Lions Club News

The Lions who have been working on the Lions Den in the lower part of the Masonic building say they will be ready for the painters next week. The building is shaping up much better than expectations and it is going to be something the Lions and the town will be proud of. Any donations as to cash or labor will be gratefully received. The more we have to put in this building the nicer it is going to be. Chairs were purchased from the Silver Grill at Amarillo and will be ready when the building is completed.

Next week is directors meeting at the bank. Let's have a good crowd out. Several things are to be discussed including the District meeting to be held in Lubbock May 22, 23 and 24th. The club should have its full quota of delegates at this convention so it may vote its full strength.

White-Clay

In a late afternoon service Saturday, April 23, at the Quail Methodist Church, Miss Eunice Avyriilla Clay, daughter of Mr. and Mrs. W. H. Clay, became the bride of Delbert Clayton White, son of Mr. and Mrs. M. L. White.

Rev. L. Stonecipher of Buck Creek Baptist Church officiated assisted by Rev. V. A. Hansard of Amarillo. Vows were exchanged before a background of palms and lighted tapers. An arch in the center before which the couple stood was entwined with ivy leaves and accented by a heart-shaped bridal wreath. Baskets of white gadiola, at each side completed the appointments.

Candles were lighted by Eva Fay White, sister of the groom and Joyce June Burdine, cousin of the bride. White satin bows marked the pews.

Miss Carolyn Carter played traditional wedding music and accompanied Miss Ruena Brndine as she sang Because and Always.

Entering on the arm of her father, the bride was radiant in a gown of ivory satin which her two older sisters had worn at their weddings. Her fingertip veil of illusion attached to a coronet of ivory satin roses with seed pearls was borrowed from her sister, Mrs. Loyd Langley. Her colonial bouquet of white carnations and silver laced satin leaves was tied with pink, blue and white ribbon with lace streamers. She carried out the traditional theme of "something old, new, borrowed and blue" and placed a sixpence in her shoe for luck.

Miss Peggy Ruth Clay in a gown of blue taffeta, was her sister's maid of honor. She carried a white Bible and blue carnations. Misses Patricia DeBord and Edna Mae Blevins in formal gowns of white, her classmates, were bridesmaids. They carried white Bibles topped with pink carnations.

Hubert Saunders served as best man, while Alvie Clay and Raymond Bryant were groomsmen. Tshers were Hoyt Langley and Billie Gene Tate.

The bride's mother wore a black crepe dress with black accessories as did the groom's mother. Both wore corsages of white carnations. Miss Nell Jones presided at the bride's book.

At the reception following the ceremony the lace-laid table bearing the punch bowl and wedding cake was decorated with the words "Congratulations, Ava and Delb" in white and gold letters on blue satin.

The bridal couple cut the three tiered cake after which Misses Marilyn Watkins, Rosey Lee Sweeden and Maud Pendergrass served the guests.

For going away the bride wore a blue dress with white accessories and white carnations corsage. After a brief wedding trip the couple will be at home in the McKnight community where the groom is engaged in farming.

The bride is a popular member of the graduating class of Quail High School and been active in the Q. H. S. basketball club. She was crowned queen of Q. H. S. in 1948.

The groom is a '47 graduate of Quail and was also active in the field of sports.

Out of town guests were Mrs. J. W. French Jr and Mrs. Belle Baggett of Lubbock, Mrs. W. W. Williams and Ann, Margie Burdine, Clarendon.

Shower

The basement of the Baptist church made attractive with lovely spring flowers, was the pretty setting for a double wedding shower Friday night, April 22nd honoring two popular newly married couples, Mr. and Mrs. Pete Wynn and Mr. and Mrs. Wendall Akins. Hostesses for the evening were Mesdames Bert Stone, Lee Moore, Booker Shaw, Leon Reeves, E. S. Milton and Walter Pierce.

The guests were met at the door by Mrs. Moore and directed to the registration table where Mrs. Pierce had the guests to register in the two lovely guestbooks. Mrs. Booker Shaw presided over the tea table which was laid with a lace cloth and centered with flowers, adding another note of beauty to the occasion.

