Lions Club News

At last week's directors meeting it was decided to hold the Lions Annual Picnic June 30th, which is the fifth Thursday in the month. The picnic will be a family picnic, each family bringing a basket lunch. It will be held at the park at Memphis.

This week's meeting had to be held at the school as work on the Den is not completed. We need both labor and cash to get the building in order. Nominations for the new year's officers and directors read at this week's meeting are to be elected at the June 23rd meeting.

Hedley Lodge No. 991

A. F. and A. M. meets on the first Tuesday night of each month. All members are urged to attend. Visitors are welcome.

American Legion

Next week's meeting of the local Legion Post will be the big meeting of the year. Officers for 1949 will be elected to take office immediately after the State Convention which will be held in Fort Worth Aug. 5, 6 and 7. After the business session a Stag Supper will be served. This meeting is for Legionnaires only.

Other business to be taken up is the plans for the Zone Convention of the Legion and Auxiliary which will be held here June 20th. This will be a one night meeting with Legionnaires and ladies from the Posts of Clarendon, Wellington, Wheeler, Mobeetie and Shamrock to attend. Also District Commander Charlie Gibson, State Service Officer Roy Beard and others from Amarillo are expected to attend.

Some say Hedley is not large enough to entertain a Zone meeting but the Post and Auxiliary are going to have a lot of fun trying.

Card Of Thanks

To all my neighbors and friends I wish to say, "Thank you" for the lovely gifts and cards, the beautiful flowers and good things to eat that have been sent to me during my illness. Your every word of cheer and every act of kindness will linger in my memory like the fragrance of the sweetest flowers. May God's richest blessings rest upon you all is my prayer.

Uncle Sam Says

Flag Day, June 14, holds significance for every American. Under the waving Stars and Stripes each citizen knows that he still possesses the most cherished of all ambitions—freedom and opportunity. He also knows he can retain these just so long as our country is economically sound, and he knows too that one of the most effective methods ever devised to keep it strong is an investment in U. S. Savings Bonds. Your purchase of Savings Bonds strengthens not only your own economy but your country's as well. If you are not now enrolled for the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan at your bank, now is your BIG CHANCE to start.

Uncle Sam Says

June 17, 1775, 174 years ago, our forefathers fought a great battle for freedom and opportunity at Bunker Hill. Each one of you realizes that to maintain the freedom and opportunity for which they fought you must be ever vigilant in doing your share. One of the country's greatest assets is a sound economy which you can help to uphold. Your government is providing the opportunity through the U. S. Savings Bonds program. If not already enrolled for the safe, automatic way of purchasing Savings Bonds, the great Opportunity Drive, now in progress, is your own individual opportunity.

Bake a Cake Appropriate for the Bride!
(See Recipes Below)

Wedding Plans
IF YOU'RE PLANNING to entertain after the wedding and make all the refreshments yourself, with just a little help, do consider a simple menu as the most effective means of doing it.
You'll probably have to cook in large quantity since many guests will be there. Time will have to be spent on the decorations. All in all, if you want everything to be perfect, it's best to have a simple menu which can be carried out more perfectly than a larger, elaborate menu.

FOR A LARGE wedding reception, a simple but effective menu goes like this:
Assorted Tiny Sandwiches
Potato Chips
Stuffed Olives
Salted Nuts
Fruit Punch
Coffee
Wedding Cake
Ice Cream or Ice Cream Mold

The cake may be made in several layers of different sizes. If you desire a smaller cake, use three or four layers of the same size. In either case, make the cake and decorate it at least 24 hours ahead of serving time so that it can be sliced easily.
Here's a good recipe for a large cake. The filling and icing recipes follow:

Six Layer Wedding Cake (Serves 16-18)
6 cups sifted cake flour
6 teaspoons baking powder
1 teaspoon salt
1 1/2 cups shortening
4 cups sugar
2 teaspoons vanilla
1 teaspoon almond extract
2 cups milk
10 egg whites

Sift together flour, baking powder and salt. Cream shortening with vanilla and almond extract until fluffy. Fold in sugar and blend until thoroughly mixed. Add sifted dry ingredients alternately with milk, in small amounts, beating after each addition, until smooth. Beat egg whites until stiff but not dry and fold in gently. Pour into greased, waxed-paper lined pans and bake in a moderate (350°) oven for 30 minutes. This recipe makes six nine-inch layers.

