The meeting is scheduled for Friday night, at the school lunch room, at 7:30 p. m. ## Baseball News

The High School baseball team is working out this week, in preparation for their first inter-scholastic league game of the season with Wheeler here next Tuesday at 2:30 p. m.

The Lions failed to get their workout Sunday on account of the rain, but will all be on hand for a big workout next Sunday and may get in a few workouts during the week. Prospects look mighty good for a winning team this year.

The Boy Scout baseball team got in a good workout Saturday. They plan to play some outside and other scout troop games as soon as the weather warms up a little.

## Card Of Thanks

We wish to take this means of expressing our sincere thanks to all our friends for their kindness and help after our home burned. Their many gifts were very deeply appreciated.

Born to Mr. and Mrs. Oran Wiggins on March 22, Sharon Diane, weight 6 lbs.

Sara, what's this I hear about your not going with Johnnie anymore? Does he know about it?

Gene, I hear you are to be married when school is out. Didn't the love bug bite you sort of young Kenneth, just who was that blond headed Junior girl you were with Sunday night? Seems like old times doesn't it?

Joan Ray, you and Joe seem to have quite a case. What does Edward think about it?

Wendell, have you heard about the certain eighth grade girl who has been admiring you lately? Betty, should we tell him?

Mary Opal, reckon Gene was really stuck Sunday night? He was sort of late getting out there, wasn't he?

Rita, I haven't seen you and Brick around much lately. Where have you been hiding?

Loy, is it true you have really become interested in the girls. I've found you notice more than people think.

Billy B., you looked lonesome at the play Friday night. Why was it Cynthia didn't want to go?

## Mrs. W. G. Brinson

Another long time resident of this area died Sunday morning when Mrs. Lenora Lavenia Brinson passed away in an Amarillo hospital. She had been living with a daughter at 209 N. McMaster St. in Amarillo.

Funeral services were held Monday from the First Baptist church by Rev. C. W. Lisenbee. Burial was in Rowe cemetery.

Mrs. Brinson was born at Nacogdoches, Texas May 9, 1879. She became a Christian at an early age and joined the Baptist church in 1905. She lived a consistent Christian life. She was a charter member of the Hedley Baptist church, and was a faithful member and teacher here for many years. She was faithful to her church at Amarillo, where she belonged at the time of her death. Her son-in-law, Rev. W. S. Sibley was her pastor while at Amarillo.

She was united in marriage to W. G. Brinson on August 29, 1897 and to this union were born four children who survive. They are one son, Graham C. Brinson of Hedley, and three daughters, Mrs. L. A. Hart and Mrs. W. S. Sibley of Amarillo and Mrs. Frank Dewese of St. Vrain, N. Mex.. Her husband preceded her in death in June, 1941. Also surviving are four sisters, Mrs. L. L. Palmer of Alanreed, Mrs. B. L. Knowles of Hedley, Mrs. L. P. Brooks of Terrell and Mrs. Daisy Slaughter of Natchitoches, La., two brothers, J. N. Riley of Clarendon and J. F. Riley of St. Petersburg, Fla., ten grandchildren and nine great-grandchildren.

Mrs. Brinson came to Hedley from Collin county in 1906. She moved to Tulsa in 1942, and from there to Amarillo in 1945. She was in the variety store business here for seven years, and in the grocery business in Amarillo for about two years.

We have some parties that will give us a drilling contract on the same block that we got up last year. This lease is a better lease than last year. E. S. Milton and W. I. Rains were chosen trustees, since they were the largest landowners in the block.

We have leases made out and ready to sign for every landowner in this block. Come in and look them over in my office.

All Notaries Public in Hedley will notarize these leases free of charge. All leases will be kept in the Security State Bank, and not turned over to the contract driller until they spud in on the block.

See S. G. Adamson, E. S. Milton or W. I. Rains.