The program for the evening, under the direction of Mrs. Davenport, was most entertaining and beautiful. It consisted of piano numbers by Anita Bain, solo by Patricia Usrey, chorus by members from the Choral club and reading by Marjorie Davenport. During the final number, April Showers, by the chorus Mary Ruth Sargeant and Peggy Spier entered under a large pink parasol carrying gifts for both couples. They were later assisted by the other girls in presenting the large array of beautiful gifts to the honorees.

Around one hundred guests registered during the evening and several others sent gifts expressing their best wishes to both couples.

American Legion

The local post went over the top in the Aerial Roundup of 1949 members that closed last Saturday. The post added 26 members during the contest which were flown into Austin by Carroll Deahl and the other members of the roundup committee. The check up showed Hedley winner and the Post will receive an American flag as the award. Special awards of an aeroplane propeller for cap decoration will go to Adell Myers, Carroll Deahl and Clifford Johnson for signing up five members or more during the contest. This gives the local post 119 members paid up for 1949, six votes in Legion district and state affairs and should raise their standing in the district from seventh to near the top.

W. S. C. S.

The next meeting of the W. S. C. S. will be at the home of Mrs. Mike Thornberry on Monday, May 2.

CRITICS ATTACK NEW FARM PROGRAM AS URGING UNPRECEDENTED CONTROLS; EXTENSION SEEN FOR MARSHALL PLAN

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

FARM PROGRAM: Pros & Cons

President Truman's sweeping new farm program met with mixed response on Capitol Hill. Critics claimed it would carry the nation closer to socialism and would empower the government with unprecedented farm controls and powers.

PROponents of the measure contended that consumers would be benefited because retail food prices would be allowed to seek their own level.

No matter which school of thought was correct, it was inescapable that the program would use taxpayers' dollars to guarantee farmers an income equal to that of a recent 10-year period.

Some opposition to the plan termed it as one that might be so expensive that it would push the U. S. treasury toward bankruptcy and would thoroughly regiment the farmer.

CHARLES F. BRANNAN, secretary of agriculture, conceded that "imponderables" such as weather and improved farm techniques made it impossible now to estimate the cost of the program.

He said of the program that it probably would mean a heavy drain on consumers' dollars.

He added that the government plans soon to undertake a costly new program to keep up the price of pork. If this program is approved, Brannan said, farmers would sell their pork for whatever it would bring. The government—meaning the public—then would pay the farmer the difference between the support price and the price the farmer actually received.

REPRESENTATIVE Anderson (R., Minn.) was not impressed. He estimated the total government outlay under the program might run as high as 10 billion dollars a year. When it is remembered the government has no money except that which it gets from the people in taxes, objective observers were wondering who, if anyone, could benefit by the program, since farmer and consumer alike would be paying out added funds to finance it.

OLD AGE: No Elixir

Impending old age affects many people in many ways. But to all who stand on its threshold, it is a topic of prime consideration. Of late, science, medicine and the psychiatrists all have been concerned with the subject and apparently little loath to be heard upon it.

LATEST to ponder the problem of how one should approach old age and what may be expected in this period of life was a conference of 800 physicians from all over the nation.

These physicians were all agreed that one of the biggest problems facing the medical profession in the problems of old age is making those added years healthy, happy and useful.

Throughout the conference the warning was sounded again and again that something must be done to give men and women not only long life, but a healthy, happy and useful old age.

THE SIMPLE and sad fact is that man's life has been extended beyond his present capacity to enjoy it as a useful citizen, the medical authorities agreed. For in prolonging life, science also prolonged suffering and misery—all the chronic illnesses and disabilities which plague mankind in the declining years.

Dr. Chauncey Leake, of the University of Texas, said that young people as early as in high school should be taught how to grow old—that is, how to cultivate hobbies and intellectual curiosity and how to develop a systematic regimen for physical and mental hygiene.

He declared the country should have an "old-age program" similar to the child-care program.

HE ALSO URGED increased research on drugs which may help the aged by preventing the disorders to which old people are subject.

But, coming out by the same door wherein he went, he warned that all hope for an "elixir of life" must be dismissed—that there is no "miracle drug" to restore youth to the aged.