Lemon Filling (For 6 nine-inch layers)
2 1/2 cups sugar
1/2 cup cornstarch
1/2 teaspoon salt
3 tablespoons grated lemon rind
1 cup lemon juice
1 1/2 cups water
3 eggs, beaten
3 tablespoons butter

Mix sugar, cornstarch and salt thoroughly. Add remaining ingredients in order given and blend thoroughly. Cook over boiling water, stirring constantly until thickened. Cool.
Ornamental Icing
2 cups sugar
1 cup water
3 egg whites
1/4 tablespoon cream of tartar
1/2 teaspoon vanilla
1/2 teaspoon almond extract
Boil together sugar and water, LYNN SAYS:
Serve Salads to Sharpen Summer-Willied Appetites
Tomatoes may be stuffed with seafood salad, mixed vegetables or egg salad for a salad meal that's complete.
Use this combination for fruit salad: melon balls, marinated in lime juice, white grapes, peach slices and pineapple spears.
Want a light fruit salad that's colorful to serve as dessert? Try fresh, diced pears, sliced bananas and red raspberries.

WOMAN'S WORLD

Pastel Colors Vie With Whites In Milady's Lovely Bridal Gowns

By Ertta Haley

LUCKY is the girl who is being married this season, for more than one reason! Gowns combine all the lovely, sentimental and romantic trends which have been making fashion history during the last few months.
Another reason is that you may have a dream dress at a price that is far, far from being a nightmare. Naturally if you intend to choose a gown using 25 yards of the finest organdie or 80 yards of nylon tulle, the price of the wedding dress will be understandably high. However, if you choose a somewhat simpler gown, there are a number of enchanting dresses from New York designers at a "something new" in cost.

For under \$60 there's a particularly heart-melting white imported organza dress designed with an off-shoulder ruffle of eyeleted cotton, snug waistline and a full skirt lengthened into a generous train. It comes with its own taffeta slip.
For a little more you may have an adorably young, puff-sleeved white satin dress, high waisted and frilled with Swiss organdie below a flesh-toned yoke of nylon tulle. It, too, has a wide train.

Choose "Something Blue" In Wedding Gown
This year's bride may want to choose as "something blue" her own gown. Pearly white satin has

lost none of its appeal for brides, but for those who prefer a pastel, the girl may choose an ice blue or a blush pink, both of which are very attractive. Both of these colors have been recently introduced in a lightweight but highly lustrous summer satin. Lace combined with satin, all cotton lace in a Chantilly-like pattern, marquisette and organdie are other fabrics of importance throughout New York collections.

Crisp, rather than frothy or ethereal is a dress of snowy pique, the gathered skirt fully trained and the bodice sleeved to points over the wrist. Framing the wide-spreading V-neckline is a deep bertha-like collar echoing the decor on the skirt.

Interest Shown In Sleeves, Yokes
Many designers sponsor cap and puffed sleeves in their bridal fash-

ions. In most instances, however, matching mitts or gauntlets go along, leaving little of the arm bare. An exception to this is the beautiful hoop-skirted white satin dress with bell-puffed sleeves, meant to be worn with short, white gloves.

Lovely wash fabrics such as the many fine cottons are taking novel turns in the current skirt blouse styles, and nearly all of them are designed with variety in mind. In the model sketched, stunning applique flowers of the same white as the blouse become even more flattering with quilting. The skirt is worn with or without the pretty weskit, according to your mood. Another idea that is extremely popular is the skirt with a wide, matching sash which can double as a stole or a cleverly draped halter, according to need.

Yokes, frequently defined with ruffling of lace or eyeleted organdie, give a demure touch to many of the new bridal dresses. The yoke in some cases is done in pale blue or flesh-colored nylon or net rather than the traditional white.

Full Skirts Featured In Bridesmaid's Dress
Simple designing marks the bridesmaid's dress this year. This does not mean, however, that it's in any way an ugly duckling. With full, charming skirts, scooped or wide-open necklines and sash waistlines, these gowns are very romantic looking. One in light blue combines plain and eyeleted organdie and has a small ruffled apron over its skirt.

Perfect for a garden wedding is a hoop-skirted, floor length dress in green and lavender plaided cotton with a matching cartwheel.
Snug bodices, very wide skirts with wide sashes, applique flowers, all are features on the new bridesmaid's dresses.

Brides Should Plan Beauty Routine
Since the girl who is a bride should look her loveliest at the wedding, it's the wise bride who goes on a beauty ritual before the wedding. She may be perfectly lovely, but a few beauty routines followed faithfully for a week or 10 days before the wedding when her days are healthy, wholesome look for her hectic, will give her good grooming as well as confidence.

