taxes for the middle and upper pay brackets.

**LABOR**—Repeal the Taft-Hartley law and re-enact old Wagner act—but with bans against jurisdictional strikes and secondary boycotts and some provision for avoiding strikes in general industry. Boost minimum wage from 40 to 75 cents an hour.

**BUSINESS**—Strengthen anti-trust laws by closing loopholes that permit monopolistic mergers and consolidations.

**FARM**—Use price supports to keep farmers at a fair income level.

**OTHERS**—Extend social security; set up systems of pre-paid medical insurance. Aid state educational systems. Pass same civil rights proposals made to 80th congress. Push power flood control and navigation projects on the rivers. Maintain armed forces "sufficient to deter aggression." Pass universal training legislation.

### MERCY KILLING: Has Advocates

Euthanasia, a euphemism for "mercy killing," gained important support in New York state where hundreds of Protestant and Jewish religious leaders petitioned for legislation legalizing the practice.

THE QUESTION has agitated humanitarians and sociologists for centuries and there are many cases on record where mercy killings have been committed. Despite legal barriers and penalties, the record in such cases, for the most part, shows that juries are inclined to look with some leniency on the person who kills another to put him or her "out of his misery."

On an appeal to the emotions alone, much convincing argument for euthanasia may be presented. But, considered from all other angles with individual rights, possibility of criminal intent and other such factors involved, the practice could become highly dangerous.

The New York group advocating the measure included 379 Protestant and Jewish ministers of the Empire state, the largest group ever publicly to advocate euthanasia. The practice is now punishable as murder in all the 48 states. The petition was sent to every member of the New York legislature.

### NEED SHERLOCK HOLMES

### Thief Makes off With Pound Notes

British authorities would be very happy had the renowned Sherlock Holmes been real and available, since the country was facing two aggravating and puzzling problems. Someone had stolen several sheets of one-pound sterling notes, amounting to approximately \$560, from the extraordinarily guarded bank of England printing works. As an added poser, someone had been going around smashing

stained-glass windows in the Wolverhampton area of the Midlands. Circumspect, well-behaved Britons couldn't understand how anyone could do either of these reprehensible things.

An idea of how hard-to-catch may be the pound-note thief is provided in the fact that the money, stolen last summer, had only begun to circulate recently.

### New Star

Dorothy Malone, in typical Hollywood garb—that is for picture releases such as this—was the first film player to be accorded stardom in 1949. Warner Brothers, her bosses, elevated her to film's top pinnacle for her performance in the film "One Sunday Afternoon."

THE MINISTERS' petition, sponsored by the Euthanasia Society of America, declared that the "ending of physical existence of an individual at his request, when afflicted with an incurable disease which causes extreme suffering is under proper safeguards not only medically indicated but also in accord with the most civilized and humane ethics and the highest concepts and practices of religion."

The safeguards: The sufferer must submit a petition, duly attested by himself and his physician, asking for euthanasia. This must be presented to a court of records which will appoint an investigative committee of physicians. If this committee agrees, the court may permit euthanasia.

### CASTE SYSTEM: Officers Adamant

The superiority which many army officers feel and affect over the G. I. came graphically to light in Berlin. There, in the biggest American club in the city, U. S. enlisted men were barred—but German frauleins were admitted.

G. I.'s and civilians got hot as the proverbial two-dollar pistol. Enlisted men won a temporary victory when the board of governors of the club suspended the month-old ban pending a special meeting to thresh out the matter.

One lieutenant-colonel epitomized the officer viewpoint. Ninety per cent of enlisted men were all right, he conceded, but it was the other 10 per cent which caused the ban.

"THERE ARE 10 per cent of the enlisted men," he said, "who do not know how to behave." Then he added the clincher: "We don't want these enlisted barbarians with officers and ladies." Evidently possessed of the power of his convictions, he asserted he would resign from the club if enlisted guests were permitted.

Significant was the reaction of the German civilians. In effect, they asked if such tactics had any place in the teaching of democracy. As one employe put it: "The ban simply means that everybody in Berlin can come into the club except an American enlisted man. That is not our idea of being American."

### HARMONY: Some Question

Congress was off to a rough start. The hope of general "harmony", expressed by President Truman and some congressional leaders, grew dim at the start.

Republican Senator Vandenberg charged Democratic colleagues with violating the spirit of bipartisanship in foreign affairs.