Wherein he delivered himself of a truism well known even as Ponce de Leon was searching for the fountain of eternal youth.

"CORNY" PROPOSAL

British Shudder at Hominy Grits Plan. It was doubtful if the majority of Americans would work up any vast regret at the plight of Englishmen who faced the horrible possibility of having to eat American-provided hominy grits.

Happy Birthday!

In the spring when care and strife are most easily forgotten and put aside, the expression here of Pandora, Philadelphia zoo's precocious chimpanzee seems to epitomize the carefree abandon of spring. But Pandora is happy for another reason—she's celebrating her second birthday on her gift bicycle, and is she having fun!

MARSHALL PLAN: To Be Continued

Europe appeared certain of continued receipt of Marshall plan aid for another 15 months.

An enthusiastic house of representatives, shouting down or beating off every attempt to reduce the proposed appropriation figure, approved the gift bill by a vote of 354 to 18.

EVERY AMENDMENT which would have reduced the fund, or delayed action in order to study Europe's real needs, was brushed off by the majority.

The bill, as approved by the house, was for 200 million dollars less than the bill which was voted by the senate. The upper chamber passed a measure appropriating 5.58 billion dollars. The house bill called for 5.38 billion.

The house measure would authorize continued U. S. aid until July 1, 1950, subject to possible later cuts by the senate and house appropriations committees. It provided 272 million dollars to encourage American private business to invest in recovery projects abroad. Such investments would be guaranteed against loss by confiscation of property overseas.

FINAL VOTE on the house bill came after Majority Leader John W. McCormack (D., Mass.) pleaded against a GOP-led economy drive with a warning that the "world is looking either to Washington or the Kremlin."

On the passage vote, 125 Republicans joined 229 Democrats in favor of the bill.

Rep. John M. Vorys (R., Ohio) backed an amendment to cut off 380 million dollars from the appropriations, which was defeated. Vorys, saying he favored the Marshall plan and the North Atlantic pact, nevertheless warned that "we have to keep strong here at home... if we are to help out abroad."

SACRIFICE: Love of Mate

If the name of vanity truly is "woman" then the sacrifice made by a Chicago woman for her husband must rank among the "no greater love" examples which are contained in the record.

MRS. JOAN BIERDZ, 26, had a husband who was stricken with cancer. This disease had ravaged his face to a point where an adult told him that he "looked like the villain of Frankenstein." Mr. Bierdz was a patient in the Bronx, N.Y., veterans' hospital. He had written his wife that his face "caused comment" when he attended a movie, and that he would never go out again.

After receiving the letter from her 26-year-old husband, Mrs. Bierdz slashed both her arms. She was arraigned in a Chicago court on a charge of disorderly conduct.

SHE TOLD the judge: "I did it because I wanted people to look at me, instead of him... my husband has been told by VA doctors he can live only a year at most."

DEFENSE: Excesses Seen

What could the people believe about America's defense needs? Were the taxpayers being taken for a "ride" by a cynical, contemptuous coterie of military brass hats who were using world tension to set up an artificial basis for huge grabs from appropriation funds?

THOSE APPEAR'D to be fair questions—and here's why:

Robert Patterson, former secretary of war said: "It is no exaggeration to say that the cost in duplication, competition and disjointed effort directly traceable to the two-headed (army-navy) system ran into billions and billions. Much of the public debt is due to that division of authority and responsibility between the war department and the navy department."

But what has that to do with defense appropriations?

Herbert Hoover—appointed to head up a survey committee to streamline government and cut costs—said that the army, navy and air force are padding their money requests to congress by millions of dollars.

He also accused them of "startling" waste and extravagance.

THE FORMER PRESIDENT, appearing before the senate armed forces committee, declared: "Applications in the military budget for hundreds of millions of dollars to retool industry should be examined with the greatest skepticism."

Hoover told the committee that what the department of national defense needs is a good bookkeeping system. "At the present time," he said, "nobody can tell the cost of any particular function in the armed services."

In submitting a report, Hoover observed that the federal government now has about 27 billion dollars worth of personal property, and said:

"We might be able to live on our fat for awhile if we had it catalogued and knew where it was."