We wish to thank all who have had any part in making possible the forth coming examination of our son in the Texas Scottish Rite Hospital at Dallas. Your kindness and consideration will not be forgotten.

Mr. and Mrs. L. T. Baker

A. F. Bilderback, who has been seriously ill, was reported somewhat better Thursday.

For Sale—gas cook stove, table, chairs, dresser, innerspring mattress. Rhea Stotts

## Can a good professional girls' basketball team beat a good amateur men's team? This will be decided next Monday night when the famous All American Red Heads basketball team plays the Hedley Lions at the High School Gym under men's rules. The girls claim to be the best girls team in the nation, the Lions are considered one of the best Amateur teams in the Panhandle winning 30 games while losing 6.

As an extra attraction to the game the girls will demonstrate some mighty clever ball handling, including baseball and football, ball spinning and other tricks. Miss Red Mason whose picture appeared in last week's Informer will give a demonstration of a blind referee. Some of our referees should see this.

Last Saturday night in one of the best games of the season the Lions defeated the San Jacinto Methodist team of Amarillo by the close score of 43 to 42. The Lions forged one point ahead with 2 minutes and 15 seconds to go and by clever ball handling kept the ball until the final whistle.

## Tommy Johnson

Funeral services were held Sunday from the First Baptist church at Iowa Park, who passed away last Friday after an illness of over a year. The services were conducted by Rev. James N. Easterwood.

### FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: Could you tell me how to mend a marble table top which is broken straight across. Of course, I'd want it to show as little as possible, but at the same time, be strong.

ANSWER: Marble in thin slabs, as table tops, when broken, can be permanently mended only when supported by a reinforcement. Plyboard can be used for this, on a strip of board. The reinforcement is cut to fit within the frame. The marble is turned upside down, the edges of the break are cemented and pressed together, a thin mixture of plaster of Paris is spread on the back of the marble, and the reinforcement placed in position. After a number of hours for hardening, the marble is returned to place.

## WEEKLY NEWS ANALYSIS Red Personnel Shakeup Stirs World As Nations Ponder Meaning of Act; Time Running Out on Rent Controls

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

### MOLOTOV PROMOTED? World Speculates on Premier Stalin's Plans

Out of the welter of world speculation on the significance of Russia's naming Andrei Y. Vyshinski as foreign minister—replacing Vyacheslav M. Molotov—the British appeared most confident of their interpretation. Senior British diplomats had no hesitancy in declaring that Molotov is being groomed to step into Stalin's shoes whenever the Red dictator dies or retires from the scene.

INFORMATION from London was to the effect that the opinion apparently is based on reports which British Ambassador Sir Maurice Peterson had sent from Moscow. They said Peterson warned against expecting any change in Russian foreign policy as a result of Molotov's release as foreign minister.

Andrei Gromyko, the "walking man" of the United Nations setup—so called because of the many times he has walked out of U.N. sessions—became Vyshinski's assistant.

All these diplomats agreed that Stalin would remain the No. 1 man in Russia even if he should quit the post of prime minister. His supreme position, they speculated, would be safeguarded by his personal prestige and his post as Communist party secretary general and politburo member.

THEY CONCEDED, however, that Stalin, 69 and ailing, may wish to be free of administrative chores. Informants made it clear that Ambassador Peterson himself did not make an outright prediction that Stalin contemplates retiring from the prime minister's job. They said the sense of his reports merely led British diplomats to think that is a possibility.

The interesting thing, however, was the wild and widespread speculation set off in the world by a change of Russian personnel at high policy level. This reaction served to emphasize world jitteriness in the "cold war" with the Soviets.

RENT CONTROL: Tik-Tok, Tik-Tok

With the continuing tie-up of business in the senate because of a filibuster on a rules procedure, congress had been racing against the clock in the matter of rent controls.

RENT CURBS were due to expire March 31. Congressmen generally were agreed that unless they were extended by that date, nothing more could be done this session to save or renew such controls.

