## Recommendations for Old Settlers Picnic Home Canning for 1949

### Canning Vegetables in the Pressure Saucepan

Processing times are longer than for the pressure canner to compensate for the more rapid "coming up time" and "cooling time."

1. Choose young, tender, fresh vegetables; can them promptly.
2. Prepare only enough at one time to make one processing load.
3. Have jars clean and hot, fill quickly with hot food.

4. Use a rack to keep jars off the bottom of the saucepan.
5. Have one quart of water boiling in the pressure saucepan.
6. Place hot jars of food in saucepan, adjust the saucepan cover.

7. Allow steam to escape briskly from the vent for at least one minute, then close the vent and allow pressure to increase to 10 pounds.
8. Count time exactly from the moment desired pressure is reached.

9. At the end of the processing time remove saucepan from heat and allow it to cool normally until pressure has returned to zero. If the saucepan has a weighted gauge nudge the gauge slightly. If no steam escapes when the gauge is lifted slightly, pressure is down and the saucepan may be safely opened.
10. Remove jars and cool top side up, out of drafts, giving each jar room for air to get to all sides. (Note: Processing Time for Pint Jars in Pressure Saucepan will be in next week's issue of this paper.)

## Mrs. Saunders Honored

Mrs. R. M. Saunders was honored with a pink and blue shower last Friday in the basement of the First Baptist church. Hostesses for the occasion were Mesdames Oion Plunk, M. W. Mosley, Booker Shaw, Keith Bain and Frank Murray.

Mrs. Bain greeted the guests at the door. Mrs. Plunk presided at the register. Mrs. Shaw and Jane Mosley were in charge of the refreshment table from which cake and punch were served. The serving table was laid with a white organdy cloth with hand painted blue morning glories tinted with pink. The table bore crystal candle holders with pink and blue candles. Garden flowers of pink and blue and a pink and blue refreshment plate carried out the color scheme.

As the guests arrived, Joan Ray Moreman and Anita Bair played a variety of songs. Anita Bain read a poem, "Wee Moderns", and Carolyn Morris, Anita Bain and Carolyn Reeves sang "Tara-Talara-Talara" and "Brahms Lullaby," accompanied by Joan Ray Moreman. The program was arranged by Carolyn Reeves.

The gifts were presented in an interesting manner when an emergency call was sent for an ambulance and the ambulance broke down, needing the services of a mechanic, but managed to arrive in time with a cargo of gifts. Jane and Rusty Mosley, dressed as nurse and interne, were in charge of the ambulance.

Those attending were Mesdames C. H. Messer and Neil Landrum of Littlefield, Mesdames J. R. Saunders and Edward Hall of Memphis, Mrs. L. A. Davis of Wellington, Mrs. Rosco Land of Clarendon, Mrs. Bill Johnson of Amarillo, Mesdames Zeno Lemons Elvia Davenport, J. B. Master-son, W. B. Wiggins, H. C. Crawford, Bob Bailey, Lee Moore, Ross Springer, Winfield Mosley, Vergil McPherson and J. W. Noel Misses Jane Mosley, Mae Ann Davis, Carolyn Reeves, Anita Bain, Carolyn Morris and Joan Ray Moreman.

Hunsucker, James Willett, Bill Lester, Warren Baker, Ed Boliver, Bill Jones, C. W. Lisenbee, A. T. Simmons, W. M. Biffie, R. E. Beach, Mike Harris, Charley Johnson, S. C. Richerson, Ralph Alewine, L. ## City To Be Sprayed

The city will be sprayed Friday to destroy insects, the weather permitting, and everyone is urged to be ready to use their own spray guns at home to insure a 100% kill of all disease carrying insects. Contrary to rumor, this spray which will be used will not kill any kind of flower or vegetable, and is effective solely against insects.

Be ready to do your part to make our community more healthful, by killing all insects which attempt to enter your houses and barns to escape the spray from the plane.