ALLIANCE: Things Humming

The administration was really moving on the north atlantic defense alliance.

President Truman had urged the senate to take early action on the treaty in order to help western Europe ward off "brutality and aggression" by pledging U. S. participation in the pact.

SUCH ACTION, he said, "would be a long step on the road to peace."

Thus, as he began his fifth year as President of the United States, Harry Truman pointed out anew his conviction that a lasting world peace is an obtainable goal.

"This treaty," he said, "makes clear the determination of the people of the United States and of our neighbors in the North Atlantic community to do their utmost to maintain peace with justice and to take such action as they may deem necessary if the peace is broken."

WALLGREN: He's Willing

Like the weak, but insistent jangling of a run-down alarm on a bedside clock, Mon C. Wallgren was still talking about what might have been.

A VISITOR to the White House—where he did not talk with Mr. Truman, the former Washington governor and close friend of the President, said he is "still available" for the chairmanship of the National Securities Resources Board.

Wallgren's nomination to that post by President Truman was tabled by a senate committee.

Bing at Bat

Bing Crosby, whose varied activities include the vice-presidency of the Pittsburgh Pirates, looks like anything but a crooner as he takes a turn at bat. Bing headed up a coast-to-coast radio program "welcome back, baseball."

PARKING: Now Automatic

There appeared some hope for relief in the nation's parking dilemma. In Boston, William A. Braun had invented an automatic parking device where a customer's car could be parked in a mechanical storage garage. Boston city officials were showing interest in the proposition.

Braun said at such a garage human hands would not touch the automobiles.

That Nagging Backache

May Wagon of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—in risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headaches, dizziness, getting up nights, leg pains, swelling—feet constantly throbbing, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

ADDING THE Smell THAT MEANS SAFETY

You can't see it...you can't smell it. Natural gas is odorless and colorless as it comes from the well. In the interest of safety, a telltale odor must be added to your gas as it enters the local distribution mains. Small quantities of a special type of liquid are added to the gas, so even the smallest leak may be discovered.

The odorization of gas is one of many functions of the United Gas system...all of which have the ultimate purpose of assuring a continued safe, dependable supply of natural gas to our customers.

Three general types of odorizing equipment are used on United Gas lines. One is the "dip" or "injection" type, by which small quantities of material are introduced into the gas to add the smell that means safety.

The second type, comparable in action to the porous type, is one in which a wick carries the odorant into the flow of gas. This is commonly used to give "individual" protection to one consumer or a small group of consumers in suburban areas.

A third type is the absorption odorizer that serves small towns. Part of the gas passing through the line is detoured through a tank where, like a sponge, it absorbs sufficient odorant to odorize the remainder of the gas.

Spring Meal Salads Should Be Kept Crisp, Always Look Delectable

HAVE YOU ever eaten salads that looked as though they had been pawed over too thoroughly in the making? Or, have they warmed and wilted before reaching the table?

No matter how good the salad originally may have been, if it suffers from either of these faults, no one is going to enjoy it.

The salad should be crisp and neat. Garnish it, yes, but don't over-do it or the salad will lose its much desired freshness.

The ingredients for a salad as well as the plate, bowl or platter on which it's served should be given a thorough chilling in the refrigerator. Save the salad's finishing touches for the very last preparation before serving the meal.

For the heavy meals, your best choice is a cold, crisp tossed salad. This may be made entirely of greens. You may add any of the following ingredients to a simple green salad: sliced or quartered tomatoes; cucumbers, sliced very thin; radishes; green onions; or grapefruit or orange sections.

GREENS WHICH ARE often used in a salad may consist of tender hearts of lettuce, endive, chicory, romaine, celery and water-cress. Toss these together with a well-seasoned French dressing made as follows:

- French Dressing**
(Makes 1 quart)
- 5 tablespoons honey
 - 2 teaspoons salt
 - 1 tablespoon dry mustard
 - 1 tablespoon worcestershire sauce
 - Dash of tobacco sauce
 - 1 tablespoon paprika
 - 2 tablespoons tarragon vinegar
 - 1/2 cup distilled vinegar
 - 1 can condensed tomato soup
 - 1 1/2 cups salad oil
 - 1 clove garlic

Mix all ingredients together. Place in a quart jar, store in refrigerator and use as needed. Shake well before using.

