School News

Austin, Texas, Jan. 3—One half cent of each state tax dollar went to support Texas' public schools last year than in 1939-40 despite the tremendous strides made in the school system since the Gimer-Aikin laws went into effect.

"Not only has Texas climbed from very low on the national ladder to near the top in public school education in the first year under the Gimer-Aikin program, but the state accomplished what amounted to a near-revolution in education without taking a bigger bite out of each tax dollar," Dr. Mortimer Brown, president of the Texas State Teachers Association, pointed out here today.

"In 1939-40 the public school support totaled 30.31 cents of each state dollar expended. During the last school year the schools' share of that dollar was 29.67, or exactly 54 of a cent less. At the same time, enrollment greatly increased, the number of teachers employed went up and the average daily attendance skyrocketed. The average daily attendance jumped in one year 35,708 under the new school program. Every child in Texas is guaranteed the opportunity of having 175 days of actual instruction per year.

Charles H. Tennyson, executive secretary of the Teachers Association, commented that until the Gimer-Aikin program gave Texas a position near the top in the national education field, a proportionate share of the state dollar was not going to the schools.

"We are delighted to find that the vastly-improved school system is taking less of the state dollar," he said.

Cake Walk

The Band Boosters are having a cake walk on Main St. at 4 p. m. Saturday. Some of the best home made cakes made in Hedley will be there for the walking.

The band needs some funds badly to help make it one of the best bands in Donley County. So come and have fun and take home a delicious cake.

In case of bad weather, the cake walk will be held in the Lions Den.

Stone-Johnson

Miss La Rita Johnson, daughter of Mrs. Ansil Adamson and R. L. Stone, son of Mr. and Mrs. Bert Stone were united in marriage in the First Baptist Church in Raton, N. Mex. on Saturday, January 6. The single ring ceremony was read by Rev. Carpenter.

The bride is a graduate of Hedley high school and was attending Central Business College in Denver, Colo.

The groom is also a graduate of Hedley high school and is employed with Bell-Braden Construction Co. in Amarillo.

The bride wore a powder blue suit with petal pink accessories.

Immediately after the ceremony the couple, attended by the groom's mother and an uncle J. T. Stone of Memphis left for Denver for a short trip.

The couple will make their home at 504 Georgia, Amarillo.

Band Boosters

The Band Boosters met Thursday night, January 4, at 7:00 o'clock p. m. There were about forty-five people present. The program consisted of instrumental solos by Tom Adamson, Don Cox, and Letha Moss.

The boosters are planning a 42 and canasta party with a picture show for the children. This event will take place during the latter part of January or the first part of February.

The band lost two members last week when Don and Allen Cope moved to Amarillo. We are going to miss the boys very much. Both of them were hard workers in the band.

James Baggett is now playing the bass drum and Blackie Johnson replaced Don Cope on the bass horn.

There are a lot of children wanting to play school instruments who can't afford to buy instruments of their own. This will be possible for some of them next fall. We will have a junior band and a senior band, and all the instruments that belong to the school will be used in both bands. The purpose of the Junior band will be to prepare the pupils for the senior band.

The Band Boosters have raised \$305.82 since they first started their membership drive. This money was used to buy a French Horn and a flute. Charlene Johnson is playing the French horn and Veta Usrey is playing the flute.

There are two French horns in the band now. The band needs two more French horns, an oboe, an alto clarinet, a baritone, an E flat baritone saxophone and lots more clarinets and cornets.

Saturday afternoon of this week at about four o'clock the band boosters are planning a big event in downtown Hedley. If you are curious as to what this might be, just stick around and you shall see.

"Through blizzard after blizzard my car performed better!"

"I was one of those selected to test new Conoco Super Motor Oil in my own car before it was put on the market. Through blizzard after blizzard, I travelled in Northern Colorado and Wyoming. BUT THOSE WERE THE TWO BEST WINTERS I EVER HAD ON THE ROAD! New Conoco Super improved the operation of my car. And at the end of the test, with proper drains and regular car gasoline mileage was virtually as good as at the beginning."

After a total of 386,422 miles, logged by Mr. Hubbard and other winter test drivers, Conoco engineers found no wear of any consequence! Analysis of crankcase drains showed that this great new oil actually stopped the dangerous accumulation of free water and acids, chief causes of winter wear. This test proved that new Conoco Super Motor Oil, with Oil PLATING, fights off rust, corrosion and sludge. So, change to winter-grade Conoco Super Motor Oil.

It would seem a little bit ridiculous to have the air in your automobile tires checked several times a day. In the natural gas business, though, pressures are reported hourly on thousands of miles of pipe lines. Our employees work around the clock to maintain the pressures required to assure dependable supplies of natural gas to some 400 communities and over 2,000 industries in the Gulf South. Many of those industries are producing the material which will help to safeguard our own and other free nations. We believe it is our No. 1 job to keep them supplied with fuel, to the end that a lasting peace may be won for the world.