Committee assignments provided the spark which set off the blast of discord. When the Democrats decided to take eight of the 13 seats on the foreign relations committee, the Republicans cried "foul" and uttered their protests.

Senator Vandenberg, who will be replaced as committee chairman by Senator Connally (D., Tex.) called it a "political decision." Senator Morse (D., Ore.) was less restrained. He charged that the "implications are that the Democratic party proposes to play politics with war and peace."

Democrats denied any partisanship, claimed they were entitled to more seats because they have a bigger majority than the Republicans had.

Vice-President Barkley regretted the "controversy." He told reporters that the bigger Democratic majority will in no way affect the bipartisan course of the committee.

### CHINA REDS: No Comment

"The winners tell the funny jokes—the losers holler 'deal!'"

But the apparent winners in China's civil war weren't saying a word, and the nationalist government's peace offensive appeared stalled against a wall of Communist silence.

From the government side came a rising tide of clamor for a truce and a negotiated settlement. The Communists, who have been winning, continued to say nothing.

Nanking reported growing anxiety among Chinese who had predicted quick Communist response to Chiang Kai-shek's New Year offer to mediate. It was predicted that the Red answer, if and when it came, would be a demand for the government armies to lay down their arms.

In Peiping, a group of delegates to the national assembly sent the Communist leader a message urging an immediate cease fire order because, they said, "the people cannot endure further suffering."

Meanwhile, American position, as indicated by two statements, seemed uncertain, or divided. Vice-Admiral Oscar C. Badger, commander of U. S. naval forces in the western pacific, denied rumors of a withdrawal of "American forces from China." He declared the rumor was based on reports the marines had terminated their lease on Shantung university campus where they maintain their barracks.

### "Wishbone" Magic

Puzzling over the amazing power of a chicken wishbone—that's going to make someone's fondest wish come true—are movie stars Dan Dailey and Celeste Holm. The trio call attention to the nationwide "Wishbone Contest" being sponsored by the Poultry and Egg National Board.

### WISHBONE: Send It In

Perhaps you've never thought about it, but there must be a particular reason you like chicken every Sunday. Now, if you'll only think about that reason, tell it to a judge, and it happens to be declared the best submitted, you will find your fondest wish coming true.

THERE IS a big "Wishbone Contest" going on in these United States and the national prize is the granting of the winning contestant's own "most-desired" wish. The contest is sponsored by the Poultry and Egg National Board of Chicago, and the only requirement is that a chicken wishbone—a real one—must accompany each entry. Anyone in the United States is eligible for the contest.

Contestants must write, in fewer than 100 words, their reasons "Why I like chicken every Sunday." They can send entries in the form of an essay, limerick or slogan—but each entry must be accompanied by a real chicken wishbone and the contestant's "most desired" wish.

THREE REGIONAL winners will receive a trip to Hollywood to witness the final judging at a gala chicken-dinner celebration. During the Hollywood stay, the regional winners will be honored at the "wishbone premiere" of the movie of "Chicken Every Sunday."

**Watch Your  
Kidneys!**

Help Them Cleanse the Blood  
of Harmful Body Waste  
Your kidneys are constantly filtering  
waste matter from the blood stream. But  
kidneys sometimes lag in their work—do  
not act as Nature intended—fail to re-  
move impurities that, if retained, may  
poison the system and upset the whole  
body machinery.  
Symptoms may be nagging backache,  
persistent headache, attacks of dizziness,  
getting up nights, swelling, puffiness  
under the eyes—a feeling of nervous  
anxiety and loss of pep and strength.  
Other signs of kidney or bladder dis-  
order are sometimes burning, scanty or  
too frequent urination.  
There should be no doubt that prompt  
treatment is wiser than neglect. Use  
Doan's Pills. Doan's have been winning  
new friends for more than forty years.  
They have a nation-wide reputation.  
Are recommended by grateful people the  
country over. Ask your druggist!

## Kidneys Must Work Well

For You To Feel Well  
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.  
If more people were aware of how the kidneys must constantly remove surplus acid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail in function.  
Burning, itching or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.  
Why not try Doan's Kidney Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

## This Clown Will Please Children

**TOYS** that walk have always been sure winners. That is why you will get as much fun making this clown wheelttoy as some youngster will have playing with it. The legs are fastened to the wheel. As the wheel turns, the legs go up and down. The pattern offered below provides a quick and easy method of building this colorful toy. No special tools, skill or materials are needed. The pattern specifies exactly what to use and where to use each piece. A few pieces of wood, a dowel, wire clothes hanger and a few dabs of paint is about all you need. In order to insure painting the clown properly, the decorating guides on the pattern are traced directly on the wood. These are then painted the colors the pattern suggests.