Here's a beautiful salad bowl around which you'll enjoy building the whole meal:

A VEGETABLE MEDLEY as pretty as the season itself goes into this next salad arrangement.

***Spring Salad Bowl**
(Serves 6)

- 2 cups cooked peas
- 6 cooked cauliflowerets
- 2 cups cooked green beans
- 2 tomatoes, peeled and sliced
- French or Roquefort dressing
- 1 head lettuce
- Watercress
- Radish roses

Marinate vegetables, each one separately in French dressing for one hour in a cold place. Line

Dramatize your salad greens by tossing them in a bowl and giving them a few dashes of well-seasoned French dressing. Color may be added to the different shades of a green salad with tomato wedges, carrot strips or grated hard-cooked eggs.

salad bowl with the outside leaves of lettuce, and place four lettuce cups around the center of the bowl. Fill each one with one of the vegetables and garnish the center

LYNN SAYS:

Use these Combinations For Delicious Salads

Garnishes for a salad add nourishment as well as beauty. Try some of these: asparagus spears marinated in French dressing, paper thin slices of onion, dipped in paprika, stalks of endive stuffed with Roquefort cheese paste, and grated carrots.

Cream or cottage cheese add protein to a meat-sy meal when mixed with chopped chives and sour cream. Serve in a lettuce cup.

A chilly entree using left-over ham and other salad ingredients is a welcome platter on a warm humid day. It provides vitamins and minerals for pep and zip, and makes delightful eating.

of the bowl with watercress and radish roses.

Fresh Fruit Salad Bowl
(Serves 4)

- 2 bananas, cut lengthwise
- 4 slices avocado
- Lemon juice
- 1 head celery, shredded
- 4 long strips cantaloupe
- 4 slices pineapple
- 8 orange segments
- 12 black cherries
- 12 honeydew melon balls
- French dressing

Dip banana and avocado in lemon juice. Line a salad bowl with chicory and on this arrange the

banana and cantaloupe. Alternate pineapple, avocado and oranges in the bowl. Make a nest of the cherries and garnish with the melon balls. Serve with dressing.

Cottage cheese is the base of this next salad, accompanied by greens and fruits. It's nice to serve Sunday evening for supper or for luncheon on a warm day.

Cottage Cheese-Fruit Salad
(Serves 6)

- 1 grapefruit, segmented
- 2 oranges, segmented
- 1 avocado, pared and sliced
- 1/2 head lettuce
- 1/2 head French endive
- 1/2 bunch watercress
- 1 1/2 cups cottage cheese
- Sour cream
- French dressing

Marinate fruits in French dressing and chill. Toss together all salad greens in salad bowl and pile cottage cheese which has been mixed with sour cream, in center of greens.

VARIATIONS: Use tomato wedges in place of

orange segments. Use pineapple spears and strawberries instead of grapefruit and avocado. Use fresh figs and ripe cherries instead of avocado.

Ham or chicken may be combined with other salad essentials to give you delightful main dish salads for warm days. They're a wonderful idea for using leftovers.

Ham Mousse
(Serves 6)

- 2 tablespoons gelatin
- 2 1/2 cups bouillon
- 2 teaspoons grated onion
- 2 1/2 cups cooked ham, ground
- 1/2 cup celery, chopped
- 1/2 cup radishes, sliced
- 1/2 cup green pepper, chopped
- 1/2 cup real mayonnaise

Soften gelatin in one-fourth cup cold bouillon. Heat to boiling the remainder of the bouillon and add to gelatin mixture. Chill. When beginning to jell, add onion, ham, celery, radishes and green pepper. Fold in real mayonnaise and pour into a mold. Chill until set. Unmold on platter, garnish with watercress and radish roses. Serve with mustard mayonnaise, made by mixing three-fourths cup of real mayonnaise with one-fourth cup mustard-with-horseradish.

Scoop out cucumbers and fill with tuna fish salad. Serve with potato chips, sliced, hard-cooked eggs and tomato slices.