Meanwhile, Republican sentiment in the house was that rent controls should be taken out of federal hands and turned over to the respective states. A mass meeting of GOP members of the house overwhelmingly supported the idea of ending federal rent control.

It was reported that Republicans favored only a 90-day extension of curbs and many wanted all controls to end with the fixed expiration date. They also took the position that if any controls were continued, the house first should adopt an amendment by Democratic member Paul Brown of Georgia providing that landlords, as far as practicable, should be "given a reasonable return on the fair value of their property under rent controls."

MANY CAPITOL observers expressed a conviction that the apparent trend toward relaxation of rent curbs was stemming from the effective lobbying of rental property owners and their organized groups.

But whatever was to be done to protect the public from gouging on the part of some landlords would have to be done fast. Time was swiftly running out.

### MEXICO: Oil for U. S.

Mexico had relented, the animosity of the old expropriation days were over, and American interests were to set up again in the oil business "south of the border."

Antonio Bermudez, director of Petroleos Mexicanos, announced that a drilling contract had been signed with a group of California oil men formed by Edwin W. Pauley and two American oil companies.

Senior Bermudez said the U. S. group's chief job would be drilling of wells in Tabasco and Veracruz states.

Under terms of the agreement, the U. S. group will not be paid for dry wells.

The Mexican organization would set aside the proceeds of the sale of 50 per cent of the production obtained from wells drilled by the mentioned companies to pay off their expenses in drilling productive wells.

### COW'S THAT, FELLOWS? Yukon Lions Would Re-Ensiló "Grady"

The Yukon, Oklahoma Lions club was strictly on its toes—members organized a "committee to Put The Cow Back in The Silo."

The cow, of course, was "Grady," who had captured national attention and country-wide press coverage when she leaped into a silo and there resulted great puzzlement as to how she was to be freed.

### Stalin's Man

This is a recent portrait of Andrei Y. Vyshinski, who has been elevated to the position of Russian foreign minister.

### CHURCHMEN: 50 More Seized

More churchmen in countries behind the "iron curtain" were coming to know what it means to suffer for the Cross.

Bulgarian security police had seized approximately 50 more Protestant clergymen.

THE LATEST ROUNDUP was disclosed as 15 other Protestants were sentenced on charges ranging from treason and spying for the United States and Britain to black market money transactions. All 15 had pleaded guilty.

By now the pattern of church conflict in Soviet-dominated countries was becoming clear. The Russians would not tolerate a setup where the church might act independently of the state.

It mattered little whether the faith being prosecuted was Protestant or Catholic—the aim was the same, subjugate it and its adherents to the will of the state.

THE KREMLIN could not risk men having other gods than Stalin, could not risk continuance or spread of a thesis built upon the dignity of the individual and his oneness with his Creator.

The most terrible thing was that there was nothing anyone could do. Christian nations could not make war on the Soviets for religious persecution, however extensive such persecution might grow.

For the moment, men of good will could only pray for divine aid, hoping that retribution would finally overtake the agency which was subjecting Christian men to torture and imprisonment.

### RICH MEN: One "Fed up"

"I found something was wrong with the wealthy class and I think a whole lot of them would be better off if they had to work."

JOSEPH E. UHLEIN, 73, a senior member of one of the nation's wealthiest brewery families was fed up. Delivering himself of the above statement, he went on to say that he was resigning immediately as a director of the First Wisconsin National Bank so no one connected with the institution would be embarrassed by his actions.

Uhlein's consideration of his co-directors was understandable. For the former vice-president of the vast Schlitz brewing company was planning to devote his full time to the unionization of "white collar" workers in the United States.

"I believe five to six million can better their lot by joining white-collar unions," Uhlein declared. "I am not in it for any honor or for myself, but only through a desire to help the working classes."

CONTINUING, he explained that "I have been thinking about this for about 15 years."

