Farm Bureau News

Here is the schedule of our Membership Drive Campaign of the Donley Co. Farm Bureau, beginning Tuesday, Oct. 10, for the east part of the county: Giles, Rollie Kelley, chairman, membership 2, quota 12; Hedley, Oscar Moore chairman, membership 36, quota 60; Lena Lake, Luther Butler chairman, membership 56, quota 70; McKnight, Bill Clay chairman, membership 2, quota 15.

We plan to reach a membership of 500 or better this year. We now have about 300. The organization is growing and will continue to do so, as the farmers realize the benefits it has and will continue to accomplish.

Your membership fee is not a donation, it is an investment from which you are now receiving dividends, and they will continue to increase as the Farm Bureau gains strength in membership.

Some chairmen have not been contacted. If we should fail to see you before, please be present at our Community Chairmen meeting at the Lena Lake School House Monday night Oct. 9, at 7:00 p. m.

H. B. Nunn To Explain Child Labor Law

Many farmers in this area have been wondering about the new Federal child labor law as applied to agriculture.

Harry B. Nunn of the Wage and Hour Division of the U. S. Dept. of Agriculture will make a talk explaining this law on Tuesday, Oct. 10, at 7:30 p. m. at the courthouse in Clarendon.

All interested farmers are urged to hear him.

School Notice

Representatives of the Texas Employment Commission have contacted the staff members of the Texas Board of Education in relation to a problem that could be of serious proportion in the operation of each school for the 1950-1951 school year. The National Congress amended the Federal Fair Labor Standards Act in 1949 to provide that no school child under the age of sixteen (16) could be employed in agriculture during the hours that the school operates in the district where the parents of the child are working. A severe penalty is assessed against the farmer if he employs such a child during school hours. As a result of this action and with its enforcement, there will be in each school district many migratory children who will not be employed and must be enrolled in school.

This is a Federal Law passed by the Federal Government for the purpose of educating the public to the extent of not employing school children during school hours and depriving them of an education. This law pertains to all of the forty-eight states in the United States.

Jiggs Mosley and family of Big Spring and Mr. and Mrs. Bobby Jiggs Mosley of Berger spent last week end in the Milt Mosley home.

Mr. and Mrs. W. F. Snody of Benjamin were visitors in the Dr. J. C. Coffey home last week end.

Miss Norma Jean Brookreson spent last week end in Denton.

Oscar Patterson brought home Mrs. Patterson and their new daughter, Gail Teresa, from Denton this week.

Fire Insurance Rate Is Reduced Here

Effective October 1st there was a reduction in fire insurance rates on most risks. Most of the property in Hedley is subject to this rate reduction and it will save the Hedley people several dollars in insurance premiums.

The fire insurance rates are based on the number of fires. Each year in October a fire prevention week is designated. We can keep our fire rate down considerably by clearing our premises, keeping them free of trash and rubbish which causes a great percent of the fires.

Baptist S. S. Class

We are inviting girls from 11 to 12 years of age to attend our Sunday School class. Come if you don't belong to another church.

MANY NEVER SUSPECT CAUSE OF BACKACHES

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