Properly chosen food, rest and cleanliness will assure her of a wedding day. This will be beneficial for all-over beauty, especially for preventing the skin from breaking out all of a sudden from too much rich food during bridal showers!

No matter how busy her program the bride-to-be should plan to get her full quota of eight hours sleep. If she can't manage this every night, she should take an hour or two for a nap during the day. No bride should appear at her own wedding with dark circles under shining eyes!

A daily tubbing will take care of cleanliness, but special attention should be directed to the face, arms and legs, especially if the skin is dry. Use a cleansing or lubricating cream if the skin is dry, and do this treatment faithfully.

Hair Needs Care Before Wedding
Check over your hair at least two or three weeks before the wedding. You don't want stringy locks or an unlovely hair style to detract from your looks.
Hair should be cut and permanent at least three weeks before the wedding. In this way you will have grown accustomed to the particular length hair which you are wearing and will know how to handle it to have it look most attractive.
The permanent will also have had time to outgrow its newness sufficiently so that it does not look foreign to you. The day before the wedding you can have the hair shampooed and set in the way that will look best with your gown and headdress.
When the hair is done, have the nails manicured also. Naturally, if you have been caring properly for your hands, there will be no difficulty in having them look lovely. If, after the manicure, you expect to need to do any real work, wear gloves to protect the hands and nails.
Your wedding gown, of which you have dreamed since you read your first fairy tale, will look lovely if you have given your figure good care.

Bridal Finery

Here's a stunning capelet-sleeved princess white satin bridal dress from the spring and summer collection of a New York designer. The bodice is yoked with a marquisette and richly embroidered with seed pearls and iridescent paillettes, and buttons in back. Satin gauntlets are embroidered at the top.

Yokes, frequently defined with ruffling of lace or eyeleted organdie, give a demure touch to many of the new bridal dresses. The yoke in some cases is done in pale blue or flesh-colored nylon or net rather than the traditional white.

Properly chosen food, rest and cleanliness will assure her of a wedding day. This will be beneficial for all-over beauty, especially for preventing the skin from breaking out all of a sudden from too much rich food during bridal showers!

No matter how busy her program the bride-to-be should plan to get her full quota of eight hours sleep. If she can't manage this every night, she should take an hour or two for a nap during the day. No bride should appear at her own wedding with dark circles under shining eyes!

A daily tubbing will take care of cleanliness, but special attention should be directed to the face, arms and legs, especially if the skin is dry. Use a cleansing or lubricating cream if the skin is dry, and do this treatment faithfully.

Check over your hair at least two or three weeks before the wedding. You don't want stringy locks or an unlovely hair style to detract from your looks.
Hair should be cut and permanent at least three weeks before the wedding. In this way you will have grown accustomed to the particular length hair which you are wearing and will know how to handle it to have it look most attractive.
The permanent will also have had time to outgrow its newness sufficiently so that it does not look foreign to you. The day before the wedding you can have the hair shampooed and set in the way that will look best with your gown and headdress.
When the hair is done, have the nails manicured also. Naturally, if you have been caring properly for your hands, there will be no difficulty in having them look lovely. If, after the manicure, you expect to need to do any real work, wear gloves to protect the hands and nails.
Your wedding gown, of which you have dreamed since you read your first fairy tale, will look lovely if you have given your figure good care.

When Your Back Hurts
And Your Strength and Energy is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smearing and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

That Nagging Backache
May Warn of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.
You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

WEEKLY NEWS ANALYSIS

New Roosevelt Political Dynasty Seen in FDR, Jr.'s Vote Triumph; Clay Urges Accord With Germany

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

ROOSEVELT:
Old Tradition
The old tradition was running true to form: you can't beat a Roosevelt. Young Franklin D. Roosevelt, Jr., most like his father in looks, charm and smile, won the New York congressional seat left vacant by the death of Sol Bloom. And he won it with the national administration and Tammany allied against him.

FDR worshippers were jubilant. Those who had fought the "champ" throughout his years in the White House professed to see in the election result the creation of a new Rooseveltian political dynasty.

Already the cry of the exultant victors was "on to Albany." New York capital which Franklin D. Roosevelt, four-time President of the United States, used as a springboard to the White House.

Denied the Democratic nomination, young Roosevelt ran on the Liberal and Four Freedoms parties' tickets in a contest which kept Manhattan's west side in an uproar for months. A surprise to many Americans, who did not know such procedure was permissible, Roosevelt does not reside in the district he will represent in congress. It seems that all the while there has been no bar in the law to prevent a candidate from living in one district and representing another.