Joseph and his brother Erwin, now president of Schlitz, have been at odds recently over Joseph's suggestion that the brewery establish a million-dollar annual welfare fund for its employees by contributing 25 cents for each barrel of beer sold.

Albino Horses  
While cases of albino horses are known, ordinary white horses are not born white.  
Horses of certain colors particularly dappled grays, become lighter as they grow older—until they become pure white. Such horses do not give birth to white colts which are so rare that they are virtually unknown.  
Many Arabian horses are light gray at birth and become pure white at the age of four or five years.

not act as Nature intended—fail to re-  
move impurities that, if retained, may  
poison the system and upset the whole  
body machinery.  
Symptoms may be nagging backache,  
persistent headache, attacks of dizziness,  
getting up nights, swelling, puffiness  
under the eyes—a feeling of nervous  
anxiety and loss of pep and strength.  
Other signs of kidney or bladder dis-  
order are sometimes burning, scanty or  
too frequent urination.

There should be no doubt that prompt  
treatment is wiser than neglect. Use  
Doan's Pills. Doan's have been winning  
new friends for more than forty years.  
They have a nation-wide reputation.  
Are recommended by grateful people the  
country over. Ask your druggist!

**HE'S TAKING THE Chill OFF A THOUSAND HOMES**

It's 6:00 A.M. . . temperature 48 degrees . . . and far out in a gas field, a United Gas well attendant opens a flow valve to move an additional million cubic feet of natural gas through our pipe lines. Its destination is a big electric power plant . . . a paper mill . . . a great city where home heating equipment is going into action to take off the morning chill. United Gas dispatchers are constantly instructing well attendants to increase or decrease the volume of gas moving into our vast, integrated pipe line system. Dispatching is a 24-hour-a-day job, but is only one of many functions of the United Gas organization . . . all of which have the ultimate purpose of assuring a continued dependable supply of natural gas to our customers.

Dispatching offices located at key points over the United Gas system receive reports of gas pressures in all major lines of the area every hour of the day and night.

Analysis of the various reports may indicate the need for increasing or decreasing the flow of gas from particular wells, or for speeding or slowing compressors.

United's short wave radio hookup and its own 3,000 miles of telephone lines enable dispatchers to maintain close control over gas pressures in pipe lines all over the system.

SEWING CIRCLE PATTERNS

Jol's Dress Combines Fabrics  
Junior Style Wearable, Smart

**Party Frock**  
AN ADORABLE little party dress for young girls that combines two pretty fabrics. Soft scallops make a nice finish, and edge the brief panties.

Pattern No. 1750 is for sizes 7, 8, 9 and 6 years. Size 7, 1 1/4 yards of 36-inch, 3/4 yard contrast; panties, 1/4 yard.

Household Hints

Artificial pussywills made from brown crepe paper and gray chenille can be made to look like the real thing.

Almonds that have been blanched, cut in thin strips and toasted are an excellent topping for any creamed dish.

Cheese balls are a festive addition to a fruit or vegetable salad. Mash soft cheese, moisten with a little salad dressing if desired and shape into balls—balls may be rolled in finely chopped nuts, celery, green pepper or parsley.

For everyday dusting, use an old shaving brush on your pleated lampshades: the bristles are long enough to remove dust easily from the folds—and soft enough not to injure the fabric.

Linoleum remnants can be made into formal place mats by cementing them to plywood and painting the edges a bright color; such mats are heat resistant and easy to keep clean.

Convert Tool Box To Magazine Stand

OUR blacksmith designed the original model for his hammers, files and nails. Seeing what a compact, trim and convenient magazine stand it made, we added casters and use it in our living room. The upper compartments conveniently hold cigarettes, matches and ash trays while the lower compartment accommodates even the largest magazines. Anyone can build this handy magazine stand from Full Size Pattern No. 25. User merely traces the pattern on the wood the pattern specifies, saws and assembles exactly how and where the pattern indicates.