## School Voting

Due to the consolidation of schools to the Hedley Independent School District, a voting will be held at the City Hall, August 6, 1949 for the purpose of assuming all indebtedness of such schools. This consolidation has increased the school area from 40 to 159 1/2 square miles.

## Funeral Home Manager

Hedley has gained two citizens in a deal whereby J. L. Marcum has bought Lloyd Vanseventer's interest in the local funeral home, and has placed Mr. and Mrs. Ted Burleson here to manage the Hedley establishment. Mr. Burleson has been employed for four years with the Minton Funeral Home of Berger, and is well experienced in funeral direction. Mrs. Burleson will assist her husband in operating the home and will be available as lady attendant at all times. See their ad in this issue for further details. They invite you to call on them and get acquainted.

## Arrive In Germany

Word was received yesterday from Mrs. Rex Kendal, written July 13 from Bad Kissengen, Germany, where they are awaiting their assignment which will be at the 97th General Hospital at Frankfurt. They left New York the 1st of July and arrived at Bremerhaven the 11th, and had a lovely trip over on the Heintzelmon. They will have a permanent address as soon as quarters are assigned.

## American Legion

Get your early bird 1950 Legion membership card. Legion Posts get special distinction for the new members turned in at the State Convention. All Legionnaires who are able to do so now are urged to pay their 1950 dues so that Commander Deahl will have a good bunch to turn in at the State Convention which meets at Fort Worth, Aug. 5, 9 and 7th.

Last year the Hedley Post picked up several citations for membership and this year they hope to do even better. There are many benefits that the average ex-service man is entitled to and of which he is unaware. The Legion is trying to bring them to you. Pay your dues and attend meetings and become familiar with the benefits to which you are entitled by becoming a member.

## Boy Scout News

The Boy Scout Troop held a two day camp at L. D. Messer's place northeast of Hedley. Charlie Johnson was Camp Boss assisted by Boaz Stotts, the Scoutmaster and assistant. Billy Baker led the Wolf Patrol and Red Leeper the Panthers with Jimmie Doyle Painter acting as Senior Patrol Leader.

The boys wish to thank Mr. Messer for the use of his place, the ball team for the use of their bus and the others who helped make their camp a success.

The camp was carried out according to Boy Scout rules and regulations, the boys passed quite a few first class tests, had a good time and the only casualties were wasp stings and sun burn.

There will not be a scout meeting next Monday night on account of the revival services going on at the Methodist Church.

## Attends Short Course

Jerald Sims has returned from College Station where he attended the A. & M. College Fireman's Training Short Course. Jerald was sent down by the City for this course.

The cause and prevention of fires as well as the methods of fighting them is something we should be interested in as well as the City Council. The fire insurance rate was increased 10% in 1948 and another 5% in 1949 on account of local fires. The fire boys have been doing a mighty good job, please help them and yourselves by keeping your premises clean and free of trash and rubbish.

We understand that Charlie Bennett climbed in a careless weed on the Walter McCracken place, and fell out, but managed to avoid breaking his arm.

Jiggs Mosley and family of Berger spent Sunday night here. Barbara Mosley stayed to visit longer with her grandparents, Mr. and Mrs. M. W. Mosley.

**WEEKLY NEWS ANALYSIS**  
**New Taft-Hartley Battle Looms; Solons Ridicule Recession Idea; Dictator Feared in Defense Plan**

**EDITOR'S NOTE:** When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

**TAFT-HARTLEY:**

**Another Try**  
 The administration hadn't given up, despite a humiliating setback in the senate by Taft-Hartley law supporters. It was reported that President Truman's congressional aides were planning another try at repealing the measure, but had reached no decision.

**THIS CAME** to light after House Speaker Sam Rayburn concluded a conference with the President. The decision on a new repealer effort was to await further conferences with labor committee members in both houses.