Fruit salad dessert idea: melon balls, white grapes, strawberries, pineapple spears, peach halves and scoops of sherbet.

Cold meat platters may form the base of a salad. Use summer sausage, liver sausage, baked ham, and sliced tongue for one platter.

Stretch chicken salad and add interesting flavor to it by using with half as many cooked sweetbreads.

STAGE SCREEN RADIO

Released by WNU Features
By INEZ GERHARD

"A YANKEE at King Arthur's Court" has been screened three times; Paramount's new version is the best of the three. Done in Technicolor, with delightful new songs, it stars Bing Crosby, Sir Cecil Hardwick, Rhonda Fleming and William Bendix. Sir Cecil, superb in his comedy role as the king, raises his voice in song and

BING CROSBY

also appears with bare knees, something new for him, though he said recently at luncheon that it's the second time the knees have appeared publicly. The first time was on the stage, when he wore a Roman toga. This is a picture for the whole family to enjoy, expertly directed and acted, beautifully staged.

Paramount will tell movie audiences about 11 of its new pictures in a nine-minute short, "Eyes on Hollywood," starring Alan Ladd and Mary Jane Saunders, it depicts the thrills of a child seeing the inside workings of a studio the first time. Stars, directors, everybody will be seen in special scenes. The film will be available to theaters without charge.

King, dog veteran of numerous landings in the Pacific during the war, makes his screen debut in "After Midnight." In his first scene he leaped at Alan Ladd, tore his leather jacket to shreds, and hung on in a struggle on the ground—then, when Director Mitchell Leisen called "Cut," King immediately relaxed his grip and tried to lick Ladd's face!

Another animal actor celebrated his 13th birthday the other day, on the set of Monogram's "The Kid Came West." He was Rebel, the black horse used by Johnny Mack Brown and his birthday cake was made of straw, with carrots for candles.

Rare film footage of the famed Roy Chapman Andrews expedition to the Gobi desert in Manchuria in the 20's is included in "Wonder House," latest RKO "This is America" film. Scenes show that relatives of the dinosaur exist today.

Kenneth Britton, usually a butler or a bartender, is stepping out. A butler in "The Unsuspected" and "My Dream Is Yours," a bartender in "Romance on the High Seas," he will be seen as a gardener in "The Octopus and Miss Smith."

Johnny Indrisano, ex-welterweight, stages most of the fights in films; give him two men or 200 and he'll produce mayhem. He has guided ring battles for Fred MacMurray, Robert Taylor, John Garfield, Mickey Rooney, and many others. His latest is the thrilling four-round bout between Robert Ryan and Hal Fieberling in "The Set-Up"—in which he had to make Ryan look bad!

Hans Conreid, who created the role of "Professor Kropotkin" in the CBS "My Friend Irma" has been signed for the film production by Hal Wallis. Conreid replaces the late Felix Bressart, originally slated for the part.

Spike Jones, remembered abroad for his "Der Fuehrer's Face" and other specialties, gets more foreign mail that almost anyone else in Hollywood. He and his City Slickers were the first band to entertain Allied fighting forces overseas during the war; their biggest thrill came when they played "The Marseilles" for the French people who had not heard it for four years.

ODDS AND ENDS . . . When Jack Benny leaves the air for the summer May 29 Phil Harris will be free to make a vaudeville tour with his own show during June . . . "The Railroad Hour" takes a 22-week vacation, but Gordon MacRae will remain on the fill-in series, with the Sportsmen quartet and John Rarig's music . . . When Ozzie and Harriet moved to CBS they found presents from the network—two dozen American beauties for her, a quart of ice cream for him

Elements of Salt Interchangeable

Chemically speaking, common table salt is a true compound consisting of the elements sodium and chloride; nothing more and nothing less. Its complete interchangeability can be demonstrated by merely heating the salt red hot until it melts and passing an electric current through the molten liquid; the resulting products will be sodium—soft, shining metal—and yellow chlorine gas.

If the experiment is followed through and the sodium thus obtained is warmed gently to reheat it molten and plunged back into the aforesaid chlorine gas, the two elements will unite, burst into flame and burn back into pure white everyday table salt.