Send 25c for Clown Wheelttoy Pattern No. 47 to East-Bld Pattern Company, Dept. W, Pleasantville, N. Y.

## Cost of U. N. Is Low Compared With War

If the cost of maintaining the United Nations and 12 of its specialized agencies for one year were spread over the entire world, each person would be paying about ten cents a year. The total cost of operation is \$225,251,635.  
This sum is only about one-one thousandth of the annual cost of the second World War, and two-thirds of the bill goes for care of refugees and displaced persons.

## Pies Are Perfect for Dessert!

**Favorite Pies**  
PIES ARE ONE of the favorite choices for dessert all over the country. This is really remarkable because all pies, whether served at home or elsewhere, are not always good. They're soggy and pale and their fillings are tasteless.  
However, whether you're making your first, twenty-first or your hundred and first pie, there's no reason for it to be anything but the best. Measure ingredients with standard tools, follow directions for mixing carefully, and bake properly, and you will have a pie that meets the test.

It isn't difficult to make a good crust; neither does it require extensive experience. You'll have to have good ingredients, carefully measured and not over-handled, however.  
**Regular Pastry** (Makes 2 9-inch crusts)  
2 cups all-purpose flour  
1 teaspoon salt  
3/4 cup lard or shortening  
3-4 tablespoons ice water  
Cut fat into flour and salt until the mixture resembles coarse meal. It's best to use a blender or two knives so that the heat of the hands does not melt the fat. Add only the amount of water recommended in the recipe. Crust may be chilled before rolling, if desired. Do not use too much flour in rolling crust or the pastry will be tough.  
**Hot Water Pie Crust** (Makes 1 double crust pie)  
1/2 cup water  
1/2 cup shortening  
1 1/2 cups flour  
1/2 teaspoon salt  
1/2 teaspoon baking powder  
Bring water to a boil, add the shortening and stir until smooth. Sift measure and sift the flour. Add salt and baking powder. Combine the mixtures. Stir until smooth. Set away to chill for 12 hours.

**Lemon Chiffon Pie** (Makes 1 9-inch pie)  
1 tablespoon gelatin  
3/4 cup cold water  
4 eggs  
1 cup sugar  
6 tablespoons lemon juice  
1/2 teaspoon salt  
1 teaspoon grated lemon rind  
Dissolve gelatin in cold water. Mix egg yolks and sugar in top of double boiler; add lemon juice. Beat well and cook over hot water until the mixture thickens. Add gelatin, salt and rind. Stir until gelatin is dissolved. Fold into this the well-beaten egg whites. Pile into a baked pie shell. Place in a cool place until the filling sets.

**Banana Prune Pie** (Makes 1 9-inch pie)  
1/4 cup butter or substitute  
1/2 cup honey  
Juice of 1/2 lemon  
Grated rind of 1/2 lemon  
2 cups cooked, chopped prunes  
4 bananas, sliced  
Whipped cream  
Blend butter and honey. Add lemon juice and rind, then prunes. Arrange bananas in baked pastry shell, then cover with prune mixture.

**Hot Water Pie Crust** (Makes 1 9-inch pie)  
1/2 cup water  
1/2 cup shortening  
1 1/2 cups flour  
1/2 teaspoon salt  
1/2 teaspoon baking powder  
Bring water to a boil, add the shortening and stir until smooth. Sift measure and sift the flour. Add salt and baking powder. Combine the mixtures. Stir until smooth. Set away to chill for 12 hours.

**Lemon Chiffon Pie** (Makes 1 9-inch pie)  
1 tablespoon gelatin

1 teaspoon grated lemon rind  
Dissolve gelatin in cold water. Mix egg yolks and sugar in top of double boiler; add lemon juice. Beat well and cook over hot water until the mixture thickens. Add gelatin, salt and rind. Stir until gelatin is dissolved. Fold into this the well-beaten egg whites. Pile into a baked pie shell. Place in a cool place until the filling sets.