While the persistence of the administration might be commendable, the wisdom in any further effort toward a Taft-Hartley repealer was doubtful. A majority of top leaders had conceded there was little hope of getting the bill changed at this session of congress, and all, including administration leaders, were willing to make the question an issue in the 1950 congressional elections.

**THE RESULT** of the vote on changing the Taft-Hartley labor law was confusing to the average observer of the political scene. If labor had played as important a part as it was conceded in the election of President Truman—and with congressional elections up next year—how could so many senators have found the courage to fly into the face of what might seem certain defeat?

On the other hand, if labor's role in politics is as negligible as others claim, why was the administration pressing so hard for the Taft-Hartley repealer. One thing appeared certain: There were many congressmen sufficiently unimpressed with labor's political importance that they didn't mind going contrary to labor's wishes on the Taft-Hartley issue.

**RECESSION:**

**Ho, Ho, Ho!**  
 With unemployment figures standing at the highest peak in 11 years, and many nationwide organizations and national leaders casting about for a bulwark against economic hazards, congressional leaders were laughing at the idea the nation might be edging into a depression.

They had just conferred with President Truman and upon emerging from the conference ridiculed the notion that all might not be as rosy as possible with the nation's economic picture.

If the lawmakers were out on a limb, they were way out, for House Speaker Rayburn and the senate Democratic leader, Scott Lucas, minced no words in expressing their optimism.

"WIT," 58 million people employed in industry and 30 million farmers with money to pay for whatever they need, I'll be—I see how you can call it a recession," Rayburn declared.

Said Lucas: "If it is, it's the most prosperous one we've ever experienced."

MEANWHILE, it was said President Truman was preparing a special economic message for delivery to congress. It was expected to carry recommendations for dealing with declining prices and the unemployment situation.

Out of all this came repetition of the additional-taxes proposal. Asked about that, Rayburn said it had yet to be determined. He did not make it clear whether he meant his plea for four billion dollars in additional taxes a year, or whether the matter is still up in the air in congress.

**NEW HOMES:**

**More Cash**  
 Buyers planning to finance homes through FHA-insured mortgages may have to make larger down payments from now on.

The federal housing administration had cautioned its underwriters to consider declining construction costs when appraising houses for insured loans.

The result, the agency said, would be lower mortgages on many new homes. If the builder fails to cut his selling price in line with lower costs, the down payment will be higher.

The decline in building costs and materials have been noted since late last year, the underwriters were told. Most materials are plentiful, it was said, and production rates of workers in many sections have improved.

**MUNICIPAL INCOME**

**Property Tax Declines as Revenue Source**  
 American cities were facing an unpleasant fact—general property taxation as a source of revenue was proving inadequate to meet municipal needs.  
 The International City Managers' association reported the finding after a survey of municipal-revenue sources. Data was gathered from census returns of 250 cities.

**DEFENSE:**

**Dictator Feared**  
 In nearly all discussions concerning unification of the nation's armed services, one thing stood out—many congressmen feared the possibility of a "military dictator" if framers of a unification bill weren't careful.

THIS feeling was put into words by Georgia's Representative Vinson who proposed several amendments to the pending bill, declaring that he wanted to make sure no military dictator ever arises in the United States. Vinson, a Democrat, is chairman of the house armed services committee.

The amendments he proposed would take the armed forces out from beyond the recently enacted government reorganization law, and put them beyond a shuffling by President Truman; put a civilian chairman over the joint chiefs of staff, a body which includes the highest officers of the army, navy and air force, and fix the membership of the national security council by law, requiring that other members be subject to approval by the senate.

THESE AMENDMENTS were proposed to a unification bill which already has passed the senate. The measure is one which would increase the direct authority of the secretary of defense over the armed forces.

Louis Johnson, who holds that post, has told the house committee he needs that authority to make the 1947 unification act work. He pledged to save over a billion dollars a year in operation of the military services if the bill were passed, and a civilian manager put in charge.

**INTELLECT:**

**Women's Best?**  
 If two Indiana university professors are to be believed, then the male of the species must face an unpleasant fact—namely, that girls (or women) can reason better than boys (or men).