WITCHCRAFT:

"Spell" Broken  
In the remote fastnesses of the Pennsylvania mountains strange fears and legends abound. Among the mountain people such things as "hexes" and "spells" and witchcraft are real and fearsome things.

And out of these regions has drifted a strange tale of eerie graveside rituals in which a uniform was stripped from the exhumed body of a soldier to "break a spell" cast over his widow.

PVT. REUBEN ROCK was a woodman in Greenfield township. A veteran of the north African campaign, he returned in 1916 to his home in the Allegheny mountains and married Rosella Dively, then 19. The rigors of army life had created in Pvt. Rock a tubercular condition that steadily sapped the veteran's strength. Rosella cared for her husband night and day in their unfinished home. She denied herself proper rest and nourishment while carrying on her nursing duties.

But the veteran died. Before he died he gave his wife his army uniform. But Rosella requested that her husband be buried in it. That was done, then strange things began to happen. The young widow became a virtual invalid, refusing to eat or sleep, and began to waste away.

Mrs. ARTHUR DIVELY, Rosella's mother, was convinced Pvt. Rock had practiced witchcraft. Conceding he was "saved in the end," she told of weird "books and things" he kept in the house. "Rosella was crazy to be with him," she said. "She would go to him at any time. That's probably how he did it—by charming her picture that he always carried with him."

The Dively family finally concluded the uniform was the answer. They obtained permission to exhume the body. The grave was opened, the uniform stripped from Pvt. Rock's body and cast into a fire.

And there are myriad folks in the section who are convinced that this action "broke the spell," enabled Rosella to regain her health.

BABY SITTERS:

Big Business  
The city of Milwaukee has found that baby-sitting has become big business. Admitting there were no actual statistics available, Milwaukee officials nevertheless contended that a safe guess would be that baby-sitters outnumber workers in any other field.

BABY-SITTING literally has become "big business," with full-time agencies providing sitters on a daily, or part-time basis. However, the majority of the sitters are still teen-agers—the girl next door who wants to make some extra spending money, or an older sister or brother who may become a baby-sitter under protest.

The professional baby-tenders from "Part-Time Parents" in Milwaukee are primarily middle-aged widows, according to the agency founder, Miss Dorothy Campbell. The most important part of Miss Campbell's service is fitting the right sitter to the right family.

HER EMPLOYEES are carefully screened before they are hired by the agency. They must like children, have an adequate knowledge of child care, including first aid training, and they must have a suitable background enabling them to serve as part-time parents. Women may be hired to take children to the theatre, to a party or out to dinner. Many families hire a sitter for one, two or three days every week, and the part-time parent takes over for the day.

It all sounds like a good deal. Doubtless there are many communities in which a "Part-Time Parents" organization would be most welcome.

Was She Next?

The name of Mrs. Ruby Davis of Eligh Point, N.C., appeared on a list carried by Raymond Fernandez, the confessed "Lonely Hearts" murderer, when he was arrested at Grand Rapids, Michigan.

OLD FUDS:

Time to Go  
President Truman said it: "It's time for us old 'fuds' to begin to go, and let the next generation come into its own." He added: "That is true of government also." The President addressed his remarks to about 125 Legionnaires in Washington for a veteran's rehabilitation conference. He said he was pleased at not seeing so many "bald pates and gray heads" as usual.

JUST AS  
STOUT FELLOW

"I want some flesh-reducing medicine."  
"Anti-fat?"  
"No. It's for uncle, as a matter of fact."

Big Battle  
Police Officer—Fighting with your wife again, eh? Liquor?  
Husband—No, sir. She licked me.

All in a Name  
A Scotsman went into a telegraph office to send a wire, and was told that he had to pay for his message, but that his name went free. He thought is over for a while, but then said in a broad Scottish accent: "Ye may or may no think it, but I'm an Indian, and my name is 'I won't be home till Saturday'."

It's Catching  
"They say there are germs in kisses. What do you suppose a girl could catch that way?"  
"A husband."