DESPITE his victory as a standard bearer for two other parties, Roosevelt declared he is still a 100 per cent Democrat.

Campaigning, he visited thousands of voters, turned on the old Roosevelt charm, mingled with the masses in their homes, attended house parties as honor guest, made street corner speeches.

One defeated candidate sounded a familiar note heard so frequently during other Rooseveltian campaigns: "The formula in this election was a glamorous name and a quarter of a million dollars, and neither of these did we have."

BARKLEY:
No Guards
"I'm a big boy now. And besides, who would want to harm a young man like me anyway."

Thus did Kentucky's Alben W. Barkley, Vice-President of the United States, dismiss the idea of personal guards.

BARKLEY, who will be 72 in November, goes where he wants, when he wants and flatly refuses protection of any sort.

He told newsmen that President Truman had "tried to get me to accept a few secret service men," but was turned down.

Secretary of the Treasury Snyder and top G-man J. Edgar Hoover also offered to provide bodyguards. But Barkley wanted his freedom. "I like it better that way," he said.

Barkley claims he's just a "common man, nothing fancy." In fact, he gets a kick out of people trying to figure out how to address him. "I STILL call myself senator," he says, "a habit after 22 years in congress, but the kids call me 'veep.' I like that."

He could also be called Mr. President, since that's how he's referred to in the senate over which he now presides.

RADIO:
Godfrey Tops
Carrot-thatched, gravel-throated Arthur Godfrey, radio's chief exponent of the "be yourself" type of entertainer-announcer, led the CBS network in earnings during 1948. He was paid \$440,514.16 last year by the broadcasting system for which he labors.

Newscasters didn't fare so badly, however. Lowell Thomas was a close second with \$420,300. Oddly enough, the network boss, Frank Stanton garnered only a measly \$109,798.80. All these figures covered income before Uncle Sam took his cut, so there was some difficulty in trying to ascertain just how much "take home" pay these gentlemen received.

For the ABC network, Don McNeill, emcee of the Breakfast Club, was tops with earnings of \$180,229.40.

Paul Whiteman, ABC's musical director and vice-president, received \$145,316.56. Again the network president ranked lower. ABC's president Mark Woods got only \$75,000.

TROOPERS CATCH TARTAR
Wild West Showman Defies Georgia Law

Many a man has had a hankering to do just what Col. Zach Miller did when he ran afoul of state police on a speeding and driving without a license charge. It happened in Georgia where the colonel and his driver, James Colbert, were riding the range at 55 miles per hour. The limit is 75. Colbert, it seems had no license.

Last Man Over

Lt. Joe Russo, U.S. army air force, is shown holding a bouquet of flowers presented to him after he landed his airplane at Templehof airdrome to complete the last airlift flight before the lifting of the Berlin blockade.

GERMANY:

Clay Speaks Up
If Gen. Lucius D. Clay, retiring United States military governor in Germany, had his way, America's ex-foes would be permitted back into the company of democratic nations as soon as possible.

BACK in Washington where he was feted and decorated by President Truman, Clay warned that unless Germany is restored to the community of western nations, an alliance with Russia by our former enemies is inevitable.

Speaking to the house of representatives, the general declared that the German people, in spite of their recent history of aggressive war and "extreme cruelty," now had shown their preference for a government standing for the "dignity of man as an individual."

In the spirit of the residents of Berlin who survived through the airlift, Clay declared, there is a spark for German freedom that "may grow with the years." He told the senate how the people of western Germany had adopted through their parliamentary council a constitution which guarantees free elections and is "devoted to reestablishing in Germany the dignity of man."

WITHOUT referring to the Soviets by name, he charged, nevertheless, that the Russians have two objectives that were irreconcilable with the efforts made by the United States, England and France to create a four-power government in Germany based on international cooperation.

He defined these objectives of what he termed "the fourth power" as intent to exact the maximum in reparations from Germany and to set up a government that could be controlled or exploited by a police state.

COMMUNISTS:
Losing Ground
Whatever was responsible—the American airlift, a conviction that American democracy had more to offer or a general revulsion to all police states — the Communists weren't doing so well in the eastern Berlin elections.

THIS was in contrast with the confident predictions of Communist politicians in the Soviet zone of occupation of an overwhelming majority.

The vote was being taken on a "people's congress" of 2,000 members, all hand-picked by Communist-controlled organizations and put on a single ticket. However, the Communists were picking up only about a third of the votes expected.