THE professorial gentlemen claimed, and cited figures for proof, that the female is the superior of the male in the reasoning department, and this despite ten million jokes, books, philosophical discourses and general experience to the contrary.

The professors say unequivocally that given a set of circumstances, the lassies can come up with more logical answers than boys can do. These gentlemen are Dr. William H. Fox and Prof. Nicholas A. Pattu of the research division of Indiana university's school of education.

They made the tests in two high schools, one in a city of 11,000 in north central Indiana, and the other in a consolidated rural school near Indianapolis.

TO USE the professors' own words in the report: "Scores on the interpretation of date test, seeking to establish their relationship to measures of achievement, personality and interest, found no differentiation... but there was a clear cut advantage for girls in both schools in ability to reason, to see relationships, to make comparisons and to suspend judgment until pertinent facts are collected."

To which many a male will counter: Too bad they seem to lose those faculties when they grow up.

**CORN:**

**Reaching Up**  
 "... And the corn is as high as an elephant's eye..."

Those lines from a hit tune from the musical "Oklahoma!" give an indication of the jubilation in the corn country when the stalks are high, and more than a hint of the crop's importance.

THE federal government also is acutely conscious of the importance of the corn crop to the nation's economy—so when it was reported that this year's corn crop was reaching for the skies, there was general rejoicing.

It is traditional with the men who grow corn that if the stalks are "knee high by the Fourth of July" an excellent crop is in prospect. But this year, if that adage were true, the abundance of the crop would be amazing. For by July Fourth, the corn stood not just "knee high," but almost shoulder high. From all sections of the major corn belt—extending from Ohio westward to Nebraska—the word was the same: the corn crop was off to an excellent start.

GRAIN experts considered it possible that last year's fabulous crop of three billion, 650 million bushel might be topped by the 1949 crop. Last year's crop had much to do with cracking the postwar agricultural price inflation and is believed by many to have played a key part in keeping Thomas B. Dewey out of the White House.

While prospects were considered splendid, the cautious were knocking on wood for two reasons. These were that Iowa and Illinois both have extensive corn-borer infestation, and subsoil moisture was deficient in some areas, making the crop more dependent than usual on good rains in July and August.

**TOKYO ROSE:**

**Sitting Pretty**  
 Whatever had been her effect in bringing death to American GI's in the South Pacific, there was to be no death penalty for Mrs. Iva D'Aquino—known to the world as Tokyo Rose.

SHE was on trial in San Francisco on a charge of treason because the government of the United States contends she broadcasted for the Japanese in the "hope to demoralize and discourage allied military men and to impair the ability of the United States to wage war against its enemies."

In a manner of speaking, Tokyo Rose was sitting pretty. The government prosecutors said they would not ask for the death penalty, so all the woman faced was imprisonment and fine or possibly both.

A newspaper story of her arraignment said she wore a "tailored gray mixed-wool suit with gilded buttons. Her freshly-shampooed hair was topped with a gold beret. She sat demurely at her attorney's elbow as if she were his secretary."

ALL throughout the war there were mixed claims about her influence on GI morale. Many servicemen declared they "got a kick out of" her broadcasts—chiefly for laughs, while others blamed her for widespread demoralization among the Allied personnel.

In view of the Judy Coplon conviction on a charge of treason in connection with the Russian government, things might go hard with Tokyo Rose in the length-of-term department; but with the specter of death removed as punishment for a crime for which death might well have been expected, the blow couldn't be too severe.

May Warn of Disordered Kidney Action

Modern life with its hurry and heavy, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the circulating blood.

## JUST AS HE

When he was informed of the untimely death of one of the boys he had baptized the aged minister shook his head sadly.

"Yes, how well I remember him," he said, "and I always connect his ambition with his pal's shiftlessness. He died young but I imagine he made quite a bit of money."

"Yes, he did," agreed his informant, "and he left a very beautiful widow."

