## Basketball News

The Hedley Owls and Owlets invaded the Carey Gym last Tuesday night.

The Owlets started the victory path by downing their opponents 32 to 27. High point honors went to Jane White. The speedy Owllet poured in 16 points. Coach Martin says, "Jane is one of the most promising forwards on the Hedley squad. I believe in saying where praise is due and Jane White is the spark for the squad."

The Owlets are better balanced now than they were with their opponents a week ago.

The boys took to the hardwood and opened the 1st quarter with a basket smoking episode. Allan Cope captured the highlight by pouring 23 points into the bucket during the first 7 minutes. After less than 7 minutes in the 1st quarter the Owls had scored 37 points. Coach Martin pulled his first team and their substitutes put the game on ice by defeating Carey 56 to 22.

Hedley has one of the most promising basketball squads this city has seen in quite a number of years.

## Wells-Sargent

Miss Charlene Sargent and Don Keith Wells were united in marriage last Saturday at 3 PM in the Methodist Church. Rev. R. N. Huckabee, the pastor, performed the ceremony in the presence of a number of relatives and friends.

The bride was attractive in a blue velvet dress with white accessories and a corsage of white baby mums. She carried a white Bible. She was attended by her sister, Mrs. Harold White, as matron of honor. The groom was attended by his brother, Sam Wells, as best man.

Mrs. Wells is the daughter of Mr. and Mrs. O. C. Sargent and is a Senior in Hedley high school.

The groom is the son of Mr. and Mrs. Hill Wells of Clarendon and is also a Senior in Hedley high school. He has also attended Quail and Clarendon schools.

After a short wedding trip, the couple are at home in Hedley.

Marjorie Harlan and Myrtle Reeves visited in Carlsbad last week and went through the cavern. They also visited El Paso on the trip.

## Annual Senior Play

Curtain time for the senior play, "Quit Your Kidding," a 3 act farce comedy, is 7:30 on Friday evening, November 12, in the school auditorium.

This play is built around a typical American household composed of the mother, a grown up daughter and a pair of teen age twins, a boy and a girl. The family isn't suffering financially, but a little more money would certainly make life more pleasant. Mrs. Buford the mother, invites her late husband's maiden aunt to visit the in hopes that she will generously ease the financial strain.

Aunt Sophronia, a typical hating maiden lady, breezes in and upsets the already chaotic Buford household, by expressing violent dislike for boys and men in general, demanding that everyone be quiet, and as a climax borrowing money and breaking her leg.

Winnie, the Buford son, is determined to make a good impression on the wealthy aunt and so dresses as a girl during her visit in hopes that she will give him as well as his sisters \$5,000.

The ironing out of the difficulties and the righting of the many upsets should give an evening of entertainment to everyone.

Since the play cast was published last week Arleta Talley has replaced Charlene Sargent as Evelyn Buford.

The play is under the direction of Mrs. Evelyn Messer. Admission will be 50 and 25 cents. Curtain time is 7:30.

## Freshman Food Booth

The Freshman Class will sponsor a food booth at the Lions Den Saturday. Chili, sandwiches and cold drinks will be on sale. Plan now to eat with the Freshmen this Saturday.

That's the way with your electric service. As you add new electrical conveniences, you can always count on the additional electric power you want to run them.

You are using many more appliances than you did ten years ago. In the future, you'll add many more.

And you can be sure your electric service company will be prepared with the power to run them.

In homes served by WTU electric rates have stayed low. Actually the average cost of a kilowatt-hour of electric service for home use is 22% LESS than it was 10 years ago.

## Let Us Be Thankful

"Be thankful unto the Lord and bless His name." Psalm 100:4

Let us be thankful for our homes. The home is the greatest institution in the world. From our homes come individuals who will contribute to the betterment of society or to make the world a worse place in which to live. The influence of the home in which a person is brought up is not an easy influence to discard. Thank God for Christian homes, homes where boys and girls are taught to pray and to come in contact with the Ruler of the Universe, homes where Christian principles are instilled into the character of children so that when they become adults, they will be spiritually equipped to face life.

More and more emphasis is being placed upon the home as our nation faces a rise in juvenile delinquency. We hear such slogans as "Families that pray together, stay together." Not only religious leaders over the county, but leading statesmen and educators are coming back to the Bible adage, "Train up a child in the way he should go, and when he is old, he will not depart from it." Proverbs 22:6. Our homes must be more than the place where the car keys are kept. Parents must realize that their children must be taught more than what television offers and more than a comic book standard of thinking. Neither can we leave the task of training altogether in the hands of the public school. The greatest teacher is the parent's influence upon his child. What we are as parents speaks louder than what we say. What we are as parents speaks louder than what we say. What we are as parents speaks louder than what we say. What we are determines the environment of our homes.

O God, help us to make our homes Christian, that our children may have a heritage more valuable than material possessions. When our children grow to maturity, may they be able to thank Thee for the blessing of being brought up in a Christian home.

This was Rev. Noah T. Bryar's blacksmith shop at old Washington-on-the-Brazos. The Texas declaration of independence was drafted and signed here. The convention met here on March 1, 1836. It was an unfinished house without doors or windows, in place of glass, cotton cloth was stretched across the windows which partially excluded the cold wind. The night before had been exceedingly warm but a Texas Norther sprang up and the temperature dropped down to 33 and every one there was exclaiming about the cold.