Some voters wrote on their ballots "we won't vote for a police state and we reject Communism." Early returns from Berlin showed a majority of "no" votes—the only way the congress could be rejected since only one list of candidates was submitted.

THE "PEOPLES' congress," if it were to be set up, would be the Soviet answer to the western state being set up in the western zone.

Objective observers couldn't fail to see in the initial trend of the voting an indication that in any case where American system and ideologies may be contrasted with that of the Soviets, the latter cannot command support.

ACCIDENTS:

Three Reasons
Plain stupidity, bad manners, and liquor are the top three causes of automobile accidents, according to three-fourths of all fatalities or over 24,000 deaths per year, according to a case analysis by Northwestern National Life Insurance company.

By far the top killers are the "stupid" group of driver offenses—excessive speed, ignoring traffic signs or traffic officers, passing in hills or curves, and other miscellaneous "dimwit" violations: A study finds that one or more of these offenses is involved in 40 per cent of all fatal accidents, and is the principal cause of 32 per cent.

FOOLISH ACTIONS by adult pedestrians—crossing against traffic signals, crossing intersections diagonally, crossing between intersections, coming from behind parked cars, and walking in the roadway in the same direction as traffic cause another 12 per cent of fatalities, based on experience records of 1946, 1947 and 1948, the study finds. Thus 44 per cent of our annual traffic death toll results from failures by drivers or pedestrians to use common sense.

Bad manners, such as road hogging—driving over the center line or actually on the wrong side of the road, and "barging through" when the other fellow has the right-of-way cause another 15 per cent of traffic fatalities, the records reveal.

TRAFFIC DEATHS due to alcohol are estimated by the insurance statisticians at a minimum of 15 per cent—12 per cent due to drinking by drivers and 3 per cent due to drinking by pedestrians. This is the most difficult group of cases to measure accurately, the study points out, because: Many drinking drivers try to conceal such facts in case of an accident, and a unknown number succeed; second, a considerable proportion of other violations such as reckless driving, which are directly blamed for certain accidents, would not be committed if the driver were fully sober and his judgment clear.

Summary: Of our annual traffic toll of 32,000 to 33,000 deaths, 44 per cent result from acts of folly by motorists or pedestrians, 15 per cent result from bad driving manners, and at least 15 per cent from liquor. Total: 74 per cent.

SNEEZER:
150,000 Times
Michael Hippisley had sneezed 150,000 times and was still sneezing. London doctors sought frantically to bring some relief to the 14-year old schoolboy who had sneezed once every three seconds for nine days.

THE only time the boy hadn't sneezed in the nine days was when he was knocked out by drugs or sleeping.

"I've had kerosene up my nose, drops down my ears and hundreds of tablets," Michael told reporters. "Then they cauterized me. I couldn't feel anything any more, but I kept on sneezing."

When news of Michael's plight got about, some 50 callers offered sympathy and advice. One suggested hypnosis. Another suggested sneeze in a paper sack. Unfortunately, all remedies had been tried.

SCIENCE, making great studies with allergy controls and remedies seemed stymied on this case.

The Hippisley family doctor said that's what he thought it was—the constant "aa-chooing" was due to Michael's "abnormal sensitivity to pollen dust."

Cheats Death
Flashing a smile of victory over death, Reid C. Lewis is shown in hospital at Santa Monica, Calif. His heart stopped after a minor operation and remained stopped, as did breathing and pulsebeat, for 12 minutes. His doctor, remembering an old Boy Scout trick which sometimes revives drowned persons by breaking a bone, snapped one of Lewis' ribs and the shock restored him to life.

PARKING:
No, Thanks
In a nation where parking space is at a premium, parkers were shunning a Great Bend, Kas., parking lot in great numbers.

Joseph Nolan, a short-time parking lot operator is authority for the reaction. Nolan opened his lot in the heart of the downtown district. In eight days his gross income was only and exactly \$1.20. He tried every device he knew, even "free parking." Still they stayed away.

AROUND THE HOUSE

For best results, do not put a solid block of frozen vegetables in your pressure cooker: the outer portion may overcook before the inner part even gets warm. Separate peas or beans by knocking against a hard surface several times, cut solid vegetables into cubes with heavy knife or kitchen saw.

Pour that extra breakfast coffee into a thermos bottle while it is still fresh and hot: your mid-morning coffee snack will be more delicious than if left in the pot to grow strong and rancid.

One pound of coffee will make approximately 40 cups of the beverage.