"Well, that just goes to show the moral in hard work. The other fellow probably hasn't even got a wife."

"Oh, yes he has," the other corrected him, "he married the hard worker's widow."

"Why, when I was your age," Uncle Pete sounded off, "I got me a job in a grocery store, worked at four dollars a week for six years until I had enough money to buy the store. That goes to show you what hard work and ambition will do for a man. Why can't you go out and duplicate that?"

"Well," said Julius, shaking his head as if frustrated, "these modern cash registers are pretty hard to beat."

The sky was made bright by the glare of the blast furnaces as they roared to make steel for America's war effort. One of the workmen, begrimed and tired, was preparing to wash up. As he walked toward the showers an old friend, who was being shown around the plant, stopped him. After the usual warm greetings the workman asked the visitor how he was making out.

"Fine, just fine," replied the visitor, "I've been promoted vice in the last eight months. How are you making out?"

"Oh, I'm forging ahead, too," quipped the workman.

### Flatter Summer Meals With Properly Cooked, Attractive Vegetables

WHEN the thermometer speeds into the nineties, every homemaker worries about meals and family appetites. Even though appetites appear robust on picnics, they are apt to seem on the slim side for a meal in the family dining room.

Is there a certain remedy for the waning appetite amidst the wifing heat of hot summer days? Yes, certainly, there are several sure-fire ways of coaxing the family into eating what they should. One of the best ways is to serve attractive vegetables which are so plentiful for they add zip, in the form of vitamins and minerals, into a scanty diet.

Vegetables add color, and consequent interest, too, to the family dinner table with their glorious greens, reds and orange yellows. Who could ask for a better artist's palette with which to decorate the mealtime scene?

Serve vegetables fresh, whenever possible since this saves food value. When they are cooked, however, use only a small amount of water, season carefully, but not heavily, and cook until tender. Vegetables are best if they have some of their natural crisp texture, even though cooked.

Seasonings should be mild so that you don't mask the delicious natural flavors and thus jade the appetite further. You may add some of the nice sauces for variety, however, and thus create interest that might not otherwise be present.

YOU CAN'T BEAT a salad bowl of summer vegetables, especially when there's a tasty dressing to go along with it. Here's a suggestion with a delightful dressing seasoned with blue cheese and anchovies:

- \*Summer Salad Bowl (Serves 6-8)**
- 2 cups fresh spinach leaves
  - 1 small head lettuce
  - 2 cups shredded green cabbage
  - 1 bunch watercress
  - Fresh dill
  - Tarragon
  - 1 cup diced celery and tops
  - 1/2 cup green pepper rings
  - 1 cup crumbled blue cheese
  - 1/2 cup French dressing
  - 1 2-ounce can anchovy fillets

Rub salad bowl with cut clove of garlic. Break spinach and lettuce into bite-sized pieces in the salad bowl. Add cabbage and watercress; sprinkle with the herbs, fresh dill and tarragon. Add celery and green pepper. Sprinkle with cheese. Chill. Just before serving add French dressing and anchovy fillets. Toss lightly.

- Chinese Salad (Serves 4-6)**
- 2 cups canned bean sprouts, drained
  - 1/2 cup diced celery
  - 1 medium cucumber, sliced thin
  - 1 green pepper, minced
  - 2 tomatoes, cut in small cubes
  - French dressing
  - Minced chives
- Combine all vegetables and toss

Treat fresh vegetables kindly and you'll be well rewarded for their acceptance at meals. New potatoes, quick cooked in their skins, are tender and delicious when teamed with cheese-crusted tomatoes and plump, green asparagus spears with a nippy sauce.

LYNN SAYS: Keep Meals Cool When Thermometer Soars Refreshing fruit platters come in for a big bid during summer. Place cherries and grapes in the center of your largest, coolest platter. Surround with a mound of each of the following: peach halves with a cluster of blueberries in the center; cantaloupe edges, pineapple chunks mixed with halved strawberries, honeydew melon wedges and watermelon triangles.

Vegetables, cooked or fresh, chilled and seasoned, arranged attractively on a salad platter, add appetite appeal to the meal. Arrange mounds of the small vegetables like corn kernels, green lima beans or peas with strips of carrots, asparagus or celery on lettuce and pass with a tangy dressing.

with French dressing, to which may have been added one teaspoon of soy sauce, if desired. Refrigerate the salad ingredients for one hour. Drain off extra dressing and serve with mayonnaise. Sprinkle top with minced chives before serving.

### HERE'S an excellent way to prepare and serve asparagus:

- Asparagus with Sour Cream Sauce (Serves 6)**
- 2 pounds asparagus spears
  - 1/2 cup thick sour cream
  - 1/4 cup drained horseradish
  - 1/4 teaspoon salt
  - 1/2 teaspoon paprika

Cook asparagus in a small amount of boiling, salted water until tender, about 25 minutes; drain. Meanwhile, make sauce by beating the sour cream slightly, add remaining ingredients and blend thoroughly. Serve with cooked asparagus spears.

- Broiled Tomatoes (Serves 6)**
- 3 medium tomatoes, cut in halves
  - 1 teaspoon salt
  - 1/2 teaspoon pepper
  - 1/2 cup buttered bread crumbs
  - 1/2 cup grated American cheese

Season each tomato half with salt and pepper. Blend crumbs and cheese and sprinkle on each tomato half. Arrange in a baking pan and bake in a moderate (375°) oven for 15 minutes, or broil 8-10 minutes under low heat.

A GOOD main dish to serve at home or to tote to a picnic uses corn and tomatoes, as seasoned beautifully with bacon, green pepper and a cheese topping.

- Corn-Tomato Casserole (Serves 6)**
- 4 strips bacon, diced
  - 1/4 cup chopped onion
  - 1/4 cup minced green pepper
  - 2 1/2 cups chopped tomatoes
  - 2 tablespoons brown sugar
  - 1 teaspoon salt
  - 1/2 teaspoon pepper
  - 2 1/2 cups corn, cut from cobs or canned corn
  - 1/2 cup dry bread crumbs
  - 1/2 cup grated cheese

Fry bacon in a skillet until crisp. Place in a 1 1/2 quart casserole. Add onion and green pepper to bacon fat and cook until tender. Add tomatoes, sugar and seasonings. Simmer for 15 minutes. Set in corn. Cook for eight minutes. If using uncooked corn, place all mixture from skillet into the casserole. Top with bread crumbs, then with cheese, and bake, uncovered, in a moderate (350°) oven for 30 minutes.

Don't discard cold, fried trout. Serve it on a bed of watercress or lettuce and pass with sour cream in which are floating thin slices of cucumber. Serve with a lemon wedge.

Lamb chops take well to barbecue sauce and broil quickly to keep your kitchen cool. Serve with a fruit garnish of pineapple, banana half and grapefruit segments. Chilled sorbet is ideal for parting with proper spirit.

## HOUSEHOLD HINTS

Somebody spilled the beans! When food boils over in the oven, sprinkle salt over the spilled food. This will put an end to unpleasant odor and smoke. Then clean the oven when baking is over.

The tray's the thing. If there's an invalid in the house, remember that the hours of the day mean little except when the next tray is brought in.

Fish today, but not tomorrow. To remove the odor of fish from a dish cloth, boil the cloth for five minutes in a solution of one tablespoon of baking soda to one quart of water. Rinse in warm water, then cold.

Glory to Betsy! Have you looked at the market basket lately? Better treat it to a good scrubbing with hot soap suds.

Chicken for four becomes chicken for eight. Dumplings are an inexpensive stretcher for stewed chicken. Sprinkle well with chopped fresh parsley.

When baking deviled eggs to a picnic, wrap each in waxed paper, put them in an egg carton and they won't get mashed.
